**ITEM 7.01 REGULATION FD DISCLOSURE**

On March 5, 2018 Magellan Gold Corporation (the “Company”) issued a Press Release **Company**) announcing that it has rehired employees and is restarting its 100% owned SDA Mill, Nayarit State, Mexico. Initially, operations will reprocess tailings located at the mill site. The tailings are waste products left from previous processing of ore but still contain low values of gold and silver. Recovery of a portion of these remaining precious metals is expected to defray holding costs of the mill while new ore sources are acquired. The mill last operated in November 2017 and processed third-party ore on a toll basis. The Company completed acquisition of the SDA Mill in November 2017. A copy of the Press Release is filed herewith as Exhibit 99.1.
