(1) The Selling Stockholder listed above acquired warrants from certain of the stockholders that participated in the private placement subsequent to the closing of the private placement.

(2) Represents the shares of common stock being registered pursuant to this prospectus that the selling stockholder may acquire upon exercise of warrants issued in connection with the private placement. The warrants have an exercise price of \$2.00 per share. The warrants became exercisable on January 9, 2008, which is the date that was six months after the July 9, 2007 closing date for the private placement. In addition, the warrants contain a provision limiting the exercise thereof such that the number of shares of our common stock that may be acquired on less than 61 days notice upon exercise of the warrants is limited to the extent necessary to ensure that, following such exercise, the number of shares of our common stock then beneficially owned by the warrant holder and any other persons or entities whose beneficial ownership of common stock would be aggregated with such holders for purposes of the Securities and Exchange Act of 1934, as amended, does not exceed 4.99% of the total number of shares of our common stock then outstanding.

Investing in our common stock involves risks that are described in the “Risk Factors” section beginning on page 5 of the prospectus.
