PROXY STATEMENT

March 31, 2003

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of the Company of proxies representing the common stock of the Company (the Common Stock) to be voted at the Annual Meeting of Shareholders of the Company to be held on May 8, 2003, and at any adjournment thereof. This Proxy Statement and accompanying proxy card are being mailed to shareholders on or about March 31, 2003.

A form of proxy is enclosed for your use. The Company will acknowledge revocation of any proxy upon request of the record holder made in person or in writing prior to the exercise of the proxy, or upon receipt of a valid proxy bearing a later date. Delivery of a revocation or valid proxy bearing a later date shall be made to the Corporate Secretary of the Company. If a shareholder executes two or more proxies with respect to the same shares, the proxy bearing the most recent date will be honored if otherwise valid. All shares represented by valid proxies will be voted at the Annual Meeting. Where a shareholder specifies by means of the proxy a choice with respect to any matter to be acted upon, his or her shares will be voted in accordance with each specification so made.

The entire cost of soliciting proxies will be paid by the Company. In following up the original mail solicitation of proxies, the Company will make arrangements with brokerage houses and other custodians, nominees, and fiduciaries to send proxies and proxy materials to the beneficial owners of Common Stock and will reimburse them for their expenses in so doing. Under an agreement with the Company, Morrow & Co. will assist in obtaining proxies from certain larger and other shareholders at an estimated cost of \$5,500 plus certain expenses.

The total number of shares of Common Stock outstanding at the close of business on March 11, 2003 (the Record Date), the Record Date for the determination of shareholders entitled to notice of and to vote at the Annual Meeting, was 33,534,271. Only holders of Common Stock on the Record Date are entitled to notice of and to vote at the Annual Meeting. The Company will appoint either one or three inspectors of election in advance of the meeting to tabulate votes, to ascertain whether a quorum is present, and to determine the voting results on all matters presented to shareholders. A majority of all shares of Common Stock entitled to vote, represented in person or by proxy, constitutes a quorum. Abstentions and broker non-votes are each included in the determination of the number of shares present; however, they are not counted for the purpose of determining the election of each nominee for director and are not counted as an affirmative vote for the ratification of PricewaterhouseCoopers LLP as the Company's independent accountants.

Each share of Common Stock is entitled to one vote. Shareholders have cumulative voting rights with respect to the election of directors, if certain conditions are met. Any shareholder otherwise entitled to vote may cumulate his or her votes for a candidate or candidates placed in nomination at the meeting if, prior to the voting, he or she has given notice at the meeting that he or she intends to cumulate his or her votes. A shareholder electing to cumulate his or her votes may cast as many votes as there are directors to be elected, multiplied by the number of shares of Common Stock standing in his or her name on the books of the Company at the close of business on the Record Date. A shareholder may cast all of his or her votes for one candidate or allocate

Edgar Filing: SOUTHWEST GAS CORP - Form DEF 14A

them among two or more candidates in any manner he or she chooses. If any one shareholder has given such notice, all shareholders may cumulate their votes for candidates in nomination.

Table of Contents

The persons named in the proxies solicited by the Board of Directors, unless otherwise instructed, intend to vote the shares represented by such proxies:

- * FOR ratification of the selection of PricewaterhouseCoopers LLP as the Company's independent accountants; and
- * In the case of the election of directors, equally FOR each of the 11 candidates for director named in this Proxy Statement. HOWEVER, if sufficient numbers of shareholders exercise cumulative voting rights to elect one or more other candidates, the management proxies will (i) determine the number of directors they are entitled to elect, (ii) select such number from among the named candidates, (iii) cumulate their votes, and (iv) cast their votes for each candidate among the number they are entitled to elect.

ELECTION OF DIRECTORS

(Item 1 on the Proxy Card)

Names and Qualifications of Nominees

Each director elected at the Annual Meeting of Shareholders will serve until the next Annual Meeting (normally held on the second Thursday of May) and until his or her successor shall be elected and qualified. The nominees were elected to their present term of office at the last Annual Meeting on May 9, 2002. The 11 nominees for director receiving the highest number of votes will be elected to serve until the next Annual Meeting.

The names of the nominees for election to the Board of Directors, the principal occupation of each nominee and his or her employer for the last five years or longer, and the principal business of the corporation or other organization, if any, in which such occupation or employment is carried on, follow.

GENERAL INFORMATION

Board of Directors

The Board of Directors is responsible for the overall affairs of the Company and for establishing broad corporate policies.

Regular meetings of the Board of Directors are scheduled for the third Tuesdays of January, July, and September; the first Tuesdays of March and December; and the Wednesday before the Annual Meeting in May. An organizational meeting is also held immediately following the Annual Meeting of Shareholders. The Board of Directors held six regular meetings, three special meetings (which were telephonic), and one organizational meeting in 2002. Each incumbent director attended more than 75 percent of the meetings of the Board of Directors and committees on which he or she served during 2002.

Directors Compensation

Outside directors receive an annual retainer of \$30,000, plus \$1,250 for each Board of Directors or committee meeting attended and for any additional day of service committed to the Company. Committee chairpersons receive an additional \$1,000 for each committee meeting attended. The Chairman of the Board of Directors receives an additional \$50,000 annually for serving in that capacity. Directors who are full-time employees of the Company or its subsidiaries receive no additional compensation for serving on the Board of Directors.

Each outside director received on May 9, 2002, options to purchase 3,000 shares of the Company's Common Stock under the provisions of the Option Plans. The purchase price for the options is the market price of the Common Stock on the date granted. The options will become exercisable in increments, over three years, commencing with the first anniversary of the grant. Additional options to purchase 3,000 shares of Common Stock will be granted to each outside director on the date of each Annual Meeting of Shareholders during the 10-year term of the 2002 Option Plan. All options granted to the outside directors will expire 10 years after the date of each grant.

Outside directors may defer their compensation until retirement or termination of their status as directors. Amounts deferred bear interest at 150% of the Moody's Seasoned Corporate Bond Rate. At retirement or termination, such deferrals will be paid out over 5, 10, 15, or 20 years and be credited with interest at 150% of the Moody's Composite Bond Rate index.

The Company also provides a retirement plan for its retired and current outside directors. With a minimum of 10 years of service, an outside director can retire and receive a benefit equal to the annual retainer, at retirement, for serving on the Company's Board. Directors who retire before age 65, after satisfying the minimum service obligation, will receive retirement benefits upon reaching age 65. The retirement plan has been frozen and will no longer be available to new outside directors.

Committees of the Board

In order to assist it in discharging its duties, the Board of Directors has established six permanent committees. The committees consist of Executive, Audit, Compensation, Finance, Nominating and Corporate Governance, and Pension Plan Investment.

The Executive Committee meets, if necessary, to consider corporate policy matters requiring timely action and recommend other matters for consideration and action by the Board of Directors. The committee consists of directors Hartley (Chairman), Cortez, Jager, Judd, Kropid, and Maffie.

EXECUTIVE COMPENSATION AND BENEFITS

Executive Compensation Report

The Compensation Committee of the Board of Directors (the *Committee*) administers the Company's executive compensation program. Under the supervision of the Committee, the Company has developed and implemented an executive compensation program designed to satisfy the following objectives:

- * reasonableness;
- * competitiveness;
- * internal equity; and
- * performance.

These objectives are addressed through industry-based compensation comparisons and incentive plans that focus on specific annual and long-term Company financial and productivity performance goals.

Base Compensation. The nature of the Company's operation has historically led to the use of compensation systems widely used in industry, weighted for utility companies, and accepted by various utility regulatory agencies. Companies of comparable size, used to establish the peer group index for the Performance Graph, were factored into the compensation review. Other utility and general industry surveys were also used to assess the Company's compensation program. Continued use of such systems is designed to address the first three compensation objectives. A range of salaries that are comparable with industry levels provides an objective standard to judge the reasonableness of the Company's salaries, maintains the Company's ability to compete for and retain qualified executive officers, and provides a means for ensuring that responsibilities are properly rewarded. Salaries for the Company's executives are set relative to the midpoint levels for their positions based on this industry comparison. Compensation above these levels is tied to achieving specific financial and productivity performance goals.

Performance-Based Compensation. The fourth objective of the Company's compensation program, performance, is addressed through the Company's Management Incentive Plan (the *MIP*) and Option Plans, collectively referred to as the *Incentive Plans*. The *Incentive Plans* are designed to retain key management employees and to focus on specific annual and long-term Company financial and productivity performance goals. Financial, productivity, and customer satisfaction factors are incorporated in the *MIP*, while the *Option Plans* are designed to enable executives to benefit from increases in the price of the Company's Common Stock thereby aligning their economic interests with those of the Company's shareholders.

Under the *MIP*, an incentive opportunity, expressed as a percentage of salary, is established annually for each executive officer. The maximum award opportunities cannot exceed 140% of the targeted awards for meeting the performance goals. Awards under

Edgar Filing: SOUTHWEST GAS CORP - Form DEF 14A

the MIP are determined based on the Company's annual return-on-equity performance, customer-to-employee ratios, and customer service satisfaction targets. The financial performance factors used to make this determination involve the average of the Company's return-on-equity performance over the last three years (which is weighted and adjusted for inflation) and the Company's current utility return-on-equity performance in comparison to a peer group of natural gas distribution companies. The productivity performance factors used to make this determination involve an absolute target of Company customer-to-employee ratio, actual customer-to-employee ratio in comparison to a peer group of natural gas distribution companies,

Table of Contents

and customer service satisfaction experienced throughout the Company's operating divisions as measured by an independent outside entity. Each of the five factors is equally weighted. If the threshold percentage for any factor is achieved, a percentage of annual performance awards will have been earned. While the financial factors incorporated in the MIP are significant to shareholder interests, customer satisfaction and productivity factors are significant to customer interests. In prior regulatory proceedings, the Company's regulatory commissions have insisted that these customer factors be included in the MIP in order to recover the cost of the program in the Company's natural gas rates. Regardless of whether such awards are earned, no awards will be paid unless the Common Stock dividend paid by the Company equals or exceeds the prior year's dividend.

If annual performance awards are earned and payable, payment of the awards will be subject to a possible downward adjustment depending upon satisfaction of individual performance goals. The Committee will make such a determination for the Company's chief executive officer's individual performance, who, in turn, will make a like determination for the other executive officers. Further, the annual awards will be split, with 40 percent paid in cash and the remaining 60 percent converted into performance shares tied to the value of the Company's Common Stock on the date of the awards. The performance shares will be restricted for three years and the ultimate payout in Company Common Stock will be subject to continued employment.

The Company's performance during 2002 exceeded the threshold for the two financial performance factors and the targets for the three productivity factors were exceeded.

Grants under the Option Plans were provided to the Company's executive officers during 2002. The options granted were not based upon a predetermined formula, but rather on the Committee's judgment as to the individual's anticipated contribution to the future success of the Company. Information on options granted to the named executive officers in 2002 is set forth under the caption, Executive Compensation and Benefits Option/SARs Granted in 2002.

CEO Compensation. Compensation paid to Mr. Maffie, as president and chief executive officer for 2002, consisted of his base salary and performance award under the MIP. Mr. Maffie's base salary normally is set relative to the midpoint level for salaries paid to chief executive officers of comparable companies, taking into consideration the length of service in his current position. Mr. Maffie received an increase in base salary equal to 6.0%, effective July 15, 2002. Mr. Maffie's targeted performance award for 2002 was set equal to \$707,250 or 115% of his salary for 2002, with the award ranging from 14.8% to 140% of his target. Based on the Company's overall 2002 performance in relation to the established goals, Mr. Maffie earned 110% of his targeted award or \$777,975 under the MIP, with 40% being paid in cash and 60% in performance shares.

Deductibility of Compensation. The Company's executive compensation program is being administered to maintain the tax deductibility of all compensation paid to the named executive officers pursuant to Section 162(m) of the Internal Revenue Code (the Code). Section 162(m) of the Code provides that compensation paid to the officers in excess of \$1,000,000 cannot be deducted by the Company for federal income tax purposes unless, in general, such compensation is performance based, is established by an independent committee of directors, is objective, and the plan or agreement providing for such performance-based compensation has been approved in advance by shareholders or is otherwise exempt from such limitation. The Incentive Plans were designed to satisfy these requirements and management believes that the compensation provided under these plans should be deductible. In the future, however, the Company may pay compensation that is nondeductible in limited circumstances if sound management of the Company so requires.

The Committee believes that the compensation program addresses the Company's compensation objectives, enhances the commitment of key management employees, and strengthens long-term shareholder value.

- (2) MIP awards accrued for calendar years 2000, 2001, and 2002 were paid in cash and performance shares in 2001, 2002, and 2003, respectively.
- (3) Dividends equal to the dividends paid on the Company's Common Stock will be accrued or paid on the performance shares awarded under the long-term component of the MIP during the restriction period.
- (4) The total number of performance shares granted in 2000, 2001, and 2002, for calendar years 1999, 2000, and 2001, and their value based on the market price of Company Common Stock at December 31, 2002, for the listed officers are as follows:

	<u>Shares</u>	<u>Value</u>
Mr. Maffie	58,741	\$ 1,377,476
Mr. Biehl	20,452	479,599
Mr. Zub	18,428	432,137
Mr. Kane	17,234	404,137
Mr. Sheets	13,559	317,959

- (5) The amounts shown in this column for each year consist of above-market interest on deferred compensation (in excess of 120% of the Applicable Federal Long-term Rate) and matching contributions under the Company's executive deferral plan. Under the plan, executive officers may defer up to 100% of their annual compensation for payment at retirement or at some other employment terminating event. Interest on such deferrals is set at 150% of the Moody's Seasoned Corporate Bond Rate. As part of the plan, the Company provides matching contributions that parallel the contributions made under the Company's 401(k) plan, which is available to all Company employees, equal to one-half of the deferred amount, up to 6% of their annual salary. The breakdown of this compensation for each named executive officer is as follows:

	<u>Interest</u>	<u>Contributions</u>
Mr. Maffie	\$ 115,210	\$ 17,844
Mr. Biehl	43,661	8,291
Mr. Zub	51,491	7,604
Mr. Kane	8,244	7,214
Mr. Sheets	35,784	6,354

The following table sets forth the number of shares of the Company's Common Stock subject to options granted under the Option Plan to the named executive officers listed in the Summary Compensation Table during 2002, together with related information.

	Number of Securities	Underlying Options/SARs	Percent of Total Options/SARs	Exercise or Base	Expiration

Thomas R. Sheets	12,500	4.27		21.74	7/15/12	171,203	432,083

- (1) Forty percent (40%) of the options become exercisable one year after the grant. Thirty percent (30%) of the options become exercisable two years after the grant, with the remaining becoming exercisable on the third anniversary of the grant.
- (2) The 5% and 10% growth rates for the period ending July 15, 2012, which were determined in accordance with the rules of the SEC, illustrate that the potential future value of the granted options is linked to future increases in growth of the price of the Company's Common Stock. Because the exercise price for the options equals the market price of the Company's Common Stock on the date of the grant, there will be no gain to the named executive officers without an increase in the stock price. The 5% and 10% growth rates are for illustration only and are not intended to be predictive of future growth.

Options/SAR Exercises and Year-end Values

Shown below is information with respect to unexercised options granted under the Option Plans to the named executive officers and held by them at December 31, 2002.

- (1) This column represents the difference between the exercise prices for in-the-money options and the closing price of \$23.45 for the Company's Common Stock on the New York Stock Exchange on December 31, 2002, times the number of in-the-money options.
- (2) Unexercisable options are those options which have been granted but cannot yet be exercised due to Code restrictions on the value of incentive options, restrictions incorporated into the Option Plans, and the specific option agreements.

(1) Years of service beyond 30 years will not increase benefits under the basic retirement plan.

(2) For 2003, the maximum annual compensation that can be considered in determining benefits under the Plan is \$200,000. For future years the maximum annual compensation will be adjusted to reflect changes in the cost of living as established by the Internal Revenue Service.

Compensation covered under the basic retirement plan is based on salary depicted in the Summary Compensation Table. As of December 31, 2002, the credited years of service towards retirement for the named executive officers shown in the Summary Compensation Table are as follows: Mr. Maffie, 24 years; Mr. Biehl, 17 years; Mr. Zub, 24 years; Mr. Kane, 25 years; and Mr. Sheets, 15 years.

Amounts shown in the pension plan table are straight life annuity amounts notwithstanding the availability of joint survivorship benefit provisions. Benefits paid under the basic and supplemental retirement plans are not reduced by any Social Security benefits.

received.

Supplemental Retirement Plan. The named executive officers also participate in the Company's supplemental retirement plan. Other than Mr. Sheets, such officers with 10 or more years of service may retire at age 55 and will receive benefits under the plan. Mr. Sheets will be required to have 20 years of service to receive retirement benefits under the plan. Benefits from the plan, when added to benefits received under the basic retirement plan, will equal 60% of their annual compensation. For Messrs. Biehl, Kane, and Zub, compensation is tied to their highest 12-months of salary as depicted in the Summary Compensation Table. For Mr. Maffie, compensation is tied to his highest 12-months of salary which includes cash bonuses, and the payment of restrictive stock awards depicted in the Summary Compensation Table. For Mr. Sheets, compensation is tied to a 12-month average of the

Table of Contents

highest 36-months of salary as depicted in the Summary Compensation Table. The cost to the Company for benefits under the supplemental retirement plan for any one of the named executive officers cannot be properly allocated or determined because of the overall plan assumptions and options available.

Severance and Change in Control Arrangements

In July 1998, the Company amended the existing employment agreements (**Employment Agreements**) with seven officers (including the named executive officers), and entered into change in control agreements (**Change in Control Agreements**) with its remaining officers. Two officers who originally had change in control agreements entered into employment agreements during 2000. The Employment Agreements generally provide for the payment, upon termination of employment by the Company without cause, as defined therein, of up to one and one-half years of total annual compensation (base salary, a predetermined level of incentive compensation and fringe benefits), and up to three years of total annual compensation for Mr. Maffie. The Employment Agreements for each officer, other than Mr. Maffie, further provide for the payment, upon the termination of employment for good reason, as defined therein, within two years following a change in control of the Company, of an amount equal to either two or two and one-half times their total annual compensation. Under such circumstances, Mr. Maffie would be entitled to a payment equal to three times his total annual compensation. The Change in Control Agreements for the remaining officers parallel the change in control provisions of the Employment Agreements, and provide that these officers would be entitled to an amount equal to two times their annual compensation. A Change in Control Event is generally defined to include an acquisition by one person (or group of persons) of at least 20 percent of the ownership of the Company, the replacement of the majority of the members of the incumbent Board of Directors (excluding replacement directors nominated by the incumbent Board), or mergers and similar transactions which result in a 50 percent change in ownership, subject to certain exceptions.

Restricted stock awards, stock options or stock appreciation rights would vest and become immediately exercisable upon a change in control. Benefits under the Supplemental Retirement Plan may also vest and/or accelerate as a result of a change in control. If any payment under these agreements would constitute a parachute payment subject to any excise tax under the Code, the Company would be responsible for payment of such tax. The terms of these agreements are for 24 months for each of the officers other than Mr. Maffie, whose agreement is for 36 months. Each of the agreements will be automatically extended annually for successive one-year periods, unless canceled by the Company.

PERFORMANCE GRAPH

The performance graph below compares the five-year cumulative total return on the Company's Common Stock, assuming reinvestment of dividends, with the total returns on the Standard & Poor's 500 Stock Composite Index (S&P 500) and the S&P Small Cap Gas Index, consisting of the Company and 10 other natural gas distribution companies. Since the inception of the requirement to include this performance graph in the Proxy Statement through last year, the Company had used the EdwardJones Natural Gas Diversified Index, a peer-group index compiled by EdwardJones, consisting of the Company and 15 other diversified natural gas distribution companies. Since EdwardJones no longer publishes that index, the Company selected the S&P index to use in this comparison. The following graph includes both indices through 2001 for comparative purposes.

AUDIT COMMITTEE INFORMATION

SELECTION OF INDEPENDENT ACCOUNTANTS

(Item 2 on the Proxy Card)

The Board of Directors Recommends a VOTE FOR Ratification.

The Board of Directors has selected PricewaterhouseCoopers LLP as independent accountants for the Company for the year ending December 31, 2003, subject to ratification of the selection by shareholders. PricewaterhouseCoopers was selected to replace Arthur Andersen LLP as the Company's independent accountants for the year ended December 31, 2002, on May 28, 2002. To the knowledge of the Company, at no time has PricewaterhouseCoopers had any direct or indirect financial interest in or any connection with the Company or any of its subsidiaries other than in connection with services rendered to the Company as described below.

The selection of PricewaterhouseCoopers by the Board of Directors was based on the recommendation of the Audit Committee, which is composed wholly of outside directors. The Audit Committee meets periodically with the Company's internal auditors and independent accountants to review the scope and results of the audit function and the policies relating to auditing procedures. In making its annual recommendation, the Audit Committee reviews both the audit scope and estimated fees for the coming year.

During and for the year ended December 31, 2002, PricewaterhouseCoopers provided the following audit, audit-related and other professional services for the Company. The services were as follows:

- * the audit of the annual financial statements included in the Company's Form 10-K and the reviews of unaudited quarterly financial statements included in the Company's Form 10-Qs;
- * the audit of the annual financial statements of the Company's employee benefit plans and other statutory audits;
- * consultation and comfort letters for various Securities and Exchange Commission (the SEC) filings;
- * consultation in connection with various tax and accounting matters; and
- * certain other professional services.

The cost of providing these services during and for the year ended December 31, 2002, by specified categories, were as follows:

Audit Fees: \$316,100 *These fees covered the audit of the Company's annual financial statements and reviews of its quarterly financial statements.*

Audit-related Fees: \$32,500 *These fees covered services traditionally performed by auditors including the audits of employee benefit plans, other statutory audits, SEC registration statement reviews and internal audit support services.*

Financial Information Systems Design and Implementation Fees: None

All Other Fees: \$23,000 *These fees covered income tax and Employee Retirement Income Security Act of 1974 compliance services.*

The Audit Committee approved the audit and other professional services and considered the costs of all such services and what effect, if any, performance of the non-audit related professional services might have on the independence of the accountants.

Table of Contents

Representatives of PricewaterhouseCoopers will be present at the Annual Meeting of Shareholders. They will have the opportunity to make statements, if they are so inclined, and will be available to respond to appropriate questions.

The affirmative vote of a majority of the shares present at the Annual Meeting of Shareholders in person or by proxy is necessary to ratify the selection of PricewaterhouseCoopers as independent accountants for the Company. The Board of Directors recommends a **VOTE FOR** ratification of the selection of PricewaterhouseCoopers as the independent accountants for the year ending December 31, 2003. If the shareholders do not ratify this appointment, other firms of certified public accountants will be considered by the Board of Directors upon recommendation of the Audit Committee.

Arthur Andersen LLP Dismissal

On May 28, 2002, the Company dismissed Arthur Andersen LLP as its independent auditor. The dismissal was tied to Arthur Andersen's ability to continue to provide audit services to the Company. The decision to dismiss Arthur Andersen was recommended by the Audit Committee and approved by the Board of Directors.

Arthur Andersen's report on the financial statements of the Company for each of the years ended December 31, 2000 and December 31, 2001 did not contain any adverse opinion or disclaimer of opinion and was not qualified or modified as to uncertainty, audit scope or accounting principles.

During the years ended December 31, 2000 and December 31, 2001, and the interim period between December 31, 2001 and May 28, 2002, there were no disagreements between the Company and Arthur Andersen on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Arthur Andersen, would have caused it to make reference to the subject matter of the disagreements in connection with its reports. During the years ended December 31, 2000 and December 31, 2001, and the interim period between December 31, 2001 and May 28, 2002, there were no reportable events (as defined in Item 304(a)(1)(v) of Regulation S-K promulgated by the SEC).
