

## Edgar Filing: METRIS COMPANIES INC - Form NT 10-K/A

State below in reasonable detail the reasons why the Form 10-K could not be filed within the prescribed time period.

As previously announced, Metris Companies Inc. (the "Company") is in the process of restating its financial results for 1998 through 2002, and for the first three quarters of 2003. Included in these restatements are changes made as a result of the Company's revised accounting policies and procedures related to valuing its retained interests in loans securitized by the Company, corrections to conform with accounting principles generally accepted in the United States of America ("GAAP") related to securitization transaction costs, credit card solicitation costs, interest rate caps and debt waiver revenue associated with credit card receivables sold to the Metris Master Trust, and the transfer of allowance for loan losses that was incorrectly classified as a valuation reserve in "Retained interests in loans securitized" as of December 31, 2001. Because of the time required to complete such restatements, management was not able to complete the Company's Annual Report on Form 10-K for the year ended December 31, 2003 by the prescribed due date of March 15, 2004. The Registrant will complete and file the Form 10-K as soon as practicable.
