Item 2.02. Results of Operations and Financial Condition

OGE Energy Corp. (the “Company”) is the parent company of Oklahoma Gas and Electric Company (“OG&E”), a regulated electric utility with approximately 779,000 customers in Oklahoma and western Arkansas, and Enogex LLC and its subsidiaries (“Enogex”), a midstream natural gas pipeline business with principal operations in Oklahoma.

On May 6, 2010, the Company issued a press release describing the Company’s consolidated financial results for the quarter ended March 31, 2010, which is furnished as Exhibit 99.01 and incorporated herein by reference. As described in the press release, the Company reported earnings of \$0.25 per diluted share for the quarter ended March 31, 2010 compared to \$0.18 per diluted share for the quarter ended March 31, 2009. Earnings were higher primarily due to a higher gross margin at OG&E primarily due to colder weather in OG&E’s service territory and higher electric rates partially offset by higher operating expenses. Earnings at Enogex were higher primarily due to higher natural gas liquids prices and record natural gas gathering and processing volumes in March on Enogex’s system. Consolidated results for the quarter ended March 31, 2010 also included a one-time charge of approximately \$11.4 million, or \$0.11 per diluted share, to write off previously recognized tax benefits relating to Medicare Part D subsidies affected by the recently signed health care legislation.

OG&E posted earnings of \$0.01 per diluted share in both the first quarter of 2010 and the first quarter of 2009. Enogex posted earnings of \$0.28 per diluted share in the first quarter of 2010 as compared to \$0.16 per diluted share in the first quarter of 2009. The holding company, including results from its marketing business, posted a loss of \$0.04 per diluted share in the first quarter of 2010 as compared to earnings of approximately \$0.01 per diluted share in the first quarter of 2009. For further information, see the press release attached as Exhibit 99.01.
