VARI-LITE INTERNATIONAL, INC. AND SUBSIDIARIES

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

(In thousands except share data)

1. Interim Financial Information

The accompanying unaudited condensed consolidated financial statements of Vari-Lite International, Inc. (the "Company") have been prepared by the Company in accordance with generally accepted accounting principles for interim financial information and the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements.

On November 18, 2002, the Company sold substantially all of the assets of its manufacturing and sales business to Genlyte Thomas Group LLC ("Genlyte") for \$10,647. The sale included all of the sales, marketing, manufacturing and engineering operations associated with this business, as well as the VARI*LITE® trademark and substantially all patents and other intellectual property associated with VARI*LITE products. This transaction resulted in a pre-tax loss of \$4,500, of which \$3,500 was recognized in fiscal 2002 as an impairment of net assets held for sale. The remaining charge of \$1,000, which represents severance payments, was recognized in the first quarter of fiscal 2003. As part of this transaction, the Company entered into a supply agreement, pursuant to which Genlyte agreed to manufacture and sell to the Company, for a minimum of ten years, all VARI*LITE equipment and parts to support existing and future VARI*LITE products and appointed the Company as the exclusive distributor of VARI*LITE products in Europe and Japan and a non-exclusive dealer in North America.

On October 1, 2002, the Company adopted Statement of Financial Accounting Standards No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets." Accordingly, the September 30, 2002 Balance Sheet has been reclassified to reflect the assets and liabilities from the manufacturing and sales business as held for sale and the Statements of Operations for the three-months ended December 31, 2001 and 2002, reflect the results of operations of the manufacturing and sales business as discontinued operations. The operations of the manufacturing and sales business are included only through the date of the sale.

In the opinion of management, the condensed consolidated financial statements contain all adjustments, consisting of normal recurring adjustments, considered necessary to present fairly the consolidated financial position, results of operations and cash flows of the Company. The results of operations for the three-month period ended December 31, 2002 are not necessarily indicative of the results of operations that may be expected for any other interim periods or for the fiscal year ending September 30, 2003.

For further information, refer to the consolidated financial statements and accompanying notes included in the Company's Annual Report on Form 10-K for the year ended September 30, 2002.

2. Inventory

Inventory consists of the following:

	September 30, 2002	December 31, 2002
Finished goods for resale	\$ 338	\$ 128
	\$ 338	\$ 128

3. Debt

On December 19, 1997, the Company entered into a \$50,000 multicurrency revolving credit facility (the "Old Credit Facility"). On December 29, 2000, VLPS Lighting Services, Inc. ("VLPS") entered into a new credit facility, which initially included a \$12,000 Term Loan, a \$5,000 Revolver and a \$3,000 Capital Expenditure Loan. This facility with all subsequent amendments is herein referred to as the "New Credit

Edgar Filing: VARI LITE INTERNATIONAL INC - Form 10-Q

Facility." On November 18, 2002, the Company used \$5,000 of the proceeds from the sale of the assets of its manufacturing and sales business to Genlyte to repay a portion of the borrowings outstanding under the Term Loan. Pursuant to an amendment to the New Credit Facility on December 31, 2002, the Term Loan and Capital Expenditure Loan were paid in full, the Revolver commitment was increased to \$7,500 and capitalized loan origination fees of \$215 were written off. As of December 31, 2002, there was \$1,597 outstanding under the Revolver. Due to the repayment of the Term Loan and Capital Expenditure Loan, the Company classified \$10,900 as current debt as of September 30, 2002. Borrowings under the Revolver are subject to availability under a borrowing base of eligible lighting rental assets, inventory and accounts receivable (as defined in the New Credit Facility). As of December 31, 2002, the eligible borrowing base exceeded the Revolver commitment of \$7,500. Prior to June 30, 2002, all outstanding borrowings under the New Credit Facility accrued interest at the lender's base rate or LIBOR, plus a rate margin of 0.75% and 2.50%, respectively. From June 30, 2002 through December 30, 2002, all outstanding balances under the New Credit Facility accrued interest at the lender's base rate or LIBOR, plus a rate margin ranging from 1.25% to 1.75% or 3.00% to 3.50%, respectively, based upon the Company's ratio of Adjusted Funded Debt to EBITDA (as defined in the New Credit Facility). Beginning on December 31, 2002, all outstanding balances under the New Credit Facility accrue interest at the lender's base rate or LIBOR, plus a rate margin of 0.50% and 2.25%, respectively. The New Credit Facility is guaranteed by the Company and is secured by all of the stock and substantially all of the assets of VLPS, and a pledge of 65% of the outstanding capital stock of the Company's foreign subsidiaries. A commitment fee of 0.25% is charged on the average daily unused portion of the Revolver. The New Credit Facility contains compliance covenants, including requirements that the Company achieve certain financial ratios. In addition, the New Credit Facility places limitations on annual capital expenditures and on the ability to incur additional indebtedness, make certain loans or investments, sell assets, pay dividends or reacquire the Company's stock. The New Credit Facility terminates on December 31, 2005. Upon termination of the New Credit Facility, the entire outstanding indebtedness thereunder becomes due and payable in full.

Beginning in fiscal 2001, the Company's London subsidiary began financing its capital expenditures with British pounds sterling loans from a U. K. bank (collectively, the "London Bank Loans") that amortize over 48 to 60 months and accrue interest at various rates ranging from 7.6% to 9.10%. Borrowings outstanding at September 30, 2002 and December 31, 2002 were approximately \$5,467 and \$5,123, respectively. The London Bank Loans are secured by all of the assets of the Company's London operations and include certain financial covenants, limitations on capital expenditures and intercompany payments and the guarantee of the Company.

The Company has borrowed money to purchase computer equipment and office furniture and fixtures and conventional lighting equipment. These loans are typically amortized over three to five years and accrue interest at various rates ranging from 1.62% to 10.35%. Borrowings outstanding under

7

this type of financing at September 30, 2002 and December 31, 2002 were approximately \$2,324 and \$1,946, respectively.

4. Commitments and Contingencies

In the ordinary course of its business, the Company is from time to time threatened with or named as a defendant in various lawsuits, including patent infringement claims. The Company is not currently involved in any material legal proceedings.

5. Segment Reporting

In 1999, the Company adopted SFAS No. 131, "Disclosures about Segments of an Enterprise and Related Information," which supersedes SFAS No. 14, "Financial Reporting for Segments of a Business Enterprise." SFAS No. 131 establishes standards for the reporting by public business enterprises of information about product lines, geographic areas and major customers. The method for determining what information to report is based on the way that management organizes the operating segments within the Company for making operational decisions and assessments for financial performance. The Company's chief operating decision maker is considered to be the Company's Chief Executive Officer ("CEO"). The CEO reviews financial information presented on a consolidated basis accompanied by disaggregated information about revenues by geographic region and by product lines for purposes of making operating decisions and assessing financial performance. The Company has three reportable segments: North America, Europe and Asia, which are organized, managed and analyzed geographically and operate in a single industry segment. Information about the Company's operations for the three-month periods ended December 31, 2001 and 2002 is presented below:

6. Net Loss Per Share

Basic net loss per share is computed based upon the weighted average number of common shares outstanding. Diluted net loss per share reflects the dilutive effect, if any, of stock options and warrants.

	Three Months ended December 31,	
	2001	2002
Weighted average shares outstanding	7,800,003	7,800,003
Dilutive effect of stock options and warrants after application of treasury stock method		
Shares used in calculating diluted net loss per share	7,800,003	7,800,003

For the three-month period ended December 31, 2001 and 2002, net loss per share excludes stock options of 730,200 and 874,200, respectively, and warrants of 296,057 and 296,057, respectively, which were anti-dilutive.

7. Subsequent Event

In January 2003, the Company repurchased 319,900 shares of Common Stock for approximately \$399 which approximated the market value.

9

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Results of Operations

Edgar Filing: VARI LITE INTERNATIONAL INC - Form 10-Q

Three Months Ended December 31, 2002 Compared to Three Months Ended December 31, 2001

On November 18, 2002, the Company sold substantially all of the assets of its manufacturing and sales business to Genlyte Thomas Group LLC ("Genlyte") for \$10,647. The sale included all of the sales, marketing, manufacturing and engineering operations associated with this business, as well as the VARI*LITE® trademark and substantially all patents and other intellectual property associated with VARI*LITE products. This transaction resulted in a pre-tax loss of \$4,500, of which \$3,500 was recognized in fiscal 2002 as an impairment of net assets held for sale. The remaining charge of \$1,000, which represents severance payments, was recognized in the first quarter of fiscal 2003. As part of this transaction, the Company entered into a supply agreement, pursuant to which Genlyte agreed to manufacture and sell to the Company, for a minimum of ten years, all VARI*LITE equipment and parts to support existing and future VARI*LITE products and appointed the Company as the exclusive distributor of VARI*LITE products in Europe and Japan and a non-exclusive dealer in North America.

On October 1, 2002, the Company adopted Statement of Financial Accounting Standards No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets." Accordingly, the September 30, 2002 Balance Sheet has been reclassified to reflect the assets and liabilities from the manufacturing and sales business as held for sale and the Statements of Operations for the three-months ended December 31, 2001 and 2002, reflect the results of operations of the manufacturing and sales business as discontinued operations. The operations of the manufacturing and sales business are included only through the date of the sale.

Revenues. Total revenues for the three-month period ended December 31, 2002 were \$15.4 million compared to the three-month period ended December 31, 2001 of \$13.2 million. The components of these revenues are set forth below.

Rental Revenues. Rental revenues increased 12.6%, or \$1.4 million, to \$12.5 million in the three-month period ended December 31, 2002, compared to \$11.1 million in the three-month period ended December 31, 2001. This increase was due to overall market improvements in the Company's North American and London offices and increased revenues from concert touring which is primarily attributable to revenues earned by the Company for equipment and services provided for the *Rolling Stones Licks World Tour 2002/03*.

Product Sales and Services Revenues. Product sales and services revenues increased 39.7%, or \$0.8 million, to \$2.9 million in the three-month period ended December 31, 2002, compared to \$2.1 million in the three-month period ended December 31, 2001. This increase was due to an increase in product sales by the Company's foreign offices.

Rental Cost. Rental cost increased 8.2%, or \$0.4 million, to \$5.5 million in the three-month period ended December 31, 2002, compared to \$5.1 million in the three-month period ended December 31, 2001. However, rental cost as a percentage of rental revenues decreased to 44.1% in the three-month period ended December 31, 2002, from 45.8% in the three-month period ended December 31, 2001. This decrease was due to depreciation expense representing a lower percentage of revenues during the three-month period ended December 31, 2002 as a result of increased revenues compared to the three-month period ended December 31, 2001.

Product Sales and Services Cost. Product sales and services cost increased 84.0%, or \$1.0 million, to \$2.2 million in the three-month period ended December 31, 2002, compared to \$1.2 million in the three-month period ended December 31, 2001. This increase was primarily due to increased new product sales. Product sales and services cost as a percentage of product sales and services revenues

10

increased to 75.5% in the three-month period ended December 31, 2002, from 57.3% in the three-month period ended December 31, 2001 primarily due to higher product sales cost as a percentage of respective revenues associated with the sale of new products during the three-month period ended December 31, 2002.

Selling, General and Administrative Expense. Selling, general and administrative expense increased 21.2%, or \$1.0 million, to \$5.9 million in the three-month period ended December 31, 2002, compared to \$4.9 million in the three-month period ended December 31, 2001. This increase was primarily due to higher employee bonuses and higher costs associated with the Company's London and Tokyo operations due to the currency fluctuations between the U.S. dollar and the Japanese yen and British pound during the three month period ended December 31, 2002 when compared to the three month period ended December 31, 2001. This expense as a percentage of total revenues increased to 38.3% in the three-month period ended December 31, 2002, from 36.9% in the three-month period ended December 31, 2001.

Research and Development Expense. Research and development expense decreased 28.7%, or \$0.1 million, to \$0.2 million in the three-month period ended December 31, 2002, compared to \$0.3 million in the three-month period ended December 31, 2001. This expense as a percentage of total revenues decreased to 1.6% in the three-month period ended December 31, 2002, from 2.6% in the three-month period ended December 31, 2001. These decreases were primarily due to cost reductions made during fiscal 2002.

Edgar Filing: VARI LITE INTERNATIONAL INC - Form 10-Q

Interest Expense. Interest expense increased 54.8%, or \$0.2 million, to \$0.5 million in the three-month period ended December 31, 2002, compared to \$0.3 million in the three-month period ended December 31, 2001. This increase was due to a non-cash charge of \$0.2 million in the three-month period ended December 31, 2002 relating to the write-off of capitalized loan origination costs due to the early extinguishment of debt with proceeds from the sale of the manufacturing and sales business in November 2002.

Discontinued Operations. In November 2002, the Company sold substantially all of the assets of its manufacturing and sales business. The sale included all of the sales, marketing, manufacturing and engineering operations associated with this business, as well as the VARI*LITE® trademark and substantially all patents and other intellectual property associated with VARI*LITE products. This transaction resulted in a pre-tax loss of \$4.5 million, of which \$3.5 million was recognized in fiscal 2002 as an impairment of net assets held for sale. The remaining charge of \$1.0 million, which represents severance payments, was recognized in the first quarter of fiscal 2003. The operating results for this business are included in discontinued operations. The loss from discontinued operations increased 40.2% or \$0.5 million, to \$1.8 million in the three-month period ended December 31, 2002 compared to \$1.3 million in the three-month period ended December 31, 2001. The increase in the loss of the discontinued operations is primarily due to the accrual of \$1.0 million of severance expenses during the three-month period ended December 31, 2002.

Income Taxes. The effective tax rates in the three-month periods ended December 31, 2002 and 2001 were 34.1% and 38.5%, respectively.

Liquidity and Capital Resources

Historically, the Company has financed its operations and capital expenditures with cash flow from operations, bank borrowings and advances from customers. The Company's operating activities generated cash flow of \$0.2 million and \$3.4 million, respectively, in the three-month periods ending December 31, 2001 and 2002.

On December 19, 1997, the Company entered into a \$50.0 million multicurrency revolving credit facility (the "Old Credit Facility"). On December 29, 2000, VLPS Lighting Services, Inc. ("VLPS"),

entered into a new credit facility, which initially included a \$12.0 million Term Loan, a \$5.0 million Revolver and a \$3.0 million Capital Expenditure Loan. This facility with all subsequent amendments is herein referred to as the "New Credit Facility." On November 18, 2002, the Company used \$5.0 million of the proceeds from the sale of the assets of its manufacturing and sales business to Genlyte to repay a portion of the borrowings outstanding under the Term Loan. Pursuant to an amendment to the New Credit Facility on December 31, 2002, the Term Loan and Capital Expenditure Loan were paid in full, the Revolver commitment was increased to \$7.5 million and capitalized loan origination fees of \$0.2 million were written off. As of December 31, 2002, there was \$1.6 million outstanding under the Revolver. Due to the repayment of the Term Loan and Capital Expenditure Loan, the Company classified \$10.9 as current debt as of September 30, 2002. Borrowings under the Revolver are subject to availability under a borrowing base of eligible lighting rental assets, inventory and accounts receivable (as defined in the New Credit Facility). As of December 31, 2002, the eligible borrowing base exceeded the Revolver commitment of \$7.5 million. Prior to June 30, 2002, all outstanding borrowings under the New Credit Facility accrued interest at the lender's base rate or LIBOR, plus a rate margin of 0.75% and 2.50%, respectively. From June 30, 2002 through December 30, 2002, all outstanding balances under the New Credit Facility accrued interest at the lender's base rate or LIBOR, plus a rate margin ranging from 1.25% to 1.75% or 3.00% to 3.50%, respectively, based upon the Company's ratio of Adjusted Funded Debt to EBITDA (as defined in the New Credit Facility). Beginning on December 31, 2002, all outstanding balances under the New Credit Facility accrue interest at the lender's base rate or LIBOR, plus a rate margin of 0.50% and 2.25%, respectively. The New Credit Facility is guaranteed by the Company and is secured by all of the stock and substantially all of the assets of VLPS, and a pledge of 65% of the outstanding capital stock of the Company's foreign subsidiaries. A commitment fee of 0.25% is charged on the average daily unused portion of the Revolver. The New Credit Facility contains compliance covenants, including requirements that the Company achieve certain financial ratios. In addition, the New Credit Facility places limitations on annual capital expenditures and on the ability to incur additional indebtedness, make certain loans or investments, sell assets, pay dividends or reacquire the Company's stock. The New Credit Facility terminates on December 31, 2005. Upon termination of the New Credit Facility, the entire outstanding indebtedness thereunder becomes due and payable in full.

Beginning in fiscal 2001, the Company's London subsidiary began financing its capital expenditures with British pounds sterling loans from a U. K. bank (collectively, the "London Bank Loans") that amortize over 48 to 60 months and accrue interest at various rates ranging from 7.6% to 9.10%. Borrowings outstanding at September 30, 2002 and December 31, 2002 were approximately \$5.5 million and \$5.1 million, respectively. The London Bank Loans are secured by all of the assets of the Company's London operations and include certain financial covenants, limitations on capital expenditures and intercompany payments and the guarantee of the Company.

Edgar Filing: VARI LITE INTERNATIONAL INC - Form 10-Q

The Company has borrowed money to purchase computer equipment and office furniture and fixtures and conventional lighting equipment. These loans are typically amortized over three to five years and accrue interest at various rates ranging from 1.62% to 10.35%. Borrowings outstanding under this type of financing at September 30, 2002 and December 31, 2002 were approximately \$2.3 million and \$1.9 million, respectively.

The Company's business requires significant capital expenditures. Capital expenditures for the three months ended December 31, 2001 and 2002 were approximately \$0.6 million and \$2.1 million, respectively, of which approximately \$0.4 million and \$2.1 million were for rental and demo equipment inventories. The majority of the Company's revenues are generated through the rental of automated lighting systems and, as such, the Company must maintain a significant amount of rental equipment to meet customer demands.

Management believes that cash flow generated from operations and borrowing capacity under the New Credit Facility will be sufficient to meet the anticipated operating cash needs and capital

12

expenditures for the next twelve months. Because the Company's future operating results will depend on a number of factors, including the demand for the Company's products and services, competition, general and economic conditions and other factors beyond the Company's control, there can be no assurance that sufficient capital resources will be available to fund the expected expansion of its business beyond such period.

Disclosure Regarding Forward-Looking Statements

This report includes "forward-looking statements" as that phrase is defined in Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. When used in this report, the words "anticipate," "believe," "estimate," "expect," "will," "could," "may" and similar expressions, as they relate to management or the Company, are intended to identify forward-looking statements. Such statements reflect the current views of management with respect to future events and are subject to certain risks, uncertainties and assumptions, including without limitation the following as they relate to the Company: fluctuations in operating results and seasonality; technological changes; dependence on entertainment industry; competition; dependence on management; foreign exchange risk; international trade risk; and dependence on key suppliers. Should one or more of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those described herein.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

The Company does not believe that the market risks for the three-month period ended December 31, 2002 substantially changed from those risks outlined for the year ended September 30, 2002 in the Company's Form 10-K.

ITEM 14. CONTROLS AND PROCEDURES

The Company's Chief Executive Officer and Chief Financial Officer, after evaluating the effectiveness of the Company's disclosure controls and procedures (as defined in Rules 13a-14(c) and 15d-14(c) under the Securities Exchange Act of 1934) as of a date (the "Evaluation Date"), which was within 90 days of this Report, have concluded in their judgment that, as of the Evaluation Date, the Company's disclosure controls and procedures were adequate and designed to ensure that material information relating to the Company and its subsidiaries would be made known to them.

Disclosure controls and procedures are controls and other procedures that are designed to ensure that information required to be disclosed in the Company's reports filed or submitted under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed in the Company's reports filed under the Exchange Act is accumulated and communicated to the Company's management, including the Company's Chief Executive Officer and Chief Financial Officer as appropriate, to allow timely decisions regarding required disclosure.

There were no significant changes in the Company's internal controls or in other factors that could significantly affect the internal controls subsequent to the Evaluation Date.

PART II OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

In the ordinary course of its business, the Company is from time to time threatened with or named as a defendant in various lawsuits, including patent infringement claims. Additionally, the Company has filed lawsuits claiming infringements of its patents by third parties for which the Company has been subject to counterclaims. The Company is not currently involved in any material legal proceedings.
