UNITED STATES SECURITIES AND EXCHANGE COMMISSION WASHINGTON, DC 20549

FORM 10-Q

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934.

For the quarterly period ended May 3, 2003

Commission file number <u>1-6049</u>

Target Corporation

Minnesota	41-0215170
(State of incorporation or organization)	(I.R.S. Employer Identification No.)
1000 Nicollet Mall, Minneapolis, Minnesota	55403
(Address of principal executive offices)	(Zip Code)
Registrant's telephone number, including area code	(612) 304-6073

(Former name, former address and former fiscal year, if changed since last report.)

The registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months, (2) has been subject to such filing requirements for the past 90 days, and (3) is an accelerated filer (as defined in Rule 12b-2 of the Exchange Act).

The number of shares outstanding of common stock as of May 3, 2003 was 910,756,174.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS Accounting Policies

TARGET CORPORATION

The accompanying consolidated financial statements should be read in conjunction with the financial statement disclosures contained in our 2002 Annual Report to Shareholders throughout pages 28-36. The same accounting policies are followed in preparing quarterly financial data as are followed in preparing annual data. In the opinion of management, all adjustments necessary for a fair presentation of quarterly operating results are reflected herein and are of a normal, recurring nature.

Certain prior year amounts have been reclassified to conform to the current year presentation.

Due to the seasonal nature of the retail industry, quarterly earnings are not necessarily indicative of the results that may be expected for the full fiscal year.

New Accounting Pronouncements

During 2002, the Emerging Issues Task Force reached a consensus on Issue No. 02-16, "Accounting by a Customer (Including a Reseller) for Certain Consideration Received from a Vendor." Under the new guidance, if the consideration received represents a payment for assets delivered to the vendor, it should be classified as revenue. If the consideration is a reimbursement of a specific, incremental, identifiable cost incurred in selling the vendor's product, the cost should be characterized as a reduction of that cost incurred. Generally, all other cash consideration received from a vendor should be classified as a reduction of cost of sales. As required, we adopted this guidance in the first quarter of 2003 and its adoption had no material impact on our sales, net earnings, cash flows or financial position.

Share Repurchase Program

We maintain a share repurchase program under which our Board of Directors previously authorized the repurchase of \$2 billion of our common stock. Since the inception of our share repurchase program, we have repurchased a total of 41 million shares of our common stock at a total cost of \$1,199 million (\$29.27 per share), net of the premium from exercised and expired put options.

Common stock repurchases under our program have been essentially suspended. Consequently, common stock repurchases did not have a material impact on our first quarter 2003 earnings and financial position.

Long-term Debt and Derivatives

During the first quarter, we repurchased \$2 million of long-term debt with a weighted average interest rate of approximately 9.88 percent. This transaction resulted in a pre-tax loss of less than \$1 million (less than \$.01 per share), which is included in interest expense in the Consolidated Results of Operations.

Also during the first quarter, we issued \$500 million of long-term debt maturing in March 2008 at 3.38 percent and \$200 million of long-term debt maturing in May 2018 at 4.88 percent. Proceeds from these issuances were used for general corporate purposes.

Concurrent with the issuance of the \$200 million long-term debt maturing in 2018, we entered into an interest rate swap with a notional amount of \$200 million. The effect of this swap converts our interest expense to a floating rate, initially set at approximately 1.2 percent. The fair value of our outstanding swaps is reflected in the financial statements as a component of other long-term assets. No ineffectiveness was recognized in the first quarter related to these instruments. At May 3, 2003, the fair value of our existing swaps was \$116 million, compared to \$110 million at February 1, 2003 and \$42 million at May 4, 2002.

Accounts Receivable

Accounts receivable is recorded net of an allowance for expected losses. The allowance, estimated from historical portfolio performance and projections of trends, was \$407 million at May 3, 2003, compared to \$399 million at February 1, 2003 and \$297 million at May 4, 2002.

Stock Option Plans

In the first quarter, we adopted Statement of Financial Accounting Standards (SFAS) No. 148, "Accounting for Stock-Based Compensation Transition and Disclosure." In accordance with the prospective transition method prescribed in SFAS No. 148, the fair value based method will be applied prospectively to awards granted subsequent to February 1, 2003 (the last day of our 2002 fiscal year). Awards granted in fiscal year 2002 and earlier years will continue to be accounted for under the intrinsic value method, and the proforma impact of accounting for those awards at fair value will continue to be disclosed until the last of those awards vest in January of 2007. The adoption of this method did not have a material impact on our earnings in the first quarter.

Historically, and through February 1, 2003, we applied the intrinsic value method prescribed in APB No. 25, "Accounting for Stock Issued to Employees," to account for our stock option plans. No compensation expense related to options was recognized because the exercise price of our employee stock options equals the market price of the underlying stock on the grant date. The expense related to the intrinsic value of performance-based and restricted stock awards issued was not significant to first quarter 2003 net earnings, cash flows or financial position. If we had elected to recognize compensation cost based on the fair value of the awards at the grant date, net earnings would have been the pro forma amounts shown below.

MANAGEMENT'S DISCUSSION AND ANALYSIS Analysis of Operations

Earnings before income taxes

TARGET CORPORATION

1.3%

556

563

First quarter 2003 net earnings were \$349 million, or \$.38 per share, compared with \$345 million, or \$.38 per share, for the same period last year.

Revenues and Comparable-Store Sales

Total revenues for the quarter increased 7.6 percent to \$10,322 million compared with \$9,594 million for the same period a year ago. Total comparable-store sales (sales from stores open longer than one year) decreased 0.1 percent. Our revenue growth reflected Target's new store expansion and the growth in our credit card operations.

Year-over-year changes in comparable-store sales by business segment were as follows:

	Three Months Percentage Change
Target	1.1%
Mervyn's	(7.3)
Marshall Field's	(7.3) (4.9)
	·
Total	(0.1)%

Gross Margin Rate

Gross margin rate represents gross margin (sales less cost of sales) as a percent of sales. In the first quarter, our gross margin rate overall was essentially unchanged from the prior year. Gross margin was slightly favorable to last year at Target stores and modestly lower than last year at both Mervyn's and Marshall Field's.

Operating Expense Rate

Operating expense rate represents selling, general and administrative expense as a percent of sales. It includes buying and occupancy, advertising, start-up and other expense, and excludes expenses associated with our credit card operations and depreciation expense because these items are separately disclosed in our Consolidated Results of Operations. In the first quarter, our operating expense rate was unfavorable to the first quarter of last year due to a lack of sales leverage at all three divisions.

Pre-tax Segment Profit

Our first quarter pre-tax segment profit increased 2.0 percent to \$777 million compared with \$762 million for the same period a year ago. Target's pre-tax profit increased 8.2 percent. Mervyn's pre-tax profit declined 54 percent and Marshall Field's pre-tax profit declined 39 percent. We define pre-tax segment profit as earnings before LIFO, interest, other expense and unusual items. A reconciliation of pre-tax segment profit to pre-tax earnings is provided in the Notes to Consolidated Financial Statements.

Other Performance Factors

In the first quarter, total interest expense was \$142 million, representing a \$7 million increase from the first quarter of 2002. The increase in interest expense was due to higher average funded balances, partially offset by the benefit of a lower average portfolio interest rate.

The estimated effective income tax rate was 38.0 percent in the first quarter of 2003 and the first quarter of 2002.

Analysis of Financial Condition

Our financial condition remains strong. We continue to fund the growth in our business through a combination of internally generated funds and debt.

During the first quarter, total gross receivables increased \$1,436 million, or 33.8 percent, over the first quarter of last year. Inventory increased \$379 million, or 8.3 percent, over the first quarter of last year primarily reflecting new square footage growth at Target. The inventory growth was more than fully funded by a \$726 million, or 19.7 percent, increase in accounts payable.

Capital expenditures for the first three months of 2003 were \$674 million, compared with \$697 million for the same period a year ago. Investment in Target stores accounted for 93 percent of current year capital expenditures.

We contributed \$100 million to our defined benefit plans in both the first quarter of 2003 and the first quarter of 2002.

Credit Card Operations (millions)

Our credit card programs strategically support our core retail operations and are an integral component of each business segment. Therefore, included in each segment's pre-tax profit is revenue and expense from its credit card operations.

Credit card contribution to pre-tax segment profit was as follows:

	7	Three Moi	onths Ended

Store Data

During the quarter, we opened a total of 28 new Target stores, including 20 discount stores and 8 SuperTarget stores. In addition, we closed 8 Target stores, 7 of which were relocated and opened as discount or SuperTarget stores. We also opened 1 new Mervyn's store in Las Vegas, Nevada and sold 2 Marshall Field's stores in Columbus, Ohio to The May Department Stores Company.

At May 3, 2003, our number of stores and retail square feet were as follows:

	Nu	Number of Stores Retail Square Fee			et*	
	May 3, 2003	Feb. 1, 2003	May 4, 2002	May 3, 2003	Feb. 1, 2003	May 4, 2002
t	1,167	1,147	1,081	143,573	140,255	129,837
yn's	265	264	264	21,519	21,425	21,425
ll Field's	62	64	64	14,439	14,845	14,954
	1,494	1,475	1,409	179,531	176,525	166,216
		1,473	1,407	177,551	170,323	100,210

^{*} In thousands, reflects total square feet, less office, warehouse and vacant space.

Supplemental Information (millions)

We provide the following supplemental information derived from our financial statements because we believe it provides a meaningful aid to the analysis of our performance by segment. We define segment EBITDA as pre-tax segment profit before depreciation and amortization expense. Our definition of EBITDA and pre-tax segment profit may differ from definitions used by other companies. This presentation is not intended to be a substitute for GAAP reported measures of profitability and cash flow. A reconciliation of pre-tax segment profit to pre-tax earnings is provided in the Notes to Consolidated Financial Statements. Segment EBITDA and the reconciliation of pre-tax segment profit were as follows:

Three Months Ended

Outlook for Fiscal Year 2003

For the full year, we believe that we are well positioned to deliver another year of profitable market share growth. We expect this performance to be driven by increases in Target stores comparable-store sales, contributions from new store growth at Target and continued growth in contribution from our credit card operations, primarily through the Target Visa credit card.

Interest expense is expected to increase only modestly, if at all, from 2002, as continued growth in the funding necessary to support both Target's expansion and our credit card operations will moderate, and will likely be substantially offset by continued interest rate favorability.

Forward-Looking Statements

The preceding Management's Discussion and Analysis contains forward-looking statements regarding our performance, liquidity and the adequacy of our capital resources. Those statements are based on our current assumptions and expectations and are subject to certain risks and uncertainties that could cause actual results to differ materially from those projected. We caution that the forward-looking statements are qualified by the risks and challenges posed by increased competition, shifting consumer demand, changing consumer credit markets, changing capital markets and general economic conditions, hiring and retaining effective team members, sourcing merchandise from domestic and international vendors, investing in new business strategies, achieving our growth objectives, the outbreak of war and other significant national and international events and other risks and uncertainties. As a result, while we believe that there is a reasonable basis for the forward-looking statements, you should not place undue reliance on those statements. You are encouraged to review Exhibit (99)C attached to our Form 10-K Report for the year ended February 1, 2003, which contains additional important factors that may cause actual results to differ materially from those predicted in the forward-looking statements.

CONTROLS AND PROCEDURES

TARGET CORPORATION

Within the 90 days prior to the filing date of this report, we conducted an evaluation, under supervision and with the participation of management, including the chief executive officer and chief financial officer, of the effectiveness of the design and operation of our disclosure controls and procedures pursuant to Rules 13a-15 and 15d-15 of the Securities Exchange Act of 1934, as amended (Exchange Act). Based upon that evaluation, our chief executive officer and chief financial officer concluded that our disclosure controls and procedures are effective. Disclosure controls and procedures are defined by Rules 13a-14(c) and 15d-14(c) of the Exchange Act as controls and other procedures that are designed to ensure that information required to be disclosed by us in reports filed with the Securities and Exchange Commission (SEC) under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms.

There have been no significant changes (including corrective actions with regard to significant deficiencies or material weaknesses) in our internal controls or in other factors that could significantly affect internal controls subsequent to the evaluation date.

PART II. OTHER INFORMATION

Item 4. Submission of Matters to a Vote of Security Holders

- The Corporation held its Annual Shareholders' Meeting on May 21, 2003.
- b)

 The shareholders voted for four director nominees for three-year terms. The vote was as follows:

Name of Candidate	For	Withheld
Richard M. Kovacevich	797,240,547	17,372,759
George W. Tamke	797,043,778	17,569,528
Solomon D. Trujillo	802,008,176	12,605,130
Robert J. Ulrich	797,141,020	17,472,286

There were no abstentions and no broker non-votes.

c)
The shareholders voted to approve the appointment of Ernst & Young LLP as independent auditors of the Corporation for fiscal year 2003. The vote was 788,144,830 for, 19,669,509 against and 6,827,950 abstentions. There were no broker non-votes.

Item 6. Exhibits and Reports on Form 8-K

Certifications

I, Robert J. Ulrich, certify that:

- 1. I have reviewed this quarterly report on Form 10-Q of Target Corporation;
- 2. Based on my knowledge, this quarterly report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this quarterly report;
- 3. Based on my knowledge, the financial statements, and other financial information included in this quarterly report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this quarterly report;
- 4. The registrant's other certifying officers and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-14 and 15d-14) for the registrant and we have:
 - designed such disclosure controls and procedures to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this quarterly report is being prepared;
 - evaluated the effectiveness of the registrant's disclosure controls and procedures as of a date within 90 days prior to the filing date of this quarterly report (the "Evaluation Date"); and
 - c.
 presented in this quarterly report our conclusions about the effectiveness of the disclosure controls and procedures based on our evaluation as of the Evaluation Date;
- 5. The registrant's other certifying officers and I have disclosed, based on our most recent evaluation, to the registrant's auditors and the audit committee of registrant's board of directors (or persons performing the equivalent function):
 - all significant deficiencies in the design or operation of internal controls which could adversely affect the registrant's ability to record, process, summarize and report financial data and have identified for the registrant's auditors any material weaknesses in internal controls; and
 - b. any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal controls; and
- 6. The registrant's other certifying officers and I have indicated in this quarterly report whether or not there were significant changes in internal controls or in other factors that could significantly affect internal controls subsequent to the date of our most recent evaluation, including any corrective actions with regard to significant deficiencies and material weaknesses.
