***1<sup>st</sup> QUARTER REPORT***

Central Fund is currently 98.8% invested in gold and silver bullion. At January 31, 2006 Central Fund's gold holdings were 614,242 fine oz. of physical bullion and 5,349 fine oz. of gold bullion certificates. Silver holdings were 30,728,142 oz. of physical bullion and 245,572 oz. of silver bullion certificates. The physical bullion is insured and held in allocated safekeeping by a Canadian chartered bank in segregated vault storage. Central Fund continues to fulfil its mandate as "The Sound Monetary Fund".

On behalf of the Board of Directors:

(Signed) "J.C. Stefan Spicer"  
J.C. Stefan Spicer, President

***MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)***

The following discussion is based on the financial statements of Central Fund of Canada Limited ("Central Fund" or the "Company") which are prepared in accordance with accounting principles generally accepted in Canada. These principles are substantially the same as United States' principles.

This analysis should be read in conjunction with Central Fund's financial statements prepared in accordance with Canadian GAAP included in its Annual Report and the accompanying MD&A.

Throughout this discussion, all amounts are in currency of the United States.

Certain statements in this report may constitute forward-looking information within the meaning of securities laws. Forward-looking information may relate to our future outlook and anticipated events and may relate to matters that are not historical facts. In particular, statements regarding our objectives and strategies are forward-looking statements. These statements are based on certain factors and assumptions which we believe are reasonable as of the current date. While we believe these assumptions to be reasonable based on information currently available to us, they may prove to be incorrect. Forward-looking information is also subject to certain factors, including risks and uncertainties (described in "Risk Factors" of the Company's 2005 annual MD&A) that could cause results to differ materially from what we currently expect. Therefore future events and results may vary significantly from what we currently foresee.

***Outstanding Shares***

There were 94,296,320 Class A retractable shares and 40,000 Common shares issued and outstanding at January 31, 2006.

***Administrator and Administration and Consulting Fees***

Central Fund has no employees. It is party to an Administration and Consulting Agreement with The Central Group Alberta Ltd., which is related to the Company through four of its officers and directors. The Central Group Alberta Ltd., which acts as Administrator, has operating offices with employees, advisors and consultants which provide administrative and consulting services to the Company. For such services, the Company pays an administrative and consulting fee, payable monthly, that was from 1996 to October 31, 2005 at an annual rate of 1/2 of one percent based on the Company's net assets up to \$50,000,000, 3/8 of one percent on the next \$50,000,000 in net assets and 1/4 of one percent on any excess over \$100,000,000.

Effective November 1, 2005, an Amended and Restated Administration and Consulting Agreement reduced the annual administration and consulting fee schedule for at least the next ten-year term to 0.30% on the first \$400 million of total net assets, 0.20% on the next \$600 million of total net assets and 0.15% on total net assets exceeding one billion dollars.

*Results of Operations Change in Net Assets*

Net assets increased by \$126,183,402 during the three months ending January 31, 2006 as a result of the increases in gold and silver prices.

The following table summarizes quarterly financial information:

	Quarter ended (US\$)			
	Jan. 31, 2006	Oct. 31, 2005	Jul. 31, 2005	Apr. 30, 2005
Unrealized appreciation of investments (in millions)	\$ 127.2	\$ 45.1	\$ 1.0	\$ 16.4
Net income for the period (in millions)	\$ 126.2	\$ 44.3	\$ 0.3	\$ 15.6
Net income per share	\$ 1.34	\$ 0.47	\$ 0.00	\$ 0.17
	Jan. 31, 2005	Oct. 31, 2004	Jul. 31, 2004	Apr. 30, 2004
Unrealized appreciation (depreciation) of investments (in millions)	\$ (16.7)	\$ 37.3	\$ 13.8	\$ (26.7)
Net income (loss) for the period (in millions)	\$ (17.5)	\$ 36.7	\$ 13.2	\$ (27.3)
Net income (loss) per share	\$ (0.19)	\$ 0.53	\$ 0.20	\$ (0.39)

*Forward-looking Observations*

Changes in the market prices of gold and silver have an impact on the net asset value per Class A share. Assuming as a constant exchange rate the rate which existed on January 31, 2006 of \$1.1439 Cdn. for each U.S. dollar together with holdings of gold and silver bullion which existed on that date, a 10% change in the price of gold would increase or decrease the net asset value per share by approximately \$0.37 per share or Cdn. \$0.43 per share. A 10% change in the price of silver would increase or decrease the net asset value per share by approximately \$0.33 per share or Cdn. \$0.37 per share. If both gold and silver prices were to change by 10% simultaneously in the same direction, the net asset value per share would increase or decrease by approximately \$0.70 per share or Cdn. \$0.80 per share.

*Financial Results Net Income*

Central Fund's earned income objective is secondary to its investment objective of holding the vast majority of its net assets in gold and silver bullion. Generally, Central Fund only seeks to maintain adequate cash reserves to enable it to pay operating expenses, taxes and Class A share dividends. Because gold and silver bullion do not generate revenue, Central Fund's actual revenues are a miniscule percentage of its net assets. However, CICA Accounting Guideline 18, Investment Companies requires Central Fund to record unrealized appreciation (depreciation) of investments in income.

The net income (inclusive of unrealized appreciation of investments) for the three months ended January 31, 2006 was \$126,183,402 compared to a net loss (inclusive of unrealized depreciation of investments) of \$17,465,425 for the same period in 2005. Since January 31, 2005, net assets have increased by \$185,396,691 or 38%. Certain expenses, such as administration fees that are scaled, and income taxes, vary in proportion to net asset levels, or, in the case of stock exchange fees, with market capitalization based on the number of Class A shares issued. Not only did safekeeping fees and bullion insurance costs increase to reflect the dollar prices of gold and silver bullion being held, but the custodian increased its rates significantly in its schedule of fees. Administration fees remitted to The Central Group Alberta Limited for the three months increased to \$434,171 from \$386,818, such increase being at the rate of one-fifth of one percent per annum on the increased assets under administration. Professional fees increased as a result of increased legal and audit work required to adopt new accounting guidelines and corporate governance rules and regulations as well as shareholder matters.

Operating expenses (which exclude income taxes) as a percentage of average net assets were 0.14% for the three months ended January 31, 2006 compared to 0.12% for the same three-month period in 2005. For the twelve months ended January 31, 2006, the operating expense ratio was 0.53% compared to 0.48% for the prior twelve-month period.

#### *Liquidity and Capital Resources*

Virtually all of Central Fund's assets are gold and silver bullion that are readily liquidable.

Central Fund's dollar liquidity objective is to hold cash reserves primarily for the payment of operating expenses, taxes and Class A share dividends. Should Central Fund not have sufficient cash to meet its needs, a nominal portion of Central Fund's bullion holdings may be sold to fund tax and dividend payments, provide working capital, and pay for redemptions, if any, of Class A shares.

For the three months ended January 31, 2006, Central Fund's cash reserves decreased by \$2,031,559 as amounts were used to pay expenses, taxes and the Class A share dividend. The Administrator and senior officers monitor Central Fund's cash position with an emphasis on maintaining its mandate to hold maximum amounts of gold and silver bullion.

#### *Additional Information*

This MD&A was prepared on February 27, 2006. Additional information relating to the Company, including its Annual Information Form, is available on the SEDAR website at [www.sedar.com](http://www.sedar.com).

**NOTES TO FINANCIAL STATEMENTS**

For the three months ended January 31, 2006

(amounts expressed in U.S. dollars unless otherwise stated)

**1. Summary of accounting policies:**

The accounting policies used in the preparation of these unaudited interim financial statements conform with those presented in Central Fund's October 31, 2005 audited annual financial statements. These interim financial statements do not include all of the disclosures included in the annual financial statements and accordingly should be read in conjunction with the annual financial statements.

**2. Gold and Silver Bullion:**

Details of gold and silver bullion holdings at January 31, 2006, are as follows:

Holdings	Gold		Silver
100 & 400 fine oz bars	614,242	1000 oz bars	30,728,142
Certificates	5,349	Certificates	245,572
Total fine ounces	619,591	Total ounces	30,973,714

Market Value:		Per Fine Ounce	Per Ounce
October 31, 2005		U.S. \$ 470.75	U.S. \$ 7.765
January 31, 2006		U.S. \$ 568.75	U.S. \$ 9.910

**3. Capital stock:**

The authorized share capital consists of an unlimited number of Class A non-voting shares without nominal or par value and 50,000 Common shares without nominal or par value.

There were 94,296,320 Class A shares which are retractable and 40,000 Common shares issued and outstanding at January 31, 2006.

On November 3, 2004, the Company, through a public offering issued 15,000,000 Class A shares for proceeds of \$81,504,000 net of underwriting fees of \$3,396,000. Costs relating to this public offering were \$561,304 and net proceeds were \$80,942,696.

The Company used the net proceeds from this public offering to purchase 96,000 fine ounces of gold at a cost of \$40,790,400 and 4,800,000 ounces of silver at a cost of \$35,376,000, both in physical bar form except for 67 ounces of gold which were received in certificate form. The balance of \$4,776,296, was retained by the Company in interest-bearing cash deposits for working capital purposes.

**4. Contributed Surplus and Retained Earnings:**

Contributed surplus is used to eliminate any deficit that may arise from net losses before unrealized appreciation (depreciation) of investments and on the payment of the Class A shares' stated dividend per share. Accordingly, \$1,003,350 (2005, \$776,792) was transferred from contributed surplus on January 31, 2006 and 2005 representing the net loss before unrealized appreciation (depreciation) of investments for the three months then ended. This change does not affect the net asset value of the Company.

**5. Change in accounting policy:**

## Edgar Filing: CENTRAL FUND OF CANADA LTD - Form 6-K

For the year ended October 31, 2004, with retroactive application to prior periods, the Company early adopted CICA Accounting Guideline 18, Investment Companies ("AcG-18"), which requires that, for qualifying entities, investments held are to be measured and reported in the financial statements at their fair value with changes in fair value recognized in income in the period in which the change occurred. While the Company's accounting policy, prior to adoption of AcG-18, had been to measure its investments at market value, the Company did not recognize the unrealized gains and losses in income, but instead recognized them only as a separate component of shareholders' equity until realized, at which time they would be recognized in income.

### **6. Related party transactions and fees:**

For the quarter ended January 31, 2006, the Company incurred fees totaling \$47,297 (2005: \$4,202) to legal firms of which two of the Company's directors are partners, and \$434,171 (2005: \$386,818) to the Administrator, the Central Group Alberta Ltd. The Board is of the opinion that these services were undertaken under the same terms and conditions as services with unrelated parties.

Of the \$493,292 balance in accrued liabilities at January 31, 2006, \$154,447 (2005: \$124,286) relates to the January administration fee payable to the Administrator.

Effective November 1, 2005, an Amended and Restated Administration and Consulting Agreement reduced the annual administration and consulting fee schedule for at least the next ten-year term to 0.30% on the first \$400 million of total net assets, 0.20% on the next \$600 million of total net assets and 0.15% on total net assets exceeding one billion dollars.

### **7. Comparative figures:**

Certain figures for the comparative preceding period have been reclassified.
