DISCLOSURE REGARDING FORWARD-LOOKING STATEMENTS

This prospectus supplement, the accompanying prospectus and any documents incorporated by reference into this prospectus supplement or the accompanying prospectus contain certain statements related to future results, or states our intentions, beliefs and expectations or predictions for the future which are forward-looking statements as that term is defined in the Private Securities Litigation Reform Act of 1995.

Forward-looking statements relate to expectations or forecasts of future events. They use words such as "anticipate," "believe," "estimate," "expect," "forecast," "project," "intend," "plan," "potential," and other similar terms, and future or conditional tense verbs like "could," "may," "might," "should," "will" and "would." You can also identify forward-looking statements by the fact that they do not relate strictly to historical or current facts. For example, we may use forward-looking statements when addressing topics such as: market and industry conditions, including competitive and pricing trends; changes in our business strategies and methods of generating revenue; the development and performance of our services and products; changes in the composition or level of our revenues; our cost structure and the outcome of cost-saving or restructuring initiatives; the outcome of contingencies; dividend policy; the expected impact of acquisitions and dispositions; pension obligations; cash flow and liquidity; future actions by regulators; and the impact of changes in accounting rules. These forward-looking statements are subject to certain risks and uncertainties that could cause actual results to differ materially from either historical or anticipated results depending on a variety of factors. Potential factors that could impact results include:

general economic conditions in different countries in which we do business around the world, including conditions in emerging markets and in the European Union relating to sovereign debt and the continued viability of the euro;

changes in the competitive environment;

changes in global equity and fixed income markets that could influence the return on invested assets;

changes in the funding status of our various defined benefit pension plans and the impact of any increased pension funding resulting from those changes;

rating agency actions that could affect our ability to borrow funds;

fluctuations in exchange and interest rates that could impact revenue and expense;

the impact of class actions, individual lawsuits and other contingent liabilities and loss contingencies arising from errors and omissions and other claims against us, including client class actions, securities class actions, derivative actions and ERISA class actions;

the impact of any investigations brought by regulatory authorities in the United States (the "U.S."), the United Kingdom (the "U.K.") and other countries;

the cost of resolution of other contingent liabilities and loss contingencies, including potential liabilities arising from errors and omission claims against us;

failure to retain and attract qualified personnel;

the impact of, and potential challenges in complying with, legislation and regulation in the jurisdictions in which we operate, particularly given the global scope of our business and the possibility of conflicting regulatory requirements across jurisdictions in which we do business;

the effect of the Redomestication on our operations and financial results, including the reaction of our clients, employees and other constituents, the effect of compliance with applicable U.K. regulatory regimes or the failure to realize some or all of the anticipated benefits;

S-4

Table of Contents

the extent to which we retain existing clients and attract new businesses and our ability to incentivize and retain key employees;

the extent to which we manage certain risks created in connection with the various services, including fiduciary and advisory services, among others, that we currently provide, or will provide in the future, to clients;

our ability to implement restructuring initiatives and other initiatives intended to yield cost savings, and the ability to achieve those cost savings;

the potential of a system or network breach or disruption resulting in operational interruption or improper disclosure of personal data;

changes in commercial property and casualty markets and commercial premium rates that could impact revenues;

any inquiries relating to compliance with the U.S. Foreign Corrupt Practices Act and non-U.S. anti-corruption laws and with U.S. and non-U.S. trade sanctions regimes;

failure to protect intellectual property rights or allegations that we infringe on the intellectual property rights of others;

the damage to our reputation among clients, markets or other third parties;

the actions taken by third parties that perform aspects of our business operations and client services;

changes in costs or assumptions associated with our HR Solutions operating segment's outsourcing and consulting arrangements that affect the profitability of these arrangements; and

our ability to grow and develop companies that we acquire or new lines of business.

Any or all of these forward-looking statements may turn out to be inaccurate, and there are no guarantees about our performance. The factors identified above are not exhaustive. We and our subsidiaries operate in a dynamic business environment in which new risks emerge frequently. Accordingly, you should not place undue reliance on forward-looking statements, which speak only as of the dates on which they are made. We are under no obligation (and expressly disclaim any obligation) to update or alter any forward-looking statement that we may make from time to time, whether as a result of new information, future events or otherwise. Further information about factors that could materially affect Aon, including our results of operations and financial condition, is contained in the "Risk Factors" section in Part I, Item 1A of our Annual Report on Form 10-K for the year ended December 31, 2013 filed with the SEC.

The selected consolidated financial and operating data as of and for the three months ended March 31, 2014 and 2013 have been derived from Aon's unaudited condensed consolidated financial statements and related notes contained in Aon's Quarterly Report on Form 10-Q for the quarterly period ended March 31, 2014, which is incorporated by reference into this prospectus supplement, except that the balance sheet data as of March 31, 2013 has been derived from Aon's unaudited condensed consolidated financial statements contained in its Quarterly Report on Form 10-Q for the quarterly period ended March 31, 2013, which has not been incorporated by reference in this prospectus supplement. The results for the three months ended March 31, 2014 and 2013 are not necessarily indicative of the results that may be expected for the entire fiscal year. Aon's unaudited interim financial statements reflect all adjustments that management of Aon considers necessary for fair presentation of the financial position and results of operations for such periods in accordance with United States generally accepted accounting principles, which we refer to as GAAP.

Historical results are not necessarily indicative of the results that may be expected for any future period. This selected consolidated financial and operating data should be read in conjunction with Aon's audited consolidated financial statements, the notes related thereto and "Management's Discussion and Analysis of Financial Condition and Results of Operations" contained in Aon's Annual Report on Form 10-K for the year ended December 31, 2013 and Aon's unaudited consolidated financial statements, the notes related thereto and "Management's Discussion and Analysis of Financial Condition and Results of Operations" contained in Aon's Quarterly Report on Form 10-Q for the quarterly period ended March 31, 2014. See "Incorporation of Certain Documents by Reference" in this prospectus supplement.

RISK FACTORS

You should carefully consider the risks described below, the risks set forth in the accompanying prospectus and the other information set forth in this prospectus supplement, the accompanying prospectus and the documents incorporated by reference herein and therein before making an investment decision. These risks include those set forth in the "Risk Factors" section of our Annual Report on Form 10-K for the year ended December 31, 2013 filed with the SEC, and include risks that could have a material adverse effect on our and Aon Delaware's financial condition, results of operations or cash flows and which could, in turn, impact our and Aon Delaware's ability to perform our respective obligations under the Securities.

Additional risks and uncertainties not presently known to us, or that we currently deem immaterial, may also impair our or Aon Delaware's business operations. The events discussed in the risk factors below, or the risk factors in the accompanying prospectus or the documents incorporated by reference herein or therein, may occur. If they do, our or Aon Delaware's business, results of operations or financial condition could be materially adversely affected. In such an instance, the trading prices of our or Aon Delaware's securities, including the Notes, could decline and you might lose all or part of your investment.

Risks Related to the Notes

The Notes will be effectively subordinated to all of Aon plc's existing and future secured debt (to the extent of the value of the assets securing such indebtedness) and to the existing and future debt of Aon plc's subsidiaries (though you may have a direct claim as to Aon Delaware by virtue of its obligations with respect to the Guarantee), and the Guarantee will be effectively subordinated to all of Aon Delaware's existing and future secured debt (to the extent of the value of the assets securing such indebtedness) and to the existing and future debt of Aon Delaware's subsidiaries.

The Notes are not secured by any of Aon plc's assets or the assets of its subsidiaries (including Aon Delaware), and the Guarantee is not secured by any of the assets of Aon Delaware or the assets of Aon Delaware's subsidiaries. As a result, the indebtedness represented by the Notes will effectively be subordinated to any secured indebtedness Aon plc or its subsidiaries may incur, and the indebtedness represented by the Guarantee will effectively be subordinated to any secured indebtedness Aon Delaware or its subsidiaries may incur, in each case to the extent of the value of the assets securing such indebtedness. As of March 31, 2014, neither Aon plc nor Aon Delaware had any secured indebtedness for borrowed money. As of March 31, 2014, Aon plc's subsidiaries (other than Aon Delaware) had approximately \$4.0 billion of outstanding indebtedness and other liabilities, including trade payables, pensions and other post-employment liabilities, other current liabilities and non-current liabilities, but excluding intercompany liabilities and fiduciary liabilities, and Aon Delaware's subsidiaries had approximately \$3.2 billion of outstanding indebtedness and other liabilities, including trade payables, pensions and other post-employment liabilities, other current liabilities and non-current liabilities, but excluding intercompany liabilities and fiduciary liabilities. In the event of any distribution or payment of Aon plc's assets or those of Aon Delaware in any foreclosure, dissolution, winding up, liquidation or reorganization, or other bankruptcy proceeding, any secured creditors of Aon plc or of Aon Delaware, respectively, would have a superior claim to holders of the Notes to the extent of the value of their collateral. In the event of the dissolution, a winding up, liquidation or reorganization, or other bankruptcy proceeding of a subsidiary of Aon plc, creditors of that subsidiary would generally have the right to be paid in full before any distribution is made to Aon plc or you in respect of the Notes (except with respect to amounts payable by Aon Delaware under the Guarantee). In the event of a dissolution, winding up, liquidation or reorganization, or other bankruptcy proceeding of a subsidiary of Aon Delaware, creditors of that subsidiary would generally have the right to be paid in full before any distribution is made to Aon Delaware or to you in respect of the Guarantee. If any of the foregoing occur, we cannot assure you that there will be sufficient assets to pay amounts due on the Securities.

Table of Contents

We need to maintain adequate liquidity in order to have sufficient cash to meet operating cash flow requirements, repay maturing debt and satisfy other obligations. If we fail to comply with the covenants contained in our various borrowing agreements, our or Aon Delaware's liquidity, results of operations and financial condition may be adversely affected.

Our liquidity is a function of our ability to successfully generate cash flows from operations and improvement therein, access to capital markets and borrowings under our credit agreements. We believe our liquidity (including operating and other cash flows that we expect to generate) will be sufficient to meet operating requirements as they occur; however, our ability to maintain sufficient liquidity going forward depends on our ability to generate cash from operations and access to the capital markets and borrowings, all of which are subject to general economic, financial, competitive, legislative, regulatory and other market factors that are beyond our control.

We have a five-year \$400 million unsecured revolving credit facility in the U.S. ("U.S. Facility"), which expires in 2017. The U.S. facility is for general corporate purposes, including commercial paper support. Additionally, we have a five-year €650 million (\$896 million at March 31, 2014 exchange rates) multi-currency foreign credit facility ("Euro Facility") available, which expires in October 2015. At March 31, 2014, we had no borrowings outstanding under either of these facilities. At March 31, 2014, we were compliant with the financial covenants contained in our U.S. and Euro Facilities. However, failure to comply with material provisions of our covenants in the credit facilities could result in a default under the credit agreements, rendering them unavailable to us and causing a material adverse effect on our or Aon Delaware's liquidity, results of operations and financial condition.

Certain of our financing agreements, including our credit facilities, contain various covenants that limit the discretion of our management in operating our business and could prevent us from engaging in certain potentially beneficial activities, and the violation of these covenants could result in an event of default. The Securities will not have the benefit of all of these covenants.

The restrictive covenants in our financing agreements may impact how we operate our business and prevent us from engaging in certain potentially beneficial activities. For both our U.S. Facility and our Euro Facility, the two most significant covenants require us to maintain a ratio of consolidated EBITDA (earnings before interest, taxes, depreciation and amortization), adjusted for Hewitt-related transaction costs and up to \$50 million in non-recurring cash charges ("Adjusted EBITDA"), to consolidated interest expense and a ratio of consolidated debt to Adjusted EBITDA. For both facilities, the ratio of Adjusted EBITDA to consolidated interest expense must be at least 4 to 1. For the Euro Facility, the ratio of consolidated debt to Adjusted EBITDA must not exceed 3 to 1. For the U.S. Facility, the ratio of consolidated debt to Adjusted EBITDA must not exceed the lower of (a) 3.25 to 1.00 or (b) the greater of (i) 3.00 to 1.00 or (ii) consolidated debt to Adjusted EBITDA then set forth in the Euro Facility. The indenture governing the Securities does not include similar covenants. Failure to comply with the covenants contained in our credit facilities or our other existing indebtedness could result in an event of default under the credit facilities or our other existing indebtedness that, if not cured or waived, could have a material adverse effect on our or Aon Delaware's business, financial condition and results of operations. In the event of certain defaults under our credit facilities or our other indebtedness, the lenders thereunder would not be required to lend any additional amounts to us and could elect to declare all borrowings outstanding, together with accrued and unpaid interest and fees, to be due and payable.

If the indebtedness under our credit facilities or our other indebtedness, including the Securities, were to be accelerated, there can be no assurance that our assets would be sufficient to repay such indebtedness in full. See "Description of the Securities."

Table of Contents

There are no covenants in the indenture limiting our or Aon Delaware's ability to incur future indebtedness, pay dividends or transfer assets among our subsidiaries, and limited restrictions on our or Aon Delaware's ability to engage in other activities, which could adversely affect our or Aon Delaware's ability to pay our respective obligations under the Securities.

The indenture does not contain any financial covenants. The indenture will permit us and our subsidiaries (including Aon Delaware) to incur additional debt, including secured debt. Because the Securities will be unsecured, in the event of any dissolution, winding up, liquidation or reorganization or other bankruptcy proceeding regarding us or Aon Delaware, whether voluntary or involuntary, the holders of our or Aon Delaware's secured debt will be entitled to receive payment to the extent of the value of the assets securing that debt before we or Aon Delaware can make any payment with respect to the Securities. If any of the foregoing events occurs, we cannot assure you that we or Aon Delaware will have sufficient assets to pay amounts due on the Securities. As a result, you may receive a payment on the Securities that is less than that which you are entitled to receive or recover nothing if any liquidation, dissolution, reorganization, bankruptcy or other similar proceeding occurs.

The indenture does not limit our, Aon Delaware's or our respective subsidiaries' ability to issue or repurchase securities, pay dividends, incur intercompany liabilities or engage in transactions with affiliates. Our and Aon Delaware's ability to use funds for numerous purposes may limit the funds available to pay our or Aon Delaware's obligations under the Securities.

The Securities lack a developed public market.

There can be no assurance regarding the future development of a market for the Securities or the ability of holders of the Securities to sell their Securities or the price at which such holders may be able to sell their Securities. If such a market were to develop, the Securities could trade at prices that may be higher or lower than the initial offering price depending on many factors, including, among other things, prevailing interest rates, our or Aon Delaware's operating results or financial condition and the market for similar securities. Underwriters, broker-dealers and agents that participate in the distribution of the Securities may make a market in the Securities as permitted by applicable laws and regulations but will have no obligation to do so, and any such market-making activities with respect to the Securities may be discontinued at any time without notice. Therefore, there can be no assurance as to the liquidity of any trading market for the Securities or that an active public market for the Securities will develop. See "Underwriting (Conflicts of Interest)." Aon plc intends to apply to list the Notes on the New York Stock Exchange or another "recognised stock exchange" for purposes of Section 1005 of the U.K. Income Tax Act 2007; however, there can be no assurance that the Notes will be so listed by the time the Notes are delivered to purchasers.

Our and Aon Delaware's credit ratings may not reflect all risks of an investment in the Securities, and are subject to change.

The credit ratings of the Securities may not reflect the potential impact of all risks related to structure and other factors on any trading market for, or trading value of, the Securities. In addition, real or anticipated changes in our or Aon Delaware's credit ratings, which could result from any number of factors (including the modification by a credit rating agency of the criteria or methodology it applies to particular issuers, including us or Aon Delaware), will generally affect any trading market for, or trading value of, the Securities.

Holders of the Notes will receive payments solely in euro.

Except as described under "Description of the Securities Issuance and Payment in Euro" in this prospectus supplement, all payments of interest on and the principal of the Notes, any redemption price for, and any additional amounts with respect to the Notes, including any payment made under the

Table of Contents

Guarantee, will be made in euro. We, the underwriters, the trustee and the paying agents with respect to the Notes will not be obligated to convert, or to assist any registered owner or beneficial owner of Notes in converting payments of interest, principal, any redemption price, any additional amount or any payment made under the Guarantee in euro made with respect to the Notes into any other currency.

The Notes permit us to make payments in U.S. dollars if we are unable to obtain euro.

If the euro is unavailable to us due to the imposition of exchange controls or other circumstances beyond our control or if the euro is no longer being used by the then member states of the European Monetary Union that have adopted the euro as their currency or for the settlement of transactions by public institutions of or within the international banking community, then all payments in respect of the Notes will be made in U.S. dollars until the euro is again available to us or so used. The amount payable on any date in euro will be converted into the U.S. dollars at the rate mandated by the U.S. Federal Reserve Board as of the close of business on the second business day prior to the relevant payment date or, in the event the U.S. Federal Reserve Board has not mandated a rate of conversion, on the basis of the then most recent U.S. dollar/euro exchange rate published in *The Wall Street Journal* on or most recently prior to the second business day prior to the relevant payment date. Any payment in respect of the Notes so made in U.S. dollars will not constitute an event of default under the Notes or the indenture governing the Notes.

Holders of the Notes may be subject to the effects of foreign currency exchange rate fluctuations, as well as possible exchange controls, relating to the euro.

The initial investors in the Notes will be required to pay for the Notes in euro. Neither we, the Trustee, the Principal Paying Agent nor the underwriters will be obligated to assist the initial investors in obtaining euro or in converting other currencies into euro to facilitate the payment of the purchase price for the Notes.

An investment in any security denominated in, and all payments with respect to which are to be made in, a currency other than the currency of the country in which an investor in Notes resides or the currency in which an investor conducts its business or activities (the "investor's home currency"), entails significant risks not associated with a similar investment in a security denominated in the investor's home currency. In the case of the Notes offered hereby, these risks may include the possibility of:

significant changes in rates of exchange between the euro and the investor's home currency; and

the imposition or modification of foreign exchange controls with respect to the euro or the investor's home currency.

We have no control over a number of factors affecting the Notes offered hereby and foreign exchange rates, including economic, financial and political events that are important in determining the existence, magnitude and longevity of these risks and their effects. Changes in foreign currency exchange rates between two currencies result from the interaction over time of many factors directly or indirectly affecting economic and political conditions in the countries issuing such currencies, and economic and political developments globally and in other relevant countries. Foreign currency exchange rates may be affected by, among other factors, existing and expected rates of inflation, existing and expected interest rate levels, the balance of payments between countries, the aggregate amount of a national government's outstanding debt, and the extent of governmental surpluses or deficits in various countries. All of these factors are, in turn, sensitive to the monetary, fiscal and trade policies pursued by the governments of various countries important to international trade and finance. Moreover, current global economic conditions and the actions taken or to be taken by various national governments in response to such conditions could significantly affect the exchange rates between the euro and the investor's home currency. Finally, if one or more member states of the European

Table of Contents

Monetary Union were to withdraw from that union and cease to use the euro as their currency, the value of the euro could be materially adversely affected.

The exchange rates of an investor's home currency for euro and the fluctuations in those exchange rates that have occurred in the past are not necessarily indicative of the exchange rates or the fluctuations therein that may occur in the future. Depreciation of the euro against the investor's home currency would result in a decrease in the investor's home currency equivalent yield on a note, in the investor's home currency equivalent of the principal payable at the maturity of that note and generally in the investor's home currency equivalent market value of that note. Appreciation of the euro in relation to the investor's home currency would have the opposite effects.

The European Union or one or more of its member states may, in the future, impose exchange controls and modify any exchange controls imposed, which controls could affect exchange rates as well as the availability of euro at the time of payment of principal of, interest on, or any redemption payment or additional amounts with respect to, the Notes.

This description of foreign exchange risks does not describe all the risks of an investment in securities, including, in particular, the Notes, that are denominated or payable in a currency other than an investor's home currency. You should consult your own financial and legal advisors as to the risks involved in an investment in the Notes.

Trading in the clearing system is subject to minimum denomination requirements.

The terms of the Notes provide that the Notes will be issued with a minimum denomination of €100,000 and multiples of €1,000 in excess thereof. It is possible that the clearing systems may process trades that could result in amounts being held in denominations smaller than the minimum denominations. If definitive notes are required to be issued in relation to such Notes in accordance with the provisions of the relevant global Notes, a holder who does not have the minimum denomination or a multiple of €1,000 in excess thereof in its account with the relevant clearing system at the relevant time may not receive all of its entitlement in the form of definitive Notes unless and until such time as its holding satisfies the minimum denomination requirement.

In a lawsuit for payment on the Notes, an investor may bear currency exchange risk or have difficulty bringing claims against us in courts outside of the U.S.

The indenture is, and the Notes will be, governed by the laws of the State of New York. Under New York law, a New York state court rendering a judgment on the Notes would be required to render the judgment in euro. However, the judgment would be converted into U.S. dollars at the exchange rate prevailing on the date of entry of the judgment. Consequently, in a lawsuit for payment on the Notes, investors would bear currency exchange risk until a New York state court judgment is entered, which could take a significant amount of time. A Federal court sitting in New York with diversity jurisdiction over a dispute arising in connection with the Notes would apply the foregoing New York law.

In U.S. courts outside of New York, investors may not be able to obtain a judgment in a currency other than U.S. dollars. For example, a judgment for money in an action based on the Notes in many other U.S. federal or state courts ordinarily would be enforced in the United States only in U.S. dollars. The date used to determine the rate of conversion of euro into U.S. dollars would depend upon various factors, including which court renders the judgment and when the judgment is rendered.

In addition, it may be difficult for investors to bring claims against us in the courts of other countries. For example, there is doubt as to the enforceability in England and Wales, in original actions or in actions for enforcement of judgments of U.S. courts, of civil liabilities solely based on the U.S. federal securities laws. Because Aon plc is a public limited company incorporated under the laws of England and Wales, it may be more difficult (or impossible) to bring some types of claims against us in courts in England than it would be to bring similar claims against a U.S. company in a U.S. court.

DESCRIPTION OF THE SECURITIES

The following description of the particular terms of the Securities offered by this prospectus supplement supplements, and to the extent inconsistent therewith, replaces the description of the general terms and provisions of the Securities set forth under the caption "Description of Debt Securities and Guarantees" in the accompanying prospectus. Terms used in this prospectus supplement that are otherwise not defined have the meanings given to them in the accompanying prospectus.

Aon plc will issue €500,000,000 aggregate principal amount of 2.875% senior notes due 2026 (the "Notes") pursuant to an indenture dated May 24, 2013 among Aon plc, as issuer, Aon Delaware, as guarantor, and The Bank of New York Mellon Trust Company, N.A., as Trustee (the "Trustee"). The following is a summary of the material provisions of the indenture. It does not include all of the provisions of the indenture. We urge you to read the indenture because it, not this description, defines your rights. The terms of the Notes include those stated in the indenture and those made part of the indenture by reference to the Trust Indenture Act of 1939, as amended (the "TIA"). A copy of the indenture may be obtained from the Issuer.

Aon plc will issue the Notes in fully registered form in denominations of €100,000 and integral multiples of €1,000 in excess thereof.

The Bank of New York Mellon, London Branch will initially act as Principal Paying Agent for the Notes. The Bank of New York Mellon Trust Company, N.A. will initially act as registrar for the Notes. Upon notice to the Trustee, Aon plc may change any paying agent or registrar.

The Notes may be presented for registration of transfer and exchange at the offices of the registrar. It is expected that Aon plc will pay principal and interest (and premium, if any) on the Notes (and, as necessary, Aon Delaware will pay such amounts in relation to the Guarantee) at the Trustee's corporate office by wire transfer, if book-entry at the clearing systems, or check mailed to the registered address of holders.

Principal, Maturity and Interest

The Notes will mature on May 14, 2026. €500,000,000 in aggregate principal amount of Notes will be issued in this offering. After the issue date of the Notes, additional Notes ("Additional Notes") may be issued from time to time; *provided, however*, that if the Additional Notes are not fungible with the Notes for U.S. federal income tax purposes, the Additional Notes will have separate ISIN and Common Code numbers. The Notes and any Additional Notes that are actually issued will be treated as a single class for all purposes, under the indenture, including, without limitation, as to waivers, amendments, redemptions and offers to purchase. Unless the context otherwise requires, for all purposes of the indenture and this "Description of the Securities," references to the Notes include any Additional Notes actually issued.

Interest on the Notes will accrue at the rate of 2.875% per annum and will be payable annually in arrears in cash on May 14 of each year, commencing on May 14, 2015, to the persons who are registered holders at the close of business on the April 30 immediately preceding the interest payment date. Interest on the Notes will accrue from the most recent date to which interest has been paid or, if no interest has been paid, from and including the date of issuance, to but excluding the actual interest payment date.

Interest will be computed on the basis of the actual number of days in the period for which interest is being calculated and the actual number of days from and including the last date on which interest was paid on the Notes (or the date of issuance if no interest has been paid on the Notes), to but excluding the next scheduled interest payment date. This payment convention is referred to as ACTUAL/ACTUAL (ICMA) as defined in the rulebook of the International Capital Market Association.

Table of Contents

If any interest payment date falls on a day that is not a business day, the interest payment will be made on the next succeeding business day, and we will not be liable for any additional interest as a result of the delay in payment. If a maturity date falls on a day that is not a business day, the related payment of principal and interest will be made on the next succeeding business day, and no interest will accrue on the amounts so payable for the period from and after such date to the next succeeding business day. The term "business day" means any day, other than a Saturday or a Sunday, (1) which is not a day on which banking institutions are authorized or obligated by law or executive order to close in London and (2) on which the Trans-European Automated Real-time Gross Settlement Express Transfer system (the TARGET2 system), or any successor thereto, is open.

We intend to apply to list the Notes on the New York Stock Exchange or another "recognised stock exchange" for purposes of Section 1005 of the U.K. Income Tax Act 2007.

Issuance and Payment in Euro

Initial holders will be required to pay for the Notes in euro, and all payments of interest and principal, including payments made upon any redemption of the Notes or any payment made under the Guarantee, will be payable in euro. If, on or after the date of this prospectus supplement, the euro is unavailable to us due to the imposition of exchange controls or other circumstances beyond our control or if the euro is no longer being used by the then member states of the European Monetary Union that have adopted the euro as their currency or for the settlement of transactions by public institutions of or within the international banking community, then all payments in respect of the Notes will be made in U.S. dollars until the euro is again available to us or so used. The amount payable on any date in euro will be converted into U.S. dollars on the basis of the most recently available market exchange rate for euro. See "Exchange Rates" for historical information on euro-dollar exchange rates. Any payment in respect of the Notes so made in U.S. dollars will not constitute an event of default under the Notes or the indenture governing the Notes. Neither the trustee nor any paying agent shall have any responsibility for any calculation or conversion in connection with the foregoing.

Investors will be subject to foreign exchange risks as to payments of principal and interest that may have important economic and tax consequences to them. See "Risk Factors."

Optional Redemption

Aon plc may at its option redeem all of the Notes at any time and some of the Notes from time to time, at a redemption price equal to the greater of:

- (i) 100% of the principal amount of the Notes being redeemed; and
- (ii) the sum of the present values of the remaining scheduled payments of principal and interest thereon (not including any portion of such payments of interest accrued as of the redemption date), discounted to the date of redemption on an annual basis (ACTUAL/ACTUAL (ICMA)) at the applicable Comparable Government Bond Rate (as defined below), plus 22 basis points (0.22%),

plus, in either case, accrued and unpaid interest on the principal amount of the Notes being redeemed to but excluding the redemption date.

On or after February 14, 2026, Aon plc may redeem any or all of the Notes at a redemption price equal to 100% of the principal amount of the Notes being redeemed, plus accrued and unpaid interest on the principal amount of the Notes being redeemed to but excluding the redemption date.

Notwithstanding the foregoing, installments of interest on Notes being redeemed that are due and payable on interest payment dates falling on or prior to a redemption date will be payable on the

Table of Contents

interest payment date to the registered holders as of the close of business on the relevant record date according to the Notes and the indenture.

"Comparable Government Bond Rate" means the price, expressed as a percentage (rounded to three decimal places, with 0.0005 being rounded upwards), at which the gross redemption yield on the Notes to be redeemed, if they were to be purchased at such price on the third business day prior to the date fixed for redemption, would be equal to the gross redemption yield on such business day of the Comparable Government Bond (as defined below) on the basis of the middle market price of the Comparable Government Bond prevailing at 11:00 a.m. (London time) on such business day as determined by an independent investment bank selected by us.

"Comparable Government Bond" means, in relation to any Comparable Government Bond Rate calculation, at the discretion of an independent investment bank selected by us, a German government bond whose maturity is closest to the maturity of the Notes to be redeemed, or if such independent investment bank in its discretion determines that such similar bond is not in issue, such other German government bond as such independent investment bank may, with the advice of three brokers of, and/or market makers in, German government bonds selected by us, determine to be appropriate for determining the Comparable Government Bond Rate.

Notice of any redemption described under "Optional Redemption" will be mailed at least 30 days but not more than 90 days before the redemption date to each holder of the Notes to be redeemed. Unless we and Aon Delaware default in payment of the redemption price, on and after the redemption date, interest will cease to accrue on the Notes or portions thereof called for redemption. If less than all the Notes are to be redeemed, the Notes to be redeemed shall be selected in accordance with applicable depositary procedures.

Guarantee

Under the Guarantee, Aon Delaware will fully and unconditionally guarantee the due and punctual payment of the principal, interest, premium (if any) and all other amounts due under the Indenture and on the Notes when the Notes become due and payable, whether at maturity, pursuant to optional redemption, by acceleration or otherwise, in each case after any applicable grace periods or notice requirements, according to the terms of the Notes.

The obligations of Aon Delaware under the Guarantee will be unconditional, regardless of the enforceability of the Notes, and will not be discharged until all obligations under the Notes and the indenture are satisfied. Holders of the Notes may proceed directly against Aon Delaware under the Guarantee if an event of default affecting the Notes occurs without first proceeding against Aon plc.

Payment of Additional Amounts

Payments made by Aon plc, Aon Delaware or a paying agent, as applicable, on the Notes or in respect of the Guarantee will be made free and clear of and without withholding or deduction for or on account of any present or future income, stamp or other tax, duty, levy, impost, assessment or other governmental charge of any nature whatsoever imposed or levied by or on behalf of the government of the United Kingdom or the United States (each, a "Home Country Jurisdiction"), of any territory of the Home Country Jurisdiction or by any authority or agency therein or thereof having the power to tax, which we refer to collectively as "Taxes," unless Aon plc, Aon Delaware or a paying agent is required to withhold or deduct Taxes by law.

Table of Contents

If Aon plc, Aon Delaware or a withholding agent is required to withhold or deduct any amount for or on account of Taxes from any payment made with respect to the Notes or the Guarantee, Aon plc or Aon Delaware, as applicable, will pay such additional amounts as may be necessary so that the net amount received by each beneficial owner (including additional amounts) after such withholding or deduction will not be less than the amount the beneficial owner would have received if the Taxes had not been withheld or deducted; *provided* that no additional amounts will be payable with respect to Taxes:

that would not have been imposed but for the existence of any present or former connection between such Holder or beneficial owner of the Securities (or between a fiduciary, settlor, beneficiary, member or shareholder of, or possessor of a power over, such holder or beneficial owner, if such Holder or beneficial owner is an estate, trust, partnership or corporation) and such Home Country Jurisdiction or any political subdivision or territory or possession thereof or therein or area subject to its jurisdiction, including, without limitation, such Holder or beneficial owner (or such fiduciary, settlor, beneficiary, member, shareholder or possessor) being or having been a citizen or resident thereof or treated as a resident thereof or domiciled thereof or a national thereof or being or having been present or engaged in trade or business therein or having or having had a permanent establishment therein;

that are estate, inheritance, gift, sales, transfer, personal property, wealth or similar taxes, duties, assessments or other governmental charges;

payable other than by withholding from payments of principal of and premium, if any, or interest on the Notes or from payments in respect of the Guarantee;

that would not have been imposed but for the failure of the applicable recipient of such payment to comply with any certification, identification, information, documentation or other reporting requirement to the extent:

such compliance is required by applicable law or administrative practice or an applicable treaty as a precondition to exemption from, or reduction in, the rate of deduction or withholding of such Taxes; and

at least 30 days before the first payment date with respect to which such additional amounts shall be payable, Aon plc or Aon Delaware, as the case may be, has notified such recipient in writing that such recipient is required to comply with such requirement;

that would not have been imposed but for the presentation of a Security (where presentation is required) for payment on a date more than 30 days after the date on which such payment became due and payable or the date on which payment thereof was duly provided for, whichever occurred later;

that are imposed on a payment and are required to be made pursuant to European Council Directive 2003/48/EC or any other Directive amending, supplementing or replacing such Directive, or any law implementing or complying with, or introduced in order to conform to, such Directive or Directives;

that are imposed or withheld pursuant to Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986, as amended (the "Code"), as of the issue date (or any amended or successor version of such sections), any regulations promulgated thereunder, any official interpretations thereof, any similar law or regulation adopted pursuant to an intergovernmental agreement between a non-U.S. jurisdiction and the United States with respect to the foregoing or any agreements entered into pursuant to Section 1471(b)(1) of the Code;

that would not have been imposed if presentation for payment of a Security had been made to a paying agent other than the paying agent to which the presentation was made; or

any combination of the foregoing items;

nor shall additional amounts be paid with respect to any payment of the principal of or premium, if any, or interest, if any, on any Note or any payment in respect of the Guarantee to any such Holder who is a fiduciary or a partnership or a beneficial owner who is other than the sole beneficial owner of such payment to the extent a beneficiary or settlor with respect to such fiduciary or a member of such partnership or a beneficial owner would not have been entitled to such additional amounts had it been the Holder of the Security.

All references in this prospectus supplement and the accompanying prospectus, other than under "Defeasance" in the accompanying prospectus, to the payment of the principal of or premium, if any, or interest, if any, on or the net proceeds received on the sale or exchange of, any Notes or any payment made under the Guarantee shall be deemed to include additional amounts to the extent that, in that context, additional amounts are, were or would be payable.

Aon plc has agreed in the indenture that if it maintains a paying agent with respect to the Notes in any member state of the European Union, it will maintain a paying agent in at least one member state that will not be obliged to withhold or deduct taxes pursuant to European Council Directive 2003/48/EC or any other Directive amending, supplementing or replacing such Directive or any law implementing or complying with, or introduced in order to conform to such Directive or Directives, provided there is at least one member state that does not require a paying agent to withhold or deduct pursuant to such Directive.

Aon plc's and Aon Delaware's obligations to pay additional amounts if and when due will survive the termination of the indenture and the payment of all other amounts in respect of the Notes.

If, as a result of Aon plc's or Aon Delaware's consolidation, merger with or conversion into a successor person organized under the laws of a jurisdiction other than the United Kingdom or the United States (or, in each case, any political subdivision or taxing authority thereof) as described in the accompanying prospectus under "Description of the Debt Securities and Guarantees Consolidation and Merger," or the conveyance, transfer or lease by Aon plc or Aon Delaware of its assets substantially as an entirety to such successor person, and such an entity expressly assumes the obligations of Aon plc or Aon Delaware under the indenture and the Notes or the Guarantee, as applicable, such successor person will pay additional amounts on the same basis as described above, except that references to a "Home Country Jurisdiction" will be treated as references to the United Kingdom, the United States and the country in which such successor person is organized or resident (or deemed resident for tax purposes).

Optional Tax Redemption

Aon plc may redeem the Notes in whole, but not in part, at its option at any time prior to maturity, upon the giving of not less than 30 nor more than 90 days' notice of tax redemption to the Holders, at a redemption price equal to the principal amount of the Notes plus accrued and unpaid interest, if any, to the redemption date, if:

it determines that, as a result of any change in, amendment to or announced proposed change in the laws or any regulations or rulings promulgated thereunder of a Home Country Jurisdiction (or of any political subdivision or taxing authority thereof) or, in the event of the assumption of its or Aon Delaware's obligations under the Notes or the Guarantee, as applicable, by a successor person not organized under the laws of a Home Country Jurisdiction (or, in each case, any political subdivision or taxing authority thereof as described in the accompanying prospectus under "Description of the Debt Securities and Guarantees Consolidation and Merger"), the jurisdiction in which such successor person is organized (or deemed resident for tax purposes), or any change in the application or official interpretation of such laws, regulations or rulings, or

Table of Contents

(in either case) any change in the application or official interpretation of, or any execution of or amendment to, any treaty or treaties affecting taxation to which any such jurisdiction is a party, which change, execution or amendment becomes effective on or after (i) the issue date of the Notes or (ii) in the event of the assumption by a successor person of Aon plc's or Aon Delaware's obligations under the indenture and the Notes or the Guarantee, as applicable, as described in the accompanying prospectus under "Description of the Debt Securities and Guarantees Consolidation and Merger," under the laws of a jurisdiction other than a Home Country Jurisdiction (or, in each case, any political subdivision or taxing authority thereof), with respect to taxes imposed by such other jurisdiction, the date of the transaction resulting in such assumption and, in the case of either of (i) or (ii), Aon plc, Aon Delaware or such successor person, as applicable, would be required to pay additional amounts (as described under "Payment of Additional Amounts") with respect to the Notes or the Guarantee on the next succeeding interest payment date and the payment of such additional amounts cannot be avoided by the use of reasonable measures available to Aon plc, Aon Delaware or such successor person, as applicable; or

it determines, based upon an opinion of independent counsel of recognized standing that, as a result of any action taken by any legislative body of, taxing authority of, or any action brought in a court of competent jurisdiction in, a Home Country Jurisdiction (or any political subdivision or taxing authority thereof) or, in the event of the assumption of its or Aon Delaware's obligations under the Notes or Guarantee, as applicable, by a successor person not organized under the laws of a Home Country Jurisdiction (or, in each case, any political subdivision thereof as described under "Description of the Debt Securities and Guarantees Consolidation and Merger"), the jurisdiction in which such successor person is organized (or deemed resident for tax purposes), which action is taken or brought on or after (i) the issue date of the Notes or (ii) in the event of the assumption by a successor person of Aon plc's or Aon Delaware's obligations under the indenture and the Notes or the Guarantee, as applicable, as described in the accompanying prospectus under "Description of the Debt Securities and Guarantees Consolidation and Merger," under the laws of a jurisdiction other than a Home Country Jurisdiction (or, in each case, any political subdivision or taxing authority thereof), with respect to taxes imposed by such other jurisdiction, the date of the transaction resulting in such assumption and, in the case of either of (i) and (ii), there is a substantial probability that the circumstances described above would exist.

No notice of any such redemption may be given earlier than 90 days prior to the earliest date on which Aon plc, Aon Delaware or such successor person, as applicable, would be obligated to pay any additional amounts.

Aon plc, Aon Delaware or such successor person will also pay to each Holder, or make available for payment to each such Holder, on the redemption date, any additional amounts (as described under "Payment of Additional Amounts") resulting from the payment of such redemption price by it. Prior to the delivery of any notice of redemption, Aon plc or such successor person will deliver to the Trustee an officer's certificate stating that it is entitled to effect or cause a redemption and setting forth a statement of facts showing that the conditions precedent of the right so to redeem or cause such redemption have occurred, and in the case of a redemption based on an opinion of independent counsel referred to in the second bullet above, such independent counsel's opinion. Delivery of any notice of redemption will be conclusive and binding on the Holders of the Securities.

Any notice of redemption will be irrevocable once an officer's certificate has been delivered to the Trustee.

MATERIAL UNITED STATES FEDERAL INCOME TAX CONSEQUENCES

The following discussion is a general summary of the material U.S. federal income tax consequences of the acquisition, ownership and disposition of the Notes pursuant to this offering, but does not purport to be a complete analysis of all potential tax effects. The summary is limited to consequences relevant to a U.S. Holder (as defined below), except to the extent discussed in " *Foreign Account Tax Compliance*." This discussion is based upon the Internal Revenue Code of 1986, as amended (the "Code"), the U.S. Treasury regulations promulgated thereunder, administrative pronouncements and judicial decisions, all as of the date hereof and all of which are subject to change, possibly on a retroactive basis. We have not sought and will not seek any rulings from the Internal Revenue Service (the "IRS") regarding the matters discussed below. There can be no assurance the IRS or a court will not take a contrary position to that discussed below regarding the tax consequences of the acquisition, ownership and disposition of the Notes.

This discussion applies only to U.S. Holders that acquire the Notes in connection with their initial issuance at their original "issue price" within the meaning of section 1273 of the Code (i.e., the first price at which a substantial amount of the Notes is sold to the public for cash) and hold the Notes as "capital assets" within the meaning of section 1221 of the Code (generally, property held for investment). This discussion does not address all aspects of U.S. federal income taxation that might be important to particular investors in light of their individual circumstances or the U.S. federal income tax consequences applicable to special classes of taxpayers, including, without limitation, banks and other financial institutions, insurance companies, real estate investment trusts, regulated investment companies, tax-exempt organizations or governmental organizations, S corporations, partnerships or other entities or arrangements treated as partnerships for U.S. federal income tax purposes or other pass-through entities and investors therein, dealers in securities, traders in securities, persons liable for U.S. federal alternative minimum tax or the Medicare contribution tax on net investment income, U.S. Holders whose functional currency is not the U.S. dollar, U.S. expatriates and former citizens or long-term residents of the United States, "controlled foreign corporations," "passive foreign investment companies," and corporations that accumulate earnings to avoid U.S. federal income tax, persons deemed to sell the Notes under the constructive sale provisions of the Code, and persons holding the Notes as part of a hedging or conversion transaction or other integrated investment or a straddle or other risk reduction strategy. The discussion does not address any foreign, state, local or non-income tax consequences of the acquisition, ownership or disposition of the Notes.

For purposes of this discussion, a "U.S. Holder" means a beneficial owner of a Note that, for U.S. federal income tax purposes, is or is treated as:

an individual who is a citizen or resident of the United States;

a corporation created or organized in or under the laws of the United States, any state within the United States, or the District of Columbia;

an estate, the income of which is subject to U.S. federal income taxation regardless of its source; or

a trust, if (i) a U.S. court is able to exercise primary supervision over the trust's administration and one or more "United States persons" (as defined in the Code) have the authority to control all substantial decisions of the trust, or (ii) a valid election is in place under applicable U.S. Treasury regulations to treat such trust as a United States person for U.S. federal income tax purposes.

If an entity treated as a partnership for U.S. federal income tax purposes holds a Note, the tax treatment of a partner will generally depend upon the status of the partner, the activities of the partnership and certain determinations made at the partner level. Such partnerships and partners in

Table of Contents

such partnerships should consult their own tax advisors about the U.S. federal income and other tax consequences of the acquisition, ownership and disposition of a Note.

This discussion is for informational purposes only and is not tax advice. Holders should consult their own tax advisors regarding the application of the U.S. federal income tax laws to their particular situations and the consequences of the acquisition, ownership and disposition of the Notes under U.S. federal tax laws (including estate or gift tax laws), as well as foreign, state or local laws and tax treaties, and the possible effects of changes in tax laws.

Payments of Interest

Payments of qualified stated interest ("QSI") on Notes (including any amounts withheld and any additional amounts paid) beneficially owned by a U.S. Holder generally will be taxable as ordinary interest income at the time payments are accrued or are received in accordance with the U.S. Holder's regular method of accounting for U.S. federal income tax purposes. QSI generally means stated interest that is unconditionally payable in cash or in property at least annually at a single fixed rate. Interest on the Notes are generally required to be paid annually, subject to deferral in certain circumstances. Although applicable U.S. Treasury regulations provide that interest will not fail to be treated as QSI merely because payment may be deferred if the payment date falls on a Saturday, Sunday or U.S. federal holiday (and additional interest is not payable as a result of such deferral), interest payments on the Notes may be deferred if the payment date falls on a day on which banking institutions in London or the TARGET2 system are closed. It is unclear whether interest on the Notes will be treated as QSI because such interest may be deferred in circumstances not specified in applicable U.S. Treasury regulations. Although not free from doubt, we intend to take the position (to the extent we are required to do so), and this disclosure assumes, that the payments of stated interest under the Notes will be treated as QSI. If the payments of stated interest were not treated as QSI, a U.S. Holder of the Notes would be required to include stated interest at the time payments are accrued, regardless of the U.S. Holder's method of accounting. U.S. Holders should consult their tax advisors regarding the U.S. federal income tax treatment of payments of stated interest.

Subject to the discussion of exchange gain or loss below, interest income on a Note will constitute foreign source income and will generally constitute "passive category income" for U.S. foreign tax credit purposes. Prospective purchasers should consult their tax advisors concerning the applicability of the foreign tax credit and source of income rules to income attributable to the Notes.

A cash basis U.S. Holder that receives an interest payment denominated in euro will be required to include in income the U.S. dollar value of the euro interest payment based on the exchange rate in effect on the date of receipt, regardless of whether the payment is in fact converted into U.S. dollars. A cash basis U.S. Holder generally will not have exchange gain or loss on the receipt of the interest payment but may have exchange gain or loss when the holder disposes of any euro such holder receives (as discussed below under " *Exchange of Foreign Currencies*").

An accrual basis U.S. Holder that receives an interest payment denominated in euro may determine the amount of income recognized in accordance with either two methods. Under the first method, the amount of income accrued will be based on the average exchange rate in effect during the interest accrual period (or, in the case of an accrual period that spans two taxable years, the part of the period within the taxable year). Under the second method, an accrual basis U.S. Holder may elect to determine the amount of income accrued based on the exchange rate in effect on the last day of the accrual period (or, in the case of an accrual period that spans two taxable years, the exchange rate in effect on the last day of the part of the period within the taxable year). Alternatively, if a payment of interest is actually received within five business days of the last day of the accrual period, an electing accrual basis U.S. Holder may instead translate the accrued interest into U.S. dollars at the exchange

Table of Contents

rate on the date of actual receipt. Any such election will apply to all debt instruments held by the electing U.S. Holder and will be irrevocable without the consent of the IRS.

Upon an accrual basis U.S. Holder's receipt of an interest payment denominated in euro, the U.S. Holder may recognize U.S. source exchange gain or loss (taxable as U.S. source ordinary income or loss) equal to the difference between the amount received (translated into U.S. dollars at the exchange rate on the date of receipt) and the amount previously accrued (translated into U.S. dollars as described above), regardless of whether the payment is in fact converted into U.S. dollars.

Sale, Exchange, Redemption or Other Taxable Disposition of the Notes

Upon the sale, exchange, redemption or other taxable disposition of the Notes, a U.S. Holder generally will recognize gain or loss equal to the difference, if any, between (i) the amount realized upon the sale, exchange, redemption or other taxable disposition of the Notes, other than amounts attributable to accrued and unpaid interest (which will be taxed as ordinary interest income to the extent such interest has not been previously included in income, as described above under " *Payments of Interest*"), and (ii) the U.S. Holder's adjusted tax basis in the Notes.

The amount realized by a U.S. Holder is the sum of cash plus the fair market value of all other property received on the sale, exchange, redemption or other taxable disposition. If a U.S. Holder receives foreign currency on a sale or other taxable disposition of a Note, the amount realized will be translated into U.S. dollars based on the exchange rate on the date of disposition. If the Notes are traded on an established securities market, a cash basis U.S. Holder and an electing accrual basis U.S. Holder will determine the U.S. dollar value of such foreign currency based on the exchange rate in effect on the settlement date of the disposition. If an accrual basis U.S. Holder makes this election, the election must be applied consistently by such holder from year to year and cannot be revoked without the consent of the IRS.

A U.S. Holder's adjusted tax basis in the Notes generally will be its cost for the Notes. The cost of a Note purchased with euro will be the U.S. dollar value of the purchase price determined based on the exchange rate on the date of purchase.

A U.S. Holder will recognize exchange gain or loss (taxable as ordinary income or loss) on the sale or other taxable disposition of a Note equal to the difference, if any, between the U.S. dollar value of the U.S. Holder's purchase price of the Note on (i) the date of sale or other taxable disposition and (ii) the date on which the U.S. Holder acquired the Note (or, with respect to (i) and (ii), if such U.S. Holder is a cash basis or electing accrual basis taxpayer and the Notes are treated as being traded on an "established securities market" for this purpose, the settlement date). Any such exchange gain or loss (including any exchange gain or loss with respect to the receipt of accrued but unpaid interest) will be realized only to the extent of the total gain or loss realized on the sale or other taxable disposition by a U.S. Holder, and will generally be treated as U.S. source income. Prospective purchasers should consult their tax advisors as to the foreign tax credit implications of the sale or other taxable disposition of Notes.

Gain or loss in excess of exchange gain or loss a U.S. Holder recognizes on the sale, exchange, redemption or other taxable disposition of the Notes generally will be U.S. source capital gain or loss. Such gain or loss generally will be long-term capital gain or loss if a U.S. Holder has held the Notes for more than one year. For non-corporate U.S. Holders, long-term capital gains are taxed at a lower rate than ordinary income. The deductibility of capital losses is subject to limitations. A U.S. Holder should consult its own tax advisor regarding the deductibility of capital losses in its particular circumstances.

Table of Contents

Exchange of Foreign Currencies

A U.S. Holder will have a tax basis in any euro received as stated interest or any foreign currency received upon the sale or other taxable disposition of a Note equal to the U.S. dollar value based on the exchange rate in effect on the date of receipt of such euro or other foreign currency. Any gain or loss realized by a U.S. Holder on a sale or other taxable disposition of foreign currency, including their exchange for U.S. dollars, will be ordinary income or loss generally not treated as interest income or expense and generally will be U.S. source income or loss for U.S. foreign tax credit purposes.

Backup Withholding and Information Reporting

In general, a U.S. Holder that is not an "exempt recipient" will be subject to U.S. federal backup withholding at the applicable rate (currently 28%) with respect to payments on the Notes and the proceeds of a sale, exchange, redemption or other taxable disposition of the Notes, unless the U.S. Holder provides its taxpayer identification number to the paying agent and certifies, under penalties of perjury, that it is not subject to backup withholding on an IRS Form W-9 (Request for Taxpayer Identification Number and Certification) and otherwise complies with the applicable requirements of the backup withholding rules. Backup withholding is not an additional tax. The amount of any backup withholding from a payment to a U.S. Holder may be allowed as a credit against such U.S. Holder's U.S. federal income tax liability and may entitle such U.S. Holder to a refund, provided the required information is furnished to the IRS in a timely manner. In addition, payments on the Notes made to, and the proceeds of a sale or other taxable disposition received by, a U.S. Holder that is not an exempt recipient generally will be subject to information reporting requirements.

Tax Return Disclosure Requirements

Treasury regulations issued under the Code meant to require the reporting to the IRS of certain tax shelter transactions cover certain transactions generally not regarded as tax shelters, including certain foreign currency transactions giving rise to losses in excess of a certain minimum amount (e.g., \$50,000 in the case of an individual or trust), such as the receipt or accrual of interest or a sale or other taxable disposition of a foreign currency note or foreign currency received in respect of a foreign currency note. U.S. Holders should consult their tax advisors to determine the tax return disclosure obligations, if any, with respect to an investment in the Notes, including any requirement to file IRS Form 8886 (Reportable Transaction Disclosure Statement).

Individuals that own "specified foreign financial assets" with an aggregate value in excess of \$50,000 on the last day of the tax year or more than \$75,000 at any time during the tax year (or such larger values as specified in applicable Treasury regulations), generally are required to file an information report with respect to such assets with their tax returns. The Notes generally will constitute specified foreign financial assets subject to these reporting requirements, unless the Notes are held in an account at a U.S. financial institution.

U.S. Holders are urged to consult their tax advisors regarding the application of the foregoing disclosure requirements to their ownership of the Notes, including the significant penalties for non-compliance.

Foreign Account Tax Compliance

Pursuant to Sections 1471 through 1474 of the Code (provisions commonly known as "FATCA"), a "foreign financial institution" may be required to withhold U.S. tax on payments on certain debt instruments and the gross proceeds from the disposition of such debt instruments. However, the application of these rules is not clear. If Aon plc were treated as a foreign financial institution, debt instruments issued by it on or prior to the date that is six months after the date on which applicable final Treasury regulations are filed, generally would be "grandfathered" from FATCA unless "materially

Table of Contents

modified" (for U.S. federal income tax purposes) after such date. Non-U.S. governments have entered into agreements with the United States (and additional non-U.S. governments are expected to enter into such agreements) to implement FATCA in a manner that alters the rules described herein. Holders should consult their own tax advisors on how these rules may apply to their investment in the Notes. In the event any withholding under FATCA is required or advisable with respect to any payments on the Notes, there will be no additional amounts payable to compensate for the withheld amount.

The U.S. federal income tax discussion set forth above may not be applicable depending upon a U.S. Holder's particular situation. Prospective purchasers of the Notes should consult their own tax advisors with respect to the tax consequences to them of the acquisition, ownership and disposition of the Notes, including the tax consequences under state, local, estate, foreign and other tax laws and tax treaties and the possible effects of changes in U.S. or other tax laws.

CERTAIN UNITED KINGDOM TAX CONSEQUENCES

The following is a general summary of the U.K. withholding tax consequences and reporting requirements in relation to payments of interest on the Notes and payments in respect of the Guarantee and of the U.K. stamp duty and stamp duty reserve tax consequences of the issue or transfer of the Notes. This summary does not deal with other U.K. tax aspects of acquiring, holding or disposing of the Securities. This summary is based upon U.K. tax law and the published practice of HM Revenue and Customs ("HMRC") in effect on the date of this prospectus supplement and is subject to any change in law or practice which may take effect after that date (including with retrospective effect).

Holders (or prospective holders) of Securities who are in any doubt as to their tax position should consult their professional advisors.

U.K. Withholding Tax

Payments of interest on the Notes

If the Notes are and continue to be listed on a "recognised stock exchange" within the meaning of section 1005 of the U.K. Income Tax Act 2007, interest payments on the Notes may be made without withholding on account of U.K. tax. The Notes are intended to be listed on the New York Stock Exchange, which is currently a recognised stock exchange for these purposes, or on another recognised stock exchange.

In all other circumstances, payments of interest on the Notes may be subject to withholding on account of U.K. income tax at the basic rate (currently 20 per cent), subject to such relief as may be available under the provisions of any applicable double tax treaty or any other relief or exemption that may apply.

Payments in respect of the Guarantee

Depending on the correct analysis under U.K. law of payments in respect of the Guarantee, it is possible that such payments would be subject to withholding on account of U.K. income tax at the basic rate (currently 20 per cent), subject to such relief as may be available under the provisions of any applicable double tax treaty or any other exemption which may apply.

Additional Amounts

In certain circumstances, additional amounts may be payable on the Securities and Guarantee payments in respect of U.K. withholding tax. See "Description of the Securities Payment of Additional Amounts".

Provision of Information

Holders of Securities should be aware HMRC have powers to obtain certain information and documents relating to the Securities, including in relation to interest and other payments derived from the Securities. This may include details of the beneficial owners of the Securities, the persons for whom the Securities are held and the persons to whom payments derived from the Securities are or may be paid. Information may be obtained from a range of persons, including registrars, the registered holders of the Securities, persons who make, receive or are entitled to receive payments derived from the Securities and persons by or through whom interest and payments treated as interest are paid or credited. Information obtained by HMRC may be provided to tax authorities in other jurisdictions.

Stamp duty and stamp duty reserve tax

No U.K. stamp duty or stamp duty reserve tax should be payable on the issue or transfer of the Notes.

EUROPEAN UNION SAVINGS TAX DIRECTIVE

Under European Council Directive 2003/48/EC on the taxation of savings income in the form of interest payments (the "EU Savings Directive"), each member state of the European Union must provide to the tax authorities of another member state details of payments of interest (and other similar income) paid by a person within its jurisdiction to, or for the benefit of, an individual (or certain other types of person) resident in that other member state. However, for a transitional period, Austria and Luxembourg are instead required (unless they elect otherwise during that period) to operate a withholding system in relation to such payments at a current rate of 35%. The ending of such transitional period is dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries. However, during that transitional period, withholding will not apply under the EU Savings Directive to a payment if the beneficial owner of that payment authorizes an exchange of information instead. Luxemburg has announced that it will no longer apply the withholding system as from January 1, 2015 and will provide details of payments of interest (and similar income) as from this date. A number of non-EU countries and territories have adopted similar measures (either provision of information or transitional withholding) in relation to payments made by a person within its jurisdiction to, or collected by such a person to, an individual resident in an EU member state.

On March 24, 2014, the Council of the European Union adopted a directive amending the EU Savings Directive which will, when implemented, amend and broaden the scope of the requirements described above. In particular, additional steps may be required in certain circumstances to be taken to identify the beneficial owner of interest payments. EU member states are required to implement national legislation giving effect to these changes by January 1, 2016 (which national legislation must apply from January 1, 2017).

If Aon plc maintains a paying agent in an EU member state with respect to the Notes, it is required to do so in a member state that will not be obliged to withhold or deduct tax pursuant to the Directive or to such similar measures. Investors who are in any doubt as to their position should consult their professional advisers.

PROPOSED FINANCIAL TRANSACTION TAX

The European Commission has published a proposal for a Directive for a common Financial Transaction Tax ("FTT") in certain participating Member States (not including the United Kingdom). The proposed FTT has very broad scope and could apply to certain dealings in financial instruments (including secondary market transactions). The FTT could apply to persons both within and outside of the participating Member States. Generally, it would apply to certain transactions relating to financial instruments where at least one party is a financial institution, and at least one party is established or deemed to be established in a participating Member State. A party may be deemed to be "established" in a participating Member State in a broad range of circumstances, including (i) by transacting with a person established in a participating Member State or (ii) where the financial instrument which is the subject of the transaction is issued in a participating Member State.

The proposed Directive remains subject to negotiation between the participating Member States and is the subject of legal challenge. It may therefore be altered prior to any implementation, the timing of which remains unclear. Prospective holders of Notes are advised to seek their own professional advice in relation to the FTT.

BOOK-ENTRY, DELIVERY AND FORM

We have obtained the information in this section concerning Clearstream Banking, *société anonyme* ("Clearstream, Luxembourg") and Euroclear Bank S.A./N.V., as operator of the Euroclear System ("Euroclear") and their book-entry systems and procedures from sources that we believe to be reliable. We take no responsibility for an accurate portrayal of this information. In addition, the description of the clearing systems in this section reflects our understanding of the rules and procedures of Clearstream, Luxembourg and Euroclear as they are currently in effect. Those systems could change their rules and procedures at any time.

The Notes will initially be represented by one or more fully registered global Notes. Each such global note will be deposited with, or on behalf of, a common depositary, and registered in the name of the nominee of the common depositary for the accounts of Clearstream, Luxembourg and Euroclear. You may hold your interests in the global Notes through Clearstream, Luxembourg or Euroclear, either as a participant in such systems or indirectly through organizations which are participants in such systems. Clearstream, Luxembourg and Euroclear will hold interests in the global Notes on behalf of their respective participating organizations or customers through customers' securities accounts in Clearstream, Luxembourg's or Euroclear's names on the books of their respective depositaries. Book-entry interests in the Notes and all transfers relating to the Notes will be reflected in the book-entry records of Clearstream, Luxembourg and Euroclear.

The distribution of the Notes will be cleared through Clearstream, Luxembourg and Euroclear. Any secondary market trading of book-entry interests in the Notes will take place through Clearstream, Luxembourg and Euroclear participants and will settle in same-day funds. Owners of book-entry interests in the Notes will receive payments relating to their notes in euros.

Clearstream, Luxembourg and Euroclear have established electronic securities and payment transfer, processing, depositary and custodial links among themselves and others, either directly or through custodians and depositaries. These links allow securities to be issued, held and transferred among the clearing systems without the physical transfer of certificates. Special procedures to facilitate clearance and settlement have been established among these clearing systems to trade securities across borders in the secondary market.

The policies of Clearstream, Luxembourg and Euroclear will govern payments, transfers, exchange and other matters relating to the investor's interest in securities held by them. We have no responsibility for any aspect of the records kept by Clearstream, Luxembourg or Euroclear or any of their direct or indirect participants. We also do not supervise these systems in any way.

Clearstream, Luxembourg and Euroclear and their participants perform these clearance and settlement functions under agreements they have made with one another or with their customers. You should be aware that they are not obligated to perform or continue to perform these procedures and may modify them or discontinue them at any time.

So long as Euroclear or Clearstream, Luxembourg their respective nominees or their common depositary is the registered owner of the global securities representing the Notes, Euroclear or Clearstream, Luxembourg or such nominee, as the case may be, will be considered the sole owners and holders of the Notes for all purposes of the Notes and the indenture. Except as provided below, owners of beneficial interests in the Notes will not be entitled to have the Notes registered in their names, will not receive or be entitled to receive physical delivery of the Notes in definitive form and will not be considered the owners or holders of the Notes under the indenture, including for purposes of receiving any reports delivered by us, Aon Delaware or the trustee pursuant to the indenture. Accordingly, each person owning a beneficial interest in a Note must rely on the procedures of the clearing systems and, if such person is not a participant of the clearing systems, on the procedures of the participant through which such person owns its interest, in order to exercise any rights of a holder of Notes.

Table of Contents

you will not be entitled to receive a certificate representing your interest in the Notes;

all references in this prospectus or an accompanying prospectus supplement to actions by holders will refer to actions taken by Euroclear or Clearstream, Luxembourg, as applicable, upon instructions from its direct participants; and

Clearing Systems

Clearstream, Luxembourg

Clearstream, Luxembourg advises that it is incorporated under the laws of Luxembourg as a professional depository. Clearstream, Luxembourg holds securities for its customers and facilitates the clearance and settlement of securities transactions between its customers through electronic book-entry changes in accounts of its customers, thus eliminating the need for physical movement of certificates. Clearstream, Luxembourg provides to its customers, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream, Luxembourg interfaces with domestic markets in a number of countries.

Clearstream, Luxembourg customers are recognized financial institutions around the world, including underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. Indirect access to Clearstream, Luxembourg is also available to others, such as banks, brokers, dealers and trust companies that clear through, or maintain a custodial relationship with, a Clearstream, Luxembourg customer either directly or indirectly.

The Euroclear System

Euroclear has advised us that the Euroclear System was created in 1968 to hold securities for participants in the Euroclear System and to clear and settle transactions between Euroclear participants through simultaneous electronic book-entry delivery against payment, thus eliminating the need for physical movement of certificates and risk from lack of simultaneous transfers of securities and cash. Transactions may now be settled in many currencies, including United States dollars. The Euroclear System provides various other services, including securities lending and borrowing and interfaces with domestic markets in several countries.

The Euroclear System is operated by Euroclear Bank S.A./N.V. (the "Euroclear Operator"), under contract with Euroclear Clearance System, S.C., a Belgian cooperative corporation. The Euroclear Operator conducts all operations, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear Operator, not the cooperative. The cooperative establishes policy for the Euroclear System on behalf of Euroclear participants. Euroclear participants include banks (including central banks), securities brokers and dealers and other professional financial intermediaries and may include the underwriters. Indirect access to the Euroclear System is also available to other firms that clear through or maintain a custodial relationship with a Euroclear participant, either directly or indirectly.

Table of Contents

The Terms and Conditions Governing Use of Euroclear and the related Operating Procedures of the Euroclear System and applicable Belgian law govern securities clearance accounts and cash accounts with the Euroclear Operator. Specifically, these terms and conditions govern:

transfers of securities and cash within the Euroclear System;

withdrawal of securities and cash from the Euroclear System; and

receipts of payments with respect to securities in the Euroclear System.

All securities in the Euroclear System are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. The Euroclear Operator acts under the terms and conditions only on behalf of Euroclear participants and has no record of or relationship with persons holding securities through Euroclear participants.

Euroclear further advises that investors that acquire, hold and transfer interests in the Notes by book-entry through accounts with the Euroclear Operator or any other securities intermediary are subject to the laws and contractual provisions governing their relationship with their intermediary, as well as the laws and contractual provisions governing the relationship between such an intermediary and each other intermediary, if any, standing between themselves and the Notes.

The Euroclear Operator advises that under Belgian law, investors that are credited with securities on the records of the Euroclear Operator have a co-property right in the fungible pool of interests in securities on deposit with the Euroclear Operator in an amount equal to the amount of interests in securities credited to their accounts. In the event of the insolvency of the Euroclear Operator, Euroclear participants would have a right under Belgian law to the return of the amount and type of interests in securities credited to their accounts with the Euroclear Operator. If the Euroclear Operator did not have a sufficient amount of interests in securities on deposit of a particular type to cover the claims of all Euroclear participants credited with such interests in securities on the Euroclear Operator's records, all Euroclear participants having an amount of interests in securities of such type credited to their accounts with the Euroclear Operator would have the right under Belgian law to the return of their pro rata share of the amount of interest in securities actually on deposit.

Under Belgian law, the Euroclear Operator is required to pass on the benefits of ownership in any interests in securities on deposit with it, such as dividends, voting rights and other entitlements, to any person credited with such interests in securities on its records.

Clearstream and Settlement Procedures

Investors holding their notes through Clearstream, Luxembourg or Euroclear accounts will follow the settlement procedures that are applicable to conventional eurobonds in registered form. Notes will be credited to the securities custody accounts of Clearstream, Luxembourg and Euroclear participants on the business day following the settlement date, for value on the settlement date. They will be credited either free of payment or against payment for value on the settlement date.

Secondary market trading between Clearstream, Luxembourg and/or Euroclear participants will be conducted in accordance with the normal rules and operating procedures of Clearstream, Luxembourg and Euroclear. Secondary market trading will be settled using procedures applicable to conventional eurobonds in registered form.

You should be aware that investors will only be able to make and receive deliveries, payments and other communications involving the Notes through Clearstream, Luxembourg and Euroclear on days when those systems are open for business. Those systems may not be open for business on days when banks, brokers and other institutions are open for business in the United States.

Table of Contents

In addition, because of time-zone differences, there may be problems with completing transactions involving Clearstream, Luxembourg and Euroclear on the same business day as in the United States. U.S. investors who wish to transfer their interests in the Notes, or to make or receive a payment or delivery of the Notes, on a particular day, may find that the transactions will not be performed until the next business day in Luxembourg or Brussels, depending on whether Clearstream, Luxembourg or Euroclear is used.

Clearstream, Luxembourg or Euroclear will credit payments to the cash accounts of Clearstream, Luxembourg customers or Euroclear participants in accordance with the relevant system's rules and procedures, to the extent received by its depository. Clearstream, Luxembourg or the Euroclear Operator, as the case may be, will take any other action permitted to be taken by a holder under the indenture on behalf of a Clearstream, Luxembourg customer or Euroclear participant only in accordance with its relevant rules and procedures.

Clearstream, Luxembourg and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of the Notes among participants of Clearstream, Luxembourg and Euroclear. However, they are under no obligation to perform or continue to perform those procedures, and they may discontinue those procedures at any time.

Certificated Notes

Unless and until they are exchanged, in whole or in part, for Notes in definitive form in accordance with the terms of the Notes, the Notes may not be transferred except (1) as a whole by the applicable depository to its nominee or (2) by a nominee of the applicable depository to another such nominee of the depository or (3) by the applicable depository or any such nominee to a successor of such depository or a nominee of such successor.

Aon plc will issue Notes to you or your nominees, in fully certificated registered form, rather than to a depository or its nominees, only if:

we or Aon Delaware advise the trustee in writing that the common depository is no longer willing or able to discharge its responsibilities properly or that Clearstream, Luxembourg or Euroclear ceases to be a registered clearing agency under the Exchange Act, and the trustee or we are unable to locate a qualified successor within 90 days;

an event of default has occurred and is continuing under the indenture; or

we or Aon Delaware, at our option, elect to terminate the book-entry system through the depositories.

Unless and until Aon plc issues the Notes in fully certificated, registered form, (1) you will not be entitled to receive a certificate representing your interest in the Notes; (2) all references in this prospectus supplement or the accompanying prospectus to actions by holders will refer to actions taken by the applicable depository upon instructions from their direct participants; and (3) all references in this prospectus supplement or the accompanying prospectus to payments and notices to holders will refer to payments and notices to the applicable depository, as the registered holder of the Notes, for distribution to you in accordance with its respective policies and procedures.

Table of Contents**UNDERWRITING (CONFLICTS OF INTEREST)**

Underwriter	Principal Amount of the Notes	
Credit Suisse Securities (Europe) Limited	€	140,000,000
Barclays Bank PLC		100,000,000
Deutsche Bank AG, London Branch		100,000,000
ING Bank N.V. Belgian Branch		35,000,000
Natixis		35,000,000
ANZ Securities, Inc.		15,000,000
Aon Benfield Securities, Inc.		15,000,000
BMO Capital Markets Corp.		15,000,000
Commerzbank Aktiengesellschaft		15,000,000
Lloyds Bank plc		15,000,000
Wells Fargo Securities, LLC		15,000,000
Total	€	500,000,000

The underwriting agreement provides that the underwriters are obligated to purchase all of the Securities if any are purchased. The underwriting agreement also provides that if an underwriter defaults with respect to the Securities the purchase commitments of non-defaulting underwriters may be increased or the offering of the Securities may be terminated.

The underwriters propose to offer the Securities initially at the public offering price on the cover page of this prospectus supplement. After the initial public offering the representatives may change the public offering price and any other selling terms.

We estimate that our out of pocket expenses for this offering will be approximately \$1.8 million.

The following table shows the underwriting discounts and commissions that we will pay to the underwriters in connection with this offering of Securities (expressed as a percentage of the principal amount of the Securities):

	Paid by Us	
Per 2.875% Senior Note		0.425%
Total	€	2,125,000

The Securities are a new issue of securities with no established trading market. One or more of the underwriters intend to make a secondary market for the Securities. However, they are not obligated to do so and may discontinue making a secondary market for the Securities at any time without notice. No assurance can be given as to how liquid the trading market for the Securities will be. We intend to apply to list the Securities on the New York Stock Exchange or another "recognised stock exchange" for purposes of Section 1005 of the U.K. Income Tax Act 2007.

We expect to deliver the Securities against payment for the Securities on or about the date specified in the last paragraph of the cover page of this prospectus supplement, which will be the fifth business day following the date of the pricing of the Securities. Under Rule 15c6-1 of the Exchange Act, trades in the secondary market generally are required to settle in three business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade

Table of Contents

Securities on the date of pricing or the next succeeding business day will be required, by virtue of the fact that the Securities initially will settle in T+5, to specify an alternate settlement arrangement to prevent a failed settlement.

To the extent any underwriter that is not a U.S. registered broker-dealer intends to effect sales of Securities in the United States, it will do so through one or more U.S. registered broker-dealers in accordance with the applicable U.S. securities laws and regulations.

We have agreed to indemnify the several underwriters against liabilities under the Securities Act, or contribute to payments which the underwriters may be required to make in that respect.

In connection with the offering, the underwriters may engage in stabilizing transactions, over-allotment transactions, syndicate covering transactions and penalty bids in accordance with Regulation M under the Exchange Act.

Stabilizing transactions permit bids to purchase the underlying security so long as the stabilizing bids do not exceed a specified maximum.

Over-allotment involves sales by the underwriters of Securities in excess of the principal amount of the Securities the underwriters are obligated to purchase, which creates a syndicate short position.

Syndicate covering transactions involve purchases of the Securities in the open market after the distribution has been completed in order to cover syndicate short positions. A short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the Securities in the open market after pricing that could adversely affect investors who purchase in the offering.

Penalty bids permit the representatives to reclaim a selling concession from a syndicate member when the Securities originally sold by the syndicate member are purchased in a stabilizing transaction or a syndicate covering transaction to cover syndicate short positions.

These stabilizing transactions, syndicate covering transactions and penalty bids may have the effect of raising or maintaining the market price of the Securities or preventing or retarding a decline in the market price of the Securities. As a result the price of the Securities may be higher than the price that might otherwise exist in the open market. These transactions, if commenced, may be discontinued at any time.

Conflicts of Interest; Other Relationships

The underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, investment research, principal investment, hedging, financing and brokerage activities. From time to time in the ordinary course of their respective businesses, certain of the underwriters and their affiliates have engaged in and may in the future engage in commercial banking, derivatives and/or financial advisory, investment banking and other commercial transactions and services with us and our affiliates for which they have received or will receive customary fees and commissions.

Aon Benfield Securities, Inc. is an indirect wholly owned subsidiary of Aon plc. This offering is subject to, and will be conducted in compliance with, the requirements of Rule 5121 of the Financial Institution Regulatory Authority ("FINRA") regarding a FINRA member firm distributing the securities of an affiliate.

In addition, in the ordinary course of their business activities, the underwriters and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related

derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Certain of the underwriters or their affiliates that have a lending relationship with us routinely hedge, and certain other of those underwriters may hedge, their credit exposure to us consistent with their customary risk management policies. Typically, these underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the Notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the Notes offered hereby. Such investments and securities activities may involve securities and/or instruments of ours or our affiliates. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

The Securities are being offered for sale in the United States and in jurisdictions outside the United States, subject to applicable law.

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "Relevant Member State"), each underwriter has represented and agreed that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the "Relevant Implementation Date") it has not made and will not make an offer of Securities which are the subject of the offering contemplated by this prospectus supplement to the public in that Relevant Member State other than:

- (c) in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Securities shall require us, Aon Delaware or any underwriter to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an "offer of Securities to the public" in relation to any Securities in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Securities to be offered so as to

- (b) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the Securities in, from or otherwise involving the United Kingdom.

ABOUT THIS PROSPECTUS

This prospectus is part of an automatic shelf registration statement that we filed with the Securities and Exchange Commission, which we refer to as the "SEC," as a "well-known seasoned issuer" as defined in Rule 405 under the Securities Act of 1933, as amended, which we refer to as the "Securities Act." Under the automatic shelf registration process, we may, over time, offer any combination of debt securities, guarantees, preference shares, Class A Ordinary Shares, convertible securities, share purchase contracts and share purchase units described in this prospectus in one or more offerings; and our subsidiary, Aon Delaware, may, over time, offer any combination of debt securities and guarantees described in this prospectus in one or more offerings. In this prospectus we refer to the debt securities, guarantees, preference shares, Class A Ordinary Shares, convertible securities, share purchase contracts and share purchase units offered by us, and the debt securities and guarantees offered by Aon Delaware, collectively as the "securities." This prospectus provides you with a general description of the securities we or Aon Delaware may offer. Each time we or Aon Delaware offer securities, we or Aon Delaware will provide you with one or more prospectus supplements that will contain specific information about the terms of those securities. A prospectus supplement may also add to, update or change the information contained in this prospectus. Please carefully read this prospectus and each applicable prospectus supplement, together with the documents incorporated or deemed to be incorporated by reference in this prospectus and the additional information described below under the heading "Where You Can Find More Information."

As allowed by SEC rules, this prospectus does not contain all the information you can find in the registration statement of which this prospectus is a part or the exhibits to the registration statement. For further information, we refer you to the registration statement of which this prospectus is a part, including its exhibits and schedules. Statements contained in this prospectus about the provisions or contents of any contract, agreement or other document are not necessarily complete. For each of these contracts, agreements or documents filed as an exhibit to the registration statement, we refer you to the actual exhibit for a more complete description of the matters involved. You should rely only on the information contained or incorporated or deemed to be incorporated by reference in this prospectus and each applicable prospectus supplement. We have not authorized anyone else to provide you with different information. If anyone provides you with different or inconsistent information, you should not rely on it. You should not assume that the information contained or incorporated or deemed to be incorporated by reference in this prospectus or any applicable prospectus supplement is accurate as of any date other than the date on the cover of the applicable document. Our, or Aon Delaware's, business, financial condition and results of operations may have changed since that date. Neither this prospectus nor any prospectus supplement constitutes an offer to sell securities or a solicitation of an offer to buy securities by anyone in any jurisdiction in which that offer or solicitation is not authorized, or in which the person is not qualified to do so or to any person to whom it is unlawful to make that offer or solicitation.

This prospectus is not intended to be and is not a prospectus for purposes of the E.U. Prospectus Directive and/or the U.K. Financial Services Authority's Prospectus Rules.

In this prospectus, we use the terms "Aon plc," "Aon," the "Company," "we," "us" and "our" and similar terms to refer to Aon plc and its subsidiaries, unless the context otherwise requires and except as otherwise described below. We use the term "Aon Delaware" to refer to Aon Corporation, our wholly-owned subsidiary. On April 2, 2012, we completed the reorganization of the corporate structure of the group of companies controlled by Aon Delaware, Aon plc's predecessor as the ultimate holding company of the Aon group. In this prospectus, we refer to this transaction as the "Redomestication." In the Redomestication, each issued and outstanding share of Aon Delaware common stock held by stockholders of Aon Delaware was converted into the right to receive one Class A Ordinary Share, nominal value \$0.01 per share, of Aon plc, subject to the receipt of cash for fractional shares. Any references in this prospectus to "Aon," the "Company," "we," "us" or "our" or any similar references relating to dates or periods before the Redomestication refer to Aon Delaware and its subsidiaries or, if the context so requires, Aon Delaware alone.

INFORMATION CONCERNING FORWARD-LOOKING STATEMENTS

This prospectus, the prospectus supplements, the documents incorporated or deemed to be incorporated by reference in this prospectus or any prospectus supplement and other written or oral statements made from time to time by us may contain certain statements related to future results, or state our intentions, beliefs and expectations or predictions for the future which are forward-looking statements as that term is defined in the Private Securities Litigation Reform Act of 1995. Forward-looking statements relate to expectations or forecasts of future events. They use words such as "anticipate," "believe," "estimate," "expect," "forecast," "project," "intend," "plan" and "potential," and other similar terms, and future or conditional tense verbs like "could," "may," "might," "should," "will" and "would." You can also identify forward-looking statements by the fact that they do not relate strictly to historical or current facts. For example, we may use forward-looking statements when addressing topics such as: market and industry conditions, including competitive and pricing trends; changes in our business strategies and methods of generating revenue; the development and performance of our services and products; changes in the composition or level of our revenues; our cost structure and the outcome of cost-saving or restructuring initiatives; the outcome of contingencies; dividend policy; the expected impact of acquisitions and dispositions; pension obligations; cash flow and liquidity; future actions by regulators; and the impact of changes in accounting rules. These forward-looking statements are subject to certain risks and uncertainties that could cause actual results to differ materially from either historical or anticipated results depending on a variety of factors. Potential factors that could impact results include:

general economic conditions in different countries in which we do business around the world;

changes in the competitive environment;

changes in global equity and fixed income markets that could influence the return on invested assets;

changes in the funding status of our various defined benefit pension plans and the impact of any increased pension funding resulting from those changes;

rating agency actions that could affect our ability to borrow funds;

our ability to realize the anticipated benefits of the Redomestication and/or changes in tax laws;

fluctuations in exchange and interest rates that could impact revenue and expense;

the impact of class actions, individual lawsuits and other contingent liabilities and loss contingencies arising from errors and omissions and other claims against us, including client class actions, securities class actions, derivative actions and ERISA class actions;

the impact of any investigations brought by regulatory authorities in the U.S., the U.K. and other countries;

the cost of resolution of other contingent liabilities and loss contingencies, including potential liabilities arising from errors and omission claims against us;

failure to retain and attract qualified personnel;

Edgar Filing: Aon plc - Form 424B5

the impact of, and potential challenges in complying with, legislation and regulation in the jurisdictions in which we operate, particularly given the global scope of our business and the possibility of conflicting regulatory requirements across jurisdictions in which we do business;

the effect of the Redomestication on our operations and financial results, including the reaction of our clients, employees and other constituents, compliance with applicable U.K. regulatory regimes or the failure to realize some or all of the anticipated benefits;

the extent to which we retain existing clients and attract new businesses and our ability to incentivize and retain key employees;

the extent to which we manage certain risks created in connection with the various services, including fiduciary and advisory services, among others, that we currently provide, or will provide in the future, to clients;

the possibility that the expected efficiencies and cost savings from the acquisition of Hewitt Associates, Inc. ("Hewitt") will not be realized, or will not be realized within the expected time period;

the risk that the Hewitt businesses will not be integrated successfully;

our ability to implement restructuring initiatives and other initiatives intended to yield cost savings, and the ability to achieve those cost savings;

the potential of a system or network disruption resulting in operational interruption or improper disclosure of personal data;

changes in commercial property and casualty markets and commercial premium rates that could impact revenues;

any inquiries relating to compliance with the U.S. Foreign Corrupt Practices Act and non-U.S. anti-corruption laws and with U.S. and non-U.S. trade sanctions regimes; and

changes in costs or assumptions associated with our HR Solutions operating segment's outsourcing and consulting arrangements that affect the profitability of these arrangements.

Any or all of our forward-looking statements may turn out to be inaccurate, and there are no guarantees about our performance. The factors identified above are not exhaustive. Aon and its subsidiaries operate in a dynamic business environment in which new risks may emerge frequently. Accordingly, you should not place undue reliance on forward-looking statements, which speak only as of the dates on which they are made. We are under no obligation (and expressly disclaim any obligation) to update or alter any forward-looking statement that we may make from time to time, whether as a result of new information, future events or otherwise. Further information about factors that could materially affect Aon, including our results of operations and financial condition, is contained in the "Risk Factors" section in Part I, Item 1A of our Annual Report on Form 10-K for the year ended December 31, 2011 and in our most recently filed Quarterly Reports on Form 10-Q, and any amendments thereto.

RISK FACTORS

An investment in our securities involves significant risks. Before making an investment decision, you should carefully consider the risks and other information we include or incorporate by reference in this prospectus or an applicable prospectus supplement. In particular, you should consider the risk factors set forth in any applicable prospectus supplement and in our most recent Annual Report on Form 10-K filed with the SEC, as those risk factors may be amended or supplemented by subsequent Quarterly Reports on Form 10-Q or otherwise. The risks and

uncertainties we have described are not the only ones facing us. Additional risks and uncertainties not known to us or that we deem immaterial may also affect our business operations.

THE COMPANY

We are a preeminent professional service firm, focused on the topics of risk and people. We are the leading global provider of risk management services, insurance and reinsurance brokerage, and human resource consulting and outsourcing, delivering distinctive client value via innovative and effective risk management and workforce productivity solutions. As of December 31, 2011, we had approximately 62,000 employees and conducted our operations through various subsidiaries in more than 120 countries and sovereignties.

Aon Delaware is a wholly-owned Delaware subsidiary of Aon Holdings LLC, which is a wholly-owned direct subsidiary of Aon plc. Prior to the Redomestication, Aon Delaware was the ultimate holding company for the Aon group. See "About this Prospectus" and "Where You Can Find More Information" in this prospectus.

USE OF PROCEEDS

Unless we state otherwise in an applicable prospectus supplement, we expect to use the net proceeds from the sale of the securities described in this prospectus and an applicable prospectus supplement for general corporate purposes, including securities repurchase programs, capital expenditures, working capital, repayment or reduction of long term and short term debt and the financing of acquisitions. We may invest funds that we do not immediately require in short term marketable securities.

RATIOS

Our ratios of earnings to fixed charges and of earnings to combined fixed charges and preference share dividends for each of the periods indicated are as follows:

	Six Months Ended June 30,		Year Ended December 31,				
	2012	2011	2011	2010	2009	2008	2007
Ratio of earnings to fixed charges	6.0	5.6	5.6	5.6	6.5	6.1	5.7
Ratio of earnings to combined fixed charges and preference share dividends	6.0	5.6	5.6	5.6	6.5	6.1	5.7

For these ratios, earnings consist of income from continuing operations before provision for income taxes and noncontrolling interest, less the earnings from unconsolidated entities under the equity method of accounting, and fixed charges. Fixed charges include interest expense and that portion of rental expense we deem to represent interest. Combined fixed charges and preferred stock dividends include preference share dividend requirements, interest expense and that portion of rental expense we deem to represent interest. Preference share dividends consist of the pre tax earnings required to pay dividends on all preference shares.

DESCRIPTION OF DEBT SECURITIES AND GUARANTEES

In this description, references to "Aon," the "company," "we," "us" or "our" refer only to Aon plc and not to any of our subsidiaries or affiliates, including Aon Delaware. Also, in this section, references to "holders" mean those who own debt securities and the related guarantees registered in their own names, on the books that the appropriate registrar for Aon plc or Aon Delaware, as the case may be, maintains for this purpose, and not those who own beneficial interests in debt securities and the related guarantees registered in "street name" or in debt securities and the related guarantees issued in book-entry form and held through one or more depositaries.

This prospectus describes certain general terms and provisions of the debt securities that we may offer (the "Aon plc debt securities") and that Aon Delaware may offer (the "Aon Delaware debt securities") pursuant to this prospectus. When we or Aon Delaware offer to sell a particular series of debt securities, we or Aon Delaware will describe the specific terms of the series in one or more prospectus supplements. We or Aon Delaware will also indicate in an applicable prospectus supplement the extent to which the general terms and provisions described in this prospectus apply to a particular series of debt securities.

Aon plc may issue Aon plc debt securities under either (1) a senior indenture (the "Aon plc senior indenture") among Aon plc, as issuer; Aon Delaware, as guarantor (the "Aon plc senior debt guarantor") in respect of certain series of Aon plc senior debt securities (as defined below); and The Bank of New York Mellon Trust Company, N.A., as trustee (the "Aon plc senior debt trustee"), or (2) a subordinated indenture (the "Aon plc subordinated indenture") among Aon plc, as issuer; Aon Delaware, as guarantor (the "Aon plc subordinated debt guarantor" and, together with the Aon plc senior debt guarantor, the "Aon plc guarantor") in respect of certain series of Aon plc subordinated debt securities (as defined below); and The Bank of New York Mellon Trust Company, N.A., as trustee (the "Aon plc subordinated debt trustee" and, together with the Aon plc senior debt trustee, the "Aon plc trustee"). Any Aon plc debt securities that we issue under the Aon plc senior indenture will constitute unsubordinated debt of Aon plc ("Aon plc senior debt securities") and will rank senior to any Aon plc debt securities that Aon plc issues under the Aon plc subordinated indenture ("Aon plc subordinated debt securities"). Any guarantee that Aon Delaware, as the Aon plc senior debt guarantor, issues under the Aon plc senior indenture will constitute an unsubordinated obligation of Aon Delaware (each, an "Aon plc senior debt guarantee") and will rank senior to any guarantee that Aon Delaware, as the Aon plc subordinated debt guarantor, issues under the Aon plc subordinated indenture (each, an "Aon plc subordinated debt guarantee" and, together with the Aon plc senior debt guarantees, the "Aon plc debt guarantees").

Aon Delaware may issue Aon Delaware debt securities under either (1) a senior indenture (the "Aon Delaware senior indenture") among Aon Delaware, as issuer; Aon plc, as guarantor (the "Aon Delaware senior debt guarantor") in respect of certain series of Aon Delaware plc senior debt securities (as defined below); and The Bank of New York Mellon Trust Company, N.A., as trustee (the "Aon Delaware senior debt trustee"), or (2) a subordinated indenture (the "Aon Delaware subordinated indenture") among Aon Delaware, as issuer; Aon plc, as guarantor (the "Aon Delaware subordinated debt guarantor" and, together with the Aon Delaware senior debt guarantor, the "Aon Delaware guarantor") in respect of certain series of Aon plc Delaware subordinated debt securities (as defined below); and The Bank of New York Mellon Trust Company, N.A., as trustee (the "Aon Delaware subordinated debt trustee" and, together with the Aon Delaware senior debt trustee, the "Aon Delaware trustee"). Any Aon Delaware debt securities that Aon Delaware issues under the Aon Delaware senior indenture will constitute unsubordinated debt of Aon Delaware ("Aon Delaware senior debt securities") and will rank senior to any Aon Delaware debt securities that Aon Delaware issues under the Aon Delaware subordinated indenture ("Aon Delaware subordinated debt securities"). Any guarantee that Aon plc, as the Aon Delaware senior debt guarantor, issues under the Aon Delaware senior indenture will constitute an unsubordinated obligation of Aon plc (each, an "Aon Delaware

senior debt guarantee") and will rank senior to any guarantee that Aon plc, as the Aon Delaware subordinated debt guarantor, issues under the Aon Delaware subordinated indenture (each, an "Aon Delaware subordinated debt guarantee" and, together with the Aon Delaware senior debt guarantees, the "Aon Delaware debt guarantees").

In this description, the Aon plc debt securities and the Aon Delaware debt securities are sometimes referred to together as the "debt securities," the Aon plc senior debt securities and the Aon Delaware senior debt securities are sometimes referred to together as the "senior debt securities," the Aon plc subordinated debt securities and the Aon Delaware subordinated debt securities are sometimes referred to together as the "subordinated debt securities," the Aon plc senior indenture and the Aon Delaware senior indenture are sometimes referred to together as the "senior indentures," the Aon plc subordinated indenture and the Aon Delaware subordinated indenture are sometimes referred to together as the "subordinated indentures," the senior indentures and the subordinated indentures are sometimes referred to together as the "indentures," the Aon plc debt guarantees and the Aon Delaware debt guarantees are sometimes referred to together as the "guarantees," each of Aon plc and Aon Delaware, in each case in its capacity as issuer of debt securities, is sometimes referred to as the "issuer," each of the Aon plc debt guarantor and the Aon Delaware debt guarantor is sometimes referred to as the "guarantor," each of the Aon plc senior trustee and the Aon Delaware senior trustee is sometimes referred to as the "senior trustee," each of the Aon plc subordinated trustee and the Aon Delaware subordinated trustee is sometimes referred to as the "subordinated trustee," and each of the senior trustee and the subordinated trustee is sometimes referred to as the "trustee."

Each series of debt securities will be issued under the terms of an amendment or supplement to the applicable indenture that takes the form of a supplemental indenture or an officers' certificate delivered under the authority of resolutions adopted by the board of directors of the issuer and the terms of that indenture. The terms of any debt securities and, if applicable, the guarantees will include those stated in the applicable indenture and those made part of that indenture by reference to the Trust Indenture Act of 1939, which we refer to as the "Trust Indenture Act." The debt securities will be subject to all those terms, and we refer prospective purchasers and holders of debt securities and guarantees to the applicable indenture and the Trust Indenture Act for a statement of those terms.

The following summaries of various provisions of the debt securities, the indentures and the guarantees are not complete. They do not describe certain exceptions and qualifications contained in the debt securities, the indentures and the guarantees, and are qualified in their entirety by reference to the provisions of the debt securities, the indentures and the guarantees. Unless we otherwise indicate, capitalized terms have the meanings assigned to them in the applicable indenture.

An applicable prospectus supplement will specify the issuer, the guarantor, if any, whether the debt securities offered thereby will be senior or subordinated debt and whether the debt securities are to be guaranteed. The debt securities may be issued as part of units consisting of debt securities and other securities that Aon plc or Aon Delaware may offer under this prospectus. If debt securities are issued as part of units of debt securities and other securities that Aon plc or Aon Delaware may issue under this prospectus, an applicable prospectus supplement will describe any applicable material federal income tax consequences to holders.

General

The debt securities will be unsecured obligations of the applicable issuer. None of the indentures limit the amount of debt securities that the issuer may issue. Each indenture provides that the issuer may issue debt securities from time to time in one or more series.

The Aon plc senior debt securities and any Aon Delaware senior debt guarantee will be unsecured and unsubordinated obligations of Aon plc and will rank equally in right of payment with Aon plc's other unsecured and unsubordinated obligations. The Aon plc subordinated debt securities and any

Edgar Filing: Aon plc - Form 424B5

Aon Delaware subordinated debt guarantee will be subordinated obligations and will rank junior in right of payment, as more fully described in the applicable subordinated indenture, to Aon plc's senior indebtedness. Because Aon plc is a holding company, the holders of Aon plc debt securities and Aon Delaware debt guarantees may not receive assets of our subsidiaries in a liquidation or recapitalization until the claims of our subsidiaries' creditors and any insurance policyholders (in the case of our insurance subsidiaries) are paid, except to the extent that Aon plc may have recognized claims against such subsidiaries. In addition, certain regulatory laws limit some of Aon plc's subsidiaries from making payments to Aon plc of dividends and on loans and other transfers of funds.

The Aon Delaware subordinated debt securities and any Aon plc subordinated debt guarantee will be subordinated obligations and will rank junior in right of payment, as more fully described in the applicable subordinated indenture, to Aon Delaware's senior indebtedness. In addition, certain regulatory laws limit Aon Delaware's subsidiaries from making payments to Aon Delaware of dividends and on loans and other transfers of funds.

An applicable prospectus supplement will describe the specific terms relating to the series of debt securities being offered. These terms will include some or all of the following:

the name of the issuer of those debt securities and, if applicable, the name of the guarantor;

the title of the debt securities and whether the debt securities and, if applicable, the guarantee will be senior or subordinated;

the total principal amount of the debt securities;

whether the issuer will issue the debt securities in global form;

the maturity date or dates of the debt securities;

the interest rate or rates, if any (which may be fixed or variable), and, if applicable, the method used to calculate the interest rate;

the date or dates from which interest will accrue and on which interest will be payable and the date or dates used to determine the persons to whom interest will be paid;

whether those debt securities will be guaranteed;

the place or places where principal of, and any premium or interest on, the debt securities will be paid;

whether (and if so, when and under what terms and conditions) the debt securities may be redeemed by the issuer at its option or at the option of the holders;

whether there will be a sinking fund;

if other than United States dollars and denominations of \$1,000 or any multiple of \$1,000, the currency or currencies or currency unit or currency units or composite currency and denomination in which the debt securities will be issued and in

which payments will be made;

if other than the principal amount, the portion of the principal amount of the debt securities that the issuer will pay upon acceleration of the maturity date;

if the debt securities are not subject to defeasance by the issuer;

any deletions from, modifications of or additions to the events of default applicable to such debt securities;

whether the Aon plc debt securities will be exchangeable for or convertible into Class A Ordinary Shares of Aon plc or other securities or property and the terms and conditions governing such exchange or conversion;

whether the Aon Delaware debt securities will be exchangeable for or convertible into other securities or property and the terms and conditions governing such exchange or conversion; and

any other terms of the debt securities being offered.

If an issuer denominates the purchase price of a series of debt securities in a non-United States dollar currency or currencies or a non-United States dollar currency unit or units, or if the principal of, any premium and interest on any series of debt securities is payable in a non-United States dollar currency or currencies or a non-United States dollar currency unit or units, an applicable prospectus supplement will describe any special United States federal income tax considerations.

The issuer will pay principal and any interest, premium and additional amounts in the manner, at the places and subject to the restrictions set forth in the applicable debt securities, the applicable indenture and any applicable prospectus supplement. The issuer will not impose a service charge for any transfer or exchange of debt securities, but it may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed. (Section 2.05 of the indentures)

Unless otherwise indicated in an applicable prospectus supplement, each issuer will issue debt securities in fully registered form, without coupons, in denominations of \$1,000 or multiples of \$1,000. (Sections 2.01 and 2.04 of the indentures)

The issuer may offer to sell at a substantial discount below their stated principal amount, debt securities bearing no interest or interest at a rate that, at the time of issuance, is below the prevailing market rate. An applicable prospectus supplement will describe any special United States federal income tax considerations applicable to any of those discounted debt securities.

The issuer may offer to sell debt securities in which the principal or interest will be determined by reference to one or more currency exchange rates, commodity prices, equity indices or other factors. The principal amount or payment of interest applicable to those debt securities may be greater than or less than the amount of principal or interest otherwise payable, depending upon the value of the applicable currency, commodity, equity index or other factor on the date on which that principal or interest is due. An applicable prospectus supplement will describe the methods used to determine the amount of principal or interest payable on any date, the currencies, commodities, equity indices or other factors to which the amount payable on that date is linked and certain additional tax considerations applicable to those debt securities.

The indentures do not restrict our or Aon Delaware's ability to incur unsecured indebtedness or, subject to the restrictions described in "Consolidation and Merger," to engage in reorganizations, restructurings, mergers, consolidations or similar transactions that have the effect of increasing our or Aon Delaware's indebtedness. Accordingly, unless an applicable prospectus supplement states otherwise, neither the debt securities nor any guarantees will contain any provisions that afford holders protection against the issuer or, if applicable, the guarantor incurring unsecured indebtedness or engaging in certain reorganizations or transactions. As a result, we or Aon Delaware could become highly leveraged.

Events of Default

With respect to any series of debt securities, "event of default" means any of the following:

failure to pay the principal of, or any premium on, any debt security of that series when due;

failure to pay the interest or any additional amount on any debt security of that series when due and such failure continues for 30 days;

if that series of debt securities is guaranteed, the cessation of the guarantee of any debt security of that series to be in full force and effect, the declaration that the guarantee of those debt securities is null and void and unenforceable, the finding that the guarantee of those debt securities is invalid or the denial by the guarantor of its liability under its guarantee of those debt securities (other than by reason of release of the guarantor in accordance with the terms of the applicable indenture);

failure by the issuer or, if applicable, the guarantor to comply with any of its other agreements contained in the applicable indenture and the continuation of that failure for 90 days after written notice of that failure is given to the issuer or, if applicable, the guarantor from the applicable trustee (or to the issuer and, if applicable, the guarantor and that trustee from the holders of at least 25% in principal amount of the outstanding debt securities of that series);

certain events of bankruptcy, insolvency or reorganization relating to the issuer or, if applicable, the guarantor;

if that series of debt securities is convertible or exchangeable into Class A Ordinary Shares or any other securities or property, default in the delivery of any Class A Ordinary Shares, together with cash instead of fractional shares, or any other securities or property, as applicable, when required to be delivered upon conversion or exchange of any debt security of that series, and continuance of such default for a period of 10 business days; and

any other event of default provided with respect to debt securities of that series that is described in an applicable prospectus supplement. (Section 6.01 of the indentures)

If there is a continuing event of default with respect to any outstanding series of debt securities, the applicable trustee or the holders of at least 25% of the outstanding principal amount of the debt securities of that series may require the issuer or, if applicable, the guarantor to pay immediately the principal (or, if the debt securities of that series are discount securities, that portion of the principal amount as may be specified in the terms of that series) of and accrued and unpaid interest, if any, on all debt securities of that series. However, at any time after that trustee or the holders, as the case may be, declare that acceleration with respect to debt securities of any series, but before the applicable person has obtained a judgment or decree for payment of the money, the holders of a majority in principal amount of the outstanding debt securities of that series may, under certain conditions, cancel such acceleration if (i) all events of default (other than the non-payment of accelerated principal) with respect to debt securities of that series have been cured or (ii) all such events of default have been waived, each as provided in the applicable indenture. (Section 6.01 of the indentures) For information as to waiver of defaults, see "Modification and Waiver." The particular provisions relating to acceleration of the maturity of a portion of the principal amount of such debt securities that are discount securities triggered by an event of default shall be described in an applicable prospectus supplement.

Each indenture provides that, subject to the duties of the applicable trustee to act with the required standard of care if there is a continuing event of default, the applicable trustee need not exercise any of its rights or powers under the indenture at the request or direction of any of the holders of debt securities, unless those holders have offered to the applicable trustee security or indemnity reasonably satisfactory to it. (Section 6.04 of the indentures) Subject to those provisions for

Edgar Filing: Aon plc - Form 424B5

security or indemnification of the applicable trustee and certain other conditions, the holders of the majority in principal amount of the outstanding debt securities of any series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the applicable trustee or exercising any trust or power that trustee holds, in each case, with respect to the debt securities of that series. (Section 6.06 of the indentures)

No holder of any debt security of any series will have any right to institute any proceeding with respect to any indenture or for any remedy under the applicable indenture unless:

the applicable trustee has failed to institute the proceeding for 60 days after the holder has previously given that trustee written notice of a continuing event of default with respect to debt securities of that series;

the holders of at least 25% in principal amount of the outstanding debt securities of that series have made written request, and offered reasonable security or indemnity, to the applicable trustee to institute the proceeding as trustee; and

the applicable trustee has not received from the holders of a majority in principal amount of the outstanding debt securities of that series a direction inconsistent with that request. (Section 6.04 of the indentures)

However, the holder of any debt security will have an absolute and unconditional right to receive payment of the principal of, and any premium or interest on, that debt security on or after the date or dates they are to be paid as expressed in or pursuant to that debt security and to institute suit for the enforcement of any such payment. (Section 6.04 of the indentures)

Each indenture provides that the applicable trustee shall provide notice to the holders of debt securities of any series within 90 days of the occurrence of any default with respect to debt securities of that series known to such trustee, except that the trustee need not provide holders of debt securities of any series notice of any default (other than the non-payment of principal or any premium, interest or additional amounts) if such default has been cured and it considers it in the interest of the holders of debt securities of that series not to provide that notice. (Section 6.07 of the indentures)

Consolidation and Merger

Each indenture provides that each of the issuer and the guarantor may consolidate with or merge or convert into, or convey, transfer or lease its properties or assets substantially as an entirety to, another person without the consent of any debt security holders if, along with certain other conditions set forth in the indentures:

the issuer or the guarantor, as the case may be, is the successor person; or

the successor person (if other than the issuer or the guarantor, as the case may be) formed by such consolidation or conversion or into which the issuer or the guarantor, as the case may be, merges or converts or which acquires or leases the assets of the issuer or the guarantor, as the case may be, substantially as an entirety:

in the case of Aon Delaware, is a corporation or other entity organized and existing under the laws of the United States, any state thereof or the District of Columbia; and

in the case of either Aon plc or Aon Delaware, expressly assumes by supplemental indenture the obligations of the issuer or the guarantor, as the case may be, in relation to the debt securities or the guarantees, as the case may be, and under the applicable indenture;

immediately after giving effect to such transaction, there is no event of default, and no event which, after notice or passage of time or both, would become an event of default; and

Aon plc or Aon Delaware, as the case may be, has delivered to the trustee an officers' certificate stating that the transaction complies with the conditions set forth in the applicable indenture. (Section 11.01 of the indentures)

It is possible that a merger, transfer, lease or other transaction could be treated for United States federal income tax purposes as a taxable exchange by the holders of debt securities or guarantees for new securities, which could result in holders of debt securities or guarantees recognizing taxable gain or loss for US federal income tax purposes. A merger, transfer, lease or other transaction could also have adverse tax consequences to holders of debt securities or guarantees under other tax laws to which the holders are subject.

Payment of Additional Amounts by Aon plc

Payments made by Aon plc as issuer under or with respect to the Aon plc debt securities and as Aon Delaware debt guarantor under or with respect to the Aon Delaware debt guarantees will be made free and clear of and without withholding or deduction for or on account of any present or future income, stamp or other tax, duty, levy, impost, assessment or other governmental charge of any nature whatsoever imposed or levied by or on behalf of the government of the United Kingdom, of any territory of the United Kingdom or by any authority or agency therein or thereof having the power to tax, which we refer to collectively as "Taxes," unless Aon plc is required to withhold or deduct Taxes by law.

If Aon plc is required to withhold or deduct any amount for or on account of Taxes from any payment made with respect to the Aon plc debt securities or Aon Delaware debt guarantees, Aon plc will pay such additional amounts as may be necessary so that the net amount received by each holder (including additional amounts) after such withholding or deduction will not be less than the amount the holder would have received if the Taxes had not been withheld or deducted; *provided* that no additional amounts will be payable with respect to Taxes:

that would not have been imposed but for the existence of any present or former connection between such holder or beneficial owner of the Aon plc debt securities or Aon Delaware debt guarantees (or between a fiduciary, settlor, beneficiary, member or shareholder of, or possessor of a power over, such holder or beneficial owner, if such holder or beneficial owner is an estate, trust, partnership or corporation) and the United Kingdom or any political subdivision or territory or possession thereof or therein or area subject to its jurisdiction, including, without limitation, such holder or beneficial owner (or such fiduciary, settlor, beneficiary, member, shareholder or possessor) being or having been a citizen or resident thereof or treated as a resident thereof or domiciled thereof or a national thereof or being or having been present or engaged in trade or business therein or having or having had a permanent establishment therein;

that are estate, inheritance, gift, sales, transfer, personal property, wealth or similar taxes, duties, assessments or other governmental charges;

payable other than by withholding from payments of principal of and premium, if any, or interest on the Aon plc debt securities or the Aon Delaware debt guarantees, as the case may be;

that would not have been imposed but for the failure of the applicable recipient of such payment to comply with any certification, identification, information, documentation or other reporting requirement to the extent:

such compliance is required by applicable law or administrative practice or an applicable treaty as a precondition to exemption from, or reduction in, the rate of deduction or withholding of such Taxes; and

at least 30 days before the first payment date with respect to which such additional amounts shall be payable, Aon plc has notified such recipient in writing that such recipient is required to comply with such requirement;

that would not have been imposed but for the presentation of an Aon plc debt security or an Aon Delaware debt guarantee (where presentation is required) for payment on a date more than 30 days after the date on which such payment became due and payable or the date on which payment thereof was duly provided for, whichever occurred later;

that are imposed on a payment to an individual and are required to be made pursuant to any European Union Directive on the taxation of savings income relating to the proposal for a directive on the taxation of savings income published by the ECOFIN Council on December 13, 2001 or any other Directive implementing the conclusions of the ECOFIN Council meeting of November 26-27, 2000 on the taxation of savings income, or any law implementing or complying with, or introduced in order to conform to, such Directive;

that would not have been imposed if presentation for payment of the relevant Aon plc debt securities or Aon Delaware debt guarantees had been made to a paying agent other than the paying agent to which the presentation was made; or

any combination of the foregoing items;

nor shall additional amounts be paid with respect to any payment of the principal of or interest on any Aon plc debt security or Aon Delaware debt guarantees to any such holder who is a fiduciary or a partnership or a beneficial owner who is other than the sole beneficial owner of such payment to the extent a beneficiary or settlor with respect to such fiduciary or a member of such partnership or a beneficial owner would not have been entitled to such additional amounts had it been the holder of the debt security.

All references in this prospectus, other than under " Defeasance" below, to the principal of or premium, if any, or interest, if any, on or the net proceeds received on the sale or exchange of, any debt securities shall be deemed to include additional amounts to the extent that, in that context, additional amounts are, were or would be payable.

Aon plc has agreed in the Aon plc senior indenture and the Aon plc subordinated indenture that at least one paying agent for each series of Aon plc debt securities will be located outside the United Kingdom. Aon plc has also agreed that if it maintains a paying agent with respect to a particular series of Aon plc debt securities in any member state of the European Union, it will maintain a paying agent in at least one member state (other than the United Kingdom) that will not be obliged to withhold or deduct taxes pursuant to any law implementing European Council Directive 2003/48/EC or any other Directive implementing the conclusions of the ECOFIN Council meeting of November 26-27, 2000 on the taxation of savings income, provided there is at least one member state that does not require a paying agent to withhold or deduct pursuant to such Directive.

Aon plc's obligation to pay additional amounts if and when due will survive the termination of the indentures and the payment of all other amounts in respect of the debt securities.

If, as a result of Aon plc's consolidation, merger with or conversion into a successor person organized under the laws of a jurisdiction other than the United Kingdom (or, in each case, any political subdivision or taxing authority thereof) as described above under " Consolidation and Merger", or the conveyance, transfer or lease by Aon plc of its assets substantially as an entirety to such successor person, and such an entity expressly assumes the obligations of Aon plc under the indentures and any outstanding Aon plc debt securities and Aon Delaware debt guarantees, such successor person will pay additional amounts on the same basis as described above, except that references to the "United Kingdom" will be treated as references to both the United Kingdom and the country in which such successor person is organized or resident (or deemed resident for tax purposes).

Optional Tax Redemption

In the case of Aon plc debt securities and Aon Delaware debt securities benefiting from an Aon Delaware debt guarantee, the issuer may redeem any series of those debt securities in whole but not in part at any time, on giving not less than 30 nor more than 90 days' notice of such redemption, at a redemption price equal to the principal amount plus accrued interest, if any, to the date fixed for redemption (except in the case of discounted debt securities, which may be redeemed at the redemption price specified by the terms of each series of such debt securities), if:

The issuer determines that, as a result of any change in, amendment to or announced proposed change in the laws or any regulations or rulings promulgated thereunder of the United Kingdom (or of any political subdivision or taxing authority thereof) or, in the event of the assumption of Aon plc's obligations under the Aon plc debt securities or Aon Delaware debt securities benefiting from an Aon Delaware debt guarantee, as the case may be, by a successor person not organized under the laws of the United States or the United Kingdom (or any political subdivision or taxing authority thereof as described under " Consolidation and Merger"), the jurisdiction in which such successor person is organized (or deemed resident for tax purposes), or any change in the application or official interpretation of such laws, regulations or rulings, or any change in the application or official interpretation of, or any execution of or amendment to, any treaty or treaties affecting taxation to which any such jurisdiction is a party, which change, execution or amendment becomes effective on or after (i) the issue date of the applicable Aon plc debt securities or Aon Delaware debt guarantee, as the case may be, (ii) in the event of the assumption by a successor person of the obligations of Aon plc under the applicable indenture, and the Aon plc debt securities or the Aon Delaware debt guarantees, as the case may be, as described above under " Consolidation and Merger," under the laws of a jurisdiction other than the United States or the United Kingdom (or, in each case, any political subdivision or taxing authority thereof), with respect to taxes imposed by such other jurisdiction, the date of the transaction resulting in such assumption or (iii) such other date specified with respect to the relevant debt securities and, in the case of each of (i), (ii) or (iii), Aon plc would be required to pay additional amounts (as described under " Payment of Additional Amounts by Aon plc") with respect to that series of Aon plc debt securities or under an Aon Delaware debt guarantee, as the case may be, on the next succeeding interest payment date for the relevant debt securities and the payment of such additional amounts cannot be avoided by the use of reasonable measures available to Aon plc; or

The issuer determines, based upon an opinion of independent counsel of recognized standing that, as a result of any action taken by any legislative body of, taxing authority of, or any action brought in a court of competent jurisdiction in, the United Kingdom (or any political subdivision or taxing authority thereof) or, in the event of the assumption of Aon plc's obligations under the Aon plc debt securities or Aon Delaware debt securities benefiting from an Aon Delaware debt guarantee, as the case may be, by a successor person not organized under the laws of the United States or the United Kingdom (or, in each case, any political subdivision thereof as described above under " Consolidation and Merger"), the jurisdiction in which such successor person is organized (or deemed resident for tax purposes), which action is taken or brought on or after (i) the issue date of the applicable Aon plc debt securities or Aon Delaware debt guarantee, as the case may be, (ii) in the event of the assumption by a successor person of the obligations of Aon plc under the applicable indenture and the Aon plc debt securities or the Aon Delaware debt guarantees, as the case may be, as described above under " Consolidation and Merger," under the laws of a jurisdiction other than the United Kingdom or the United States (or, in each case, any political subdivision or taxing authority thereof), with respect to taxes imposed by such other jurisdiction, the date of the transaction resulting in such assumption or (iii) such other date specified with respect to the relevant debt securities and, in the case of each of (i),

(ii) and (iii), there is a substantial probability that the circumstances described above would exist.

No notice of any such redemption may be given earlier than 90 days prior to the earliest date on which Aon plc would be obligated to pay any additional amounts.

In the case of Aon plc debt securities and Aon Delaware debt securities benefiting from an Aon Delaware debt guarantee, Aon plc will also pay to each holder, or make available for payment to each such holder, on the redemption date, any additional amounts resulting from the payment of such redemption price by Aon plc as issuer or guarantor, as the case may be. Prior to the delivery of any notice of redemption, the issuer will deliver to the trustee an officer's certificate stating that it is entitled to effect or cause a redemption and setting forth a statement of facts showing that the conditions precedent of the right so to redeem or cause such redemption have occurred, and in the case of a redemption based on an opinion of independent counsel referred to in the second bullet above, such independent counsel's opinion.

Any notice of redemption will be irrevocable once an officer's certificate has been delivered to the trustee.

Defeasance

Defeasance and Discharge. Unless the debt securities of any series provide otherwise, the issuer and, if applicable, the guarantor may be discharged from any and all obligations in respect of the debt securities of that series and any related guarantee, as applicable (except for certain obligations to register the transfer or exchange of debt securities of that series, to replace stolen, destroyed, lost or mutilated debt securities of that series, to maintain paying agencies, to execute and furnish definitive securities evidenced by temporary securities, to return moneys deposited with or paid to the trustee or any paying agent remaining unclaimed for three years, to compensate and indemnify the applicable trustee or to furnish such trustee (if that trustee is not the registrar) with the names and addresses of holders of debt securities of that series). This discharge, referred to as defeasance, will occur only if, among other things:

the issuer or, if applicable, the guarantor or both irrevocably deposit with the applicable trustee, in trust, money and/or securities of the government which issues the currency in which the debt securities of that series are payable or securities of agencies backed by the full faith and credit of that government, which, through the payment of interest and principal in accordance with their terms, will provide, in the opinion of a nationally recognized public accounting firm, enough money to pay each installment of principal of, and any premium and interest on, and any additional amounts known to be payable at the time of such defeasance and discharge and any mandatory sinking fund payments in respect of, the debt securities of that series on the applicable due dates for those payments in accordance with the terms of those debt securities; and

the issuer or, if applicable, the guarantor delivers to the applicable trustee an opinion of counsel confirming that the holders of the debt securities of that series will not recognize income, gain or loss for United States federal income tax purposes as a result of such defeasance and will be subject to United States federal income tax on the same amounts and in the same manner and at the same times as would have been the case if the discharge had not occurred.

That opinion must state that the issuer or, if applicable, the guarantor has received from the United States Internal Revenue Service a ruling or, since the date of execution of the applicable indenture, there has been a change in the applicable United States federal income tax law, in any case, in support of that opinion. (Sections 13.02 and 13.04 of the indentures)

In addition, the issuer or, if applicable, the guarantor or both may also obtain a discharge of either indenture with respect to all debt securities issued under that indenture and any related guarantee, as applicable, by depositing with the applicable trustee, in trust, enough money to pay all amounts due on the debt securities on the date those payments are due or upon redemption of all of those debt securities, so long as those debt securities are by their terms to become due and payable within one year or are to be called for redemption within one year. (Section 12.01 of the indentures)

Defeasance of Certain Covenants and Certain Events of Default. Unless the debt securities of any series provide otherwise, upon compliance with certain conditions:

the issuer and, if applicable, the guarantor may omit to comply with any provision of the applicable indenture (except for certain obligations to register the transfer or exchange of debt securities of that series, to replace stolen, destroyed, lost or mutilated debt securities of that series, to maintain paying agencies, to execute and furnish definitive securities evidenced by temporary securities, to return moneys deposited with or paid to the trustee or any paying agent on any debt security and not applied to payments on the debt securities but remaining unclaimed for three years, to punctually pay the principal of and premium or interest, if any, on the debt securities, to deliver to the trustee an annual statement as to default, to adhere to the covenants with respect to payment on the debt securities on default, to adhere to the resignation or removal procedures regarding the trustee, to compensate and indemnify the applicable trustee or to furnish that trustee (if that trustee is not the registrar) with the names and addresses of holders of debt securities of that series), including the covenant described under " Consolidation and Merger"; and

any omission to comply with those covenants will not constitute an event of default with respect to the debt securities of that series ("covenant defeasance"). (Sections 13.03 and 13.04 of the indentures)

The conditions include, among other things:

irrevocably depositing with the applicable trustee, in trust, money and/or securities of the government which issues the currency in which the debt securities of that series are payable or securities of agencies backed by the full faith and credit of that government, which, through the payment of interest and principal in accordance with their terms, will provide, in the opinion of a nationally recognized public accounting firm, enough money to pay each installment of principal of, any premium and interest on, and any additional amounts known to be payable at the time of such covenant defeasance and any mandatory sinking fund payments in respect of, the debt securities of that series on the applicable due dates for those payments in accordance with the terms of those debt securities; and

delivering to the applicable trustee an opinion of counsel to the effect that the holders of the debt securities of that series will not recognize income, gain or loss for United States federal income tax purposes as a result of the covenant defeasance and will be subject to United States federal income tax on the same amounts and in the same manner and at the same times as would have been the case if the covenant defeasance had not occurred. (Section 13.04 of the indentures)

Covenant Defeasance and Certain Other Events of Default. If the issuer or, if applicable, the guarantor exercises or both exercise the option to effect a covenant defeasance with respect to the debt securities of any series as described above and the debt securities of that series are thereafter declared due and payable because of an event of default (other than an event of default caused by failing to comply with the covenants that are defeased), the amount of money and securities it has or they have deposited with the applicable trustee would be sufficient to pay amounts due on the debt securities of that series on their respective due dates but may not be sufficient to pay amounts due on the debt

Edgar Filing: Aon plc - Form 424B5

securities of that series at the time of acceleration resulting from that event of default. However, the issuer and, if applicable, the guarantor would remain liable for any shortfall.

Modification and Waiver

Each indenture provides that the issuer and, if applicable, the guarantor may enter into supplemental indentures with the applicable trustee without the consent of the holders of debt securities to:

document the fact that a successor entity has assumed the issuer's or, if applicable, the guarantor's obligations;

add covenants or events of default or to surrender any right or power conferred upon the issuer or, if applicable, the guarantor for the benefit of the holders of debt securities;

add or change such provisions as are necessary to permit the issuance of global debt securities;

cure any ambiguity or correct any inconsistency in the indenture or in the terms of the debt securities as shall not adversely affect the interests of the holders of debt securities in any material respect;

conform the applicable indenture or the terms of the debt securities or guarantees to any terms set forth in this prospectus or an applicable prospectus supplement;

document the fact that a successor trustee has been appointed; or

establish the forms and terms of debt securities of any series. (Section 10.01 of the indentures)

The issuer and, if applicable, the guarantor may enter into a supplemental indenture to modify an indenture with the consent of the applicable trustee and the holders of at least a majority in principal amount of outstanding debt securities of each series affected by such supplemental indenture. However, the issuer and, if applicable, the guarantor may not modify an indenture without the consent of the holders of all then-outstanding debt securities of the affected series issued under that indenture to:

extend the maturity date of, or change the due date of any installment of principal of or interest on, or payment of additional amounts with respect to, the debt securities of that series;

reduce the principal amount of, or any premium payable or interest rate on, the debt securities of that series;

reduce the amount due and payable upon acceleration or make payments thereon payable in any currency other than that provided in that debt security;

make any change that adversely affects the right, if any, to convert or exchange any debt security for shares or other securities or property in accordance with its terms;

impair the right to institute suit for the enforcement of any such payment on or after its due date; or

reduce the percentage in principal amount of outstanding debt securities of any series, the consent of whose holders is necessary to effect any such modification or amendment of the indenture, for waiver of compliance with certain covenants and provisions in the indenture or for waiver of certain defaults. (Section 10.02 of the indentures)

Edgar Filing: Aon plc - Form 424B5

The holders of at least a majority in principal amount of the outstanding debt securities of any series may on behalf of the holders of all debt securities of that series waive any past default under the applicable indenture with respect to that series, except a default in the payment of the principal of or any premium or any interest on, any debt security of that series or in respect of a provision which under the applicable indenture cannot be modified or amended without the consent of the holder of each outstanding debt security of that affected series. (Section 6.09 of the indentures)

Global Securities

The debt securities of a series may be issued in whole or in part in the form of one or more global certificates that the issuer will deposit with a depositary identified in an applicable prospectus supplement. Unless and until it is exchanged in whole or in part for the individual debt securities that it represents, a global security may not be transferred except as a whole:

by the applicable depositary to a nominee of the depositary;

by any nominee to the depositary itself or another nominee; or

by the depositary or any nominee to a successor depositary or any nominee of the successor.

An applicable prospectus supplement will describe the specific terms of the depositary arrangement with respect to a series of debt securities. We anticipate that the following provisions will generally apply to depositary arrangements.

When a global security is issued, the depositary for the global security or its nominee will credit, on its book-entry registration and transfer system, the respective principal amounts of the individual debt securities represented by that global security to the accounts of persons that have accounts with the depositary ("participants"). Those accounts will be designated by the dealers, underwriters or agents with respect to the underlying debt securities or by the issuer if those debt securities are offered and sold directly by the issuer. Ownership of beneficial interests in a global security will be limited to participants or persons that may hold interests through participants. For interests of participants, ownership of beneficial interests in the global security will be shown on records maintained by the applicable depositary or its nominee. For interests of persons other than participants, that ownership information will be shown on the records of participants. Transfer of that ownership will be effected only through those records. The laws of some states require that certain purchasers of securities take physical delivery of securities in definitive form. These limits and laws may impair our ability to transfer beneficial interests in a global security.

As long as the depositary for a global security, or its nominee, is the registered owner of that global security, the depositary or nominee will be considered the sole owner or holder of the debt securities represented by the global security for all purposes under the applicable indenture. Except as provided below, owners of beneficial interests in a global security:

will not be entitled to have any of the underlying debt securities registered in their names;

will not receive or be entitled to receive physical delivery of any of the underlying debt securities in definitive form; and

will not be considered the owners or holders under the indenture relating to those debt securities.

Payments of the principal of, any premium on and any interest on individual debt securities represented by a global security registered in the name of a depositary or its nominee will be made to the depositary or its nominee as the registered owner of the global security representing such debt securities. No issuer, guarantor, trustee, paying agent or registrar for the debt securities will be responsible for any aspect of the records relating to or payments made by the depositary or any participants on account of beneficial interests in the global security.

It is expected that the depositary or its nominee, upon receipt of any payment of principal, any premium or interest relating to a global security representing any series of debt securities, immediately will credit participants' accounts with the payments. Those payments will be credited in amounts proportional to the respective beneficial interests of the participants in the principal amount of the global security as shown on the records of the depositary or its nominee. It is also expected that payments by participants to owners of beneficial interests in the global security held through those

participants will be governed by standing instructions and customary practices. This is now the case with securities held for the accounts of customers registered in "street name." Those payments will be the sole responsibility of those participants.

If the depositary for a series of debt securities is at any time unwilling, unable or ineligible to continue as depositary and a successor depositary is not appointed within 90 days, the issuer will issue individual debt securities of that series in exchange for the global security or securities representing that series. In addition, the issuer may at any time in its sole discretion determine not to have any debt securities of a series represented by one or more global securities. In that event, the issuer will issue individual debt securities of that series in exchange for the global security or securities. Furthermore, if specified in an applicable prospectus supplement, an owner of a beneficial interest in a global security may, on terms acceptable to the issuer, the trustee and the applicable depositary, receive individual debt securities of that series in exchange for those beneficial interests. The foregoing is subject to any limitations described in an applicable prospectus supplement. In any such instance, the owner of the beneficial interest will be entitled to physical delivery of individual debt securities equal in principal amount to the beneficial interest and to have the debt securities registered in its name. Those individual debt securities will be issued in any authorized denominations.

Subordination under the Aon plc Subordinated Debt Indenture

The Aon plc subordinated debt securities and the Aon plc subordinated debt guarantees will be subordinate and junior in right of payment to all senior indebtedness of Aon plc and Aon Delaware, respectively, to the extent provided in the Aon plc subordinated debt indenture. (Sections 16.01 and 16.03 of the Aon plc subordinated debt indenture) Neither Aon plc, as issuer, nor Aon Delaware, as Aon plc subordinated debt guarantor, may make any payments on account of principal or any premium, redemption, interest or any other amount payable under the Aon plc subordinated debt securities or the Aon plc subordinated debt guarantees, as the case may be, at any time when it has defaulted with respect to payment of principal or any premium, interest, sinking fund or other payment due on its senior indebtedness. (Section 16.02 of the Aon plc subordinated debt indenture) If either Aon plc, as issuer, or Aon Delaware, as Aon plc subordinated debt guarantor, makes any payment described in the foregoing sentence before all of its senior indebtedness is paid in full, such payment or distribution will be applied to pay off the applicable senior indebtedness which remains unpaid. Subject to the condition that the senior indebtedness of Aon plc or Aon Delaware, as the case may be, is paid in full, if any such payments are made on the senior indebtedness of Aon plc or Aon Delaware, as the case may be, as described above, the holders of Aon plc subordinated debt securities or Aon plc subordinated debt guarantees will be subrogated to the rights of the senior debt security holders of Aon plc or Aon Delaware, as the case may be. (Section 16.03 of the Aon plc subordinated debt indenture)

The Aon plc subordinated debt indenture defines the term "senior indebtedness" to mean:

all indebtedness of Aon plc or Aon Delaware, as the case may be, whether outstanding on the date of the Aon plc subordinated debt indenture or incurred later, for money borrowed (other than Aon plc subordinated debt securities or Aon Delaware subordinated debt securities, as the case may be) or otherwise evidenced by a note or similar instrument given in connection with the acquisition of any property or assets (other than inventory or other similar property acquired in the ordinary course of business), including securities or for the payment of money relating to a capitalized lease obligation (as defined in the Aon plc subordinated debt indenture);

any indebtedness of others described in the preceding bullet point which Aon plc or Aon Delaware, as the case may be, has guaranteed or which is otherwise its legal obligation;

any of Aon plc's or Aon Delaware's, as the case may be, indebtedness under interest rate swaps, caps or similar hedging agreements and foreign exchange contracts, currency swaps or similar agreements; and

renewals, extensions, refundings, restructurings, amendments and modifications of any indebtedness or guarantee described above. (Section 1.01 of the Aon plc subordinated debt indenture)

"Senior indebtedness" does not include:

any indebtedness of Aon plc or Aon Delaware, as the case may be, to its subsidiaries; or

any indebtedness of Aon plc or Aon Delaware, as the case may be, which by its terms ranks equal or subordinated to the Aon plc subordinated debt securities or Aon plc subordinated debt guarantees in rights of payment or upon liquidation. (Section 1.01 of the Aon plc subordinated debt indenture)

Because of the subordination provisions described above, some of the general creditors of Aon plc or Aon Delaware, as the case may be, may recover proportionately more than holders of the Aon plc subordinated debt securities or Aon plc subordinated debt guarantees if the assets of Aon plc or Aon Delaware, as the case may be, are distributed as a result of insolvency or bankruptcy. The Aon plc subordinated debt indenture provides that the subordination provisions will not apply to cash, properties and securities held in trust pursuant to the satisfaction and discharge and the legal defeasance provisions of the Aon plc subordinated debt indenture. (Section 16.03 of the Aon plc subordinated debt indenture) See "Defeasance" for additional information regarding the legal defeasance provisions affecting the subordinated debt.

We will set forth (or incorporate by reference) the approximate amount of senior indebtedness outstanding for each of Aon plc and Aon Delaware as of a recent date in any prospectus supplement under which we offer to sell Aon plc subordinated debt securities.

Subordination under the Aon Delaware Subordinated Debt Indenture

The Aon Delaware subordinated debt securities and the Aon Delaware subordinated debt guarantees will be subordinate and junior in right of payment to all senior indebtedness of Aon Delaware and Aon plc, respectively, to the extent provided in the Aon Delaware subordinated debt indenture. (Sections 16.01 and 16.03 of the Aon Delaware subordinated debt indenture) Neither Aon Delaware, as issuer, nor Aon plc, as Aon Delaware subordinated debt guarantor, may make any payments on account of principal or any premium, redemption, interest or any other amount payable under the Aon Delaware subordinated debt securities or the Aon Delaware subordinated debt guarantees, as the case may be, at any time when it has defaulted with respect to payment of principal or any premium, interest, sinking fund or other payment due on its senior indebtedness. (Section 16.02 of the Aon Delaware subordinated debt indenture) If either Aon Delaware, as issuer, or Aon plc, as Aon Delaware subordinated debt guarantor, makes any payment described in the foregoing sentence before all of its senior indebtedness is paid in full, such payment or distribution will be applied to pay off the applicable senior indebtedness which remains unpaid. Subject to the condition that the senior indebtedness of Aon Delaware or Aon plc, as the case may be, is paid in full, if any such payments are made on the senior indebtedness of Aon Delaware or Aon plc, as the case may be, as described above, the holders of Aon Delaware subordinated debt securities or Aon Delaware subordinated debt guarantees will be subrogated to the rights of the senior debt security holders of Aon Delaware or Aon plc, as the case may be. (Section 16.03 of the Aon Delaware subordinated debt indenture)

The Aon Delaware subordinated debt indenture defines the term "senior indebtedness" to mean:

all indebtedness of Aon Delaware or Aon plc, as the case may be, whether outstanding on the date of the Aon Delaware subordinated debt indenture or incurred later, for money borrowed (other than Aon Delaware subordinated debt securities or Aon plc subordinated debt securities, as the case may be) or otherwise evidenced by a note or similar instrument given in connection with the acquisition of any property or assets (other than inventory or other similar property

acquired in the ordinary course of business), including securities or for the payment of money relating to a capitalized lease obligation (as defined in the Aon Delaware subordinated debt indenture);

any indebtedness of others described in the preceding bullet point which Aon Delaware or Aon plc, as the case may be, has guaranteed or which is otherwise its legal obligation;

any of Aon Delaware's or Aon plc's, as the case may be, indebtedness under interest rate swaps, caps or similar hedging agreements and foreign exchange contracts, currency swaps or similar agreements; and

renewals, extensions, refundings, restructurings, amendments and modifications of any indebtedness or guarantee described above. (Section 1.01 of the Aon Delaware subordinated debt indenture)

"Senior indebtedness" does not include:

any indebtedness of Aon Delaware or Aon plc, as the case may be, to its subsidiaries; or

any indebtedness of Aon Delaware or Aon plc, as the case may be, which by its terms ranks equal or subordinated to the Aon Delaware subordinated debt securities or Aon Delaware subordinated debt guarantees in rights of payment or upon liquidation. (Section 1.01 of the Aon Delaware subordinated debt indenture)

Because of the subordination provisions described above, some of the general creditors of Aon Delaware or Aon plc, as the case may be, may recover proportionately more than holders of the Aon Delaware subordinated debt securities or Aon Delaware subordinated debt guarantees if the assets of Aon plc or Aon Delaware, as the case may be, are distributed as a result of insolvency or bankruptcy. The Aon Delaware subordinated debt indenture provides that the subordination provisions will not apply to cash, properties and securities held in trust pursuant to the satisfaction and discharge and the legal defeasance provisions of the Aon Delaware subordinated debt indenture. (Section 16.03 of the Aon Delaware subordinated debt indenture) See "Defeasance" for additional information regarding the legal defeasance provisions affecting the subordinated debt.

We will set forth (or incorporate by reference) the approximate amount of senior indebtedness outstanding for each of Aon Delaware and Aon plc as of a recent date in any prospectus supplement under which we offer to sell Aon Delaware subordinated debt securities.

Guarantees

Under each guarantee, the applicable guarantor will unconditionally guarantee the due and punctual payment of the principal, interest (if any), premium (if any) and all other amounts due on the applicable debt securities when the same shall become due and payable, whether at maturity, pursuant to mandatory or optional redemption or repayments, by acceleration or otherwise, in each case after any applicable grace periods or notice requirements, according to the terms of the applicable debt securities.

The obligations of each guarantor under the guarantees will be unconditional, regardless of the enforceability of the applicable debt securities, and will not be discharged until all obligations under those debt securities and the applicable indenture are satisfied. Holders of the applicable debt securities may proceed directly against the guarantor under the applicable guarantee if an event of default affecting those debt securities occurs without first proceeding against the issuer.

Conversion Rights

An applicable prospectus supplement will describe the terms and conditions, if any, on which debt securities being offered are convertible into our Class A Ordinary Shares or other securities. Such terms will include the conversion price, the conversion period, provisions as to whether conversion will be at the issuer's option or the option of the holder, the events requiring an adjustment of the conversion price and provisions affecting conversion in the event of the redemption of those debt securities.

Regarding the Trustee

The issuers have commercial deposits and custodial arrangements with The Bank of New York Mellon Trust Company, N.A., or "BNYM," and may have borrowed money from BNYM in the normal course of business. The issuers may enter into similar or other banking relationships with BNYM in the future in the normal course of business. In addition, the issuers have provided brokerage and other insurance services in the ordinary course of their respective businesses for BNYM. BNYM may also act as trustee with respect to other debt securities one or both of the issuers have issued.

BNYM will be serving as the trustee under the senior indentures and the subordinated indentures. Consequently, if an actual or potential event of default occurs with respect to either the senior debt securities or the subordinated debt securities, BNYM may be considered to have a conflicting interest for purposes of the Trust Indenture Act. In that case, BNYM may be required to resign under one or more indentures, and the applicable issuer and, if applicable, the applicable guarantor would be required to appoint a successor trustee. For this purpose, a "potential" event of default means an event that would be an event of default if the requirements for giving us default notice or for the default having to exist for a specific period of time were disregarded.

Governing Law

The debt securities, the guarantees and the indentures will be governed by and construed in accordance with the laws of the State of New York, except that, as the indentures specify, the subordination provisions of each series of Aon plc subordinated debt securities, any Aon Delaware subordinated debt guarantee and the Aon plc subordinated indenture, as they apply to Aon plc, will be governed by and construed in accordance with the laws of England and Wales (other than the appointment of any attorney-in-fact, which shall be governed by the laws of the State of New York).

DESCRIPTION OF PREFERENCE SHARES

In this description, references to "Aon," the "company," "we," "us" or "our" refer only to Aon plc and not to any of our subsidiaries or affiliates. Also, in this section, references to "holders" mean those who own preference shares registered in their own names, on the books that our registrar or we maintain for this purpose, and not those who own beneficial interests in preference shares registered in "street name" or in shares issued in book-entry form and held through one or more depositaries.

The description set forth below is only a summary and is not complete. For more information regarding the preference shares which may be offered by this prospectus, please refer to the documents incorporated by reference in this prospectus, the applicable prospectus supplement or supplements, our articles of association ("Articles"), which are incorporated by reference as an exhibit to the registration statement of which this prospectus forms a part, and any certificate of designations or other instrument establishing a series of preference shares, which will be filed with the SEC as an exhibit to or incorporated by reference in the registration statement at or prior to the time of the issuance of that series of preference shares.

Our Articles authorize us to issue preference shares, in one or more series, with the number of shares of each series and the rights, preferences and limitations of each series to be determined by or pursuant to the authorization of our board of directors at the time of issue of the relevant preference shares. Our board of directors has been authorized to allot and issue up to 25,000,000 preference shares all of which remain authorized for allotment and issuance. This authority will expire on March 29, 2017, which is the date five years from the date we adopted our current Articles. Our preference shares will likely be afforded preferences regarding dividends and liquidation rights over our Class A Ordinary Shares and may be issued as redeemable shares, with all such other rights, terms and conditions to be determined by or pursuant to the authorization of the board of directors of Aon plc at the time of issue of the relevant preference shares.

We will include the specific terms of each series of the preference shares being offered in an applicable prospectus supplement.

DESCRIPTION OF CLASS A ORDINARY SHARES

In this description, references to "Aon," the "company," "we," "us" or "our" refer only to Aon plc and not to any of our subsidiaries or affiliates. Also, in this section, references to "holders" mean those who own ordinary shares of Aon registered in their own names, on the books that the registrar or we maintain for this purpose, and not those who own beneficial interests in ordinary shares registered in street name or in shares issued in book-entry form and held through one or more depositaries.

The description of our Class A Ordinary Shares is incorporated into this prospectus by reference to the Current Report on Form 8-K12B filed with the SEC on April 2, 2012. Our Class A Ordinary Shares are listed on the New York Stock Exchange under the symbol "AON."

For more information regarding the Class A Ordinary Shares which may be offered by this prospectus, please refer to the applicable prospectus supplement or supplements, our Articles, which are incorporated by reference as an exhibit to the registration statement of which this prospectus forms a part, and any other instrument relating to our ordinary shares filed with the SEC as an exhibit to or incorporated by reference in the registration statement at or prior to the time of the issuance of our Class A Ordinary Shares.

Our Articles authorize us to allot and issue Class A Ordinary Shares, and to grant rights to subscribe for or to convert or exchange any security into or for Class A Ordinary Shares, which shall have the same rights, preferences and limitations as the existing Class A Ordinary Shares. Our board has been authorized to issue up to 415,000,000 Class A Ordinary Shares in addition to the Class A Ordinary Shares issued in connection with the Redomestication. Of this amount, 412,365,479 shares remain authorized for allotment and issuance. This authority will expire on March 29, 2017, which is the date five years from the date we adopted our current Articles.

DESCRIPTION OF SHARE PURCHASE CONTRACTS AND SHARE PURCHASE UNITS

In this description, references to "Aon," the "company," "we," "us" or "our" refer only to Aon plc and not to any of our subsidiaries. We may issue share purchase contracts, representing contracts obligating holders to purchase from us, and obligating us to sell to the holders, a specified number of our Class A Ordinary Shares at a future date or dates. The price per share and the number of our Class A Ordinary Shares may be fixed at the time the share purchase contracts are issued or may be determined by reference to a specific formula set forth in the share purchase contracts. The share purchase contracts may be issued separately or as a part of share purchase units consisting of a share

Edgar Filing: Aon plc - Form 424B5

purchase contract and, as security for the holder's obligations to purchase our Class A Ordinary Shares under our Class A Ordinary Shares purchase contracts:

Aon plc senior debt securities or Aon plc subordinated debt securities;

preference shares; or

debt obligations of third parties, including Aon Delaware debt securities and U.S. Treasury securities.

The share purchase contracts may require us to make periodic payments to the holders of the share purchase units or vice versa, and such payments may be unsecured or prefunded on some basis. The share purchase contracts may require holders to secure their obligations in a specified manner and, in certain circumstances, we may deliver newly issued prepaid share purchase contracts upon release to a holder of any collateral securing such holder's obligations under the original share purchase contract.

An applicable prospectus supplement will describe the terms of any share purchase contracts or share purchase units and, if applicable, prepaid share purchase contracts.

PLAN OF DISTRIBUTION

We or Aon Delaware may sell the securities covered by this prospectus in any of the following ways (or in any combination):

through underwriters, dealers or remarketing firms;

directly to one or more purchasers, including to a limited number of institutional purchasers; or

through agents.

Any such dealer or agent, in addition to any underwriter, may be deemed to be an underwriter within the meaning of the Securities Act of 1933, as amended (the "Securities Act"). Any discounts or commissions received by an underwriter, dealer, remarketing firm or agent on the sale or resale of securities may be considered by the SEC to be underwriting discounts and commissions under the Securities Act.

In addition, we or Aon Delaware may enter into derivative transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. If an applicable prospectus supplement so indicates, in connection with such a transaction, the third parties may, pursuant to this prospectus and that applicable prospectus supplement, sell securities covered by this prospectus and that applicable prospectus supplement. If so, the third party may use securities borrowed from us or Aon Delaware or others to settle such sales and may use securities received from us to close any related short positions. We or Aon Delaware may also loan or pledge securities covered by this prospectus and an applicable prospectus supplement to third parties, who may sell the loaned securities or, in an event of default in the case of a pledge, sell the pledged securities covered by this prospectus and that applicable prospectus supplement.

The terms of the offering of the securities with respect to which this prospectus is being delivered will be set forth in the applicable prospectus supplement or supplements and will include, among other things:

the type of and terms of the securities offered;

the price of the securities;

the proceeds to us from the sale of the securities;

the names of the securities exchanges, if any, on which the securities are listed;

the names of any underwriters, dealers, remarketing firms or agents and the amount of securities underwritten or purchased by each of them;

any over-allotment options under which underwriters may purchase additional securities from us or Aon Delaware;

any underwriting discounts, agency fees or other compensation to underwriters or agents; and

any discounts or concessions which may be allowed or reallocated or paid to dealers.

If underwriters are used in the sale of securities, those securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. The securities may be offered to the public either through underwriting syndicates represented by managing underwriters or directly by one or more underwriters acting alone. Unless otherwise set forth in an applicable prospectus supplement, the obligations of the underwriters to purchase the securities described in an applicable prospectus supplement will be subject to certain conditions precedent, and the underwriters will be obligated to purchase all of those securities if any are purchased by them. Any public offering price and any discounts or concessions allowed or reallocated or paid to dealers may be changed from time to time.

If the dealers acting as principals are used in the sale of any securities, those securities will be acquired by the dealers, as principals, and may be resold from time to time in one or more transactions at varying prices to be determined by the dealer at the time of resale. The name of any dealer and the terms of the transactions will be set forth in an applicable prospectus supplement with respect to the securities being offered.

Securities may also be offered and sold, if so indicated in an applicable prospectus supplement in connection with a remarketing upon their purchase, in accordance with a redemption or repayment pursuant to their terms, or otherwise, by one or more firms, which we refer to as the "remarketing firms," acting as principals for their own accounts or as our agents, as applicable. Any remarketing firm will be identified and the terms of its agreement, if any, with us or Aon Delaware and its compensation will be described in an applicable prospectus supplement. Remarketing firms may be deemed to be underwriters, as that term is defined in the Securities Act in connection with the securities remarketed thereby.

The securities may be sold directly by us or Aon Delaware or through agents designated by us from time to time. In the case of securities sold directly by us or Aon Delaware, no underwriters or agents would be involved. Any agents involved in the offer or sale of the securities in respect of which this prospectus is being delivered, and any commissions payable by us or Aon Delaware to such agents, will be set forth in an applicable prospectus supplement. Unless otherwise indicated in an applicable prospectus supplement, any such agent will be acting on a best efforts basis for the period of its appointment.

We or Aon Delaware may authorize agents, underwriters or dealers to solicit offers by certain specified institutions to purchase the securities to which this prospectus and the applicable prospectus supplement or supplements relate from us at the public offering price set forth in an applicable prospectus supplement plus, if applicable, accrued interest, pursuant to delayed delivery contracts providing for payment and delivery on a specified date in the future. Those contracts will be subject only to those conditions set forth in an applicable prospectus supplement, and an applicable prospectus supplement will set forth the commission payable for solicitation of those contracts.

Agents, dealers, underwriters and remarketing firms may be entitled, under agreements entered into with us, Aon Delaware or both, to indemnification by us, Aon Delaware or both against certain civil liabilities, including liabilities under the Securities Act, or to contribution to payments they may be

required to make in respect thereof. Agents, dealers, underwriters and remarketing firms may be customers of, engage in transactions with, or perform services for us or our subsidiaries in the ordinary course of business.

Unless otherwise indicated in an applicable prospectus supplement, all securities offered by this prospectus, other than our Class A Ordinary Shares, which are listed on the New York Stock Exchange, will be new issues with no established trading market. We or Aon Delaware, as applicable, may elect to list any of the securities on one or more exchanges, but unless otherwise specified in an applicable prospectus supplement, neither we nor Aon Delaware shall be obligated to do so. In addition, underwriters will not be obligated to make a market in any securities. No assurance can be given regarding the activity of trading in, or liquidity of, any securities.

Any underwriter may engage in over-allotment, stabilizing transactions, short-covering transactions and penalty bids in accordance with Regulation M under the Exchange Act. Over-allotment involves sales in excess of the offering size, which create a short position. Stabilizing transactions permit bids to purchase the underlying securities so long as the stabilizing bids do not exceed a specified maximum. Short covering transactions involve purchases of the securities in the open market after the distribution is completed to cover short positions. Penalty bids permit the underwriters to reclaim a selling concession from a dealer when the securities originally sold by the dealer are purchased in a covering transaction to cover short positions. Those activities may cause the price of the securities to be higher than it would otherwise be. If commenced, the underwriters may discontinue any of the activities at any time.
