\$1,200,000,000 3.95% Senior Notes due 2025

Edgar Filing: DIRECTV - Form 424B2

The 3.95% Senior Notes will mature on January 15, 2025 (the "notes"). Interest will accrue on the notes from December 11, 2014. The issuers of the notes, DIRECTV Holdings LLC, or DIRECTV Holdings, and DIRECTV Financing Co., Inc., or DIRECTV Financing, will pay interest on the notes on January 15 and July 15 of each year, beginning on July 15, 2015. As described under "Description of Notes Principal, maturity and interest," the interest rate on the notes will increase by 25 basis points if the Merger Agreement (as defined herein) is terminated in accordance with its terms without the Merger (as defined herein) having been consummated.

Prior to October 15, 2024 (three months prior to the maturity date of the notes), we may redeem some or all of the notes at a "make-whole" price described under "Description of Notes Optional redemption" in this prospectus supplement. On or after October 15, 2024 (three months prior to the maturity date of the notes), we may redeem the notes in whole or in part, at our option, at a redemption price equal to 100% of the principal amount thereof, plus accrued and unpaid interest, if any, to the date of redemption as described under "Description of Notes Optional redemption." As described under "Description of Notes Change of control and rating decline," if DIRECTV Holdings experiences specific kinds of changes of control accompanied by a rating decline, it will be required to offer to purchase the notes from holders.

The notes and the guarantees will be the unsecured senior obligations of the issuers and the guarantors and will rank equally in right of payment with all of the issuers' and the guarantors' existing and future senior debt and will rank senior in right of payment to all of the issuers' and the guarantors' future subordinated debt, if any. The notes will be guaranteed by DIRECTV, the parent company of the issuers, and DIRECTV Holdings' material existing and certain of its future domestic subsidiaries (other than DIRECTV Financing, which is a co-issuer of the notes). The notes will be effectively subordinated to any obligations secured by liens, to the extent of the value of the assets subject to those liens.

The notes will not be listed on any exchange or quoted on any automated dealer quotation system. Currently, there is no public market for the notes.

Investing in the notes involves risks. See "Risk Factors" beginning on page S-15 herein and Part I-Item 1A, "Risk Factors," in our Annual Report on Form 10-K/A for the year ended December 31, 2013 filed with the SEC on June 30, 2014, which is incorporated herein by reference, for a discussion of factors you should consider carefully before investing in the notes.

Although we believe the information is reliable, we cannot guarantee the accuracy or completeness of the information and have not independently verified it.

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

This prospectus supplement and documents incorporated by reference herein and in other materials we have filed or may file with the SEC, contain or may contain certain statements that we believe are, or may be considered to be, "forward-looking statements" within the meaning of various provisions of the Securities Act and of the Exchange Act. These forward-looking statements generally can be identified by use of statements that include phrases such as we "believe," "expect," "estimate," "anticipate," "intend," "plan," "foresee," "project" or other similar references to future periods. Examples of forward-looking statements include, but are not limited to, statements we make related to financial estimates and statements as to the expected timing, consummation and effects of the proposed merger between DIRECTV and AT&T Inc. ("AT&T"), our business strategy and regarding our outlook for 2014 and 2015 financial results, liquidity and capital resources.

Forward-looking statements are based on our current expectations and assumptions regarding our business, the economy and other future conditions. Because forward-looking statements relate to the future, they are subject to inherent uncertainties, risks and changes in circumstances that are difficult to predict. Our actual results may differ materially from those contemplated by the forward-looking statements. We caution you therefore against relying on any of these forward-looking statements. They are neither statements of historical fact nor guarantees or assurances of future performance. Important factors that could cause actual results to differ materially from those in the forward-looking statements include economic, business, competitive, national or global political, market and regulatory conditions and other risks, each of which is described in more detail under "Risk Factors" in this prospectus supplement. Any forward-looking statement included or incorporated by reference in this prospectus supplement speaks only as of the date of this prospectus supplement or the date of such document incorporated by reference in this prospectus supplement. Factors or events that could cause our actual results to differ may occur and it is not possible for us to predict them all. We undertake no obligation to publicly update any forward-looking statement, whether as a result of new information, future developments or otherwise, except as required by law. You should read carefully the section of this prospectus supplement under the heading "Risk Factors" beginning on page S-15.

Unless otherwise indicated or the context otherwise requires, references to "we," "us" and "our" are to DIRECTV and its consolidated subsidiaries, including DIRECTV Holdings and DIRECTV Financing.

This is only a summary and does not contain all of the information that may be important to you. You should read the entire prospectus supplement, including the section entitled "Risk Factors" and you should read the documents incorporated by reference into this prospectus supplement, including "Risk Factors," "Management's Discussion and Analysis of Financial Condition and Results of Operations" and our consolidated financial statements and related notes contained in our Annual Report on Form 10-K/A for the year ended December 31, 2013 filed with the SEC on June 30, 2014, which we refer to as our "Form 10-K" and in our Quarterly Reports on Form 10-Q for the quarter ended March 31, 2014, which we refer to as our "March 31, 2014 Form 10-Q," for the quarter ended June 30, 2014, which we refer to as our "June 30, 2014 Form 10-Q," and for the quarter ended September 30, 2014, which we refer to as our "September 30, 2014 Form 10-Q" before making an investment decision.

We are a leading provider of digital television entertainment in the United States and Latin America. We operate two direct-to-home, or DTH, business units: DIRECTV U.S. and DIRECTV Latin America, which are differentiated by their geographic locations and are engaged in acquiring, promoting, selling and distributing digital entertainment programming primarily via satellite to residential and commercial subscribers. In addition, we own and operate two regional sports networks, hold a minority ownership interest in ROOT SPORTS Northwest, own a 60% equity interest in Houston Sports Holdings, LLC, or HRSN, and own a 42% interest in Game Show Network LLC, or GSN, a television network dedicated to game-related programming and Internet interactive game playing. We account for our investments in ROOT SPORTS Northwest, HRSN and GSN using the equity method of accounting.

DIRECTV U.S. DIRECTV U.S. is the largest provider of DTH digital television services and the second largest provider in the multi-channel video programming distribution, or MVPD, industry in the United States. As of September 30, 2014, DIRECTV U.S. had approximately 20.2 million subscribers.

DIRECTV Latin America. DIRECTV Latin America Holdings, Inc. and its subsidiaries, or DIRECTV Latin America, is a leading provider of DTH digital television services throughout Latin America. DIRECTV Latin America is comprised of: PanAmericana, which provides services in Argentina, Chile, Colombia, Ecuador, Peru, Puerto Rico, Venezuela and certain other countries in the region, and Sky Brasil Servicos Ltda., or Sky Brasil, which is a 93% owned subsidiary. DIRECTV Latin America also includes our 41% equity method investment in Innova, S. de R.L. de C.V., or Sky Mexico, which we include in the PanAmericana and Other segment. As of September 30, 2014, PanAmericana had approximately 6.7 million subscribers, Sky Brasil had approximately 5.6 million subscribers and Sky Mexico had approximately 6.5 million subscribers.

DIRECTV Sports Networks. DIRECTV Sports Networks LLC and its subsidiaries, or DSN, is comprised primarily of two wholly owned regional sports networks based in Denver, Colorado and Pittsburgh, Pennsylvania, and a regional sports network based in Seattle, Washington in which DSN retains a noncontrolling interest, each of which operates under the brand name

Table of Contents

ROOT SPORTS. On April 16, 2013, DSN transferred 100% of its interest in the regional sports network based in Seattle, Washington, or DSN Northwest, to NW Sports Net LLC. The Seattle Mariners have a majority interest in NW Sports Net LLC and DSN retains a noncontrolling interest, which we account for using the equity method of accounting. On November 17, 2014, we acquired a 60% equity interest and AT&T acquired the remaining 40% equity interest in HRSN, a regional sports network that broadcasts certain games for Major League Baseball's Houston Astros and the National Basketball Association's Houston Rockets. Due to certain governance arrangements which limit our ability to control HRSN, we will account for our investment in HRSN using the equity method of accounting. The operating results of DSN are reported as part of the "Sports Networks, Eliminations and Other" reporting segment.

Our vision is to make DIRECTV the best video experience anytime and anywhere for customers in both the United States and Latin America. Our primary strategy for achieving this vision is to combine unique and compelling content along with technological innovation and industry-leading customer service to make DIRECTV the clear choice among consumers throughout the Americas. We believe that our employees' commitment to excellence is integral to the success of this strategy and to the future of our company. We intend to advance a service-oriented culture focused on building lifelong customer relationships while maintaining financial strength and a cost structure that enables profitable growth in the markets we serve.

The DIRECTV team is committed to our company values: leadership, innovation, decisiveness, agility, teamwork and integrity. We believe sustaining a high level of employee engagement and developing the talent we have among our people cultivates an environment of loyalty and can be directly correlated with increased customer satisfaction, productivity and profitability. Therefore, we have intensified our leadership development programs, and placed an even greater emphasis on diversity and an inclusive workplace culture to foster higher levels of innovation, engagement, cross-functional teamwork and collaboration. We also believe it is important to promote the behaviors that reflect our company values within the communities that we serve through volunteer service projects, employee-driven corporate citizenship programs and meaningful educational initiatives that impact and enrich students' curriculum. In addition, we are supporting sustainable business practices company-wide, to help ensure that our planet is healthy for future generations.

We believe that the successful execution of our stated operating strategies will create significant shareholder value over the long term by delivering sustainable, profitable growth through brand leadership, innovative excellence, world-class customer service, increased productivity and disciplined expense management, while also returning excess cash to shareholders.

The AT&T merger

On May 18, 2014, DIRECTV and AT&T announced that they had entered into a definitive Agreement and Plan of Merger, which was included as Exhibit 2.1 to our Current Report on Form 8-K filed with the SEC on May 19, 2014 and incorporated by reference herein (the "Merger Agreement") under which DIRECTV will combine with AT&T in a stock-and-cash transaction (the "Merger"). Subject to the conditions in the Merger Agreement, at the effective time of the Merger, DIRECTV shareholders will receive \$95.00 per share (subject to adjustment under the terms of the Merger), comprised of \$28.50 per share in cash and \$66.50 per share in AT&T stock. The stock portion is subject to a collar such that DIRECTV shareholders will receive 1.905 AT&T shares if the average of the volume weighted averages of the trading prices of AT&T stock on the New York Stock Exchange on each of the 30 consecutive trading days ending on (and including) the trading day that is three trading days prior to the date of the closing (the "Average AT&T Stock Price") is below \$34.90 at closing and 1.724 AT&T shares if the Average AT&T Stock Price is above \$38.58 at closing. If the Average AT&T Stock Price at closing is between \$34.90 and \$38.58, DIRECTV shareholders will receive a number of shares between 1.724 and 1.905, equal to \$66.50 in value. On September 25, 2014,

the Merger was approved by the shareholders of DIRECTV. The consummation of the Merger remains subject to certain other closing conditions, including the expiration or termination of any applicable waiting period (or extension thereof) under the Hart-Scott-Rodino Antitrust Improvement Act of 1976 (the "HSR Act") and receipt of all necessary consents from the U.S. Federal Communications Commission (the "FCC"). Assuming receipt of these approvals and satisfaction of the other conditions contained in the Merger Agreement, we currently expect the Merger to close in the first half of 2015.

In connection with the proposed combination with AT&T, DIRECTV has made certain representations, warranties and covenants in the Merger Agreement, including, among other things, covenants by DIRECTV to conduct its business in the ordinary course during the interim period between the execution of the Merger Agreement and consummation of the Merger and not to take certain actions prior to the closing of the Merger without the prior approval of AT&T. The issuance of the notes offered hereby and the use of proceeds described herein are permitted under the terms of the Merger Agreement.

The Merger Agreement can be terminated under certain circumstances, including by either party if the Merger has not been consummated by May 15, 2015, which may be extended by AT&T or DIRECTV to a date not later than August 17, 2015 if either AT&T or DIRECTV determines that additional time is necessary in connection with obtaining FCC or certain other U.S. and foreign regulatory consents, and which may be further extended by mutual agreement between AT&T and DIRECTV to a date not later than November 13, 2015 (unless otherwise agreed by the parties to the Merger Agreement).

During the third quarter of 2014, we entered into an agreement with the National Football League, or NFL, to renew and extend our rights to exclusively distribute the NFL Sunday Ticket service, or the NFL Agreement. Pursuant to the Merger Agreement, AT&T had the right to terminate the Merger Agreement or not consummate the Merger if we failed to enter into a contract with the NFL providing for exclusive distribution rights for the NFL Sunday Ticket service. AT&T has confirmed to us that the NFL Agreement satisfies this requirement of the Merger Agreement.

We do not expect the ratings of any of our Existing Notes (as defined below) to decline below investment grade status as a result of the consummation of the Merger and therefore do not expect the Merger to cause a change of control triggering event as defined in the indentures governing the Existing Notes. The consummation of the Merger will not constitute a change of control under the indenture governing the notes.

New satellite launch

As previously disclosed, we have contracted for the construction and launch of two new satellites: DIRECTV 14, which we expect to launch in the fourth quarter of 2014, and DIRECTV 15, which we expect to launch in the first half of 2015. DIRECTV 14 and DIRECTV 15 are expected to provide additional high-definition, replacement and backup capacity. We currently expect the launch of DIRECTV 14 to take place on or about December 4, 2014. For a discussion of the risks associated with the launch of new satellites, see "Construction or launch delays on satellites could materially affect our revenues and earnings" and "Satellites are subject to significant launch and operational risks" in the "Risk Factors" section of our Annual Report on Form 10-K/A for the year ended December 31, 2013 filed with the SEC on June 30, 2014, which is incorporated by reference herein.

Change of control	If DIRECTV Holdings experiences specific kinds of changes of control accompanied by a Ratings Decline (as defined under "Description of Notes - Certain definitions"), DIRECTV Holdings will be required to make an offer to purchase the notes at a purchase price of 101% of the principal amount thereof, plus accrued but unpaid interest to the purchase date. See "Description of Notes - Change of control and rating decline." The consummation of the Merger will not constitute a change of control under the indenture governing the notes.
Certain covenants	<p>The indenture governing the notes will restrict DIRECTV Holdings' ability and the ability of DIRECTV Holdings' subsidiaries to, among other things:</p> <p>create certain liens;</p> <p>engage in certain sale leaseback transactions; and</p> <p>merge, consolidate or sell substantially all of our assets.</p> <p>These covenants are subject to important exceptions and qualifications described under the heading "Description of Notes." DIRECTV and subsidiaries of DIRECTV that are not subsidiaries of DIRECTV Holdings are not subject to the restrictions contained in these covenants.</p>
Use of proceeds	We intend to use the net proceeds from this offering, together with cash on hand if necessary, to repurchase, redeem, repay at maturity or otherwise retire our 3.550% Senior Notes due 2015 which mature on March 15, 2015 (\$1,200.0 million outstanding as of September 30, 2014) and to pay fees and expenses related to the offering of the notes. See "Use of Proceeds."
Additional notes issuances	The issuers may from time to time without the consent of the holders of the notes create and issue additional notes of the same series as the notes offered hereby. See "Description of Notes - Principal, maturity and interest."

(1) These amounts include the impact in the first quarter of 2013 and in the first quarter of 2014, respectively, of the \$166 million and \$281 million Venezuelan devaluation charges, as well as the ongoing impact of foreign currency exchange rate fluctuations.

(2) We calculate Operating Profit Before Depreciation and Amortization (OPBDA), which is a financial measure that is not determined in accordance with accounting principles generally accepted in the United States of America, or GAAP, by adding amounts under the caption "Depreciation and amortization expense" to "Operating profit," as presented in the Consolidated Statements of Operations in our Form 10-K/A. This measure should be used in conjunction with GAAP financial measures and is not presented as an alternative measure of operating results, as determined in accordance with GAAP. Our management and our Board of Directors use OPBDA to evaluate the operating performance of our company and our business segments and to allocate resources and capital to business segments. This metric is also used as a measure of performance for incentive compensation purposes and to measure income generated from operations that could be used to fund capital expenditures, service debt or pay taxes. Depreciation and amortization expense primarily represents an allocation to current expense of the cost of historical capital expenditures and for acquired intangible assets resulting from prior business acquisitions. To compensate for the exclusion of depreciation and amortization expense from operating profit, our management and our Board of Directors separately measure and budget for capital expenditures and business acquisitions.

We believe this measure is useful to investors, along with GAAP measures (such as revenues, operating profit and net income), to compare our operating performance to other communications, entertainment and media service providers. We believe that investors use current and projected OPBDA and similar measures to estimate our current or prospective enterprise value and make investment decisions. This metric provides investors with a means to compare operating results exclusive of depreciation and amortization expense. Our management believes this is useful given the significant variation in depreciation and amortization expense that can result from the timing of capital expenditures, the capitalization of intangible assets, potential variations in expected useful lives when compared to other companies and periodic changes to estimated useful lives.

- (11) Based on the results of an internal investigation, we have determined that, beginning in 2012, certain employees of Sky Brasil directed activities which are inconsistent with Sky Brasil's authorized policies for subscriber retention and churn management. These activities had the effect of artificially reducing churn and increasing the Sky Brasil subscriber base during portions of 2012 and 2013. As a result, subscribers who would have previously ceased receiving Sky Brasil service have been terminated as subscribers pursuant to Sky Brasil's authorized policies. We estimate that as of March 31, 2013, our subscriber count would have been approximately 200,000 lower than the number of subscribers previously reported if the identified improper actions had not been taken. See the Current Report on Form 8-K filed with the SEC on June 27, 2013 for further details. Prior year results for subscribers, churn and ARPU have not been adjusted for the findings of this investigation.

RISK FACTORS

An investment in the notes is subject to a number of risks. You should carefully consider the following factors, as well as the more detailed descriptions elsewhere in this prospectus, and those risk factors contained in the "Risk Factors" section of our Form 10-K/A, which is incorporated by reference herein, before making an investment in the notes. The risks described below are not the only ones facing our company. Additional risks not presently known to us or that we currently deem immaterial may also impair our business operations.

If any of the following events occur, our business, financial condition or results of operations could be materially and adversely affected, the value of the notes could decline and you could lose some or all of your investment.

Risks Related to the Notes

DIRECTV Holdings has substantial indebtedness and depends upon the earnings of its subsidiaries to make payments on its indebtedness.

As of September 30, 2014, after giving pro forma effect to this offering and the application of the proceeds therefrom, DIRECTV Holdings, together with its subsidiaries, would have had approximately \$19,488 million of outstanding indebtedness. See "Capitalization." DIRECTV Holdings is a holding company with limited assets other than the capital stock of its subsidiaries. DIRECTV Holdings' ability to service its debt obligations is therefore dependent upon the earnings of its subsidiaries and the receipt of funds from its subsidiaries in the form of loans, dividends or other payments. DIRECTV Holdings does not have, and may not in the future have, any assets other than its ownership interests in its subsidiaries, limited programming assets and the intellectual property license from DIRECTV Group. DIRECTV Holdings' subsidiaries' ability to make any payments to DIRECTV Holdings will depend on their capacity to incur additional indebtedness, business and tax considerations, legal and regulatory restrictions and economic conditions. For example, under Delaware law, DIRECTV Holdings' subsidiaries may not make distributions or pay dividends to DIRECTV Holdings if, after giving effect to those distributions or dividends, the liabilities of any such subsidiary would exceed the fair value of its assets. Although DIRECTV and DIRECTV Holdings' domestic subsidiaries will guarantee the notes, we cannot predict what the value of DIRECTV and DIRECTV Holdings' subsidiaries' assets or the amount of their liabilities will be in the future and whether these values or amounts will permit the payment of distributions or dividends to us. Future borrowings by DIRECTV Holdings' domestic subsidiaries may contain restrictions or prohibitions on the payment of distributions and dividends by those subsidiaries to DIRECTV Holdings. DIRECTV's subsidiaries other than the co-issuers and the other guarantors are not obligors or guarantors of the notes. Accordingly, we cannot assure you that DIRECTV Holdings will be able to pay its principal and interest obligations on the notes in a timely manner or at all.

Restrictive covenants in the documents governing DIRECTV Holdings' indebtedness may limit its ability to undertake certain types of transactions.

As a result of various restrictive covenants in the indentures governing DIRECTV Holdings' Existing Notes and the credit agreements governing DIRECTV Holdings' senior revolving credit facilities, DIRECTV Holdings' financial flexibility is limited in a number of ways. The indentures governing DIRECTV Holdings' Existing Notes currently subject DIRECTV Holdings and its restricted subsidiaries to significant restrictive covenants, including limits on DIRECTV Holdings and its subsidiaries' ability to place liens upon assets, consummate certain asset sales, merge or consolidate with any other person or sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of its assets.

Table of Contents

DIRECTV Holdings' senior revolving credit facilities require it to meet a financial ratio on an ongoing basis that may require it to take action and reduce debt or act in a manner contrary to its business objectives. Events beyond our control, including changes in general economic and business conditions, may affect DIRECTV Holdings' ability to meet that financial ratio. We cannot assure that DIRECTV Holdings will meet that test or that the lenders will waive any failure to meet that test. A breach of any of these covenants would result in a default under DIRECTV Holdings' senior revolving credit facilities and the indentures. If an event of default under DIRECTV Holdings' senior revolving credit facilities occurs, the lenders could elect to declare all amounts outstanding thereunder, together with accrued interest, to be immediately due and payable. In such an event, we cannot assure you that we would have sufficient assets to pay amounts due on the notes. As a result, you may receive less than the full amount you would otherwise be entitled to receive on the notes.

Notwithstanding the limits described above, the terms of DIRECTV Holdings' senior revolving credit facilities and indentures (including the indenture governing the notes) currently give us substantial flexibility to undertake certain transactions which could be adverse to the interests of holders of the notes. For instance, the terms of DIRECTV Holdings' senior revolving credit facilities, the indentures for the Existing Notes and the indenture for the notes offered hereby allow us to incur substantial additional indebtedness and make significant restricted payments.

There are limited covenants in the indenture governing the notes.

Neither we nor any of our subsidiaries are restricted from incurring additional unsecured debt or other liabilities, including additional unsecured senior debt, under the indenture governing the notes. While the indenture governing the notes contains certain restrictions on DIRECTV Holdings and its subsidiaries' ability to incur additional secured indebtedness, these restrictions are subject to various exceptions and secured indebtedness incurred pursuant to such exceptions may be substantial. If we incur additional debt or liabilities, our ability to pay our obligations on the notes could be adversely affected. We expect that we will from time to time incur additional debt and other liabilities. In addition, we are not restricted under the indenture governing the notes from paying dividends or issuing or repurchasing our securities. Furthermore, none of the restrictions in the indenture or events of default will apply to DIRECTV or any of its subsidiaries other than DIRECTV Holdings and its subsidiaries.

Not all of our subsidiaries are guarantors, and claims of holders of the notes will be structurally subordinated to claims of non-guarantor subsidiaries.

The notes are guaranteed by DIRECTV and certain of DIRECTV Holdings' domestic subsidiaries (other than the co-issuer). The remaining subsidiaries of DIRECTV, which include any subsidiary of DIRECTV that owns assets and operations of DIRECTV Latin America, are not obligors or guarantors of the notes. Holders of notes will only be creditors of the issuers and the guarantors. In the case of subsidiaries of DIRECTV that are not guarantors (other than the issuers of the notes), all the existing and future liabilities of those subsidiaries, including any claims of trade creditors and preferred stockholders, will rank effectively senior and have priority to the notes. As a result, the notes will be structurally subordinated to the prior payment of all of the debts (including trade payables) of our non-guarantor subsidiaries. DIRECTV and the non-guarantor subsidiaries of DIRECTV are not subject to any limitation on borrowing under DIRECTV Holdings' senior revolving credit facilities, the indentures for the Existing Notes or the indenture for the notes offered hereby. In the event of a bankruptcy, liquidation or reorganization of any of the non-guarantor subsidiaries (other than the issuers of the notes), holders of their debt and their trade and other creditors will generally be entitled to payment of their claims from the assets of those subsidiaries before any assets are made available for distribution to the obligors under the notes.

Table of Contents

As of September 30, 2014, the notes would have been effectively subordinated to \$2,211 million of liabilities, excluding intercompany liabilities of these non-guarantor subsidiaries. The non-guarantor subsidiaries held \$7,972 million of total assets, excluding intercompany assets, as of September 30, 2014 and had revenues of \$5,588 million and operating profit of \$261 million for the nine months ended September 30, 2014.

We may be unable to access some or all of our cash flow from DIRECTV Latin America and its subsidiaries in the event that it is required to perform under the terms of its guarantee.

In Venezuela, our ability to repatriate cash is limited due to government imposed exchange controls. Consequently, cash may not be available to us from DIRECTV Latin America to fund any of our obligations, including any obligations under DIRECTV's guarantee of the notes.

The notes will be effectively subordinated to our secured debt.

The notes will be unsecured obligations of the issuers and guarantors, including DIRECTV, and will be effectively subordinated to any secured debt obligations they may incur in the future to the extent of the value of the assets securing that debt. The effect of this subordination is that if the issuers or any guarantor is involved in a bankruptcy, liquidation, dissolution, reorganization or similar proceeding, or upon a default in payment on, or the acceleration of, any of their secured debt, if any, the issuers' assets and those of the guarantors that secure debt will be available to pay obligations on the notes only after all debt under their secured debt, if any, has been paid in full from those assets. We may not have sufficient assets remaining to pay amounts due on any or all of the notes then outstanding. See "Description of Notes."

DIRECTV Holdings may be unable to repurchase the notes upon a change of control triggering event.

There is no sinking fund with respect to the notes, and the entire outstanding principal amount of the notes will become due and payable at maturity. If DIRECTV Holdings experiences a change of control triggering event, you may require it to repurchase all or a portion of your notes prior to maturity. See "Description of Notes Change of control and rating decline." We cannot assure you that DIRECTV Holdings will have enough funds to pay its obligations under the notes upon a change of control triggering event. Any of our future debt agreements may prohibit our repayment of the notes in that event. Accordingly, DIRECTV Holdings may be unable to satisfy its obligations to purchase your notes unless it is able to refinance or obtain waivers under any future indebtedness it incurs that restricts its ability to repurchase notes.

The consummation of the Merger will not constitute a change of control triggering event under the indenture governing the notes.

A court may void the guarantees of the notes or subordinate the guarantees to other obligations of the guarantors.

The issuers' obligations under the notes will initially be guaranteed jointly and severally by DIRECTV and certain of DIRECTV Holdings' domestic subsidiaries (other than the co-issuer). It is possible that the creditors of the guarantors may challenge the guarantees as a fraudulent conveyance under relevant federal and state statutes. Although standards may vary depending on the applicable law, generally under United States federal bankruptcy law and comparable provisions of state fraudulent transfer laws, if a court were to find that, among other things, at the time any guarantor of the notes incurred the debt evidenced by its guarantee of the notes, the guarantor either:

was insolvent or rendered insolvent by reason of the incurrence of the guarantee;

Table of Contents

was engaged or about to engage in a business or transaction for which the guarantor's remaining assets constituted unreasonably small capital;

was a defendant in an action for money damages, or had a judgment for money damages docketed against it, if in either case, after a final judgment, the judgment remained unsatisfied; or

intended to incur, or believed that it would incur, debts beyond its ability to pay such debts as they mature;

and that guarantor:

received less than the reasonable equivalent value or fair consideration for the incurrence of its guarantee; or

incurred the guarantee or made related distributions or payments with the intent of hindering, delaying or defrauding creditors;

then, there is a risk that the guarantee of that guarantor could be voided by a court, or claims by holders of the notes under the guarantee could be subordinated to other debts of that guarantor. In addition, any payment by the guarantor pursuant to its guarantee could be required to be returned to that guarantor, or to a fund for the benefit of the creditors of that guarantor.

The measures of insolvency for purposes of the foregoing considerations will vary depending upon the law applied in any proceeding. Generally, however, a guarantor of the notes would be considered insolvent if:

the sum of its debts, including contingent liabilities, was greater than the fair value of all of its assets at a fair valuation;

the present fair value of its assets was less than the amount that would be required to pay its probable liability on its existing debts, including contingent liabilities, as they become absolute and mature; or

it could not pay its debts as they become due.

Although each guarantee will be limited as necessary to prevent that guarantee from constituting a fraudulent conveyance under applicable law, this provision may not be effective to protect the guarantees from being voided under the fraudulent transfer laws described above. In a Florida bankruptcy case, a similar provision was found to be ineffective to protect the guarantees. In addition, the assets of DIRECTV's subsidiaries that do not guarantee the notes, which includes any subsidiary of DIRECTV that owns assets and operations of DIRECTV Latin America, will not be available to satisfy the obligations under the notes.

The notes will cease to be guaranteed if certain events occur.

The notes are guaranteed by DIRECTV and certain of DIRECTV Holdings' domestic subsidiaries only to the extent that certain events do not occur. The notes will cease to be guaranteed by DIRECTV if DIRECTV Holdings ceases for any reason to be a "wholly owned subsidiary" (as such term is defined in Rule 1-02(aa) of Regulation S-X promulgated by the SEC) of DIRECTV. In that event, the notes will cease to be guaranteed by DIRECTV and holders will then only have a direct claim against DIRECTV Holdings LLC, DIRECTV Financing Co., Inc. and any remaining subsidiary guarantors of the notes for amounts owed to them under the notes. In addition, the notes will cease to be guaranteed by any guarantor that guarantees the notes under certain circumstances described under "Description of Notes Brief description of the notes and the guarantees The guarantees," including, except in the case of DIRECTV, if such guarantor is released from guaranteeing DIRECTV Holdings' senior revolving credit facilities and the Existing Notes. In the event that DIRECTV Holdings'

Table of Contents

domestic subsidiaries (other than the co-issuer) no longer guarantee DIRECTV Holdings' senior revolving credit facilities and the Existing Notes as a result of a refinancing or the repayment of the Existing Notes, the notes will cease to be guaranteed by those subsidiaries and holders will then only have a direct claim against DIRECTV Holdings LLC, DIRECTV Financing Co., Inc. and DIRECTV (to the extent that DIRECTV's guarantee is still in place) for amounts owed to them under the notes. None of DIRECTV's subsidiaries, other than DIRECTV Holdings, DIRECTV Financing, and DIRECTV Holdings' subsidiaries is an obligor or a guarantor of the notes being offered hereby. If the notes cease to be guaranteed by DIRECTV Holdings' domestic subsidiaries, the notes will be structurally subordinated to the indebtedness and other liabilities of those domestic subsidiaries. In that case, any right that DIRECTV Holdings LLC and DIRECTV Financing Co., Inc., if any, have to receive any assets of any of DIRECTV Holdings' domestic subsidiaries upon the liquidation or reorganization of those subsidiaries, and the consequent rights of holders of the notes to realize proceeds from the sale of those subsidiaries' assets, will be effectively subordinated to the claims of those subsidiaries' creditors, including trade creditors and holders of preferred equity interests of those subsidiaries. See "Description of Notes Brief description of the notes and the guarantees The guarantees."

AT&T is not required to guarantee the notes and the consummation of the Merger will not constitute a change of control under the indenture governing the notes.

If the Merger is consummated, DIRECTV and the issuers of the notes will become wholly-owned indirect subsidiaries of AT&T. While AT&T may elect to provide a guarantee of the notes, it is under no legal, regulatory, contractual or other obligation, to do so. You should not base your investment decision on the assumption that AT&T will provide such a guarantee. In addition, the consummation of the Merger will not constitute a change of control under the indenture governing the notes.

DIRECTV may have interests that conflict with those of the noteholders.

DIRECTV Holdings is a wholly-owned subsidiary of DIRECTV Group which in turn is a wholly-owned subsidiary of DIRECTV. As DIRECTV Holdings' parent, DIRECTV controls its fundamental corporate policies and transactions, including, but not limited to, the approval of significant corporate transactions, including a change of control. The interests of DIRECTV as equity holder may differ from your interests as a holder of the notes. For example, DIRECTV may have an interest in pursuing acquisitions, divestitures, financings or other transactions that, in its judgment, could enhance its equity investments, even though those transactions might involve risks to you as holders of the notes. This potential divergence of interests may continue following the consummation of the Merger and any subsequent change to DIRECTV's Board of Directors.

The trading market for the notes may be limited.

The notes are a new issue of securities for which no established trading market exists. If an active trading market does not develop for the notes, noteholders may not be able to resell them. We do not intend to apply to list the notes for trading on any securities exchange or to arrange for quotation on any automated dealer quotation system. The underwriters for this offering have advised us that they intend to make a market in the notes after completion of the offering. However, the underwriters are not obligated to do so and may discontinue market making at any time. Therefore, no assurance can be given as to the liquidity of, or trading market for, the notes. The lack of a trading market could adversely affect noteholders' ability to sell the notes and the price at which noteholders may be able to sell the notes. The liquidity of the trading market, if any, and future trading prices of the notes will depend on many factors, including, among other things, the number of holders of the notes, our operating results, financial performance and prospects, prevailing interest rates, the market for similar

securities and the overall securities market, and may be adversely affected by unfavorable changes in these factors.

The IRS may challenge our determination that the notes are not contingent payment debt instruments.

We intend to take the position that, for purposes of the Contingent Payment Regulations (as defined below), the prospective payment of additional amounts is a "remote" and/or "incidental" contingency. As a result of this treatment, if a contingent payment (or payments) ultimately is made, a U.S. Holder would be required to include in income the amount of any such additional payment at the time such payment is received or accrued in accordance with such U.S. Holder's method of accounting for U.S. federal income tax purposes. Our determination that these contingencies are remote and/or incidental will be binding on a holder unless such holder explicitly discloses its contrary position to the IRS in the manner required by applicable Treasury regulations. Our position, however, is not free from doubt, particularly with respect to the treatment of the interest rate adjustment, and the IRS is not bound by our determination. If the IRS determines that the likelihood of a contingency is not remote and that the payment of the additional amounts is not incidental, it may challenge our position. If the IRS were successful in its challenge, U.S. Holders may be required to accrue interest income at a rate higher than the stated interest rate on the notes and to treat as ordinary income, rather than capital gain, any gain recognized on a sale, exchange or redemption of a note. U.S. Holders should consult their tax advisors regarding the potential application to our notes of the Contingent Payment Regulations and the consequences thereof. See "Certain United States Federal Tax Considerations U.S. Holders Additional Payments."

Risks Related to the Merger

We may have difficulty attracting, motivating and retaining executives and other key employees in light of the Merger.

Our current and prospective employees may experience uncertainty about the effect of the Merger, which may impair our ability to attract, retain and motivate key management, sales, marketing, technical and other personnel prior to and following the Merger. Employee retention may be particularly challenging during the pendency of the Merger, as our employees may experience uncertainty about their future roles with the combined company.

In addition, pursuant to change-in-control provisions in our severance plans, certain of our key employees are entitled to receive severance payments upon a constructive termination of employment. Certain of our key employees potentially could terminate their employment following specified circumstances set forth in the applicable severance plan, including certain changes in such key employees' duties, title, reporting relationship, compensation or primary office location and collect severance. Such circumstances could occur in connection with the Merger as a result of changes in roles and responsibilities. If our key employees depart, the integration with AT&T may be more difficult and the combined company's business following the Merger may be harmed. In addition, there could be disruptions to or distractions for the workforce and management associated with activities of labor unions or integrating employees into AT&T. Accordingly, if the Merger is consummated, no assurance can be given that AT&T will be able to attract or retain our key employees to the same extent that we have been able to attract or retain our own employees in the past.

Consummation of the Merger is subject to conditions and if these conditions are not satisfied or waived, the Merger will not be consummated.

Our obligation to consummate the Merger is subject to satisfaction or waiver of a number of conditions. Our obligation is subject to, among other conditions: (i) approval for the listing on the New York Stock Exchange of the shares of AT&T common stock to be issued in the Merger, upon official

Table of Contents

notice of issuance, (ii) expiration or termination of any applicable waiting period (or extension thereof) under the HSR Act, (iii) receipt of all necessary consents from the FCC for the consummation of the Merger, (iv) absence of any applicable law, order or injunction that prohibits consummation of the Merger, (v) accuracy of the representations and warranties made in the Merger Agreement by the other party, subject to certain materiality qualifications, (vi) performance in all material respects by the other party of the material obligations required to be performed by it at or prior to consummation of the Merger and (vii) the absence of a material adverse effect on the other party. In addition, our obligations and the obligations of AT&T are each subject to receipt of a tax opinion, dated as of the effective time, to the effect that the Merger will qualify as a reorganization within the meaning of Section 368 of the Code (as defined below). In certain cases, AT&T's obligation to consummate the Merger is further subject to the relevant governmental approvals having been received without the imposition of, and there being no applicable law imposing, a regulatory material adverse effect.

In order to consummate the Merger, we and AT&T must make certain governmental filings and obtain certain governmental authorizations, and if such filings and authorizations are not made or granted or are granted with conditions, consummation of the Merger may be jeopardized or the anticipated benefits of the Merger could be reduced.

Although we and AT&T have agreed in the Merger Agreement to use reasonable best efforts, subject to certain limitations, to make certain governmental filings and obtain the required governmental authorizations or termination of relevant waiting periods, as the case may be, there can be no assurance that the relevant waiting periods will expire or that the relevant authorizations will be obtained. In addition, the governmental authorities with or from which these authorizations are required have broad discretion in administering the governing regulations. As a condition to authorization of the Merger or related transactions, these governmental authorities may impose requirements, limitations or costs or require divestitures or place restrictions on the conduct of the combined business after consummation of the Merger. Under the terms of the Merger Agreement, subject to certain exceptions, AT&T and its subsidiaries are required to accept certain conditions and take certain actions imposed by governmental authorities that would apply to, or affect, the businesses, assets or properties of DIRECTV and its subsidiaries. There can be no assurance that regulators will not impose conditions, terms, obligations or restrictions and that such conditions, terms, obligations or restrictions will not have the effect of delaying consummation of the Merger or imposing additional material costs on or materially limiting the revenues of DIRECTV and its subsidiaries following the Merger. In addition, we can provide no assurance that these conditions, terms, obligations or restrictions will not result in the delay or abandonment of the Merger.

Our business relationships may be subject to disruption due to uncertainty associated with the Merger.

Parties with which we do business may experience uncertainty associated with the Merger, including with respect to current or future business relationships with AT&T, DIRECTV or the combined company. Our business relationships may be subject to disruption as customers, distributors, suppliers, vendors and others may attempt to negotiate changes in existing business relationships or consider entering into business relationships with parties other than with us, AT&T or the combined company. These disruptions could have an adverse effect on the businesses, financial condition, results of operations or prospects of DIRECTV and its subsidiaries, including an adverse effect on our ability to realize the anticipated benefits of the Merger. The risk and adverse effect of such disruptions could be exacerbated by a delay in consummation of the Merger or termination of the Merger Agreement.

Table of Contents

Failure to consummate the Merger could negatively impact our future business and financial results and the trading prices of our securities.

If the Merger is not consummated for any reason, our ongoing business may be adversely affected and, without realizing any of the benefits of having consummated the Merger, we would be subject to a number of risks, including the following:

we may experience negative reactions from the financial markets;

we may experience negative reactions from our respective customers, regulators and employees;

the Merger Agreement places certain restrictions on the conduct of our business prior to completion of the Merger. Such restrictions, the waiver of which is subject to the consent of AT&T (in certain cases, not to be unreasonably withheld, conditioned or delayed), may prevent us from making certain acquisitions or taking certain other specified actions during the pendency of the Merger; and

matters relating to the Merger (including integration planning) will require substantial commitments of time and resources by our management, which would otherwise have been devoted to day-to-day operations and other opportunities that may have been beneficial to us as an independent company.

Further, we could be subject to litigation related to any failure to consummate the Merger or related to any enforcement proceeding commenced against us to perform our obligations under the Merger Agreement. If the Merger is not consummated, these risks may materialize and may adversely affect our business, financial condition, financial results and the trading prices of our securities, including the notes.

DESCRIPTION OF OTHER INDEBTEDNESS

Senior revolving credit facilities

On September 28, 2012, DIRECTV Holdings and certain of its subsidiaries as guarantors, including DIRECTV Financing, and each guarantor of the notes offered hereby, including Parent, entered into: (i) a 3.5 Year Credit Agreement with a Revolving Termination Date of February 7, 2016 ("*3.5 Year Credit Agreement*"); and (ii) a 5 Year Credit Agreement with a Revolving Termination Date of September 28, 2017 ("*5 Year Credit Agreement*" and together with the 3.5 Year Credit Agreement, the "*Credit Agreements*"), with the lenders party thereto from time to time, Citibank, N.A., as Administrative Agent, Barclays Bank PLC, as Syndication Agent, and Credit Suisse Securities (USA) LLC, J.P. Morgan Securities LLC, Bank of America, N.A., The Royal Bank of Scotland PLC and UBS Securities LLC, as Co-Documentation Agents, and Citigroup Global Markets Inc., Barclays Bank PLC, Credit Suisse Securities (USA) LLC, J.P. Morgan Securities LLC, Merrill Lynch, Pierce, Fenner & Smith Incorporated, RBS Securities Inc. and UBS Securities LLC as Joint Lead Arrangers and Joint Bookrunners.

The 3.5 Year Credit Agreement, which expires in February 2016, provides for a \$1.0 billion, 3.5 year, senior unsecured revolving credit facility (the "*3.5 Year Facility*"), all of which is presently undrawn. The 5 Year Credit Agreement, which expires in September 2017, provides for a \$1.5 billion, five year, senior unsecured revolving credit facility (the "*5 Year Facility*" and together with the 3.5 Year Facility, the "*senior revolving credit facilities*"), all of which is presently undrawn. The Credit Agreements provide for an incremental increase in the Aggregate Revolving Commitments (as defined in the applicable Credit Agreement) of up to \$500 million in the aggregate between the 3.5 Year Facility and the 5 Year Facility under certain conditions. In addition, the amounts available under the senior revolving credit facilities are subject to decrease under certain circumstances as provided for in the applicable Credit Agreement.

We pay a commitment fee of 0.15% per year for the unused commitment under the senior revolving credit facilities. Borrowings under the Credit Agreements currently bear interest at a rate equal to the London Interbank Offer Rate (LIBOR) plus 1.25%. Both the commitment fee and the annual interest rate may increase or decrease under certain conditions due to changes in DIRECTV Holdings' long term, unsecured debt ratings.

Borrowings under each of the senior revolving credit facilities are DIRECTV Holdings' unsecured senior obligations and rank equally in right of payment with DIRECTV Holdings' existing and future senior debt, including the notes offered hereby and the Existing Notes, and rank senior in right of payment to all of DIRECTV Holdings' future subordinated debt, if any. Obligations, as defined in the Credit Agreements, are guaranteed (as to each of the senior revolving credit facilities, the "*Guarantees*") by DIRECTV and all of DIRECTV Holdings' material existing domestic subsidiaries that are a signatory to the senior revolving credit facilities and by certain of DIRECTV Holdings' future domestic subsidiaries on a joint and several basis (the "*Guarantors*"). Neither the parent company of DIRECTV Holdings, The DIRECTV Group, Inc., nor any subsidiaries of DIRECTV or The DIRECTV Group, Inc., other than DIRECTV Holdings and certain of its subsidiaries and DIRECTV Financing, are obligors or guarantors under either of the Credit Agreements. A Guarantor may be released of its obligations under the Guarantees if no Default or Event of Default (each as defined in the Credit Agreements) shall have occurred and be continuing and such Guarantor is concurrently released from its guarantees under all of the Existing Notes, the notes offered hereby and certain notes DIRECTV Holdings may issue in the future then outstanding.

Each of the senior revolving credit facilities requires DIRECTV Holdings to comply with a single financial covenant that the Consolidated Total Leverage Ratio (as defined in the Credit Agreements) of DIRECTV Holdings and its subsidiaries, on a consolidated basis, not be greater than 5.0:1.0 as of the last day of any fiscal quarter commencing with the fiscal quarter ending September 30, 2012. Other

Table of Contents

covenants also apply that limits DIRECTV Holdings' or its subsidiaries' ability to, among other things, (i) incur liens, (ii) incur additional indebtedness, (iii) merge or consolidate with another entity, (iv) materially change the nature of its business or (v) enter into certain transactions with affiliates, in each case subject to exceptions as provided in the Credit Agreements. If DIRECTV Holdings fails to comply with these or other covenants, all or a portion of its borrowings under each of the senior revolving credit facilities could become immediately payable and the senior revolving credit facilities could be terminated. DIRECTV Holdings and its subsidiaries are currently in compliance with all such covenants. Each of the senior revolving credit facilities also provides that the borrowings may be required to be prepaid if certain change-in-control events occur. The consummation of the Merger will constitute a change of control event under the Credit Agreements unless waived by the requisite number of lenders under these agreements. Absent such a waiver, upon consummation of the Merger, we and/or AT&T will either amend the Credit Agreements or refinance any outstanding indebtedness thereunder.

Borrowings from each of the senior revolving credit facilities may be used for general corporate purposes, which may include a distribution to DIRECTV for share repurchases and other corporate purposes.

Copies of the proposed forms of the indenture and the notes are available to you upon request.

You can find the definitions of some of the capitalized terms used in this section under the subheading "Certain definitions." In this section of the prospectus supplement:

Brief description of the notes and the guarantees

The notes

The notes will be:

general unsecured obligations of the Issuers;

Table of Contents

ranked equally in right of payment with all of the Issuers' existing and future senior debt, including the Existing Notes and the Senior Revolving Credit Facilities;

ranked senior in right of payment to all of the Issuers' future subordinated debt, if any;

ranked effectively junior to (i) all debt and other liabilities (including trade payables) of our Subsidiaries (if any) that are not Guarantors, (ii) all debt and other liabilities (including trade payables) of any Guarantor if such Guarantor's Guarantee is subordinated or avoided by a court of competent jurisdiction, and (iii) all secured obligations to the extent of the collateral securing such obligations; and

fully and unconditionally guaranteed by the Guarantors.

Although the notes are titled "senior," we have not issued, and do not currently have any plans to issue, any indebtedness to which the notes would be senior.

The notes will be issued in fully registered form only, without coupons, in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof.

The guarantees

The notes will be guaranteed by the Guarantors, which currently include the Parent Guarantor and all of our material direct and indirect Domestic Subsidiaries other than the Co-Issuer. The Guarantors are the same entities that currently guarantee the Senior Revolving Credit Facilities and the Existing Notes. AT&T is not required to guarantee the notes. The Guarantees will be:

general unsecured obligations of each Guarantor;

ranked equally in right of payment with all existing and future senior debt of such Guarantor, including such Guarantor's guarantee of the Existing Notes and the Senior Revolving Credit Facilities;

ranked senior in right of payment to all future subordinated debt of such Guarantor, if any; and

ranked effectively junior to secured obligations to the extent of the collateral securing such obligations.

Each Guarantor will jointly and severally guarantee the Issuers' obligations under the notes and the indenture. The obligations of each Guarantor under its Guarantee will be limited as necessary to prevent such Guarantee from constituting a fraudulent conveyance or fraudulent transfer under applicable law. See "Risk Factors Risks related to the notes A court may void the guarantees of the notes or subordinate the guarantees to other obligations of the subsidiary guarantors." Each Guarantor that makes a payment or distribution under a Guarantee will be entitled to a *pro rata* contribution from each other Guarantor based on the net assets of each other Guarantor.

Each Guarantor (other than the Parent Guarantor) may consolidate with or merge into or sell its assets to us or another Guarantor, or with or to other persons upon the terms and conditions set forth in the indenture. A Guarantor (other than the Parent Guarantor) may not sell or otherwise dispose of all or substantially all of its assets, or consolidate with or merge with or into another person (whether or not such Guarantor is the surviving person), unless certain conditions are met. See " Certain covenants Merger, consolidation or sale of assets."

The Guarantee of a Guarantor will be deemed automatically discharged and released in accordance with the terms of the indenture:

- (1) in connection with any direct or indirect sale, conveyance or other disposition of all of the capital stock or all or substantially all of the assets of that Guarantor (including by way of merger or consolidation);

Table of Contents

- (2) if such Guarantor is dissolved or liquidated in accordance with the provisions of the indenture;
- (3) in the case of any Guarantor other than the Parent Guarantor, if such Guarantor no longer guarantees or is otherwise obligated under the Senior Revolving Credit Facilities or the Existing Notes;
- (4) in the case of the Parent Guarantor's Guarantee only, the Issuer ceases for any reason to be a "wholly owned subsidiary" (as such term is defined in Rule 1-02(aa) of Regulation S-X promulgated by the Commission) of the Parent Guarantor; or
- (5) upon any Legal Defeasance of the indenture.

If the Merger is consummated, DIRECTV and the issuers of the notes will become wholly-owned indirect subsidiaries of AT&T. While AT&T may elect to provide a guarantee of the notes, it is under no obligation, legal, regulatory, contractual or otherwise, to do so.

Principal, maturity and interest

The 3.95% Senior Notes due 2025 (the "notes") will be issued in an aggregate principal amount of \$1,200,000,000. The notes are referred to herein as a "series" of notes. Additional notes of any series may be issued under the indenture from time to time in an unlimited amount. Any additional notes will be part of the same series as the applicable series of notes offered hereby and will vote on all matters with the notes of such series offered in this offering. The notes will mature on January 15, 2025.

Interest on each series of notes will accrue at the applicable rate *per annum* set forth on the cover page of this prospectus supplement, and will be payable semi-annually in cash on January 15 and July 15, beginning July 15, 2015, to holders of record on the immediately preceding January 1 and July 1, respectively. Interest on the notes will accrue from the most recent date to which interest has been paid or, if no interest has been paid, from the date of issuance. Interest on the notes will be computed on the basis of a 360 day year of twelve 30 day months.

Interest on the notes will increase by 25 basis points (0.25% per annum) (the "Interest Rate Adjustment") if the Merger Agreement is terminated in accordance with its terms without the Merger having been consummated (the date of such termination being referred to as the "Merger Termination Date"). The Interest Rate Adjustment shall take effect on the first day of the semi-annual interest period commencing after the Merger Termination Date. The Issuer shall provide notice to the Trustee promptly following the occurrence of the Merger Termination Date.

Optional redemption

Prior to October 15, 2024 (three months prior to the maturity date of the notes) we may redeem all or any portion of the notes of any series outstanding at a redemption price (calculated by us) equal to the greater of:

100% of the aggregate principal amount of the notes to be redeemed, and

an amount equal to the sum of the present values of the remaining scheduled payments of principal of and interest on the notes to be redeemed (excluding accrued and unpaid interest to the redemption date and subject to the right of holders on the relevant record date to receive interest due on the relevant interest payment date) discounted from their scheduled date of payment to the redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) using a discount rate equal to the Treasury Rate plus 30 basis points,

plus, in each of the above cases, accrued and unpaid interest, if any, to such redemption date.

In addition, on or after October 15, 2024 (three months prior to the maturity date of the notes) we may redeem the notes in whole or in part at a redemption price equal to 100% of the principal amount thereof plus accrued and unpaid interest to the redemption date.

Table of Contents

"*Comparable Treasury Issue*" means, the United States Treasury security selected by an Independent Investment Banker as having a maturity comparable to the remaining term ("*Remaining Life*") of a note being redeemed that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the Remaining Life of such notes.

"*Comparable Treasury Price*" means, with respect to any redemption date for any note: (1) the average of the Reference Treasury Dealer Quotations for that redemption date, after excluding the highest and lowest of four such Reference Treasury Dealer Quotations; or (2) if we are given fewer than four Reference Treasury Dealer Quotations, the average of all quotations provided to us.

"*Independent Investment Banker*" means one of the Reference Treasury Dealers, to be appointed by us.

"*Reference Treasury Dealer*" means four primary U.S. Government securities dealers to be selected by us.

"*Reference Treasury Dealer Quotations*" means, with respect to each Reference Treasury Dealer and any redemption date for any note, the average, as determined by us, of the bid and asked prices for the Comparable Treasury Issue, expressed in each case as a percentage of its principal amount, quoted in writing to us by such Reference Treasury Dealer at 3:00 p.m., New York City time, on the third business day preceding such redemption date.

"*Treasury Rate*" means, at the time of computation, (1) the semi-annual equivalent yield to maturity of the United States Treasury Securities with a constant maturity (as compiled and published in the most recent Federal Reserve Statistical Release H.15(519) which has become publicly available at least two business days prior to the redemption date or, if such Statistical Release is no longer published, any publicly available source of similar market data) for the maturity corresponding to the Comparable Treasury Issue; provided, however, that if no maturity is within three months before or after the maturity date for the notes, yields for the two published maturities most closely corresponding to the Comparable Treasury Issue will be determined and the Treasury Rate will be interpolated or extrapolated from those yields on a straight line basis, rounding to the nearest month; or (2) if that release, or any successor release, is not published during the week preceding the calculation date or does not contain such yields, the rate per annum equal to the semiannual equivalent yield to maturity of the Comparable Treasury Issue, calculated using a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for that redemption date. The Treasury Rate will be calculated by us on the third business day preceding the redemption date.

Selection and notice

If less than all of the notes of any series are to be redeemed at any time, selection of notes of such series for redemption will be made in accordance with the procedures of the depository; *provided* that no notes with a principal amount of \$2,000 or less shall be redeemed in part. Notice of redemption will be transmitted at least 30 but not more than 60 days before the redemption date to each holder of notes to be redeemed. If any note is to be redeemed in part only, the notice of redemption that relates to such note shall state the portion of the principal amount thereof to be redeemed. A new note in principal amount equal to the unredeemed portion thereof will be issued in the name of the holder thereof upon cancellation of the original note. On and after the redemption date, so long as we do not default in the payment of the redemption price, interest will cease to accrue on notes or portions thereof called for redemption.

Change of control and rating decline

Upon the occurrence of a Change of Control Triggering Event, we will be required to make an offer (a "*Change of Control Offer*") to each holder of notes to repurchase all or any part (equal to

Table of Contents

\$1,000 or an integral multiple thereof) of such holder's notes at a purchase price equal to 101% of the aggregate principal amount thereof, together with accrued and unpaid interest thereon to the date of repurchase (the "*Change of Control Payment*"). Within 30 days following any Change of Control Triggering Event, we will be required to mail a notice to each holder stating:

- (1) that the Change of Control Offer is being made pursuant to the covenant entitled "Change of control and rating decline";
- (2) the purchase price and the purchase date, which shall be no earlier than 30 days nor later than 45 days after the date such notice is mailed (the "*Change of Control Payment Date*");
- (3) that any notes not tendered will continue to accrue interest in accordance with the terms of the indenture;
- (4) that, unless we default in the payment of the Change of Control Payment, all notes accepted for payment pursuant to the Change of Control Offer will cease to accrue interest after the Change of Control Payment Date;
- (5) that holders will be entitled to withdraw their election if the paying agent receives, not later than the close of business on the second business day preceding the Change of Control Payment Date, a telegram, telex, facsimile transmission or letter setting forth the name of the holder, the principal amount of notes delivered for purchase, and a statement that such holder is unconditionally withdrawing its election to have such notes purchased;
- (6) that holders whose notes are being purchased only in part will be issued new notes equal in principal amount to the unpurchased portion of the notes surrendered, which unpurchased portion must be equal to \$2,000 in principal amount or an integral multiple of \$1,000 in excess thereof; and
- (7) any other information material to such holder's decision to tender notes.

We will not be required to make a Change of Control Offer following a Change of Control Triggering Event if a third party makes a Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the indenture applicable to a Change of Control Offer made by us and purchases all notes validly tendered and not withdrawn under such Change of Control Offer. Notwithstanding anything to the contrary herein, a Change of Control Offer may be made in advance of a Change of Control Triggering Event, conditional upon such Change of Control, if a definitive agreement is in place for the Change of Control at the time of making the Change of Control Offer.

We will be required to comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws and regulations are applicable in connection with the repurchase of the notes required in the event of a Change of Control Triggering Event. Due to the terms of other indebtedness to which we and our Subsidiaries are or may in the future be subject, we may not be able to repurchase all of the notes tendered upon a Change of Control Triggering Event. See "Risk Factors Risks related to the notes We may be unable to purchase the notes upon a change of control triggering event." If we fail to repurchase all of the notes tendered for purchase upon a Change of Control Triggering Event, such failure will constitute an Event of Default. In addition, the terms of other indebtedness to which we may be subject may prohibit us from purchasing the notes or offering to purchase the notes, and a Change of Control Offer or a Change of Control Payment could trigger a default or event of default under the terms of such indebtedness. If we are unable to obtain the consent of the holders of any such other indebtedness to make a Change of Control Offer or make the Change of Control Payment or to repay such indebtedness, a Default or Event of Default may occur. See " Events of default."

Table of Contents

Except as described above with respect to a Change of Control Triggering Event, the indenture will not contain any provisions that permit the holders of the notes to require that we repurchase or redeem the notes in the event of a takeover, recapitalization or similar transaction.

Certain covenants

Limitation on liens. The indenture will provide that we shall not, and shall not permit any of our Subsidiaries to, directly or indirectly, create or assume any Indebtedness for borrowed money that is secured by a Lien on any asset now owned or hereafter acquired, or on any income or profits therefrom or assign or convey any right to receive income therefrom, except Permitted Liens.

Limitation on sale and leasebacks. The indenture will provide that we will not, and will not permit any of our Subsidiaries to, enter into any arrangement with any person pursuant to which we or any of our Subsidiaries leases any property that has been or is to be sold or transferred by us or our Subsidiaries to such person (a "*Sale and Leaseback Transaction*"), except that a Sale and Leaseback Transaction is permitted if we or such Subsidiary would be entitled to secure the property to be leased by a Lien (without equally and ratably securing the outstanding notes) in an amount equal to the present value of the lease payments with respect to the term of the lease remaining on the date as of which the amount is being determined, discounted at the rate of interest set forth or implicit in the terms of the lease, compounded semi-annually (such amount is referred to as the "*Attributable Debt*").

In addition, permitted Sale and Leaseback Transactions not subject to the limitation above and not included in calculating Attributable Debt for purposes of the provisions described in " Limitation on liens" above include:

temporary leases for a term, including renewals at the option of the lessee, of not more than three years;

leases between only us and a Subsidiary of ours or only between our Subsidiaries; and

leases of property executed by the time of, or within 18 months after the latest of, the acquisition, the completion of construction or improvement, or the commencement of commercial operation of the property.

Limitation on activities of the co-issuer. The indenture will provide that DIRECTV Financing may not hold any material assets, become liable for any material obligations, engage in any trade or business, or conduct any business activity, other than the issuance of Equity Interests to the Issuer or any Wholly Owned Subsidiary of the Issuer, the incurrence of Indebtedness as a co-obligor or guarantor of the notes, the Senior Revolving Credit Facilities and any other Indebtedness incurred by the Issuer. Neither the Issuer nor any Subsidiary of the Issuer shall engage in any transactions with DIRECTV Financing in violation of the immediately preceding sentence.

Additional subsidiary guarantees. If any of our Domestic Subsidiaries, including any Domestic Subsidiary that we or any of our Subsidiaries may organize, acquire or otherwise invest in after the date of the indenture that is not a Guarantor guarantees or becomes otherwise obligated under the Senior Revolving Credit Facilities or the Existing Notes, then such Domestic Subsidiary shall (i) execute and deliver to the Trustee a supplemental indenture in form reasonably satisfactory to the Trustee pursuant to which such Domestic Subsidiary shall unconditionally guarantee all of the Issuer's obligations under the notes and the indenture on the terms set forth in the indenture and (ii) deliver to the Trustee an opinion of counsel that such supplemental indenture has been duly authorized, executed and delivered by such Domestic Subsidiary and constitutes a legal, valid, binding and enforceable obligation of such Domestic Subsidiary. Thereafter, such Domestic Subsidiary shall be a Guarantor for all purposes of the indenture; *provided, however*, that to the extent that a Domestic Subsidiary is subject to any instrument governing Acquired Debt, as in effect at the time of acquisition thereof, that prohibits such Domestic Subsidiary from issuing a Guarantee, such Domestic Subsidiary shall not be required to execute such a supplemental indenture until it is permitted to issue such Guarantee pursuant to the terms of such

Table of Contents

Acquired Debt; *provided, further, however*, that any such Guarantee shall be released as provided under the last paragraph above under " The guarantees."

Merger, consolidation or sale of assets. The indenture will provide that we shall not consolidate or merge with or into (whether or not we are the surviving entity), or sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of our properties or assets in one or more related transactions to, another person unless:

- (a) we are the surviving person or the person formed by or surviving any such consolidation or merger (if other than us) or to which such sale, assignment, transfer, lease, conveyance or other disposition shall have been made is a corporation, limited partnership or limited liability company organized or existing under the laws of the United States, any state thereof or the District of Columbia;
- (b) the person formed by or surviving any such consolidation or merger (if other than us) or the person to which such sale, assignment, transfer, lease, conveyance or other disposition shall have been made assumes all our obligations pursuant to a supplemental indenture in form reasonably satisfactory to the Trustee, under the notes and the indenture; and
- (c) immediately after such transaction, no Default or Event of Default exists.

The indenture will provide that each Guarantor (other than the Parent Guarantor or any Guarantor whose Guarantee is to be released in accordance with the terms of such Guarantee and the indenture) will not, and we will not cause or permit any Guarantor to, consolidate or merge with or into (whether or not such Guarantor is the surviving entity), or sell, assign, transfer, lease, convey, or otherwise dispose of all or substantially all of its properties or assets in one or more related transactions to, any person other than to us or a Guarantor unless:

- (a) the Guarantor is the surviving person or the person formed by or surviving any such consolidation or merger (if other than the Guarantor) or to which such sale, assignment, transfer, lease, conveyance or other disposition shall have been made is a corporation, limited partnership or limited liability company organized or existing under the laws of the United States, any state thereof or the District of Columbia;
- (b) the person formed by or surviving any such consideration or merger (if other than the Guarantor) or the person to which such sale, assignment, transfer, lease, conveyance or other disposition shall have been made assumes all the obligations of the Guarantor, pursuant to a supplemental indenture in form reasonably satisfactory to the Trustee, under the notes and the indenture; and
- (c) immediately after such transaction, no Default or Event of Default exists.

Any successor to all or substantially all of the assets of the Parent Guarantor will not be required to provide a guarantee of the notes.

Reports. Whether or not required by the rules and regulations of the Commission, so long as any notes are outstanding, the indenture will provide that the Issuers will furnish to the holders of notes all quarterly and annual financial information that would be required to be contained in a filing with the Commission on Forms 10-Q and 10-K if the Issuers were required to file such forms, including a "Management's Discussion and Analysis of Financial Condition and Results of Operations" and, with respect to the annual information only, a report thereon by the independent registered public accounting firm of the Issuers; *provided, however*, that to the extent such reports are filed with the Commission and publicly available, no additional copies need be provided to holders of the notes. The Issuers will be deemed to have satisfied the requirements of this paragraph if (i) any Parent files and provides reports, documents and information of the types otherwise so required, in each case within the applicable time periods and (ii) the Issuers are not required to file such reports, documents and information separately under the applicable rules and regulations of the Commission (after giving effect to any exemptive relief) because of the filings by such Parent.

Events of default

The indenture will provide that each of the following constitutes an Event of Default with respect to each series of notes:

- (a) default for 30 days in the payment when due of interest on the notes of such series;
- (b) default in payment when due of principal of or premium, if any, on the notes of such series at maturity, upon repurchase, redemption or otherwise;
- (c) failure to comply with the provisions described under " Change of control and rating decline" or " Certain covenants Merger, consolidation or sale of assets";
- (d) default under any other provision of the indenture or the notes of such series, which default remains uncured for 60 days after notice from the Trustee or the holders of at least 25% of the aggregate principal amount then outstanding of the notes of such series;

- (f) default under any mortgage, indenture or instrument under which there may be issued or by which there may be secured or evidenced any Indebtedness for money borrowed by us and any of our Subsidiaries (or the payment of which is guaranteed by us or any of our Subsidiaries) other than the indebtedness evidenced by the Existing Notes, which default results in the acceleration of such Indebtedness prior to its express maturity not rescinded or cured within 30 days after such acceleration, and the principal amount of any such Indebtedness, together with the principal amount of any other such Indebtedness under which there has been a Payment Default or the maturity of which has been so accelerated, aggregates \$100 million or more;

- (i) any Guarantee of a Significant Subsidiary with respect to the notes of such series shall be held in a judicial proceeding to be unenforceable or invalid or shall cease for any reason to be in full force and effect, or any Guarantor that qualifies as a Significant Subsidiary, or any person acting on behalf of any Guarantor that qualifies as a Significant Subsidiary, shall deny or disaffirm its obligations under its Guarantee of such series of notes.

Table of Contents

If any Event of Default occurs and is continuing, the Trustee or the holders of at least 25% of the aggregate principal amount then outstanding of the notes of any series may declare all the notes of such series to be due and payable immediately. Notwithstanding the foregoing, in the case of an Event of Default arising from the events of bankruptcy or insolvency with respect to DIRECTV Holdings or DIRECTV Financing described in clause (h) above, all outstanding notes will become due and payable without further action or notice. Holders of the notes may not enforce the indenture or the notes except as provided in the indenture. Subject to certain limitations, holders of a majority in principal amount of the then outstanding notes of any series may direct the Trustee in its exercise of any trust or power with respect to such series. The Trustee may withhold from holders of the notes notice of any continuing Default or Event of Default (except a Default or Event of Default relating to the payment of principal or interest) if it determines that withholding notice is in such holders' interest.

In the event the notes are accelerated as a result of an Event of Default specified in clause (e)(ii) above, such Event of Default and all consequences thereof (excluding any resulting payment default, other than as a result of the acceleration of the notes) shall be annulled, waived and rescinded, automatically and without action by the Trustee or the Holders, if (i) such rescission would not conflict with any judgment or decree and (ii) within 60 days following the occurrence of such Event of Default:

- (1) the applicable Existing Notes have been redeemed, repaid or discharged in full; or
- (2) the Trustee thereunder or the requisite holders thereof have rescinded or waived the acceleration, notice or action (as the case may be) giving rise to the Event of Default; or
- (3) the default that is the basis for the Event of Default has been cured.

The holders of a majority in aggregate principal amount then outstanding of the notes of any series, by notice to the Trustee, may on behalf of the holders of all of the notes of such series waive any existing Default or Event of Default and its consequences under the indenture, except a continuing Default or Event of Default in the payment of interest or premium on, or principal of, the notes of such series.

We will be required to deliver to the Trustee annually a statement regarding compliance with the indenture, and we will be required upon becoming aware of any Default or Event of Default to deliver to the Trustee a statement specifying such Default or Event of Default.

No personal liability of directors, owners, employees, incorporators and stockholders

No director, owner, officer, employee, incorporator or stockholder of us or any of our Affiliates, as such, shall have any liability for any obligations of us or any of our Affiliates under the notes, the Guarantees or the indenture or for any claim based on, in respect of, or by reason of, such obligations or their creation. Each holder of notes by accepting a note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the notes. Such waiver may not be effective to waive liabilities under the federal securities laws and it is the view of the Commission that such a waiver is against public policy.

Legal defeasance and covenant defeasance

The indenture will provide that with respect to the notes of any series, we may, at our option and at any time, elect to have all obligations discharged with respect to the outstanding notes of such series ("*Legal Defeasance*"). Such Legal Defeasance means that we will be deemed to have paid and

Table of Contents

discharged the entire indebtedness represented by the outstanding notes of the applicable series, except for:

- (a) the rights of holders of outstanding notes to receive payments in respect of the principal of, premium, if any, and interest on the notes when such payments are due, or on the redemption date, as the case may be;
- (b) our obligations with respect to the notes concerning issuing temporary notes, registration of notes, mutilated, destroyed, lost or stolen notes and the maintenance of an office or agency for payment and money for security payments held in trust;
- (c) the rights, powers, trust, duties and immunities of the Trustee, and our obligations in connection therewith; and
- (d) the Legal Defeasance provisions of the indenture.

In addition, the indenture will provide that with respect to the notes of any series, we may, at our option and at any time, elect to have all obligations released with respect to certain covenants that are described in the indenture ("*Covenant Defeasance*") and thereafter any omission to comply with such obligations shall not constitute a Default or Event of Default with respect to the notes of such series. If Covenant Defeasance occurs, certain events (not including nonpayment, bankruptcy, receivership, rehabilitation and insolvency events) described under "Events of default" will no longer constitute an Event of Default with respect to the notes of the applicable series.

In order to exercise either Legal Defeasance or Covenant Defeasance, the indenture will provide that with respect to the notes of any series:

(i) we must irrevocably deposit with the Trustee, in trust, for the benefit of the holders of the notes of the applicable series, cash issued in the currency in which the notes of the applicable series are denominated, noncallable obligations of the government which issued the currency in which the notes of the applicable series are denominated, or a combination thereof, in such amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of, premium, if any, and interest on the outstanding notes of such series on the stated maturity or on the applicable optional redemption date, as the case may be;

(ii) in the case of Legal Defeasance, we shall have delivered to the Trustee an opinion of counsel in the United States reasonably acceptable to the Trustee confirming that:

(A) we have received from, or there has been published by, the Internal Revenue Service a ruling or

(B) since the date of the indenture, there has been a change in the applicable federal income tax law, in each case to the effect that, and based thereon such opinion of counsel shall confirm that, the holders of the notes of such series will not recognize income, gain or loss for federal income tax purposes as a result of such Legal Defeasance, and will be subject to federal income tax in the same amount, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

(iii) in the case of Covenant Defeasance, we shall have delivered to the Trustee an opinion of counsel reasonably acceptable to such Trustee confirming that the holders of the notes will not recognize income, gain or loss for federal income tax purposes as a result of such Covenant Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

(iv) no Default or Event of Default shall have occurred and be continuing on the date of such deposit or insofar as Events of Default from bankruptcy or insolvency events are concerned, at any time in the period ending on the 91st day after the date of deposit;

Table of Contents

(v) such Legal Defeasance or Covenant Defeasance shall not result in a breach or violation of, or constitute a default under, the indenture or any other material agreement or instrument to which we or any of our Subsidiaries is a party or by which we or any of our Subsidiaries is bound;

(vi) we shall have delivered to the Trustee an officers' certificate stating that the deposit was not made by us with the intent of preferring the holders of the notes over any of our other creditors or with the intent of defeating, hindering, delaying or defrauding any of its other creditors or others; and

(vii) we shall have delivered to the Trustee an officers' certificate and an opinion of counsel stating that all conditions precedent provided for or relating to the Legal Defeasance or the Covenant Defeasance relating to the notes of such series have been complied with.

Satisfaction and discharge

The indenture will be discharged and will cease to be of further effect as to all outstanding notes of any series when:

(1) either:

(a) all the notes of such series, theretofore authenticated and delivered (except lost, stolen or destroyed notes which have been replaced or paid and notes for whose payment money has theretofore been deposited in trust or segregated and held in trust by the Issuer and thereafter repaid to the Issuer or discharged from such trust) have been delivered to the Trustee for cancellation; or

(b) all notes of such series not theretofore delivered to the Trustee for cancellation have become due and payable or will become due and payable at their stated maturity within one year of the date of deposit or are to be called for redemption within one year and the Issuer has irrevocably deposited or caused to be deposited with the Trustee funds in an amount sufficient to pay and discharge the entire Indebtedness on the notes of such series not theretofore delivered to the Trustee for cancellation, for principal of, premium, if any, and interest on the notes of such series to the date of deposit together with irrevocable instructions from the Issuer directing the Trustee to apply such funds to the payment thereof at maturity or redemption, as the case may be;

(2) the Issuer has paid all other sums payable under the indenture by the Issuer; and

(3) the Issuer has delivered to the Trustee an officers' certificate and an opinion of counsel stating that all conditions precedent under the indenture relating to the satisfaction and discharge of the indenture with respect to such series of notes have been complied with; *provided, however*, that such counsel may rely, as to matters of fact, on a certificate or certificates of officers of the Issuer.

Amendment, supplement and waiver

Except as provided in the next paragraph, the Issuers and the Trustee may enter into an indenture or supplemental indenture for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of the indenture or modifying in any manner the rights of the holders of the notes of any series issued thereunder with the consent of the holders of not less than a majority of the aggregate principal amount of notes of such series then outstanding (including consents obtained in connection with a tender offer or exchange for notes of such series), and any existing default or compliance with any provision of the indenture or the notes of such series may be waived with the consent of the holders of a majority of the aggregate principal amount of notes of such series then outstanding (including consents obtained in connection with a tender offer or exchange for the notes).

Table of Contents

Without the consent of each holder affected, however, an amendment or waiver may not (with respect to any note held by a nonconsenting holder):

- (1) change the maturity of the principal of, or any installment of principal of or interest on, any series of notes;
- (2) reduce the principal amount of notes of any series which would be due and payable upon a declaration of acceleration of the maturity thereof, or reduce the rate of interest on any series of notes or alter the provisions with respect to the amount of redemption premium on the notes;
- (3) change the coin or currency in which the principal of or premium, if any, or interest on any series of notes is payable;
- (4) impair the right of any holder of notes to institute suit for the enforcement of any such payment on or after the maturity of the note (or, in the case of redemption, on or after the redemption date);
- (5) reduce the percentage in principal amount of the notes of any series, the consent of whose holders is required for any such supplemental indenture, or the consent of whose holders is required for any waiver (of compliance with certain provisions of the indenture or certain defaults under the indenture and their consequences) provided for in the indenture;
- (6) modify any of the provisions relating to amendments to the indenture with the consent of holders of notes, to waivers of past Defaults or covenants or the rights of holders of notes to receive payments of principal of or interest on the notes, except to increase any such percentage or to provide that certain other provisions of this indenture cannot be modified or waived without the consent of the holder of each outstanding series of notes affected thereby; or
- (7) amend, change or modify in any material respect the obligation of the Issuer to make and consummate a Change of Control Offer in the event of a Change of Control Triggering Event after such Change of Control Triggering Event has occurred.

Concerning the trustee

The indenture will contain certain limitations on the rights of the Trustee, if the Trustee becomes a creditor of us or our Subsidiaries, to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The Trustee will be permitted to engage in other transactions with the Issuers and their Subsidiaries; however, if the Trustee acquires any conflicting interest, it must eliminate such conflict within 90 days, apply to the Commission for permission to continue as Trustee or resign.

With respect to the notes of any series, the holders of a majority in principal amount of the then outstanding notes of such series will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the Trustee, subject to certain exceptions. The indenture will provide that in case an Event of Default shall occur (which shall not be cured), the Trustee will be required, in the exercise of its power, to use the degree of care of a prudent person in the conduct of his or her own affairs. The Trustee will not be relieved from liabilities for its own negligent action, its own negligent failure to act or its own willful misconduct, except that:

- (i) this sentence shall not limit the preceding sentence of this paragraph;
- (ii) the Trustee shall not be liable for any error of judgment made in good faith, unless it is proved that the Trustee was negligent in ascertaining the pertinent facts; and
- (iii) the Trustee shall not be liable with respect to any action it takes or omits to take in good faith in accordance with a direction received by it pursuant to the first sentence of this paragraph.

Subject to such provisions, the Trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request of any holder of notes, unless such holder shall have offered to the Trustee security and indemnity satisfactory to it against any loss, liability or expense.

BOOK-ENTRY SETTLEMENT AND CLEARANCE

The notes of each series initially will be represented by one or more global notes in registered form without interest coupons (the "*Global Notes*"). The Global Notes will be deposited upon issuance with the Trustee as custodian for The Depository Trust Company ("*DTC*"), in New York, New York, and registered in the name of DTC or its nominee, in each case for credit to an account of a direct or indirect participant in DTC as described below.

Except as set forth below, the Global Notes may be transferred, in whole and not in part, only to another nominee of DTC or to a successor of DTC or its nominee. Beneficial interests in the Global Notes may not be exchanged for notes in certificated form except in the limited circumstances described below. See "Exchange of global notes for certificated notes." Except in the limited circumstances described below, owners of beneficial interests in the Global Notes will not be entitled to receive physical delivery of notes in certificated form.

Transfers of beneficial interests in the Global Notes will be subject to the applicable rules and procedures of DTC and its direct or indirect participants, which may change from time to time.

Depository procedures

The following description of the operations and procedures of DTC is provided solely as a matter of convenience. These operations and procedures are solely within the control of the respective settlement systems and are subject to changes by them. We and the Trustee take no responsibility for these operations and procedures and urge investors to contact the system or their participants directly to discuss these matters.

DTC has advised us that it is a limited-purpose trust company organized under the laws of the State of New York, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the Uniform Commercial Code and a "clearing agency" registered pursuant to the provisions of Section 17A of the Exchange Act. DTC was created to hold securities for its participating organizations (collectively, the "*participants*") and to facilitate the clearance and settlement of transactions in those securities between participants through electronic book-entry changes in accounts of its participants. The participants include securities brokers and dealers (including the underwriters), banks, trust companies, clearing corporations and certain other organizations. Access to DTC's system is also available to other entities such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly (collectively, the "*indirect participants*"). Persons who are not participants may beneficially own securities held by or on behalf of DTC only through the participants or the indirect participants. The ownership interests in, and transfers of ownership interests in, each security held by or on behalf of DTC are recorded on the records of the participants and indirect participants.

DTC has also advised us that, pursuant to procedures established by it:

- (1) upon deposit of the Global Notes, DTC will credit the accounts of participants designated by the underwriters with portions of the principal amount of the Global Notes; and
- (2) ownership of these interests in the Global Notes will be shown on, and the transfer of ownership of these interests will be effected only through, records maintained by DTC (with respect to the participants) or by the participants and the indirect participants (with respect to other owners of beneficial interests in the Global Notes).

Investors in the Global Notes who are participants in DTC's system may hold their interests therein directly through DTC. Investors in the Global Notes who are not participants may hold their interests therein indirectly through organizations which are participants in such system. All interests in

Table of Contents

a Global Note may be subject to the procedures and requirements of DTC. The laws of some states require that certain persons take physical delivery in definitive form of securities that they own. Consequently, the ability to transfer beneficial interests in a Global Note to such persons will be limited to that extent. Because DTC can act only on behalf of participants, which in turn act on behalf of indirect participants, the ability of a person having beneficial interests in a Global Note to pledge such interests to persons that do not participate in the DTC system, or otherwise take actions in respect of such interests, may be affected by the lack of a physical certificate evidencing such interests.

Except as described below, owners of an interest in the Global Notes will not have notes registered in their names, will not receive physical delivery of notes in certificated form and will not be considered the registered owners or "holders" thereof under the Indenture for any purpose.

Payments in respect of the principal of, and interest and premium, if any, on a Global Note registered in the name of DTC or its nominee will be payable to DTC in its capacity as the registered holder under the Indenture. Under the terms of the Indenture, we and the Trustee will treat the persons in whose names the notes, including the Global Notes, are registered as the owners of the notes for the purpose of receiving payments and for all other purposes. Consequently, neither we, the Trustee nor any agent of ours or the Trustee has or will have any responsibility or liability for:

- (1) any aspect of DTC's records or any participant's or indirect participant's records relating to, or payments made on account of beneficial ownership interests in the Global Notes or for maintaining, supervising or reviewing any of DTC's records or any participant's or indirect participant's records relating to the beneficial ownership interests in the Global Notes; or
- (2) any other matter relating to the actions and practices of DTC or any of its participants or indirect participants.

DTC has advised us that its current practice, upon receipt of any payment in respect of securities such as the notes (including principal and interest), is to credit the accounts of the relevant participants with the payment on the payment date unless DTC has reason to believe it will not receive payment on such payment date. Each relevant participant is credited with an amount proportionate to its beneficial ownership of an interest in the principal amount of the relevant security as shown on the records of DTC. Payments by the participants and the indirect participants to the beneficial owners of notes will be governed by standing instructions and customary practices and will be the responsibility of the participants or the indirect participants and will not be the responsibility of DTC, the Trustee or ours. Neither we nor the Trustee will be liable for any delay by DTC or any of its participants in identifying the beneficial owners of the notes, and we and the Trustee may conclusively rely on and will be protected in relying on instructions from DTC or its nominee for all purposes. Transfers between participants and DTC will be effected in accordance with DTC's procedures, and will be settled in same-day funds.

DTC has advised us that it will take any action permitted to be taken by a holder of notes only at the direction of one or more participants to whose account DTC has credited the interests in the Global Notes and only in respect of such portion of the aggregate principal amount of the notes as to which such participant or participants has or have given such direction. However, if there is an Event of Default under the relevant series of notes, DTC reserves the right to exchange the Global Notes for notes in certificated form, and to distribute such notes to its participants.

Although DTC has agreed to the foregoing procedures in order to facilitate transfers of interests in the Global Notes among participants, it is under no obligation to perform such procedures, and such procedures may be discontinued or changed at any time. Neither we nor the Trustee nor any of their respective agents will have any responsibility for the performance by DTC or its participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

Exchange of Global Notes for Certificated Notes

A Global Note is exchangeable for certificated notes if:

- (1) DTC (A) notifies us that it is unwilling or unable to continue as depository for the Global Notes or (B) has ceased to be a clearing agency registered under the Exchange Act and, in each case, a successor depository is not appointed;
- (2) we, at our option, notify the Trustee in writing that we elect to cause the issuance of the certificated notes; or
- (3) there has occurred and is continuing an Event of Default with respect to the applicable series of notes.

In all cases, certificated notes delivered in exchange for any Global Note or beneficial interests in Global Notes will be registered in the names, and issued in any approved denominations, requested by or on behalf of the depository (in accordance with its customary procedures).

Same day settlement and payment

We will make payments in respect of the notes represented by the Global Notes (including principal, premium, if any, and interest) by wire transfer of immediately available funds to the accounts specified by DTC or its successor as depository. We will make all payments of principal, interest and premium, if any, with respect to certificated notes by wire transfer of immediately available funds to the accounts specified by the holders of the certificated notes or, if no such account is specified, by mailing a check to each such holder's registered address. Any permitted secondary market trading activity in such notes will be required by DTC to be settled in immediately available funds. We expect that secondary trading in any certificated notes will also be settled in immediately available funds.

CERTAIN UNITED STATES FEDERAL TAX CONSIDERATIONS

The following generally summarizes certain U.S. federal income and, to a limited extent under the caption "Non-U.S. Holders," estate tax aspects of the acquisition, ownership and disposition of the notes. This discussion is a summary for general information only and does not consider all aspects of U.S. federal income taxation that may be relevant to the acquisition, ownership and disposition of the notes by a prospective investor in light of his, her or its personal circumstances. This discussion is limited to the U.S. federal income tax consequences to persons who are beneficial owners of the notes and who hold the notes as capital assets within the meaning of Section 1221 of the U.S. Internal Revenue Code of 1986, as amended (the "*Code*"). This discussion does not address the U.S. federal income tax consequences to investors subject to special treatment under the U.S. federal income tax laws, such as dealers in securities or foreign currency, brokers, traders that mark-to-market their securities, tax-exempt entities, banks, thrifts, insurance companies, persons that hold the notes as part of a "straddle," as part of a "hedge" against currency risk, or as part of a "conversion transaction," U.S. Holders (as defined below) that have a "functional currency" other than the U.S. dollar, regulated investment companies, real estate investment trusts, expatriates and former long-term residents of the United States, U.S. persons subject to the alternative minimum tax, partnerships, other pass-through entities and investors in pass-through entities that hold the notes. In addition, this discussion is generally limited to the tax consequences to initial holders that purchase the notes at their "issue price," which for this purpose is the first price at which a substantial amount of the notes are sold, excluding sales to bond houses, brokers or similar persons acting in the capacity of underwriters, placement agents or wholesalers. This discussion does not describe any tax consequences arising out of the tax laws of any state, local or foreign jurisdiction, or, except to a limited extent under the caption "Non-U.S. Holders," any possible applicability of the U.S. federal gift or estate tax law, nor does it address the Medicare tax with respect to certain investment income. In addition, for U.S. federal income tax purposes only, the notes will be treated as issued by DIRECTV Group and references in this discussion under the caption "Certain United States federal tax considerations" to "we," "us," and "our" are to DIRECTV Group.

This summary is based upon current provisions of the Code, existing and proposed Treasury regulations thereunder, and current administrative rulings and court decisions, all as in effect on the date hereof. All of the foregoing are subject to change, possibly on a retroactive basis, and any such change could affect the continuing validity of this discussion. We have not sought and will not seek any rulings from the IRS regarding the matters discussed below. There can be no assurance that the IRS will not take positions concerning the tax consequences of the acquisition, ownership and disposition of the notes that are different from those discussed below.

PERSONS CONSIDERING THE PURCHASE OF NOTES SHOULD CONSULT THEIR OWN TAX ADVISORS CONCERNING THE APPLICATION OF U.S. FEDERAL INCOME, MEDICARE, ESTATE AND GIFT TAX LAWS, AS WELL AS THE LAW OF ANY STATE, LOCAL OR FOREIGN TAXING JURISDICTION, TO THEIR PARTICULAR SITUATIONS.

U.S. Holders

For purposes of the following discussion, a "U.S. Holder" is a beneficial owner of a note that is, for U.S. federal income tax purposes:

an individual who is a citizen or resident of the United States, including an alien resident who is a lawful permanent resident of the United States or meets the "substantial presence" test under Section 7701(b) of the Code;

a corporation (or other entity treated as a corporation for U.S. federal income tax purposes) created or organized under the laws of the United States, any state thereof or the District of Columbia;

Table of Contents

an estate whose income is includible in gross income for U.S. federal income tax purposes regardless of its source; or

a trust, if (i) a U.S. court is able to exercise primary supervision over administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust or (ii) it has a valid election in effect under applicable Treasury regulations to be treated as a U.S. person.

Stated Interest. Interest on a note will be taxable to a U.S. Holder as ordinary interest income at the time it accrues or is received in accordance with such holder's method of accounting for U.S. federal income tax purposes.

Sale, Exchange, Redemption or Retirement of the Notes. Unless a non-recognition provision applies, upon the disposition of a note by sale, exchange, redemption or retirement, a U.S. Holder generally will recognize gain or loss equal to the difference between (i) the sum of all cash plus the fair market value of all other property received on such disposition (other than amounts attributable to accrued interest, which amounts would be treated as ordinary interest income to the extent not previously so taxed) and (ii) the U.S. Holder's adjusted tax basis in such note. A U.S. Holder's adjusted tax basis in a note generally will equal the cost of the note to the U.S. Holder, decreased by the amount of any payments (other than payments of qualified stated interest) on the note. Such gain or loss from the disposition of a note generally will constitute capital gain or loss and will be long-term capital gain or loss if the U.S. Holder has held the note for more than one year. In the case of a non-corporate U.S. Holder, long-term capital gain is currently subject to a maximum U.S. federal income tax rate of 20%. The deductibility of capital losses is subject to limitations.

Additional Payments. In certain circumstances, the notes provide for an increase to the interest rate or for the payment of certain amounts in excess of the accrued interest and principal. Because of this, the notes could be subject to rules relating to debt instruments that provide for one or more contingent payments, referred to as the "Contingent Payment Regulations." Under the Contingent Payment Regulations, however, a debt instrument is not a contingent payment debt instrument merely because of contingencies that, in the aggregate, as of the issue date, are "remote" or are considered to be "incidental." We intend to take the position that, for purposes of the Contingent Payment Regulations, the prospective payment of additional amounts is a "remote" and/or "incidental" contingency, and this discussion assumes that our position will be respected. Our determination that these contingencies are remote and/or incidental will be binding on a holder unless such holder explicitly discloses its contrary position to the IRS in the manner required by applicable Treasury regulations. Our position, however, is not free from doubt, particularly with respect to the treatment of the interest rate adjustment, and the IRS is not bound by our determination. If the IRS determines that the likelihood of a contingency is not remote and that the payment of the additional amounts is not incidental, it may challenge our position. If the IRS were successful in its challenge, U.S. Holders may be required to accrue interest income at a rate higher than the stated interest rate on the notes and to treat as ordinary income, rather than capital gain, any gain recognized on a sale, exchange or redemption of a note. If our determination is correct but a contingent payment (or payments) ultimately is made, a U.S. Holder would be required to include in income the amount of any such additional payment at the time such payment is received or accrued in accordance with such U.S. Holder's method of accounting for U.S. Federal income tax purposes. U.S. Holders should consult their tax advisors regarding the potential application to our notes of the Contingent Payment Regulations and the consequences thereof.

Satisfaction and Discharge. Were we to obtain a discharge of the indenture with respect to all of the notes then outstanding, as described above under "Description of Notes - Satisfaction and discharge," such discharge would generally be deemed to constitute a taxable exchange of the outstanding notes for other property - namely, the funds deposited with the Trustee. In such case, a

Table of Contents

U.S. Holder generally would be required to recognize income and capital gain or loss in connection with such deemed exchange in a manner comparable to that discussed above under " Sale, Exchange, Redemption or Retirement of the Notes." In addition, after such deemed exchange, a U.S. Holder also may be required to recognize income from the property deemed to have been received in such exchange over the remaining life of the transaction in a manner or amount that is different than had the discharge not occurred. U.S. Holders should consult their tax advisors as to the specific consequences arising from a discharge in their particular situations.

Backup Withholding and Information Reporting. A U.S. Holder of a note may be subject, under certain circumstances, to information reporting and backup withholding at the then applicable rate (currently 28%) with respect to payments of interest on, and gross proceeds from a sale, exchange, redemption, retirement or other disposition of, a note (including a redemption or a repurchase in the event of a Change of Control Triggering Event or a discharge, as described above under "Description of notes Satisfaction and discharge"), and any payments with respect to the property or rights to the property deemed to have been received as described above under " Satisfaction and discharge." These backup withholding rules apply if the U.S. Holder, among other things:

fails to furnish a social security number or other taxpayer identification number ("*TIN*") certified under penalties of perjury within a reasonable time after the request therefor;

furnishes an incorrect TIN;

is notified it is subject to backup withholding because such holder previously failed to properly report interest or dividends;

under certain circumstances, fails to provide a certified statement, signed under penalties of perjury, that the TIN furnished is the correct number and that such U.S. Holder is not subject to backup withholding; or

otherwise fails to comply with applicable requirements of the backup withholding rules.

A U.S. Holder of a note that does not provide his, her or its correct TIN may be subject to penalties imposed by the IRS. Certain persons are exempt from backup withholding, including corporations and tax-exempt entities, provided their exemption is properly established. U.S. Holders of notes should consult their tax advisors as to their qualifications for exemption from withholding and the procedure for obtaining such exemption. U.S. Holders that are not corporations or tax-exempt organizations generally will be subject to information reporting requirements.

Backup withholding is not an additional tax. Any amount paid as backup withholding is creditable against the U.S. Holder's federal income tax liability, provided the requisite information is timely provided to the IRS.

Non-U.S. Holders

The following discussion is limited to the U.S. federal income and estate tax consequences to a holder of a note that is a beneficial owner and that, for U.S. federal income tax purposes, is an individual, corporation, estate or trust other than a U.S. Holder (a "Non-U.S. Holder"). Because U.S. federal tax law uses different tests to determine whether an individual is a non-resident alien for income tax and estate tax purposes, some individuals may be "Non-U.S. Holders" for purposes of the U.S. federal income tax discussion, but not for the purpose of the U.S. federal estate tax discussion, and vice versa. For purposes of the discussion below, interest and any gain on the sale, exchange, redemption, retirement or other disposition of a note will be considered to be "U.S. trade or business income" if such income or gain is effectively connected with the Non-U.S. Holder's conduct of a U.S. trade or business.

Table of Contents

As described in "U.S. Holders Additional Payments," this discussion assumes that the notes will not be subject to the Contingent Payment Regulations.

Stated Interest. Subject to the discussions of backup withholding and "FATCA Withholding Taxes" below, generally, interest (including additional interest, if any) paid to a Non-U.S. Holder of a note will not be subject to United States federal income or withholding tax if such interest is not U.S. trade or business income and is "portfolio interest." Generally, interest on the notes will qualify as portfolio interest and will be eligible for the portfolio interest exception if the Non-U.S. Holder:

does not actually or constructively own 10% or more of the total combined voting power of all classes of our stock entitled to vote;

is not a "controlled foreign corporation" with respect to which we are a "related person" within the meaning of the Code;

is not a bank described in Section 881(c)(3)(A) of the Code; and

certifies, under penalties of perjury, on a properly executed Form W-8BEN or W-8BEN-E (or any successor form) prior to the payment of interest that such holder is not a United States person and provides such holder's name and address.

The gross amount of payments of interest that do not qualify for the portfolio interest exception and that are not U.S. trade or business income will be subject to U.S. withholding tax at a rate of 30% unless a treaty applies to reduce or eliminate withholding.

Unless an applicable treaty otherwise provides, U.S. trade or business income will be taxed on a net basis at regular graduated U.S. rates rather than the 30% gross rate. In addition, in the case of a Non-U.S. Holder that is a corporation, any effectively connected earnings and profits may be subject to a 30% branch profits tax, unless an applicable treaty otherwise provides.

To claim an exemption from withholding in the case of U.S. trade or business income, or to claim the benefits of a treaty, a Non-U.S. Holder must provide a properly executed Form W-8ECI (in the case of U.S. trade or business income not exempt under a treaty) or Form W-8BEN or W-8BEN-E (in the case of a treaty), or any successor form as the IRS designates, as applicable, prior to the payment of interest. These forms must be periodically updated. A Non-U.S. Holder that is claiming the benefits of a treaty will be required to obtain and to provide a foreign taxpayer identifying number unless the notes are actively traded property under applicable Treasury regulations. If the notes are actively traded, in certain circumstances the Non-U.S. Holder may provide certain documentary evidence issued by foreign governmental authorities to prove residence in the foreign country. Also, special procedures are provided under applicable Treasury regulations for payments through qualified intermediaries or certain financial institutions that hold customers' securities in the ordinary course of their trade or business.

Sale, Exchange, Redemption or Retirement of notes. Except as described below and subject to the discussions concerning backup withholding and "FATCA Withholding Taxes," any gain realized by a Non-U.S. Holder on the sale, exchange, redemption or retirement of a note (including a redemption or a repurchase in the event of Change of Control Triggering Event or a discharge, as described above under "Description of Notes Satisfaction and discharge") generally will not be subject to U.S. federal income or withholding tax, unless:

such gain is U.S. trade or business income, in which case the Non-U.S. Holder generally will be taxed as discussed above under " Stated Interest"; or

subject to certain exceptions, the Non-U.S. Holder is an individual and is present in the United States for 183 days or more in the taxable year of the disposition, in which case the Non-U.S. Holder will be subject to a flat 30% U.S. federal income tax on any gain recognized (except as

Table of Contents

otherwise provided by an applicable income tax treaty), which may be offset by certain U.S. source losses.

Payments received on a disposition that are attributable to accrued stated interest will be treated in accordance with the rules applicable to payments of stated interest (and described above).

Satisfaction and Discharge. As described above under "U.S. Holders Satisfaction and discharge," a Non-U.S. Holder also may be required to recognize income with respect to the property or rights to the property deemed to have been received in such taxable exchange over the remaining life of the transaction in a manner or amount that is different than had the discharge not occurred, and such income may be subject to U.S. income and/or withholding taxes. Non-U.S. Holders should consult their tax advisors as to the specific consequences arising from a discharge in their particular situations.

Federal estate tax. Any notes held (or treated as held) by an individual who is a Non-U.S. Holder (as specially defined for U.S. federal estate tax purposes) at the time of his or her death will not be subject to U.S. federal estate tax, provided that the individual does not actually or constructively own 10% or more of the total voting power of all of our classes of stock entitled to vote and income on the notes was not U.S. trade or business income. Individuals should consult with their tax advisors regarding the possible application of the U.S. federal estate tax to their particular circumstances, including the effect of any applicable treaty.

Information reporting and backup withholding. We must report annually to the IRS and to each Non-U.S. Holder any interest that is paid to the Non-U.S. Holder. Copies of these information returns also may be made available under the provisions of a specific treaty or other agreement to the tax authorities of the country in which the Non-U.S. Holder resides.

Treasury regulations provide that the backup withholding tax and certain information reporting will not apply to payments of interest with respect to which either the requisite certification that the Non-U.S. Holder is not a U.S. person, as described above, has been received or an exemption otherwise has been established, provided that neither we nor our paying agent have actual knowledge, or reason to know, that the Non-U.S. Holder is a U.S. person or that the conditions of any other exemption are not, in fact, satisfied.

The payment of the gross proceeds from the sale, exchange, redemption, retirement or other disposition (including a redemption or a repurchase in the event of a Change of Control Triggering Event or a discharge, as described above under "Description of Notes Satisfaction and discharge") of the notes to or through the U.S. office of any broker, U.S. or foreign, will be subject to information reporting and possible backup withholding unless the Non-U.S. Holder certifies as to its non-U.S. status under penalties of perjury or otherwise establishes an exemption, provided that the broker does not have actual knowledge, or reason to know, that the Non-U.S. Holder is a U.S. person or that the conditions of any other exemption are not, in fact, satisfied. The payment of the gross proceeds from the sale, exchange, redemption, retirement or other disposition (including a redemption or a repurchase in the event of a Change of Control Triggering Event or a discharge, as described above under "Description of Notes Satisfaction and discharge") of the notes to or through a non-U.S. office of a non-U.S. broker will not be subject to information reporting or backup withholding unless the non-U.S. broker is a U.S. person or has certain types of relationships with the United States (a "U.S. related person"). In the case of the payment of the gross proceeds from the sale, exchange, redemption, retirement or other disposition (including a redemption or a repurchase in the event of a Change of Control Triggering Event or a discharge, as described above under "Description of Notes Satisfaction and discharge") of the notes to or through a non-U.S. office of a broker that is either a U.S. person or a U.S. related person, the Treasury regulations require information reporting (but not backup withholding) on the payment unless the broker has documentary evidence in its files that the owner is a Non-U.S. Holder and the broker has no knowledge, or reason to know, to the contrary.

Table of Contents

In addition, in general, any payments with respect to the property or rights to the property deemed to have been received, as described above under "Description of Notes Satisfaction and discharge," may be subject to information reporting and possible backup withholding, unless the Non-U.S. Holder certifies as to its non-U.S. status under penalties of perjury or otherwise establishes an exemption, and the payor does not have actual knowledge, or reason to know, that the Non-U.S. Holder is a U.S. person or that the conditions of any other exemption are not, in fact, satisfied.

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules may be refunded or credited against the Non-U.S. Holder's United States federal income tax liability, provided that the required information is timely provided to the IRS.

All certifications described above under the heading " Non- U.S. Holders" are subject to special rules with respect to reliance standards, under which certifications provided by holders may not be relied on under certain circumstances (for example, if we, our paying agent, or the broker had actual knowledge or reason to know that the certification is false).

FATCA Withholding Taxes

Provisions commonly referred to as "FATCA" impose withholding of 30% on payments of U.S.-source interest and, after December 31, 2016, sales or redemption proceeds to "foreign financial institutions" (which is broadly defined for this purpose and in general includes investment vehicles) and certain other non-U.S. entities unless various U.S. information reporting and due diligence requirements (generally relating to ownership by U.S. persons of interests in or accounts with those entities) have been satisfied, or an exemption applies. An intergovernmental agreement between the United States and the entity's jurisdiction may modify these requirements. If FATCA withholding is imposed, a beneficial owner that is not a foreign financial institution generally will be entitled to a refund of any amounts withheld by filing a U.S. federal income tax return (which may entail significant administrative burden). Prospective investors should consult their tax advisors regarding the effects of FATCA on their investment in our common stock

The underwriting agreement provides that the underwriters will purchase all of the notes if any of them are purchased.

The underwriters initially propose to offer the notes to the public at the public offering price that appears on the cover page of this prospectus. The underwriters may offer the notes to selected dealers at the public offering price minus a concession of up to 0.300% of the principal amount of the notes. In addition, the underwriters may allow, and those selected dealers may reallow, a concession of up to 0.125% of the principal amount of the notes to certain other dealers. After the initial offering, the underwriters may change the public offering price and any other selling terms. The underwriters may offer and sell notes through certain of their affiliates. The offering of the notes by the underwriters is subject to receipt and acceptance and subject to the underwriters' right to reject any order in whole or in part.

In the underwriting agreement, we have agreed that:

We will pay our expenses related to the offering, which we estimate will be approximately \$1 million.

Table of Contents

We will indemnify the underwriters against certain liabilities, including liabilities under the Securities Act, or contribute to payments that the underwriters may be required to make in respect of those liabilities.

The notes are a new issue of securities, and there is currently no established trading market for the notes. The underwriters have advised us that they intend to make a market in the notes, but they are not obligated to do so. The underwriters may discontinue without notice any market making in the notes at any time in their sole discretion. Accordingly, we cannot assure you that a liquid trading market will develop for the notes, that you will be able to sell your notes at a particular time or that the prices that you receive when you sell will be favorable.

We expect that delivery of the notes will be made against payment therefor on or about the closing date specified on the cover page of this prospectus supplement, which will be the seventh business day following the date of pricing of the notes (such settlement cycle being referred to as T+7). Under Rule 15c6-1 of the Exchange Act, trades in the secondary market generally are required to settle in three business days, unless the parties to any such trade expressly agree otherwise. Accordingly, investors who wish to trade notes on the date of pricing or the next three succeeding business days will be required, by virtue of the fact that the notes initially will settle in T+7, to specify an alternate settlement cycle at the time of any such trade to prevent a failed settlement. Investors of the notes who wish to trade notes on the date hereof or the next succeeding three business days should consult their own advisor.

In connection with the offering of the notes, the underwriters may engage in overallotment, stabilizing transactions and syndicate covering transactions. Overallotment involves sales in excess of the offering size, which creates a short position for the underwriters. Stabilizing transactions involve bids to purchase the notes in the open market for the purpose of pegging, fixing or maintaining the price of the notes. Syndicate covering transactions involve purchases of the notes in the open market after the distribution has been completed in order to cover short positions. Stabilizing transactions and syndicate covering transactions may cause the price of the notes to be higher than it would otherwise be in the absence of those transactions. If the underwriters engage in stabilizing or syndicate covering transactions, they may discontinue them at any time without notice. Any of these activities may stabilize or maintain the market price of the notes above independent market levels, but no representation is made hereby of the magnitude of any effect that the transactions described above may have on the market price of the notes. The underwriters will not be required to engage in these activities, and may engage in these activities, and may end any of these activities, at any time without notice. These transactions may be effected in the over-the-counter market or otherwise.

You should be aware that the laws and practices of certain countries require investors to pay stamp taxes and other charges in connection with purchases of securities.

Conflict of Interest

The underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, investment research, principal investment, hedging, financing and brokerage activities. Certain of the underwriters and their affiliates perform various financial advisory, investment banking and commercial banking services from time to time for us and our affiliates. In addition, affiliates of certain of the underwriters are party to the Credit Agreements as agents and lenders.

In the ordinary course of their various business activities, the underwriters and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers, and such investment and securities activities may involve

securities and/or instruments of the issuers or our affiliates. If any of the underwriters or their affiliates has a lending relationship with us, certain of these underwriters or their affiliates routinely hedge, and certain other of these underwriters or their affiliates may hedge, their credit exposure to us consistent with their customary risk management policies. Typically, such underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the notes offered hereby. The underwriters and their respective affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or instruments and may at any time hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments. Certain of the underwriters and their respective affiliates may hold investments in our debt and equity securities, including in our 3.550% Senior Notes due 2015. Accordingly, certain of the underwriters may receive a portion of the net proceeds from this offering.

PROSPECTUS SUMMARY

Business

We are a leading provider of digital television entertainment in the United States and Latin America. We operate two direct-to-home, or DTH, business units: DIRECTV U.S. and DIRECTV Latin America, which are differentiated by their geographic location and are engaged in acquiring, promoting, selling and distributing digital entertainment programming primarily via satellite to residential and commercial subscribers. In addition, we currently own two regional sports networks, or RSNs, and have a non-controlling interest in a third. We also own a 42% interest in Game Show Network, LLC, or GSN, a television network dedicated to game-related programming and Internet interactive game playing. We account for our investment in GSN using the equity method of accounting.

DIRECTV U.S. DIRECTV Holdings and its subsidiaries, or DIRECTV U.S., is the largest provider of DTH digital television services and the second largest provider in the multi-channel video programming distribution, or MVPD, industry in the United States. As of June 30, 2013, DIRECTV U.S. had approximately 20.0 million subscribers.

DIRECTV Latin America. DIRECTV Latin America Holdings, Inc. and its subsidiaries, or DIRECTV Latin America, is a leading provider of DTH digital television services throughout Latin America. DIRECTV Latin America is comprised of: PanAmericana, which provides services in Argentina, Chile, Colombia, Ecuador, Puerto Rico, Venezuela and certain other countries in the region, and Sky Brasil Servicos Ltda., or Sky Brasil, which is a 93% owned subsidiary. DIRECTV Latin America also includes our 41% equity method investment in Innova, S. de R.L. de C.V., or Sky Mexico, which we include in the PanAmericana segment. As of June 30, 2013, PanAmericana had approximately 5.9 million subscribers, Sky Brasil had approximately 5.2 million subscribers and Sky Mexico had approximately 5.6 million subscribers.

DIRECTV Sports Networks. DIRECTV Sports Networks LLC and its subsidiaries, or DSN, is comprised primarily of two wholly owned regional sports networks based in Denver, Colorado and Pittsburgh, Pennsylvania, and a regional sports network based in Seattle, Washington in which DSN retains a noncontrolling interest, each of which operates under the brand name ROOT Sports. On April 16, 2013, DSN transferred 100% of its interest in a regional sports network based in Seattle, Washington, or DSN Northwest, to NW Sports Net LLC and took back a non-controlling interest in NW Sports Net LLC. See Note 2 to the unaudited consolidated financial statements in our June 30, 2013 Form 10-Q and incorporated by reference herein for further discussion of this transaction.

Through DIRECTV U.S., we provide approximately 20.0 million subscribers with access to hundreds of channels of digital-quality video entertainment and audio programming that we transmit directly to subscribers' homes or businesses via high-powered geosynchronous satellites. We also provide video-on-demand, or VOD, by "pushing" top-rated movies onto customers' digital video recorders, or DVRs, for instant viewing, as well as via broadband to our subscribers who have connected their set-top receiver to their broadband service.

We believe we provide one of the most extensive collections of programming available in the MVPD industry, including over 185 national high-definition, or HD, television channels and five dedicated 3D channels. In addition, we offer VOD service, named DIRECTV CINEMA®, which provides a selection of over 10,000 movie and television programs to our broadband-connected subscribers. As of December 31, 2012, we provided local channel coverage to markets covering over 99% of U.S. television households, 98% in HD.

We also provide premium professional and collegiate sports programming such as the NFL SUNDAY TICKET® package, which allows subscribers to view the largest selection of NFL games

Table of Contents

available each Sunday during the regular season. Under our contract with the NFL, we have exclusive rights to provide this service through the 2014 season, including rights to provide related broadband, HD, VOD, interactive and mobile services.

To subscribe to the DIRECTV® service, subscribers sign up for our service directly through us or our national retailers, independent satellite television retailers or dealers, or regional telephone companies, which we refer to as telcos. We or one of our home service providers or dealers install the receiving equipment. The receiving equipment, which we refer to as a DIRECTV® System, consists of a small receiving satellite dish antenna, one or more digital set-top receivers, which are typically leased to the subscriber, and remote controls. After acquiring and installing a DIRECTV System, subscribers activate the DIRECTV service by contacting us and subscribing to one of our programming packages that are tailored to appeal to specific segments of existing and potential customers.

DIRECTV Latin America is a leading provider of DTH digital television services throughout Latin America. DIRECTV Latin America provides a wide selection of local and international digital-quality video entertainment and audio programming under the DIRECTV and SKY brands to approximately 5.9 million subscribers in PanAmericana and approximately 5.2 million subscribers in Brazil. Our affiliate, Sky Mexico, has approximately 5.6 million subscribers. Including Sky Mexico, DIRECTV and SKY provide service to more than 16.7 million subscribers throughout the region.

We believe we provide one of the most extensive collections of programming available in the Latin America pay television market, including HD sports video content and the most innovative interactive technology across the region. In addition, we have the unique ability to sell superior offerings of our differentiated products and services on a continent-wide basis at a lower cost compared to our competition. As of December 31, 2012, we provided service to 24% of pay television households in PanAmericana, 31% of pay television households in Brazil and 37% of pay television households in Mexico.

DIRECTV Latin America is subject to various additional risks associated with doing business internationally, which include political and economic instability and foreign currency exchange rate volatility and controls.

Our ability to keep pace with technological developments is uncertain.

Our business relies on intellectual property, some of which is owned by third parties, and we may inadvertently infringe patents and proprietary rights of others.

We rely on key personnel.

Construction or launch delays on satellites could materially adversely affect our revenues and earnings.

Changes to and implementation of statutory copyright license requirements may negatively affect our ability to deliver local and distant broadcast stations, as well as other aspects of our business.

Satellite programming signals have been stolen and may be stolen, which could result in lost revenues and would cause us to incur incremental operating costs that do not result in subscriber acquisition.

The ability to maintain FCC licenses and other regulatory approvals is critical to our business.

DIRECTV U.S. has significant debt.

We may not be able to obtain or retain certain foreign regulatory approvals.

We have an indemnity obligation to Liberty Media (as defined in our Annual Report on Form 10-K for the year ended December 31, 2012), which is not limited in amount or subject to any cap, that could be triggered if parts of the Liberty Transaction or Liberty's 2008 Transaction (both as defined in our Annual Report on Form 10-K for the year ended December 31, 2012) with News Corporation are treated as a taxable transaction.

We may be required to forgo certain transactions in order to avoid the risk of incurring significant tax-related liabilities.

Edgar Filing: DIRECTV - Form 424B2

We rely on network and information systems and other technology, and a disruption or failure of such networks, systems or technology as a result of misappropriation of data or other malfeasance, as well as outages, natural disasters, accidental releases of information or similar events, may disrupt our business.

We face risks arising from the outcome of various legal proceedings.

Our strategic initiatives may not be successfully implemented, may not elicit the expected customer response in the market and may result in competitive reactions.

Those and the other factors that are described in more detail in our Annual Report on Form 10-K for the year ended December 31, 2012.
