Item 5. Other Events and Regulation FD Disclosure

On August 14, 2003, Derma Sciences, Inc. (the Registrant) announced financial results for the quarter and six months ended June 30, 2003. Net sales for the second quarter of 2003 increased 120.5%, or \$2.5 million, to \$4.6 million compared to \$2.1 million in the second quarter of 2002. Sales for the first half of 2003 increased \$4.6 million, or 108.7%, to \$8.9 million from \$4.2 million in 2002. The sales increases for the second quarter and first half of 2003 were primarily attributable to the acquisition of Dumex Medical Ltd. (Dumex) in August 2002.

Gross profit increased 43.4% to \$1,686,529 from \$1,176,046 for the second quarter and 37.3% to \$3,213,539 from \$2,340,583 for the first half of 2003. The gross margin percentage for the second quarter of 2003 decreased to 36.4% versus 55.9% for the same period in 2002. The decline in gross profit percentage was due to the change in the Company's product mix with the inclusion of the lower margin Dumex wound care products.

Net income for the second quarter of 2003 improved to \$81,367, or \$0.01 per diluted common share, from \$8,387 in the second quarter of 2002. For the first six months of the year, net income was \$89,437, or \$0.01 per diluted common share, compared to \$72,602, or \$0.01 per diluted common share, in 2002.

At June 30, 2003 and December 31, 2002, the Company had cash and cash equivalents of \$1,478,487 and \$1,496,357, respectively. Working capital increased \$1,530,119 to \$4,885,120 at June 30, 2003 from \$3,355,001 at December 31, 2002 due primarily to the receipt of proceeds from the private sale of securities.

For further information concerning the Registrant's financial results for the quarter and six months ended June 30, 2003 and June 30, 2002, please refer to the Registrant's Form 10-QSB for the subject periods filed with the Securities and Exchange Commission on August 14, 2003.
