SCHEDULE13D

This Amendment No. 5 amends and restates, as set forth below, the statement on Schedule 13D, dated April 30, 1991, as amended by Amendment No. 1 thereto, dated July 10, 1991, Amendment No. 2 thereto, dated April 3, 1992, Amendment No. 3 thereto, dated October 31, 2001, and Amendment No. 4 thereto, dated January 17, 2002 for the Tyson Limited Partnership, a Delaware limited partnership (the "Partnership"), with respect to the Class A Common Stock, par value \$.10 per share (the "Class A Stock"), of Tyson Foods, Inc., a Delaware corporation (the "Company"), and the Class B Common Stock, par value \$.10 per share (the "Class B Stock"), of the Company and reflects (i) the contribution by the Partnership of 3,000,000 shares of Class B Stock to TLP Investment, L.P., (ii) the execution by TLP Investment, L.P. of a prepaid variable equity forward contract relating to 1,000,000 shares of Class B Stock, and (iii) the execution by TLP Investments, L.P. and TLP CRT, L.P. of amendments to six existing pre-paid variable equity forward contracts relating to an aggregate of 6,000,000 shares of Class B Common Stock to extend the expiration date and to modify the exercise prices and other terms of each contract.

Item 1. Security and Issuer

The class of equity securities to which this statement on Schedule 13D (the "Statement") relates is the Class A Stock of the Company whose principal executive offices are located at 2210 Oaklawn Drive, Springdale, Arkansas 72762-6999. The Partnership is causing this statement to be filed by virtue of its beneficial ownership of the Company's Class B Stock. The Class A and Class B Stock are hereinafter collectively referred to as the "Shares."

Pursuant to the Company's Certificate of Incorporation, and subject to certain terms and conditions contained therein, each share of Class B Stock is presently convertible, at the option of the respective holder thereof, into one fully paid and non assessable share of the Company's Class A Stock. As of June 30, 2003, the Partnership owned 100,848,560 shares of Class B Stock (7,000,000 shares of which shares are subject to forward contracts discussed in item 4) or 99.2% of the total shares of such class outstanding. The Partnership did not own any shares of Class A Stock on such date.

Item 2. Identity and Background

This statement is being filed by the Partnership which was formed on June 8, 1990. Substantially all of the Shares held by the Partnership represent the Tyson family's controlling interest in the Company. The principal business address of the Partnership is 2210 Oaklawn Drive, Springdale, Arkansas 72762-6999.

The purpose and nature of business to be conducted by the Partnership includes the following: (i) to engage generally in the farming and ranching business, including the acquisition, development, construction, operation and disposition of farming and ranching properties; (ii) to engage generally in the real estate business, including the improvement, development, acquisition or disposition of real estate properties; (iii) to engage generally in the mineral business and to acquire, develop and operate mineral properties; (iv) to invest, acquire, dispose of or otherwise deal in stocks, bonds and securities of any person, including the Company; and (v) to conduct any other business necessary or incidental to the foregoing or that may be lawfully conducted by the Partnership under the Delaware Revised Uniform Limited Partnership Act.

The managing general partner of the Partnership is Don Tyson, a member of the Board of Directors of the Company. The name, residence or business address, present principal occupation or employment and citizenship of each general partner of the Partnership is set forth in Schedule 1 hereto and incorporated herein by reference. Don Tyson has a 54.3123% combined percentage interest as a general and limited partner in the Partnership and the Estate of Randal Tyson has a 45.062% percentage interest as a limited partner in the Partnership.

During the last five years, neither the Partnership, nor, to the best knowledge of the Partnership, any general partner of the Partnership (a) has been convicted in a criminal proceeding (excluding traffic violations or similar misdemeanors) or (b) was a party to a civil proceeding of a judicial or administrative body of competent jurisdiction and as a result of such proceeding was or is subject to a judgment, decree or final order enjoining future violations of or prohibiting or mandating activities subject to, federal or state securities laws, or finding any violation with respect to such laws.

Item 3. Source and Amount of Funds or Other Consideration

The Partnership acquired the 100,848,560 shares of Class B Stock, presently convertible into the Class A Stock (see Item 1), as capital contributions from the Partnership's limited partners. In exchange for this capital contribution, such limited partners received a 98.8% combined percentage interest in the Partnership. Additionally, at its formation the Partnership acquired shares of Class A Stock as capital contributions from the Partnership's general partners in exchange for a 1.2% combined percentage interest in the Partnership. The Partnership subsequently disposed of its original holdings of Class A Stock.

Item 4. Purpose of Transaction

The Shares were acquired by the Partnership for the purpose of aggregating the Tyson family's previously held controlling interest in the Company into a more flexible ownership vehicle. Additionally, the Shares are held by the Partnership as an investment asset. From time to time the Partnership intends to review and monitor its investment in the Company and anticipates that it may change such investment by acquiring or selling additional Shares in the open market, in privately negotiated transactions or otherwise. In reaching any conclusions regarding any change in the

level of investment in the Shares, the Partnership will take into consideration various factors, including but not limited to, the price and availability of the Shares, future events affecting the Company, general stock market and economic conditions and other investment and business opportunities available to the Partnership.

Since the Partnership's last amendment to its Schedule 13D, the Partnership has engaged in the following transactions in the Shares:

On May 6, 2002, the Partnership contributed 3,000,000 shares of Class B Stock to TLP Investment, L.P. (in addition to the 3,000,000 shares of Class B Stock that had been contributed to TLP Investment L.P. in December 2001). The Partnership directly or indirectly holds all of the outstanding beneficial interests in TLP Investment, L.P. The Partnership retains sole dispositive power and voting rights with respect to all Shares held by TLP Investment, L.P.

Effective November 22, 2002, TLP Investment L.P. entered into a prepaid variable equity forward contract (the "2002 Forward Contract") with JP Morgan Chase Bank relating to an aggregate of 1,000,000 shares of Class A Stock, with an expiration date of November 22, 2004. At the time of origination, TLP Investment L.P. received cash payments in an amount per share equal to \$10.87 for the 1,000,000 shares related to the contract. In exchange for such cash payment, TLP Investment L.P. agreed to deliver a number of shares of Class A Stock (or Class B Stock immediately convertible into Class A Stock) at the expiration date of the contract (or an earlier date if the contract is terminated early) pursuant to the following formula:

- (1) If the price of the Class A Stock on the date of expiration or termination (the "Final Price") is less than the specified floor price (the "Floor Price") of \$12.43, then 1,000,000 shares;
- (2) If the Final Price is less than or equal to a specified maximum price (the "Cap Price") of \$14.91, but greater than or equal to the Floor Price, then a number of shares equal to 1,000,000 times the Floor Price divided by the Final Price;
- (3) if the Final Price is greater than the Cap Price, then a number of shares equal to 1,000,000 multiplied by a fraction, the numerator of which is the sum of the Floor Price and the difference between the Final Price and the Cap Price, and the denominator of which is the Final Price.

In lieu of delivery of the shares, TLP Investment L.P. may, at its option, settle the contract by delivery of cash. In certain events TLP Investment L.P. is obligated to settle the contract by delivery of cash. In connection with the transaction, TLP Investment L.P. has pledged 1,000,000 shares of Class B Stock to secure its obligations under the pre-paid forward agreement.

Effective June 30, 2003, TLP Investments, L.P. and TLPCRT, L.P. ("TLPCRT") (collectively, the "Counterparties") amended a total of six existing pre-paid variable equity forward contracts with Merrill Lynch, Pierce, Fenner & Smith Incorporated ("MLPFS") relating to an aggregate of 6,000,000 shares of Class B Stock to extend the expiration date and to modify the exercise prices and other terms of each contract. The amendments of these contracts result in the deemed cancellation (or sale) of the six existing contracts and the entry into (or purchase) of six new contracts. The Counterparties entered into the original contracts in October 2001 and January 2002. Each contract continues to relate to 1,000,000 shares of Class B Stock, with two contracts now expiring May 12, 2004, two contracts now expiring November 22, 2004, and two contracts now expiring June 22, 2005. The Counterparties paid an aggregate amount of cash consideration equal to \$4,020,000 in order to extend the expiration dates and to modify the pricing and other terms of the contracts. As with the original contracts, each Counterparty has agreed to deliver a number of shares of Class A Stock at the expiration date of the contract (or on an earlier date if the contract is terminated early) pursuant to the following formula:

- (i) if the Final Price is less than the Floor Price of \$10.61, then 1,000,000 shares;

(ii) if the Final Price is less than or equal to a specified Cap Price of \$12.73, but greater than or equal to the Floor Price of \$10.61, then a number of shares equal to 1,000,000 times the Floor Price divided by the Final Price;

(iii) if the Final Price is greater than the Cap Price of \$12.73, then a number of shares equal to 1,000,000 multiplied by a fraction, the numerator of which is the sum of the Floor Price and the difference between the Final Price and the Cap Price, and the denominator of which is the Final Price.

In lieu of the delivery of the shares, each Counterparty may, at its option, still settle the contract by the delivery of cash. In certain events the Counterparties are obligated to settle the contract by delivery of cash. In connection with the contracts, the Counterparties have pledged 6,000,000 shares of Class B Stock to secure their obligations under the contracts. The amended contracts are now evidenced by the confirmations that have been filed as exhibits to this Schedule 13D.

Except with respect to the 2002 Forward Contract (discussed above) and the amended contracts with MLPFS (discussed above), the Partnership currently has no plans to acquire or dispose of any significant number of Shares. Additionally, the Partnership currently has no plans or proposals which would result in or relate to any of the transactions described in subparagraphs (b) through (j) of Item 4 of Schedule 13D. However, the Partnership reserves the right to change its plans or intentions at any time and to take any and all actions it may deem appropriate with respect to its investment in the Company.

In October 2001, the Partnership contributed 3,000,000 shares of Class B Stock to TLPCRT, and the Partnership subsequently transferred all of the TLPCRT's limited partnership interests to the TLP Charitable Remainder Trust, a charitable remainder trust for which the Partnership is the sole non-charitable beneficiary. The Partnership retains sole dispositive power and voting rights with respect to all Shares held by the TLPCRT.

Item 5. Interest in Securities of the Issuer

(a) As of January 31, 2002, the Partnership beneficially owned a total of 100,848,560 shares of Class B Stock, constituting approximately 99.2%^[1] of the total shares of such class outstanding.^[2] Additionally, the Partnership did not own any shares of Class A Stock on such date. Neither the Partnership, nor, to the best knowledge of the Partnership, the general partners of the Partnership, presently own any Shares, except as set forth herein.^[3]

(b) Don Tyson, as managing general partner of the partnership, has the exclusive right, subject to certain restrictions, to vote or direct the vote of and to dispose of or direct the disposition of all the Shares beneficially owned by the Partnership.

(c) Except for the transactions described in Item 4 above, neither the Partnership, nor, to the best knowledge of the Partnership, any of the general partners of the Partnership have effected a transaction in the Shares during the past 60 days.

(d) Under the 2002 Forward Contract and the pre-paid forward contracts with MLPFS (collectively, the "Forward Contracts"), MLPFS and JP Morgan Chase Bank have the right to receive a portion of any dividends declared on the shares of Class B Stock subject to their respective Forward Contracts. Those parties have the right to receive a portion of the dividends only to the extent the per share amount of any dividend declared on the Class B Stock exceeds \$0.04, and then such parties only have the right to receive dividend amounts in excess of such \$0.04 per share. Except for the foregoing dividend rights, the other rights of MLPFS and JP Morgan Chase Bank under the Forward Contracts as described in Item 4 above, and the rights of the TLPCRT and TLP Investment, L.P. as described in Item 4 above, no person has any right to receive or the power to direct the receipt of dividends from or the proceeds from the sale of the shares.

(e) Not applicable.

Item 6. Contracts, Arrangements, Understandings or Relationships with Respect to Securities of the Issuer

The Partnership is governed by the terms of a Partnership Agreement dated June 8, 1990 (the "Agreement"). Pursuant to the Agreement, Don Tyson, as managing general partner, has the exclusive right, subject to certain restrictions, to do all things necessary to manage, conduct, control and operate the Partnership's business, including the right to vote all shares or other securities held by the Partnership, as well as the right to mortgage, pledge or grant security interests in any assets of the Partnership. The Partnership terminates on December 31, 2040. Additionally, the Partnership may be dissolved upon the occurrence of certain events, including (i) a written determination by the managing general partner that the projected future revenues of the Partnership will be insufficient to enable payment of costs and expenses, or that such future revenues will be such that continued operation of the Partnership will not be in the best interest of the partners, (ii) an election to dissolve the Partnership by the managing general partner that is approved by the affirmative vote of a majority in percentage interest of all general partners and (iii) the sale of all or substantially all of the Partnership's assets and properties. The withdrawal of the managing general partner or any other general partner (unless such partner is a sole remaining general partner) will not cause a dissolution of the Partnership. Upon dissolution of the Partnership, each partner, including all limited partners, will receive in cash or otherwise, after payment of creditors, loans from any partner, and return of capital account balances, their respective percentage interests in the partnership assets. In addition, the Agreement provides that in the event it is determined that a sale of Partnership assets and distribution in cash would be impracticable or cause undue loss to the partners, each partner may, subject to certain conditions, receive in lieu of cash, the particular assets contributed by each such partner to the Partnership.

Effective June 2003 and November 2002, TLP Investment, L.P. and the TLPCRT each entered into or amended the forward contracts with respect to an aggregate of 7,000,000 shares of Class B Stock as described more specifically in Item 4 above.
