EMPLOYMENT AGREEMENTS

The Company entered into a three-year employment agreement with its Chairman and Chief Executive Officer, Mr. Lowther, effective August 8, 1998. Following the expiration of the initial term, the employment agreement will automatically renew for successive one-year terms unless Mr. Lowther or the Company notifies the other of his or its intent not to renew the agreement. However, the Company may only decline to renew the agreement if the Company or any of its subsidiaries does not meet the budgeted expectations for such entities as determined by the Company's Board of Directors in the exercise of reasonable discretion. Pursuant to this agreement, Mr. Lowther's annual base salary is \$260,000. The agreement provides for additional incentive compensation in respect of each fiscal year ending during the term thereof as determined by the Chairman of the Board and the Board of Directors. The agreement allows the

This provision enables Mr. Lowther to terminate his employment agreement due to a change in control during the period commencing 60 days and expiring 365 days after such change in control. In the event of termination of the agreement for good reason (defined in the agreement as a change in control) or if Mr. Lowther's employment is terminated following a change in control under certain circumstances then he will receive (i) his minimum annual base salary through the date of termination, (ii) severance pay in an amount equal to his annual salary in effect as of the date of termination plus the total bonus paid or payable to him for the most recent calendar year multiplied by the greater of the number of years (including partial years) remaining in the agreement or the number 1, and (iii) maintenance of all benefit plans and programs for Mr. Lowther for the number of years (including partial years) remaining in the agreement.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee was formed in 1999. During fiscal 2000, the Compensation Committee consisted of two independent directors, including Mr. Elieff and Mr. Fong, and no member of the Compensation Committee was a former or current officer or employee of the Company or any of its subsidiaries. In addition, during that year, no executive officer of the Company served (i) as a member of the compensation committee or board of directors of another entity, one of whose executive officers served on the Compensation Committee, or (ii) as a member of the compensation committee of another entity, one of whose executive officers served on the Board of Directors.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

GENERAL

The Compensation Committee of the Board of Directors is responsible for establishing and administering the policies that govern executive compensation and benefit practices. The Compensation Committee evaluates the performance of the executive officers and determines their compensation levels, in terms of salary, annual bonus and related benefits, all subject to Board approval. The Compensation Committee has access to independent compensation data for use in assessing levels of compensation for officers of the Company.

COMPENSATION PHILOSOPHY

The Company's executive compensation programs are designed to (i) provide levels of compensation that integrate pay and incentive plans with the Company's strategic goals, so as to align the interests of executive management with the long-term interests of the Shareholders; (ii) motivate Company executives to achieve the strategic business goals of the Company and to recognize their individual contributions; and (iii) provide compensation opportunities which are competitive to those offered by other national title insurance companies and other middle-market corporations similar in size and performance. Although the exact identity of the corporations surveyed varies, these generally include

Edgar Filing: AMERICAN NATIONAL FINANCIAL INC - Form 10-K405/A

title companies and other corporations equal to or larger than the Company. The Compensation Committee believes that the components of executive compensation should include base salary, annual cash bonus, stock option grants and other benefits and should be linked to individual and Company performance. With regard to the Company's performance, the measures used for determining appropriate levels of compensation for executive officers include the Company's national market share, net margin, quality of service, meeting strategic goals within the current economic climate and industry environment, scope of responsibilities, expansion by acquisition or otherwise, and profit retention and profitability, all of which combine to enhance Shareholder value.

The Committee approves the employment agreements and salary and bonus levels for key employees, including Mr. Lowther and Mr. Diaz. The Compensation Committee then makes recommendations with respect to the compensation to the entire Board of Directors for its approval.

COMPENSATION OF THE CHAIRMAN AND CHIEF EXECUTIVE OFFICER FOR FISCAL 2000

Mr. Lowther's compensation for fiscal 2000 was determined pursuant to the terms of his employment agreement in effect during that period. His employment agreement provided him with a base annual salary, which may be reviewed and increased at the discretion of the Chairman of the Board and/or the Compensation Committee. Mr. Lowther also received a cash bonus, which was determined by the Board of Directors based on Mr. Lowther's and the Company's performance during the preceding year. The Company, through the Board of Directors, has the discretion to award stock options to Mr. Lowther. Mr. Lowther received stock options in 2000 totaling 171,667 shares of Common Stock. Of these options, 61,667 shares vested upon date of grant, 50,000 vest in three equal, annual installments beginning on the first anniversary of the date of grant, and the remaining 60,000 vest in three equal, annual installments beginning on the first anniversary of the date of grant.

COMPENSATION OF OTHER EXECUTIVES FOR FISCAL 2000

With respect to the base salaries and incentive compensation awarded to other executive officers in respect of fiscal 2000, the Compensation Committee approved these amounts pursuant to the executives' employment agreements and the executives' performances as directed and approved by the Compensation Committee. The decision of the Compensation Committee with respect to the base salary for each such executive officer is subjective and was made after consideration of the performance of the executive in his/her particular area of responsibility, the executive's contribution to the Company's overall management team and an assessment of the future contributions the executive should be able to make to the Company.

STOCK OPTION GRANTS

As indicated above, an important element of the Company's compensation philosophy is the desire to align the interests of the executive officers with the long-term interests of the Company's Shareholders. The purpose of the Company's Stock Incentive Plan is to attract, retain and award executive officers and directors and to furnish incentives to these persons to improve operations, increase profits and positively impact the Company's long-term performance. Consistent with these objectives, the Compensation Committee granted options to executive officers in 2001 for their performance in 2000.

As additional incentive compensation, certain executive officers are permitted to participate in a program pursuant to which the officer can defer a portion of his bonus and apply the deferred amount to reduce the exercise price of stock options granted to him. In subsequent years, the exercise price of the options is further reduced by a percentage amount determined by the Compensation Committee. In 2000, Mr. Lowther, Mr. Diaz, Mr. Duffy and Ms. Ferguson

Edgar Filing: AMERICAN NATIONAL FINANCIAL INC - Form 10-K405/A

participated in this bonus deferral program.

Corporate Deduction for Compensation. Section 162(m) of the Internal Revenue Code generally limits to \$1.0 million the corporate deduction for compensation paid to certain executive officers, unless certain requirements are met. The Company's policy with respect to the deductibility limit of Section 162(m) generally is to preserve the federal income tax deductibility of compensation paid to executive officers. However, while the tax impact of any compensation arrangement is an important factor to be considered, the impact is evaluated in light of the Company's overall compensation philosophy. Accordingly, the Company has and will continue to authorize the payment of non-deductible compensation if it deems that it is consistent with its compensation philosophy and in the best interests of the Company and its Shareholders.
