**Explanatory Note:** This Form 8-K/A is being filed to amend and supplement the Form 8-K that was filed by BIO-key International, Inc. (the Company) on May 18, 2006 (the Form 8-K) in order to attach as an exhibit to the Form 8-K a letter from our registered independent public accounting firm addressed to the Securities and Exchange Commission pursuant to the requirements of Item 4.02(c) of Form 8-K.

**Item 4.02. Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Review.**

(a) As previously described in the Annual Report on Form 10-KSB for the fiscal year ended December 31, 2005 (as amended, the Form 10-KSB) filed by the Company, the Company determined, as a result of comments received from the staff (the Staff) of the Securities and Exchange Commission (the Commission) in connection with its review of our registration statement on Form SB-2 which was initially filed with the Commission on July 8, 2005 (the Registration Statement), that a restatement of our previously reported financial information was required, in part, due to our further consideration of EITF 00-19, Accounting for Derivative Financial Instruments Indexed to, and Potentially Settled in, a Company's Own Stock in evaluating whether there were any embedded derivative instruments contained in our outstanding convertible term notes and the correct classification of such notes. Such notes were issued in connection with (i) the Securities Purchase Agreements (the Senior Purchase Agreements) entered into in September 2004 and June 2005 by and among the Company and certain institutional and accredited investors, pursuant to which the Company issued secured convertible term notes, convertible into common stock of the Company in certain circumstances, and warrants to purchase shares of the Company's common stock, and (ii) the Securities Purchase Agreements (the Subordinated Purchase Agreements) entered into in September 2004 and May 2005 by and among the Company and existing shareholders of the Company and other accredited investors, pursuant to which the Company issued unsecured convertible term notes convertible into common stock of the Company in certain circumstances and warrants to purchase shares of the Company's common stock. Accordingly, we restated our previously reported financial information for the years ended December 31, 2003 and 2004 and our previously reported unaudited financial statements for the first, second and third quarters of 2003, 2004 and 2005, as further described in the Form 10-KSB.

Subsequent to our filing of the Form 10-KSB, the Staff provided the Company with further comments with respect to the manner of the Company's accounting for certain derivatives and warrants included within the securities issued pursuant to the Senior Purchase Agreements and the Subordinated Purchase Agreements. Although the Company has responded to these comments from the Staff, we have been orally informed by the Staff that they are continuing their review of our response and we expect that they will have further comments with respect to such accounting matters. Upon receiving any such further comments, the Company will continue to review its accounting determinations and will respond accordingly.

On May 15, 2006, in light of the comments received to date from the Staff with respect to the accounting for certain derivatives and warrants, the Company determined that it will have to restate its financial statements for the years ended December 31, 2004 and December 31, 2005 as well as the periods ended September 30, 2004, March 31, 2005, June 30, 2005 and September 30, 2005 included within the Form 10-KSB, and that those financial statements

should not be relied upon. As was the case with the earlier restatement, the Company does not believe that this restatement will have any effect on the Company's cash balance for these periods.

The authorized officers of the Company and the Audit Committee of the Company's Board of Directors (the "Audit Committee") have discussed with DS&B, Ltd., the Company's independent registered public accounting firm ("DS&B"), the matters disclosed in this Current Report on Form 8-K.

(b) Given the Staff's comments with respect to the Company's Registration Statement and periodic reports as described above, DS&B informed the Audit Committee by letter dated May 16, 2006 that they have withdrawn their audit report included in the 10-KSB related to the Company's financial statements for the years ended December 31, 2004 and December 31, 2005 and that they will be unable to complete their review of our Quarterly Report on Form 10-QSB for the quarter ended March 31, 2006, which the Company intends to file no later than May 22, 2006. DS&B informed the Audit Committee that the withdrawal of their audit report relates to the Staff's comments regarding the manner of accounting for certain derivatives and warrants and that there is no other material basis for such withdrawal.

The foregoing description is qualified in its entirety by reference to the provisions of the letter attached as Exhibit 99.1 to this Current Report on Form 8-K.

The authorized officers of the Company and the Audit Committee have discussed with DS&B the matters disclosed in this Current Report on Form 8-K.
