ITEM 7.01 REGULATION FD DISCLOSURE

On December 7, 2010, the Chairman and Chief Executive Officer of Hertz Global Holdings, Inc. (Hertz Holdings), Mark P. Frissora, and other members of senior management presented an overview of Hertz Holdings' strategies, operations and financial results to financial investors in connection with an investor meeting (Investor Meeting). Hertz Holdings is the indirect parent company of The Hertz Corporation (Hertz). The presentation was broadcast live to the public through an audio webcast and the slides that accompanied the presentation were available to the public at the time of the webcast through the Hertz website. We attached a copy of the presentation as Exhibit 99.1 to a Form 8-K we filed with the Securities and Exchange Commission on December 7, 2010.

Slide 25 of the presentation incorrectly stated that we expected our equipment rental business' 2010 to 2013 compound annual growth rates to be 4-6% for revenue and 30%-40% for adjusted pretax. The correct 2010 to 2013 compound annual growth rate for our equipment rental business is expected to be 14-16% for revenue and 55%-65% for adjusted pretax.

We have revised the presentation that is posted on our website to include a corrected Slide 25.

This information shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, or incorporated by reference in any filing under the Securities Act of 1933, as amended, except as shall be expressly set forth by specific reference in such a filing.

CAUTIONARY NOTE CONCERNING FORWARD-LOOKING STATEMENTS

Certain statements contained in this report include forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Examples of forward-looking statements include information concerning Hertz Holdings' outlook, anticipated revenues and results of operations, as well as any other statement that does not directly relate to any historical or current fact. These forward-looking statements often include words such as believe, expect, project, anticipate, intend, plan, estimate, seek, will, may, would, should, could, and other similar expressions. These statements are based on certain assumptions that Hertz Holdings has made in light of its experience in the industry as well as its perceptions of historical trends, current conditions, expected future developments and other factors that Hertz Holdings believes are appropriate in these circumstances. We believe these judgments are reasonable, but you should understand that these statements are not guarantees of performance or results, and our actual results could differ materially from those expressed in the forward-looking statements due to a variety of important factors, both positive and negative.

Among other items, such factors could include: overall strength and stability of general economic conditions, both in the United States and in global markets; levels of travel demand, particularly with respect to airline passenger traffic in the United States and in global markets; significant changes in the competitive environment, including as a result of industry consolidation, and the effect of competition in our markets, including on our pricing policies or use of incentives; our ability to achieve cost savings and efficiencies and realize opportunities to increase productivity and profitability; an increase in our fleet costs as a result of an increase in the cost of new vehicles and/or a decrease in the price at which we dispose of used vehicles either in the used vehicle market or under repurchase or guaranteed depreciation programs; our ability to accurately estimate future levels of rental activity and adjust the size of our fleet accordingly; our ability to maintain sufficient liquidity and the availability to us of additional or continued sources of financing for our revenue earning equipment and to refinance our existing indebtedness; safety recalls by the manufacturers of our vehicles and equipment; a major disruption in our communication or centralized information networks; financial instability of the manufacturers of our vehicles and equipment; any impact on us from the actions of our licensees, dealers and independent contractors; our ability to maintain profitability during adverse economic cycles and unfavorable external events (including war, terrorist acts, natural disasters and epidemic disease); shortages of fuel and increases or volatility in fuel costs; our ability to successfully

integrate future acquisitions and complete future dispositions; costs and risks associated with litigation; risks related to our indebtedness, including our substantial amount of debt and our ability to incur substantially more debt; our ability to meet the financial and other covenants contained in our senior credit facilities, our outstanding unsecured senior notes and certain asset-backed funding arrangements; changes in accounting principles, or their application or

interpretation, and our ability to make estimates and the assumptions underlying the estimates, which could have an effect on earnings; changes in the existing, or the adoption of new laws, regulations, policies or other activities of governments, agencies and similar organizations where such actions may affect our operations, the cost thereof or applicable tax rates; the effect of tangible and intangible asset impairment charges; and the impact of our derivative instruments, which can be affected by fluctuations in interest rates; our exposure to fluctuations in foreign exchange rates. Additional information concerning these and other factors can be found in our filings with the Securities and Exchange Commission, including our most recent Annual Report on Form 10-K, Quarterly Reports on Form 10-Q and Current Reports on Form 8-K.

Hertz Holdings therefore cautions you against relying on these forward-looking statements. All forward-looking statements attributable to Hertz Holdings or persons acting on its behalf are expressly qualified in their entirety by the foregoing cautionary statements.
