RELIANCE STEEL & ALUMINUM CO.

NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

September 30, 2014

1. Basis of Presentation

Principles of Consolidation

The accompanying unaudited consolidated financial statements have been prepared in accordance with U.S. generally accepted accounting principles (U.S. GAAP) for interim financial information and with the instructions of Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by U.S. GAAP for complete financial statements. In the opinion of management, all adjustments, consisting only of normal recurring adjustments necessary for a fair presentation with respect to the interim financial statements, have been included. The results of operations for the nine months ended September 30, 2014 are not necessarily indicative of the results for the full year ending December 31, 2014. For further information, refer to the consolidated financial statements and footnotes thereto for the year ended December 31, 2013, included in Reliance Steel & Aluminum Co. s (Reliance , the Company , we , our or us) Annual Report on Form 10-K.

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts and the disclosure of contingent amounts in our consolidated financial statements and the accompanying notes. Actual results could differ from those estimates.

Our consolidated financial statements include the assets, liabilities and operating results of majority-owned subsidiaries. The ownership of the other interest holders of consolidated subsidiaries is reflected as noncontrolling interests. Our investments in unconsolidated subsidiaries are recorded under the equity method of accounting. All significant intercompany accounts and transactions have been eliminated.

2. Impact of Recently Issued Accounting Guidance

Impact of Recently Issued Accounting Standards Adopted

Reporting Discontinued Operations and Disclosures of Disposals of Components of an Entity In April 2014, the Financial Accounting Standards Board (FASB) issued accounting guidance for reporting discontinued operations and disposals of components of an entity. The new guidance limits discontinued operations reporting to those disposals which represent a strategic shift that has (or will have) a major effect on an entity s operations and financial results. The updated guidance also expands the disclosure requirements for discontinued operations and adds new disclosures for individually significant dispositions that do not qualify as discontinued operations. The new accounting guidance is effective for

Edgar Filing: RELIANCE STEEL & ALUMINUM CO - Form 10-Q

disposals that occur during fiscal years that begin after December 15, 2014. Early adoption of the new accounting guidance is permitted and we adopted the new guidance during the nine months ended September 30, 2014 and applied it to our sale of Metals USA's non-core roofing business in May 2014. The adoption of these changes did not have a material impact on our consolidated financial statements.

Impact of Recently Issued Accounting Standards Not Yet Adopted

Revenue from Contracts with Customers In May 2014, the FASB issued accounting changes, which replace most of the detailed guidance on revenue recognition that currently exists under U.S. GAAP. Under the new guidance an entity should recognize revenue in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The guidance will be effective for fiscal years beginning after December 15, 2016. Early adoption is not permitted. We are evaluating the new standard, but do not expect this standard to have a material impact on our consolidated financial statements.

3. Acquisitions

2014 Acquisitions

On August 1, 2014, we acquired Aluminium Services UK Limited, the parent holding company of All Metal Services (AMS). AMS provides comprehensive materials management solutions to aerospace and defense OEMs and their subcontractors on a global basis, supporting customers in more than 40 countries worldwide. AMS offers a broad range of aerospace metals including aluminum, steel, titanium, nickel alloys and aluminum bronze, offering full or cut to size materials. AMS also offers in-house machining and water-jet cutting for more complex

Table of Contents

RELIANCE STEEL & ALUMINUM CO.

NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

September 30, 2014

requirements. AMS has eight locations in four countries including China, France, Malaysia, and the United Kingdom. During the three-months ended September 30, 2014 we incurred approximately \$0.8 million in transaction related costs, which are included in warehouse, delivery, selling, general and administrative expenses. Net sales of AMS during the period from August 1, 2014 through September 30, 2014 were \$45.1 million.

On August 1, 2014, we acquired Northern Illinois Steel Supply Co. (NIS), a value-added distributor and fabricator of a variety of steel and non-ferrous metal products, primarily structural steel components and parts, located in Channahon, Illinois. Net sales of NIS during the period from August 1, 2014 through September 30, 2014 were \$3.5 million.

The combined transaction value of our 2014 acquisitions was \$145.7 million, which included the assumption of \$41.7 million of debt. We funded these acquisitions with borrowings on our revolving credit facility and cash on hand.

2013 Acquisitions

On November 1, 2013, through our wholly-owned subsidiary American Metals Corporation, we acquired Haskins Steel Co., Inc. (Haskins Steel), located in Spokane, Washington. Founded in 1955, Haskins Steel processes and distributes primarily carbon steel and aluminum products of various shapes and sizes to a diverse customer base in the Pacific Northwest. Their in-house processing capabilities include shearing, sawing, burning and forming. Net sales of Haskins Steel for the nine months ended September 30, 2014 were \$23.0 million.

On April 30, 2013, we acquired Travel Main Holdings, LLC (Travel Main), a real estate holding company with a portfolio of 18 real estate properties, all of which are leased by certain of our subsidiaries. The transaction value of \$78.9 million included the assumption of \$43.8 million of indebtedness.

On April 12, 2013, we acquired Metals USA Holdings Corp. (Metals USA). Metals USA is one of the largest metals service center businesses in the United States and a leading provider of value-added processed aluminum, brass, copper, carbon steel, stainless steel, manufactured metal components and inventory management services. Metals USA sells its products and services to a diverse customer base and broad range of end markets, including the aerospace, auto, defense, heavy equipment, marine transportation, commercial construction, office furniture manufacturing, energy and oilfield service industries, among several others. This acquisition added a total of 44 service centers strategically located throughout the United States to our existing operations and complements our existing customer base, product mix and geographic footprint. Net sales of Metals USA for the nine months ended September 30, 2014 and during the period from April 13, 2013 through September 30, 2013 were \$1.36 billion and \$828.8 million, respectively. On May 16, 2014, we sold Metals USA's non-core roofing business for net proceeds of approximately \$26.2 million and recorded a pre-tax loss of approximately \$1.1 million, which is included in other expense, net. Net sales of Metals USA's non-core roofing business during the nine months ended September 30, 2014 and during the period from April 13,

Edgar Filing: RELIANCE STEEL & ALUMINUM CO - Form 10-Q

2013 through September 30, 2013 were \$9.6 million and \$17.1 million, respectively.

The purchase price for Metals USA of \$766.8 million along with assumed debt of \$486.1 million represented a total transaction value of approximately \$1.25 billion. We funded the transaction and refinanced all but \$12.3 million of Metals USA's debt with proceeds from a \$500.0 million term loan and \$500.0 million senior notes offering, with the balance drawn on our revolving credit facility (see Note 7). During the nine months ended September 30, 2013, we incurred approximately \$11.4 million in transaction related costs, which are included in warehouse, delivery, selling, general and administrative expenses.

Table of Contents**RELIANCE STEEL & ALUMINUM CO.****NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS****September 30, 2014**

The allocation of the total purchase price of Metals USA to the fair values of assets acquired and liabilities assumed was as follows:

	(in millions)	
Cash	\$	3.2
Accounts receivable		206.0
Inventories		379.5
Property, plant and equipment		242.6
Goodwill		382.7
Intangible assets subject to amortization		137.6
Intangible assets not subject to amortization		203.0
Other current and long-term assets		9.1
Total assets acquired		1,563.7
Current and long-term debt		486.1
Deferred taxes		184.4
Other current and long-term liabilities		126.4
Total liabilities assumed		796.9
Net assets acquired	\$	766.8

Purchase price allocations

The acquisitions discussed in this note have been accounted for under the acquisition method of accounting and, accordingly, the respective purchase price has been allocated to the assets acquired and liabilities assumed based on their estimated fair values at the date of each acquisition. The accompanying consolidated statements of income include the revenues and expenses of each acquisition since its respective acquisition date. The consolidated balance sheets reflect the allocation of each acquisition's purchase price as of September 30, 2014, as applicable. The purchase price allocations for the 2014 acquisitions are preliminary and are pending the completion of certain purchase price adjustments based on tangible and intangible asset valuations and various pre-acquisition period income tax returns. The measurement periods for purchase price allocations do not exceed 12 months from the acquisition date.

Pro forma financial information

The following pro forma summary financial results present the consolidated results of operations as if the acquisition of Metals USA had occurred as of January 1, 2013, after the effect of certain adjustments, including interest expense on the acquisition debt, non-recurring acquisition related costs, and amortization of certain identifiable intangible assets. The pro forma summary financial results reflect Metals USA's historical method for inventory valuation, which was the first-in, first-out (FIFO) method for the majority of its inventories. Metals USA adopted our last-in, first-out (LIFO) method of inventory valuation upon acquisition. The pro forma summary financial results for the nine months ended September 30, 2013 exclude approximately \$48.7 million of acquisition and related costs.

Edgar Filing: RELIANCE STEEL & ALUMINUM CO - Form 10-Q

The pro forma results have been presented for comparative purposes only and are not indicative of what would have occurred had the Metals USA acquisition been made as of January 1, 2013, or of any potential results, which may occur in the future.

RELIANCE STEEL & ALUMINUM CO.

NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

September 30, 2014

	Nine Months Ended September 30, 2013 (in millions, except per share amounts)	
Pro forma:		
Net sales	\$	7,447.1
Net income attributable to Reliance	\$	267.1
Diluted earnings per common share attributable to Reliance shareholders	\$	3.45
Basic earnings per common share attributable to Reliance shareholders	\$	3.48

4. Goodwill

The change in the carrying amount of goodwill is as follows:

	(in millions)	
Balance at January 1, 2014	\$	1,691.6
Acquisitions		34.3
Purchase price allocation adjustments		2.1
Sale of business		(17.1)
Effect of foreign currency translation		(3.4)
Balance at September 30, 2014	\$	1,707.5

We had no accumulated impairment losses related to goodwill as of September 30, 2014.

5. Intangible Assets, net

Intangible assets, net consisted of the following:

	Weighted Average Amortizable Life in Years	September 30, 2014		December 31, 2013	
		Gross Carrying Amount	Accumulated Amortization	Gross Carrying Amount	Accumulated Amortization
(in millions)					
Intangible assets subject to amortization:					
Covenants not to compete	4.5	\$ 2.3	\$ (1.6)	\$ 8.0	\$ (7.3)

Edgar Filing: RELIANCE STEEL & ALUMINUM CO - Form 10-Q

Loan fees	3.8	41.4	(26.5)	41.5	(24.1)
Customer lists/relationships	14.6	676.7	(237.3)	654.3	(200.6)
Software internal use	10.0	8.1	(6.9)	8.1	(6.3)
Other	5.2	7.2	(4.0)	7.4	(2.7)
		735.7	(276.3)	719.3	(241.0)
Intangible assets not subject to amortization:					
Trade names		762.9		735.5	
		\$ 1,498.6	\$ (276.3)	\$ 1,454.8	\$ (241.0)

Intangible assets recorded in connection with our 2014 acquisitions were \$54.8 million as of September 30, 2014 (see Note 3). A total of \$29.2 million was allocated to the trade names acquired, which is not subject to amortization.

We recognized amortization expense for intangible assets of \$42.3 million and \$40.5 million for the nine months ended September 30, 2014 and 2013, respectively. Other changes in intangible assets, net during the nine months ended September 30, 2014 are due to foreign currency translation gains of \$4.0 million.

Table of Contents**RELIANCE STEEL & ALUMINUM CO.****NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS****September 30, 2014**

The following is a summary of estimated aggregate amortization expense for the remaining three months of 2014 and each of the succeeding five years:

	(in millions)	
2014	\$	14.2
2015		55.2
2016		53.5
2017		49.0
2018		42.9
2019		42.1

6. Income Taxes

Our effective income tax rates for the three-month periods ended September 30, 2014 and 2013 were 25.7% and 32.7%, respectively. Our effective income tax rates for the nine-month periods ended September 30, 2014 and 2013 were 32.5% and 31.9%, respectively. Our 2014 three-month period effective income tax rate was favorably impacted by the resolution of certain tax matters as well as higher deductions for domestic production activities. Permanent items that lowered our effective income tax rates from the federal statutory rate were not materially different in amounts during both years and relate mainly to company-owned life insurance policies, domestic production activities deductions and foreign income levels that are taxed at rates lower than the U.S. statutory rate of 35%.

7. Debt

Debt consisted of the following:

	September 30, 2014	December 31, 2013
	(in millions)	
Unsecured revolving credit facility due April 4, 2018	\$ 667.0	\$ 480.0
Unsecured term loan due from December 31, 2014 to April 4, 2018	448.8	467.5
Senior unsecured notes due November 15, 2016	350.0	350.0
Senior unsecured notes due April 15, 2023	500.0	500.0
Senior unsecured notes due November 15, 2036	250.0	250.0
Other notes and revolving credit facilities	109.2	64.8
Total	2,325.0	2,112.3
Less: unamortized discount	(3.0)	(3.3)
Less: amounts due within one year and short-term borrowings	(91.7)	(36.5)

Edgar Filing: RELIANCE STEEL & ALUMINUM CO - Form 10-Q

Total long-term debt	\$	2,230.3	\$	2,072.5
----------------------	----	---------	----	---------

Unsecured Credit Facility

On April 4, 2013, we entered into a syndicated Third Amended and Restated Credit Agreement with 26 banks as lenders (Credit Agreement). The Credit Agreement amended and restated our existing \$1.5 billion unsecured revolving credit facility and provided for a \$500.0 million term loan and an option to increase the revolving credit facility for up to \$500.0 million at our request, subject to approval of the lenders and certain other conditions. The term loan due April 4, 2018 amortizes in quarterly installments, with an annual amortization of 5% through March 2015 and 10% thereafter until March 2018, with the balance to be paid at maturity. Interest on borrowings from the revolving credit facility during the three-month period ended September 30, 2014 was at variable rates based on LIBOR plus 1.25% or the bank prime rate plus 0.25% and included a commitment fee at an annual rate of 0.20% on the unused portion of revolver borrowings. The applicable margins over LIBOR rate and base rate borrowings, along with commitment fees, are subject to adjustment every quarter based on our leverage ratio, as defined.

Table of Contents

RELIANCE STEEL & ALUMINUM CO.

NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

September 30, 2014

Weighted average rates on outstanding borrowings on the revolving credit facility were 1.42% and 1.41% as of September 30, 2014 and December 31, 2013, respectively. As of September 30, 2014, we had \$667.0 million of outstanding borrowings, \$58.7 million of letters of credit issued and \$774.3 million available on the revolving credit facility.

Senior Unsecured Notes

On November 20, 2006, we entered into an indenture (the 2006 Indenture), for the issuance of \$600.0 million of unsecured debt securities. The total debt issued was comprised of two tranches, (a) \$350.0 million aggregate principal amount of senior unsecured notes bearing interest at the rate of 6.20% per annum, maturing on November 15, 2016 and (b) \$250.0 million aggregate principal amount of senior unsecured notes bearing interest at the rate of 6.85% per annum, maturing on November 15, 2036.

On April 12, 2013, we entered into an indenture (the 2013 Indenture and, together with the 2006 Indenture, the Indentures), for the issuance of \$500.0 million aggregate principal amount of senior unsecured notes at the rate of 4.50% per annum, maturing on April 15, 2023. The net proceeds from the issuance were used to partially fund the acquisition of Metals USA.

Under the Indentures, the notes are senior unsecured obligations and rank equally in right of payment with all of our existing and future unsecured and unsubordinated obligations. The notes are guaranteed by certain of our 100%-owned domestic subsidiaries that guarantee our revolving credit facility. The senior unsecured notes include provisions that require us to make an offer to repurchase the notes at a price equal to 101% of their principal amount plus accrued and unpaid interest in the event of a change in control and a downgrade of our credit rating.

Other Notes and Revolving Credit Facilities

Other revolving credit facilities with a combined credit limit of approximately \$86.4 million are in place for operations in Asia and Europe with combined outstanding balances of \$52.0 million and \$9.5 million as of September 30, 2014 and December 31, 2013, respectively.

Pursuant to our acquisition of Metals USA, we assumed industrial revenue bonds with combined outstanding balances of \$11.6 million and \$11.9 million as of September 30, 2014 and December 31, 2013, respectively, that have maturities through 2027. Additionally, we assumed mortgage obligations pursuant to our acquisition of Travel Main, which had outstanding balances of \$42.1 million and \$43.0 million as of September 30, 2014 and December 31, 2013, respectively. The mortgages, which are secured by the underlying properties, have a fixed interest rate of 6.40% and scheduled amortization payments with a lump sum payment of \$39.2 million due October 2016.

Covenants

The Credit Agreement requires us to maintain an interest coverage ratio and a maximum leverage ratio, among other things.

Our obligations under the Credit Agreement and Indentures are required to be guaranteed by certain of our 100%-owned domestic subsidiaries. The subsidiary guarantors, together with Reliance, are required to collectively account for at least 80% of our consolidated EBITDA and 80% of consolidated tangible assets.

We were in compliance with all debt covenants as of September 30, 2014.

8. Equity

Common Stock

During the three months ended September 30, 2014, we issued 133,068 shares of common stock in connection with the exercise of employee stock options for total proceeds of approximately \$6.6 million. During the nine months ended September 30, 2014, we issued 570,379 shares of common stock in connection with the exercise of employee stock options for total proceeds of approximately \$27.9 million.

RELIANCE STEEL & ALUMINUM CO.

NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

September 30, 2014

Dividends

On October 21, 2014, our Board of Directors declared the 2014 fourth quarter cash dividend of \$0.35 per share. The dividend is payable on December 18, 2014 to shareholders of record as of November 11, 2014.

During the three months ended September 30, 2014, we declared and paid quarterly dividends of \$0.35 per share, or \$27.3 million in total, compared to quarterly dividends of \$0.33 per share, or \$25.4 million in total, for the same period in 2013. During the nine months ended September 30, 2014 we declared and paid quarterly dividends of \$1.05 per share, or \$81.7 million in total, compared to quarterly dividends of \$0.93 per share, or \$71.4 million in total, for the same period in 2013.

Share-Based Compensation

On March 25, 2014, we granted a total of 349,380 restricted stock units (RSUs) to key employees pursuant to our Amended and Restated Stock Option and Restricted Stock Plan. Each RSU consists of the right to receive one share of our common stock and dividend equivalent rights, subject to forfeiture, equal to the accrued cash or stock dividends where the record date for such dividends is after the grant date but before the shares vest. Each RSU granted in 2014 has a service condition and cliff vests at December 31, 2016, if the recipient remains an employee on that date. In addition to the service criteria, 136,162 of the RSUs granted in 2014 also have performance goals and vest only upon the satisfaction of the service and performance criteria. The fair value of the 2014 RSUs granted was \$71.15, the closing price of our common stock on the day before the grant.

On May 21, 2014, 11,830 shares of restricted stock were automatically granted to the non-employee members of the Board of Directors pursuant to the Directors Equity Plan. The fair value of the restricted stock granted was \$70.99, the closing price of our common stock on the grant date.

Share Repurchase Program

On October 21, 2014, our Board of Directors extended our share repurchase program to December 31, 2017. From October 27, 2014 through October 30, 2014, the Company repurchased 610,300 shares of our common stock at an average cost of \$65.54 per share for approximately \$40.0 million through open market purchases. As of October 30, 2014, 7,272,733 shares of common stock remain authorized for repurchase. No shares were repurchased in the nine months ended September 30, 2014 or in 2013. Repurchased shares are restored to the status of authorized but unissued shares.

Accumulated Other Comprehensive Loss

Accumulated other comprehensive loss included the following:

	Foreign Currency Translation Gain (Loss)	Unrealized Gain on Investments, Net of Tax	(in millions)		Pension and Postretirement Benefit Adjustments, Net of Tax	Accumulated Other Comprehensive Loss
Balance as of January 1, 2014	\$ 3.2	\$ 0.2	\$	(10.1)	\$	(6.7)
Current-period change	(11.8)	0.2				(11.6)
Balance as of September 30, 2014	\$ (8.6)	\$ 0.4	\$	(10.1)	\$	(18.3)

Foreign currency translation adjustments are not generally adjusted for income taxes as they relate to indefinite investments in foreign subsidiaries. Unrealized gain on investments and pension and postretirement benefit adjustments are net of taxes of \$0.1 million and \$6.9 million, respectively, as of September 30, 2014 and December 31, 2013.

9. Commitments and Contingencies

Environmental Contingencies

We are currently involved with certain environmental remediation projects related to activities at former manufacturing operations of our wholly owned subsidiary Earle M. Jorgensen Company (EMJ) that were sold many years prior to our acquisition of EMJ in 2006. Although the potential cleanup costs could be significant, EMJ had insurance policies in place at the time they owned the manufacturing operations that are expected to cover the majority of the related costs. We do not expect that these obligations will have a material adverse impact on our financial position, results of operations or cash flows.

Legal Matters

On April 29, 2014, a judgment was entered against the Company and its subsidiary, Chapel Steel Corp. (Chapel), along with four other co-defendants, in an antitrust lawsuit filed in the United States District Court for the Southern District of Texas. As previously disclosed, Reliance has been involved in this legal proceeding brought by two former employees who left Chapel to start their own business and claim that Reliance, Chapel and the co-defendants engaged in anticompetitive activities. The judgment, entered against all defendants jointly and severally, awarded the plaintiff \$156.0 million in damages, representing a trebling under federal antitrust laws of the jury verdict of \$52.0 million in damages. On May 27, 2014 the judgment was reduced to \$153.5 million. On October 20, 2014, the Company and Chapel settled all claims against them relating to this matter for \$23.0 million. We had previously recorded a \$10.0 million charge for this matter, which represented the low end of our range of estimated potential loss. On October 22, 2014 the Plaintiff filed a Release of Judgment with the United States District Court for the Southern District of Texas releasing the Company and Chapel from any liability under the judgment and the Company and Chapel dismissed their appeal of the judgment by filing a Notice of Dismissal with the United States Court of Appeals for the Fifth Circuit.

From time to time, we are named as a defendant in legal actions. Generally, these actions arise out of our normal course of business. Except as disclosed above, we are not a party to any pending legal proceedings other than routine litigation incidental to the business. We expect that these other matters will be resolved without a material adverse effect on our results of operations or financial condition. We maintain liability insurance against certain risks arising out of our ordinary course of business.

10. Earnings Per Share

Edgar Filing: RELIANCE STEEL & ALUMINUM CO - Form 10-Q

The following table sets forth the computation of basic and diluted earnings per share:

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2014	2013	2014	2013
(in millions, except share and per share amounts)				
Numerator:				
Net income attributable to Reliance	\$ 95.5	\$ 95.1	\$ 279.2	\$ 259.8
Denominator:				
Denominator for basic earnings per share:

Effect of dilutive securities:				
Stock options, restricted stock, and RSUs	938,806	807,508	943,894	788,207
Denominator for dilutive earnings per share:				
Adjusted weighted average shares and assumed conversions	78,884,181	77,857,506	78,674,859	77,471,866
Net income per share attributable to Reliance shareholders diluted	\$ 1.21	\$ 1.22	\$ 3.55	\$ 3.35
Net income per share attributable to Reliance shareholders basic	\$ 1.23	\$ 1.23	\$ 3.59	\$ 3.39

Table of Contents

RELIANCE STEEL & ALUMINUM CO.

NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

September 30, 2014

The computations of earnings per share for the three months ended September 30, 2014 and 2013 do not include 11,287 and 134,775 weighted average shares, respectively, primarily for stock options, because their inclusion would have been anti-dilutive.

The computations of earnings per share for the nine months ended September 30, 2014 and 2013 do not include 25,056 and 254,199 weighted average shares, respectively, primarily for stock options, because their inclusion would have been anti-dilutive.

11. Subsequent Event

On October 1, 2014, we acquired an additional interest in our joint venture partnership Acero Prime S. de R.L. de C.V. (Acero Prime), which increased our ownership to 51% from 40%. Acero Prime has three locations in Mexico with toll processing operations serving customers mainly in the auto industry. The assets, liabilities, and operating results from October 1, 2014 for Acero Prime will be included in our consolidated results. Net sales of Acero Prime for the nine months ended September 30, 2014 were approximately \$23.0 million.

12. Condensed Consolidating Financial Statements

In November 2006 and April 2013, we issued senior unsecured notes in the aggregate principal amount of \$1.1 billion, at fixed interest rates that are guaranteed by certain of our 100%-owned domestic subsidiaries that also guarantee borrowings under the Credit Agreement. The accompanying consolidating financial information has been prepared and presented pursuant to Rule 3-10 of SEC Regulation S-X *Financial Statements of Guarantors and Issuers of Guaranteed Securities Registered or Being Registered*. The guarantees are full and unconditional and joint and several obligations of each of the guarantor subsidiaries. There are no significant restrictions on our ability to obtain funds from any of the guarantor subsidiaries by dividends or loans. The supplemental consolidating financial information has been presented in lieu of separate financial statements of the guarantors as such separate financial statements are not considered meaningful.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

This report contains certain statements that are, or may be deemed to be, forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Our forward-looking statements include discussions of our business strategies and our expectations concerning future operations, margins, profitability, liquidity and capital resources. In some cases, you can identify forward-looking statements by terminology such as may, will, should, could, would, expect, plan, anticipate, believe, estimate, predict, potential and continue, the negative of these terms, and similar expressions. All statements contained in this report, other than statements of historical fact, are forward-looking statements. These forward-looking statements are based on management's estimates, projections and assumptions as of the date of such statements.

Forward-looking statements involve known and unknown risks and uncertainties and are not guarantees of future performance. Actual outcomes and results may differ materially from what is expressed or forecasted in these forward-looking statements as a result of various important factors, including, but not limited to, those disclosed in this report and in other reports we have filed with the Securities and Exchange Commission (the SEC). As a result, these statements speak only as of the date that they were made, and we undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as may be required by law. Important risks and uncertainties about our business can be found in our Annual Report on Form 10-K for the year ended December 31, 2013 filed with the SEC.

Overview

We had solid operational performance in the 2014 third quarter with both demand and pricing up compared to the 2013 third quarter, as well as the 2014 second quarter, reflecting the slow, steady improvement in the U.S. industrial markets that we have experienced throughout the first nine months of 2014. The typical seasonal trend is for third quarter tons sold to decline versus the second quarter, mainly due to maintenance closures at some of our customers; however, our same-store tons sold were 2.3% higher compared to the 2014 second quarter. The MSCI industry data showed 2014 third quarter shipments were down 2.2% compared to the 2014 second quarter, reflecting the typical industry trend. We believe our atypical results reflect both our continued growth in market share from our ongoing investments in our existing businesses as well as our diversification strategy.

Our average selling price has increased sequentially for three quarters in a row; however, for the first nine months of 2014, our average selling price is still lower than in the 2013 nine-month period. Our gross profit margin declined in the 2014 third quarter as compared to the 2013 third quarter and the 2014 second quarter, but was within our historical range of 25% to 27%. We are very proud of this given the historically high levels of import material coming into the U.S. market, putting downward pressure on prices and increasing the competitive environment in the service center industry.

Our earnings in the 2014 third quarter were negatively impacted by charges to settle our previously disclosed Texas antitrust litigation matter. This resulted in an increase in our S,G&A expenses, which reduced our operating income as well as our net income.

During the 2014 third quarter we completed two acquisitions, which helped expand our aerospace presence as well as augment our traditional metal distribution capabilities with higher value-added services.

Our 2014 cash flow from operations has declined from 2013 levels for the nine-month period, mainly because the improved business environment has required us to carry higher levels of working capital to service the higher demand levels of our customers. In 2014, we have increased our level of import buys somewhat, which has had a slight negative impact on our inventory turns because of longer lead times and larger quantity buys. However, we expect to improve our turn rate over the coming quarters.

We invested \$134.4 million in capital expenditures in the nine-month period ended September 30, 2014, with the majority related to growth activities. We increased our return of cash to shareholders in the nine-month period ended September 30, 2014, with a 12.9% increase in our regular quarterly dividend rate compared to the same period in 2013. Our Board of Directors extended the existing share repurchase program to December 31, 2017 and we repurchased approximately \$40.0 million of our common stock in the period from October 27, 2014 through October 30, 2014, further reflecting our commitment to returning value to our shareholders.

Table of Contents

We believe that, given continued improvement in demand, especially for non-residential construction, we have current capacity for meaningfully higher earnings. However, in the 2014 fourth quarter, we expect lower volume given the normal seasonality associated with fewer shipping days resulting from the holiday season as well as extended holiday-related closures at many of our customers' facilities. Also, we have begun to see weakness in mill pricing for certain carbon steel products, especially given the historically high levels of imports, as well as downward movement in nickel prices that impacts pricing of many of our stainless steel products. Lower prices have a negative impact on our earnings.

We will continue to focus on working capital management, maximizing profitability of our existing businesses and achieving profitable growth through both acquisitions and internal investment. Our operating and growth strategies have helped us achieve industry-leading operating results on a consistent basis and we remain confident in our ability to continue our track record of success going forward.

2014 Acquisitions

On August 1, 2014, we acquired Aluminium Services UK Limited, the parent holding company of All Metal Services (AMS). AMS provides comprehensive materials management solutions to aerospace and defense OEMs and their subcontractors on a global basis, supporting customers in more than 40 countries worldwide. AMS offers a broad range of aerospace metals including aluminum, steel, titanium, nickel alloys and aluminum bronze, offering full or cut to size materials. AMS also offers in-house machining and water-jet cutting for more complex requirements. AMS has eight locations in four countries including China, France, Malaysia, and the United Kingdom. Net sales of AMS during the period from August 1, 2014 through September 30, 2014 were \$45.1 million. Net sales of AMS during the twelve months ended December 31, 2013 were approximately \$280.0 million and were not included in Reliance's consolidated financial results for 2013.

On August 1, 2014, we acquired Northern Illinois Steel Supply Co. (NIS), a value-added distributor and fabricator of a variety of steel and non-ferrous metal products, primarily structural steel components and parts, located in Channahon, Illinois. Net sales of NIS during the period from August 1, 2014 through September 30, 2014 were \$3.5 million. Net sales of NIS during the twelve months ended December 31, 2013 were approximately \$20.0 million and were not included in Reliance's consolidated financial results for 2013.

2013 Acquisitions

On November 1, 2013, we acquired Haskins Steel Co., Inc. (Haskins Steel), located in Spokane, Washington. Founded in 1955, Haskins Steel processes and distributes primarily carbon steel and aluminum products of various shapes and sizes to a diverse customer base in the Pacific Northwest. Their in-house processing capabilities include shearing, sawing, burning and forming. Net sales of Haskins Steel for the nine months ended September 30, 2014 were \$23.0 million.

On April 30, 2013, we acquired Travel Main Holdings, LLC (Travel Main), a real estate holding company with a portfolio of 18 real estate properties, all of which are leased by certain of our subsidiaries. The transaction value of \$78.9 million included the assumption of \$43.8 million of indebtedness.

Edgar Filing: RELIANCE STEEL & ALUMINUM CO - Form 10-Q

On April 12, 2013, we acquired Metals USA. Metals USA is one of the largest metals service center businesses in the United States and a leading provider of value-added processed aluminum, brass, copper, carbon steel, stainless steel, manufactured metal components and inventory management services. Metals USA sells its products and services to a diverse customer base and broad range of end markets, including the aerospace, auto, defense, heavy equipment, marine transportation, commercial construction, office furniture manufacturing, energy and oilfield service industries, among several others. This acquisition added a total of 44 service centers strategically located throughout the United States to our existing operations and complements our existing customer base, product mix and geographic footprint. Net sales of Metals USA for the nine months ended September 30, 2014 and during the period from April 13, 2013 through September 30, 2013 were \$1.36 billion and \$828.8 million, respectively.

On May 16, 2014, we sold Metals USA's non-core roofing business for net proceeds of approximately \$26.2 million and recorded a pre-tax loss of approximately \$1.1 million, which is included in other expense, net. Net sales of Metals USA's non-core roofing business during the nine months ended September 30, 2014 and during the period from April 13, 2013 through September 30, 2013 were \$9.6 million and \$17.1 million, respectively.

Table of Contents**Three Months and Nine Months Ended September 30, 2014 Compared to Three Months and Nine Months Ended September 30, 2013**

The following table sets forth certain income statement data for the three-month and nine-month periods ended September 30, 2014 and 2013 (dollars are shown in millions and certain amounts may not calculate due to rounding):

	Three Months Ended September 30, 2014		Three Months Ended September 30, 2013		Nine Months Ended September 30, 2014		Nine Months Ended September 30, 2013	
	\$	% of Net Sales	\$	% of Net Sales	\$	% of Net Sales	\$	% of Net Sales
Net sales	\$ 2,705.1	100.0%	\$ 2,443.5	100.0%	\$ 7,874.9	100.0%	\$ 6,917.1	100.0%
Cost of sales (exclusive of depreciation and amortization expense shown below)	2,026.9	74.9	1,800.5	73.7	5,876.2	74.6	5,123.7	74.1
Gross profit (1)	678.2	25.1	643.0	26.3	1,998.7	25.4	1,793.4	25.9
Warehouse, delivery, selling, general and administrative expense (S,G&A(2))	472.9	17.5	430.0	17.6	1,358.8	17.3	1,213.7	17.5
Depreciation expense	39.9	1.5	35.8	1.5	116.3	1.5	100.6	1.5
Amortization expense	14.1	0.5	14.1	0.6	42.3	0.5	40.5	0.6
Operating income	\$ 151.3	5.6%	\$ 163.1	6.7%	\$ 481.3	6.1%	\$ 438.6	6.3%

(1) Gross profit, calculated as net sales less cost of sales, and gross profit margin, calculated as gross profit divided by net sales, are non-GAAP financial measures as they exclude depreciation and amortization expense associated with the corresponding sales. The majority of our orders are basic distribution with no processing services performed. For the remainder of our sales orders, we perform first-stage processing, which is generally not labor intensive as we are simply cutting the metal to size. Because of this, the amount of related labor and overhead, including depreciation and amortization, are not significant and are excluded from our cost of sales. Therefore, our cost of sales is primarily comprised of the cost of the material we sell. We use gross profit and gross profit margin as shown above as measures of operating performance. Gross profit and gross profit margin are important operating and financial measures, as fluctuations in our gross profit margin can have a significant impact on our earnings. Gross profit and gross profit margin, as presented, are not necessarily comparable with similarly titled measures for other companies.

(2) Includes non-recurring charges related to our Texas anti-trust settlement of \$13.5 million and \$25.0 million for the three- and nine-month periods ended September 30, 2014, respectively; \$2.6 million and \$3.7 million for the three- and nine-month periods ended September 30, 2013, respectively. Additionally, S,G&A includes non-recurring acquisition and other charges related to our 2014 and 2013 acquisitions of \$0.8 million for the three- and nine-month periods ended September 30, 2014 and \$12.4 million for the nine-month period ended September 30, 2013.

Net Sales

	2014	September 30, 2013	Dollar Change	Percentage Change
--	------	-----------------------	------------------	----------------------

Edgar Filing: RELIANCE STEEL & ALUMINUM CO - Form 10-Q

(in millions)					
Net sales (three months ended)	\$	2,705.1	\$	2,443.5	\$ 261.6 10.7%

Tons sold (nine months ended)	4,617.6	3,981.9	635.7	16.0%	
Tons sold, same-store (three months ended)	1,227.3	1,151.0	76.3	6.6%	
Tons sold, same-store (nine months ended)	3,626.4	3,404.6	221.8	6.5%	

Table of Contents

	September 30,				Price	Percentage
	2014	2013	2014	2013	Change	Change
Average selling price per ton sold (three months ended)	\$ 1,752	\$ 1,679	\$	\$	73	4.3%
Average selling price per ton sold (nine months ended)	\$ 1,709	\$ 1,736	\$	\$	(27)	(1.6)%
Average selling price per ton sold, same-store (three months ended)	\$ 1,798	\$ 1,743	\$	\$	55	3.2%
Average selling price per ton sold, same-store (nine months ended)	\$ 1,781	\$ 1,786	\$	\$	(5)	(0.3)%

Tons sold and average selling price per ton sold amounts exclude our toll processing sales. Same-store amounts exclude the results of our acquisitions in 2014 and 2013.

Our 2014 third quarter sales of \$2.71 billion were a record for us. Our consolidated sales and tons sold are higher in the nine-month period ended September 30, 2014 as compared to the same period in 2013, mainly due to our acquisition of Metals USA in April of 2013. In the nine-month period ended September 30, 2014, Metals USA contributed \$1.36 billion of sales compared to \$828.8 million of sales in the same period in 2013. In general, business activity in almost all of our end markets has improved somewhat in 2014 compared to 2013. For the three- and nine-month periods ended September 30, 2014, same-store tons sold were up 6.6% and 6.5%, respectively, from the comparable 2013 periods, well above the industry data reported by the Metals Service Center Institute (MSCI), which was up 5.0% and 4.4% during the same periods, respectively. End markets that continued to perform well for us in the three-month and nine-month periods ended September 30, 2014 when compared to the same 2013 periods were auto, primarily through our toll processing businesses in the U.S. and Mexico, aerospace and energy. Manufacturing also performed reasonably well. Non-residential construction, our largest end market, continues to improve modestly, albeit at significantly reduced demand levels from its peak in 2006.

Since we primarily purchase and sell our inventories in the spot market, the changes in our average selling prices generally fluctuate in accordance with changes in the costs of the various metals we purchase. The mix of products sold can also have an impact on our average selling prices.

Our same-store average selling price in the 2014 third quarter was up 3.2% compared to the 2013 third quarter given increased mill pricing for most products, most notably carbon and stainless steel. Our average selling prices for the nine-month period ended September 30, 2014 continue to be below the levels in the same period in 2013 due to pressure on mill prices mainly from historically high import levels in the U.S., lower raw material prices and a strong U.S. dollar.

Our major commodity same-store selling prices changed as follows:

	Same-store Average Selling Price per Ton Sold Year-Over-Year (Percentage Change)	
	Three Months Ended September 30, 2014	Nine Months Ended September 30, 2014
Carbon steel	4.8%	2.1%
Aluminum	(1.2)%	(2.7)%
Stainless steel	5.1%	(0.8)%
Alloy	(1.1)%	(2.3)%

Edgar Filing: RELIANCE STEEL & ALUMINUM CO - Form 10-Q

As carbon steel sales represent approximately 54% of our sales dollars, changes in carbon steel prices have the most significant impact on changes in our overall average price per ton sold.

Cost of Sales

	2014		September 30,		2013		Dollar Change	Percentage Change
	\$	%	\$	%	\$	%		
	Net Sales		Net Sales		Net Sales			
	(dollars in millions)							
Cost of sales (three months ended)	\$ 2,026.9	74.9%	\$ 1,800.5	73.7%	\$ 226.4		12.6%	
Cost of sales (nine months ended)	\$ 5,876.2	74.6%	\$ 5,123.7	74.1%	\$ 752.5		14.7%	

Table of Contents

The increase in cost of sales in the three-month period ended September 30, 2014 is mainly due to increases in our tons sold and higher mill pricing for most of our products. The increase in cost of sales in the nine-month period ended September 30, 2014 is mainly due to increases in our tons sold resulting from our 2014 and 2013 acquisitions offset by lower mill pricing for most of our products. See *Net Sales* above for trends in both demand and costs of our products.

Our LIFO inventory valuation reserve adjustment, which is included in our cost of sales and, in effect, reflects cost of sales at current replacement costs, resulted in a charge, or expense, of \$20.0 million in the three-month period ended September 30, 2014 compared to a credit, or income, of \$27.5 million in the same period in 2013. Our LIFO reserve adjustment resulted in a charge, or expense, of \$30.0 million in the nine-month period ended September 30, 2014 compared to a credit, or income, of \$37.5 million in the same period in 2013. Higher metal costs in 2014 as compared to December 31, 2013 levels resulted in LIFO expense in 2014.

Gross Profit

	2014		September 30, 2013			
	\$	% of Net Sales (dollars in millions)	\$	% of Net Sales	Dollar Change	Percentage Change
Gross profit (three months ended)	\$ 678.2	25.1%	\$ 643.0	26.3%	\$ 35.2	5.5%
Gross profit (nine months ended)	\$ 1,998.7	25.4%	\$ 1,793.4	25.9%	\$ 205.3	11.4%

The increase in our gross profit in the three-month period ended September 30, 2014 is primarily due to the increase in our tons sold. The increase in our gross profit in the nine-month period ended September 30, 2014 is mainly due to the contributions from our 2014 and 2013 acquisitions, which were somewhat offset by the decrease in our gross margin percentage. See *Net Sales* and *Cost of Sales* for further discussion on product pricing trends and our inventory LIFO valuation reserve adjustments, respectively.

Our gross profit margin was within our historical range of 25% to 27%. The high levels of import material in the U.S. along with uncertainty due to metal price volatility have resulted in a competitive pricing environment in the 2014 periods.

Expenses

	2014		September 30, 2013			
	\$	% of Net Sales (dollars in millions)	\$	% of Net Sales	Dollar Change	Percentage Change
S,G&A expense (three months ended)	\$ 472.9	17.5%	\$ 430.0	17.6%	\$ 42.9	10.0%
S,G&A expense (nine months ended)	\$ 1,358.8	17.3%	\$ 1,213.7	17.5%	\$ 145.1	12.0%
S,G&A expense, same-store (three months ended)	\$ 393.3	17.8%	\$ 359.8	17.9%	\$ 33.5	9.3%

Edgar Filing: RELIANCE STEEL & ALUMINUM CO - Form 10-Q

S,G&A expense, same-store (nine months ended)	\$	1,130.3	17.6%	\$	1,069.4	17.6%	\$	60.9	5.7%
Depreciation & amortization expense (three months ended)	\$	54.0	2.0%	\$	49.9	2.0%	\$	4.1	8.2%
Depreciation & amortization expense (nine months ended)	\$	158.6	2.0%	\$	141.1	2.0%	\$	17.5	12.4%

Same-store amounts exclude the results of our 2014 and 2013 acquisitions.

Our expenses in the nine-month period ended September 30, 2014 are higher than the same period in 2013 mainly due to the additional expenses of our acquisitions in 2014 and 2013. Our 2014 same-store three- and nine-month period S,G&A expenses increased somewhat in line with our increases in tons sold, but were also impacted by \$13.5 million and \$25.0 million of charges, respectively, related to our antitrust litigation settlement. Excluding the impact of the antitrust litigation matter, our three- and nine-month periods ended September 30, 2014 S,G&A expense as a percentage of net sales declined from the comparable 2013 periods due to better leverage of expenses as our tons sold and net sales increased. For further discussion regarding the antitrust litigation settlement, see Note 9 of the Notes to Unaudited Consolidated Financial Statements.

Table of Contents

The increase in depreciation and amortization expense was mainly due to our 2013 acquisition of Metals USA and depreciation expense from our recent capital expenditures.

Operating Income

	2014		September 30,		2013		Dollar Change	Percentage Change

Operating income (three months ended)	\$	151.3	5.6%	\$	163.1	6.7%	\$ (11.8)	(7.2)%
Operating income (nine months ended)	\$	481.3	6.1%	\$	438.6	6.3%	\$ 42.7	9.7%

The lower operating income and operating income margin in the three-month period ended September 30, 2014 compared to the same period in 2013 were mainly due to our antitrust litigation settlement charge of \$13.5 million and a decrease in our gross profit margin percentage, which offset the operating income contributions from our 2014 acquisitions.

Our operating income was higher in the nine-month period ended September 30, 2014 compared to the same period in 2013 due primarily to the contributions of our 2014 and 2013 acquisitions. The lower operating income margin in the nine-month period ended September 30, 2014 compared to the corresponding 2013 period was mainly due to our lower gross profit margin, but was also impacted by the antitrust litigation settlement charge of \$25.0 million somewhat offset by acquisition and other charges related to our acquisition of Metals USA in April 2013.

Other Income (Expense)

	2014		September 30,		2013		Dollar Change	Percentage Change
	\$	% of Net Sales	\$	% of Net Sales	\$	% of Net Sales		
	(dollars in millions)							
Interest (three months ended)	\$	(20.8)	(0.8)%	\$	(21.6)	(0.9)%	\$ 0.8	(3.7)%
Interest (nine months ended)	\$	(61.2)	(0.8)%	\$	(56.8)	(0.8)%	\$ (4.4)	7.7%
Other (expense) income, net (three months ended)	\$	(0.1)	%	\$	1.2	%	\$ (1.3)	(108.3)%
Other (expense) income, net (nine months ended)	\$	(1.4)	%	\$	3.5	0.1%	\$ (4.9)	(140.0)%

Interest expense was lower in the three-month period ended September 30, 2014 compared to the same period in 2013 due to our paying down debt with excess cash along with a lower weighted average interest rate on borrowings outstanding on our revolving credit facility. Interest expense for the nine-month period ended September 30, 2014 increased from the same period in 2013 primarily due to our \$500.0 million senior notes offering to fund our \$1.25 billion acquisition of Metals USA in April 2013. See discussion in the *Liquidity and Capital Resources* section of our *Management's Discussion and Analysis of Financial Condition and Results of Operations*.

The change in other (expense) income, net in the nine-month period ended September 30, 2014 compared to the same period in 2013 was primarily due to fewer redemptions of life insurance policies in 2014.

Income Tax Rate

Our effective income tax rates for the three-month periods ended September 30, 2014 and 2013 were 25.7% and 32.7%, respectively. Our effective income tax rates for the nine-month periods ended September 30, 2014 and 2013 were 32.5% and 31.9%, respectively. Our 2014 three-month period effective income tax rate was favorably impacted by the resolution of certain tax matters as well as higher deductions for domestic production activities. Permanent items that lowered our effective income tax rates from the federal statutory rate were not materially different in amounts during both years and relate mainly to company-owned life insurance policies, domestic production activities deductions and foreign income levels that are taxed at rates lower than the U.S. statutory rate of 35%.

Table of Contents*Net Income*

	2014		September 30,		2013		Dollar Change	Percentage Change
	\$	% of Net Sales (dollars in millions)	\$	% of Net Sales	\$	% of Net Sales		
Net income attributable to Reliance (three months ended)	\$ 95.5	3.5%	\$ 95.1	3.9%	\$ 0.4	0.4%		
Net income attributable to Reliance (nine months ended)	\$ 279.2	3.5%	\$ 259.8	3.8%	\$ 19.4	7.5%		

The increase in our net income in the three-month period ended September 30, 2014 compared to the same period in 2013 was primarily due to a lower effective income tax rate offsetting our lower operating income. The increase in our net income in the nine-month period ended September 30, 2014 compared to the same period in 2013 was primarily the result of higher operating income.

The decrease in our net income as a percentage of net sales in the three-month period ended September 30, 2014 compared to the same period in 2013 is primarily due to lower gross profit margin and the antitrust litigation settlement charge. The decrease in our net income as a percentage of net sales in the nine-month period ended September 30, 2014 compared to the same period in 2013 is primarily due to our lower gross profit margin.

Liquidity and Capital Resources*Operating Activities*

Net cash provided by operating activities was \$162.8 million in the nine-month period ended September 30, 2014 compared to \$513.0 million in the same period in 2013. The decrease of \$350.2 million was mainly due to a larger working capital (primarily accounts receivable and inventories) investment in the 2014 period due to an improved demand environment compared to the 2013 period as well as increases in metal pricing during the 2014 period. To manage our working capital, we focus on our days sales outstanding and on our inventory turnover rate, as receivables and inventory are the two most significant elements of our working capital. At September 30, 2014, our days sales outstanding rate was approximately 41.0 days compared to 41.3 days at September 30, 2013. Our inventory turn rate (based on dollars) during the nine-month periods ended September 30, 2014 and 2013 was approximately 4.2 times (or 2.9 months on hand).

Investing Activities

Net cash used in investing activities of \$261.2 million in the nine-month period ended September 30, 2014 was mainly comprised of our acquisitions and capital expenditures offset by net proceeds of \$26.2 million from the sale of Metals USA's non-core roofing business. We spent \$145.0 million, net of cash acquired for acquisitions in the nine-months ended September 30, 2014 compared to \$796.8 million during the same period in 2013. Capital expenditures were \$134.4 million for the nine-month period ended September 30, 2014 compared to \$118.7 million

Edgar Filing: RELIANCE STEEL & ALUMINUM CO - Form 10-Q

during the same period in 2013. The majority of our capital expenditures relate to growth initiatives to expand or relocate existing facilities, adding or upgrading equipment, and ongoing maintenance requirements.

Financing Activities

Our net cash provided by financing activities of \$115.5 million in the nine-month period ended September 30, 2014 was mainly comprised of net debt borrowings and proceeds received from the exercise of employee stock options offset by dividend payments to our shareholders. Net debt borrowings in the nine-month period ended September 30, 2014 were \$171.4 million compared to \$413.9 million in the same period in 2013. We paid dividends to our shareholders of \$81.7 million during the nine-month period ended September 30, 2014, an increase of \$10.3 million from the same period in 2013, due to increases in our regular quarterly dividend rate. Proceeds from exercises of stock options were \$27.9 million, a decrease from \$61.5 million in the same period in 2013.

On October 21, 2014, the Board of Directors declared the 2014 fourth quarter cash dividend of \$0.35 per share. We have increased our dividend 21 times since our IPO in 1994 and have paid regular quarterly dividends to our shareholders for 55 consecutive years.

Table of Contents

On October 21, 2014, the Board of Directors also extended our Share Repurchase Plan to December 31, 2017. From October 27, 2014 through October 30, 2014, we repurchased 610,300 shares of our common stock at an average cost of \$65.54 per share for approximately \$40.0 million through open market purchases. As of October 30, 2014, approximately 7.3 million, or 9% of our outstanding shares remain available for repurchase. We did not repurchase any shares in the nine months ended September 30, 2014 or in 2013.

Liquidity

Our primary sources of liquidity are our internally generated funds from operations and our \$1.5 billion revolving credit facility. Our total outstanding debt at September 30, 2014 was \$2.32 billion, up from \$2.11 billion at December 31, 2013. At September 30, 2014, we had \$667.0 million in outstanding borrowings and \$774.3 million available on our \$1.5 billion revolving credit facility. As of September 30, 2014, our net debt-to-capital ratio was 35.1%, up from 34.3% as of December 31, 2013.

On April 4, 2013, we entered into a syndicated Third Amended and Restated Credit Agreement (the Credit Agreement) with 26 banks as lenders. The Credit Agreement amended and restated our existing \$1.5 billion unsecured revolving credit facility and provided for a \$500.0 million term loan and an option to increase the revolving credit facility for up to \$500.0 million at our request, subject to approval of the lenders and certain other conditions. We intend to use the credit facility for working capital and general corporate purposes, including, but not limited to, capital expenditures, dividend payments, repayment of debt, stock repurchases, internal growth initiatives and acquisitions.

Other revolving credit facilities with a combined credit limit of approximately \$86.4 million are in place for operations in Asia and Europe with combined outstanding balances of \$52.0 million and \$9.5 million as of September 30, 2014 and December 31, 2013, respectively.

Capital Resources

On November 20, 2006, we entered into an indenture (the 2006 Indenture), for the issuance of \$600.0 million of unsecured debt securities. The notes were issued in two tranches: (a) \$350.0 million aggregate principal amount of senior unsecured notes bearing interest at the rate of 6.20% per annum, maturing on November 15, 2016; and (b) \$250.0 million aggregate principal amount of senior unsecured notes bearing interest at the rate of 6.85% per annum, maturing on November 15, 2036.

On April 12, 2013, we entered into an indenture (the 2013 Indenture and, together with the 2006 Indenture, the Indentures), for the issuance of \$500.0 million aggregate principal amount of senior unsecured notes at the rate of 4.50% per annum, maturing on April 15, 2023. The net proceeds from the issuance were used to partially fund the acquisition of Metals USA.

Under the Indentures, the notes are senior unsecured obligations and rank equally in right of payment with all of our existing and future unsecured and unsubordinated obligations. The notes are guaranteed by certain of our 100%-owned domestic subsidiaries that guarantee our Credit Agreement. The senior unsecured notes include provisions that require us to make an offer to repurchase the notes at a price equal to 101% of their principal amount plus accrued and unpaid interest in the event of a change in control and a downgrade of our credit rating.

Edgar Filing: RELIANCE STEEL & ALUMINUM CO - Form 10-Q

The \$500.0 million term loan due April 4, 2018 amortizes in quarterly installments, with an annual amortization of 5% through March 2015 and 10% thereafter until March 2018, with the balance to be paid at maturity. The term loan may be prepaid without penalty.

In connection with our acquisition of Metals USA, we assumed industrial revenue bonds with combined outstanding balances of \$11.6 million as of September 30, 2014 that have maturities through 2027. Additionally, we assumed mortgage obligations pursuant to our acquisition of Travel Main, which have outstanding balances of \$42.1 million as of September 30, 2014. The mortgages, which are secured by the underlying properties, have a fixed interest rate of 6.40% and scheduled amortization payments with a lump sum payment of \$39.2 million due October 2016.

As of September 30, 2014, we had \$599.2 million in principal amount of debt obligations due before our \$1.5 billion revolving credit facility matures on April 4, 2018. We are confident that we will be able to fund our debt obligations as well as our working capital, capital expenditures, dividend, share repurchase, growth and other needs with a combination of cash flow from operations, borrowings on our revolving credit facility, and raising additional funds in the bank or capital markets, as appropriate. We expect to continue our acquisition and other growth activities in the future and anticipate that we will be able to fund such activities as they arise.

Table of Contents

Covenants

Our Credit Agreement, including our term loan, requires us to maintain a minimum interest coverage ratio and a maximum leverage ratio, among other things. Our interest coverage ratio for the twelve-month period ended September 30, 2014 was approximately 7.4 times compared to the debt covenant minimum requirement of 3.0 times (interest coverage ratio is calculated as net income attributable to Reliance plus interest expense and provision for income taxes and plus or minus any non-operating non-recurring loss or gain, respectively, divided by interest expense). Our leverage ratio at September 30, 2014, calculated in accordance with the terms of the Credit Agreement, was 36.6% compared to the debt covenant maximum amount of 60% (leverage ratio is calculated as total debt, inclusive of capital lease obligations and outstanding letters of credit, divided by Reliance shareholders' equity plus total debt).

Our obligations under the Credit Agreement and Indentures are required to be guaranteed by certain of our 100%-owned domestic subsidiaries. The subsidiary guarantors, together with Reliance, are required to collectively account for at least 80% of our consolidated EBITDA and 80% of consolidated tangible assets. Reliance and the subsidiary guarantors accounted for approximately 90% of our total consolidated EBITDA for the last twelve months and approximately 86% of total consolidated tangible assets as of September 30, 2014.

We were in compliance with all debt covenants at September 30, 2014.

Off-Balance-Sheet Arrangements

We do not have any off-balance-sheet arrangements or relationships with unconsolidated entities or financial partnerships, such as entities often referred to as structured finance or variable interest entities, which are typically established for the purpose of facilitating off-balance-sheet arrangements or other contractually narrow or limited purposes.

As of September 30, 2014 and December 31, 2013, we were contingently liable under standby letters of credit in the aggregate amount of \$58.7 million. The letters of credit relate to insurance policies, construction projects and outstanding bonds.

Contractual Obligations and Other Commitments

We had no material changes in commitments for capital expenditures, operating lease obligations or purchase obligations as of September 30, 2014, as compared to those disclosed in our table of contractual obligations included in our Annual Report on Form 10-K for the year ended December 31, 2013.

Inflation

Our operations have not been, and we do not expect them to be, materially affected by general inflation. Historically, we have been successful in adjusting prices to our customers to reflect changes in metal prices.

Seasonality

Some of our customers are in seasonal businesses, especially customers in the construction and energy industries and related businesses. Our geographic, product and customer diversity reduces the impact of seasonal trends on our operating results. However, revenues in the months of July, November and December traditionally have been lower than in other months because of a reduced number of working days for shipments of our products resulting from vacation and holiday closures at some of our customers. We cannot assure you that period-to-period fluctuations will be consistent with historical patterns. Results of any one or more quarters are therefore not necessarily indicative of annual results.

Goodwill and Other Intangible Assets

Goodwill, which represents the excess of cost over the fair value of net assets acquired, amounted to \$1.71 billion at September 30, 2014, or approximately 21.3% of total assets, or 41.6% of Reliance shareholders' equity. Additionally, other intangible assets, net amounted to \$1.22 billion at September 30, 2014, or approximately 15.2% of total assets, or 29.7% of Reliance shareholders' equity. Goodwill and other intangible assets deemed to have indefinite lives are not amortized but are subject to annual impairment tests. Other intangible assets with finite useful lives continue to be amortized over their useful lives. We review the recoverability of our long-lived assets whenever events or changes in circumstances indicate the carrying amount of such assets may not be recoverable.

Table of Contents

Critical Accounting Policies and Estimates

Management's Discussion and Analysis of Financial Condition and Results of Operations discuss our Consolidated Financial Statements, which have been prepared in accordance with U.S. generally accepted accounting principles. When we prepare these consolidated financial statements, we are required to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Some of our accounting policies require that we make subjective judgments, including estimates that involve matters that are inherently uncertain. Our most critical accounting estimates include those related to accounts receivable, inventories, income taxes, goodwill and intangible assets, long-lived assets, and litigation liabilities. We base our estimates and judgments on historical experience and on various other factors that we believe to be reasonable under the circumstances, the results of which form the basis for our judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Our actual results may differ from these estimates under different assumptions or conditions.

See *Critical Accounting Policies and Estimates* in our Annual Report on Form 10-K for the year ended December 31, 2013 for further information regarding the accounting policies that we believe to be critical accounting policies and that affect our more significant judgments and estimates used in preparing our consolidated financial statements. We do not believe that any of the new accounting guidance implemented during 2014 changed our critical accounting policies.

New Accounting Guidance

See *Note 2 - Impact of Recently Issued Accounting Guidance* to our Unaudited Consolidated Financial Statements included in this Quarterly Report on Form 10-Q for disclosure on new accounting guidance issued or implemented.

Item 3. Quantitative And Qualitative Disclosures About Market Risk

In the ordinary course of business, we are exposed to various market risk factors, including fluctuations in interest rates, changes in general economic conditions, domestic and foreign competition, foreign currency exchange rates, metals pricing, demand and availability. There have been no significant changes in our market risk exposures since December 31, 2013. See *Item 7A - Quantitative and Qualitative Disclosures About Market Risk* in our Annual Report on Form 10-K for the year ended December 31, 2013 for further discussion on quantitative and qualitative disclosures about market risk.

Item 4. Controls And Procedures

Under the supervision and with the participation of the Company's management, including the Company's Chief Executive Officer and Chief Financial Officer, the Company carried out an evaluation of the effectiveness of the design and operation of the Company's disclosure controls and procedures pursuant to and as defined in Rule 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended. Based upon that evaluation, the Chief Executive Officer and the Chief Financial Officer concluded that, as of the end of the period covered in this report, the

Edgar Filing: RELIANCE STEEL & ALUMINUM CO - Form 10-Q

Company's disclosure controls and procedures are effective.

There have been no changes in the Company's internal control over financial reporting during the quarter ended September 30, 2014 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II -- OTHER INFORMATION

Item 1. Legal Proceedings

The information required by this item is hereby incorporated by reference to the material appearing in Note 9 of the Notes to Unaudited Consolidated Financial Statements included in this Quarterly Report on Form 10-Q under the caption *Legal Matters*.

Item 1A. Risk Factors

There have been no material changes to the risk factors disclosed in our Annual Report on Form 10-K for the year ended December 31, 2013.

Item 6. Exhibits

See the Exhibit Index immediately following the signature page of this Quarterly Report on Form 10-Q.
