Questions and Answers about the Offer and the Merger

The section “Does AbbVie have the financial resources to complete the offer and the merger?” is hereby deleted in its entirety and amended and restated as follows:

The offer consideration will consist of AbbVie common stock and cash. The offer and the merger are not conditioned upon any financing arrangements or contingencies.

On May 14, 2015, AbbVie completed the public offering and issuance of \$3.0 billion aggregate principal amount of 1.800% Senior Notes due 2018, \$3.75 billion aggregate principal amount of 2.500% Senior Notes due 2020, \$1.0 billion aggregate principal amount of 3.200% Senior Notes due 2022, \$3.75 billion aggregate principal amount of 3.600% Senior Notes due 2025, \$2.5 billion aggregate principal amount of 4.500% Senior Notes due 2035 and \$2.7 billion aggregate principal amount of 1.800% Senior Notes due 2018 (collectively, the “Notes”) in a registered public offering (the “Notes Offering”) pursuant to an Underwriting Agreement providing for the issuance and sale of the Notes. AbbVie intends to use the net proceeds from the Notes Offering to fund the cash component of the acquisition consideration in connection with the acquisition of Pharmacyclics, Inc., to finance the repurchase from time to time of shares of the AbbVie common stock for cash in connection with such acquisition, whether pursuant to an accelerated share repurchase program or otherwise and regardless of whether consummated substantially concurrently with or following the consummation of such acquisition and to pay related fees and expenses, and the remainder, if any, for general corporate purposes.

Upon the closing of the Notes Offering, AbbVie terminated the 364-Day Bridge Term Loan Credit Agreement (the “bridge loan agreement”), dated as of March 27, 2015, among AbbVie, the various financial institutions named therein, as lenders, and Morgan Stanley Senior Funding, Inc., as administrative agent for the lenders. The bridge loan agreement provided for a term facility under which, subject to the satisfaction of certain conditions, AbbVie could have borrowed up to \$18.0 billion upon the closing date of the acquisition of Pharmacyclics, Inc.

No other plans or arrangements have been made to finance the consummation of the offer and the merger. No alternative financing arrangements or alternative financing plans have been made in the event such financings fail to materialize. See “The Offer – Source and Amount of Funds.”

The section “Source and Amount of Funds” in the Summary is hereby amended and restated as follows:
