To the shareholders of the Company

Dear Sir or Madam,

**CONTINUING CONNECTED TRANSACTIONS
DISCLOSEABLE TRANSACTION
AND
NOTICE OF ANNUAL GENERAL MEETING**

INTRODUCTION

The purpose of this circular is to give Shareholders information on matters to be dealt with at the AGM, which includes the approval of certain continuing connected transactions.

LETTER FROM THE BOARD OF DIRECTORS

CONTINUING CONNECTED TRANSACTIONS

As disclosed in the Company’s announcement dated 29 April 2008, the Group entered into the Renewed Continuing Connected Transactions with certain members of the CEA Holding Group. It is the Company’s intention to finance the Renewed Continuing Connected Transactions through its internal resources. With respect to two of the Renewed Continuing Connected Transactions, namely the Financial Services Transaction and the Catering Services Transaction respectively, the applicable percentage ratios exceed 2.5% on an annual basis and accordingly the underlying transactions therefore constitute non-exempt continuing connected transactions of the Company under the Listing Rules. Such transactions together with the associated annual caps will be subject to approval by the Independent Shareholders at the AGM. A summary of the underlying agreements to the Financial Services Transaction and the Catering Services Transaction are as follows:

Agreements	Counterparties and connected person relationship
<p>1. Financial Services Renewal Agreement</p>	<p>(Eastern Air Group Finance Company Limited) (the “Finance C”) which is interested as to approximately 46.25% by, and thus an associate of, CEA Holding</p>
<p>2. Catering Services Agreement</p>	<p>(Eastern Air Catering Investment Co. Ltd.) (the “Holding C”), which is interested as to 55% by, and thus an associate of, CEA Holding</p>

The Financial Services Transaction

Financial Services Renewal Agreement

The Finance Company is a non-bank finance company approved and regulated by the relevant PRC regulatory authorities including the People’s Bank of China and the China Banking Regulatory Commission.

On 12 May, 2005, the Company entered into a financial services agreement with the Finance Company, pursuant to which the Finance Company will from time to time provide the Group with a range of financial services including (i) deposit services, (ii) loan and financing services and (iii) other financial services such as the provision of trust loans, financial guarantees and credit facilities and credit references (the scope of “other financial services” under the Financial Services Renewal Agreement is not limited and various services may be provided to the Group as and when they are needed) (the “**Existing Financial Services Agreement**”).

LETTER FROM THE BOARD OF DIRECTORS

On 29 April 2008, the Company entered into an agreement relating to the renewal of the Existing Financial Services Agreement in substantially the same terms for a further term of 3 years (the “**Financial Services Renewal Agreement**”).

Pursuant to the Financial Services Renewal Agreement, the Finance Company shall deposit all moneys deposited by the Group under the agreement with commercial bank(s) in China, including, for example, Industrial and Commercial Bank of China, China Construction Bank, Bank of Agriculture and Bank of Communications. The Finance Company has also undertaken under the Financial Services Renewal Agreement that all outstanding loans it provides to members of the CEA Holding Group will not at any time and from time to time exceed the aggregate amount of its equity capital, surplus reserves and deposits received from other parties.

Term

Subject to approval being obtained from the Independent Shareholders at the AGM, the Financial Services Renewal Agreement will be effective for a term of 3 years commencing from 1 July 2008 to 30 June 2011.

Pricing

Under the Financial Services Renewal Agreement:

- (i) The Finance Company shall accept deposits from the Group at interest rates not lower, and thus no less favourable, than the relevant standard rates set by the People’s Bank of China for similar deposits;
- (ii) The Finance Company shall provide loan and financing services to the Group at interest rates not higher than the relevant standard rates set by the People’s Bank of China for similar services; and
- (iii) In respect of the provision of other financial services, the fees and charges payable by the relevant member(s) of the Group to the Finance Company shall be determined by reference to the applicable standard fees and charges as specified by the People’s Bank of China from time to time, and if no such standard fees and/or charges have been specified by the People’s Bank of China for the particular services, such services shall be provided by the Finance Company on terms no less favourable than terms available from commercial banks in China. The fees and charges, together with other details in respect of each specific transaction for the particular services, will then be recorded in separate implementation agreement(s) between the relevant member(s) of the Group and the Finance Company in the performance of the Financial Services Renewal Agreement.

The service charges pursuant to the Financial Services Renewal Agreement are payable by the Group as and when the services are utilised.

LETTER FROM THE BOARD OF DIRECTORS

Reasons for and benefits of the transaction

As mentioned above, under the Financial Services Renewal Agreement, the Group will receive interest on its moneys deposited with the Finance Company at rates which are no less favourable than the standard rates set by the People's Bank of China, and will be able obtain loans and financing from the Finance Company at interest rates not higher than such standard rates.

Further, the Company is not restricted under the Financial Services Renewal Agreement to approach, and in fact may choose, any bank or financial institution to satisfy its financial service needs. Its criteria in making the choice could be made on costs and quality of services. Therefore, the Group may, but is not obliged to, continue to use the Finance Company's services if the service quality provided is competitive. Having such flexibility afforded under the Financial Services Renewal Agreement, the Group is able to better manage its current capital and cashflow position. In addition, it is also expected that the Finance Company will provide more efficient settlement service to the Group, as compared to independent third-party banks. Accordingly, the Directors believe that it is in the interests of the Company to enter into the Financial Services Renewal Agreement.

Listing Rules' implications

In respect of the provision of deposit services under the Financial Services Renewal Agreement, the relevant "percentage ratio" applicable to such transaction for the purpose of Chapter 14A of the Listing Rules is expected to exceed 2.5% on an annual basis in the on-going performance of the agreement. The transaction therefore constitutes a non-exempt continuing connected transaction of the Company under the Listing Rules, and such transaction together with the associated annual caps will be subject to approval by the Independent Shareholders at the AGM. Furthermore, the Financial Services Transaction also constitutes a discloseable transaction pursuant to the Listing Rules and are accordingly subject to the relevant disclosure and reporting requirements.

In respect of the provision of loan and financing services under the Financial Services Renewal Agreement, since the services are being provided by the Finance Company to the Group at interest rates not higher than the relevant standard rates set by the People's Bank of China, the transaction involves provision of financial assistance by the Finance Company for the benefit of the Group on normal commercial terms (or better to the Group) where no security over the assets of the Group is granted in respect of the financial assistance. This part of the transaction is therefore exempted from the reporting, announcement and independent shareholders' approval requirements, by virtue of Rule 14A.65(4) of the Listing Rules.

LETTER FROM THE BOARD OF DIRECTORS

In respect of the provision of other financial services under the Financial Services Renewal Agreement (i.e. financial services other than deposit and loan and financing services), the Finance Company had not previously provided any such services to the Group and any future transaction that may take place between the Group and the Finance Company in respect of such services is expected to be minimal. Accordingly, pursuant to Rule 14A.31 such transactions are exempt from all reporting, announcement and Independent Shareholders approval requirements. Should such transactions exceed the exemption threshold in future, the Company will be required to re-comply with the applicable connected transaction regulatory requirements under Chapter 14A of the Listing Rules.

Historical figures

The historical figures of the deposit services provided by the Finance Company to the Group for the three financial years ended 31 December 2005, 2006 and 2007 are approximately RMB513.44 million, RMB1,031.83 million and RMB1,072.09 million respectively. The Finance Company had not provided any financial services other than deposit and loan and financing services to the Group for the three financial years ended 31 December 2005, 2006 and 2007.

Annual caps

The proposed annual caps for deposits pursuant to the Financial Services Renewal Agreement are mainly based on: (i) the future management of the Group's cash resources; and (ii) the anticipated business growth and expansion of the Group.

The Group intends to centralise its cash resources with a few selected financial institutions in order to improve financial management as well as possibly benefiting from increased economies of scale due to the centralisation.

Together with the continuous economic growth in the PRC, the Directors are optimistic and anticipates that the domestic air transportation market will continue to grow in the near future. The Group will also be introducing a number of new aircrafts which will commission into service in 2008 to meet the raising demand. Accordingly, it is expected that the volume of the Group's cashflow will increase.

Having considered the historical figures and taking account of the circumstances above, the maximum daily outstanding balance of deposits as contemplated under the Financial Services Renewal Agreement is not expected to exceed RMB2,500 million for each of the three financial years ending 31 December 2008, 2009 and 2010, taking into account the anticipated gradual and organic growth of the Group's business over these years.

The Directors believe that these proposed annual caps will be able to provide the Group with sufficient flexibility for its expected future financial arrangements with the Finance Company.

LETTER FROM THE BOARD OF DIRECTORS

The Catering Services Transaction

Catering Services Agreement

The Holding Catering Company is the holding company whose subsidiaries (each a “**Catering Company**” and collectively the “**Catering Companies**”) are principally engaged in the business of providing catering and related services for airline companies, and have established operating centres at various airports located in Anhui, Gansu, Jiangxi, Jinan, Kunming, Ningbo, Qingdao, Shanghai, Wuhan, Xi’an and Yantai.

On 12 May 2005, the Company entered into several catering services agreements with the Catering Companies respectively pursuant to which the Catering Companies will from time to time provide the Group with in-flight catering services (including the supply of in-flight meals and beverages, cutlery and tableware) and related storage and complementary services required in the daily airline operations and civil aviation business of the Group (“**Catering Services**”). The Catering Companies provides their services in accordance with the specifications and schedules as from time to time specified by the relevant member(s) of the Group to accommodate its operation needs (collectively the “**Existing Catering Services Agreements**”).

On 29 April 2008, the Company has entered into an agreement with the Holding Catering Company, pursuant to which the Catering Companies shall provide the Catering Services in substantially the same terms as set out in the Existing Catering Services Agreements (“**Catering Services Agreement**”).

Term

Subject to approval being obtained from the Independent Shareholders at the AGM, the Catering Services Agreement will be effective for a term of 3 years, commencing from 1 July 2008 to 30 June 2011.

Pricing

Under the Catering Services Agreement, the service fees payable by the Company for the services provided shall be based on prevailing market rates available from independent third-party service providers under comparable conditions. Such service fees shall be determined based on arm’s length negotiations, and shall be no less favourable than those offered by the respective Catering Company to independent third parties. Such service fees are payable monthly in arrears, within 60 days of the receipt of invoices issued by the respective Catering Company.

LETTER FROM THE BOARD OF DIRECTORS

Reasons for and benefits of the transaction

The Directors believe that the entering into of the Catering Services Agreement will be beneficial to the Group and its business operations, and in turn is believed to be conducive to the interests of the Company's shareholders.

This is because each of the Catering Company is a company specialised in the provision of catering and related services for airline companies, and more importantly have local operating centres at various airports located in Anhui, Gansu, Jiangxi, Jinan, Kunming, Ningbo, Qingdao, Shanghai, Wuhan, Xi'an and Yantai, covering the focal operating areas of the Group's airlines and aviation business. The Catering Companies have been providing catering services to the Group and will have a good understanding of the Group's culture and operations. The Catering Companies, through their operating centres, will therefore be able to provide fast and high-quality catering services in response to requirements, normal or special, as may be specified from time to time by the relevant member(s) of the Group to accommodate its day-to-day operation needs, and to, for example, cater for its different flight schedules (including regular, chartered and temporary flights). Further, the various operating centres of the Catering Companies are equipped with advanced facilities and required infrastructure for the provision of catering and related services, and are believed to be able to provide reliable and efficient services.

Historical figures

The historical figures of the total service fees paid by the Group to the Catering Companies for each of the three financial years ended 31 December 2005, 2006 and 2007 are approximately RMB231.89 million, RMB284.24 million and RMB330.56 million respectively.

Annual caps

Based on such historical figures, and the expected expansion and developments of the Group's business, the total amounts of service fees payable by the Company under the Catering Services Agreement for the three financial years ending 31 December 2008, 2009 and 2010 are not expected to exceed RMB469.90 million, RMB540.39 million and RMB621.49 million respectively, taking into account the anticipated gradual and organic growth of the Group's business over these years.

Clarification of the locations of operating centres of the Catering Companies

It was stated in the Company's announcement dated 29 April 2008 that the Catering Companies have local operating centres at various airports located in, amongst others, Shanxi. It has subsequently come to the Board's attention that the relevant reference in the Catering Services Agreement contained a typographical error and the reference to Shanxi (or Shaanxi) should be made to Gansu instead, and the same has duly ratified by both parties.

Listing Rules' implications

As the relevant percentage ratio applicable to the Catering Services Agreement for the purpose of Chapter 14A of the Listing Rules is expected to be or likely to exceed 2.5% on an annual basis, the transaction is expected to constitute a non-exempt continuing connected transaction of the Company under the Listing Rules, and such transaction together with the associated annual caps will be subjected to approval by the Independent Shareholders at the AGM.

LETTER FROM THE BOARD OF DIRECTORS

Summary of the Financial Services Transaction and the Catering Services Transaction and the associated annual caps

Transactions	Annual caps		
	31 December 2008	For the financial year ending 31 December 2009	31 December 2010
Financial services			
<i>Deposit and other financial services</i>	RMB2,500.00 million	RMB2,500.00 million	RMB2,500.00 million
Catering services	RMB469.90 million	RMB540.39 million	RMB621.49 million

In respect of each of the Financial Services Transaction and the Catering Services Transaction, the associated annual cap represents the maximum aggregate annual value of consideration payable under the relevant transaction. If any annual cap for a transaction is exceeded, the Company will be required to re-comply with the applicable connected transaction regulatory requirements under Chapter 14A of the Listing Rules.

Financial impact of the transactions

As mentioned above, the transactions are intended to be financed through the Company's internal resources. The transactions are not expected to result in any material impact on the earnings, assets and liabilities of the Group.

Implications under the Listing Rules

With respect to the Financial Services Transaction and the Catering Services Transaction, the relevant "percentage ratio" applicable to such transactions for the purpose of Chapter 14A of the Listing Rules is expected to exceed 2.5% on an annual basis in the on-going performance of the agreement. The transactions therefore constitutes non-exempt continuing connected transactions of the Company under the Listing Rules, and such transactions together with the associated annual caps will be subjected to approval by the Independent Shareholders at the AGM. As the proposed annual caps sought are applicable until 31 December 2010, the Company will re-comply with the requirements under the Listing Rules for the period thereafter at the relevant time.

Since CEA Holding is the controlling shareholder of the Company, each member of the CEA Holding Group is therefore a connected person of the Company.

LETTER FROM THE BOARD OF DIRECTORS

CEA Holding and its associate(s), if any, will at the AGM abstain from voting on the ordinary resolutions approving the Financial Services Transaction and the Catering Services Transaction, and the associated annual caps, which will be taken on a poll as required under the Listing Rules.

As at the Latest Practicable Date, CEA Holding and its associate(s) are collectively interested in approximately 59.67% in the Company's total issued share capital.

The Independent Board Committee has been appointed to advise the Independent Shareholders in respect of the Financial Services Transaction and the Catering Services Transaction, and the associated annual caps. The Independent Financial Adviser was appointed to advise the Independent Board Committee regarding the terms of the Financial Services Renewal Agreement and the Catering Services Agreement and the transactions contemplated thereunder and the associated annual caps thereof.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

PRINCIPAL FACTORS AND REASONS CONSIDERED

In considering whether the terms of the Transactions and the Proposed Caps are fair and reasonable so far as the Independent Shareholders are concerned, we have taken into account the following principal factors and reasons:

- **The Financial Services Renewal Agreement**

- 1. Reasons for the Financial Services Renewal Agreement*

The Finance Company, being a regulated non-bank finance company, has already provided various banking services, including the depository and loan services, to the Group for over a decade. Having considered the long-term satisfactory co-operative business relationship with the Finance Company, the Directors believe that the entering into the Financial Services Renewal Agreement will enable the Group to obtain quality banking services from a stable service provider, the Finance Company on an effective and efficient manner.

The Finance Company also offers a wide range of financial services to the Group and the Group is not restricted under the Financial Services Renewal Agreement to approach, and in fact may choose, any bank or financial institution to satisfy its financial service needs. Therefore, the Group may at its discretion, but is not obliged to, continue to use the Finance Company's services if the service quality provided is competitive. The Directors also expect that the Finance Company will provide more efficient settlement service to the Group, as compared to independent third-party banks. Also, according to the 2007 annual report of the Company, the Group's cash management policy is to deposit cash and cash equivalents mainly in state-owned banks and other banks, which are highly rated by an international credit rating company, and the Finance Company. The Directors consider that the Company does not expect any loss to arise from nonperformance by the banks, the financial institutions and the Finance Company. As such, with flexible and quality financial services offered by the Finance Company, the Group is able to better manage its current capital and cashflow position.

Based on the above factors that (i) the Group has developed a long-term satisfactory co-operative business relationship with the Finance Company; and (ii) the Group is provided with flexibility to select suitable service providers from time to time, we consider the entering into the Financial Services Renewal Agreement is fair and reasonable and in the interest of the Company and the Shareholders as a whole.

- 2. Pricing*

Pursuant to the terms of the Financial Services Renewal Agreement, the Group will receive interest on its moneys deposited with the Finance Company at rates which are no less favourable than the standard rates set by the PBOC for similar deposits, and will also be able to obtain loans and financing services from the Finance Company at interest rates not higher than relevant standard rates set by the PBOC for similar services. As such, the Directors believe the Group will enjoy the financial services provided by the Finance Company at rates and terms comparable to other third party commercial banks in the PRC.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

Given the terms of services offered by the Finance Company are comparable to independent third-party service providers, we consider the pricing mechanism under the Financial Services Renewal Agreement is fair and reasonable.

3. *The Proposed Financial Services Annual Caps*

In respect of the provision of loan and financing services under the Financial Services Renewal Agreement, since the services are being provided by the Finance Company to the Group at interest rates not higher than the relevant standard rates set by the PBOC, the transaction involves provision of financial assistance by the Finance Company for the benefit of the Group on normal commercial terms (or better to the Group) where no security over the assets of the Group is granted in respect of the financial assistance. This part of the transaction is therefore exempted from the reporting, announcement and the approval from the Independent Shareholders, by virtue of Rule 14A.65(4) of the Listing Rules.

In respect of the provision of the other financial services under the Financial Services Renewal Agreement (i.e. financial services other than deposits and loan and financing services), the Finance Company had not previously provided any such services to the Group and any future transaction that may take place between the Group and the Finance Company in respect of such services is expected to be minimal. Accordingly, pursuant to Rule 14A.31 of the Listing Rules, such transactions are exempt from all reporting, announcement and Independent Shareholders approval requirements. Should such transactions exceed the exemption threshold in future, the Company will be required to re-comply with the applicable connected transaction regulatory requirements under Chapter 14A of the Listing Rules.

The historical figures of the deposit provided by the Finance Company to the Group for the three financial years ended 31 December 2005, 2006 and 2007 were approximately RMB513.44 million, RMB1,031.83 million and RMB1,072.09 million respectively and the historical caps for the same period were RMB1,050 million, RMB1,100 million and RMB1,150 million respectively. The Finance Company had not provided any financial services other than the deposit and loan and financing services to the Group for the three financial years ended 31 December 2005, 2006 and 2007.

Having considered the historical figures and taking into account of the factors to be discussed below, the Company proposed the maximum daily outstanding balance of deposits as contemplated under the Financial Services Renewal Agreement is not expected to exceed RMB2,500 million for each of the three financial years ending 31 December 2008, 2009 and 2010 (the "Proposed Financial Services Annual Caps").

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

As advised by the Directors, the Proposed Financial Services Annual Caps are determined based on (i) the future policies and/or strategies on handling the Group's cash resources; and (ii) the anticipated business growth and expansion of the Group.

(i) *The future policies and/or strategies on handling the Group's cash resources*

As discussed with the Directors, they believe the Group will be benefited by centralisation of its cash resources with a few selected financial institutions for better and easier management while the Group may, from time to time, enjoy more favourable deposit interests and lower administrative expenses.

As illustrated in above section headed "Reasons for the Financial Services Renewal Agreement", in consideration of the long-term satisfactory business relationship developed between the Group and the Finance Company, the Directors consider that it is appropriate and in the interest of the Group to increase the amount of deposits to be placed in the Finance Company, a reliable partner to facilitate the Group's cash management policies and/or strategies as and when required.

(ii) *The anticipated business growth and expansion of the Group*

We note from the Group's latest financial statement that the Group recorded a turnaround profit of approximately RMB245 million for the financial year ended 31 December 2007 while the net cash generated from the Group's operating activities improved substantially from approximately RMB1,339 million as at 31 December 2006 to approximately RMB2,695 million as at 31 December 2007.

With the continuous economic growth in the PRC, the Directors are optimistic to the demand in the domestic air transportation market, especially during 2008 and 2010 which large numbers of visitors are anticipated to visit China for the Olympic Games and the World Exposition Shanghai China 2010 respectively. In order to meet the rising demand, the Group will introduce a number of new aircrafts which will commission into service by 2008.

Accordingly, the Directors expect the financial performance, as well as the working capital, of the Group will be further improved. Consequentially, possible increase in cash inflows and outflows will be noted.

Having considered the above factors, the Directors propose to substantially increase the annual cap to RMB2,500 million for the respective year ending 31 December 2008, 2009 and 2010 from RMB1,150 million in 2007 to accommodate the highest possible amount of cash inflow of the Group to be deposited into the Finance Company during peak seasons.

Taking into account the factors as stated above, we are of the view that the bases for determining the proposed caps for each of the three financial years ending 31 December 2008, 2009 and 2010 in respect of the deposit services under the Financial Services Renewal Agreement are fair and reasonable so far as the Independent Shareholders are concerned.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

• **The Catering Services Agreement**

1. *Reasons for the Catering Services Agreement*

The Group, during its normal course of business on operating its aviation transportation business, engages a number of service providers, who are connected persons or independent third parties, for the provision of catering services from time to time.

Each of the Catering Company is a company specialised in the provision of catering and related services for airline companies, and more importantly have local operating centres at various airports located in Anhui, Gansu, Jiangxi, Jinan, Kunming, Ningbo, Qingdao, Shanghai, Wuhan, Xi'an and Yantai, covering the focal operating areas of the Group's airlines and aviation business in the PRC. Located in the strategically important locations, the Directors consider that the Catering Companies can offer fast and high-quality catering services to the Group in response to requirements, normal or special, as may be specified from time to time by the relevant member(s) of the Group to accommodate its day-to-day operation needs.

As advised by the Directors, the Catering Companies have also been providing catering services to the Group for a decade and have a good understanding of the Group's culture and operations. Further, the various operating centers of the Catering Companies are equipped with advanced facilities and required infrastructure for the provision of catering and related services. In light of the above, the Directors believe the Catering Companies will be able to provide reliable and efficient services to the Group.

In consideration of the above factors, the Directors believe that the Catering Companies can continue to offer quality catering services to the Group in fast and efficient manner which could accommodate the Group's specified requirements and it is the interest of the Company and the Shareholders as a whole to enter into the Catering Services Agreement.

2. *Pricing*

As stipulated in the Catering Services Agreement, the Catering Companies will charge the Group service fees based on prevailing market rates available from independent third-party service providers under comparable conditions. Such service fees shall be determined based on arm's length negotiations, and shall be no less favourable than those offered by respective Catering Companies to independent third parties.

Given the rates offered by the respective Catering Company are comparable to that as offered to its other independent third parties, we consider that the pricing mechanism under the Catering Services Agreement is fair and reasonable.

Based on the reasons for the entering into the agreement as elaborated above and the market reference pricing mechanism under the Catering Services Agreement, we consider the entering into the Catering Services Agreement is fair and reasonable and in the interest of the Company and the Shareholders as a whole.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

3. The Proposed Catering Services Annual Caps

Set out below is a table showing the historical transaction volumes and the proposed caps of the transactions contemplated under the Catering Services Agreement (the “Proposed Catering Services Annual Caps”):

	For the financial year ended 31 December			For the financial year ending 31 December		
	2005 (RMB' million)	2006 (RMB' million)	2007 (RMB' million)	2008 (RMB' million)	2009 (RMB' million)	2010 (RMB' million)
	Historical caps			Proposed caps		
Caps						
Catering Services	363	417	480	469.90	540.39	621.49
Historical transaction amounts						
Catering Services	231.89	284.24	330.56			

In arriving the Proposed Catering Services Annual Caps, the Directors have considered a number of factors including (i) historical transaction amounts for the Catering Services; (ii) the increase in number of services providers in additional locations under the Catering Services Agreement; and (iii) the anticipated business growth and expansion of the Group.

(i) *Historical transaction amounts*

The transactions contemplated under the Existing Catering Services Agreements for the three financial years ended 31 December 2005, 2006 and 2007 amounted to approximately RMB231.89 million, RMB284.24 million and RMB330.56 million respectively, representing an increment of approximately 22.6% and 16.3% as compared with prior comparable financial years. As understood from the Directors, they expect the future service fees will be increased at a comparable rate of approximately 15% over the year 2008 to year 2010.

(ii) *Increase in number of services providers in additional locations*

During the financial years ended 31 December 2005, 2006 and 2007, the Group obtained the catering services from the Catering Companies on five locations. As confirmed by the Directors, under the Catering Services Agreement, the Group will obtain catering services from the Holding Catering Company in six additional locations, which were provided by independent third-party service providers previously before they became members of the Holding Catering Company. The Directors further confirmed that the prices on catering services offered by the respective Catering Company were comparable to the prices offered by the independent third-party service providers in the new locations. With the increase in number of service providers in the future years, the Directors expect each of the Proposed Catering Services Annual Caps amounts will increase accordingly as compared to the historical transaction amount of approximately RMB330.56 million in 2007.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

(iii) *Anticipated business growth and expansion of the Group*

The Directors anticipate the market demand for the aviation transportation market will be increased, especially due to the Olympic Games to be held in Beijing in 2008 and the World Exposition Shanghai China 2010 to be held in Shanghai in 2010. The demand for the catering services is hence expected to boost up directly in the near future. As such, the Directors expect the proposed cap for the financial year ending 31 December 2008 will be increased accordingly as compared to the historical transaction amount in 2007.

Having taken into account the above factors, we consider that the bases adopted to determine the Proposed Catering Service Annual Caps for the three financial years ending 31 December 2008, 2009 and 2010 are fair and reasonable and in the interests of the Company and the Shareholders as a whole.

RECOMMENDATIONS

Having considered the above principal factors and reasons as mentioned above, in particular the background and reasons for the Transactions and the assumptions made in determining the Proposed Caps, we consider that the Transactions and the Proposed Caps are on normal commercial terms, in the ordinary course of business, and in the interests of the Company and the Shareholders as a whole, and are fair and reasonable so far as the Independent Shareholders are concerned. Accordingly, we advise the Independent Board Committee to recommend the Independent Shareholders, and we also recommend the Independent Shareholders, to vote in favour of the relevant resolutions in relation to the Transactions and the Proposed Caps, to be proposed at the AGM.

Yours faithfully,
For and on behalf of
DAO HENG SECURITIES LIMITED
