PROXY STATEMENT

The Board of Directors of Escalade, Incorporated (hereinafter referred to as "Escalade" or the "Company"), headquartered at 817 Maxwell Avenue, Evansville, Indiana 47711 Ph: (812) 467-4449, is soliciting proxies, the form of which is enclosed, for the Annual Meeting of Stockholders to be held on Friday, April 26, 2013, at 7:30 a.m. Central Daylight Savings Time. Each of the 13,438,435 shares of common stock outstanding on February 20, 2013 is entitled to one vote on all matters acted upon at the meeting and only stockholders of record on the books of the Company at the close of business on February 20, 2013 will be entitled to vote at the meeting, either in person or by proxy.

The shares represented by all properly executed proxies received by the Company will be voted as designated and each not designated will be voted affirmatively "For" the election of directors and Items 2 and 3, and "1 Year" on Item 4. Unless discretionary authority is withheld, all other matters coming before the meeting will be voted according to the best judgment of the proxies. Any proxy given by a stockholder of record may be revoked at any time before it is voted, by written notice to the Company's Secretary, by execution of a later dated proxy, or by a personal vote at the Annual Meeting. This proxy statement is being mailed to stockholders on or about March 22, 2013.

The expense of soliciting proxies will be borne by the Company. Proxies will be solicited principally by mail, but may also be solicited by directors, officers, and other regular employees of the Company, who will receive no compensation in addition to their regular salaries. Bankers and others who hold stock in trust will be asked to send proxy materials to the beneficial owners of the stock, and the Company may reimburse them for their expenses.

The holders of a majority of the Company's outstanding common stock must be present or represented by proxy at the Annual Meeting to constitute a quorum.

The four (4) nominees receiving the greatest number of votes cast at the Annual Meeting upon the presence of a quorum will be elected as directors. A properly executed proxy marked "Withhold Authority to Vote" with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum present at the Annual Meeting. The persons named as proxies in the enclosed proxy will vote for the election of the nominees named below unless authority to vote is withheld.

For each other item presented at the Annual Meeting, the affirmative vote of the holders of a majority of the Company's shares present or represented by proxy at the Annual Meeting and entitled to vote on the item will be required for approval. A properly executed proxy marked "Abstain" with respect to any such matter will not be voted, although it will be counted for purposes of determining whether there is a quorum present at the Annual Meeting.

Accordingly, an abstention will have the effect of a negative vote.

If you hold your shares in “street name” through a broker or other nominee, your broker or nominee may not be permitted to exercise voting discretion with respect to some of the matters to be acted upon. Thus, if you do not give your broker or nominee specific instructions, your shares may not be voted on those matters and will not be counted in determining the number of shares necessary for approval. Shares represented by such “broker non-votes” will be counted in determining whether there is a quorum.

The Annual Report of the Company for its fiscal year 2012 is being mailed to you with this proxy statement, but such report and financial statements are not a part of this proxy statement.

ITEM NO. 1

ELECTION OF DIRECTORS

The Board of Directors voted to set the size of the Board at seven (7) members. Three of the Directors currently serving on the Board were elected to two-year terms at the 2012 Annual Meeting of Stockholders, with terms ending at the 2014 Annual Meeting. Four of the Directors currently serving on the Board were elected to two-year terms at the 2011 Annual Meeting of Stockholders, with terms ending at this 2013 Annual Meeting. These four Directors are Robert E. Griffin, Robert J. Keller, Richard F. Baalman, Jr., and Patrick J. Griffin, who have been nominated by the Board for re-election. Each nominee elected at the 2013 Annual Meeting will serve a two-year term, expiring at the 2015 Annual Meeting. The Board of Directors unanimously recommends that Messrs. Robert Griffin, Keller, Baalman, Jr., and Patrick Griffin be re-elected as Directors.

Director candidates are nominated by the independent members of the Board of Directors, as the Company does not believe that it is necessary to have a separate Nominating Committee, as such nominations are handled by the full Board. The Board has determined that a potential candidate to be nominated to serve as a director should have the following primary attributes: high achievement expectations with regard to increasing stockholder value;

uncompromising position on maintaining ethics; conservative attitude towards financial accounting and disclosure; and should be a stockholder of the Company to bring the perspective of a stockholder to the Board. The Board believes that the composition of the Board as a whole should reflect diversified experience, education and skills in manufacturing, consumer product sales and marketing, investment banking, accounting and finance, exporting to global markets, and knowledge of the Company's culture. The Board further believes that gender, age and ethnic diversity can enhance the overall perspectives of the Board and of management. The Board takes all of these diversity factors into account when considering individual director candidates.

To date, the Board has not deemed it necessary to engage a third party search firm to assist in identifying suitable candidates for directors, but has the authority to do so in the future. No fees were paid to any such search firm in connection with the nominees for directors named in this proxy statement. The Board believes that the existing Board members and executive management of the Company have sufficient networks of business contacts that will likely form the candidate pool from which nominees will be identified. Once a candidate is identified, as many members of the Board as feasible will meet with such candidate and the Board as a whole subsequently will evaluate the candidates using the criteria outlined above. The independent Board members will then make the final determination of whether or not to nominate the candidate.

Under the Company's Bylaws, director nominations may be brought at an annual meeting of stockholders only by or at the direction of the Board of Directors or by a stockholder entitled to vote who has submitted a nomination in accordance with the requirements of the Company's Bylaws as in effect from time to time. To be timely under the Bylaws as now in effect, a stockholder notice must be delivered to the Company's Secretary at the principal executive offices in Evansville, Indiana not less than ninety (90) days prior to the first anniversary of the preceding year's annual meeting of stockholders. Under this provision, nominations for this year's Annual Meeting were due by January 28, 2013. The Company has received no proposals for this Annual Meeting.

ITEM NO. 2

RATIFICATION OF THE APPOINTMENT OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors proposes and recommends that the stockholders approve the selection by the Committee of BKD, LLP to serve as the Company's independent registered public accounting firm for the Company for the Company's fiscal year 2013. Action by the stockholders is not required by law in the appointment of an independent registered public accounting firm, but their appointment is submitted by the Audit Committee of the Board of Directors in order to give the stockholders a voice in the designation of auditors. If the proposal approving BKD, LLP as the Company's independent registered public accounting firm is rejected by the stockholders, then the Committee will reconsider its choice of independent auditors. Even if the proposal is approved, the Audit Committee in its discretion may direct the appointment of different independent auditors at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders.

Ratification of the appointment of BKD, LLP as our independent registered public accounting firm for 2013 requires the affirmative vote of a majority of the shares of common stock present in person or represented by proxy at the Annual Meeting and entitled to vote thereon. If you are a street name stockholder and do not vote your shares, your bank, broker or other nominee can vote your shares at its discretion on the proposal to ratify the appointment of the independent registered public accounting firm.

The Audit Committee of the Board of Directors unanimously recommends that you vote “FOR” Proposal 2 relating to the ratification of the appointment of the Independent Registered Public Accounting Firm.

ITEM NO. 3

NON-BINDING VOTE ON COMPENSATION

OF NAMED EXECUTIVE OFFICERS

(SAY-ON-PAY)

In accordance with Section 14A of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), the Company’s stockholders are entitled to vote at the Annual Meeting to approve the compensation of the Company’s named executive officers, commonly known as a “Say on Pay” proposal. The stockholder vote on executive compensation is an advisory vote only, and it is not binding on the Company or the Company’s Board of Directors or the Compensation Committee of the Board.

Although the vote is non-binding, the Company’s Board of Directors and the Compensation Committee of the Board value the opinions of the stockholders and will consider the outcome of the vote when making future compensation decisions affecting the Company’s named executive officers.

The primary goal of our executive compensation program is the same as our goal for operating the company – to maximize corporate performance and thereby create value for our stockholders. To achieve this goal we have designed an executive compensation program based on the following principles:

Paying for performance – A significant portion of each named executive’s potential cash compensation is made subject to achieving business performance measures.

Alignment with the interests of stockholders – Equity awards align our named executives’ financial interests with those of our stockholders by providing value to our executives if the market price of our stock increases.

Attracting and retaining top talent – The compensation of our executives must be competitive so that we may attract and retain talented and experienced executives in our industry.

A detailed description of our executive compensation policies and programs is included in the Compensation Discussion and Analysis in this proxy statement beginning on page 13.

The Company’s stockholders are being asked to approve, by non-binding vote, the following resolution at the Annual Meeting of Stockholders:

Resolved, that the compensation paid to the Company’s named executive officers, as disclosed in this Proxy Statement, including the Compensation Discussion and Analysis, compensation tables and narrative discussion is hereby approved.

This vote is not intended to address any specific item of compensation, but rather the overall compensation that is paid to our named executive officers resulting from our compensation objectives, policies and practices as described in this proxy statement.

The Board of Directors unanimously recommends that you vote “FOR” Proposal 3 relating to the non-binding vote on compensation of named executive officers.

ITEM NO. 4

NON-BINDING VOTE ON THE FREQUENCY OF FUTURE NON-BINDING STOCKHOLDER VOTES ON THE COMPENSATION OF NAMED EXECUTIVE OFFICERS

In accordance with Section 14A of the Exchange Act, the Company's stockholders are also entitled to vote at the Annual Meeting regarding whether the stockholder vote to approve the compensation of the named executive officers as required by Section 14A of the Exchange Act (and as presented in Item 3 of this proxy statement) should occur every year, once every two years, or once every three years. Stockholders also have the option to abstain from voting on the matter. The stockholder vote on the frequency of the say-on-pay vote to approve named executive compensation is an advisory vote only, and it is not binding on the Company or the Board of Directors. Such an advisory vote will be provided to the stockholders at least once every six years.

The appropriate frequency of a non-binding vote on executive compensation is the subject of diverging opinions and views, and we believe there is reasonable basis for each of the three options. Less frequency would encourage a more long-term, rather than short-term analysis of our executive compensation programs and would avoid the burden that annual votes would impose on stockholders required to evaluate the compensation programs of a large number of companies each year. Conversely, greater frequency provides stockholders the opportunity to react promptly to emerging trends in compensation and gives the Board of Directors and the Compensation Committee the opportunity to evaluate individual compensation decisions and compensation program changes each year in light of the timely feedback from stockholders.

After careful consideration, our Board of Directors has determined that a non-binding vote on named executive compensation that occurs every year is the most appropriate alternative for the Company at this time. We understand that our stockholders may have different views as to what is the best approach for the company and we look forward to hearing from you on this proposal.

Although the stockholders' vote is non-binding, the board of Directors will take into account the outcome of the vote when considering how frequently to hold "say-on-pay" votes. Notwithstanding the Board's recommendation and the outcome of the stockholder vote, the Board may in the future decide to alter the frequency of non-binding votes and may vary its practice based on factors such as discussion with stockholders and the adoption of material changes to compensation programs. As required by the law as currently in effect, the Board will put the frequency issue before the stockholders for a new non-binding vote at least once every six years.

The Board of Directors unanimously recommends that you vote "1 YEAR" on Proposal 4 relating to the frequency of future non-binding stockholder votes on the compensation of named executive officers.

BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

To the best of the Company's knowledge, all of the Company's directors, officers and 10% or more stockholders have timely filed with the Securities and Exchange Commission all reports required to be so filed pursuant to Section 16 of the Securities Exchange Act of 1934 for fiscal 2012.

BOARD OF DIRECTORS, ITS COMMITTEES, MEETINGS, AND FUNCTIONS

The Board of Directors of the Company currently consists of seven members. There are four independent members on the Board (Edward E. Williams, Richard D. White, George Savitsky and Richard F. Baalman, Jr.), two members who currently serve as executive officers of the Company (Robert J. Keller and Patrick J. Griffin), and one member who is a past executive officer (Robert E. Griffin).

During 2012, all Directors attended 100% of all regular meetings of the Board of Directors and the committees on which they served. The Board of Directors had six meetings and the independent directors held regular executive sessions in conjunction with four of the Board meetings. The Board has not designated a lead or presiding director to chair executive sessions.

Stockholders may communicate directly with the Board of Directors in writing by sending a letter to the Board at: Escalade, Incorporated, 817 Maxwell Avenue, Evansville, Indiana 47711. All communications directed to the Board will be received and processed by the Company's office of the Chief Financial Officer and will be transmitted to the Chairman of the Audit Committee without any editing or screening by such office.

Board Leadership Structure

The Board has placed responsibilities on the Chairman of the Board separate from President and CEO as it believes this provides better accountability between the Board and the management team. The Board believes it is better to have a separate Chairman, whose responsibility is to lead the Board members as they provide leadership to the executive team. This responsibility includes facilitating communication among the directors; setting the Board meeting agendas in consultation with the President and CEO; and presiding at Board meetings and stockholder meetings. This delineation of duties allows the President and CEO to focus his attention on managing the day-to-day business of the Company. The Board believes this structure provides strong leadership for the Board, while positioning the President and CEO as the leader of the Company in the eyes of customers, employees and stockholders.

Currently, Mr. Robert Griffin serves as the Chairman of the Board, but he is not considered an independent director due to his prior employment with the Company and his family relationship to Mr. Patrick Griffin. Mr. Griffin retired as an executive officer and employee of the Company on April 30, 2010. Given the small size of the Board, the independent directors have a clear voice and direct access to both the Chairman of the Board and the President and CEO. The independent directors meet in executive session on a regular basis, with the discussions being led by the independent director who raises the specific topic(s) being considered in such executive sessions. Accordingly, the Board has not deemed it necessary to designate an independent Chairman of the Board nor to establish a formal structure to ensure that independent ideas are raised and fully discussed, because the Board believes that the current structure already satisfies those objectives.

Risk Oversight of the Company

The Audit Committee is primarily responsible for overseeing the Company's risk management processes on behalf of the full Board by monitoring company processes for management's identification and control of key business, financial and regulatory risks. The Audit Committee receives a report from management annually regarding the Company's assessment of risks and meets in executive session with the Chief Financial Officer each quarter. In addition, the Audit Committee reports regularly to the full Board, which also considers the Company's risk profile. The Audit Committee and the full Board focus on the most significant risks facing the Company and review the Company's risk appetite. Management is responsible for the day-to-day risk management processes. The Company has structured the reporting relationship through the Chief Financial Officer who reports functionally to the Audit Committee. The Board believes this division of responsibilities is the most effective approach for addressing the risks facing the Company and the Board leadership structure supports this approach.

Code of Ethics

The Board of Directors has adopted the Escalade, Incorporated Code of Business Conduct and Ethics (“Code”) which may be found on the Company’s website at: www.escaladeinc.com/Code_of_Conduct.aspx. All employees and Directors of the Company are subject to compliance with the Code.

Committees

The Company has two standing committees, each composed entirely of independent directors. As discussed above, the Board of Directors has no nominating committee. Current committee assignments are detailed in the following table.

Name	Audit Committee	Compensation Committee
Edward E. Williams	Member	
George Savitsky	Chairman(1)	Member
Richard D. White		Chairman(1)
Richard F. Baalman, Jr.	Member(1)	Member

(1) Determined by the Board to be audit committee financial experts.

Audit Committee

The Audit Committee as a whole held five meetings in 2012. At four of those meetings the Committee met with the independent auditors and management to review the interim financial information contained in each quarterly earnings announcement and the annual results. The main functions performed by the Audit Committee are to (1) review with the independent auditors their observations on internal controls of the Company and the competency of financial accounting personnel, (2) review with the chief financial officer and independent auditors, the accounting for specific items or transactions as well as alternative accounting treatments and their effects on earnings, (3) engage the firm of independent certified public accountants to be hired by the Company and review that firm's independence, and (4) approve all audit and non-audit services performed by the Company's independent auditors. The Board of Directors has adopted a written charter for the Audit Committee which can be found on the Company's website at: www.escaladeinc.com/Audit_Committee_Charter.pdf.

Compensation Committee

The Compensation Committee held four meetings in 2012 and held several informal sessions to review salaries and compensation levels within the Company. The Compensation Committee is also responsible for awards of stock options and restricted stock units. The Board of Directors has not adopted a written charter for the Compensation Committee.

Director Compensation

During 2012, each non-employee director of Escalade, Incorporated received an annual retainer of \$35,000 with the exception of the Chairman of the Board who received an annual retainer of \$90,000. Each member of the Audit Committee received an additional annual fee of \$5,000 except for the Audit Committee Chairman who received \$15,000. Each member of the Compensation Committee received an additional annual fee of \$3,000 except for the Compensation Committee Chairman who received \$10,000. Independent directors receive an additional fee of \$1,000 per board meeting attended in excess of eight meetings per year. Members of the Audit Committee and Compensation Committee receive additional fees of \$1,000 per committee meeting attended in excess of six and four meetings, respectively. From time to time, a committee may request that a director who is not a member of that committee participate in additional meetings held for special purposes. Under these circumstances the non-committee member director is compensated similarly to the committee member directors. Each non-employee board member received 7,500 stock options in 2012.

Under the terms of the Escalade, Incorporated 2007 Incentive Plan, Directors can elect to receive some or all of the fees earned in shares of the Company's common stock, or in the form of restricted stock units or stock options which

vest after one year. In 2012, there were 36,059 shares issued pursuant to the plan. In 2012, Messrs. Robert Griffin and White opted to receive 100% of their board compensation in shares of common stock. Mr. Williams received his first quarter payment in cash, and beginning with the second quarter elected to receive all fees in the form of common stock. Mr. Baalman elected to split his compensation between cash and stock.

The following table summarizes the compensation earned by or awarded to each director who served on the Board of Directors during 2012. Compensation for Mr. Robert Keller and Mr. Patrick Griffin is reflected in the “Executive Compensation - Summary Compensation Table.”

REPORT OF THE AUDIT COMMITTEE

In accordance with its written charter as adopted by the Board of Directors (“Board”), the Audit Committee of the Board (“Committee”) assists the Board in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing and financial reporting practices of Escalade. All of the Committee members are independent directors as defined under NASDAQ rules. During fiscal year 2012, the Committee met four times to discuss the interim financial information contained in each quarterly earnings announcement and the annual results with the Chief Financial Officer and independent auditors prior to public release.

In discharging its oversight responsibility as to the audit process, the Committee obtained from the independent auditors a formal written statement describing all relationships between the auditors and the Company that might bear on the auditors’ independence consistent with Independence Standards Board Standard No. 1, “Independence discussions with Audit Committees,” discussed with the auditors any relationships that may impact their objectivity and independence and satisfied itself as to the auditors’ independence. The Audit Committee also discussed and considered whether the provision of non-audit services by the Company’s auditors is consistent with the auditors’ independence. The Audit Committee has determined that the provisions of such services are consistent with the auditors’ independence. The Committee also discussed with management, and the independent auditors the quality and adequacy of Escalade’s internal controls. The Committee reviewed with the independent auditors their audit plan, audit scope and identification of audit risks.

The Committee discussed and reviewed with the independent auditors all communications required by auditing standards generally accepted in the United States of America, including those described in Statement on Auditing Standards No. 61, as amended, "Communication with Audit Committees," and, with and without management present, discussed and reviewed the results of the independent auditors' examination of the financial statements.

The Committee reviewed the audited financial statements of Escalade as of and for the year ended December 29, 2012, with management and the independent auditors. Management has the responsibility for the preparation of financial statements and the independent auditors have the responsibility for the examination of those statements.

Based on the above-mentioned review and discussions with management and the independent auditors, the Committee recommended to the Board that Escalade's audited financial statements be included in its Annual Report on Form 10-K for the year ended December 29, 2012, for filing with the Securities and Exchange Commission.

George Savitsky, Chairman Edward E. Williams Richard F. Baalman, Jr.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee has reviewed and discussed with the Company's management the Compensation Discussion and Analysis ("CD&A") as well as the accompanying tables set forth below. Based on that discussion, the Committee recommended to the Board of Directors that the CD&A be included in this proxy statement and incorporated into the Company's Annual Report on Form 10-K for the Company's fiscal year ended December 29, 2012.

Richard D. White, Chairman Richard F. Baalman, Jr. George Savitsky

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

In 2012, all members of the Compensation Committee were independent directors and served the full year. No other director or executive officer of the Company serves on any board of directors or compensation committee of any entity that compensates any of Messrs. White, Baalman, and Savitsky.

COMPENSATION DISCUSSION AND ANALYSIS (CD&A)

Compensation Philosophy

The Company's philosophy in setting compensation policies for its named executive officers is to align pay with performance, while at the same time providing competitive compensation that allows the Company to retain and attract executive talent. The Compensation Committee, composed entirely of independent Directors, establishes, approves and evaluates the Company's compensation policies applicable to the named executive officers.

Throughout this proxy statement, all references to the "named executive officers" means Robert J. Keller, Deborah J. Meinert, and Patrick J. Griffin, the individuals identified under "EXECUTIVE COMPENSATION – Summary Compensation Table." Throughout 2012, Mr. Keller served as the Company's Chief Executive Officer and Ms. Meinert served as the Company's Chief Financial Officer. Mr. Patrick Griffin served as President of the Martin Yale Group until August 2012, when he assumed responsibilities as the Company's Vice President, Corporate Development and Investor Relations.

The Compensation Committee strongly believes that executive compensation should be directly linked to continuous improvements in corporate performance and increases in stockholder value. Consequently the Compensation Committee has adopted the following guidelines for use in evaluating executive compensation:

· Provide a competitive total compensation package that enables the Company to attract and retain key executive talent;

· Align all pay programs with the Company's annual and long-term business strategies and objectives; and
· Provide a mix of base and performance-leveraged variable compensation that directly links executive compensation to the performance of the Company and stockholder return.

Compensation Program; Mix of Pay Components

Consistent with the above philosophy, the Compensation Committee currently utilizes the following components of compensation for the Company's named executive officers:

- Base salary;
- Annual incentive cash bonuses;
- Long-term equity incentives, historically in the form of stock options and/or restricted stock units; and
- Health, welfare and other benefits

Executive compensation is based on a pay-for-performance philosophy. Consequently, a significant portion of annual and long-term compensation for the named executive officers is at-risk. This provides additional upside potential and downside risk for the Company's executive officers, including the Chief Executive Officer and Chief Financial Officer, recognizing that the individuals serving in these roles have greater influence on the performance of the Company.

Other than employees working under a collective bargaining agreement, all employees of the Company, including the named executive officers, are employed at will. Mr. Robert Keller has a severance payment arrangement, which was established during 2012. No other named executive officers are covered under a severance payment arrangement.

The Role of the Compensation Committee and Method of Determining Amount of Total Compensation

The Compensation Committee is responsible for the approval and administration of compensation programs for the named executive officers. The Committee focuses on the attraction and retention of key executives and, when making decisions, considers the Company's compensation philosophy, the achievement of business goals set by the Company, the competitive environment in which the Company competes for talent, how the Company is positioned for the future, and recommendations made by the Company's Chairman and Chief Executive Officer. While the Committee primarily focuses on compensation for the named executive officers, the Committee also reviews the compensation of certain other key employees, such as the subsidiary and division heads, and the appropriateness and fairness of the allocation of annual incentive compensation among the participants in such plans at the subsidiary level.

For 2012, the Committee reviewed all compensation components for the Company's named executive officers and together with the Board of Directors, reviewed and evaluated the level of performance of the Company and of each executive officer, including the Chief Executive Officer and Chief Financial Officer, in order to determine current and future appropriate compensation levels. In addition, the Committee conducted an annual review of the Company's compensation philosophy to ensure that it remains appropriate given the Company's strategic objectives. The Committee may engage compensation consulting firms in the future but did not deem it necessary in 2012.

Except for the Escalade, Incorporated 2007 Incentive Plan which was approved by stockholders at the 2007 Annual Meeting, the Compensation Committee does not participate in any programs which they administer.

Role of Executive Officers in Compensation Decisions

Mr. Robert Griffin, the Company's Chairman, occasionally participates in Compensation Committee meetings and discussions regarding the compensation of the Company's other named executive officers, but does not make any recommendations regarding his own compensation or the compensation of Mr. Patrick Griffin. Consistent with the Committee's past practices, Mr. Keller, as the Company's Chief Executive Officer, will make recommendations regarding the compensation for the Company's Chief Financial Officer and the Vice President Corporate Development and Investor Relations, but will not make recommendations for himself. Although the Committee considers recommendations by Messrs. Robert Griffin and Robert Keller the Committee retains full discretion to set all compensation for the Company's named executive officers.

Base Salary

The Compensation Committee seeks to compensate the named executive officers competitively within the industry while at the same time designing compensation components that base a significant portion of total compensation on performance. In general, base salary levels are set at the beginning of each year at levels believed by the Compensation Committee to be sufficient to attract and retain qualified executives when considered with the other components of the Company's compensation structure. In establishing the base salaries, consideration is given to local market wage rates, cost of living adjustments, performance of the Company and the individual, and other factors, including any changes in level of responsibility. The Compensation Committee also subjectively reviews the individual performance of each named executive officer, based on the performance of the Company and the individual's level of contribution towards that performance.

Accordingly, for fiscal 2012 the Compensation Committee established base salaries for the Company's key executives with the intent to motivate performance by providing significant upside potential through incentive compensation and less on guaranteed compensation in the form of salaries. The Compensation Committee does not target any specific benchmark for base salary levels for its key executives compared to comparable companies within the Company's industries. The Compensation Committee considered the scope of and accountability associated with each executive officer's position in addition to such factors as the performance and experience of each executive officer when setting base salary levels for fiscal 2012.

In 2012, the Compensation Committee established new base salaries of \$308,300 for Robert J. Keller, the Company's Chief Executive Officer, \$155,000 for Deborah J. Meinert, the Company's Chief Financial Officer, and \$123,800 for Patrick J. Griffin, the Vice President of Corporate Development and Investor Relations. The Compensation Committee believed that such salaries were warranted for each such officer based primarily on the Company's performance and their contribution to such results.

For 2013, the Compensation Committee has established new base salaries for Mr. Keller, Ms. Meinert, and Mr. Patrick Griffin at \$314,800, \$175,000, and \$126,500 respectively.

Annual Cash Incentive Bonus

The Compensation Committee has established a profit incentive plan that provides for the payment of cash bonuses if certain performance targets are achieved. Under the plan, the Compensation Committee establishes target performance levels early in each fiscal year, subject to potential changes that the Committee may determine appropriate. Virtually all employees are eligible to participate in the profit incentive plan. In conjunction with the completion of the Company's annual audited financial statements, the bonus pool is finalized based on actual results achieved. Allocation of the bonus pool to individual executive officers is determined at the Compensation Committee's discretion based upon a review of the overall Company's performance relative to budget, the Company's strategic position, and individual executive officer's performance relative to budget. There are no pre-defined methods for allocating the bonus pool to any of the Company's executive officers.

For 2012, the business results exceeded the minimum threshold for generating a bonus pool for the Sporting Goods division, but fell short of achieving the performance results required for the Information Security and Print Finishing Division. A bonus pool of \$2.1 million was approved by the Compensation Committee for payment in March of 2013. The Compensation Committee compared actual results to pre-established financial and operational objectives set early in the year for Mr. Keller and approved a performance bonus of \$198,000. The Compensation Committee considered the recommendation from Mr. Keller for the CFO position, which was based on a similar criteria assessment. The Committee approved a performance bonus of \$128,000 for Ms. Meinert. The Committee also approved a performance bonus of \$24,000 for Mr. Patrick Griffin.

Long Term Equity Incentives

Each year, the Compensation Committee determines the amount and character of any long term equity incentive grants to the Company's executive officers and other eligible employees. The Committee considers equity grants to be an effective incentive to encourage stock ownership by officers and key employees increasing their proprietary interest in the success of the Company. At the 2007 Annual Meeting, stockholders approved the Escalade

Incorporated 2007 Incentive Plan (“2007 Incentive Plan”) which provides a broader array of long-term incentive awards for grant to the Company’s employees, including the Chief Executive Officer and Chief Financial Officer. In 2012, the Compensation Committee determined that granting stock options was the best method of satisfying the Committee’s compensation philosophy and objectives of directly connecting long term incentives to achieving long term performance objectives. Accordingly, in March 2012 the Company granted 40,000 stock options to Mr. Keller, 23,000 stock options to Ms. Meinert, and 8,000 stock options to Mr. Patrick Griffin.

The stock options granted to Mr. Keller, Ms. Meinert, and Mr. Griffin vest at the rate of 25% per year for four years provided that the named executive is still employed by the Company. The exercise price of the stock options was \$5.28 per share, the closing price of the stock on March 2, 2012. The options expire in five years.

In February 2013, the Compensation Committee approved stock option awards based on the performance results of 2012. The Company granted 22,000 stock options to Mr. Keller, 10,000 stock options to Ms. Meinert, and 4,000 stock options to Mr. Patrick Griffin. The exercise price of the stock options was \$5.85 per share, the closing price of the stock on March 1, 2013. The options vest 25% per year for four years, and expire in five years.

Health, Welfare and Other Benefits

The Company provides medical, life, 401(k) plan and similar benefits to all of its salaried employees, including the named executive officers. In addition, Mr. Patrick J. Griffin received reimbursement of living expenses related to maintaining his residence in Germany through August 2012. None of these benefits discriminate in scope, terms or operation in favor of the named executive officers.

Tax and Accounting Considerations

As necessary, the Compensation Committee reviews accounting and tax laws, rules and regulations that may affect the Company's compensation plans. However, tax and accounting considerations have not significantly impacted the compensation programs offered to the Company's executives. Section 162(m) of the Internal Revenue Code generally provides that certain compensation in excess of \$1 million per year paid to a company's chief executive officer and any of its four other highest paid executive officers is not deductible by a company unless the compensation qualifies for an exception. Based on the Compensation Committee's past compensation practices, the Committee does not currently believe that Section 162 (m) will adversely affect the Company's ability to obtain a tax deduction for compensation paid to its named executive officers.

Nonqualified Deferred Compensation

The Company does not currently maintain any nonqualified deferred compensation plans.

Potential Payments upon Termination or Change in Control

Mr. Robert Keller has an agreement with the Company which provides for specific benefits, including cash payment, upon termination. Other than Mr. Keller's agreement, and other than benefits that are generally available to all other salaried employees of the Company, the named executive officers have no agreements that would provide them with any cash payments upon termination of employment with the Company.

Upon a change in control of the Company, as defined in the Escalade, Incorporated 2007 Incentive Plan (approved by the Company's stockholders at the 2007 annual meeting), the vesting of all outstanding, unvested stock options would be accelerated. This is true for all stock option recipients, not just the named executive officers. Based upon the closing stock price of the Company's common stock as of December 29, 2012 (\$5.25), Mr. Keller, Ms. Meinert, and Mr. Patrick Griffin would potentially receive value for unexercised stock options of approximately \$151,313. Mr. Keller's options have a value of \$73,975, Ms. Meinert's options have a value of \$36,988, and Mr. Patrick Griffin's options have a value of \$40,350. All options expire on or before March 1, 2018. The potential value of unexercised stock options is computed as the difference between the exercise price and the closing stock price multiplied by the number of shares. Options with exercise prices higher than the closing market price are not included in the calculation.
