**ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD MAY 22, 2013**

PROXY STATEMENT

The Board of Directors (the **Board** or the **Board of Directors**) of Derma Sciences, Inc. (the **Company**, **Derma Sciences**, **we**, **us** or **our**) has made these materials available to you on the Internet, or, upon your request, has delivered printed versions of these materials to you by mail, in connection with the Board's solicitation of proxies for use at its Annual Meeting of Stockholders (the **Meeting**) to be held at 3:00 pm, on Wednesday, May 22, 2013, at the offices of the Company, 214 Carnegie Center, Suite 300, Princeton, New Jersey, 08540, and at any adjournments thereof. The purpose of the Meeting and the matters to be acted upon are set forth under the headings *Proposal 1 Election of Directors*, *Proposal 2 Amendment of the Company's Certificate of Incorporation to Increase the Authorized Shares of Common Stock*, *Proposal 3 Amendment of the Derma Sciences, Inc. 2012 Equity Incentive Plan to Increase the Number of Shares Available for Issuance Thereunder*, *Proposal 4 Advisory Vote on the Compensation of Our Named Executive Officers*, *Proposal 5 Advisory Vote on the Frequency of the Vote on the Compensation of Our Named Executive Officers* and *Proposal 6 Ratification of Appointment of Independent Registered Public Accounting Firm* below and in the Notice of Annual Meeting of Stockholders. Stockholders are requested to promptly vote by proxy over the Internet by following the instructions provided in the Notice of Internet Availability of Proxy Materials, which was mailed to you on or about April 12, 2013. If you request printed copies of the proxy materials by mail, you can also vote by mail or by telephone.

The close of business on April 3, 2013, has been fixed as the record date (the **Record Date**) for the determination of stockholders entitled to notice of, and to vote at, the Meeting. On the Record Date, the Company had the following shares issued, outstanding and entitled to vote:

16,524,723 shares of common stock, par value \$0.01 per share (**Common Stock**);
18,598 shares of Series A Convertible Preferred Stock (the **Series A Preferred Stock**),
54,734 shares of Series B Convertible Preferred Stock (the **Series B Preferred Stock**, together with the Series A Preferred Stock, the **Preferred Stock**).

The foregoing shares of Common Stock and Preferred Stock are collectively referred to herein as the **Shares**. Holders of the Shares are entitled to one vote for each share held of record. The Shares are the only voting securities of the Company.

The presence at the Meeting, in person or by proxy, of the holders of 8,299,029 Shares (a majority of the aggregate number of shares of Common Stock and Preferred Stock issued and outstanding and entitled to vote as of the Record

Date) is necessary to constitute a quorum to transact business. Proxies marked **ABSTAIN** and Broker Non-Votes (as defined below), if any, will be counted in determining the presence of a quorum.

If the on-line or paper form of proxy is executed properly and submitted, Shares represented by it will be voted at the Meeting in accordance with the instructions on the proxy. However, if no instructions are specified, Shares will be voted **FOR** the election as directors of those nominees named in the proxy, **FOR** the amendment of the Company's Certificate of Incorporation to increase the authorized shares of Common Stock to 35,000,000, **FOR** the adoption of an amendment to the Derma Sciences, Inc. 2012 Equity Incentive Plan to increase the number of shares available for issuance thereunder in the amount of 1,687,500 shares, from 2,812,500 to 4,500,000 shares, **FOR** the compensation of our named executive officers, **ONE YEAR** for the frequency of a vote to advise us on the compensation of our named executive officers and **FOR** ratification of the selection of KPMG LLP as independent registered public accounting firm for the year ending December 31, 2013. The Board knows of no matters which are to be presented for consideration at the Meeting other than those specifically described herein and in the Notice of Annual

Meeting of Stockholders, but if other matters are properly presented, it is the intention of the persons designated as proxies to vote on them in accordance with their judgment.

If your Shares are held in street name and you do not provide voting instructions to the broker or other nominee that holds your Shares, the broker or other nominee has the authority, even if it does not receive instructions from you, to vote your unvoted Shares for Proposal No. 6, the ratification of our independent public accountant, but does not have authority to vote your unvoted Shares for Proposal No. 1, the election of directors, Proposal No. 2, approval of the amendment of the Company's Certificate of Incorporation to increase the authorized shares of Common Stock, Proposal No. 3, the adoption of an amendment to the Derma Sciences, Inc. 2012 Equity Incentive Plan to increase the number of shares available for issuance thereunder, Proposal No. 4, the advisory vote on the compensation of our named executive officers or Proposal No. 5, the advisory vote on the frequency of a vote to advise us on the compensation of our named executive officers. We encourage you to provide voting instructions. This ensures your Shares will be voted at the Meeting in the manner you desire. If your broker cannot vote your Shares on a particular matter because it has not received instructions from you and does not have discretionary voting authority on that matter or because your broker chooses not to vote on a matter for which it does have discretionary voting authority, this is referred to as a broker non-vote (Broker Non-Votes).

A proxy may be revoked at any time prior to the time it is voted by written notice to the Secretary of the Company at the above address or by submission of a proxy bearing a later date. Any stockholder may attend the Meeting and vote in person whether or not a proxy was previously submitted.

For Proposal No. 1, the nominees for director who receive the most votes (also known as a plurality) will be elected. You may vote either FOR all of the nominees, WITHHOLD your vote from all of the nominees or WITHHOLD your vote from any one of the nominees. Votes that are withheld will not be included in the vote tally for the election of directors. Abstentions and Broker Non-Votes, if any, will not be counted as having been voted and will have no effect on the election of directors, except to the extent the failure to vote for a nominee results in another nominee receiving a larger number of votes.

Adoption of Proposal No. 2 requires the affirmative vote of a majority of the total number of outstanding shares of the Common Stock and Preferred Stock, voting together as a single class. In determining whether Proposal No. 2 has received the requisite number of affirmative votes, abstentions and Broker Non-Votes will be counted and will have the same effect as votes against the proposals.

Adoption of Proposals No. 3 and No. 6 require the affirmative vote of a majority of the total number of votes cast for each of these proposals. In determining whether Proposals No. 3 and No. 6 have received the requisite number of affirmative votes, abstentions will be counted and will have the same effect as vote against the proposals, and Broker Non-Votes, if any, will have no effect on the votes for the proposals.

Adoption of Proposal No. 4 requires that the votes cast in favor of the proposal exceed the votes cast against the proposal. Abstentions and broker non-votes will not be counted as either votes cast for or against this proposal. With respect to Proposal No. 5, the frequency (one year, two years or three years) that receives the highest number of votes cast by the stockholders will be deemed the frequency for the advisory Say-on-Pay vote preferred by the stockholders. The proxy card provides stockholders with the opportunity to choose among four options (holding the vote every one, two or three years, or abstaining) and, therefore, stockholders will not be voting to approve or disapprove the recommendation of the Board. Abstentions and broker non-votes will have no effect on the results of this vote.

The Notice of Annual Meeting, this proxy statement (this Proxy Statement), the accompanying proxy card and our Annual Report on Form 10-K are being made available on the Internet at <https://materials.proxyvote.com/249827> through the notice and access process and, upon request, mailed to our stockholders on or about April 12, 2013. The expense of solicitation will be borne by the Company. The solicitation of proxies will be largely by mail, but may include telephonic, telegraphic or oral communications by officers or other representatives of the Company. The Company will also reimburse brokers or other persons holding Shares in their names or in the names of their nominees for reasonable out-of-pocket expenses in connection with forwarding proxies and proxy materials to the beneficial owners of such Shares. In addition, we have retained Morrow & Co., LLC, a professional proxy soliciting firm, to assist in the solicitation of proxies and will pay such firm a fee, estimated to be approximately \$10,000, plus reimbursement of out-of-pocket expenses. Morrow & Co., LLC may solicit proxies by telephone, facsimile, other forms of electronic transmission and by mail.

Nominating and Corporate Governance Committee

We maintain a Nominating and Corporate Governance Committee that is currently composed of Bruce F. Wesson, Chairman, C. Richard Stafford, Esq., Robert G. Moussa, Brett D. Hewlett and Paul M. Gilbert. Messrs. Wesson, Stafford, Moussa, Hewlett and Gilbert are considered to be independent as defined in NASDAQ Marketplace Rule 5605(a)(2). The Nominating and Corporate Governance Committee reviews the qualifications of prospective directors for consideration by the Board as management's nominees for directors. The Nominating and Corporate Governance Committee operates under a written charter, a copy of which may be viewed on the Company's website at <http://www.dermasciences.com> under the heading "Corporate Governance" in the Investor Relations section. The Nominating and Corporate Governance Committee held two meetings in 2012.

We will consider nominations for directors submitted by stockholders. Stockholder nominations for election to the Board must be made by written notification received by us not later than sixty days prior to the anniversary date of the preceding annual meeting of stockholders. Such notification shall contain, at a minimum, the following information:

1. The name and residential address of the proposed nominee and of each notifying stockholder;
2. The principal occupation of the proposed nominee;
3. A representation that the notifying stockholder intends to appear in person or by proxy at the meeting to nominate the person specified in the notice;
4. The total number of our shares owned by the notifying stockholder;
5. A description of all arrangements or understandings between the notifying stockholder and the proposed nominee and any other person or persons pursuant to which the nomination is to be made by the notifying stockholder;
6. Any other information regarding the nominee that would be required to be included in a proxy statement filed with the SEC; and
7. The consent of the nominee to serve as one of our directors, if elected.

The Nominating and Corporate Governance Committee will return, without consideration, any notice of proposed nomination which does not contain the foregoing information.

The director nominees for the Meeting were recommended by the Nominating and Corporate Governance Committee and unanimously approved by the Board.

Qualifications of Directors

The Nominating and Corporate Governance Committee has not established specific criteria or minimum qualifications that must be met by committee-nominated or stockholder-nominated nominees for director. Regardless of the source of a given nominee's nomination, the Nominating and Corporate Governance Committee believes each nominee should be evaluated based solely upon his/her educational attainments, relevant experience and professional stature.

We seek board candidates with a broad diversity of experience, professions, skills, geographic representation, backgrounds and commitment necessary to make a significant contribution to our Company. The Nominating and Corporate Governance Committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective nominees. Experience in the healthcare industry, while not a prerequisite for nomination, is a positive factor in the selection process.

Our Board believes that the backgrounds and qualifications of the directors, considered as a group, should provide a significant composite mix of experience, knowledge and abilities that will allow the Board of Directors to fulfill its responsibilities. Nominees are not discriminated against on the basis of race, religion,

national origin, sexual orientation, disability or any other basis proscribed by law. The Nominating and Corporate Governance Committee has not set either term limits or age limits for members of the Board, believing that the Company's interests are best served by members of the Board with substantial experience and knowledge of the Company's business and that age is generally not a barrier to effective performance as a member of the Board.

In connection with the selection of nominees for director, consideration will be given to the Board's overall balance of diversity of perspectives, backgrounds and experiences; however, the Board has not adopted a formal diversity policy.

The Nominating and Corporate Governance Committee will evaluate potential nominees, including stockholder nominees, by reviewing qualifications, considering references, conducting interviews and reviewing such other information as committee members may deem relevant. The Nominating and Corporate Governance Committee primarily seeks nominations for director from institutional security holders, members of the investment banking community and current directors. We have not employed consultants to help us identify or screen prospective directors in the past, but may do so at the discretion of the Nominating and Corporate Governance Committee.

Board of Directors Leadership

The Board of Directors recognizes that one of its key responsibilities is to evaluate and determine its optimal leadership structure so as to provide independent oversight of management. The Board understands that the right Board of Directors leadership structure may vary as circumstances warrant. Consistent with this understanding, non-employee directors consider the Board of Directors' leadership structure on an annual basis.

The Board has determined that the optimal Board of Directors leadership structure for us is served by the role of Chairman of the Board being held by our Chief Executive Officer, Edward J. Quilty. Mr. Quilty possesses detailed and in-depth knowledge of the issues, opportunities and challenges we face, and is thus best positioned to develop agendas that ensure that the Board's time and attention are focused on the most critical matters.

Our non-employee directors have also determined that it is optimal for the Board to have a lead director, whose responsibilities include, among others, (i) serve as primary intermediary between non-employee directors and management; (ii) formulate, in consultation with the Chairman of the Board, the agenda and meeting schedules for the Board; (iii) advise the Chairman of the Board as to the quality, quantity and timeliness of the information submitted by management to directors; (iv) recommend to the Chairman of the Board the retention of advisors and consultants who report directly to the Board; (v) call meetings of non-employee directors; (vi) serve as liaison for consultation and communication with stockholders; and (vii) serve as Chairman of the Executive Committee of the Board if, and when, same shall be established. Our lead director is Stephen T. Wills.

The Board of Directors has determined that this leadership structure is optimal for us because it believes that having one leader serving as both the Chairman and Chief Executive Officer provides decisive, consistent and effective leadership, as well as clear accountability. This also enhances our ability to communicate our message and strategy clearly and consistently to our stockholders, employees, customers and suppliers, particularly during times of turbulent economic and industry conditions.

Although we believe that the combination of the Chairman and Chief Executive Officer roles is appropriate in the current circumstances, we will continue to review this issue periodically to determine whether, based on the relevant facts and circumstances, separation of these offices would serve our best interests and the best interests of our stockholders.

Role of the Board of Directors in Risk Oversight

Our executive officers are responsible for the day-to-day management of risks the Company faces, while our Board of Directors has responsibility, as a whole and also at the committee level, for the oversight of the Company's risk management. The Board of Directors regularly reviews the Company's long-term business strategy, including industry trends and their potential impact on the Company, our competitive positioning, potential acquisitions and divestitures, as well as the Company's technology and market direction. The Board of Directors also reviews information regarding the Company's actual and planned financial position and

operational performance, as well as the risks associated with each. The Company's Compensation Committee is responsible for overseeing the management of risks relating to the Company's executive compensation and the Company's incentive, equity award and other benefit plans. The Audit Committee oversees management of financial risks, including but not limited to accounting matters, tax positions, insurance coverage and security of the Company's cash reserves. The Nominating and Corporate Governance Committee manages risks associated with the independence and remuneration of the Board of Directors and potential conflicts of interest. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board of Directors is regularly informed about such risks by committee reports as well as advice and counsel from expert advisors.

Director Independence

The Board has reviewed the materiality of any relationship that each of our directors has with the Company. Based upon this review, the Board has determined that all directors, with the exception of Edward J. Quilty, are independent as defined in NASDAQ Marketplace Rule 5605(a)(2). The term of office of each person elected as director will continue until our next annual meeting of stockholders or until his successor has been duly elected and qualified.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE ELECTION AS DIRECTORS OF THE NOMINEES LISTED ABOVE.

PROPOSAL 2 AMENDMENT TO CERTIFICATE OF INCORPORATION TO INCREASE THE NUMBER OF SHARES OF AUTHORIZED COMMON STOCK

Under the Company's Certificate of Incorporation, as amended, the Company is authorized to issue up to 25,000,000 shares of Common Stock. The Board has approved an amendment to the Certificate of Incorporation that increases the maximum number of authorized shares of the Company's Common Stock by 10,000,000 shares to a total of 35,000,000 shares (the Common Stock Amendment) and has recommended that the Company's stockholders approve the Common Stock Amendment. If the Company's stockholders do not approve the Common Stock Amendment, then the number of authorized shares of the Company's Common Stock will remain at 25,000,000.

The purpose of the proposed Common Stock Amendment is to provide sufficient shares for general corporate purposes including the exercise of stock options that have been granted to certain present and former officers, employees, directors and advisors of the Company, possible future acquisitions, financings, stock splits and for other general corporate purposes. Once authorized, the additional shares of the Company's Common Stock may be issued by the Company's Board of Directors without further action by the Company's stockholders unless such action is required by law or applicable stock exchange requirements. If the Common Stock Amendment is not approved by the Company's stockholders, the Company will examine other means to ensure that sufficient shares of Common Stock are available for the purposes enumerated above. These means could include the reverse split of the Company's Common Stock or the redesignation of previously authorized Preferred Stock as Common Stock.

None of the proposed additional 10,000,000 authorized shares of Common Stock have been reserved or earmarked for any of the events or purposes identified above.

The proposed amendment to the Company's Certificate of Incorporation is attached hereto as Appendix A.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE FOR APPROVAL OF THE AMENDMENT OF THE COMPANY'S CERTIFICATE OF INCORPORATION TO INCREASE THE SHARES OF AUTHORIZED COMMON STOCK TO 35,000,000.

PROPOSAL 3 ADOPTION OF AN AMENDMENT TO THE DERMA SCIENCES, INC. 2012 EQUITY INCENTIVE PLAN

The Derma Sciences, Inc. 2012 Equity Incentive Plan (the "2012 Plan") was approved by the Board of Directors and our stockholders in 2012. The Company is requesting that stockholders approve an amendment to the 2012 Plan to increase the number of shares of Common Stock available for issuance of awards under the 2012 Plan by 1,687,500. If our stockholders approve the amendment, the maximum number of shares that may be issued under the 2012 Plan would be increased from 2,812,500 to 4,500,000 shares. As of March 31, 2013, there were 1,777,614 shares subject to issuance upon exercise of outstanding options, at a weighted average exercise price of \$6.99, and with a weighted average remaining life of 6.4 years. In addition, there were 764,000 shares subject to outstanding, unvested restricted share units. As of March 31, 2013, there were 30,701 shares available for future issuance under the 2012 Plan. The foregoing does not take into account the awards discussed below under *New Plan Benefits*, which are subject to approval of the amendment to the 2012 Plan by the stockholders.

Key Highlights

The Board of Directors unanimously recommends that stockholders vote for the adoption of the amendment to the 2012 Plan for the following reasons:

Key Component of Compensation. Stock awards are a critical element of our compensation program. We believe that our long-term incentive compensation program aligns the interests of management, employees and the stockholders to create long-term stockholder value. The amendment to the 2012 Plan will allow us to continue to attract, motivate and retain the Company's officers, key employees, non-employee directors and consultants.

Conforms to Best Practices. The 2012 Plan contains a number of features that are designed to further our pay-for-performance philosophy, protect the interests of the Company and its stockholders, and conform to best practices. For example, the 2012 Plan:

- Prohibits the repricing of stock options or stock appreciation rights without stockholder approval, except for adjustments made in connection with certain corporate transactions.
- Requires that stock options and stock appreciation rights granted under the 2012 Plan have an exercise price at least equal to the fair market value of the underlying shares on the date of grant.
- Provides for the forfeiture of outstanding awards upon a participant's termination for cause and authorizes the forfeiture and recovery of equity awards pursuant to any compensation recovery (or "clawback") policy that may be adopted by the Company, such as a policy adopted to comply with regulations expected to be issued by the Securities and Exchange Commission pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act.
- Authorizes the Compensation Committee to grant awards that are intended to qualify for the performance-based compensation exemption from the limitation on corporate tax deductions under Section 162(m) of the Internal Revenue Code.

Stockholders are asked to approve the amendment to the 2012 Plan to satisfy NASDAQ requirements relating to stockholder approval of equity compensation and to qualify certain stock options authorized under the 2012 Plan for treatment as incentive stock options under Section 422 of the Internal Revenue Code.

New Plan Benefits

Description of the 2012 Plan

The 2012 Plan authorizes the Company to grant equity-based and cash-based incentive compensation in the form of stock options, stock appreciation rights (or SARs), restricted shares, restricted share units, other share-based awards and cash-based awards, for the purpose of providing the Company's employees, officers, consultants and non-employee directors with incentives and rewards for performance. The principal features of the 2012 Plan are summarized below. The complete text of the 2012 Plan, as proposed to be amended, is attached to this Proxy Statement as Appendix B. The summary below does not purport to be a complete description of the 2012 Plan and is qualified in its entirety by reference to Appendix B.

General Provisions of the 2012 Plan

Plan Limits. The 2012 Plan authorizes the issuance of up to the number of shares of Common Stock equal to the number of remaining shares available to be granted pursuant to awards under the Derma Sciences, Inc. Amended and Restated Stock Option Plan and the Derma Sciences, Inc. Restricted Stock Plan immediately prior to stockholder approval of the 2012 Plan. If our stockholders approve the amendment, the maximum number of shares that may be issued under the 2012 Plan would be increased by 1,687,500 shares, from 2,812,500 to 4,500,000 shares.

The 2012 Plan also imposes various sub-limits on the number of shares of Common Stock that may be issued to any individual during any calendar year under awards that are intended to qualify for the performance-based compensation exception to Section 162(m) of the Internal Revenue Code. In particular, for

any calendar year, no participant may receive stock options or SARs covering more than 100,000 shares, restricted shares, restricted share units and other share-based awards covering more than 50,000 shares, cash-based awards in excess of \$500,000, or dividend equivalents in excess of \$5,000.

Administration of the 2012 Plan. The 2012 Plan will be administered by the Compensation Committee of the Company (or such other committee as may be appointed by the Board of Directors in accordance with applicable laws). The Board of Directors may reserve to itself any or all of the authority of Compensation Committee, and the Board of Directors or the Compensation Committee may delegate any or all of its authority to one or more directors or employees to the extent permitted by applicable laws.

Eligibility for Awards. The 2012 Plan authorizes the Compensation Committee to make awards to any of our employees, consultants or non-employee directors. The selection of participants and the nature and size of awards are within the discretion of the Compensation Committee. Currently, there are approximately 125 individuals who could be eligible to receive awards under the 2012 Plan.

Term and Amendment. The 2012 Plan will remain in effect until February 16, 2022.

The Board of Directors may amend or terminate the 2012 Plan at any time, provided that the 2012 Plan may not be amended without stockholder approval where required by applicable laws. Generally, the amendment or termination of the 2012 Plan or of any award agreement may not adversely affect in a material way any outstanding award without the consent of the participant holding the award.

Awards Under the 2012 Plan

General. When an award is granted under the 2012 Plan, the Compensation Committee will establish the terms and conditions of that award. These terms and conditions will be contained in an award agreement and may, for example, require that the participant continue to provide services to the Company or a related entity for a certain period of time or that the participant meet certain performance objectives during a specified period of time. If the terms and conditions of an award are not met, the award will be forfeited. By accepting an award, a participant will agree to be bound by the terms of the 2012 Plan and the associated award agreement. If there is a conflict between the terms of the 2012 Plan and the terms of an award agreement, the terms of the 2012 Plan will control.

Stock Options. A stock option gives a participant the right to purchase a specified number of shares of Common Stock and may be an incentive stock option or nonqualified stock option. The price at which a share of Common Stock may be purchased upon exercise of a stock option, called the exercise price, will be determined by the Compensation Committee, but may not be less than the fair market value of a share of Common Stock on the date the stock option is granted. Generally, fair market value will be the closing price of the Common Stock on the date in question. As of March 28, 2013, the fair market value of a share of Common Stock was \$12.08. An option's exercise price may be paid in any way determined by the Compensation Committee, including payment in cash (or a cash equivalent), a cashless exercise, tendering shares of Common Stock the participant already owns or a combination thereof. In no event may an option be exercised more than 10 years after the grant date. A participant who has been granted a stock option will not have any dividend or voting rights in connection with the shares underlying the stock option.

Special provisions apply to any incentive stock options granted under the 2012 Plan. All of the shares available for issuance under the 2012 Plan may be issued pursuant to incentive stock options. Incentive stock options may be granted only to employees. Incentive stock options that become exercisable for the first time in any year cannot relate to shares of Common Stock having a fair market value (determined on the date of grant) of more than \$100,000 per participant. The exercise price of an incentive stock option granted to an employee who owns shares possessing more than 10 percent of the Company's voting power (a 10% holder) may not be less than 110 percent of the fair market

value of a share of Common Stock on the grant date, and an incentive stock option granted to a 10% holder will expire no later than 5 years after the grant date.

Stock Appreciation Rights. A stock appreciation right gives a participant the right to receive the difference between the SAR's exercise price and the fair market value of a share of Common Stock on the date the SAR is exercised.

SARs will be settled in (i) cash, (ii) shares of Common Stock with a value on the settlement date equal to the difference between the fair market value of the shares of Common Stock and the

exercise price, or (iii) a combination of cash and shares of Common Stock, as determined by the Compensation Committee at the time of grant. The exercise price of a stock appreciation right will be determined by the Compensation Committee, but may not be less than the fair market value of a share of Common Stock on the date the SAR is granted. A stock appreciation right will be forfeited if the applicable terms and conditions are not met or if it is not exercised before it expires (which may never be later than 10 years after the grant date). A participant who has been granted a stock appreciation right will not have any dividend or voting rights in connection with the shares underlying the SAR.

Restricted Shares. Restricted shares consist of shares of Common Stock that are granted to a participant, but which are subject to certain restrictions on transferability and a risk of forfeiture if certain terms and conditions specified by the Compensation Committee are not met by the end of the restriction period. The restrictions may include time-based and/or performance-based restrictions. Unless otherwise determined by the Compensation Committee, a participant who has been granted restricted shares will have the right to receive dividends on the restricted shares and may vote those shares during the restriction period.

Restricted Share Units. Restricted share units constitute an agreement to deliver shares of Common Stock to a participant if certain conditions specified by the Compensation Committee are met by the end of the restriction period. The conditions may include time-based and/or performance-based restrictions. A participant who has been granted restricted share units will not have any dividend or voting rights in connection with the notional shares underlying the restricted share units, but the Compensation Committee may authorize the payment of dividend equivalents. At the end of the restriction period, the restricted share units either will be forfeited or settled, depending on whether or not the applicable terms and conditions have been satisfied. Restricted share units may be settled (i) by issuing one share of Common Stock for each restricted share unit, (ii) by paying the participant cash equal to the fair market value of a share of Common Stock for each restricted share unit, or (iii) by a combination of shares of Common Stock and cash, as determined by the Compensation Committee at the time of grant.

Other Share-Based Awards. The Compensation Committee may grant other awards that are valued by reference to, or otherwise based on the fair market value of, shares of Common Stock, including awards of fully vested shares. Such share-based awards shall be subject to terms and conditions specified by the Compensation Committee, which may include time-based and/or performance-based restrictions, or the payment of dividend equivalents.

Cash-Based Awards. A cash-based award gives a participant the right to receive a specified amount of cash, subject to terms and conditions as determined by the Compensation Committee, which may include time-based and/or performance-based restrictions.

Performance Objectives. The 2012 Plan provides that performance objectives may be established by the Compensation Committee in connection with any award. Performance objectives may relate to performance of the Company or one or more of its subsidiaries, divisions, departments, units, functions, partnerships, joint ventures or minority investments, product lines or products, or the performance of an individual participant, and performance objectives may be made relative to the performance of a group or companies or a special index of companies.

The Compensation Committee may, in its discretion, grant awards under the 2012 Plan that are intended to qualify for the performance-based compensation exemption from Section 162(m) of the Internal Revenue Code. In the case of an award intended to qualify for that exemption, any applicable performance objectives shall be based on the attainment of specified levels of one or more of the following measures: revenues, weighted average revenue per unit, earnings from operations, operating income, earnings before or after interest and taxes, operating income before or after interest and taxes, net income, cash flow, earnings per share, debt to capital ratio, economic value added, return on total capital, return on invested capital, return on equity, return on assets, total return to stockholders, earnings before or after interest, taxes, depreciation, amortization or extraordinary or special items, operating income before or after

interest, taxes, depreciation, amortization or extraordinary or special items, return on investment, free cash flow, cash flow return on investment (discounted or otherwise), net cash provided by operations, cash flow in excess of cost of capital, operating margin, profit margin, contribution margin, stock price and/or strategic business criteria consisting of one or more objectives based on meeting specified product development, strategic partnering, research and

development, market penetration, geographic business expansion goals, cost targets, customer satisfaction, gross or net additional customers, average customer life, employee satisfaction, management of employment practices and employee benefits, supervision of litigation and information technology, and goals relating to acquisitions or divestitures of subsidiaries, affiliates and joint ventures. Performance objectives related to an award intended to qualify for the performance-based compensation for purposes of Section 162(m) of the Internal Revenue Code will be established by the Compensation Committee within the time period and other requirements prescribed by Section 162(m) of the Internal Revenue Code.

Forfeiture of Awards. If the Company terminates a participant's employment or service for cause, then the participant shall forfeit all outstanding awards granted under the 2012 Plan. For this purpose, cause will have the meaning provided in any applicable employment or consulting agreement with the participant, or if there is no such applicable definition, cause shall mean (i) the participant's material failure to perform his or her responsibilities to the Company, (ii) the participant's material failure to follow directives or policies of the Board of Directors, or (iii) conduct materially detrimental to the interests of the Company. Awards granted under the 2012 Plan may also be subject to forfeiture or repayment to the Company pursuant to any compensation recovery (or clawback) policy that may be adopted by the Company.

Adjustments to Authorized Shares and Outstanding Awards. In the event of any equity restructuring, such as a stock dividend, stock split, reverse stock split, spinoff, rights offering or recapitalization through a large, nonrecurring cash dividend, the Compensation Committee will adjust the number and kind of shares that may be delivered under the 2012 Plan, the individual award limits, and, with respect to outstanding awards, the number and kind of shares subject to outstanding awards, the exercise price, and the grant price or other price of shares subject to outstanding awards, to prevent dilution or enlargement of rights. In the event of any other change in corporate capitalization, such as a merger, consolidation or liquidation, the Compensation Committee may, in its discretion, cause there to be such equitable adjustment as described in the foregoing sentence, to prevent dilution or enlargement of rights. However, unless otherwise determined by the Compensation Committee, the Company will always round down to a whole number of shares subject to any award. Any such adjustment will be made by the Compensation Committee, whose determination will be conclusive.

Effect of a Change in Control. In the event of a change in control of the Company, the Compensation Committee has discretion to take action with respect to outstanding awards, including, without limitation, the ability to accelerate the vesting, settlement or exercisability of an award, cancel an award in exchange for a cash payment, cancel a stock option or SAR without payment if the fair market value of a share on the date of the change in control does not exceed the exercise price per share of the stock option or SAR, or issue substitute awards. For this purpose, a change in control generally means (i) the acquisition of more than 50% of the voting power of the Company's outstanding voting securities; (ii) the replacement of a majority of the members of the incumbent Board of Directors with new directors who were not approved by at least two-thirds of the directors then in office; (iii) consummation of a merger, consolidation, reorganization, sale of all or substantially all of the assets of the Company or similar transaction, other than a transaction in which more than 50% of the voting power of the surviving entity is held by stockholders of the Company prior to the transaction; or (iv) stockholder approval of a plan of complete liquidation or dissolution of the Company.

U.S. Federal Income Tax Consequences

The following is a brief summary of the general U.S. federal income tax consequences relating to the 2012 Plan. This summary is based on U.S. federal tax laws and regulations in effect on the date of this Proxy Statement and does not purport to be a complete description of the U.S. federal income tax laws.

Incentive Stock Options. Incentive stock options are intended to qualify for special treatment available under Section 422 of the Internal Revenue Code. A participant who is granted an incentive stock option will not recognize ordinary income at the time of grant, and the Company will not be entitled to a deduction at that time. A participant will not recognize ordinary income upon the exercise of an incentive stock option provided that the participant was, without a break in service, an employee of the Company or a subsidiary during the period beginning on the grant date of the option and ending on the date three months prior to the date of exercise (one year prior to the date of exercise if the participant's employment is terminated due to permanent and total disability).

If the participant does not sell or otherwise dispose of the shares of Common Stock acquired upon the exercise of an incentive stock option within two years from the grant date of the incentive stock option or within one year after he or she receives the shares of Common Stock, then, upon disposition of such shares of Common Stock, any amount recognized in excess of the exercise price will be taxed to the participant as a capital gain, and the Company will not be entitled to a corresponding deduction. The participant will generally recognize a capital loss to the extent that the amount recognized is less than the exercise price.

If the foregoing holding period requirements are not met, the participant will generally recognize ordinary income at the time of the disposition of the shares of Common Stock in an amount equal to the lesser of (i) the excess of the fair market value of the shares of Common Stock on the date of exercise over the exercise price, or (ii) the excess, if any, of the amount recognized upon disposition of the shares of Common Stock over the exercise price, and the Company will be entitled to a corresponding deduction. Any amount recognized in excess of the value of the shares of Common Stock on the date of exercise will be capital gain. If the amount recognized is less than the exercise price, the participant generally will recognize a capital loss equal to the excess of the exercise price over the amount recognized upon the disposition of the shares of Common Stock.

The rules described above that generally apply to incentive stock options do not apply when calculating any alternative minimum tax liability. The rules affecting the application of the alternative minimum tax are complex, and their effect depends on individual circumstances, including whether a participant has items of adjustment other than those derived from incentive stock options.

Nonqualified Stock Options. A participant will not recognize ordinary income when a nonqualified stock option is granted, and the Company will not receive a deduction at that time. When a nonqualified stock option is exercised, a participant will recognize ordinary income in an amount equal to the excess, if any, of the fair market value of the shares of Common Stock that the participant purchased over the exercise price he or she paid, and the Company will be entitled to a corresponding deduction.

Stock Appreciation Rights. A participant will not recognize ordinary income when a stock appreciation right is granted, and the Company will not receive a deduction at that time. When a stock appreciation right is exercised, the participant will recognize ordinary income equal to the cash and/or the fair market value of shares of Common Stock the participant receives, and the Company will be entitled to a corresponding deduction.

Restricted Shares. A participant who has been granted restricted shares will not recognize ordinary income at the time of grant, and the Company will not be entitled to a deduction at that time, assuming that the underlying shares of Common Stock are not transferable and that the restrictions create a substantial risk of forfeiture for federal income tax purposes and that the participant does not make an election under Section 83(b) of the Internal Revenue Code. Generally, upon the vesting of restricted shares, the participant will recognize ordinary income in an amount equal to the then fair market value of the shares of Common Stock, less any consideration paid for such shares of Common Stock, and the Company will be entitled to a corresponding deduction. Any gains or losses recognized by the participant upon disposition of the shares of Common Stock will be treated as capital gains or losses. However, a participant may elect pursuant to Section 83(b) of the Internal Revenue Code to have income recognized at the date of grant of a restricted share award equal to the fair market value of the shares of Common Stock on the grant date (less any amount paid for the restricted shares) and to have the applicable capital gain holding period commence as of that date. If a participant makes this election, the Company generally will be entitled to a corresponding deduction in the year of grant.

Restricted Share Units. A participant generally will not recognize ordinary income when restricted share units are granted, and the Company generally will not receive a deduction at that time. Instead, a participant will recognize ordinary income when the restricted share units are settled in an amount equal to the fair market value of the shares of

Common Stock or the cash he or she receives, less any consideration paid, and the Company will be entitled to a corresponding deduction.

Other Share-Based Awards. Generally, participants will recognize ordinary income equal to the fair market value of the shares of Common Stock subject to other share-based awards when they receive the shares of Common Stock, and the Company generally will be entitled to a corresponding deduction at that time.

Cash-Based Awards. Generally, a participant will recognize ordinary income when a cash-based award is settled in an amount equal to the cash he or she receives, and the Company generally will be entitled to a corresponding deduction at that time.

Miscellaneous. When a participant sells shares of Common Stock that he or she has received under an award, the participant will generally recognize long-term capital gain or loss if, at the time of the sale, the participant has held the shares of Common Stock for more than one year (or, in the case of a restricted share award, more than one year from the date the restricted shares vested unless the participant made an election pursuant to Section 83(b) of the Internal Revenue Code, described above). If the participant has held the shares of Common Stock for one year or less, the gain or loss will be a short-term capital gain or loss.

Section 162(m) of the Tax Code. Section 162(m) of the Internal Revenue Code disallows the deduction of certain compensation in excess of \$1 million per year payable to certain covered employees of a public company (generally, the Chief Executive Officer and the next three most highly compensated named executive officers, other than the chief financial officer). Compensation paid to such an officer during a year in excess of \$1 million that is not performance-based (or does not comply with other exceptions) generally would not be deductible on the Company's federal income tax return for that year. It is intended that compensation attributable to any stock options or SARs granted under the 2012 Plan will qualify as performance-based compensation exempt from Section 162(m) of the Internal Revenue Code. The Compensation Committee may, in its discretion, decide to structure other awards granted under the 2012 Plan to qualify for deductibility under Section 162(m).

Section 409A of the Tax Code. In 2004, the Internal Revenue Code was amended to add Section 409A, which created new rules for amounts deferred under nonqualified deferred compensation plans. Section 409A includes a broad definition of nonqualified deferred compensation plans which may extend to various types of awards granted under the 2012 Plan. If an award is subject to, but fails to comply with, Section 409A, the participant would generally be subject to accelerated income taxation, plus a 20% penalty tax and an interest charge. The Company intends that awards granted under the 2012 Plan will either be exempt from, or will comply with, Section 409A.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE AMENDMENT TO THE DERMA SCIENCES, INC. 2012 EQUITY INCENTIVE PLAN TO INCREASE THE NUMBER OF SHARES AVAILABLE FOR ISSUANCE THEREUNDER IN AN AMOUNT OF 1,687,500, FROM 2,812,500 to 4,500,000 SHARES.

PROPOSAL 4 ADVISORY VOTE ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

In accordance with the SEC's proxy rules, we are seeking an advisory, non-binding stockholder vote with respect to the compensation of our executive officers listed in the Summary Compensation Table in the Executive Compensation section of this Proxy Statement (referred to herein as the NEOs) for fiscal year 2012, as disclosed in this Proxy Statement pursuant to Item 402 of Regulation S-K. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our NEOs and the philosophy, policies and practices described in this Proxy Statement. This vote is commonly known as a Say-on-Pay advisory vote.

Our executive compensation programs are based on three core principles that are designed to motivate our NEOs to achieve annual financial and strategic objectives to enhance the profitability of the Company and create long-term stockholder value. The fiscal year 2012 compensation of our NEOs reflected these core principles:

A significant portion of each NEO's cash compensation was based on the annual financial performance of the Company and therefore at risk ;

A significant portion of each NEO's total compensation was provided in the form of long-term equity, a significant portion of which was subject to stock price performance, to further align the interest of NEOs and stockholders; and The target total direct compensation package for each NEO was consistent with market practices for executive talent and each NEO's individual experience, responsibilities and performance.

We believe that our compensation programs and policies for the fiscal year ended December 31, 2012 were consistent with our core compensation principles, an effective incentive for the achievement of positive results, aligned with stockholders' interests, supported by strong compensation governance practices and worthy of continued stockholder support. Accordingly, we ask for our stockholders to indicate their support for the compensation paid to our NEOs by voting FOR the following non-binding resolution at the Meeting:

RESOLVED, that the Company's stockholders approve the compensation of the named executive officers for fiscal year 2012 listed in the Summary Compensation Table in the Executive Compensation section of the proxy statement, as disclosed pursuant to Item 402 of Regulation S-K.

Approval of this proposal requires that votes cast in favor of the proposal exceed the votes cast against the proposal.

Because your vote is advisory, the result will not be binding upon the Company. Although not binding, our Compensation Committee and the Board values the opinions of our stockholders and will consider the outcome of the vote, along with other relevant factors, when making future compensation decisions for NEOs.

THE BOARD RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE APPROVAL OF THE COMPENSATION OF THE NEOS, AS STATED IN THE ABOVE NON-BINDING RESOLUTION.

PROPOSAL 5 ADVISORY VOTE ON THE FREQUENCY OF HOLDING FUTURE ADVISORY VOTES ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

In addition to holding a Say-on-Pay advisory vote, we are seeking an advisory, non-binding vote regarding the frequency of future advisory Say-on-Pay votes in accordance with the SEC's proxy rules, known as a Say-on-Pay Frequency advisory vote.

Stockholders will be able to vote that we hold this Say-on-Pay advisory vote every year, two years, or three years, or stockholders may abstain from voting on this proposal.

After due consideration, the Board has decided to recommend that this Say-on-Pay advisory vote on executive compensation occur annually. While there are valid arguments for biennial and triennial votes, we believe that an annual vote will allow our stockholders to provide us with their direct input on our compensation philosophy, policies and practices as disclosed in the proxy statement every year and will be most useful to the Board. The Board's decision was based further on the premise that this recommendation could be modified in future years if it becomes apparent that an annual vote is not meaningful, is burdensome or is more frequent than that recommended by best corporate governance practices.

The frequency (one year, two years or three years) that receives the highest number of votes cast by the stockholders will be deemed the frequency for the advisory Say-on-Pay vote preferred by the stockholders. Because your vote is advisory, the results will not be binding upon the Company. Although not binding, the Board values the opinions of our stockholders and will review and consider the outcome of the vote, along with other relevant factors, in evaluating the frequency of future advisory votes on executive compensation.

THE BOARD RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE OPTION OF ONE YEAR AS YOUR PREFERENCE FOR THE FREQUENCY OF HOLDING FUTURE ADVISORY VOTES ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.

PROPOSAL 6 RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has appointed KPMG LLP (KPMG), independent public accountant, to audit our financial statements for the fiscal year ending December 31, 2013. The Board proposes that the stockholders ratify this appointment. We expect that representatives of KPMG will be present at the meeting, will be able to make a statement if they so desire, and will be available to respond to appropriate questions.

Ownership consists of: Common Stock, restricted share units, Series A Preferred Stock, Series B Preferred Stock (22) and options currently exercisable and exercisable within 60 days of April 3, 2013 to purchase shares of Common Stock.

The number of shares beneficially owned and the percent beneficially owned by each entity or individual are based upon 16,662,147 shares of Common Stock outstanding and assume the exercise of all exercisable options (including those that would be exercisable within 60 days of April 3, 2013), the vesting of restricted share units scheduled to vest within 60 days of April 3, 2013, the exercise of all warrants and the conversion into Common Stock of all convertible Preferred Stock owned by such entity or individual. The percent beneficially owned is a (23) fraction the numerator of which is the number of shares of Common Stock beneficially owned by each entity or individual and the denominator of which is the number of outstanding shares of Common Stock plus the number of shares of Common Stock which would be issued upon exercise by the subject entity or individual of its/his/her *own* options and warrants and the conversion into Common Stock of its/his/her *own* convertible Preferred Stock. This method of computing the percent beneficially owned results in the aggregate ownership percentages of all owners exceeding 100%.

Audit Committee Report

THE FOLLOWING REPORT OF THE AUDIT COMMITTEE SHALL NOT BE DEEMED TO BE SOLICITING MATERIAL OR TO BE FILED WITH THE SECURITIES AND EXCHANGE COMMISSION UNDER THE

SECURITIES ACT OF 1933 OR THE SECURITIES EXCHANGE ACT OF 1934 OR INCORPORATED BY
REFERENCE IN ANY DOCUMENT SO FILED.

The Audit Committee met privately with KPMG and Company financial personnel, each of whom has unrestricted access to the Audit Committee. The Audit Committee met with management periodically during the year to consider the adequacy of the Company's internal controls and the objectivity of its financial reporting. The Audit Committee discussed these matters with the KPMG and with appropriate Company financial personnel.

The Audit Committee also discussed with the Company's senior management and KPMG the process used for certifications by the Company's Chief Executive Officer and Chief Financial Officer which are required by the SEC and the Sarbanes-Oxley Act of 2002 for certain of the Company's filings with the SEC.

Management has primary responsibility for the implementation of the system of internal controls and for the preparation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States. KPMG audited the financial statements prepared by management for the year ended December 31, 2012, expressed an opinion as to whether those financial statements fairly present the financial position, results of operations and cash flows of the Company in conformity with accounting principles generally accepted in the United States and discussed with the Audit Committee any issues they believed should be raised with the Audit Committee.

The Audit Committee reviewed with management and with KPMG the Company's financial statements and met separately with both management and KPMG to discuss and review those financial statements and reports prior to their issuance. Management has represented to the Audit Committee, and KPMG has confirmed, that the financial statements were prepared in accordance with accounting principles generally accepted in the United States.

The Audit Committee obtained from and discussed with KPMG a formal written statement describing all relationships between KPMG and the Company that might bear on KPMG's independence under Independence Standards Board No. 1, Independence Discussions with Audit Committees, discussed with KPMG any relationships that may impact its objectivity and independence and satisfied itself as to KPMG's independence. The Audit Committee continued to monitor auditor independence.

The Audit Committee discussed and reviewed with KPMG all communications required by standards of the Public Company Accounting Oversight Board (United States), including those described in Statement on Auditing Standards No. 61, as amended, Communication with Audit Committees and, with and without management present, discussed and reviewed the results of KPMG's audit of the financial statements.

Based on the above-mentioned reviews and discussions with management and KPMG, the Audit Committee recommended to the Board that the Company's audited consolidated financial statements be included in its Annual Report on Form 10-K for the year ended December 31, 2012.

Compensation Committee Report

The Compensation Committee is charged with the following responsibilities: (i) recommendations to the Board of Directors relative to the compensation of executive officers, (ii) administration of the equity incentive plan and recommendations to the Board relative to the grant of equity awards to employees, directors and consultants of the Company, (iii) review of, and recommendations to the Board concerning, proposed employment agreements with executive officers, and (iv) evaluation of the performance of, and determination of compensation policies for, executive officers.

Competition for qualified senior management personnel in the Company's industry is intense. In order to attract and retain qualified personnel, the Company must offer compensation which is comparable to similarly situated companies and which provides the potential for substantial rewards if the Company is successful over the long-term. The objectives of the Company's executive compensation policy are to attract, retain and reward executive officers and other key employees who contribute to its success and to motivate these individuals to enhance stockholder value. The Company seeks to pay base, bonus and long-term incentive compensation at levels competitive with other medical device companies.

The Compensation Committee meets several times per year in order to: (i) review the effectiveness of the Company's executive compensation policy in advancing the Company's objectives, (ii) make recommendations to the Board for any adjustments, and (iii) recommend annual compensation for the coming year.

During 2012, the Compensation Committee engaged a third-party compensation consultant, The Hay Group, to identify a peer group and evaluate the market competitiveness of cash and equity compensation for the Company's executive officers. As a result of this independent evaluation, a new peer group was identified and effective December 20, 2012. For the fiscal year 2012 analysis, the companies comprising the Company's peer group were Allied Healthcare Products Inc., Anika Therapeutics, Atricare, Inc., BioClinica, Cumberland Pharmaceuticals, DUSA Pharmaceuticals, Iridex Corp., Lannett Co, Inc., Osiris Therapeutics, Repligen, SurModics, Inc., Theragenics, Utah Medical Products and Vascular Solutions Inc.

The Compensation Committee reviews the performance of each executive officer and the financial condition of the Company in relation to the following major components of executive compensation:

1. *Base Salary.* The employment agreement with each executive sets an initial base salary in accordance with industry norms and the executive's experience and qualifications. The Compensation Committee annually reviews each executive officer's base salary. Among the factors taken into consideration are: (i) individual and corporate performance, (ii) levels of responsibility, (iii) prior experience, (iv) breadth of knowledge of the industry and (v) competitive pay practices. If salaries at comparable companies have increased, the Compensation Committee normally recommends similar increases. However, increases will be recommended only if the executive's historical performance warrants an increase and if the increase is prudent in view of the Company's financial condition.
2. *Annual Bonus.* In addition to base salary, the Company seeks to reward executives each year for the achievement of specific goals which may be financial, operational or technological. In this regard, the Compensation Committee considers objectively measurable goals such as obtaining new investment capital, negotiating valuable contracts or meeting sales objectives, together with subjective goals such as quality of management performance and consistency of effort.
3. *Long-Term Incentives.* The Company's long-term incentives for executive officers consist of stock options and restricted share units awarded pursuant to the 2012 Plan.

The Compensation Committee determines the number and terms of recommended option and restricted share unit grants to the Company's executive officers based on practices at comparable companies in the medical device industry and the Company's policy of linking long-term incentives to performance.

Executive Compensation Recommendations:

Pursuant to its mandate, and in accordance with the foregoing criteria, the Compensation Committee recommended compensation for the Company's named executive officers to the Board of Directors of the Company as follows:

1. *Bonus Compensation* 2012. The Compensation Committee recommended that a bonus of (i) \$160,000 be paid to the Company's President and Chief Executive Officer, (ii) \$63,000 be paid to the Company's Executive Vice President, Finance and Chief Financial Officer, (iii) \$55,000 be paid to the Company's Group President, Traditional Wound Care and Corporate Accounts, (iv) \$63,000 be paid to the Company's Executive Vice President, Operations and (v) \$80,000 be paid to the Company's Group President, Advanced Wound Care and Pharmaceutical Development.

To the extent permitted by Applicable Laws, the Committee may, in its discretion, delegate to one or more Directors or Employees any of the Committee's authority under the Plan. The acts of any such delegates shall be treated hereunder as acts of the Committee with respect to any matters so delegated.

b. Determinations. The Committee shall have no obligation to treat Participants or eligible Participants uniformly, and the Committee may make determinations under the Plan selectively among Participants who receive, or Employees, Directors or Consultants who are eligible to receive, Awards (whether or not such Participants or eligible Employees, Directors or Consultants are similarly situated). All determinations and decisions made by the Committee pursuant to the provisions of the Plan and all related orders and resolutions of the Committee shall be final, conclusive and binding on all persons, including the Company, its Subsidiaries, its stockholders, Employees, Directors, Consultants, Participants and their estates and beneficiaries.

c. Authority of the Board. To the extent that any action of the Board under the Plan conflicts with any action taken by the Committee, the action of the Board shall control.

5. Eligibility and Participation. Each Employee, Director and Consultant is eligible to participate in the Plan. Subject to the provisions of the Plan, the Committee may, from time to time, select from all eligible Employees, Directors and Consultants those to whom Awards shall be granted and shall determine, in its sole discretion, the nature of any and all terms permissible by Applicable Law and the amount of each Award.

6. Stock Options. Subject to the terms and conditions of the Plan, Stock Options may be granted to Participants in such number, and upon such terms and conditions, as shall be determined by the Committee in its sole discretion.

A Stock Option shall be exercised by the delivery of a notice of exercise to the Company or its designee in a form specified by the Company which sets forth the number of Shares with respect to which the Stock Option is to be exercised and full payment of the exercise price for such Shares. The exercise price of a Stock Option may be paid, in the discretion of the Committee and as set forth in the applicable Award Agreement: (i) in cash or its equivalent; (ii) by tendering (either by actual delivery or attestation) previously acquired Shares having an aggregate Fair Market Value at the time of exercise equal to the aggregate exercise price; (iii) by a cashless exercise (including by withholding Shares deliverable upon exercise and through a broker-assisted arrangement to the extent permitted by Applicable Laws); (iv) by a combination of the methods described in clauses (i), (ii) and/or (iii); or (v) through any other method approved by the Committee in its sole discretion. As soon as practicable after receipt of the notification of exercise and full payment of the exercise price, the Company shall cause the appropriate number of Shares to be issued to the Participant.

f. Special Rules Applicable to Incentive Stock Options. Notwithstanding any other provision in the Plan to the contrary:

(i) Incentive Stock Options may be granted only to Employees of the Company and its Subsidiaries. The terms and conditions of Incentive Stock Options shall be subject to and comply with the requirements of Section 422 of the Code.

(ii) To the extent that the aggregate Fair Market Value of the Shares (determined as of the Date of Grant) with respect to which an Incentive Stock Option is exercisable for the first time by any Participant during any calendar year (under all plans of the Company and its Subsidiaries) is greater than \$100,000 (or such other amount specified in Section 422 of the Code), as calculated under Section 422 of the Code, then the Stock Option shall be treated as a Nonqualified Stock Option.

(iii) No Incentive Stock Option shall be granted to any Participant who, on the Date of Grant, is a Ten Percent Stockholder, unless (x) the exercise price per Share of such Incentive Stock Option is at least one hundred and ten percent (110%) of the Fair Market Value of a Share on the Date of Grant, and (y) the term of such Incentive Stock Option shall not exceed five (5) years from the Date of Grant.

Each Stock Appreciation Right shall be evidenced by an Award Agreement that shall specify the exercise price, the term of the Stock Appreciation Right, the number of Shares covered by the Stock Appreciation Right, the conditions upon which the Stock Appreciation Right shall become vested and exercisable and such other terms and conditions as the Committee shall determine and which are not inconsistent with the terms and conditions of the Plan.

b. Exercise Price. A Stock Appreciation Right shall become vested and exercisable at such times and upon such terms and conditions as may be determined by the Committee and set forth in the related Award Agreement. Such terms and conditions may include, without limitation, the satisfaction of (i) performance goals based on one or more Performance Objectives, and (ii) time-based vesting requirements.

e. Exercise of Stock Appreciation Rights. Except as otherwise provided in the Plan or in a related Award Agreement, a Stock Appreciation Right may be exercised for all or any portion of the Shares for which it is then exercisable. A Stock Appreciation Right shall be exercised by the delivery of a notice of exercise to the Company or its designee in a form specified by the Company which sets forth the number of Shares with respect to which the Stock Appreciation Right is to be exercised. Upon exercise, a Stock Appreciation Right shall entitle a Participant to an amount equal to (a) the excess of (i) the Fair Market Value of a Share on the exercise date over (ii) the exercise price per Share, multiplied by (b) the number of Shares with respect to which the Stock Appreciation Right is exercised. A Stock Appreciation Right may be settled in whole Shares, cash or a combination thereof, as specified by the Committee in the related Award Agreement.

8. Restricted Shares. Subject to the terms and conditions of the Plan, Restricted Shares may be granted or sold to Participants in such number, and upon such terms and conditions, as shall be determined by the Committee in its sole discretion.

a. Award Agreement. Each Restricted Shares Award shall be evidenced by an Award Agreement that shall specify the number of Restricted Shares, the restricted period(s) applicable to the Restricted Shares, the conditions upon which the restrictions on the Restricted Shares will lapse and such other terms and conditions as the Committee shall determine and which are not inconsistent with the terms and conditions of the Plan.

b. Terms, Conditions and Restrictions. The Committee shall impose such other terms, conditions and/or restrictions on any Restricted Shares as it may deem advisable, including, without limitation, a requirement that the Participant pay a purchase price for each Restricted Share, restrictions based on the achievement of specific Performance Objectives, time-based restrictions or holding requirements or sale restrictions placed on the Shares by the Company upon vesting of such Restricted Shares. Unless otherwise provided in the related Award Agreement or required by applicable law, the restrictions imposed on Restricted Shares shall lapse upon the expiration or termination of the applicable restricted period and the satisfaction of any other applicable terms and conditions.

c. Custody of Certificates. To the extent deemed appropriate by the Committee, the Company may retain the certificates representing Restricted Shares in the Company's possession until such time as all terms, conditions and/or restrictions applicable to such Shares have been satisfied or lapse.

d. Rights Associated with Restricted Shares during Restricted Period. During any restricted period applicable to Restricted Shares: (i) the Restricted Shares may not be sold, transferred, pledged, assigned or otherwise alienated or hypothecated; (ii) unless otherwise provided in the related Award Agreement, the Participant shall be entitled to exercise full voting rights associated with such Restricted Shares; and (iii) the Participant shall be entitled to all dividends and other distributions paid with respect to such Restricted Shares during the restricted period. The Award Agreement may require that receipt of any dividends or other distributions with respect to the Restricted Shares shall be subject to the same terms and conditions as the Restricted Shares with respect to which they are paid. Notwithstanding the preceding sentence, dividends or other distributions with respect to Restricted Shares that vest based on the achievement of Performance Objectives shall be accumulated until such Award is earned, and the

dividends or other distributions shall not be paid if the Performance Objectives are not satisfied.

B-7

- c. Form of Settlement. Restricted Share Units may be settled in whole Shares, cash or a combination thereof, as specified by the Committee in the related Award Agreement.
- d. Dividend Equivalents. Restricted Share Units may provide the Participant with dividend equivalents, on either a current or deferred or contingent basis, and either in cash or in additional Shares, as determined by the Committee in its sole discretion and set forth in the related Award Agreement; *provided* that dividend equivalents with respect to Restricted Share Units that vest based on the achievement of Performance Objectives shall be accumulated until such Award is earned, and the dividend equivalents shall not be paid if the Performance Objectives are not satisfied.

10. Other Share-Based Awards. Subject to the terms and conditions of the Plan, Other Share-Based Awards may be granted to Participants in such number, and upon such terms and conditions, as shall be determined by the Committee in its sole discretion. Other Share-Based Awards are Awards that are valued in whole or in part by reference to, or otherwise based on the Fair Market Value of, Shares, and shall be in such form as the Committee shall determine, including without limitation, unrestricted Shares or time-based or performance-based units that are settled in Shares and/or cash.

- a. Award Agreement. Each Other Share-Based Award shall be evidenced by an Award Agreement that shall specify the terms and conditions upon which the Other Share-Based Award shall become vested, if applicable, the time and method of settlement, the form of settlement and such other terms and conditions as the Committee shall determine and which are not inconsistent with the terms and conditions of the Plan.

- c. Dividend Equivalents. Other Share-Based Awards may provide the Participant with dividend equivalents, on either a current or deferred or contingent basis, and either in cash or in additional Shares, as determined by the Committee in its sole discretion and set forth in the related Award Agreement; *provided* that dividend equivalents with respect to Other Share-Based Awards that vest based on the achievement of Performance Objectives shall be accumulated until such Award is earned, and the dividend equivalents shall not be paid if the Performance Objectives are not satisfied.

11. Cash-Based Awards. Subject to the terms and conditions of the Plan, Cash-Based Awards may be granted to Participants in such amounts and upon such other terms and conditions as shall be determined by the Committee in its sole discretion. Each Cash-Based Award shall be evidenced by an Award Agreement that shall specify the payment amount or payment range, the time and method of settlement and the other terms and conditions, as applicable, of

such Award which may include, without limitation, restrictions based on the achievement of specific Performance Objectives.

12. Compliance with Section 409A. Awards granted under the Plan shall be designed and administered in such a manner that they are either exempt from the application of, or comply with, the requirements of Section 409A of the Code. To the extent that the Committee determines that any award granted under the Plan is subject to Section 409A of the Code, the Award Agreement shall incorporate the terms and conditions

B-8

necessary to avoid the imposition of an additional tax under Section 409A of the Code upon a Participant. Notwithstanding any other provision of the Plan or any Award Agreement (unless the Award Agreement provides otherwise with specific reference to this Section): (i) an Award shall not be granted, deferred, accelerated, extended, paid out, settled, substituted or modified under the Plan in a manner that would result in the imposition of an additional tax under Section 409A of the Code upon a Participant; and (ii) if an Award is subject to Section 409A of the Code, and if the Participant holding the award is a specified employee (as defined in Section 409A of the Code, with such classification to be determined in accordance with the methodology established by the Company), then, to the extent required to avoid the imposition of an additional tax under Section 409A of the Code upon a Participant, no distribution or payment of any amount shall be made before the date that is six (6) months following the date of such Participant's separation from service (as defined in Section 409A of the Code) or, if earlier, the date of the Participant's death. Although the Company intends to administer the Plan so that Awards will be exempt from, or will comply with, the requirements of Section 409A of the Code, the Company does not warrant that any Award under the Plan will qualify for favorable tax treatment under Section 409A of the Code or any other provision of federal, state, local, or non-United States law. The Company shall not be liable to any Participant for any tax, interest, or penalties the Participant might owe as a result of the grant, holding, vesting, exercise, or payment of any Award under the Plan.

13. Compliance with Section 162(m).

a. In General. Notwithstanding anything in the Plan to the contrary, Awards may be granted in a manner that is intended to qualify for the Performance-Based Exception. As determined by the Committee in its sole discretion, the grant, vesting, exercisability and/or settlement of any Restricted Shares, Restricted Share Units, Other Share-Based Awards and Cash-Based Awards intended to qualify for the Performance-Based Exception shall be conditioned on the attainment of one or more Performance Objectives during a performance period established by the Committee and must satisfy the requirements of this Section 13.

b. Performance Objectives. If an Award is intended to qualify for the Performance-Based Exception, then the Performance Objectives shall be based on specified levels of or growth in one or more of the following criteria: revenues, weighted average revenue per unit, earnings from operations, operating income, earnings before or after interest and taxes, operating income before or after interest and taxes, net income, cash flow, earnings per share, debt to capital ratio, economic value added, return on total capital, return on invested capital, return on equity, return on assets, total return to stockholders, earnings before or after interest, taxes, depreciation, amortization or extraordinary or special items, operating income before or after interest, taxes, depreciation, amortization or extraordinary or special items, return on investment, free cash flow, cash flow return on investment (discounted or otherwise), net cash provided by operations, cash flow in excess of cost of capital, operating margin, profit margin, contribution margin, stock price and/or strategic business criteria consisting of one or more objectives based on meeting specified product development, strategic partnering, research and development, market penetration, geographic business expansion goals, cost targets, customer satisfaction, gross or net additional customers, average customer life, employee satisfaction, management of employment practices and employee benefits, supervision of litigation and information technology, and goals relating to acquisitions or divestitures of subsidiaries, affiliates and joint ventures.

c. Establishment of Performance Goals. With respect to Awards intended to qualify for the Performance-Based Exception, the Committee shall establish: (i) the applicable Performance Objectives and performance period, and (ii) the formula for computing the payout. Such terms and conditions shall be established in writing while the outcome of the applicable performance period is substantially uncertain, but in no event later than the earlier of: (x) ninety days after the beginning of the applicable performance period; or (y) the expiration of twenty-five percent (25%) of the applicable performance period.

d. Certification of Performance. With respect to any Award intended to qualify for the Performance-Based Exception, the Committee shall certify in writing whether the applicable Performance Objectives and other material terms

imposed on such Award have been satisfied, and, if they have,

B-9

ascertain the amount of the payout or vesting of the Award. Notwithstanding any other provision of the Plan, payment or vesting of any such Award shall not be made until the Committee certifies in writing that the applicable Performance Objectives and any other material terms of such Award were in fact satisfied in a manner conforming to applicable regulations under Section 162(m) of the Code.

e. **Negative Discretion.** With respect to any Award intended to qualify for the Performance-Based Exception, after the date that the Performance Objectives are required to be established in writing pursuant to Section 13(c), the Committee shall not have discretion to increase the amount of compensation that is payable upon achievement of the designated Performance Objectives. However, the Committee may, in its sole discretion, reduce the amount of compensation that is payable upon achievement of the designated Performance Objectives.

14. Transferability. Except as otherwise determined by the Committee, no Award or dividend equivalents paid with respect to any Award shall be transferable by the Participant except by will or the laws of descent and distribution; *provided*, that if so determined by the Committee, each Participant may, in a manner established by the Board or the Committee, designate a beneficiary to exercise the rights of the Participant with respect to any Award upon the death of the Participant and to receive Shares or other property issued or delivered under such Award. Except as otherwise determined by the Committee, Stock Options and Stock Appreciation Rights will be exercisable during a Participant's lifetime only by the Participant or, in the event of the Participant's legal incapacity to do so, by the Participant's guardian or legal representative acting on behalf of the Participant in a fiduciary capacity under state law and/or court supervision.

15. Adjustments. In the event of any equity restructuring (within the meaning of Financial Accounting Standards Board Accounting Standards Codification Topic 718, Compensation—Stock Compensation), such as a stock dividend, stock split, reverse stock split, spinoff, rights offering, or recapitalization through a large, nonrecurring cash dividend, the Committee shall cause there to be an equitable adjustment in the numbers of Shares specified in Section 3 of the Plan and, with respect to outstanding Awards, in the number and kind of Shares subject to outstanding Awards and the exercise price or other price of Shares subject to outstanding Awards, in each case to prevent dilution or enlargement of the rights of Participants. In the event of any other change in corporate capitalization, or in the event of a merger, consolidation, liquidation, or similar transaction, the Committee may, in its sole discretion, cause there to be an equitable adjustment as described in the foregoing sentence, to prevent dilution or enlargement of rights; *provided, however*, that, unless otherwise determined by the Committee, the number of Shares subject to any Award shall always be rounded down to a whole number. Notwithstanding the foregoing, the Committee shall not make any adjustment pursuant to this Section 15 that would (i) cause any Stock Option intended to qualify as an ISO to fail to so qualify, (ii) cause an Award that is otherwise exempt from Section 409A of the Code to become subject to Section 409A, or (iii) cause an Award that is subject to Section 409A of the Code to fail to satisfy the requirements of Section 409A. The determination of the Committee as to the foregoing adjustments, if any, shall be conclusive and binding on all Participants and any other persons claiming under or through any Participant.

16. Fractional Shares. The Company shall not be required to issue or deliver any fractional Shares pursuant to the Plan and, unless otherwise provided by the Committee, fractional shares shall be settled in cash.

17. Withholding Taxes. To the extent required by Applicable Law, a Participant shall be required to satisfy, in a manner satisfactory to the Company or Subsidiary, as applicable, any withholding tax obligations that arise by reason of a Stock Option or Stock Appreciation Right exercise, the vesting of or settlement of Shares under an Award, an election pursuant to Section 83(b) of the Code or otherwise with respect to an Award. The Company and its Subsidiaries shall not be required to issue or deliver Shares, make any payment or to recognize the transfer or disposition of Shares until such obligations are satisfied. The Committee may permit or require these obligations to be satisfied by having the Company withhold a portion of the Shares that otherwise would be issued or delivered to a Participant upon exercise of a Stock Option or Stock Appreciation Right or upon the vesting or settlement of an

Award, or by tendering Shares previously acquired, in each case having a Fair Market Value equal to the minimum amount required to be withheld or paid. Any

B-10

such elections are subject to such conditions or procedures as may be established by the Committee and may be subject to disapproval by the Committee.

18. Foreign Employees. Without amending the Plan, the Committee may grant Awards to Participants who are foreign nationals, or who are subject to Applicable Laws of one or more non-United States jurisdictions, on such terms and conditions different from those specified in the Plan as may in the judgment of the Committee be necessary or desirable to foster and promote achievement of the purposes of the Plan, and, in furtherance of such purposes, the Committee may make such modifications, amendments, procedures, and the like as may be necessary or advisable to comply with provisions of Applicable Laws of other countries in which the Company or its Subsidiaries operate or have employees.

19. Termination for Cause; Forfeiture of Awards.

- a. Termination for Cause. If a Participant's employment or service is terminated by the Company or a Subsidiary for Cause, then the Participant shall forfeit all Awards granted under the Plan to the extent held by the Participant immediately prior to the Participant's termination of employment or service.
- b. Compensation Recovery Policy. Any Award granted to a Participant shall be subject to forfeiture or repayment pursuant to the terms of any applicable compensation recovery policy adopted by the Company, including any such policy that may be adopted to comply with the Dodd-Frank Wall Street Reform and Consumer Protection Act or any rules or regulations issued by the Securities and Exchange Commission rule or applicable securities exchange.
- c. Set-Off and Other Remedies. To the extent that amounts are not immediately returned or paid to the Company as provided in this Section 19, the Company may, to the extent permitted by Applicable Laws, seek other remedies, including a set off of the amounts so payable to it against any amounts that may be owing from time to time by the Company or a Subsidiary to the Participant for any reason, including, without limitation, wages, or vacation pay or other benefits; *provided, however*, that, except to the extent permitted by Treasury Regulation Section 1.409A-3(j)(4), such offset shall not apply to amounts that are deferred compensation within the meaning of Section 409A of the Code.

20. Change in Control. In the event of a Change in Control, the Committee, in its sole discretion, may take such actions, if any, as it deems necessary or desirable with respect to any Award that is outstanding as of the date of the consummation of the Change in Control. Such actions may include, without limitation: (a) the acceleration of the vesting, settlement and/or exercisability of an Award; (b) the payment of a cash amount in exchange for the cancellation of an Award; (c) the cancellation of Stock Options and/or Stock Appreciation Rights without payment therefor if the Fair Market Value of a Share on the date of the Change in Control does not exceed the exercise price per Share of the applicable Awards; and/or (d) the issuance of substitute Awards that substantially preserve the value, rights and benefits of any affected Awards.

21. Amendment, Modification and Termination.

- a. In General. The Board may at any time and from time to time, alter, amend, suspend or terminate the Plan in whole or in part; *provided, however*, that no alteration or amendment that requires stockholder approval in order for the Plan to comply with any rule promulgated by the SEC or any securities exchange on which Shares are listed or any other Applicable Laws shall be effective unless such amendment shall be approved by the requisite vote of stockholders of the Company entitled to vote thereon within the time period required under such applicable listing standard or rule.
- b. Adjustments to Outstanding Awards. The Committee may in its sole discretion at any time (i) provide that all or a portion of a Participant's Stock Options, Stock Appreciation Rights and other Awards in the nature of rights that may

be exercised shall become fully or partially exercisable; (ii) provide that all or a part of the time-based vesting restrictions on all or a portion of the outstanding Awards shall lapse, and/or that any Performance Objectives or other performance-based criteria with respect to any Awards shall be deemed to be wholly or partially satisfied; or (iii) waive any other limitation or requirement under any such Award, in each case, as of such date as the Committee may, in its sole discretion, declare. Unless otherwise determined by the Committee, any such adjustment that is

made with respect to an Award that is intended to qualify for the Performance-Based Exception shall be made at such times and in such manner as will not cause such Awards to fail to qualify under the Performance-Based Exception. Additionally, the Committee shall not make any adjustment pursuant to this Section 21(b) that would cause an Award that is otherwise exempt from Section 409A of the Code to become subject to Section 409A, or that would cause an Award that is subject to Section 409A of the Code to fail to satisfy the requirements of Section 409A.

c. Prohibition on Repricing. Except for adjustments made pursuant to Sections 15 or 20, the Board or the Committee will not, without the further approval of the stockholders of the Company, authorize the amendment of any outstanding Stock Option or Stock Appreciation Right to reduce the exercise price. No Stock Option or Stock Appreciation Right will be cancelled and replaced with an Award having a lower exercise price, or for another Award, or for cash without further approval of the stockholders of the Company, except as provided in Sections 15 or 20. Furthermore, no Stock Option or Stock Appreciation Right will provide for the payment, at the time of exercise, of a cash bonus or grant or sale of another Award without further approval of the stockholders of the Company. This Section 21(c) is intended to prohibit the repricing of underwater Stock Options or Stock Appreciation Rights without stockholder approval and will not be construed to prohibit the adjustments provided for in Sections 15 or 20.

d. Effect on Outstanding Awards. Notwithstanding any other provision of the Plan to the contrary (other than Sections 15, 20, 21(b) and 23(d)), no termination, amendment, suspension, or modification of the Plan or an Award Agreement shall adversely affect in any material way any Award previously granted under the Plan, without the written consent of the Participant holding such Award; *provided* that the Committee may modify an ISO held by a Participant to disqualify such Stock Option from treatment as an incentive stock option under Section 422 of the Code without the Participant's consent.

22. Applicable Laws. The obligations of the Company with respect to Awards under the Plan shall be subject to all Applicable Laws and such approvals by any governmental agencies as the Committee determines may be required.

The Plan and each Award Agreement shall be governed by the laws of the State of New Jersey, excluding any conflicts or choice of law rule or principle that might otherwise refer construction or interpretation of the Plan to the substantive law of another jurisdiction.

23. Miscellaneous.

a. Deferral of Awards. Except with respect to Stock Options, Stock Appreciation Rights and Restricted Shares, the Committee may permit Participants to elect to defer the issuance or delivery of Shares or the settlement of Awards in cash under the Plan pursuant to such rules, procedures or programs as it may establish for purposes of the Plan. The Committee also may provide that deferred issuances and settlements include the payment or crediting of dividend equivalents or interest on the deferral amounts. All elections and deferrals permitted under this provision shall comply with Section 409A of the Code, including setting forth the time and manner of the election (including a compliant time and form of payment), the date on which the election is irrevocable, and whether the election can be changed until the date it is irrevocable.

b. No Right of Continued Employment. The Plan shall not confer upon any Participant any right with respect to continuance of employment or other service with the Company or any Subsidiary, nor shall it interfere in any way with any right the Company or any Subsidiary would otherwise have to terminate such Participant's employment or other service at any time. No Employee, Director or Consultant shall have the right to be selected to receive an Award under the Plan, or, having been so selected, to be selected to receive future Awards.

c. Unfunded, Unsecured Plan. Neither a Participant nor any other person shall, by reason of participation in the Plan, acquire any right or title to any assets, funds or property of the Company or any Subsidiary, including without limitation, any specific funds, assets or other property which the Company or any Subsidiary may set aside in

anticipation of any liability under the Plan. A Participant shall have only a contractual right to an Award or the amounts, if any, payable under the Plan, unsecured by any assets of the Company or any Subsidiary, and nothing contained in the Plan shall constitute a guarantee that the assets of the Company or any Subsidiary shall be sufficient to pay any benefits to any person.

d. Severability. If any provision of the Plan is or becomes invalid, illegal or unenforceable in any jurisdiction, or would disqualify the Plan or any Award under any law deemed applicable by the Committee, such provision shall be construed or deemed amended or limited in scope to conform to Applicable Laws or, in the discretion of the Committee, it shall be stricken and the remainder of the Plan shall remain in full force and effect.

e. Acceptance of Plan. By accepting any benefit under the Plan, each Participant and each person claiming under or through any such Participant shall be conclusively deemed to have indicated their acceptance and ratification of, and consent to, all of the terms and conditions of the Plan and any action taken under the Plan by the Committee, the Board or the Company, in any case in accordance with the terms and conditions of the Plan.

f. Successors. All obligations of the Company under the Plan and with respect to Awards shall be binding on any successor to the Company, whether the existence of such successor is the result of a direct or indirect purchase, merger, consolidation, or other event, or a sale or disposition of all or substantially all of the business and/or assets of the Company and references to the Company herein and in any Award agreements shall be deemed to refer to such successors.
