REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Participants and Administrator of
Tasty Baking Company 401(k) and Company Funded Retirement Plan

We have audited the accompanying statements of net assets available for benefits of Tasty Baking Company 401(k) and Company Funded Retirement Plan (the "Plan") as of December 31, 2007 and 2006, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purposes of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2007 and 2006, and the changes in its net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2007 and schedule of reportable transactions for the year ended December 31, 2007 are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, are fairly stated in all material respects in relation to the financial statements taken as a whole.

NOTE 1

DESCRIPTION OF PLAN

General

The Tasty Baking Company 401(k) and Company Funded Retirement Plan (the "Plan") is a defined contribution plan under which all employees of Tasty Baking Company and Tasty Baking Oxford, Inc. (the "Companies") who meet certain service requirements are eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Merger

On March 27, 2005, the Companies merged the Tasty Baking Oxford, Inc. 401(k) Savings Plan (the "Oxford Plan") into the Tasty Baking Company 401(k) Thrift Plan and renamed the merged plans as the Tasty Baking Company 401(k) and Company Funded Retirement Plan. All assets of the Oxford Plan were transferred to the Plan immediately after the effective date of the merger.

For a description of the contribution, benefits, and vesting provisions of the Plan, as well as other Plan provisions, Plan participants should refer to the Plan document or Summary Plan Description (SPD).

Plan Amendments

The Plan made certain amendments to comply with new IRS regulations in 2007. The Plan amended the vesting schedule of the company-funded contribution. Effective January 1, 2007, a participant is 100% vested after three years of service.

Contributions

Under the 401(k) portion of the Plan, employee elective deferral contributions may be made in an amount up to the annual IRS contribution limit of \$15,500 in 2007, or \$20,500 for participants age 50 and over. Employees can contribute any whole percentage of their eligible compensation as their elective deferrals subject to the annual IRS limit. The Companies make matching contributions equal to 50% of the employees' elective deferrals that do not exceed 4% of their compensation as defined in the Plan. Elective deferral contributions are made through payroll deductions as authorized by the employees and are immediately vested. For the investment of their own contributions, participants may choose from a variety of Vanguard Group mutual fund options selected by the Plan Committee and a fund that invests primarily in common stock of Tasty Baking Company. The Plan is administered by the

DESCRIPTION OF PLAN (continued)

Vanguard Group and the Plan trustee is the Vanguard Fiduciary Trust Company.

Under the portion of the Plan called "Tasty Funded Retirement Contributions," the Companies also make cash contributions into individual accounts for all eligible employees. These contributions will be equal to a percentage of an employee's eligible compensation and will increase with the employee's age and years of credited service.

Participants may self-direct the investment of this account, as well as their matching contribution account, in the same Vanguard Group mutual fund options that are available for the investment of their elective deferral contributions.

The investment alternatives available to participants provide choices that cover all major sectors of the market. Participants may change the investment mix of their ongoing contributions and/or existing account balances daily, subject to certain limitations on reinvestment in certain Vanguard Group funds within a 60-day period.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Companies' contribution and (b) Plan earnings, net of the allocation of their funds' administrative expenses (see Note 5). The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and the employer's matching contributions plus actual earnings thereon. Vesting in the company-funded portion of their accounts is based on years of service. Effective January 1, 2007, a participant is 100% vested after three years of service. A participant was 100% vested after five years of service prior to January 1, 2007.

Withdrawals

Participants who terminate employment can elect to have the full value in their respective accounts distributed to them including their own contributions and employer matching contributions made on their behalf. Tasty Funded Retirement Contribution amounts are also distributable upon termination of employment if the participant is vested as of the termination date.

NOTE 1

DESCRIPTION OF PLAN (continued)

Active participants may make withdrawals from their after-tax contribution accounts at any time for any reason. Once an active participant has been a Plan participant for five years, matching contributions previously made in the form of company stock can be withdrawn upon request as of any Plan year-end date. Participants may make withdrawals of their elective deferral contributions because of hardship provided certain conditions imposed by the Plan are satisfied. Participants may also make withdrawals from their account balance attributable to elective deferrals and matching contributions on or after the attainment of age 59 and a half. Participants may not withdraw any portion of their Tasty Funded Retirement Contributions account until they terminate employment, and then, only if they are vested in that account.

Participant Loans

The Plan allows participants to obtain loans from their vested account balance. In addition to other loan requirements, the unpaid balance from all loans outstanding to a participant from the Plan shall not exceed 50% of the vested balance of the participant's account or \$50,000, whichever is less. Loans bear interest at amounts determined by the Plan Committee and are currently the Prime Rate plus 1%. Loans are repayable in equal installments through payroll deductions and are collateralized by 50% of participant's vested account balance. A detailed description of the Plan's procedures for loans is set forth in the Participant Loan Policy which can be obtained from the Plan Committee.

Forfeitures

Forfeitures will be prospectively applied toward Tasty Funded Retirement contributions that are payable by the Companies for the participants.

Termination

The Companies retain the right to terminate the Plan at any time. If the Plan is terminated, participants become 100% vested in all amounts held for their benefit under the Plan.

NOTE 2

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following accounting policies, which conform with generally accepted accounting principles, have been used consistently in the preparation of the Plan's financial statements.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. Units of the Retirement Savings Trust are valued at net asset value at year-end. The Companies' stock fund is valued at its year-end closing price (comprised of year-end market price plus uninvested cash position). Participant loans are valued at cost which approximates fair value.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

As described in Financial Accounting Standards Board Staff Position "FSP AAG INV-1" and Statement of Position "SOP 94-4-1, Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans" (collectively "the FSP"), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

TASTY BAKING COMPANY 401(k) AND COMPANY FUNDED RETIREMENT PLAN
Notes to Financial Statements
December 31, 2007 and 2006

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

The Plan invests in investment contracts through the Vanguard Retirement Savings Trust Fund which is included in tax-exempt common collective trusts. As required by the FSP, the statement of net assets available for benefits presents the fair value of the investments in the stable value fund as well as the adjustment of the investments in the stable value fund from fair value to contract value relating to the investment contracts. The statement of changes in net assets available for benefits is prepared on a contract value basis.

In September 2006, the Financial Accounting Standards Board issued Statement No. 157, "Fair Value Measurements" ("SFAS No. 157"). SFAS No. 157 defines fair value, establishes a framework for measuring fair value, and expands disclosure about fair value measurements. SFAS No. 157 is effective for financial assets and liabilities in fiscal years beginning after November 15, 2007. The Plan's management is currently evaluating the pending adoption of SFAS No. 157 on the Plan's financial statements.

Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the statement of net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure contingent assets and liabilities at the date of the financial statements and the reported amount of additions and deductions during the reporting period. Actual results could differ from those estimates.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Risks and Uncertainties

The Plan provides for various investment options including a money market fund, Tasty Baking Company common stock, and mutual funds. Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 3 RELATED-PARTY TRANSACTIONS

The Plan invests in shares of mutual funds managed by an affiliate of Vanguard Fiduciary Trust Company (VFTC) and in shares of common stock of Tasty Baking Company. VFTC acts as trustee for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA and the Code.
