Item
2.02 Results of Operations and Financial Condition.

As previously disclosed, AptarGroup (the "Company") implemented certain changes to its segment reporting structure beginning January 1, 2011. From 2006 through 2010, the Company had three reportable business segments: Beauty & Home, Closures and Pharma. Effective at the beginning of fiscal year 2011, AptarGroup's new organizational structure consists of three market-focused lines of business which are Beauty + Home, Pharma and Food + Beverage. This new structure is a strategic step to become more closely aligned with our customers and the markets in which they operate. Prior period information has been conformed to the new reporting structure and is furnished as Exhibit 99.1 hereto.

The most significant change relates to sales and income of dispensing closures to the personal care market that were included in the Closures segment in the past which are now included in the new Beauty + Home segment. To a lesser degree, sales of our products used with over-the-counter consumer healthcare products that were included in the old Beauty & Home and Closures segments are now included in the new Pharma segment. In addition, stock option expense and certain IT expenses that were included in Corporate and Other in the past are allocated to the new segments.

The information in this Item 2.02 of this Form 8-K and the Exhibit attached hereto shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933, except as shall be expressly set forth by specific reference in such filing.
