**Item 8.01 Other Events**

On May 19, 2015, the Board of Directors of NetScout Systems, Inc. (the “Company” or “NetScout”) approved a new share repurchase program, conditional upon the completion of the Company’s planned acquisition of Danaher Corporation’s Communications Business, that will enable the Company to repurchase up to twenty million shares of its common stock. NetScout is not obligated to acquire any specific amount of common stock within any particular timeframe as a result of its new share repurchase program. Repurchases under NetScout’s new share repurchase program are expected to be made under a Rule 10b5-1 plan.

Upon it becoming effective, this new share repurchase plan would replace NetScout’s existing open market share repurchase program aimed at enabling the Company to repurchase up to \$100 million of its outstanding common stock. There was approximately \$69 million outstanding on NetScout’s existing \$100 million share repurchase program as of March 31, 2015. The acquisition of Danaher Corporation’s Communications Business, which remains subject to the approval of certain proposals to be voted upon by NetScout stockholders at a special meeting scheduled for June 25, 2015 and other customary closing conditions, is anticipated to be completed in July 2015.
