**NORTHERN DYNASTY WELCOMES NEW DIRECTOR TO BOARD**

**August 12, 2005, Vancouver, BC** - Northern Dynasty Minerals Ltd. (TSXV: NDM; AMEX:NAK) announces the appointment of Morris J.V. Beattie, Ph.D., P.Eng, to the Company's Board of Directors.

Dr. Beattie holds a PhD in Mining and Mineral Process Engineering from the University of British Columbia. He is a Professional Engineer in the Province of British Columbia and is also a member of the Canadian Institute of Mining and Metallurgy and a Fellow of the Institution of Mining and Metallurgy in the United Kingdom.

With over 30 years in the mining industry, Dr. Beattie's experience has encompassed work in base and precious metals and industrial minerals deposits. He spent the early phase of his career in extractive metallurgy at Bacon, Donaldson & Associates Ltd., directing over 2,000 test programs. In addition to directing the metallurgical and process development of numerous projects, more recently Dr. Beattie's scope of activities has included due diligence studies, audits and economic evaluations of mining projects as well as contributions to project feasibility studies. He has held senior management roles with several technology and exploration companies and served as a director of various exploration and development stage mining companies. Currently, he is also a Director of Galahad Gold plc and is the President of that company's subsidiary, Skaergaard Minerals Corp.

Dr. Beattie's comprehensive background in mining company development and mineral processing will be an asset to the Company as it advances its world-class Pebble gold-copper-molybdenum project, located in southwestern Alaska, USA.

Northern Dynasty Minerals Ltd. is currently conducting comprehensive engineering, socio-economic and environmental studies designed to advance the Pebble gold-copper project through a feasibility study scheduled to be completed by December 2005, and to meet the requirements of a full permitting process for a port, access road and open pit mine; all slated to begin in 2006.

**Forward Oriented Information**

This release includes certain statements that may be deemed "forward-looking statements". All statements in this release, other than statements of historical facts, including those that announce proposed financings that the Company expects to complete, are forward-looking statements. Although Northern Dynasty believes the expectations expressed in such forward-looking statements are based on reasonable assumptions, such statements are not guarantees of future performance and actual results or developments may differ materially from those in the forward-looking statements. Factors that could cause actual results to differ materially from those in forward-looking statements include the failure of investors who are believed to have committed to the financings to fail to complete them as a result of general market conditions, adverse developments unique to such investors or otherwise. Accordingly, the actual amounts raised may differ materially from those projected in the forward-looking statements.
