Enclosure: Press Release dated February 23, 2005 re: Partner's Board of Directors approves acceptance of offer of Founding Israeli Shareholders to sell Partner shares to Partner

Partner s Board of Directors approves acceptance of offer of Founding Israeli Shareholders to sell Partner shares to Partner

Rosh Ha ayin, Israel, February 23rd, 2005 *Partner Communications Company Ltd. (NASDAQ, TASE: PTNR; London: PCCD) (the Company , Partner)* announced today that, upon the recommendation of its audit committee, its Board of Directors has approved the acceptance of the offer made by three of its founding Israeli shareholders: Elbit Limited, Eurocom Communications Limited and Polar Communications Limited (together, the Sellers), who offered to sell all of their 31.7 million Partner shares (17.2% of ordinary shares) to Partner. Pursuant to this offer, Matav Investments Limited, Partner s other founding Israeli shareholder, would have the right to also participate in the sale to the Company (the Matav Option). In the event that Matav elects to sell shares, the number of shares sold would increase to 33.3 million Partner shares (18.1% of ordinary shares) and all of the founding Israeli shareholders would continue to hold further shares constituting in the aggregate 5% of Partner s fully diluted shares.

The Sellers offer price will be calculated as a 10% discount to Partner s 20 day volume-weighted average share price on the day before the shareholder meeting called to approve the transaction on the TASE and is subject to a minimum price of NIS 31.04 (US\$ 7.10) and a maximum price of NIS 32.22 (US\$ 7.37) per share.

The offer is conditional upon various conditions precedent, including the release of the share pledges in favor of Partner s lending banks currently governing the shares. In approving the share buy back transaction, Partner s board of directors noted that acceptance of the offer by Partner will also be subject to it obtaining shareholders approval with the majority required for transactions with controlling shareholders and regulatory consents and approvals required by law or Partner s general license, including, among others:

Edgar Filing: PARTNER COMMUNICATIONS CO LTD - Form 6-K

The consent of the Ministry of Communications to changes in Partner's license including the reduction of the minimum Israeli shareholding requirement in Partner; and

Securing the necessary financing and bank approvals

There is no assurance that Partner's shareholders will approve the share buy back transaction, or that the other conditions for closing will be met. We understand that our founding shareholders have entered into an arrangement regarding the sale of Partner shares if the shareholders do not approve the transaction, or the closing conditions are not met.

Notes: Some of the information in this release contains forward-looking statements that involve risks and uncertainties within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. We have based these forward-looking statements on our current expectations and projections about future events. These forward-looking statements are subject to risks, uncertainties and assumptions about us.

Words such as believe, anticipate, expect, intend, seek, will, plan, could, may, project, goal, target, and similar expressions often identify forward-looking statements but are not the only way we identify these statements. Because such statements involve risks and uncertainties, actual results may differ materially from the results currently expected. Factors that could cause such differences include, but are not limited to:

Uncertainties about the degree of growth in the number of consumers using wireless personal communications services and in the number of residents;

The risks associated with the implementation of a third-generation network and business strategy, including risks relating to the operations of new systems and technologies, substantial expenditures required and potential unanticipated costs, uncertainties regarding the adequacy of suppliers on whom we must rely to provide both network and consumer equipment and consumer acceptance of the products and services to be offered;

The impact of existing and new competitors in the market in which we compete, including competitors that may offer less expensive products and services, desirable or innovative products, technological substitutes, or have extensive resources or better financing;

The introduction or popularity of new products and services, including prepaid phone products, which could increase churn;

Edgar Filing: PARTNER COMMUNICATIONS CO LTD - Form 6-K

The effects of vigorous competition in the market in which we operate and for more valuable customers, which may decrease prices charged, increase churn and change the customer mix, profitability and average revenue per user;

The availability and cost of capital and the consequences of increased leverage;

The risks and costs associated with the need to acquire additional spectrum for current and future services;

The risks associated with technological requirements, technology substitution and changes and other technological developments;

Fluctuations in exchange rates;

The results of litigation filed or to be filed against us; and

The possibility of the market in which we compete being impacted by changes in political, economic or other factors, such as monetary policy, legal and regulatory changes or other external factors over which we have no control;

*As well as the risk factors specified under the heading **Risk Factors** in our 2003 annual report on form 20-F filed with the SEC on April 30th, 2004.*

The convenience translations of the Nominal New Israeli Shekel (NIS) figures into US Dollars were made at the rate of exchange of: US \$1.00 equals NIS 4.372. The translations were made purely for the convenience of the reader.
