Item 1. Security and Issuer

This statement on Schedule 13D (“Schedule 13D”) relates to the shares of common stock, par value \$0.0001 per share (the “Common Stock”), of Greenway Medical Technologies, Inc., a Delaware corporation (“Greenway” or the “Issuer”). The address of the principal executive office of the Issuer is 121 Greenway Boulevard, Carrolton, GA 30117.

Item 2. Identity and Background

This Schedule 13D is being filed jointly on behalf of the following persons (collectively, the “Reporting Persons”): Pamlico Capital II, L.P., a Delaware limited partnership (the “Fund”), Pamlico Capital GP II, LLC, a Delaware limited liability company (the “General Partner”), Scott B. Perper, L. Watts Hamrick III and Frederick W. Eubank II. The business address of each of the Reporting Persons is c/o Pamlico Capital, 150 North College Street, Suite 2400, Charlotte, NC 28202.

The Fund is a private investment fund that invests in equity securities of public and private companies. The principal business of the General Partner is serving as the sole general partner of the Fund and other affiliated entities.

The present principal occupation of each of Messrs. Perper, Hamrick and Eubank is serving as members of the board of managers of the General Partner and other affiliated entities.

The name, residence or business address, and present principal occupation or employment of each director, executive officer and controlling person of each of the Fund and the General Partner are listed on Schedule A.

Each of Messrs. Perper, Hamrick, and Eubank and the individuals referred to on Schedule A hereto is a United States citizen.

The agreement among the Reporting Persons relating to the joint filing of this Schedule 13D is attached as Exhibit 1 hereto.

During the past five years, none of the Reporting Persons (or, to the knowledge of the Reporting Persons, any of the persons listed on Schedule A hereto) (i) has been convicted in any criminal proceeding (excluding traffic violations or similar misdemeanors) or (ii) was a party to a civil proceeding of a judicial or administrative body of competent jurisdiction and as a result of such proceeding was or is subject to a judgment, decree or final order enjoining future violations of, or prohibiting or mandating activities subject to, federal or state securities laws or finding any violation with respect to such laws.

Item 3. Source and Amount of Funds or Other Consideration

In connection with the initial public offering (the “Initial Public Offering”) of the Issuer’s Common Stock, on February 7, 2012 Greenway Medical Technologies, Inc., a Georgia corporation (“Greenway Georgia”) merged with and into the Issuer, with the Issuer as the surviving corporation (the “Merger”). In connection with the Merger, each share of Greenway Georgia’s capital stock was converted into shares of Common Stock of the Issuer. No purchase price was payable in connection with such acquisition. In connection with the Merger, the Fund acquired (i) 1,176,470 shares of Common Stock upon the automatic conversion of 1,176,470 shares of common stock of Greenway Georgia, (ii) 2,781,044 shares of Common Stock upon the automatic conversion of 2,781,044 shares of Series B convertible preferred stock, par value \$0.01 per share (the “Series B Preferred Stock”) of Greenway Georgia that were previously owned by the Fund into shares of Common Stock and (iii) 660,498 shares of Common Stock on account of other payments to which the Fund was entitled on account of the Series B Preferred Stock. No purchase price was payable in connection with such acquisitions.

Also in connection with the completion of the Initial Public Offering on February 7, 2012, the Fund acquired 666,667 shares of Common Stock (the "IPO Shares") at the initial public offering price of \$10.00 per share, or \$6,666,670 in the aggregate. The source of the funds for the acquisition of the IPO Shares was the working capital of the Fund. No part of the purchase price was borrowed by the Fund (other than intercompany borrowings from other Reporting Persons) for the purpose of acquiring the IPO Shares.

D. Neal Morrison, a director of the Issuer and a member of the General Partner, holds a stock option to purchase 10,000 shares of the Issuer's Common Stock at a per share exercise price of \$6.92 per share, which is held for the benefit, and exercisable upon the direction, of the Fund. These options were granted as compensation for Mr. Morrison's service as a member of the Issuer's Board of Directors, and no purchase price was payable in connection with the grant of these options.

Item 4. Purpose of Transaction

The Reporting Persons hold the securities described in Item 5 of this Schedule 13D for investment purposes. The Reporting Persons may seek to dispose of their shares of the Issuer's Common Stock (including, without limitation, distributing some or all of such shares to such Reporting Person's members, partners, stockholders or beneficiaries, as applicable) from time to time, subject to market conditions, the existence (and possible waiver of) the restrictions described below under "—Lockup Agreement" and other investment considerations.

In addition to the foregoing, each Reporting Person, at any time and from time to time, may directly or indirectly acquire additional shares of Common Stock or associated rights or securities exercisable for or convertible into Common Stock, depending upon an ongoing evaluation of its investment in Common Stock and securities exercisable for or convertible into Common Stock, applicable legal restrictions, prevailing market conditions, liquidity requirements of such Reporting Person and/or other investment considerations.

In addition, the Reporting Persons may engage in discussions with management, the Issuer's board of directors, other stockholders of the Issuer and other relevant parties concerning the business, operations, board composition, management, strategy and future plans of the Issuer.

As a result of these activities, one or more of the Reporting Persons may suggest or take a position with respect to potential changes in the operations, management, or capital structure of the Issuer as a means of enhancing shareholder value. Such suggestions or positions may include one or more plans or proposals that relate to or would result in any of the actions required to be reported herein, including, without limitation, such matters as disposing of one or more businesses; selling the Issuer or acquiring another company or business; changing operating or marketing strategies; adopting, not adopting, modifying, or eliminating certain types of anti-takeover measures; restructuring the Issuer's capitalization; reviewing dividend and compensation policies; entering into agreements with third parties relating to acquisitions of securities issued or to be issued by the Issuer; entering into agreements with the management of the Issuer relating to acquisitions of shares of the Issuer by members of management, issuance of options to management, or their employment by the Issuer.

Other than as described above, each of the Reporting Persons reports that neither it, nor to its knowledge any of the other persons named in Item 2 of this Schedule 13D, currently has any plan or proposal that relates to, or may result in, any of the matters listed in Items 4(a)–(j) of Schedule 13D, although the Reporting Persons may, at any time and from time to time, review or reconsider their position and/or change their purpose and/or formulate plans or proposals with respect thereto

Investors' Rights Agreement

An aggregate of 4,618,012 shares of Common Stock beneficially owned by the Reporting Persons are entitled to the rights described below with respect to the registration of those shares under the Securities Act of 1933, as amended (the "Securities Act"), pursuant to the terms of a second amended and restated investors' rights agreement (the "Investors' Rights Agreement") between Greenway Georgia, as predecessor to the Issuer, and the Investors (as defined below).

Demand Registration Rights

Subject to the restrictions set forth below, if the holders of 30% of certain shares of Common Stock (collectively, the “Registrable Securities”) held by Investor Group, LP, Investor Growth Capital Limited, or the Fund (the “Investors”), request registration of Registrable Securities with an anticipated aggregate offering price of at least \$10.0 million, the Issuer must use its “best efforts” to effect such registration.

However, the Issuer is not required to file a registration statement pursuant to the demand registration rights provisions above: (i) after three registration statements have been filed pursuant to the demand registration rights provisions, (ii) during the period starting 90 days prior to the Issuer’s good faith estimate of the filing date and ending 180 days following the effective date of a Company-initiated registration, (iii) if the Investors propose to dispose of securities in a transaction that could be registered on Form S-3, (iv) if the Issuer certifies that the timing of such registration would be “seriously detrimental” to the Issuer and its stockholders, in which case the Issuer can delay the filing for up to 120 days, or (v) in a jurisdiction in which the Issuer would be required to execute a general consent to service of process in connection with the registration, unless the Issuer is already subject to service in that jurisdiction.

S-3 Registration Rights

If the Investors request that the issuer file a registration statement on Form S-3 (an “S-3 registration”) with an anticipated aggregate offering price of at least \$1 million, the Issuer shall give notice of the registration to the other Investors and use its best efforts to effect such registration.

The Issuer is not obligated to effect an S-3 registration if (i) Form S-3 is not available for such offering, (ii) the value of the proposed offering is less than \$1 million, (iii) the Issuer certifies that the timing of such registration would be “seriously detrimental” to the Issuer and its stockholders, in which case the Issuer can defer the filing for up to 120 days, (iv) the Issuer has already effected two Form S-3 registrations for the holders of registration rights in the previous 12 months, or (v) the Issuer would have to qualify to do business or execute a general consent to service of process in connection with the registration.

Piggyback Registration Rights

In addition, if the Issuer registers any shares of its Common Stock, the holders of all shares having registration rights are entitled to notice of the registration and the Issuer must use all “commercially reasonable efforts” to include in the registration all of the Common Stock such holders request to be included the registration.

Other Provisions

In the event that any registration in which the holders of Registrable Securities participate pursuant to the registration rights agreement is an underwritten public offering, the number of registrable shares to be included may, in specified circumstances, be limited due to market conditions.

The Issuer must pay all registration expenses, other than underwriting discounts and selling commissions, related to any demand, S-3 or piggyback registration. The registration rights agreement contains customary cross-indemnification provisions, pursuant to which the Issuer is obligated to indemnify the selling stockholders in the event of material misstatements or omissions in the registration statement attributable to the Issuer, and they are obligated to indemnify the Issuer for material misstatements or omissions in the registration statement attributable to them.

Termination

The registration rights in the Investors' Rights Agreement terminate: (i) five years after the Initial Public Offering; (ii) as to any holder of registration rights, at such time that the stockholder holds 1% or less of the Issuer's outstanding Common Stock, and all of such stockholder's Registrable Securities can be sold in any three-month period without registration under Rule 144; or (iii) after the consummation of a liquidation event (as defined in the Issuer's amended and restated articles of incorporation, as amended from time to time, the definition of which excludes a transaction of which the sole purpose is to change the state of incorporation or to create a holding company that will be owned in substantially the same proportions by the persons who held the Issuer's securities immediately prior to the transaction).

Lock-Up Agreement

Pursuant to a Lock-Up Agreement executed in anticipation of the Initial Public Offering the Fund agreed, not to lend, offer, sell, contract to sell, pledge, grant any option to purchase, make any short sale or otherwise dispose of any shares of the Issuer's Common Stock, or any options or warrants to purchase any shares of the Issuer's Common Stock, or any securities convertible into, exchangeable for or that represent the right to receive shares of the Issuer's Common Stock, whether directly or indirectly, without prior written consent from the representatives of the underwriters for the Initial Public Offering, until July 30, 2012, subject to extension in certain circumstances and subject to certain exceptions. The restrictions set forth in the Lock-Up Agreement do not apply to the IPO Shares.

Item 5. Interest in Securities of the Issuer

(d) Other than the Reporting Persons, no other person has the right to receive or the power to direct the receipt of dividends from, or the proceeds from the sale of, the shares of Issuer Common Stock referred to in this Item 5.
