Item 12. Results of Operations and Financial Condition

On April 22, 2004, Amgen Inc. (the Company) issued a press release announcing its results of operations and financial condition for the three months ended March 31, 2004. The full text of the press release is set forth in Exhibit 99.1 attached hereto.

In its press release the Company included certain historical non-GAAP financial measures as defined in Regulation G promulgated by the Securities and Exchange Commission with respect to the three months ended March 31, 2004 and March 31, 2003. The Company believes that its presentation of historical non-GAAP financial measures provides useful supplementary information to investors. These historical non-GAAP financial measures are in addition to, not a substitute for, or superior to, measures of financial performance prepared in accordance with U.S. Generally Accepted Accounting Principles (GAAP).

Three months ended March 31, 2004 and March 31, 2003

For the three months ended March 31, 2004 and March 31, 2003, the Company's adjustments to GAAP financial measures relate to amounts associated with the Company's acquisition of Immunex Corporation (Immunex) in July 2002 (the Acquisition).

For the three months ended March 31, 2004 and March 31, 2003, the Company reported non-GAAP financial results for the following operating expenses: cost of sales, research and development, and selling, general and administrative, which were each adjusted to exclude incremental compensation payable to certain Immunex employees for a limited period, principally under the Immunex short-term retention plan for the applicable period. The Company believes that excluding such incremental compensation provides a supplemental measure that will facilitate comparisons between periods before, during and after such expenses are incurred.

For the three months ended March 31, 2004 and March 31, 2003, the Company reported non-GAAP adjusted net income and adjusted earnings per share, excluding the foregoing operating expense amounts for the reasons discussed above, as well as excluding ongoing, non-cash amortization of acquired intangible assets. The Company believes that excluding the ongoing, non-cash amortization of intangible assets acquired in the Acquisition (primarily ENBREL®) treats those assets as if the Company had developed them internally in the past, and thus provides a supplemental measure of profitability in which the Company's acquired intellectual property is treated in a comparable manner to its internally developed intellectual property.

The Company uses the foregoing non-GAAP financial measures in connection with its own budgeting and financial planning.
