PROXY STATEMENT

Solicitation of Proxies

This Proxy Statement is being mailed on or about February 25, 2005, to the holders of record as of February 14, 2005, of Common Stock (Common Stock) of Fiserv, Inc. (the Company) in connection with the solicitation by the Board of Directors of proxies for the Annual Meeting of Shareholders (the Annual Meeting). The Annual Meeting will be held at the Company's corporate offices, 255 Fiserv Drive, Brookfield, Wisconsin 53045, at 10:00 a.m. Central time, on April 6, 2005, and at any and all adjournments or postponements thereof. Any shareholder appointing a proxy has the power to revoke it at any time before it is exercised by (i) filing with the Secretary written notice thereof (Charles W. Sprague, Executive Vice President, General Counsel, Secretary and Chief Administrative Officer, Fiserv, Inc., 255 Fiserv Drive, Brookfield, Wisconsin 53045); (ii) appointing a new proxy; or (iii) appearing at the Annual Meeting and giving the Secretary notice of his or her intention to vote in person.

The cost of solicitation of proxies by mail on behalf of the Board of Directors will be borne by the Company. Proxies also may be solicited by personal interview, telephone or electronic communication, in addition to the use of the mail, by Directors, officers and other employees of the Company, without additional compensation therefor. The Company also has made arrangements with brokerage firms, banks, nominees and other fiduciaries to forward proxy solicitation materials for shares of Common Stock held of record to the beneficial owners of such shares. The Company will reimburse such holders for their reasonable out-of-pocket expenses.

Proxies solicited hereby will be returned to the Board of Directors, and will be tabulated by inspectors of election designated by the Board of Directors, who will not be employees or Directors of the Company or any of its affiliates.

Purposes of Annual Meeting

The Annual Meeting has been called for the purposes of: (i) electing three Directors to serve for a three-year term expiring in 2008; (ii) ratifying the selection of Deloitte & Touche LLP as the independent registered public accounting firm of the Company for 2005; (iii) approving the Company's Executive Incentive Compensation Plan, as amended and restated, to specify certain performance goals; (iv) approving the Company's Stock Option and Restricted Stock Plan, as amended and restated, to specify certain performance goals; and (v) transacting such other business as may properly come before the Annual Meeting or any adjournments or postponements thereof.

The persons named as proxies in the enclosed proxy card have been selected by the Board of Directors and will vote shares represented by valid proxies. They have indicated that, unless otherwise specified in the proxy card, they intend to vote (i) to elect as Directors the nominees noted herein; (ii) to ratify the selection of Deloitte & Touche LLP as the independent registered public accounting firm of the Company (iii) to approve the Company's Executive Incentive Compensation Plan, as amended and restated; and (iv) to approve the Company's Stock Option and Restricted Stock Plan, as amended and restated. The Board of Directors has no reason to believe that any of the nominees will be unable to serve as a Director. In the event, however, of the death or unavailability of any nominee or nominees, the proxy to vote in favor of the election of such nominee or nominees will be voted for such other person as the Board of Directors may recommend.

The Company has no knowledge of any other matters to be presented at the Annual Meeting. In the event other matters are properly brought before the Annual Meeting or any adjournments or postponements thereof, the persons named in the proxy card will vote in accordance with their best judgment on such matters.

Voting Securities

The Board of Directors has fixed the close of business on February 14, 2005, as the record date (the "Voting Record Date") for determining shareholders entitled to notice of and to vote at the Annual Meeting. On the Voting Record Date, there were 193,565,246 shares of Common Stock outstanding and entitled to vote, and the Company had no other class of securities outstanding. All of these shares are to be voted as a single class, and each holder is entitled to one vote for each share held of record on all matters submitted to a vote of shareholders. The presence, in person or by proxy, of at least a majority of the outstanding shares of Common Stock entitled to vote at the Annual Meeting shall constitute a quorum for the transaction of business. A quorum being present, the selection of Deloitte & Touche LLP as the independent registered public accounting firm of the Company for 2005, the approval of the Company's Executive Incentive Compensation Plan, as amended and restated, and the approval of the Company's Stock Option and Restricted Stock Plan, as amended and restated, and all other matters, other than the election of Directors, shall require the affirmative vote of a majority of the total votes cast in person or by proxy in order to be approved. Directors will be elected by a plurality of votes cast at the Annual Meeting. Abstentions will be included in the determination of shares present and voting for purposes of determining whether a quorum exists. Broker non-votes will not be so included. Neither abstentions nor broker non-votes will be counted in determining whether a proposal has been approved. In the event there are not sufficient votes for a quorum or to approve any proposal at the time of the Annual Meeting, the Annual Meeting may be adjourned or postponed in order to permit the further solicitation of proxies.

Shareholders who own shares registered directly with the Company's transfer agent can appoint a proxy (i) by marking their vote on their proxy card, signing and dating it and returning it promptly in the enclosed envelope, which requires no postage if mailed in the United States, (ii) by telephone by calling a toll free number in accordance with the instructions on their proxy card or (iii) by using the Internet in accordance with the instructions on their proxy card. Shareholders who hold shares through a bank, broker or other record holder may vote by the methods that their bank or broker makes available, in which case the bank or broker will include instructions with this proxy statement. Shareholders voting via the Internet should understand that there may be costs associated with electronic access, such as usage charges from Internet access providers and telephone companies, that the shareholders must bear.

An individual who has a beneficial interest in shares allocated to his or her account under the 401(k) Savings Plan of Fiserv, Inc. and Its Participating Subsidiaries (the "Plan") is being sent this Proxy Statement and a proxy card to provide instructions to vote the shares of Common Stock allocated to his or her account. A participant may use the proxy card to give directions to the Trustee of the Plan as to how his or her allocated shares should be voted by completing, signing, dating and returning the proxy card. If the participant does not sign and return this card, or if the participant does not attend the meeting and vote by ballot, the Trustee of the Plan will vote the shares in the same manner and in the same proportion as the shares for which voting instructions are received from other participants, except that the Trustee, in the exercise of their fiduciary duties, may determine that they must vote the shares in some other manner.

Matter 2. The Ratification of the Selection of Deloitte & Touche LLP as the Independent Registered Public Accounting Firm of the Company for 2005

Deloitte & Touche LLP has been selected by the Audit Committee as the Company's independent registered public accounting firm for 2005. Unless otherwise specified, the proxies solicited hereby will be voted in favor of the ratification of Deloitte & Touche LLP as the independent registered public accounting firm for the Company for 2005.

In the event the shareholders fail to ratify the appointment, the Audit Committee of the Board of Directors will consider it a direction to select other auditors for the subsequent year. Even if the selection is ratified, the Audit Committee, in its discretion, may select a new independent accounting firm at any time during the year if it believes that such a change would be in the best interest of the Company and its shareholders.

A representative of Deloitte & Touche LLP is expected to be present at the meeting with an opportunity to make a statement if so desired and to answer appropriate questions.

- (1) Audit of annual financial statements, review of financial statements included in Forms 10-Q and foreign statutory audits.
- (2) Employee benefit plan audits, service auditor reports and accounting consultations.
- (3) Tax consultations and tax return preparation including out-of-pocket expenses.

The Audit Committee has concluded that Deloitte & Touche LLP's provision of the audit and permitted non-audit services described above is compatible with maintaining Deloitte & Touche LLP's independence. The Audit Committee pre-approved all such services. The Audit Committee has established pre-approval policies and procedures with respect to audit and permitted non-audit services to be provided by its independent auditors. Pursuant to these policies and procedures, the Audit Committee may form, and delegate authority to, subcommittees consisting of one or more members, when appropriate, to grant such pre-approvals, provided that decisions of such subcommittee to grant pre-approvals are presented to the full Audit Committee at its next scheduled meeting. In addition, the Audit Committee pre-approves particular services, subject to certain monetary limits, after the Audit Committee is presented with a schedule describing the services to be approved, which is accompanied by detailed back-up information regarding the specific services to be provided. The Audit Committee's pre-approval policies do not permit the delegation of the Audit Committee's responsibilities to management.

Matter 3. Approval of Executive Incentive Compensation Plan as Amended and Restated

Effective January 1, 2005, the Board of Directors of the Company adopted, subject to shareholder approval at the Annual Meeting, the Fiserv, Inc. Executive Incentive Compensation Plan, as amended and restated (the "Incentive Compensation Plan") to permit the use of one or more of the following performance goals under such plan: earnings per share, revenue, net operating profit, return on equity and return on assets. Previously, the Incentive Compensation Plan did not specify permitted performance goals other than earnings per share. Approval of the Incentive Compensation Plan will be effective for 2005 and subsequent years unless and until terminated by the Compensation Committee of the Board of Directors.

Description of Material Features of the Incentive Compensation Plan

Edgar Filing: FISERV INC - Form DEF 14A

The following summary of certain material features of the Incentive Compensation Plan does not purport to be complete and is qualified in its entirety by reference to the text of the Incentive Compensation Plan, a copy of which is set forth as Exhibit A to this Proxy Statement.

Purpose of the Incentive Compensation Plan

The purpose of the Incentive Compensation Plan is to promote the interests of the Company and its shareholders by providing an additional incentive to senior executives (the Participants) for their contributions to the profitability of the Company, and to offer an additional inducement in attracting and retaining such persons. It is intended that payments under the Incentive Compensation Plan constitute performance-based compensation under Section 162(m) of the Internal Revenue Code.

Eligibility

The Incentive Compensation Plan provides for grants of awards to senior executives of the Company designated by the Committee. During 2004, there were three senior executives who participated.

Administration

The Incentive Compensation Plan must be administered by a committee of the Board of Directors (the Committee) consisting of at least two members of the Board, each of whom is an outside director within the meaning of Section 162(m) of the Code. The Committee currently is the Compensation Committee of the Board of Directors.

Features of the Incentive Compensation Plan

The Incentive Compensation Plan establishes a correlation between the annual incentives awarded to the Participants and the Company's financial performance. Each year, the Committee will establish, during the first 90 days of a performance year, the performance goal or goals to be achieved before any award will be payable. The performance goals will be determined by the Committee and will be based upon the targeted amounts of one or more of the following measures: earnings per share, revenue, net operating profit, return on equity and return on assets. In fixing performance goals, the Committee may exclude the impact of any item, including any gains or losses from discontinued operations, any extraordinary gains or losses and the effects of accounting changes.

The maximum bonus amount awarded for achieving the goal set by the Committee may vary from year to year, although the value of a designated Participant's bonus amount for any fiscal year may not exceed \$2 million. The Committee retains full discretion to reduce or eliminate any award that may be earned by a Participant under the Incentive Compensation Plan.

Certain Federal Income Tax Consequences

Any cash payments a Participant receives in connection with awards under the Incentive Compensation Plan are includable in income in the year received. Generally, the Company will be entitled to deduct the amount the employee includes in income. Internal Revenue Code Section 162(m) limits the deduction the Company can take for compensation it pays to its Chief Executive Officer and the four other highest paid officers (determined as of the end of each year) to \$1 million per year per individual. However, certain performance-based compensation that

Edgar Filing: FISERV INC - Form DEF 14A

meets the requirements of Internal Revenue Code Section 162(m) does not have to be included as part of the \$1 million limit. The proposed amendment to the Incentive Compensation Plan to specify certain performance goals under the Incentive Compensation Plan is intended to permit awards granted to the covered individuals to meet the Internal Revenue Code Section 162(m) requirements for performance based compensation.

New Incentive Compensation Plan Benefits

The Company cannot currently determine the number or amounts of awards that may be granted to eligible participants under the Incentive Compensation Plan in the future. Such determinations will be made from time to time by the Committee. The Committee has not approved any grants of awards under the Incentive Compensation Plan.

Vote Required

The affirmative vote of a majority of the shares represented, in person or by Proxy, at the Annual Meeting is required for approval of the Incentive Compensation Plan. Unless otherwise specified, the proxies solicited hereby will be voted in favor of the above proposal.

The Board of Directors recommends that shareholders vote FOR approval of the Incentive Compensation Plan as amended and restated.

Matter 4. Approval of Stock Option and Restricted Stock Plan as Amended and Restated

Effective February 16, 2005, the Board of Directors of the Company adopted, subject to shareholder approval at the Annual Meeting, the Fiserv, Inc. Stock Option and Restricted Stock Plan, as amended and restated (the "Stock Plan"), to permit the use of one or more of the following performance goals under such plan: earnings per share, revenue, net operating profit, return on equity and return on assets. Previously, the Stock Plan did not specify permitted performance goals. The addition of such performance goals will permit the Company to grant awards of restricted stock that are intended to constitute performance based compensation under Section 162(m) of the Internal Revenue Code. The proposed amended and restated Stock Plan will not increase the number of shares of Common Stock with respect to which awards may be granted under the Stock Plan.

Description of Material Features of the Stock Plan

The following summary of certain material features of the Stock Plan does not purport to be complete and is qualified in its entirety by reference to the text of the Stock Plan, a copy of which is set forth as Exhibit B to this Proxy Statement. Unless otherwise indicated, all references are to the Stock Plan as proposed to be amended and restated.

Purpose of the Stock Plan

The purpose of the Stock Plan is to provide incentives to employees, and to Directors who are not employees, of the Company that will attract, retain and motivate persons who are able to make important contributions to the Company's growth, profitability and long-term success.

Shares Subject to the Stock Plan and Eligibility

As approved by the shareholders in the prior year, the total number of shares of Common Stock for which awards may be granted under the Stock Plan (including awards granted prior to the proposed amendment and restatement) may not exceed 8,667,755 shares of Common Stock, which may not include more than 3,500,000 shares of restricted stock. As of December 31, 2004, a total of 6,054,000 shares were available for granting under the Stock Plan. The Stock Plan authorizes the grant of options to purchase shares of Common Stock (options) and shares of Common Stock that are subject to risk of forfeiture and/or restrictions (restricted stock) to employees (including

officers and directors who are employees) and non-employee directors of the Company. The shares of Common Stock to be issued by the Company upon the exercise of options by participants or as restricted stock may be acquired either through open market purchases by the Company, or issued from authorized but unissued shares of Common Stock.

Upon expiration, cancellation or termination of unexercised options granted under the Stock Plan or forfeiture of shares of restricted stock, the shares of Common Stock subject to such awards will again be available for the grant of awards under the Stock Plan. In the event the number of shares of Common Stock are increased or decreased or changed into or exchanged for a different number or kind of shares of stock or other securities of the Company through recapitalization, reclassification, stock split, reverse stock split, combination of shares, exchange of shares, stock dividends or other distribution, then the number of shares of common stock subject to the Stock Plan and the maximum number of shares which may be subject to awards granted to a person in any fiscal year may be appropriately adjusted by the Committee.

Eligibility

The Stock Plan provides for option and restricted stock grants to all directors and senior managers of the Company. During 2004, there were approximately 900 senior managers who were eligible to participate.

Administration

The Stock Plan must be administered by a committee of the Board of Directors (the Committee) consisting of at least two members of the Board, each of whom is a Non-Employee Director under Rule 16b-3 under the Securities Exchange Act of 1934, and also an outside director within the meaning of Section 162(m) of the Code. The Committee currently is the Compensation Committee of the Board of Directors.

Among other things, the Board of Directors (with respect to grants to non-employee directors) and the Committee (with respect to grants to participants other than non-employee directors) are empowered to determine in accordance with various Stock Plan provisions: (i) the persons to whom awards are granted; (ii) the times on which awards are granted; (iii) the types of awards to be granted; (iv) whether an option will be an incentive stock option or a non-qualified stock option; (v) the number of shares of Common Stock subject to a particular option and the option price therefor; (vi) the term of each option; (vii) the time and conditions under which an option may be exercised in whole or in part; (viii) the form of consideration that may be used by the participant to purchase shares upon exercise of any option; (ix) whether shares issued upon the exercise of an option are subject to certain restrictions or to repurchase by the Company; (x) the fair market value of shares of the Common Stock; (xi) the number of shares of Common Stock to which an award of restricted stock relates; (xii) the length and terms of restriction on the transfer of shares of restricted stock; (xiii) additional restrictions on shares of restricted stock; and (xiv) any other terms and conditions of any award not otherwise inconsistent with the provisions of the Stock Plan. The Committee is also authorized to interpret the terms of the Stock Plan and to adopt regulations relating to the Stock Plan that are not inconsistent with the terms of the Stock Plan. The determination of the Committee with respect to such matters is final and conclusive.

Terms and Conditions of Options

Options granted under the Stock Plan are subject to, among other things, the following terms and conditions:

- i. Options granted under the Stock Plan may be either incentive stock options (ISOs) within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended (the Code), or non-qualified stock options which do not qualify as ISOs (NQSOs). ISOs, however, may only be granted to employees.
- ii. The option price of an option shall be fixed by the Committee in the case of grants to participants other than non-employee directors and the full Board with respect to grants to non-employee directors, except that in the case of an ISO, the option price cannot be less than the fair market value of the shares subject to the option on the date it is granted (110% of such fair market value if the participant owns or is deemed to own more than 10% of the voting power of the Company's shares). In addition, with respect to at least 95% of the number of the Company's shares for which options may be granted under the Stock Plan as of February 14, 2000, the option price may not be less than the fair market value of the shares subject to the option on the date the option is granted.
- iii. Options are not transferable during the participant's lifetime, and during his or her lifetime may only be exercised by the participant.
- iv. Options may be granted for terms determined by the Committee in the case of grants to participants other than Non-Employee Directors and the full Board with respect to grants to Non-Employee Directors, except that the term of an ISO may not exceed 10 years (five years if the participant owns or is deemed to own more than 10% of the voting power of the Company's shares).
- v. The maximum number of shares for which options may be granted to any person in any fiscal year is 1,012,500. The aggregate fair market value of shares with respect to which ISOs may be granted to an employee which are exercisable for the first time during any calendar year may not exceed \$100,000. Any option granted in excess of such amount is treated as an NQSO.
- vi. No fractional shares of Common Stock may be exercised or acquired under the Stock Plan.
- vii. Except for certain adjustments discussed below or adjustments made with shareholder approval, the Committee may not reprice, replace or regrant any option under the Stock Plan through cancellation or by lowering the option price of a previously granted option.

Terms and Conditions of Restricted Stock

Shares of restricted stock granted under the Stock Plan are subject to, among other things, the following terms and conditions:

- i. The terms and conditions of each award of restricted stock shall be fixed by the Committee in the case of grants to participants other than non-employee directors and the full Board with respect to grants to non-employee directors.
- ii. Shares of restricted stock are not transferable during the participant's lifetime and shall be subject to such additional restrictions as the Committee or the Board may impose.
- iii. Restricted stock may be evidenced in such manner as the Committee or Board may deem appropriate.
- iv. At the end of any applicable restriction period, one or more stock certificates for the appropriate number of shares of Common Stock, free of restriction imposed under the Stock Plan, shall be delivered to the participant.
- v. The maximum number of shares of restricted stock that may be granted to any person in any fiscal year is 337,500.
- vi. No fractional shares of Common Stock may be exercised or acquired under the Stock Plan.

Performance Goals

Without limiting the generality of the foregoing, the Committee may grant options or shares of restricted stock which are contingent on the achievement of one or more performance goals during a specified performance period. The Committee shall determine the performance period, the performance goal or goals (and the performance level or levels related thereto) to be achieved during any performance period, the proportion of vesting or forfeiture, as the case may be, to be made for performance between the minimum and full performance levels for any performance goal and, if applicable, the relative percentage weighting given to each of the selected performance goals.

The performance goals will be determined by the Committee and will be based upon the targeted amounts of one or more of the following measures: earnings per share, revenue, net operating profit, return on equity and return on assets; provided that in the case of awards that the Committee determines will not be performance-based compensation under Internal Revenue Code Section 162(m), the Committee may establish other performance goals. In fixing performance goals, the Committee may exclude the impact of any item, including any gains or losses from discontinued operations, any extraordinary gains or losses and the effects of accounting changes.

Adjustments in the Event of Capital Changes

In the event the number of shares of Common Stock are increased or decreased or changed into or exchanged for a different number or kind of shares of stock or other securities of the Company through recapitalization, reclassification, stock split, reverse stock split, combination of shares, exchange of shares, stock dividends or other distribution, then the number and kind of shares of stock and the option price per share subject to the unexercised portion of any option will be appropriately adjusted.

In the event the Company distributes property other than cash or Company stock to its shareholders without receiving consideration in return, then the number and kind of shares of stock and the option price per share subject to the unexercised portion of any option, the number and kind of shares of stock subject to the Stock Plan and the maximum number of shares which may be subject to awards granted to a person in any fiscal year will be appropriately adjusted. In addition, the Company will provide that holders of restricted stock receive their proportionate share of such property.

Change of Control

In the event that a change of control (as defined in the Stock Plan) occurs, then the Board may act to (i) continue, accelerate and/or vest awards under the Stock Plan; (ii) remove restrictions on awards; (iii) provide for the redemption or conversion of awards for cash or into equivalent securities of the surviving company; or (iv) take certain similar steps to protect the economic value of awards.

Duration and Amendment of the Stock Plan

No ISO may be granted under the Stock Plan more than ten years after the Plan's effective date. The Board of Directors may amend the Stock Plan from time to time, except that without shareholder approval no amendment may increase the maximum number of shares of Common Stock with respect to which awards may be granted under the Stock Plan (except in the case of the events for which adjustment authority has been granted to the Board of Directors as described above), materially increase the benefits accruing to participants under the Stock Plan, change the eligibility requirements for participants or make any change for which applicable law or rules of The Nasdaq National Market requires shareholder approval.

Certain Federal Income Tax Consequences

The following is a general summary of the federal income tax consequences under the current tax law of NQSOs, ISOs and restricted stock. It does not purport to cover all the special rules, or the state or local income or other tax consequences, inherent in the ownership and exercise of stock options and the ownership and disposition of the underlying shares.

A participant will not recognize taxable income for federal income tax purposes upon the grant of an NQSO or ISO nor will the Company then be entitled to a deduction.

Upon the exercise of an NQSO, the participant will recognize ordinary income in an amount equal to the excess, if any, of the fair market value of the shares acquired on the date of exercise over the option price thereof, and the Company will generally be entitled to a deduction for such amount at that time. If the participant later sells shares acquired pursuant to the exercise of an NQSO, he or she will recognize long-term or short-term capital gain or loss, depending on the period for which the shares were held. Long-term capital gain is generally subject to more favorable tax treatment than ordinary income or short-term capital gain.

In general, if a participant holds the shares of Common Stock acquired upon the exercise of an ISO for at least two years from the date of grant and one year from the date of exercise, the participant will recognize no income or gain as a result of exercise. If the participant subsequently disposes of the shares, the participant will recognize long-term capital gain or loss and the Company will not be

entitled to a deduction. However, if the participant disposes of such shares within either of the required holding periods, all or a portion of the gain will be treated as ordinary income and the Company will generally be entitled to a deduction in the same amount. Any additional gain realized by the participant over the fair market value at the time of exercise will be treated as long-term or short-term capital gain, depending on the period for which the shares were held.

A participant will not recognize income at the time an award of restricted stock is made under the Stock Plan, unless the election described below is made. A participant who has not made such an election will recognize ordinary income at the time the restrictions on the stock lapse in an amount equal to the fair market value of the restricted stock at such time reduced by any amount paid for the restricted stock. The Company will generally be entitled to a corresponding deduction in the same amount and at the same time as the participant recognizes income. Any otherwise taxable disposition of the restricted stock after the time the restrictions lapse will generally result in capital gain or loss (long-term or short-term depending upon the length of time the restricted stock is held after the time the restrictions lapse). Dividends paid in cash and received by a participant prior to the time the restrictions lapse will constitute ordinary income to the participant in the year paid. The Company will generally be entitled to a corresponding compensation deduction for such dividends. Any dividends paid in stock will be treated as an award of additional restricted stock subject to the tax treatment described herein.

A participant may, within thirty days after the date of the award of restricted stock, elect to recognize ordinary income as of the date of the award in an amount equal to the fair market value of such restricted stock on the date of the award reduced by any amount paid for the restricted stock. The Company will generally be entitled to a corresponding deduction in the same amount and at the same time as the participant recognizes income. If the election is made, then any cash dividends received with respect to the restricted stock will be treated as dividend income to the participant in the year of payment and will not be deductible by the Company. Any otherwise taxable disposition of the restricted stock (other than by forfeiture) will result in capital gain or loss (long-term or short-term depending on the holding period). If the participant who has made an election subsequently forfeits the restricted stock, then the participant will not be entitled to recognize a capital loss equal to the amount the participant paid for the restricted stock less the amount received upon forfeiture. In addition, the Company would then be required to include as ordinary income the amount of the deduction it originally claimed with respect to such shares.

In addition to the federal income tax consequences described above, a participant may be subject to the alternative minimum tax.

Internal Revenue Code Section 162(m) limits the deduction the Company can take for compensation it pays to its Chief Executive Officer and the four other highest paid officers (determined as of the end of each year) to \$1 million per year per individual. However, certain performance-based compensation that meets the requirements of Internal Revenue Code Section 162(m) does not have to be included as part of the \$1 million limit. The proposed amendment to the Stock Plan to specify certain performance goals under the Stock Plan is intended to permit awards granted to the covered individuals to meet the Internal Revenue Code Section 162(m) requirements for performance based compensation.

New Stock Plan Benefits

The Company cannot currently determine the number or type of awards that may be granted to eligible participants under the Stock Plan in the future. Such determinations will be made from time to time by the Committee or the Board of Directors. Neither the Committee nor the Board of Directors has approved any grants of awards that require shareholder approval of the Stock Plan.

On February 14, 2005, the closing price per share of the Company's Common Stock on the Nasdaq National Market was \$38.34.

The Board of Directors held six regular meetings and five special meetings during 2004. During 2004, each Director attended at least 75% of the meetings of the Board of Directors and committees of the Board of Directors held during his or her tenure as a Director or committee member. The Directors are expected to attend each annual meeting of shareholders of the Company. All of the persons that were Directors at the time of the 2004 annual meeting of shareholders attended that meeting.

The Board of Directors has standing Nominating and Corporate Governance, Compensation and Audit Committees. Each of these Committees has the responsibilities set forth in written charters adopted by the Board of Directors. The Company makes available on its website located at www.fiserv.com copies of each of these charters free of charge. The Company is not including the information contained on or available through its website as a part of, or incorporating such information by reference into, this Proxy Statement.

The Nominating and Corporate Governance Committee assists the Board of Directors in identifying and evaluating potential nominees for a Directorship, and recommending qualified nominees to the Board for consideration by the shareholders. In addition, the Nominating and Corporate Governance Committee oversees the corporate governance procedures of the Company. The members of the Nominating and Corporate Governance Committee are Ms. Robak (Chairperson) and Mr. Renwick, each of whom is independent as defined by Nasdaq rules. The Nominating and Corporate Governance Committee held four meetings during 2004.

The Compensation Committee evaluates the performance of the Company's executive officers, approves executive officer compensation and reviews management's recommendations as to the compensation of other key personnel and makes recommendations to the Board of Directors regarding the types, methods and levels of Director compensation, administers the compensation plans for the officers, Directors and key employees, and discharges certain other responsibilities of the Board of Directors when so instructed by the Board of Directors. The members of the Compensation Committee are Messrs. Kearney (Chairman), Levy and Wertheimer, each of whom is independent as defined by Nasdaq rules. The Compensation Committee held four meetings during 2004.

The Audit Committee's primary purpose is to provide independent review and oversight of the Company's financial reporting processes and financial statements, the system of internal controls that management has established, the audit process and results of operations of the Company and its financial condition. In doing so, it is the responsibility of the Audit Committee to provide an open avenue of communication between the Board of Directors, management, the Company's internal audit function and the independent auditors. In connection with its responsibilities, the Audit

Committee is directly and solely responsible for the appointment, compensation, retention, termination and oversight of the independent auditors. The members of the Audit Committee are Messrs. Seidman (Chairman), Renwick and Wertheimer, each of whom is independent as defined by Nasdaq rules and Commission rules. The Board of Directors has determined that Messrs. Seidman and Wertheimer qualify as audit committee financial experts, as defined in the rules of the Commission. The Audit Committee held eight meetings during 2004.

Nominations of Directors

The Nominating and Corporate Governance Committee recommends to the full Board of Directors the Director nominees to stand for election at the Company's Annual Meetings of Shareholders and to fill vacancies occurring on the Board.

In making recommendations to the Company's Board of Directors of nominees to serve as Directors, the Nominating and Corporate Governance Committee will examine each Director nominee on a case-by-case basis regardless of who recommended the nominee and take into account all factors it considers appropriate, which may include those set forth in the Company's Governance Guidelines. However, the Board of Directors and the Nominating and Corporate Governance Committee believe the following minimum qualifications must be met by a Director nominee to be recommended by the Nominating and Corporate Governance Committee:

Each Director must display the highest personal and professional ethics, integrity and values.

Each Director must have the ability to exercise sound business judgment.

Each Director must be highly accomplished in his or her respective field, with strong credentials and recognition and broad experience.

The Nominating and Corporate Governance Committee will consider persons recommended by shareholders to become nominees for election as Directors in accordance with the foregoing and other criteria set forth in the Company's Governance Guidelines and the Nominating and Corporate Governance Committee Charter. Recommendations for consideration by the Nominating and

Corporate Governance Committee should be sent to the Chairman of the Board and/or President of the Corporation and the Chairman of the Nominating and Corporate Governance Committee in writing together with appropriate biographical information concerning each proposed nominee. The Company's By-laws also provide for shareholder nominations of candidates for election as Directors. These provisions require such nominations to be made pursuant to timely notice (as specified in the By-laws) in writing to the Secretary of the Company.

Annually, each outside director will be granted a total aggregate amount of restricted stock equivalent to \$40,000 of face value (number of shares of restricted stock multiplied by fair market value of stock on date of grant). Agreements with Executive Officers

The Company has in effect key executive employment and severance agreements (KEESAs) with certain executive officers of the Company, including Messrs. Muma, Balthasar, Jensen, Neill and Sprague. The KEESAs provide that each executive officer who is a party thereto is entitled to benefits if, within three years after a change in control of the Company (as defined in the KEESAs), the executive officer's employment is ended through (i) termination by the Company, other than by reason of death or disability or for cause (as defined in the KEESAs), (ii) termination by the executive officer for good reason (as defined in the KEESAs) or (iii) in the case of Messrs. Muma, Balthasar and Jensen only, termination by the executive officer following the six-month anniversary of the change of control. The benefits provided are (i) a cash termination payment of two times the sum of the executive officer's annual salary and his highest annual bonus during the three years before the change in control and (ii) continuation for up to three years of life, disability, hospitalization, medical and dental insurance coverage as in effect at the termination. Each KEESA provides that if any portion of the benefits under the KEESA or any other agreement for the executive officer would constitute an excess parachute payment for purposes of the Internal Revenue Code, then the executive officer will have the option either to receive the total payments and pay the 20% excise tax imposed by the Internal Revenue Code or to have the total payments reduced such that the executive officer will not be required to pay the excise tax.

Compensation Committee Report on Executive Compensation

The Compensation Committee of the Board of Directors consists of three non-employee directors, each of whom is independent as defined under Nasdaq listing standards. Pursuant to its written charter, the Compensation Committee establishes the compensation for the Company's President and Chief Executive Officer, Chief Operating Officer, Corporate Senior Executive Vice Presidents and Corporate Executive Vice Presidents (the Executives). The Compensation Committee establishes executive compensation policies, incentive compensation policies, employee benefit plans and bonus awards. In so doing, the Compensation Committee has developed and implemented compensation policies and programs that seek to enhance the long-term profitability of the Company, thereby contributing to the value of the shareholders' investment in the Company.

Compensation Guidelines. The Compensation Committee considers the executive compensation package integral to the Company's ability to grow and improve its business. The total program, assuming sustained Company performance above industry performance, will reward executives at highly competitive levels. However, the total program is also structured to significantly reduce rewards for performance below Company and shareholder expectations and industry performance. The Compensation Committee believes that this compensation structure will attract, retain and motivate the quality and profile of executives required to successfully perform in the Company's highly competitive and evolving industry.

The total compensation for the Executives is a combination of base salary, annual incentive compensation and stock options. The Compensation Committee has determined that a significant portion of total compensation for the Executives should be at-risk, dependent on and determined by performance-based components. The at-risk components of compensation are structured to reward results that benefit shareholders and are not earned unless specific, pre-established goals are met.

Base Salary and Total Compensation Levels. The Compensation Committee reviews appropriate industry and competitive labor markets for the Executives, making a comparison of each Executive's base salary and total cash compensation with peer and market groups. The Compensation Committee seeks to keep base salary competitive and use incentive compensation to reward performance. The base salary plus the target annual incentive (total cash compensation) for the Company's Executive Officers are targeted at the median compensation level of industry peers based on a compensation analysis prepared by an outside consulting firm.

Incentive Compensation Plan. For each of the Executives, a cash incentive compensation plan is established at the beginning of each fiscal year in connection with the establishment of the Company's strategic plans and annual operating budgets. Each Executive's plan establishes a range for incentive compensation and a number of performance objectives. The performance objectives generally include earnings per share growth, the financial performance of an Executive's business unit, and/or various other measurable financial and non-financial objectives.

Stock Option Awards. In addition to annual cash compensation, the Compensation Committee establishes criteria pursuant to which the Executives may also qualify for the award of options to acquire the Company's Common Stock at a price equal to the market value of the Common Stock on the date of grant. Awards are based 75% on growth in earnings per share and 25% on revenue growth. If the revenue growth percentage exceeds that for earnings per share, the earnings per share growth percentage will replace the revenue growth percentage in determining awards. The minimum growth required to earn awards is 10% and the maximum annual award to any Executive is 1,012,500 shares.

Compensation of Chief Executive Officer. Compensation for the Chief Executive Officer aligns with the philosophy and practices discussed above for the other senior executive officers. At the beginning of each year, the Compensation Committee sets a series of maximum bonus amounts for the Chief Executive Officer dependent on the Company meeting specified earnings per share targets. For compensation paid in 2004, Mr. Muma's performance goals were established based on strategic and financial measurements, including a target level of earnings per share and implementation of the Company's acquisition and internal growth strategies. Of these factors, the Company's target level of earnings per share carried a significantly greater weight than the aggregate weight assigned to the remaining factors. Mr. Muma's incentive compensation paid in 2004 reflects favorable achievement of the established performance objectives, particularly earnings per share, the key determinant of Mr. Muma's incentive compensation. The Compensation Committee awarded Mr. Muma stock options in accordance with the criteria described above for other senior executives.

Deductibility of Compensation. Section 162(m) of the Internal Revenue Code limits the Company's income tax deduction for compensation paid in any taxable year to certain executive officers to \$1,000,000, subject to several exceptions. It is the policy of the Compensation Committee that the Company should use its best efforts to cause any compensation paid to Executives in excess of such dollar limit to qualify for such exceptions and, therefore, to continue to be deductible by the Company. In particular, the Company's Stock Option and Restricted Stock Plan and Executive Incentive Compensation Plans were designed to permit awards made under the plans to qualify for Section 162(m)'s exception for performance-based compensation.

Audit Committee Report

In accordance with its written charter adopted by the Board of Directors, the Audit Committee provides independent review and oversight of the Company's accounting and financial reporting processes and financial statements, the system of internal controls that management and the Board of Directors have established, the audit process and the results of operations of the Company and its financial condition. Each of the members of the Audit Committee is independent as defined by the rules of Nasdaq and the Commission.

In discharging its oversight responsibility as to the audit process, the Audit Committee obtained from the independent auditors a formal written statement describing all relationships between the auditors and the Company that might bear on the auditors' independence. Consistent with Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, the Audit Committee discussed with the auditors any relationships that may impact their objectivity and independence and satisfied itself as to the auditors' independence. The Audit Committee also discussed with management, the internal auditors and the independent auditors the quality and adequacy of the Company's internal controls and internal audit organization, responsibilities, budget and staffing. The Audit Committee reviewed with both the independent and the internal auditors their audit plans, audit scope and identification of audit risks. The Audit Committee discussed with the independent auditors the matters required to be discussed by Statement of Auditing Standards No. 61.

The Audit Committee reviewed and discussed with management and the independent auditors the audited financial statements of the Company for 2004. Management has the responsibility for the preparation of the Company's financial statements and the independent auditors have the responsibility for the examination of those statements.

Based on the above-mentioned review and discussions with management and the independent auditors, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements be included in its Annual Report on Form 10-K for 2004, for filing with the Commission.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company's officers and Directors and persons owning in excess of 10% of the shares of the Common Stock outstanding to file reports of ownership and changes in ownership with the Commission. Officers, Directors and 10% shareholders are also required to furnish the Company with copies of all Section 16(a) forms they file. The Company believes that, during the year ended December 31, 2004, all of its officers and Directors complied with Section 16(a) filing requirements.

Shareholder Proposals for the 2006 Annual Meeting

Any proposal which a shareholder wishes to have included in the proxy materials of the Company relating to the Company's 2006 Annual Meeting of Shareholders pursuant to Rule 14a-8 under the

Exchange Act (Rule 14a-8) must be received at the corporate offices of the Company, 255 Fiserv Drive, Brookfield, Wisconsin 53045, Attention: Charles W. Sprague, Executive Vice President, General Counsel, Secretary and Chief Administrative Officer, no later than October 28, 2005.

A shareholder who intends to present business, other than a shareholder's proposal pursuant to Rule 14a-8, at the 2006 Annual Meeting must comply with the requirements set forth in the Company's By-Laws. Among other things, a shareholder must give written notice to the Secretary of the Company not less than 45 days and not more than 70 days prior to the first anniversary of the date on which the Company first mailed its proxy materials for the 2005 Annual Meeting. Therefore, since the Company anticipates mailing its proxy statement for the 2005 Annual Meeting on February 25, 2005, the Company must receive notice of a shareholder's intent to present business, other than pursuant to Rule 14a-8, at the 2006 Annual Meeting no sooner than December 17, 2005, and no later than January 11, 2006.

If the notice is received after January 11, 2006, then the Company is not required to present such proposal at the 2006 Annual Meeting because the notice will be considered untimely. If the Board of Directors chooses to present such a shareholder's proposal submitted after January 11, 2006 at the 2006 Annual Meeting, then the persons named in proxies solicited by the Board of Directors for the 2006 Annual Meeting may exercise discretionary voting power with respect to such proposal.

Annual Report

The Annual Report of the Company for 2004 will be mailed to each shareholder on or about February 25, 2005. The Company's Annual Report on Form 10-K for 2004, filed by the Company with the Commission, will be furnished without charge to any person requesting a copy thereof in writing and stating such person is a beneficial holder of shares of Common Stock of the Company on the record date for the Annual Meeting. Requests and inquiries should be addressed to Charles W. Sprague.

Other Matters

Pursuant to the rules of the Commission, services that deliver the Company's communications to shareholders that hold their stock through a bank, broker or other holder of record may deliver to multiple shareholders sharing the same address a single copy of the Company's Annual Report to shareholders and Proxy Statement. Upon written or oral request, the Company will promptly deliver a separate copy of the Annual Report to shareholders and/or Proxy Statement to any shareholder at a shared address to which a single copy of each document was delivered. Shareholders may notify the Company of their requests by calling or writing Charles W. Sprague, Executive Vice President, General Counsel, Secretary and Chief Administrative Officer, Fiserv, Inc., 255 Fiserv Drive, Brookfield, Wisconsin 53045; (262) 879-5000.

1. Purpose of the Plan. The purpose of the Plan is to promote the interests of the Company and its Shareholders by providing an additional incentive to Participants for their contributions to the profitability of the Company, and to offer an additional inducement in attracting and retaining such persons. It is intended that payments under the Plan constitute qualified performance-based compensation under Section 162(m) of the Code, and the Plan shall be construed consistently with such intention.

2. Certain Definitions.

Plan means this Executive Incentive Compensation Plan of the Company, as amended from time to time.

Shareholders means the shareholders of the Company.

Transfer means sell, assign, transfer, pledge, hypothecate or otherwise dispose of or encumber.

3. Administration. The Plan will be administered by the Committee. The determination of the Committee with respect to any matter arising pursuant to the Plan shall be conclusive and binding on the Company and its subsidiaries and the Participants.

4. Designation of Participants. Within the Designation Period for each Fiscal Year, the Committee shall designate in writing the Participants, if any, eligible to receive a Bonus Amount with respect to such Fiscal Year. Once set, the Participants with respect to the Fiscal Year cannot be changed for any reason.

5. Designation of Performance Goals and Maximum Planned Bonus Amounts. Within the Designation Period for each Fiscal Year, the Committee shall designate in writing the Performance Goal(s) for each Participant with respect to such Fiscal Year and the related Maximum Planned Bonus Amount for such Participant for meeting such Performance Goal for such Fiscal Year. The Committee may designate different Performance Goals and/or different Maximum Planned Bonus Amounts for different Participants for any Fiscal Year. The Maximum Planned Bonus Amount for a Participant with respect to a Fiscal Year with respect to any Performance Goal may be set forth as a fixed amount, in a formula (e.g., as a percentage of the Participant's annual base salary as of the beginning of the Fiscal Year) or in any other manner, as long as a third party having knowledge of the relevant performance results and other objective information could calculate the Maximum Planned Bonus Amounts. Once set, neither the Performance Goal(s) or the Maximum Planned Bonus Amount(s) for a Participant with respect to the Fiscal Year may be modified or adjusted for any reason.

6. Bonus Amount. The Bonus Amount for a Participant with respect to a Fiscal Year shall be the Maximum Planned Bonus Amount for such Participant with respect to the Fiscal Year with respect to the highest Performance Goal for such Participant that is achieved with respect to the Fiscal Year; provided, however, that the Bonus Amount for any Participant with respect to a Fiscal Year shall not exceed \$2,000,000; and further, provided, that the Bonus Amount shall be subject to reduction as provided in Section 7. The Bonus Amount for each Participant with respect to the Fiscal Year shall be determined by the Committee, based on achievement of the Performance Goal for such Participant for such Fiscal Year, and certified in writing to the Company. Subject to Section 15, the Bonus Amounts with respect to a Fiscal Year shall be paid in cash, without interest as soon as practicable after such certification is received. Subject to Section 7, payment shall be made to the applicable Participant or, in the event of his death, to his estate. Payments of Bonus Amounts shall be subject to withholding of taxes and other amounts required by applicable law, as determined by the Company.

7. Discretion to Reduce Bonus Amount. The Committee, in its sole discretion, may reduce the Bonus Amount otherwise payable to a Participant with respect to a Fiscal Year if the Committee, in its sole discretion, determines such reduction is appropriate, taking into consideration such factors as the Committee deems appropriate. Such factors may include, without limitation, the termination of a Participant's employment with the Company or any of its subsidiaries for any reason, including without limitation, as a result of the death or disability of the Participant. A discretionary reduction in a Bonus Amount with respect to a Fiscal Year may be made with respect to all or only particular Participants with respect to a Fiscal Year, may be made in different amounts or percentages for different Participants, and may be based on considerations that are unique to a particular Participant and/or considerations affecting the Company and the Participants generally. A discretionary reduction in a Participant's Bonus Amount with respect to a Fiscal Year shall not increase the Bonus Amount otherwise payable to another Participant with respect to the Fiscal Year. Notwithstanding anything herein to the contrary, the Committee may not make any adjustment pursuant to this Section 7 if such adjustment would cause the Bonus Amount not to constitute qualified performance-based compensation under Section 162(m) of the Code, as determined by the Committee in good faith.

8. Unfunded, Unsecured, Promise. The Plan is unfunded for tax purposes and for purposes of Title I of the Employee Retirement Income Security Act of 1974, as amended. A Participant shall rely solely on the unfunded and unsecured promise of the Company to pay any Bonus Amount. Nothing in this Agreement shall be construed to give any Participant any right, title or interest or claim in or to or lien on any specific asset, fund, reserve, account or property of any kind owned by the Company or in which it may have any right, title or interest, now or in the future. Rather, a Participant may only enforce its claim against the Company for payment of a Bonus Amount in the same manner as an unsecured general creditor of the Company.

9. Separate from Other Plans. Any Bonus Amount for a Participant is separate and apart from, and in addition to, any other amount payable by the Company or any of its subsidiaries to the Participant. No action is required to be taken by the Participant to participate in the Plan. Except as expressly provided in the applicable plan or program, no Bonus Amount for a Participant shall be considered salary, wages or compensation for purposes of determining the amount or nature of benefits that the Participant is entitled to receive under any other Company benefit plan or program.

10. No Right to Employment. Nothing in the Plan nor any designation as a Participant shall confer on any person any right to continue in the employ of the Company or any of its subsidiaries, or interfere in any way with any right of the Company or any of its subsidiaries to terminate such employment at any time for any reason, without liability to the Company or its subsidiaries. Nothing in the Plan nor any designation under the Plan shall in any way limit the right or power of the Company to engage in any business or transaction or make any expenditure.

11. Bonus Non-Transferable. No Bonus Amount or right under the Plan shall be Transferable (except as expressly provided in Section 6). Any attempted Transfer shall be null and void ab initio and shall not bind the Company.

12. Governing Law; Construction. The Plan and all matters related to the Plan shall be governed by, and construed in accordance with, the laws of the State of Wisconsin, without regard to conflict of law provisions that would defer to the substantive rules of another jurisdiction. The Plan shall not be construed or interpreted with any presumption against any person by reason of such person having caused the Plan to be drafted. Whenever, it appears appropriate from the content, any term stated in the singular or plural, or in the masculine or feminine, shall include the other.

13. Partial Invalidity. The invalidity, illegality or unenforceability of any provision of the Plan or any designation by the Committee shall not affect the validity, legality or enforceability of any other provision or designation, all of which shall be valid, legal and enforceable to the fullest extent permitted by applicable law.

14. Amendment and Termination of the Plan. The Board of Directors without further approval of the Shareholders, may at any time suspend or terminate the Plan, in whole or in part, or amend the Plan at any time or from time to time; provided, however, that the Board of Directors may condition the effectiveness of a suspension, termination or amendment upon such Shareholder approval as the Board of Directors may determine. No such suspension, termination or amendment shall affect any Bonus Amount otherwise payable with respect to the Fiscal Year in which such suspension, termination or amendment occurs.

15. Effective Date; Shareholder Approval. The Plan, as amended and restated, is effective for the Fiscal Year beginning January 1, 2005 and each Fiscal Year thereafter until terminated, subject to the approval by the Shareholders entitled to vote thereon by a majority of the votes cast, in person or by proxy, at the April 2005 annual meeting of Shareholders. No Bonus Amount may be paid unless and until such Shareholder approval has been obtained, regardless of whether any Performance Goal has been met. Notwithstanding the foregoing, if this Plan, as amended and restated, is not approved by a vote of Shareholders within 12 months after it is adopted by the Board of Directors, subject to the approval by the Company's shareholders, this Plan, as amended and restated, shall be null and void, the Plan as in effect prior to such amendment and restatement shall continue in full force and effect and any awards granted pursuant to this Plan, as amended and restated, shall terminate.

Notwithstanding the foregoing, no Change in Control of the Company shall be deemed to have occurred if there is consummated any transaction or series of integrated transactions immediately following which the record holders of the Common Stock of the Company immediately prior to such transaction or series of transactions continue to own, directly or indirectly, in the same proportions as their ownership in the Company, an entity that owns all or substantially all of the assets or voting securities of the Company immediately following such transaction or series of transactions.

- 2.8 Common Stock shall mean the Common Stock, \$.01 par value, of the Company.
- 2.9 Non-Employee Director shall mean a non-employee director, as defined in Rule 16b-3 promulgated by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended (the Exchange Act), which currently defines a non-employee director as a director who (i) is not currently an officer or otherwise employed by the Company, or a parent or subsidiary of the Company, (ii) does not receive compensation for consulting services or in any other capacity from the Company or its subsidiaries in excess of \$60,000 in any one year, and (iii) does not possess an interest in and is not engaged in business relationships required to be reported under Items 404(a) or 404(b) of Regulation S-K promulgated under the Exchange Act.
- 2.10 Option shall mean any option to purchase Common Stock granted to a Participant pursuant to this Plan.
- 2.11 Parent shall mean a parent corporation as defined in Section 424(e) of the Code.
- 2.12 Participant shall mean a person to whom an Option or shares of Restricted Stock are granted under this Plan.
- 2.13 Performance Goals shall mean the targeted amounts of, or a combination of one or more of, earnings per share, revenue, net operating profit, return on equity and return on assets, measured in each case for the Performance Period for the Company, for any one or more Subsidiaries, and/or for any other business unit or units of the Company or any Subsidiary, as designated by the Committee at the time of selection. In fixing performance goals, the Committee may exclude the impact of any item, including any gains or losses from discontinued operations, any extraordinary gains or losses and the effects of accounting changes. In the case of Awards that the Committee determines will not be performance-based compensation under Section 162(m) of the Code, the Committee may establish other Performance Goals not listed in this Plan.

- 2.14 Performance Period shall mean any period for which a Performance Goal or Goals have been established with respect to an Option or a share of Restricted Stock; provided, however, that such period shall not be less than one year.
- 2.15 Person shall mean any individual, firm, partnership, corporation or other entity, including any successor (by merger or otherwise) of such entity, or a group of any of the foregoing acting in concert.

Section 3. Eligible Participants. Awards may be granted hereunder to any employee of any Fiserv Group Company and to any Non-Employee Director. The Committee shall have the sole authority to select employees and the Board of Directors will have the sole authority to select Non-Employee Directors to whom Awards are to be granted hereunder.

Section 4. Common Stock Subject to the Plan; Special Limitations.

- 4.1 The total number of shares of Common Stock for which Awards may be granted under this Plan shall not exceed in the aggregate 8,667,755 shares of Common Stock, which may not include more than 3,500,000 shares of Restricted Stock. No Person shall be granted or awarded, during any one calendar year, Options with respect to more than 1,012,500 shares of Common Stock or more than 337,500 shares of Restricted Stock. Notwithstanding the foregoing, if the outstanding shares of Common Stock are increased or decreased or changed into or exchanged for a different number or kind of shares or other securities by reason of any recapitalization, reclassification, stock split, reverse stock split, combination of shares, exchange of shares, stock dividend or other distribution (whether in the form of cash, shares of Common Stock, other securities or other property), or other increase or decrease in those shares such that an adjustment is determined by the Committee to be appropriate, then the Committee may adjust the number of shares of Common Stock subject to this Plan and which thereafter may be the subject of Awards under this Plan under this Section 4.1 and the number of shares of Common Stock subject to the individual participant limits in this Section 4.1.
- 4.2 The shares of Common Stock that may be subject to Awards granted under this Plan may be either authorized and unissued shares or shares reacquired at any time and now or hereafter held as treasury stock as the Board of Directors may determine. In the event that any outstanding Option expires or is cancelled or terminated, or any shares of Restricted Stock are forfeited, for any reason, the shares allocable to the unexercised portion of such Option or such shares of Restricted Stock may again be subject to an Award granted under this Plan.

Section 5. Administration of the Plan.

- 5.1 The Plan shall be administered by the Compensation Committee of the Board of Directors (the Committee) which shall consist of not less than two directors. All members of the Committee shall be both Non-Employee Directors and outside directors within the meaning of Section 162(m) of the Code. The Committee shall be appointed from time to time by, and shall serve at the pleasure of the Board of Directors. A majority of the members of the Committee shall constitute a quorum, and the acts of a majority of the members present at any meeting at which a quorum is present and the acts approved in writing by all members without a meeting shall be the acts of the Committee.
- 5.2 The Committee (the Board of Directors with respect to grants to Non-Employee Directors) shall have the sole authority and discretion to grant Awards under this Plan and to determine the terms and conditions of any such Award, including, without limitation, the sole authority and discretion (i) to select the persons who are to be granted Awards hereunder, (ii) to determine the times when Awards shall be granted, (iii) to determine the types of awards that shall be granted, (iv) to determine whether an Option granted to an employee will be an incentive stock option (ISO) as defined in Section 422 of the Code, or non-qualified stock options (NQSO), (v) to establish the number of shares of Common Stock that may be issued under each Option and to establish the option price therefor, (vi) to determine the term of each Option, (vii) to determine the time and the conditions subject to which Options may be exercised in whole or in part, (viii) to determine the form of consideration that may be used to purchase shares of Common Stock upon exercise of any Option (including the circumstances under which the Company's issued and outstanding shares of Common Stock may be used by a Participant to exercise an Option), (ix) to determine whether to restrict the sale or other disposition of the shares of Common Stock acquired upon the exercise of an Option (including the circumstances under which shares of Common Stock acquired upon exercise of any Option may be subject to repurchase by the Company) and, if so, whether to waive any such restriction, (x) to accelerate the time when outstanding Options may be exercised, (xi) to determine the amount, if any, necessary to satisfy any Fiserv Group Company's obligation to withhold taxes or other amounts, (xii) to determine the fair market value of a share of Common Stock, (xiii) with the consent of the Participant, to cancel or modify an Option, provided, however, that such Option as modified would be permitted to be granted on the date of such modification under the terms of the Plan, (xiv) to determine the number of shares of Common Stock to which an award of Restricted Stock relates, (xv) to determine the length and terms of the restrictions on the transfer of shares of Restricted Stock, (xvi) to impose additional restrictions on shares of Restricted Stock, (xvii) to waive or accelerate the termination of any restriction on shares of Restricted Stock, and (xviii) to establish any other terms and conditions applicable to any Award and to make all other determinations relating to the Plan and Awards not inconsistent with the provisions of this Plan.

- 5.3 The Committee shall be authorized to interpret the Plan and may, from time to time, adopt such rules and regulations, not inconsistent with the provisions of the Plan, as it may deem advisable to carry out the purpose of this Plan.
- 5.4 The interpretation and construction by the Committee of any provision of the Plan, any Award granted hereunder or any option or restricted stock agreement evidencing any such Award shall be final and conclusive upon all parties. Any controversy or claim arising out of or relating to the Plan or any Award shall be determined unilaterally by the Committee, whose determination shall be final and conclusive upon all parties.
- 5.5 Members of the Committee may vote on any matter affecting the administration of the Plan or any agreement or the granting of Awards under the Plan.
- 5.6 All expenses and liabilities incurred by the Board of Directors (or the Committee) in the administration of the Plan shall be borne by the Company. The Board of Directors (or the Committee) may employ attorneys, consultants, accountants or other persons in connection with the administration of the Plan. The Company and its officers and directors shall be entitled to rely upon the advice, opinions or valuations of any such persons. No member or former member of the Board of Directors (or the Committee) shall be liable for any action, determination or interpretation taken or made in good faith with respect to the Plan or any Award or agreement hereunder.

Section 6. Terms and Conditions of Options. Subject to the Plan, the terms and conditions of each Option granted under the Plan shall be specified by the Committee (the Board of Directors with respect to grants to Non-Employee Directors) and shall be set forth in an option agreement between the Company and the Participant in such form as the Committee shall approve. Options to be issued to employees under the Plan may be ISO or NQSOs, but the Company makes no representation or warranty as to the qualification of any Option as an ISO under the Code. The terms and conditions of any Option granted hereunder need not be identical to those of any other Option granted hereunder.

The terms and conditions of each Option shall include the following:

- 6.1 The option price shall be fixed by the Committee, provided, however, that in the case of an ISO, the option price may not be less than the fair market value of the shares of Common Stock subject to the Option on the date the Option is granted, and provided, further, however, that if at the time an ISO is granted, the Participant owns (or is deemed to own under Section 424(d) of the Code) stock possessing more than 10% of the total combined voting power of all classes of stock of the Company, any of its Subsidiaries or a Parent, the option price of such ISO shall not be less than 110% of the fair market value of the Common Stock subject to such ISO on the date of grant. In addition, with respect to at least 95% of the number of shares of Common

Stock for which Options may be granted under this Plan as of February 14, 2000, the option price may not be less than the fair market value of the shares of Common Stock subject to the Option on the date the Option is granted.

- 6.2 Options shall not be transferable otherwise than by will or the laws of descent and distributions, and during a Participant's lifetime, an option shall be exercisable only by the Participant or the Participant's legal guardian.
- 6.3 The Committee shall fix the term of all Options granted pursuant to the Plan (including the date on which such Option shall expire and the conditions under which it terminates earlier), provided, however, that the term of an ISO may not exceed ten years from the date such Option is granted, and provided, further, however, that if at the time an ISO is granted, the Participant owns (or is deemed to own under Section 424(d) of the Code) stock possessing more than 10% of the total combined voting power of all classes of stock of the Company, any of its Subsidiaries or a Parent, the term of such ISO may not exceed five years from the date of grant. Each Option shall be exercisable in such amount or amounts, under such conditions, and at such times or intervals or in such installments as shall be determined by the Committee. The Committee may, in its sole discretion, establish a vesting provision for any Option relating to the time or the circumstances when the Option may be exercised by the Participant. Without limiting the generality of the foregoing, the Committee may grant Options which are contingent on the achievement of one or more Performance Goals during a specified Performance Period. The Committee shall determine the Performance Period, the Performance Goal or Goals (and the performance level or levels related thereto) to be achieved during any Performance Period, the proportion of vesting, if any, to be made for performance between the minimum and full performance levels for any Performance Goal and, if applicable, the relative percentage weighting given to each of the selected Performance Goals.
- 6.4 Payment of the option price of an Option may be made in cash, with shares of Common Stock held by the Participant for more than six months prior to payment or otherwise in accordance with law as the Committee may determine from time to time.
- 6.5 The aggregate fair market value (determined at the time the Option is granted) of the shares of Common Stock for which an eligible employee may be granted ISOs under the Plan or any other plan of the Company, any of its Subsidiaries or a Parent which are exercisable for the first time by such employee during any calendar year shall not exceed \$100,000. Such limitation shall be applied by taking ISOs into account in the order in which they were granted. Any Option (or portion thereof) granted in excess of such amount shall be treated as an NQSO.
- 6.6 In no case may a fraction of a share of Common Stock be acquired pursuant to an Option granted under the Plan.

- 6.7 Without prior approval of the Company's shareholders, Options issued under this Plan will not be repriced, replaced or regranted through cancellation or by lowering the option price of a previously granted Option.

Section 7. Terms and Conditions of Restricted Stock. Subject to the Plan, the terms and conditions of each award of Restricted Stock granted under the Plan shall be specified by the Committee (the Board of Directors with respect to grants to Non-Employee Directors) and shall be set forth in a restricted stock agreement between the Company and the Participant in such form as the Committee shall approve. The terms and conditions of any share of Restricted Stock awarded hereunder need not be identical to those of any other shares of Restricted Stock awarded hereunder.

The terms and conditions of each award of Restricted Stock shall include the following:

- 7.1 Shares of Restricted Stock shall not be transferable otherwise than by will or the laws of descent and distributions. Shares of Restricted Stock granted to Participants shall be subject to such additional restrictions as the Committee or the Board may impose (including, without limitation, any limitation on the right to vote a share of Restricted Stock or the right to receive any dividend or other right or property), which restrictions may lapse separately or in combination at such time or times, in such installments or otherwise, as the Committee may deem appropriate. Without limiting the generality of the foregoing, the Committee may grant shares of Restricted Stock which are contingent on the achievement of one or more Performance Goals during a specified Performance Period. The Committee shall determine the Performance Period, the Performance Goal or Goals (and the performance level or levels related thereto) to be achieved during any Performance Period, the proportion of forfeiture to be made for performance between the minimum and full performance levels for any Performance Goal and, if applicable, the relative percentage weighting given to each of the selected Performance Goals.
- 7.2 Any Restricted Stock granted under the Plan to a Participant may be evidenced in such manner as the Committee or the Board may deem appropriate, including, without limitation, book-entry registration or issuance of a stock certificate or certificates. In the event any stock certificate is issued in respect of shares of Restricted Stock granted under the Plan to a Participant, such certificate shall be registered in the name of the Participant and shall bear an appropriate legend (as determined by the Committee) referring to the terms, conditions, and restrictions applicable to such Restricted Stock.
- 7.3. At the end of the applicable restriction period relating to Restricted Stock granted to a Participant, one or more stock certificates for the appropriate number of shares of Common Stock, free of restrictions imposed under the Plan, shall be delivered to the Participant, or, if the Participant received stock certificates representing the Restricted Stock at the time of grant, the legends placed on such certificates shall be removed.

- 7.4 In no case may a fraction of a share of Restricted Stock be awarded pursuant to the Plan.

Section 8. Withholding. In the event that any Fiserv Group Company is required to withhold any Federal, state or local taxes or other amounts in respect of any income realized by the Participant in respect of an Award granted under this Plan, in respect of any shares acquired pursuant to the exercise of an Option or in respect of the disposition of an Award or any shares acquired pursuant to the exercise of an Option, the Company may deduct (or require the Fiserv Group Company to deduct) from any payments of any kind otherwise due to such Participant cash or with the consent of the Committee (in the stock option agreement, restricted stock agreement or otherwise) shares of Common Stock with a fair value equal to the aggregate amount of such Federal, state or local taxes and other amounts required to be so withheld. Alternatively, the Company may require such Participant to pay to the Company in cash, promptly on demand, or make other arrangements satisfactory to the Company regarding payment to the Company of, the aggregate amount of any such taxes and other amounts.

Section 9. Effect of Changes in Capitalization or Change of Control.

- 9.1 Changes in Stock. If the outstanding shares of Common Stock are increased or decreased or changed into or exchanged for a different number or kind of shares or other securities of the Company by reason of any recapitalization, reclassification, stock split, reverse split, combination of shares, exchange of shares, stock dividend or other distribution payable in capital stock, or other increase or decrease in those shares effected without receipt of consideration by the Company occurring after the date an Award is granted, a proportionate and appropriate adjustment will be made by the Company in the number and kind of shares subject to the Award, so that the proportionate interest of the Participant immediately following that, to the extent practicable, will be the same as immediately prior to that event. Any such adjustment to an Option will not change the total exercisable price with respect to shares subject to the unexercisable portion of the Option but will include a corresponding proportionate adjustment in the exercise price per share. In the event of any distribution to the Company's shareholders of securities of any other entity or other assets (other than dividends payable in cash or stock of the Company) without receipt of consideration by the Company, the Company, in the manner the Board of Directors or the Committee deems appropriate, (a) will adjust (i) the number and kind of shares subject to the Option and/or (ii) the exercise price of the Option to reflect that distribution and (b) provide that the holders of Restricted Stock receive their proportionate share of such distributed assets (provided that such assets may be subject to such restrictions as the Board of Directors or the Committee deem appropriate).
- 9.2 Reorganization in Which the Company is the Surviving Company. Subject to Subsection 9.3, if the Company is the surviving Company in any reorganization, merger, or consolidation of the Company with one or more other companies or other entities, each Award will pertain to and apply to the securities to which a holder of the number of shares of stock subject to the Award would have been entitled immediately following that reorganization, merger or consolidation; provided that there shall be a corresponding proportionate adjustment of each Option's exercise price per share so that the

aggregate exercise price after that event will be the same as the aggregate exercise price of the shares remaining subject to the Option immediately before that reorganization, merger, or consolidation.

- 9.3 Change of Control. If a Change in Control of the Company occurs, the Board of Directors may, with respect to Options, (i) make provisions for the continuation of each Option, (ii) reach an agreement with the acquiring or surviving entity that the acquiring or surviving entity will assume the obligation of the Company under each Option, (iii) reach an agreement with the acquiring or surviving entity that the acquiring or surviving entity will convert each Option into an option of at least equal value, determined as of the date of the transaction, to purchase stock of the acquiring or surviving entity, (iv) terminate all Options outstanding under the Plan effective at the date of the applicable transaction and, within 60 days after the date of the applicable transaction, make a cash payment to each Participant equal to the difference between the exercise price of the Participant's Option and the fair market value, as of the date of the applicable transaction, of the shares subject to the Option (all of which shall be vested as of the date of the applicable transaction) or (v) vest all shares subject to the Options and allow them to be immediately exercisable at least 30 days immediately prior to the date of the applicable transaction. The Board of Directors must determine that any such modification in clause (i), (ii) or (iii) above does not have a substantial adverse economic impact on the Participant, as determined at the time of the transaction.

Further, if a Change in Control of the Company occurs, the Board of Directors may, with respect to shares of Restricted Stock, (i) make provisions for the continuation of each Award of Restricted Stock, (ii) reach an agreement with the acquiring or surviving entity that the acquiring or surviving entity will convert each share of Restricted Stock into shares, or fractions of a share, of stock of the acquiring or surviving entity (which shares may be subject to restrictions substantially similar to restrictions on the Restricted Stock) at least equal value (without deduction for any restrictions on such shares of Restricted Stock), determined as of the date of the transaction, or (iii) vest all Awards of shares of Restricted Stock and terminate any restrictions thereon at least 30 days immediately prior to the date of the applicable transaction. The Board of Directors must determine that any such modification in clause (i) or (ii) above does not have a substantial adverse economic impact on the Participant, as determined at the time of the transaction.

- 9.4 Adjustments. Adjustments required by this Section relating to the Common Stock will be made by the Board of Directors, whose determination in that respect will be final, binding and conclusive. No fractional shares of Common Stock will be issued pursuant to any such adjustment, and any fractions resulting from any such adjustment shall be eliminated in each case by rounding downward to the nearest whole share.

Section 10. Effect of the Plan on Employment Relationship. Neither this Plan nor any Award granted hereunder shall be construed as conferring upon any Participant any right to

continue in the employ of any Fiserv Group Company or limit in any respect any right of any Fiserv Group Company to terminate such Participant's employment at any time without liability, or to continue as a Non-Employee Director.

Section 11. Amendment of the Plan. The Board of Directors may amend or restate the Plan from time to time as it deems desirable, provided, however, that, without the approval of the Company's shareholders, the Board of Directors may not (a) increase the maximum number of shares of Common Stock that may be subject to Awards under this Plan (other than increases due to adjustment in accordance with Section 9 hereof), (b) materially increase the benefits accruing to participants under the Plan, (c) change the eligibility requirements to receive Awards hereunder or (d) make any change for which applicable law or rules of The Nasdaq National Market require shareholder approval.

Section 12. Termination of the Plan. The Board of Directors may terminate the Plan at any time. No Award may be granted hereunder after termination of the Plan. No ISO may be granted under the Plan more than ten years after the date on which the Plan was adopted. The termination or amendment of the Plan shall not alter or impair any rights or obligations under any Award theretofore granted under the Plan, without the consent of the Participant.

Section 13. Effective Date of the Plan. This Plan, as amended and restated, will become effective on the date on which it is approved by the Board of Directors, subject to the approval by the Company's shareholders. No Award granted under this Plan, as amended and restated, may be exercised or may vest prior to such approval, provided, however, that the date of grant of any Award shall be determined as if the Plan had not been subject to such approval. Notwithstanding the foregoing, if this Plan, as amended and restated, is not approved by a vote of shareholders within 12 months after it is adopted by the Board of Directors, subject to the approval by the Company's shareholders, this Plan, as amended and restated, shall be null and void, the Plan as in effect prior to such amendment and restatement shall continue in full force and effect and any Awards granted pursuant to this Plan, as amended and restated, shall terminate.

Section 14. Governing Law. This Plan, the Awards and all related matters shall be governed by, and construed in accordance with, the laws of the State of Wisconsin, without regard to choice of law provisions. Neither the Plan nor any agreement pursuant to the Plan shall be construed or interpreted with any presumption against any Fiserv Group Company by reason of the Fiserv Group Company having drafted or adopted the Plan or agreement. The invalidity, illegality or unenforceability of any provision in the Plan or in any agreement pursuant to the Plan shall not affect the validity, legality or enforceability of any other provision, all of which shall be valid, legal and enforceable to the fullest extent permitted by applicable law.
