UFJ NICOS Revises Forecasts for Results and Dividends (consolidated and non-consolidated)

for the Fiscal Year to March 2007

Tokyo, January 29, 2007 In consideration of recent trends in our business results, at a board of directors meeting held on January 29, 2007, it was decided to revise our forecasts for dividends and business results announced on October 20, 2006 for the fiscal year ending March 2007 (April 1, 2006 to March 31, 2007). 3. Reasons for revised forecasts

Net sales

Strict application of credit management to initial and additional credits aimed at preserving the quality of assets, mainly in our loans business, is expected to result in a decline in our outstanding credit balance. As a result, our net sales forecast has been lowered by ¥5.0 billion to ¥368.0 billion on a consolidated basis and by ¥4.0 billion to ¥349.0 billion on a non-consolidated basis.

Ordinary income

As a result of increased debt readjustments and other factors, additions to allowances for bad debts have increased and our forecast for ordinary income has been lowered by ¥13.0 billion to ¥34.0 billion on a consolidated basis and by ¥12.0 billion to ¥35.0 billion on a non-consolidated basis.

Net income

As announced on October 20, 2006 for the interim period of the current fiscal year an addition to the allowance for losses on repayment of interest was accounted for as an extraordinary loss and a write-off of deferred tax assets was implemented resulting in a forecast net loss for the fiscal year of ¥30.0 billion on a consolidated basis and ¥26.0 billion on a non-consolidated basis. However, due to the forecast decline in ordinary income, our net loss forecast for the fiscal year has been lowered by ¥12.0 billion to ¥42.0 billion on a consolidated basis and by ¥10.0 billion to ¥36.0 billion on a non-consolidated basis.

As a result of the above factors results forecasts have been revised and we regret to inform shareholders that we do not plan to pay a dividend on ordinary shares in respect of this fiscal year. Furthermore, we do not plan to pay a dividend on preference shares in respect of this fiscal year.

(Points for consideration regarding results forecasts)

The above forecasts have been made based on information available at the time of this announcement. Actual results may differ from forecasts owing to a variety of factors.
