2. Japanese secondary offering by way of over-allotment and other matters

The Japanese secondary offering by way of over-allotment as mentioned in 3. Secondary Offering of Shares (Japanese Secondary Offering by way of Over-Allotment) above (the Japanese Secondary Offering by way of Over-Allotment), is a secondary offering in Japan to be made in relation to (a) the Japanese Public Offering mentioned in 1. Issuance of New Shares by way of Offering (Public Offering) and (b) the Japanese Secondary Offering by way of Underwriting mentioned in of 2. Secondary Offering of Shares by way of Sale of Treasury Shares for shares of common stock of MUFG, in a number of 65,200,000 shares, that will be borrowed by Nomura Securities Co., Ltd. (Nomura Securities) from certain shareholder(s) of MUFG, after taking into account market demand for the offerings mentioned in (a) and (b) above and other conditions.

In connection with the Japanese Secondary Offering by way of Over-Allotment, the Board of Directors of MUFG has resolved, at the meeting held on Tuesday, November 18, 2008, that MUFG will issue 65,200,000 shares of its common stock to Nomura Securities by way of third-party allotment (the Capital Increase by way of Third-Party Allotment), with the payment date set to be Wednesday, January 14, 2009, in order for Nomura Securities to obtain the number of shares necessary to return the shares of common stock of MUFG that were borrowed by Nomura Securities from certain shareholder(s) of MUFG, as mentioned above (the Borrowed Shares).

Nomura Securities may also purchase shares of common stock of MUFG (the Syndicate Cover Transactions) on the Tokyo Stock Exchange, Inc., up to the number of shares to be offered in the Japanese Secondary Offering by way of Over-Allotment, for the purpose of returning the Borrowed Shares. Such Syndicate Cover Transactions would be made during the period from Thursday, December 11, 2008 to Tuesday, January 6, 2009 (the Syndicate Cover Transaction Period). All of the shares of common stock of MUFG purchased by Nomura Securities during the Syndicate Cover Transaction Period will be used to return the Borrowed Shares. During the Syndicate Cover Transaction Period, Nomura Securities may decide not to conduct any Syndicate Cover Transaction or may decide to terminate the Syndicate Cover Transactions before the number of shares purchased reaches the number of shares offered in the Japanese Secondary Offering by way of Over-Allotment.

Nomura Securities may conduct stabilizing transactions along with the Japanese Public Offering, the Japanese Secondary Offering by way of Underwriting and the Japanese Secondary Offering by way of Over-Allotment. The shares of common stock of MUFG purchased through such stabilizing transactions may be used, in part or in whole, to return the Borrowed Shares.

With respect to the number of shares obtained by deducting (a) the number of shares purchased through stabilization transactions and Syndicate Cover Transactions that are to be used to return the Borrowed Shares from (b) the number of shares to be offered in the Japanese Secondary Offering by way of Over-Allotment, Nomura Securities will accept the allotment under the Capital Increase by way of Third-Party Allotment and will purchase an equivalent number of shares of common stock of MUFG. As a result, a part or all of the shares to be issued under the Capital Increase by way of Third-Party Allotment may not be subscribed for, which may result in a decrease in the determined number of shares to be issued under the Capital Increase by way of Third-Party Allotment, or in the cancellation of the issuance, due to forfeiture.

The Syndicate Cover Transactions will be made by Nomura Securities after consultations with Mitsubishi UFJ Securities Co., Ltd. The stabilizing transactions will be made by Nomura Securities upon consultations on the policy with Mitsubishi UFJ Securities Co., Ltd., and Nomura Securities will consult with Morgan Stanley Japan Securities Co., Ltd. and JPMorgan Securities Japan Co., Ltd. when appropriate.

3. Use of proceeds

The entire amount of ¥ 398,645,000,000 which is the approximate net amount of the Public Offering, Sale of Treasury Shares and Capital Increase by way of Third-Party Allotment shall be used to make an investment in The Bank of Tokyo-Mitsubishi UFJ, Ltd. to strengthen MUFG's overall group capital base.

Note: This press release has been prepared for the sole purpose of publicly announcing the issue price, the selling price and other matters relating to the issuance of new shares, the sale of treasury shares and the secondary offering of MUFG's shares, does not constitute all the information regarding the offering described in this press release and has been prepared not for the purpose of soliciting investment or engaging in any other similar activities within Japan. Investors should carefully review a prospectus prepared by MUFG prior to making any investment decisions.

MUFG has filed a registration statement (including prospectus) with the SEC (Registration No. 333-155420) with respect to the portion of the offering to be conducted in the United States.
