PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of eGain Communications Corporation, a Delaware corporation, referred to as eGain or the Company, of proxies in the accompanying form to be used at the Annual Meeting of Stockholders of eGain, or the Annual Meeting, to be held at 345 East Middlefield Road, Mountain View, California 94043, on November 11, 2010, at 4:00 P.M., Pacific Time, and any postponement or adjournment thereof. The shares represented by the proxies received in response to this solicitation and not properly revoked will be voted at the Annual Meeting in accordance with the instructions therein. A stockholder who has given a proxy may revoke it at any time before it is exercised by filing with the Secretary of eGain a written revocation or a duly executed proxy bearing a later date or by voting in person at the Annual Meeting. On the matters coming before the Annual Meeting for which a choice has been specified by a stockholder by means of the ballot on the proxy, the shares will be voted accordingly. If no choice is specified, the shares will be voted **FOR** the proposal referred to in Item 1 in the Notice of Annual Meeting and described in this Proxy Statement regarding the election of the five nominees for director listed in this Proxy Statement, and **FOR** approval of the proposal referred to in Item 2 in the Notice of Annual Meeting and described in this Proxy Statement regarding ratifying the appointment of Burr Pilger Mayer, Inc., as eGain's independent registered public accounting firm.

Stockholders of record at the close of business on September 22, 2010, or the Record Date, are entitled to vote at the Annual Meeting. As of the close of business on that date, eGain had 22,121,511 shares of common stock, \$0.001 par value, or the Common Stock, outstanding. The presence in person or by proxy of the holders of a majority of eGain's outstanding shares of Common Stock constitutes a quorum for the transaction of business at the Annual Meeting. Each holder of Common Stock is entitled to one vote for each share held as of the Record Date.

Directors are elected by a plurality vote. The five nominees for director who receive the most votes cast in their favor will be elected to serve as a director. Other proposals submitted for stockholder approval at the Annual Meeting will be decided by the affirmative vote of the majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on such proposal. Abstentions with respect to any proposal are treated as shares present or represented and entitled to vote on that proposal and thus have the same effect as negative votes. If a broker which is the record holder of shares indicates on a proxy that it does not have discretionary authority to vote on a particular proposal as to such shares, or if shares are not voted in other circumstances in which proxy authority is defective or has been withheld with respect to a particular proposal, these non-voted shares will be counted for quorum purposes but are not deemed to be present or represented for purposes of determining whether stockholder approval of that proposal has been obtained.

The expense of printing, mailing proxy materials and solicitation of proxies will be borne by eGain. eGain will reimburse brokerage firms and others for their reasonable expenses in forwarding solicitation materials to beneficial owners of eGain's Common Stock. No additional compensation will be paid to such persons for such solicitation.

Director Independence

Our Board of Directors has determined that, except for Mr. Roy, each individual who currently serves as a member of our Board of Directors is an independent director within the meaning of the rules of The NASDAQ Stock Market and the Securities and Exchange Commission. Mr. Roy is not considered independent as he is employed by eGain as its Chief Executive Officer.

Board Leadership

The Board of Directors does not have a policy regarding the separation of the roles of Chief Executive Officer and Chairman of the Board, as the Board of Directors believes it is in the best interests of eGain and its stockholders to evaluate such roles from time to time based on the composition of the Board of Directors and on the input from our independent directors. The Board of Directors has determined that having eGain's Chief Executive Officer serve as Chairman is in the best interests of the Company's stockholders at this time. This structure makes the best use of the Chief Executive Officer's extensive knowledge of the Company and its industry, as well as fosters greater communication between the Company's management and the Board of Directors.

The Board of Directors has chosen not to appoint a lead independent director at this time in view of the active roles assumed by the independent directors.

Board of Directors - Risk Oversight

Companies, including eGain, face a variety of risks, including credit risk, liquidity risk, currency exchange risk and operational risk. For a detailed discussion of these risks, we encourage you to review our 2010 Annual Report. Our Board of Directors believes an effective risk management system will timely identify the material risks that eGain faces and communicate necessary information with respect to material risks to senior executives. As appropriate, our Board of Directors or its relevant committees have in the past and will in the future implement risk management strategies consistent with the Company's risk profile and integrate risk management into the Company's decision-making.

Our Board of Directors retains the ultimate oversight over the Company's risk management. Our Audit Committee takes an active lead in overseeing Company-wide risk management and discusses risk management processes with our Board of Directors. The Compensation Committee also oversees the Company's compensation policies and practices to ensure that the Company's compensation policies and practices do not motivate imprudent risk taking. In addition our Board of Directors encourages management to promote a corporate culture that incorporates risk management into the Company's corporate strategy and day-to-day business operations. Our Board of Directors, with the input of the Company's executive officers, assesses likely areas of future risk for the Company on an on-going basis.

Board Meetings and Committees

Our Board of Directors held five meetings during fiscal year 2010. Each director, with the exception of Mr. Scott, attended or participated in 75% or more of the meetings of our Board of Directors and of the committees on which such directors serve. Ashutosh Roy attended the 2009 annual meeting of stockholders.

Our Board of Directors has appointed a Compensation Committee, a Stock Option Committee, a Nominating and Corporate Governance Committee and an Audit Committee.

Stockholder Communications with the Board of Directors

If you wish to communicate with the Board of Directors, you may send your communications in writing to: Secretary, eGain Communications Corporation, 345 East Middlefield Road, Mountain View, California 94043. You must include your name and address in the written communication and indicate whether or not you are a stockholder of the Company. Code of Ethics

Our Board of Directors approved a code of ethics applicable to the Board of Directors, senior management including financial officers, and all other employees. The Code of Ethics and Business Conduct, or Code of Ethics, includes standards to deter wrongdoing and promote honest and

Edgar Filing: EGAIN COMMUNICATIONS CORP - Form DEF 14A

ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships; full, fair, accurate, timely and understandable disclosure in reports filed with the Securities and Exchange Commission; compliance with laws; prompt internal reporting of violations of the Code of Ethics; and accountability for the

adherence to the Code of Ethics. The Code of Ethics is available on the Company's website at http://www.egain.com/about_us/investors.asp. Copies of the Code of Ethics are also available in print upon written request to Secretary, eGain Communications Corporation, 345 East Middlefield Road, Mountain View, California 94043.

Director Qualifications

The Nominating and Corporate Governance Committee periodically reviews with our Board of Directors the appropriate skills and characteristics required of Board members given the current composition of the Board of Directors. Although we have no formal diversity policy for members of our Board of Directors, the Board of Directors and the Nominating and Corporate Governance Committee believe that our Board of Directors should be comprised of individuals who have a diversity of backgrounds, leadership qualities, a record of success in their arena of activity and who can make substantial contributions to the operations of the Board of Directors. The assessment of Board candidates includes, but is not limited to, consideration of relevant industry experience, relevant financial experience, general business experience and compliance with independence and other qualifications necessary to comply with any applicable corporate and securities laws and the rules and regulations thereunder. Specific consideration shall also be given to: contributions valuable to the business community; personal qualities of leadership, character, and judgment whether the candidate possesses and maintains throughout his or her service on the Board a reputation in the community at large of integrity, competence and adherence to the highest ethical standards; relevant knowledge and diversity of background and experience in such things as business, software development, manufacturing, technology, finance and accounting, marketing, international business, government and the like; or whether the candidate is free of conflicts and has the time required for preparation, participation and attendance at all meetings. Other than the foregoing, there are no stated minimum criteria for director nominees. The Nominating and Corporate Governance Committee does, however, believe it is appropriate for at least one, and preferably multiple, members of the Board to meet the criteria for an audit committee financial expert as defined by Securities and Exchange Commission rules, and that a majority of the members of the Board meet the definition of independent director under the rules of The NASDAQ Stock Market, although eGain is currently not subject to NASDAQ listing requirements. The Nominating and Corporate Governance Committee also believes it is appropriate for certain members of management to serve on the Board of Directors. When evaluating a candidate for the Board of Directors, the Nominating and Corporate Governance Committee does not assign specific weight to any of these factors nor does it believe that all of the criteria necessarily apply to every candidate. A director's qualifications in light of the above-mentioned criteria are considered at least each time the director is nominated or re-nominated for Board membership.

Identifying and Evaluating Director Nominees

The Nominating and Corporate Governance Committee considers candidates for Board membership suggested by Board members and management of eGain. The Nominating and Corporate Governance Committee will consider persons recommended by eGain's stock holders in the same manner as a nominee recommended by Board members or management. A stockholder who wishes to suggest a prospective nominee for the Board should notify eGain's Secretary or any member of the Nominating and Corporate Governance Committee in writing with any supporting material the stock holder considers appropriate. After completing the evaluation and review, the Nominating and Corporate Governance Committee makes a recommendation to our full Board of Directors as to the person who should be nominated to the Board of Directors, and our Board of Directors considers the nominee after evaluating the recommendation and report of the Nominating and Corporate Governance Committee. Each director candidate recommended for election at this year's Annual Meeting is an existing director seeking re-election to the Board of Directors.

Compensation of Directors

Directors of eGain do not currently receive any fees for service on the Board of Directors. Directors are reimbursed for their expenses for each meeting attended. Each non-employee director will receive, if elected or

re-elected as a director at the Annual Meeting, an option to purchase 500 shares of Common Stock at an exercise price equal to the fair market value of the Common Stock on the date of grant. Such options will vest on the first anniversary of the grant and are nonqualified stock options. After the 2008 annual meeting, the Company did not issue the non-employee director stock options due to an administrative error. Therefore after the 2009 annual meeting, we granted an option to purchase 1,000 shares of Common Stock to each of our non-employee directors, except for David S. Scott who was granted an option to purchase 500 shares because he did not serve as a director in 2008.

Compensation Discussion and Analysis

Company Philosophy on Compensation

The Compensation Committee of our Board of Directors is responsible for providing oversight and determining our executive compensation programs. To that end, our Compensation Committee reviews corporate performance relevant to the compensation of our executive officers and works with management to establish our executive compensation programs. The general philosophy of our executive compensation program is to:

- encourage creation of stockholder value and achievement of strategic corporate objectives by providing management with longer term incentives through equity ownership by management;
- provide a competitive total compensation package that enables us to attract and retain, on a long-term basis, high caliber personnel;
- provide a total compensation opportunity that is competitive with companies in our industry, taking into account relative company size, performance and geographic location, as well as individual responsibilities and performance;
- provide fair and internally consistent compensation; and
- other relevant considerations such as rewarding extraordinary performance.

Our executive compensation program is designed to reward team accomplishments while promoting individual accountability. The combination of incentives is designed to balance annual operating objectives and eGain's earnings performance with longer-term stockholder value creation.

Establishing Compensation

Our Compensation Committee typically reviews our executive officers' compensation, including our named executive officers, on an annual basis. Our Compensation Committee determines the appropriate levels of compensation based primarily on:

- competitive benchmarking consistent with our recruiting and retention goals;
- internal consistency and fairness; and
- other relevant considerations such as rewarding extraordinary performance.

Edgar Filing: EGAIN COMMUNICATIONS CORP - Form DEF 14A

To assist in the process of establishing executive compensation, our Compensation Committee reviews publicly available compensation information from a group of peer companies located in the Silicon Valley. Our Compensation Committee determines compensation for our Chief Executive Officer, which was set at \$24 per annum at his request beginning October 2003, as discussed below. With respect to our other named executive officers, our Compensation Committee reviews and approves compensation that is recommended by our Chief Executive Officer.

Compensation Components

Our executive compensation program generally consists of three primary components: base salary, annual non equity incentives and stock option awards. These primary compensation components are described in more detail below. Executive officers are also eligible to participate in all of our respective local employee benefits plans, such as medical insurance, life and disability insurance and our 401(k) retirement plan, in each case on the same basis as other employees.

We view the three primary components of executive compensation as related, but we do not believe that compensation should be derived entirely from one component, or that significant compensation from one component should necessarily reduce compensation from other components. Our Compensation Committee has not adopted a formal or informal policy for allocating compensation between long-term and current compensation or between cash and non-cash compensation.

Base Salary

We provide our named executive officers with a base salary to compensate them for services rendered during the fiscal year. We establish base salaries for our executives based on the scope of their responsibilities and experience and take into account competitive market compensation paid by companies in our peer group commensurate for similar responsibilities and positions. We believe that executive base salaries should be targeted to be within the range of salaries for similar positions at comparable companies, which is in line with our compensation philosophy, in order to best attract, retain and motivate our executives. In reviewing compensation of our peer companies, our Compensation Committee takes into account the annual revenues and market size of these companies and other relevant factors it deems appropriate. Our Compensation Committee attempts to establish compensation, particularly base salary, in the same comparable range that our revenues and market size fall when compared to these peer companies. In some cases, our executive compensation may rise above this range due to certain circumstances, such as a strong retention need or an extraordinary performance.

We note that the salary for our Chief Executive Officer, Ashutosh Roy, was set at a nominal amount of \$24 per annum at his request beginning October 2003. Mr. Roy requested this reduction initially in connection with our cost reduction initiatives and more recently to assist in our investment efforts. As a significant stockholder, a substantial portion of Mr. Roy's personal wealth is tied directly to the performance of eGain's stock, which provides direct alignment with stockholder interests.

We attempt to review base salaries annually and adjust base salaries from time to time to ensure that our compensation programs remain competitive with market levels. There were no salary increases in fiscal year 2010. The Compensation Committee approved bonuses for certain of its executive officers in accordance with our executive compensation strategy. In fiscal year 2010, the Compensation Committee approved a bonus for Mr. Smit in the amount of \$22,500 and \$40,000 in connection with Mr. Smit's performance during fiscal years 2008 and 2009, respectively. The Compensation Committee approved a bonus for Mr. Narang in the amount of \$36,000 and \$40,000 in connection with Mr. Narang's performance during fiscal years 2008 and 2009, respectively. We anticipate that our Chief Executive Officer will present his recommendations for Mr. Smit and Mr. Narang's non-equity incentive compensation for fiscal year 2010 to the Compensation Committee for approval in fiscal year 2011.

Annual Non Equity Incentive Compensation

Currently all eGain employees participate in either a bonus plan or, in the case of sales representatives and managers, a commission plan tied primarily to revenue and bookings metrics. The plans are designed to provide awards to all employees as an incentive to contribute to both revenue growth and profitability.

Bonuses for named executive officers are contingent upon the attainment of certain performance targets established by our Compensation Committee. For fiscal year 2010, approximately 30% of the bonus target for each executive officer was tied to company performance and 70% to the individual performance of the executive officer and his team. The performance targets may include:

- financial metrics, such as new hosting and license bookings, gross or net revenues, operating income, enterprise value/revenue ratio, cash balances, days sales outstanding and
- business operational metrics, such as customer satisfaction, customer retention, operational efficiencies, product delivery and product quality.

Stock Option Awards

We believe the use of stock-based awards for our named executive officers is a strong compensation tool that encourages officers to act in a manner that leads to long-term company success. We believe this type of compensation aligns our executive officers' performance with the interests of our long-term investors by

rewarding our officers through equity appreciation. The stock-based incentive program for the entire Company, including executive officers, currently consists of stock option grants only, but we may introduce different types of equity awards or instruments to remain competitive in the compensation we pay our employees.

On August 20, 2009 our Board of Directors, taking into account the recommendation of the Compensation Committee, approved a grant of an option to purchase 250,000 shares of the eGain's Common Stock pursuant to the terms of the Company's 2005 Management Stock Option Plan to Ashutosh Roy. In addition, our Board of Directors, taking into account the recommendation of the Compensation Committee, approved grants of 56,000, 57,000 and 30,000 options to purchase shares of eGain Common Stock to Eric Smit, Promod Narang, and Thomas Hresko, respectively. All shares of stock subject to an option granted will vest monthly over 48 months, are exercisable for ten years from the date of the grant, and were granted at an exercise price of \$0.74 per share.

In addition to granting equity-based options to our executives as part of a long-term incentive plan, we also intend to utilize option grants to provide incentives to all other non-officer employees, including new hires, and in recognition of individual achievements and contributions to corporate or business unit performance or in circumstances where we face a critical retention need.

Our Stock Option Committee approves grants of proposed stock options awards and administers our stock option plans consistent with the compensation policies and practices as set by our Compensation Committee. Proposed stock option awards to our executive officers are presented to our entire Board of Directors for consideration. The stock option committee normally grants options to executive officers upon the hiring of an executive officer, as part of an annual review, and as special circumstances arise. The exercise price of our stock option awards is based on the closing price of our Common Stock on the Over-the-Counter Bulletin Board on the date such stock option award is approved. Except with respect to new hire grants, proposals for significant stock option awards to our executive officers are not considered during our established blackout period, which commences one month prior to the end of each fiscal quarter and ends the trading day following the announcement of earnings for such fiscal quarter. Except for such proposed stock option awards to our executive officers, we intend to grant options in accordance with the foregoing procedures without regard to the timing of the release of material non-public information, such as an earnings announcement.

Other supplemental benefits

In addition to the compensation opportunities we describe above, we also provide our named executive officers and other employees with benefits, such as medical insurance, life and disability insurance and our 401(k) retirement plan, in each case on the same basis as other employees.

Defined Pension Plan

None of our named executive officers participate in or have account balances in qualified or non-qualified defined benefit plans sponsored by us. We do not offer such qualified or non-qualified defined benefit plans to our executives because we believe that such defined benefit plans are not typical for similar companies in both our industry and geographic region. Our Compensation Committee may elect to adopt qualified or non-qualified defined benefit plans if our Compensation Committee determines that doing so is in our best interests.

Change of Control Benefits

Edgar Filing: EGAIN COMMUNICATIONS CORP - Form DEF 14A

None of our named executive officers currently have agreements to receive benefits in the event of a change of control. To date, we have not had a significant reason to offer such benefits. Our Compensation Committee may elect to provide our officers and other employees with change of control agreements if the Compensation Committee determines that doing so is in our best interests.

Nonqualified Deferred Compensation

None of our named executive officers participate in or have account balances in non-qualified defined contribution plans or other deferred compensation plans maintained by us. To date, we have not had a significant reason to offer such non-qualified defined contribution plans or other deferred compensation plans. Our Compensation Committee may elect to provide our officers and other employees with non-qualified defined contribution or deferred compensation benefits if the Compensation Committee determines that doing so is in our best interests.

Section 162(m) Treatment Regarding Performance-Based Equity Awards

Under Section 162(m) of the Internal Revenue Code of 1986, as amended, we may not receive a federal income tax deduction for compensation paid to our Chief Executive Officer, Chief Financial Officer or up to three additional executive officers whose total compensation is required to be reported in our Proxy Statement to the extent that any of these persons receives more than \$1,000,000 in compensation in the taxable year. Our Compensation Committee intends to preserve the deductibility of compensation payable to our executives, although deductibility will be only one of the many factors considered in determining appropriate levels or modes of compensation.

COMPENSATION COMMITTEE REPORT

The following report of the Compensation Committee does not constitute soliciting material and shall not be deemed filed or incorporated by reference into any other filing by eGain under the Securities Act of 1933 or the Securities Exchange Act of 1934.

Compensation Committee

Management is responsible for the financial statements and the reporting process, including the system of internal controls. The independent registered public accounting firm is responsible for expressing an opinion on the material conformity of those financial statements with accounting principles generally acceptable in the United States.

The Audit Committee met privately with the independent registered public accounting firm, and discussed issues deemed significant by the independent registered public accounting firm, including those required by Statement on Auditing Standards No. 61 (Codification of Statements on Auditing Standards), as amended. In addition, the Audit Committee discussed with the independent registered public accounting firm their independence from eGain and its management, including the matters in the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with the Audit Committees). The Audit Committee also considered BPM's provision of non-audit services to eGain and determined that such provision of such services was compatible with maintaining the independence of BPM. BPM has provided the Audit Committee the written disclosures and the letter required by the Independence Standards Board Standard No. 1.

In reliance on the reviews and discussions outlined above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the 2010 Annual Report, for filing with the Securities and Exchange Commission.

RELATED PARTY TRANSACTIONS

As of July 1, 2009, there have not been any transactions or series of transactions to which eGain was or is a party in which the amount involved exceeded or exceeds \$120,000 and in which any director, executive officer, holder of more than 5% of any class of eGain's voting securities or any member of the immediate family of any of the foregoing persons had or will have a direct or indirect material interest.

In the past, eGain has granted options to purchase Common Stock to its directors and executive officers. eGain intends to grant such options to its directors and executive officers in the future.

It is eGain's current policy that all transactions between eGain and its officers, directors, 5% stockholders and eGain's affiliates will be entered into only if these transactions are approved by a majority of the disinterested directors, are on terms no less favorable to eGain than could be obtained from unaffiliated parties and are reasonably expected to benefit eGain.

STOCKHOLDER PROPOSALS FOR THE 2011 ANNUAL MEETING

Proposals of stockholders of eGain that are intended to be presented by such stockholders at eGain's 2011 Annual Meeting must be received by the Secretary of eGain no later than June 9, 2011 in order that they may be included in eGain's proxy statement and form of proxy relating to that meeting.

A stockholder proposal not included in the eGain proxy statement for the 2011 Annual Meeting will be ineligible for presentation at the meeting unless the stockholder gives timely notice of the proposal in writing to the Secretary of eGain at the principal executive offices of eGain and otherwise complies with the provisions of its Bylaws. To be timely, eGain's Bylaws provide that eGain must have received the stockholder's notice not less than 50 days or more than 75 days prior to the scheduled date of such meeting. However, if notice or prior public disclosure of the date of the annual meeting is given or made to stockholders less than 65 days prior to the meeting date, eGain must receive the stockholder's notice by the close of business on the 15th day after the earlier of the day eGain mailed notice of the annual meeting date or provided such public disclosure of the meeting date.

OTHER MATTERS

eGain knows of no other business that will be presented at the Annual Meeting. If any other business is properly brought before the Annual Meeting, it is intended that proxies in the enclosed form will be voted in accordance with the judgment of the persons voting the proxies.

eGain has adopted a process for mailing the 2010 Annual Report and Proxy Statement called "householding," which has been approved by the Securities and Exchange Commission. Householding means that stockholders who share the same last name and address will receive only one copy of the 2010 Annual Report and Proxy Statement, unless eGain receives contrary instructions from any stockholder at that address. eGain will continue to mail a proxy card to each stockholder of record.

If you prefer to receive multiple copies of the 2010 Annual Report and Proxy Statement at the same address, additional copies will be provided to you upon request. If you are a stockholder of record, you may contact us by writing to Eric N. Smit, eGain Communications Corporation, 345 East Middlefield Road, Mountain View, California 94043 or by calling (650) 230-7500. Eligible stockholders of record receiving multiple copies of the 2010 Annual Report and Proxy Statement can request householding by contacting eGain in the same manner. eGain has undertaken householding to reduce printing costs and postage fees, and we encourage you to participate.

If you are a beneficial owner, you may request additional copies of the 2010 Annual Report and Proxy Statement or you may request householding by notifying your broker, bank or nominee.

Current and prospective investors can also access free copies of our 2010 Annual Report, Proxy Statement and other financial information on our Investor Relations section of our web site at http://www.egain.com/about_us/investors.asp.
