Redemption:	The 2021 Notes are not redeemable, except as described under Description of Debt Securities Optional Tax Redemption on page 19 of the prospectus and as described below under Optional make-whole redemption. The provision for optional tax redemption described therein will apply in respect of changes in tax treatments occurring after November 1, 2011.
Optional make-whole redemption:	BP Capital U.K. has the right to redeem the 2021 Notes, in whole or in part, at any time and from time to time at a redemption price equal

to the greater of (i) 100% of the principal amount of the 2021 Notes to be redeemed and (ii) the sum of the present values of the remaining scheduled payments of principal and interest on the 2021 Notes to be redeemed (not including any portion of payments of interest accrued and unpaid to the redemption date) discounted to the redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the treasury rate plus 20 basis points, plus in each case accrued and unpaid interest to the date of redemption. For purposes of determining the optional make-whole redemption price, the following definitions are applicable. Treasury rate means, with respect to any redemption date, the rate per annum equal to the semi-annual equivalent yield to maturity or interpolated (on a day count basis) of the comparable treasury issue, assuming a price for the comparable treasury issue (expressed as a percentage of its principal amount) equal to the comparable treasury price for such redemption date. Comparable treasury issue means the U.S. Treasury security or securities selected by the quotation agent as having an actual or interpolated maturity comparable to the remaining term of the 2021 Notes to be redeemed that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of such notes. Comparable treasury price means, with respect to any redemption date, the average of the reference treasury dealer quotations for such redemption date. Quotation agent means one of the reference treasury dealers appointed by BP Capital U.K. Reference treasury dealer means Citigroup Global Markets Inc. and HSBC Securities (USA) Inc. or their affiliates, each of which is a primary U.S. government securities dealer in the United States (a primary treasury dealer), and their respective successors, and two other primary treasury dealers selected by BP Capital U.K., provided, however, that if any of the foregoing shall cease to be a primary treasury dealer, BP Capital U.K. shall substitute therefor another primary treasury dealer. Reference treasury dealer quotations means with respect to each reference treasury dealer and any redemption date, the average, as determined by the quotation agent, of the bid and asked prices for the comparable treasury issue (expressed in each case as a percentage of its principal amount) quoted in writing to the quotation agent by such reference treasury dealer at 5:00 p.m. New York time on the third business day preceding such redemption date.
