(Continental) for the year ended December 31, 2010, as filed with the Securities and Exchange Commission (the SEC) on February 22, 2011 (the Original Filing), is being filed for the sole purpose of revising Item 9A. Controls and Procedures to include management 's report on internal control over financial reporting for UAL in response to a comment received from the SEC. This report was inadvertently omitted from the Original Filing.

This Amendment No. 1 does not attempt to modify or update the disclosures contained in any other items set forth in the Original Filing. Included as exhibits to this Amendment No. 1 are currently-dated certifications from the Chief Executive Officer and Chief Financial Officer of each of UAL, United and Continental.

ITEM 9A. CONTROLS AND PROCEDURES

UAL, United and Continental each maintain controls and procedures that are designed to ensure that information required to be disclosed in the reports filed or submitted by UAL, United and Continental to the Securities and Exchange Commission (SEC) is recorded, processed, summarized and reported, within the time periods specified by the SEC 's rules and forms, and is accumulated and communicated to management including the Chief Executive Officer and Chief Financial Officer as appropriate to allow timely decisions regarding required disclosure. The management of UAL, United and Continental, including the Chief Executive Officer and Chief Financial Officer, performed an evaluation to conclude with reasonable assurance that UAL 's, United 's and Continental 's disclosure controls and procedures were designed and operating effectively to report the information each company is required to disclose in the reports they file with the SEC on a timely basis. Changes in Internal Control over Financial Reporting during the Quarter Ended December 31, 2010

Except as set forth below, during the three months ended December 31, 2010, there was no change in UAL 's, United 's or Continental 's internal control over financial reporting during their most recent fiscal quarter that materially affected, or is reasonably likely to materially affect, their internal control over financial reporting.

On October 1, 2010, UAL and Continental completed the Merger transaction. We are currently integrating policies, processes, people, technology and operations for the combined company. Management will continue to evaluate our internal control over financial reporting as we execute Merger integration activities.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders of

United Continental Holdings, Inc.

Chicago, Illinois

We have audited United Continental Holdings, Inc.'s (the Company) internal control over financial reporting as of December 31, 2010, based on criteria established in *Internal Control - Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission (the COSO criteria). The Company's management is responsible for maintaining effective internal control over financial reporting, and for its assessment of the effectiveness of internal control over financial reporting, included in the accompanying Management Report on Internal Control Over Financial Reporting in Item 9A. Our responsibility is to express an opinion on the Company's internal control over financial reporting based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of December 31, 2010, based on the COSO criteria.

We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated financial statements as of and for the year ended December 31, 2010 of the Company and our report dated February 22, 2011 expressed an unqualified opinion thereon.
