1. DESCRIPTION OF BUSINESS AND BASIS OF PRESENTATION

Revlon, Inc. (and together with its subsidiaries, the Company) conducts its business exclusively through its direct wholly-owned operating subsidiary, Revlon Consumer Products Corporation (Products Corporation), and its subsidiaries. Revlon, Inc. is a direct and indirect majority-owned subsidiary of MacAndrews & Forbes Holdings Inc. (MacAndrews & Forbes Holdings) and, together with certain of its affiliates other than the Company, MacAndrews & Forbes, a corporation wholly-owned by Ronald O. Perelman.

The Company's vision is glamour, excitement and innovation through high-quality products at affordable prices. The Company operates in a single segment and manufactures, markets and sells an extensive array of cosmetics, women's hair color, beauty tools, anti-perspirant deodorants, fragrances, skincare and other beauty care products. The Company's principal customers include large mass volume retailers and chain drug and food stores in the U.S., as well as certain department stores and other specialty stores, such as perfumeries, outside the U.S. The Company also sells beauty products to U.S. military exchanges and commissaries and has a licensing business pursuant to which the Company licenses certain of its key brand names to third parties for the manufacture and sale of complementary beauty-related products and accessories in exchange for royalties.

The accompanying Consolidated Financial Statements are unaudited. In management's opinion, all adjustments necessary for a fair presentation have been made. The Unaudited Consolidated Financial Statements include the accounts of the Company after the elimination of all material intercompany balances and transactions.

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (U.S. GAAP) requires management to make estimates and assumptions that affect amounts of assets and liabilities and disclosures of contingent assets and liabilities as of the date of the financial statements and reported amounts of revenues and expenses during the periods presented. Actual results could differ from these estimates. Estimates and assumptions are reviewed periodically and the effects of revisions are reflected in the consolidated financial statements in the period they are determined to be necessary. Significant estimates made in the accompanying Unaudited Consolidated Financial Statements include, but are not limited to, allowances for doubtful accounts, inventory valuation reserves, expected sales returns and allowances, trade support costs, certain assumptions related to the recoverability of intangible and long-lived assets, deferred tax valuation allowances, reserves for estimated tax liabilities, restructuring costs, certain estimates and assumptions used in the calculation of the net periodic benefit costs and the projected benefit obligations for the Company's pension and other post-retirement plans, including the expected long-term return on pension plan assets and the discount rate used to value the Company's pension benefit obligations. The Unaudited Consolidated Financial Statements should be read in conjunction with the consolidated financial statements and related notes contained in Revlon, Inc.'s Annual Report on Form 10-K for the year ended December 31, 2011, filed with the Securities and Exchange Commission (the SEC) on February 16, 2012 (the 2011 Form 10-K).

The Company's results of operations and financial position for interim periods are not necessarily indicative of those to be expected for a full year.

Certain prior year amounts in the Unaudited Consolidated Financial Statements have been reclassified to conform to the current period's presentation.

Fire at Revlon Venezuela Facility

On June 5, 2011, the Company's facility in Venezuela was destroyed by fire. For the years ended December 31, 2011 and 2010, the Company's subsidiary in Venezuela (Revlon Venezuela) had net sales of approximately 2% and 3%, respectively, of the Company's consolidated net sales. At December 31, 2011 and

NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

(except where otherwise noted, all tabular amounts in millions, except share and per share amounts)

2010, total assets of Revlon Venezuela were approximately 2% and 3%, respectively, of the Company's total assets. Prior to the fire, approximately 50% of Revlon Venezuela's net sales were comprised of products imported from the Company's Oxford, North Carolina facility and approximately 50% were comprised of products locally manufactured at the Revlon Venezuela facility. Revlon Venezuela did not have any net sales from the date of the fire until August 12, 2011. The Company's net sales in Venezuela since August 12, 2011 have been primarily comprised of products imported from the Company's Oxford, North Carolina facility. In the first quarter of 2012, Revlon Venezuela also began importing certain products from third party manufacturers outside of Venezuela, which were locally manufactured at the Revlon Venezuela facility prior to the fire.

The Company maintains comprehensive property insurance, as well as business interruption insurance. Business interruption insurance is intended to reimburse for lost profits and other costs incurred, which are attributable to the loss, during the loss period, subject to the terms and conditions of the applicable policies.

For the third quarter and first nine months of 2012, the Company incurred business interruption losses of \$1.7 million and \$2.8 million, respectively, related to the fire. In the second quarter of 2011, the Company recorded a \$4.9 million impairment loss related to Revlon Venezuela's net book value of inventory, property, plant and equipment destroyed by the fire and in the period from June through September 30, 2011, the Company incurred business interruption losses of \$6.1 million related to the fire, for total losses of \$11.0 million incurred in the first nine months of 2011. The business interruption losses incurred in the nine months ended September 30, 2012 and 2011 include estimated profits lost as a result of the interruption of Revlon Venezuela's business and costs incurred directly related to the fire. The business interruption losses incurred through September 30, 2012 are not indicative of future business interruption losses for insurance purposes or future expected profits for Revlon Venezuela. The Company's insurance coverage provides for business interruption losses to be reimbursed, subject to the terms and conditions of such policy, for a period of time, which period for the coverage related to the Venezuela fire ended on October 2, 2012.

During the third quarter and first nine months of 2012, the Company received interim advances of \$1.5 million and \$4.5 million, respectively, from its insurance carrier in connection with the fire, for total cumulative receipts of \$24.2 million received from the date of the fire through September 30, 2012. During the third quarter and first nine months of 2012, the Company recognized \$1.7 million and \$2.8 million, respectively, of income from insurance recoveries, which entirely offset the business interruption losses noted above. During the third quarter and first nine months of 2011, the Company recognized \$6.1 million and \$11.0 million, respectively, of income from insurance recoveries, which entirely offset the impairment loss and business interruption losses noted above. The income from insurance recoveries is included within selling, general and administrative (SG&A) expenses in the Company's Statements of Operations and Comprehensive (Loss) Income for the three and nine months ended September 30, 2012 and 2011. The Company recorded deferred income related to the insurance proceeds received, but not yet recognized, of \$6.8 million and \$5.1 million as of September 30, 2012 and December 31, 2011, respectively, which is included in accrued expenses and other in the Company's Consolidated Balance Sheets.

For insurance purposes, an assessment of the extent of damage resulting from the fire and the impact on Revlon Venezuela's business is ongoing, and therefore the final amount and timing of the ultimate insurance recovery is currently unknown.

Recently Adopted Accounting Pronouncements

In May 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2011-04, Amendments to Achieve Common Fair Value Measurement and Disclosure

Table of Contents**REVLOL, INC. AND SUBSIDIARIES****NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS**

(except where otherwise noted, all tabular amounts in millions, except share and per share amounts)

Requirements in U.S. GAAP and International Financial Reporting Standards (IFRS), which amends Accounting Standards Codification (ASC) 820, Fair Value Measurement. ASU No. 2011-04 modifies ASC 820 to include disclosure of all transfers between Level 1 and Level 2 asset and liability fair value categories. In addition, ASU No. 2011-04 provides guidance on measuring the fair value of financial instruments managed within a portfolio and the application of premiums and discounts on fair value measurements. ASU No. 2011-04 requires additional disclosure for Level 3 measurements regarding the sensitivity of fair value to changes in unobservable inputs and any interrelationships between those inputs. The Company adopted ASU No. 2011-04 beginning January 1, 2012 and such adoption did not have a material impact on the Company's results of operations, financial condition or disclosures.

In June 2011, the FASB issued ASU No. 2011-05, Presentation of Comprehensive Income. ASU No. 2011-05 eliminates the option to report other comprehensive income and its components in the statement of changes in equity. Under ASU No. 2011-05, an entity can elect to present items of net income and other comprehensive income in one continuous statement or in two separate, but consecutive, statements. In addition, in December 2011, the FASB issued ASU No. 2011-12, Deferral of the Effective Date for Amendments to the Presentation of Reclassifications of Items Out of Accumulated Other Comprehensive Income in Accounting Standards Update No. 2011-05. ASU No. 2011-12 defers the requirement to present components of reclassifications of comprehensive income by income statement line item on the statement of comprehensive income, with all other requirements of ASU No. 2011-05 unaffected. The Company adopted ASU No. 2011-05 and ASU No. 2011-12 beginning January 1, 2012 and has elected to present items of net income and other comprehensive income in one continuous statement.

2. PENSION AND POST-RETIREMENT BENEFITS

The components of net periodic benefit costs for the Company's pension and the other post-retirement benefit plans for the first nine months of 2012 and 2011 are as follows:

	Pension Plans		Other	
	Nine Months Ended		Post-retirement	
	September 30,		Benefit Plans	
	2012	2011	Nine Months Ended	September 30,

Portion allocated to Revlon Holdings LLC	(0.1)	(0.1)		
	\$ 3.3	\$ 3.0	\$ 0.7	\$ 0.8

In the three and nine months ended September 30, 2012, compared to the three and nine months ended September 30, 2011, the Company recognized slightly higher net periodic benefit costs primarily due to the decrease in the weighted-average discount rate, partially offset by the increase in the fair value of pension plan assets at December 31, 2011. The Company expects that its net periodic benefit costs for its pension and the other post-retirement benefit plans will be approximately \$5 million for all of 2012, comparable to the \$5 million cost in 2011.

During the third quarter of 2012, \$7.2 million and \$0.2 million were contributed to the Company's pension plans and other post-retirement benefit plans, respectively. During the first nine months of 2012, \$26.2 million and \$0.6 million were contributed to the Company's pension plans and other post-retirement benefit plans, respectively. The Company currently expects to contribute approximately \$30 million in the aggregate to its pension plans and other post-retirement benefit plans for all of 2012.

Relevant aspects of the qualified defined benefit pension plans, nonqualified pension plans and other post-retirement benefit plans sponsored by Products Corporation are disclosed in Revlon, Inc.'s 2011 Form 10-K.

3. BUSINESS ACQUISITION

On July 2, 2012, the Company acquired certain assets of Bari Cosmetics, Ltd., including trademarks and other intellectual property related to Pure Ice nail enamel and Bon Bons cosmetics brands (the "Pure Ice Acquisition"). The Company paid \$66.2 million of total consideration for the Pure Ice Acquisition in cash, comprised of \$45.0 million cash on hand and \$21.2 million drawn under Products Corporation's 2011 Revolving Credit Facility. The results of operations related to the Pure Ice Acquisition are included in the Company's consolidated financial statements commencing on the date of acquisition. Pro forma results of operations have not been presented, as the impact on the Company's consolidated financial results would not have been material. As of September 30, 2012, there were no outstanding borrowings under Products Corporation's 2011 Revolving Credit Facility (excluding \$10.4 million of outstanding undrawn letters of credit).

Table of Contents**REVLON, INC. AND SUBSIDIARIES****NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS****(except where otherwise noted, all tabular amounts in millions, except share and per share amounts)**

The Company accounted for the Pure Ice Acquisition as a business combination during the third quarter of 2012 and, accordingly, the total consideration of \$66.2 million has been recorded on a preliminary basis based on the respective estimated fair values of the net assets acquired at July 2, 2012 as follows:

Intangible assets	\$ 43.1
Goodwill	23.1
Total consideration	\$ 66.2

Goodwill of \$23.1 million represents the excess of cost over the fair value of intangible assets acquired. Factors contributing to the purchase price resulting in the recognition of goodwill include the strength of the Pure Ice brand in key retailers in the U.S. Both the intangible assets acquired and goodwill are expected to be deductible for income tax purposes. The intangible assets acquired by major asset category are as follows:

	Fair Values at July 2, 2012	Weighted Average Useful Life (in years)
Customer Relationship	\$ 33.3	19
Trademarks and Trade Names	9.8	10
Total	\$ 43.1	

The Company is in the process of completing its assessment of the fair value of assets acquired and liabilities assumed in the Pure Ice Acquisition. As a result, the fair value of the net assets acquired is provisional pending completion of the final valuation of such net assets.

4. RESTRUCTURING CHARGES

During the third quarter of 2012, the Company recorded charges totaling \$24.1 million related to the restructuring that the Company announced in September 2012 (the September 2012 Program), which primarily involved the Company exiting its owned manufacturing facility in France and its leased manufacturing facility in Maryland; rightsizing its organizations in France and Italy; and realigning its operations in Latin America, including consolidating Latin America and Canada into a single operating region, which will be effective in the fourth quarter of 2012. Certain of the actions are subject to consultations with employees, works councils or unions, and government authorities. Of the \$24.1 million charge: (a) \$21.0 million is recorded in restructuring charges; (b) \$1.6 million is recorded as a reduction to net sales; (c) \$1.1 million is recorded in cost of goods sold; and (d) \$0.4 million is recorded in SG&A expenses.

The Company expects to recognize approximately \$1.0 million in additional charges for a total of approximately \$25 million in charges related to the September 2012 Program. Of the total expected charge of \$25 million, approximately \$23 million will be cash that is expected to be paid over the next eighteen months.

Details of the activities described above during the first nine months of 2012 are as follows:

Recent Debt Transactions

Products Corporation is party to the Senior Subordinated Term Loan Agreement, consisting of (i) the \$58.4 million principal amount of the \$107.0 million aggregate principal amount of the Senior Subordinated Term Loan (the Non-Contributed Loan) which, at December 31, 2011, remained owing from Products Corporation to MacAndrews & Forbes, and which matures on October 8, 2014, and (ii) the \$48.6 million of the \$107.0 million aggregate principal amount of the Senior Subordinated Term Loan that MacAndrews & Forbes contributed to Revlon, Inc. in connection with the October 2009 consummation of Revlon, Inc.'s exchange offer (the Contributed Loan), which remains due from Products Corporation to Revlon, Inc. and which matures on October 8, 2013.

On April 30, 2012, MacAndrews & Forbes exercised its right to assign its interest in the Non-Contributed Loan. In connection with such assignment, Products Corporation entered into an Amended and Restated Senior Subordinated Term Loan Agreement with MacAndrews & Forbes (the Amended and Restated Senior Subordinated Term Loan Agreement), and a related Administrative Letter was entered into with Citibank, N.A. and MacAndrews & Forbes, to among other things:

modify the interest rate on the Non-Contributed Loan from its prior 12% fixed rate to a floating rate of LIBOR plus 7%, with a 1.5% LIBOR floor, resulting in an interest rate of approximately 8.5% per annum (or a 3.5% reduction per annum) upon the effectiveness of the Amended and Restated Senior Subordinated Term Loan Agreement. Interest under the Amended and Restated Senior Subordinated Term Loan Agreement is payable quarterly in arrears in cash;

insert prepayment premiums such that Products Corporation may optionally prepay the Non-Contributed Loan (i) through October 31, 2013 with a prepayment premium based on a formula designed to provide the assignees of the Non-Contributed Loan with the present value, using a discount rate of 75 basis points over U.S. Treasuries, of the principal, premium and interest that would have accrued on the Non-Contributed Loan from any such prepayment date through October 31, 2013

At September 30, 2012, the aggregate principal amount outstanding under the 2011 Term Loan Facility was \$790.0 million and availability under the \$140.0 million 2011 Revolving Credit Facility, based upon the calculated borrowing base less \$10.4 million of outstanding undrawn letters of credit and nil then drawn on the 2011 Revolving Credit Facility, was \$126.4 million. (See also Note 3, Business Acquisition).

8. BASIC AND DILUTED (LOSS) EARNINGS PER COMMON SHARE

Shares used in basic (loss) earnings per share are computed using the weighted average number of common shares outstanding during each period. Shares used in diluted (loss) earnings per share include the dilutive effect of unvested restricted shares and outstanding stock options under the Stock Plan using the treasury stock method. For the three and nine months ended September 30, 2012 and 2011, all outstanding options to purchase shares of Revlon, Inc. Class A common stock, par value of \$0.01 per share (the Class A Common Stock), that could potentially dilute basic (loss) earnings per share in the future were excluded from the calculation of diluted (loss) earnings per common share as their effect would be anti-dilutive, as in each case their exercise price was in excess of the NYSE closing price of the Class A Common Stock at all times during these periods.

For the three months ended September 30, 2012 and 2011, 121 and 97,799 weighted average shares, respectively, of unvested restricted stock that could potentially dilute basic (loss) earnings per share in the future were excluded from the calculation of diluted (loss) earnings per common share as their effect would be anti-dilutive. For the nine months ended September 30, 2012 and 2011, 4,465 and 136,286 weighted average shares, respectively, of unvested restricted stock that could potentially dilute basic (loss) earnings per share in the future were excluded from the calculation of diluted (loss) earnings per common share as their effect would be anti-dilutive.

As of September 30, 2012, the Company had operations established in 14 countries outside of the U.S. and its products are sold throughout the world. 11. FAIR VALUE MEASUREMENTS

Assets and liabilities are required to be categorized into three levels of fair value based upon the assumptions used to price the assets or liabilities. Level 1 provides the most reliable measure of fair value, whereas Level 3, if applicable, generally would require significant management judgment. The three levels for categorizing the fair value measurement of assets and liabilities are as follows:

Level 1: Fair valuing the asset or liability using observable inputs, such as quoted prices in active markets for identical assets or liabilities;

Level 2: Fair valuing the asset or liability using inputs other than quoted prices that are observable for the applicable asset or liability, either directly or indirectly, such as quoted prices for similar (as opposed to identical) assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in markets that are not active; and

Level 3: Fair valuing the asset or liability using unobservable inputs that reflect the Company's own assumptions regarding the applicable asset or liability.

Table of Contents**REVLOON, INC. AND SUBSIDIARIES****NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS**

(except where otherwise noted, all tabular amounts in millions, except share and per share amounts)

As of September 30, 2012, the fair values of the Company's financial assets and liabilities that are required to be measured at fair value, namely its foreign currency forward exchange contracts (FX Contracts) are categorized in the table below:

	Total	Level 1	Level 2	Level 3

As of December 31, 2011, the fair values of the Company's financial assets and liabilities that are required to be measured at fair value, namely its FX Contracts and the Change of Control Amount (as hereinafter defined) associated with Revlon, Inc.'s Series A Preferred Stock, par value \$0.01 per share (Preferred Stock), are categorized in the table below:

	Total	Level 1	Level 2	Level 3

Change of Control Amount (Preferred Stock) ^(b)	0.2			0.2
Total liabilities at fair value	\$ 1.0	\$	\$ 0.8	\$ 0.2

^(a) The fair value of the Company's FX Contracts was measured based on observable market transactions of spot and forward rates at September 30, 2012 and December 31, 2011. (See Note 12, Financial Instruments, in this Form 10-Q).

^(b) In October 2009, Revlon, Inc. consummated its voluntary exchange offer (as amended, the 2009 Exchange Offer) in which, among other things, Revlon, Inc. issued to stockholders (other than MacAndrews & Forbes) 9,336,905 shares of its Preferred Stock in exchange for the same number of shares of Class A Common Stock tendered in the 2009 Exchange Offer. Upon consummation of the 2009 Exchange Offer,

Edgar Filing: REVLON INC /DE/ - Form 10-Q

Revlon, Inc. initially recorded the Preferred Stock as a long-term liability at a fair value of \$47.9 million, which was comprised of two components:

Liquidation Preference: Upon initial valuation of the Preferred Stock, the total amount to be paid by Revlon, Inc. at maturity is approximately \$48.6 million, which represents the \$5.21 liquidation preference for each of the 9,336,905 shares of Preferred Stock issued in the 2009 Exchange Offer (the Liquidation Preference). The Liquidation Preference was initially measured at fair value based on the yield to maturity of the \$48.6 million Contributed Loan portion of the Senior Subordinated Term Loan

Table of Contents**REVLON, INC. AND SUBSIDIARIES****NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS**

(except where otherwise noted, all tabular amounts in millions, except share and per share amounts)

adjusted for an estimated average subordination premium for subordinated note issues. The Liquidation Preference is subsequently measured at the present value of the amount to be paid at maturity, accruing interest cost using the rate implicit at the issuance date since both the amount to be paid and the maturity date are fixed.

Change of Control Amount: Holders of the Preferred Stock are entitled to receive upon a change of control transaction (as defined in the certificate of designation of the Preferred Stock) through October 8, 2012, a pro rata portion of the equity value received in such transaction, capped at an amount that would provide aggregate cash payments of \$12.00 per share over the term of the Preferred Stock. If the equity value received in the change of control transaction is greater than or equal to \$12.00 per share, then each holder of Preferred Stock will be entitled to receive an amount equal to \$12.00 minus the Liquidation Preference minus any paid and/or accrued and unpaid dividends on the Preferred Stock. If the per share equity value received in the change of control transaction is less than \$12.00, then each holder of Preferred Stock is entitled to receive an amount equal to such per share equity value minus the Liquidation Preference minus any paid and/or accrued and unpaid dividends on the Preferred Stock. If the per share equity value received in the change of control transaction does not exceed the Liquidation Preference plus any paid and/or accrued and unpaid dividends, then each holder of the Preferred Stock is not entitled to an additional payment upon any such change of control transaction (the foregoing payments being the Change of Control Amount). The fair value of the Change of Control Amount of the Preferred Stock, which was deemed to be a Level 3 liability, is based on the Company's assessment of the likelihood of the occurrence of specified change of control transactions within three years of the consummation of the 2009 Exchange Offer. As of October 8, 2012, holders of the Preferred Stock are no longer entitled to receive the Change of Control Amount as three years have passed without the occurrence of a change of control transaction. Accordingly, the Company reversed the liability for the Change of Control Amount of \$0.2 million which was included as income in miscellaneous, net in the Company's Statements of Operations and Comprehensive (Loss) Income for the three and nine months ended September 30, 2012.

As of September 30, 2012, the fair values of the Company's financial liabilities not measured at fair value but for which disclosure of fair value is required, namely its long-term debt, including the current portion of long-term debt, and Preferred Stock, are categorized in the table below:

	Total	Level 1	Level 2	Level 3
Liabilities:				
Long-term debt, including current portion	\$ 1,194.0	\$	\$ 1,194.0	\$
Preferred Stock	49.3		49.3	
Total liabilities at fair value	\$ 1,243.3	\$	\$ 1,243.3	\$

The fair value of the Company's long-term debt, including the current portion of long-term debt, and Preferred Stock is based on the quoted market prices for the same issues or on the current rates offered for debt of similar remaining maturities. The estimated fair value of such debt and Preferred Stock at September 30, 2012 was approximately \$1,243.3 million, which was more than the carrying value of such debt and Preferred Stock at September 30, 2012 of \$1,217.1 million. The estimated fair value of such debt and Preferred Stock at December 31, 2011 was approximately \$1,240.6 million, which was more than the carrying value of such debt and Preferred Stock at December 31, 2011 of \$1,221.8 million.

The carrying amounts of cash and cash equivalents, marketable securities, trade receivables, notes receivable, accounts payable and short-term borrowings approximate their fair values.

12. FINANCIAL INSTRUMENTS

Products Corporation maintains standby and trade letters of credit for various corporate purposes under which Products Corporation is obligated, of which \$10.4 million and \$11.1 million (including amounts available under credit agreements in effect at that time) were maintained at September 30, 2012 and December 31, 2011, respectively. Included in these amounts is approximately \$8.7 million and \$9.1 million at September 30, 2012 and December 31, 2011, respectively, in standby letters of credit which support Products Corporation's self-insurance programs. The estimated liability under such programs is accrued by Products Corporation.

Derivative Financial Instruments

The Company uses derivative financial instruments, primarily FX Contracts intended for the purpose of managing foreign currency exchange risk by reducing the effects of fluctuations in foreign currency exchange rates on the Company's net cash flows.

The FX Contracts are entered into primarily to hedge the anticipated net cash flows resulting from inventory purchases and intercompany payments denominated in currencies other than the local currencies of the Company's foreign and domestic operations and generally have maturities of less than one year. The U.S. dollar notional amount of the FX Contracts outstanding at September 30, 2012 and December 31, 2011 was \$47.3 million and \$58.4 million, respectively.

While the Company may be exposed to credit loss in the event of the counterparty's non-performance, the Company's exposure is limited to the net amount that Products Corporation would have received, if any, from the counterparty over the remaining balance of the terms of the FX Contracts. The Company does not anticipate any non-performance and, furthermore, even in the case of any non-performance by the counterparty, the Company expects that any such loss would not be material.

13. INCOME TAXES

The provision for income taxes represents federal, foreign, state and local income taxes. The effective tax rate differs from the applicable federal statutory rate due to the effect of state and local income taxes, tax rates and income in foreign jurisdictions, utilization of tax loss carry-forwards, foreign earnings taxable in the U.S., nondeductible expenses and other items. The Company's tax provision changes quarterly based on various factors including, but not limited to, the geographical mix of earnings, enacted tax legislation, foreign, state and local income taxes, tax audit settlements, the ultimate disposition of deferred tax assets relating to stock-based compensation and the interaction of various global tax strategies. In addition, changes in judgment from the evaluation of new information resulting in the recognition, derecognition and/or re-measurement of a tax position taken in a prior period are recognized in the quarter in which any such change occurs.

For the third quarter of 2012 and 2011, the Company recorded a provision for income taxes for continuing operations of \$11.5 million and \$22.1 million, respectively. The \$10.6 million decrease in the provision for income taxes was primarily attributable to decreased pre-tax income and the absence of various discrete items that in the aggregate negatively affected the provision for income taxes in the third quarter of 2011 and did not recur in the third quarter of 2012.

For the first nine months of 2012 and 2011, the Company recorded a provision for income taxes for continuing operations of \$31.6 million and \$32.4 million, respectively. The \$0.8 million decrease in the provision for income taxes was primarily attributable to decreased pre-tax income.

The effective tax rate for the three and nine months ended September 30, 2012 is higher than the federal statutory rate of 35% due principally to: (a) the impact of certain expenses for which there is no tax benefit recognized and the impact of certain non-deductible expenses primarily related to the restructuring charges and the litigation loss contingency recorded during the third quarter and first nine months of 2012 (see Note 4, Restructuring Charges and Note 14, Contingencies in this Form 10-Q); (b) foreign dividends and earnings taxable in the U.S.; and (c) foreign and U.S. tax effects attributable to operations outside the U.S., including pre-tax losses in a number of jurisdictions outside the U.S. for which there is no tax benefit recognized in the third quarter and first nine months of 2012; partially offset by various discrete items, including the favorable resolution of tax matters in certain foreign jurisdictions.

The Company remains subject to examination of its income tax returns in various jurisdictions including, without limitation, South Africa for tax years ended December 31, 2008 through December 31, 2010, Australia for tax years ended December 31, 2008 through December 31, 2011 and the U.S. (federal) for tax years ended December 31, 2009 through December 31, 2011.

14. CONTINGENCIES

The Company is involved in various routine legal proceedings incident to the ordinary course of its business. The Company believes that the outcome of all pending legal proceedings in the aggregate is unlikely to

have a material adverse effect on the Company's business, financial condition and/or its results of operations. However, in light of the uncertainties involved in legal proceedings generally, the ultimate outcome of a particular matter could be material to the Company's operating results for a particular period depending on, among other things, the size of the loss or the nature of the liability imposed and the level of the Company's income for that particular period.

As previously announced, on October 8, 2009, the Company consummated its voluntary exchange offer in which, among other things, Revlon, Inc. issued to stockholders who elected to exchange shares (other than MacAndrews & Forbes) 9,336,905 shares of its Preferred Stock in exchange for the same number of shares of Revlon, Inc. Class A Common Stock tendered in the Exchange Offer (the "Exchange Offer"). On April 24, 2009, May 1, 2009, May 5, 2009 and May 12, 2009, respectively, four purported class actions were filed by each of Vern Mercier, Arthur Jurkowitz, Suri Lefkowitz and T. Walter Heiser in the Court of Chancery of the State of Delaware (the "Chancery Court"). On May 4, 2009, a purported class action was filed by Stanley E. Sullivan in the Supreme Court of New York, New York County. Each such lawsuit was brought against Revlon, Inc., Revlon, Inc.'s then directors and MacAndrews & Forbes, and challenged a merger proposal which MacAndrews & Forbes made on April 13, 2009, which would have resulted in MacAndrews & Forbes and certain of its affiliates owning 100% of Revlon, Inc.'s outstanding Common Stock (in lieu of consummating such merger proposal, the Company consummated the aforementioned Exchange Offer). Each action sought, among other things, to enjoin the proposed merger transaction. On June 24, 2009, the Chancery Court consolidated the four Delaware actions (the "Initial Consolidated Action"), and appointed lead counsel for plaintiffs. As announced on August 10, 2009, an agreement in principle was reached to settle the Initial Consolidated Action, as set forth in a Memorandum of Understanding (as amended in September 2009, the "2009 Settlement Agreement").

On December 24, 2009, an amended complaint was filed in the Sullivan action alleging, among other things, that defendants should have disclosed in the Company's Offer to Exchange for the Exchange Offer information regarding the Company's financial results for the fiscal quarter ended September 30, 2009. On January 6, 2010, an amended complaint was filed by plaintiffs in the Initial Consolidated Action making allegations similar to those in the amended Sullivan complaint. Revlon initially believed that by filing the amended complaint, plaintiffs in the Initial Consolidated Action had formally repudiated the 2009 Settlement Agreement, and on January 8, 2010, defendants filed a motion to enforce the 2009 Settlement Agreement.

In addition to the amended complaints in the Initial Consolidated Action and the Sullivan action, on December 21, 2009, certain of Revlon, Inc.'s current directors, a former director and MacAndrews & Forbes were named as defendants in a purported class action filed in the Chancery Court by Edward Gutman. Also on December 21, 2009, a second purported class action was filed in the Chancery Court against certain of Revlon, Inc.'s current directors and a former director by Lawrence Corneck. The Gutman and Corneck actions make allegations similar to those in the amended complaints in the Sullivan action and the Initial Consolidated Action. On January 15, 2010, the Chancery Court consolidated the Gutman and Corneck actions with the Initial Consolidated Action (the "Initial Consolidated Action", as consolidated with the Gutman and Corneck actions, is hereafter referred to as the "Consolidated Action"). A briefing schedule was then set to determine the leadership structure for plaintiffs in the Consolidated Action.

On March 16, 2010, after hearing oral argument on the leadership issue, the Chancery Court changed the leadership structure for plaintiffs in the Consolidated Action. Thereafter, newly appointed counsel for the plaintiffs in the Consolidated Action and the defendants agreed that the defendants would withdraw their motion to enforce the 2009 Settlement Agreement and that merits discovery would proceed. Defendants agreed not to withdraw any of the concessions that had been provided to the plaintiffs as part of the 2009 Settlement Agreement.

On May 25, 2010, plaintiffs' counsel in the Consolidated Action filed an amended complaint alleging breaches of fiduciary duties arising out of the Exchange Offer and that defendants should have disclosed in the Company's Offer to Exchange information regarding the Company's financial results for the fiscal quarter ended September 30, 2009. On January 10, 2012, plaintiffs' counsel filed a motion for class certification. Briefing on that motion was not completed. Merits discovery proceeded in the Consolidated Action.

On December 31, 2009, a purported class action was filed in the U.S. District Court for the District of Delaware by John Garofalo against Revlon, Inc., certain of Revlon, Inc.'s current directors, a former director and MacAndrews & Forbes alleging federal and state law claims stemming from the alleged failure to disclose in the Offer to Exchange certain information relating to the Company's financial results for the fiscal quarter ended September 30, 2009. On July 29, 2011, the plaintiff in this action filed an amended complaint. On January 31, 2012, defendants filed motions to dismiss the amended complaint in the Garofalo action. On March 2, 2012, the plaintiff in the Garofalo action filed a response opposing defendants' motions to dismiss, and a motion alternatively seeking leave to amend and file a second amended complaint. Briefing is complete on the motions to dismiss and motion to amend and defendants requested oral argument. Defendants previously reached an agreement with the plaintiff in the Garofalo action to permit the plaintiff to participate in merits discovery in the Consolidated Action, and agreed to permit the plaintiff to continue to participate in the merits discovery while the motions to dismiss are pending. An agreement was also reached with the plaintiff in the Sullivan action to stay proceedings in that action, including any response to the amended complaint, until December 21, 2012, so that the plaintiff could participate in the merits discovery in the Consolidated Action.

On May 11, 2010, a purported derivative action was filed in the U.S. District Court for the District of Delaware by Richard Smutek, derivatively and on behalf of Revlon, Inc. against Revlon, Inc.'s then current directors and MacAndrews & Forbes alleging breach of fiduciary duty in allowing the Exchange Offer to proceed and failing to disclose in the Offer to Exchange certain information related to the Company's financial results for the fiscal quarter ended September 30, 2009. On August 16, 2010, defendants moved to dismiss the complaint. Briefing on defendants' motions to dismiss was completed on December 10, 2010. Thereafter, the parties requested oral argument on the motions to dismiss. On September 27, 2010, plaintiff filed a motion to compel discovery. In response, defendants moved to strike plaintiff's motion to compel discovery or, in the alternative, for an extension of time for defendants to respond to plaintiff's motion. On October 17, 2011, the U.S. District Court for the District of Delaware denied plaintiff's motion to compel and granted defendants' motion to strike.

Plaintiffs in each of these actions sought, among other things, an award of damages and the costs and disbursements of such actions, including a reasonable allowance for the fees and expenses of each such plaintiff's attorneys and experts. Because the Smutek action is styled as a derivative action on behalf of the Company, any award of damages, costs and disbursements would be made to and for the benefit of the Company.

Although the Company disputes the allegations in the pending actions and believes them to be without merit, on June 21, 2012, without admitting any liability, Revlon, Inc., Revlon, Inc.'s then directors and MacAndrews & Forbes (collectively, Defendants) entered into a binding Memorandum of Understanding (MOU) with Fidelity Management & Research Company (FMR Co.) and its investment advisory affiliates, all of which are direct or indirect subsidiaries of FMR LLC (collectively, Fidelity), which through various funds and management agreements controlled the largest block of shares to participate in the Exchange Offer, to settle potential claims Fidelity could have as a potential member of the classes that plaintiffs seek to certify in the pending actions.

Fidelity executed the MOU on behalf of 6,111,879 shares (the Fidelity Controlled Shares) out of the 6,933,526 shares (the Fidelity Shares) of the Company's Class A Common Stock that Fidelity exchanged in the Exchange Offer, and pursuant to the terms of the MOU, the remaining 821,647 shares agreed on July 12, 2012, to

participate in the settlement. As part of the settlement, Fidelity agreed, among other things, to accept a cash payment from Defendants of \$22.5 million (the Fidelity Settlement Amount), which amount was subsequently paid from insurance proceeds in July 2012, in exchange for Fidelity's opting out with respect to the Fidelity Shares of any purported class action related to the Exchange Offer and Fidelity's release of all related potential claims. On July 20, 2012, Fidelity and the Defendants executed a final Stipulation and Settlement Agreement (the Stipulation) the terms of which are substantively identical to the terms of the MOU. The Stipulation supersedes the MOU. In addition, on July 17, 2012, the Defendants entered into a binding MOU with two additional stockholders who collectively exchanged 310,690 shares in the Exchange Offer, the terms of which are substantively identical to the settlement with Fidelity and call for the payment of \$1 million, in the aggregate, to the two stockholders. In August 2012, Defendants and the two additional stockholders executed a final Stipulation and Settlement Agreement which supersedes, and is substantively identical to, the MOU. The \$1 million payment was subsequently paid from insurance proceeds in August 2012.

In the second quarter of 2012, the Company recorded a charge and corresponding income from insurance proceeds related to the Company's estimated allocable portion of the Fidelity Settlement Amount and the additional \$1 million payment, which resulted in no impact to the Company's Statement of Operations and Comprehensive (Loss) Income for the second quarter of 2012.

The Defendants also agreed with Fidelity and the two additional stockholders (together, the settling stockholders) that, in the event a settlement is reached with the purported class action plaintiffs, or an award of damages is issued following a trial in any of the actions, and that settlement amount or damage award exceeds the settlement amounts on a per share basis received by the settling stockholders, the settling stockholders would each receive additional consideration subject to certain parameters. The agreements with the settling stockholders are not subject to court approval and have no effect on the actions other than to exclude the settling stockholders from any certified class.

Although the Company continues to believe it has meritorious defenses to the asserted claims in the actions, the Defendants and plaintiffs agreed to the terms of a settlement and on October 8, 2012, executed settlement agreements that, if approved by the courts to which they are presented, will resolve all claims in all of the actions (the Settlement).

The Settlement provides that the Defendants will make net cash payments totaling approximately \$9.2 million to settle all of the actions, and full and complete releases will be provided to Defendants from all plaintiffs. If approved by the courts, the Settlement will also result in additional payments to the settling stockholders totaling approximately \$4.2 million, of which approximately \$4 million will be paid to Fidelity.

As previously disclosed in the Q2 2012 Form 10-Q, in the second quarter of 2012, the Company recorded a charge of \$6.7 million with respect to the Company's then-estimated costs of resolving the actions, including the Company's estimate at that time of additional payments to be made to the settling stockholders. In addition to the charge of \$6.7 million it recorded in the second quarter of 2012, the Company has recorded an additional charge of \$2.2 million in the third quarter of 2012 in connection with payments to be made by the Company as a result of the Settlement and the additional payments to be made to the settling stockholders. This additional charge is included within SG&A expenses in the Company's Statements of Operations and Comprehensive (Loss) Income for the three and nine months ended September 30, 2012.

There can be no assurance as to the amount, if any, of additional insurance proceeds that the Company may receive in connection with its resolution of the actions. In any event, at least \$5 million of future payments to be made by the Defendants relating to these matters, including expenses, will not be covered by insurance.

The Settlement is subject to court approval.

For a description of transactions with MacAndrews & Forbes in 2012 in connection with the Senior Subordinated Term Loan, including MacAndrews & Forbes assigning its interest in the Non-Contributed Loan to various third parties, see Note 7, Long Term Debt and Redeemable Preferred Stock in this Form 10-Q.

Reimbursement Agreements

As previously disclosed in the 2011 Form 10-K, Revlon, Inc., Products Corporation and MacAndrews & Forbes Inc. (a wholly-owned subsidiary of MacAndrews & Forbes Holdings) have entered into reimbursement agreements (the Reimbursement Agreements) pursuant to which (i) MacAndrews & Forbes Inc. is obligated to provide (directly or through its affiliates) certain professional and administrative services, including, without limitation, employees, to Revlon, Inc. and its subsidiaries, including, without limitation, Products Corporation, and to purchase services from third party providers, such as insurance, legal, accounting and air transportation services, on behalf of Revlon, Inc. and its subsidiaries, including Products Corporation, to the extent requested by Products Corporation, and (ii) Products Corporation is obligated to provide certain professional and administrative services, including, without limitation, employees, to MacAndrews & Forbes and to purchase services from third party providers, such as insurance, legal and accounting services, on behalf of MacAndrews & Forbes to the extent requested by MacAndrews & Forbes, provided that in each case the performance of such services does not cause an unreasonable burden to MacAndrews & Forbes or Products Corporation, as the case may be.

The Company reimburses MacAndrews & Forbes for the allocable costs of the services purchased for or provided by MacAndrews & Forbes to the Company and its subsidiaries and for the reasonable out-of-pocket expenses incurred by MacAndrews & Forbes in connection with the provision of such services. MacAndrews & Forbes reimburses Products Corporation for the allocable costs of the services purchased for or provided by Products Corporation to MacAndrews & Forbes and for the reasonable out-of-pocket expenses incurred in connection with the purchase or provision of such services. Each of the Company, on the one hand, and MacAndrews & Forbes Inc., on the other, has agreed to indemnify the other party for losses arising out of the services provided by it under the Reimbursement Agreements, other than losses resulting from its willful misconduct or gross negligence.

The Reimbursement Agreements may be terminated by either party on 90 days notice. The Company does not intend to request services under the Reimbursement Agreements unless their costs would be at least as favorable to the Company as could be obtained from unaffiliated third parties.

The Company participates in MacAndrews & Forbes directors and officers liability insurance program (the D&O Insurance Program), as well as its other insurance coverages, such as property damage, business interruption, liability and other coverages, which cover the Company, as well as MacAndrews & Forbes and its subsidiaries. The limits of coverage for certain of the policies are available on an aggregate basis for losses to any or all of the participating companies and their respective directors and officers. The Company reimburses MacAndrews & Forbes from time to time for their allocable portion of the premiums for such coverage or the Company pays the insurers directly, which premiums the Company believes are more favorable than the premiums the Company would pay were it to secure stand-alone coverage. Any amounts paid by the Company directly to MacAndrews & Forbes in respect of premiums are included in the amounts paid under the Reimbursement Agreements.

The net activity related to services provided and/or purchased under the Reimbursement Agreements during the nine months ended September 30, 2012 was \$3.3 million, which primarily includes \$18.0 million of costs incurred by the Company that were reimbursed by MacAndrews & Forbes from proceeds received from the D&O Insurance Program, partially offset by a \$14.6 million partial pre-payment made by the Company to MacAndrews & Forbes during the first quarter of 2012 for premiums related to the Company's allocable portion of the 5-year renewal of the D&O Insurance Program (for the period from January 31, 2012 through January 31, 2017). As of September 30, 2012, a \$0.6 million receivable from MacAndrews & Forbes was included within prepaid expenses and other in the Company's Consolidated Balance Sheets for transactions subject to the Reimbursement Agreements. The net activity related to services provided and/or purchased under the Reimbursement Agreements during the nine months ended September 30, 2011 was \$0.3 million.

Fidelity Stockholders Agreement

In connection with the 2004 Revlon Exchange Transactions, Revlon, Inc. and Fidelity Management & Research Co. (Fidelity), a wholly-owned subsidiary of FMR LLC (FMR), entered into a stockholders agreement (the Fidelity Stockholders Agreement) pursuant to which, among other things, Revlon, Inc. (i) agreed to continue to maintain a majority of independent directors (as defined by NYSE listing standards) on its Board of Directors, as it currently does; (ii) established and maintains its Nominating and Corporate Governance Committee of the Board of Directors; and (iii) agreed to certain restrictions with respect to its conducting any business or entering into any transactions or series of related transactions with any of its affiliates, any holders of 10% or more of the outstanding voting stock or any affiliates of such holders (in each case, other than its subsidiaries). The Fidelity Stockholders Agreement terminates, by its terms, when Fidelity ceases to be the beneficial holder of at least 5% of Revlon, Inc.'s outstanding voting stock. In November 2009, affiliates of Fidelity filed a Schedule 13G/A with the SEC disclosing that they ceased to own any shares of Class A Common Stock. In 2010, Fidelity advised the Company that, as of the April 8, 2010 record date for Revlon, Inc.'s 2010 Annual Stockholders Meeting, FMR (singly or together with other affiliates of Fidelity) owned 8,233,526 shares of Revlon, Inc.'s outstanding Class A common stock and Revlon, Inc.'s Series A Preferred Stock, in the aggregate, representing approximately 9.2% of Revlon, Inc.'s issued and outstanding shares of voting capital stock at such date. Subsequently, however, Fidelity filed a Schedule 13F with the SEC on August 28, 2012, indicating that it owned 1,013,000 shares of Class A Common Stock as of June 30, 2012. The Company does not know how many shares of Series A Preferred Stock Fidelity currently owns, and there is no public record of such ownership. For a description of transactions with Fidelity in 2012 in connection with certain pending legal proceedings, including a description of Fidelity's ownership of Series A Preferred Stock upon the consummation of the Exchange Offer, see Note 14, Contingencies in this Form 10-Q.

Other

As disclosed in Note 14, Contingencies in this Form 10-Q, in the second and third quarters of 2012, the Company and MacAndrews & Forbes entered into settlement agreements in connection with the previously disclosed litigation related to the Company's 2009 Exchange Offer that would result, if the settlements are approved by the applicable courts, in total cash payments of approximately \$36.9 million to settle all actions and related claims by stockholders, of which \$23.5 million have been paid from insurance proceeds. There can be no assurance as to the amount, if any, of additional insurance proceeds that the Company and MacAndrews & Forbes may receive in connection with resolution of the actions. In any event, at least \$5 million of future payments relating to these matters, including expenses, will not be covered by insurance. Therefore, the Company has recorded a cumulative charge of \$8.9 million in the nine months ended September 30, 2012 which represents the Company's allocable portion of the total settlement payments not currently covered by insurance.

Products Corporation's 9 $\frac{1}{4}$ % Senior Secured Notes are fully and unconditionally guaranteed on a senior secured basis by Revlon, Inc. and Products Corporation's domestic subsidiaries (other than certain immaterial subsidiaries) that guarantee Products Corporation's obligations under its 2011 Credit Agreements (the "Guarantor Subsidiaries").

The following Condensed Consolidating Financial Statements present the financial information as of September 30, 2012 and December 31, 2011, and for the three and nine months ended September 30, 2012 and 2011 for (i) Products Corporation on a stand-alone basis; (ii) the Guarantor Subsidiaries on a stand-alone basis; (iii) the subsidiaries of Products Corporation that do not guarantee Products Corporation's 9 $\frac{1}{4}$ % Senior Secured Notes (the "Non-Guarantor Subsidiaries") on a stand-alone basis; and (iv) Products Corporation, the Guarantor Subsidiaries and the Non-Guarantor Subsidiaries on a consolidated basis. The Condensed Consolidating Financial Statements are presented on the equity method, under which the investments in subsidiaries are recorded at cost and adjusted for the applicable share of the subsidiary's cumulative results of operations, capital contributions, distributions and other equity changes. The principal elimination entries eliminate investments in subsidiaries and intercompany balances and transactions.

Overview of Net Sales and Earnings Results

Consolidated net sales in the third quarter of 2012 were \$347.0 million, an increase of \$9.8 million, or 2.9%, compared to \$337.2 million in the third quarter of 2011. Excluding the unfavorable impact of foreign currency fluctuations of \$6.4 million, consolidated net sales increased by \$16.2 million, or 4.8%, in the third quarter of 2012, driven by higher net sales in the Company's U.S., Asia Pacific, Latin America and Canada regions, partially offset by lower net sales in the Company's Europe, Middle East and Africa region.

Consolidated net sales in the first nine months of 2012 were \$1,034.8 million, an increase of \$13.2 million, or 1.3%, compared to \$1,021.6 million in the first nine months of 2011. Excluding the unfavorable impact of foreign currency fluctuations of \$19.4 million, consolidated net sales increased by \$32.6 million, or 3.2%, in the first nine months of 2012, driven by higher net sales in the Company's U.S., Asia Pacific, Latin America and Canada regions, partially offset by lower net sales in the Company's Europe, Middle East and Africa region.

Consolidated net loss in the third quarter of 2012 was \$15.0 million, compared to consolidated net income of \$0.1 million in the third quarter of 2011. The consolidated net loss in the third quarter of 2012, compared to consolidated net income in the third quarter of 2011, was primarily due to:

\$24.1 million of restructuring and related charges recognized in connection with the September 2012 Program (as hereinafter defined);

with the foregoing partially offset by:

\$10.6 million lower provision for income taxes.

Consolidated net income in the first nine months of 2012 was \$4.6 million, compared to \$17.0 million in the first nine months of 2011. The decrease in consolidated net income in the first nine months of 2012, compared to the first nine months of 2011, was primarily due to:

Edgar Filing: REVLON INC /DE/ - Form 10-Q

\$24.1 million of restructuring and related charges recognized in connection with the September 2012 Program; and

\$14.5 million of higher selling, general and administrative (SG&A) expense primarily driven by the impact of the \$8.9 million litigation loss contingency recognized in the first nine months of 2012 and higher incentive compensation, partially offset by favorable foreign currency fluctuations and lower advertising expenses;

(all tabular amounts in millions, except share and per share amounts)

with the foregoing partially offset by:

a \$11.3 million loss on the early extinguishment of debt in the first nine months of 2011 as a result of the 2011 Refinancings; and

a \$5.2 million decrease in interest expense in the first nine months of 2012, primarily driven by lower weighted average borrowing rates as a result of the 2011 Term Loan Facility Refinancing.

These current and prior period items are discussed in more detail below.

Fire at Revlon Venezuela Facility

On June 5, 2011, the Company's facility in Venezuela was destroyed by fire. For the years ended December 31, 2011 and 2010, the Company's subsidiary in Venezuela (Revlon Venezuela) had net sales of approximately 2% and 3%, respectively, of the Company's consolidated net sales. At December 31, 2011 and 2010, total assets of Revlon Venezuela were approximately 2% and 3%, respectively, of the Company's total assets. Prior to the fire, approximately 50% of Revlon Venezuela's net sales were comprised of products imported from the Company's Oxford, North Carolina facility and approximately 50% were comprised of products locally manufactured at the Revlon Venezuela facility. Revlon Venezuela did not have any net sales from the date of the fire until August 12, 2011. The Company's net sales in Venezuela since August 12, 2011 have been primarily comprised of products imported from the Company's Oxford, North Carolina facility. In the first quarter of 2012, Revlon Venezuela also began importing certain products from third party manufacturers outside of Venezuela, which were locally manufactured at the Revlon Venezuela facility prior to the fire.

The Company maintains comprehensive property insurance, as well as business interruption insurance. Business interruption insurance is intended to reimburse for lost profits and other costs incurred, which are attributable to the loss, during the loss period, subject to the terms and conditions of the applicable policies.

For the third quarter and first nine months of 2012, the Company incurred business interruption losses of \$1.7 million and \$2.8 million, respectively, related to the fire. In the second quarter of 2011, the Company recorded a \$4.9 million impairment loss related to Revlon Venezuela's net book value of inventory, property, plant and equipment destroyed by the fire and in the period from June through September 30, 2011, the Company incurred business interruption losses of \$6.1 million related to the fire, for total losses of \$11.0 million incurred in the first nine months of 2011. The business interruption losses incurred in the nine months ended September 30, 2012 and 2011 include estimated profits lost as a result of the interruption of Revlon Venezuela's business and costs incurred directly related to the fire. The business interruption losses incurred through September 30, 2012 are not indicative of future business interruption losses for insurance purposes or future expected profits for Revlon Venezuela. The Company's insurance coverage provides for business interruption losses to be reimbursed, subject to the terms and conditions of such policy, for a period of time, which period for the coverage related to the Venezuela fire ended on October 2, 2012.

During the third quarter and first nine months of 2012, the Company received interim advances of \$1.5 million and \$4.5 million, respectively, from its insurance carrier in connection with the fire, for total cumulative receipts of \$24.2 million received from the date of the fire through September 30, 2012. During the third quarter and first nine months of 2012, the Company recognized \$1.7 million and \$2.8 million, respectively, of income from insurance recoveries, which entirely offset the business interruption losses noted above. During the third quarter and first nine months of 2011, the Company recognized \$6.1 million and \$11.0 million, respectively, of income from insurance recoveries, which entirely offset the impairment loss and business interruption losses noted above. The income from insurance recoveries is included within SG&A expenses in the Company's Statements of Operations and Comprehensive (Loss) Income for the three and nine months ended September 30,

2012 and 2011. The Company recorded deferred income related to the insurance proceeds received, but not yet recognized, of \$6.8 million and \$5.1 million as of September 30, 2012 and December 31, 2011, respectively, which is included in accrued expenses and other in the Company's Consolidated Balance Sheets.

For insurance purposes, an assessment of the extent of damage resulting from the fire and the impact on Revlon Venezuela's business is ongoing, and therefore the final amount and timing of the ultimate insurance recovery is currently unknown.

In Asia Pacific, net sales in the first nine months of 2012 increased 1.9% to \$172.8 million compared to \$169.6 million in the first nine months of 2011. Excluding the favorable impact of foreign currency fluctuations, net sales increased \$2.7 million, or 1.6%, primarily driven by higher net sales of **Revlon ColorSilk** hair color. From a country perspective, net sales increased in certain distributor territories and Japan (which together contributed 4.6 percentage points to the increase in the region's net sales in the first nine months of 2012, as compared to the first nine months of 2011), partially offset by a decrease in net sales in China and Taiwan (which offset by 2.5 percentage points the increase in the region's net sales in the first nine months of 2012, as compared to the first nine months of 2011).

currency fluctuations, net sales decreased \$2.8 million, or 5.5%, primarily driven by a higher returns accrual of \$1.6 million recorded in the third quarter of 2012 related to the September 2012 Program and lower net sales of fragrances. From a country perspective, net sales decreased in Italy, France and the U.K., partially driven by the \$1.6 million higher returns accrual noted above (which together contributed 6.7 percentage points to the decrease in the region's net sales in the third quarter of 2012, as compared to the third quarter of 2011). The decrease in the region's net sales was partially offset by an increase in net sales in South Africa (which offset by 1.7 percentage points the decrease in the region's net sales in the third quarter of 2012, as compared to the third quarter of 2011).

Year-to-date results:

In Europe, the Middle East and Africa, net sales in the first nine months of 2012 decreased 12.3% to \$134.0 million, compared to \$152.8 million in the first nine months of 2011. Excluding the unfavorable impact of foreign currency fluctuations, net sales decreased \$5.4 million, or 3.5%, primarily driven by lower net sales of fragrances and a higher returns accrual of \$1.6 million recorded in the third quarter of 2012 related to the September 2012 Program. From a country perspective, net sales decreased in certain distributor territories, Italy and France, partially driven by the \$1.6 million higher returns accrual noted above (which together contributed 4.6 percentage points to the decrease in the region's net sales in the first nine months of 2012, as compared to the first nine months of 2011). The decrease in the region's net sales was partially offset by an increase in net sales in South Africa (which offset by 1.2 percentage points the decrease in the region's net sales in the first nine months of 2012, as compared to the first nine months of 2011).

Latin America

Third quarter results:

In Latin America, net sales in the third quarter of 2012 increased 19.5% to \$30.6 million, compared to \$25.6 million in the third quarter of 2011. Excluding the unfavorable impact of foreign currency fluctuations, net sales increased \$6.3 million, or 24.6%, primarily driven by higher net sales of **Revlon ColorSilk** hair color, **Revlon** color cosmetics and other beauty care products. From a country perspective, net sales increased in Venezuela, primarily due to the loss of sales during the third quarter of 2011 as a result of the June 2011 fire which destroyed Revlon Venezuela's facility. Net sales in Argentina and Venezuela also benefited from higher selling prices given market conditions and inflation, which accounted for approximately 25% of the \$6.3 million increase in the region's net sales.

Year-to-date results:

In Latin America, net sales in the first nine months of 2012 increased 13.1% to \$89.2 million, compared to \$78.9 million in the first nine months of 2011. Excluding the unfavorable impact of foreign currency fluctuations, net sales increased \$15.3 million, or 19.4%, primarily driven by higher net sales of **Revlon ColorSilk** hair color and **Revlon** color cosmetics. From a country perspective, net sales increased throughout the region. Venezuela's increase in net sales in the nine months of 2012 was partially driven by the loss of sales during June through September 2011 as a result of the June 2011 fire which destroyed Revlon Venezuela's facility. Net sales in Argentina and Venezuela also benefited from higher selling prices given market conditions and inflation, which accounted for approximately 40% of the \$15.3 million increase in the region's net sales.

restructuring related charges recognized in connection with the September 2012 Program, which reduced gross profit as a percentage of net sales by 0.5 percentage points;
with the foregoing partially offset by:

lower manufacturing and freight costs, as a result of supply chain cost reduction initiatives, which increased gross profit as a percentage of net sales by 1.3 percentage points; and

SG&A expenses increased \$10.6 million in the third quarter of 2012, as compared to the third quarter of 2011, primarily driven by:

\$4.4 million lower benefit from insurance proceeds related to the Venezuela fire recognized in SG&A expenses in the third quarter of 2012, as compared to the third quarter of 2011;

\$3.0 million of higher general and administrative expenses, principally due to the impact of the \$2.2 million litigation loss contingency recognized in the third quarter of 2012 (see Note 14, Contingencies to the Consolidated Financial Statements for further discussion); and

\$3.1 million of higher advertising expenses, primarily due to the timing of advertising campaigns in the third quarter of 2012 compared to the third quarter of 2011.

SG&A expenses increased \$14.5 million in the first nine months of 2012, as compared to the first nine months of 2011, primarily driven by:

\$19.6 million of higher general and administrative expenses, principally due to the impact of the \$8.9 million litigation loss contingency recognized in the first nine months of 2012 (see Note 14, Contingencies to the Consolidated Financial Statements for further discussion), higher incentive compensation expense primarily due to the timing, within 2012, of expense recognized in the first nine months of 2012 as compared to the first nine months of 2011 and higher insurance expense; and

\$3.3 million lower benefit from insurance proceeds related to the Venezuela fire recognized in SG&A expenses in the first nine months of 2012, as compared to the first nine months of 2011;
with the foregoing partially offset by:

\$8.3 million of favorable impact of foreign currency fluctuations; and

\$5.2 million of lower advertising expenses primarily due to the timing of advertising campaigns in 2012 compared to 2011.

During the third quarter of 2012, the Company recorded charges totaling \$24.1 million related to the restructuring that the Company announced in September 2012 (the September 2012 Program), which primarily involved the Company exiting its owned manufacturing facility in France and its leased manufacturing facility in Maryland; rightsizing its organizations in France and Italy; and realigning its operations in Latin America, including consolidating Latin America and Canada into a single operating region, which will be effective in the fourth quarter of 2012. Certain of the actions are subject to consultations with employees, works councils or unions, and government authorities. Of the \$24.1 million charge: (a) \$21.0 million is recorded in restructuring charges; (b) \$1.6 million is recorded as a reduction to net sales; (c) \$1.1 million is recorded in cost of goods sold; and (d) \$0.4 million is recorded in SG&A expenses.

The Company expects to recognize approximately \$1.0 million in additional charges for a total of approximately \$25 million in charges related to the September 2012 Program. Of the total expected charge of \$25 million, approximately \$23 million will be cash that is expected to be paid over the next eighteen months. Annualized cost reductions associated with the September 2012 Program are expected to be approximately \$10 million, \$9 million of which is expected to benefit 2013.

Interest expense - preferred stock dividends	1.6	1.6		4.8	4.8	

The \$0.5 million decrease in interest expense in the third quarter of 2012, as compared to the third quarter of 2011, was primarily due to lower weighted average borrowing rates as a result of the 2012 Non-Contributed Loan Assignment (as hereinafter defined).

The \$5.2 million decrease in interest expense in the first nine months of 2012, as compared to the first nine months of 2011, was primarily due to lower weighted average borrowing rates as a result of the 2011 Term Loan Facility Refinancing.

In accordance with the terms of the certificate of designation of the Revlon, Inc. Series A Preferred Stock, par value \$0.01 per share (Preferred Stock), during both the third quarters of 2012 and 2011, Revlon, Inc. recognized \$1.6 million of interest expense related to the regular quarterly dividends on the Preferred Stock. The decrease in foreign currency gains of \$0.8 million in the third quarter of 2012, as compared to the third quarter of 2011, was primarily driven by:

foreign currency losses for the third quarter of 2012 compared to foreign currency gains for the third quarter of 2011 related to the Company's foreign currency forward exchange contracts ("FX Contracts");
with the foregoing partially offset by:

the favorable impact of the revaluation of certain U.S. Dollar denominated intercompany payables and foreign currency denominated intercompany receivables from the Company's foreign subsidiaries during the third quarter of 2012 compared to the third quarter of 2011.

The decrease in foreign currency losses of \$0.4 million in the first nine months of 2012, as compared to the first nine months of 2011, was primarily driven by:

the favorable impact of the revaluation of certain U.S. Dollar denominated intercompany payables and foreign currency denominated intercompany receivables from the Company's foreign subsidiaries during the first nine months of 2012 compared to the first nine months of 2011; and

a foreign currency loss of \$1.7 million recorded in the first nine months of 2011 related to the re-measurement of Revlon Venezuela's balance sheet that did not recur in 2012. Provision for income taxes	\$ 11.5	\$ 22.1	\$ 10.6	\$ 31.6	\$ 32.4	\$ 0.8

The \$10.6 million decrease in the provision for income taxes in the third quarter of 2012 as compared to the third quarter of 2011 was primarily attributable to decreased pre-tax income and the absence of various discrete items that in the aggregate negatively affected the provision for income taxes in the third quarter of 2011 and did not recur in the third quarter of 2012.

Table of Contents**REVLON, INC. AND SUBSIDIARIES****MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF
OPERATIONS****(all tabular amounts in millions, except share and per share amounts)**

The \$0.8 million decrease in the provision for income taxes in the first nine months of 2012 as compared to the first nine months of 2011 was primarily attributable to decreased pre-tax income.

The effective tax rate for the three and nine months ended September 30, 2012 is higher than the federal statutory rate of 35% due principally to: (a) the impact of certain expenses for which there is no tax benefit recognized and the impact of certain non-deductible expenses primarily related to the restructuring charges and the litigation loss contingency recorded during the third quarter and first nine months of 2012 (see Note 4, Restructuring Charges and Note 14, Contingencies in this Form 10-Q); (b) foreign dividends and earnings taxable in the U.S.; and (c) foreign and U.S. tax effects attributable to operations outside the U.S., including pre-tax losses in a number of jurisdictions outside the U.S. for which there is no tax benefit recognized in the third quarter and first nine months of 2012; partially offset by various discrete items, including the favorable resolution of tax matters in certain foreign jurisdictions.

As a result of the reduction of the Company's deferred tax valuation allowance in the U.S. during 2010, the Company's tax provision has generally reflected a higher effective tax rate beginning with the first quarter of 2011. However, the increase in the effective tax rate did not affect the Company's cash taxes paid in 2011, and will not affect the Company's cash taxes paid in 2012 and thereafter until the Company has fully used its tax loss carryforwards and other tax attributes in the U.S. See Note 12, Income Taxes, to the Consolidated Financial Statements contained in Revlon, Inc.'s Annual Report on Form 10-K for the year ended December 31, 2011, filed with the Securities and Exchange Commission (the SEC) on February 16, 2012 (the 2011 Form 10-K).

The Company expects that its tax provision and effective tax rate in any individual quarter will vary and may not be indicative of the Company's tax provision and effective tax rate for the full year.

Senior Subordinated Term Loan

Products Corporation is party to the Senior Subordinated Term Loan Agreement with MacAndrews & Forbes, consisting of (i) the \$58.4 million principal amount of the \$107.0 million aggregate principal amount of the Senior Subordinated Term Loan (the Non-Contributed Loan) which, at December 31, 2011, remained owing from Products Corporation to MacAndrews & Forbes, and which matures on October 8, 2014, and (ii) the \$48.6 million of the \$107.0 million aggregate principal amount of the Senior Subordinated Term Loan that MacAndrews & Forbes contributed to Revlon, Inc. in connection with the October 2009 consummation of Revlon, Inc.'s exchange offer (the Contributed Loan), which remains due from Products Corporation to Revlon, Inc. and which matures on October 8, 2013.

On April 30, 2012, MacAndrews & Forbes exercised its right to assign its interest in the Non-Contributed Loan (the 2012 Non-Contributed Loan Assignment). In connection with such assignment, Products Corporation entered into an Amended and Restated Senior Subordinated Term Loan Agreement with MacAndrews & Forbes (the Amended and Restated Senior Subordinated Term Loan Agreement), and a related Administrative Letter was entered into with Citibank, N.A. and MacAndrews & Forbes, to among other things:

During the first nine months of 2012 and 2011, Revlon Venezuela had net sales of approximately 2% of the Company's consolidated net sales. At September 30, 2012 and December 31, 2011, total assets in Revlon Venezuela were approximately 2% of the Company's total assets.

Highly-Inflationary Economy: Effective January 1, 2010, Venezuela was designated as a highly inflationary economy under U.S. GAAP. As a result, beginning January 1, 2010, the U.S. dollar is the functional currency for Revlon Venezuela. Through December 31, 2009, prior to Venezuela being designated as highly inflationary, currency translation adjustments of Revlon Venezuela's balance sheet were reflected in stockholders' deficiency as part of Other Comprehensive (Loss) Income; however, subsequent to January 1, 2010, such adjustments are reflected in earnings.

Currency Restrictions: Currency restrictions enacted by the Venezuelan government in 2003 have become more restrictive and have impacted Revlon Venezuela's ability to obtain U.S. dollars in exchange for Bolivars at the official foreign exchange rates from the Venezuelan government and its foreign exchange commission, the *Comisión de Administración de Divisas* (CADIVI). In May 2010, the Venezuelan government took control over the previously freely-traded foreign currency exchange market and in June 2010, replaced it with a new foreign currency exchange system, the *Sistema de Transacciones en Moneda Extranjera* (SITME). SITME provides a mechanism to exchange Bolivars into U.S. dollars. However, U.S. dollars accessed through SITME can only be used for product purchases and related services, such as freight, and are not available for other transactions, such as the payment of dividends. Also, SITME can only be accessed for amounts of up to \$50,000 per day, subject to a monthly maximum of \$350,000 per legal entity, and is generally only available to the extent the applicant has not exchanged and received U.S. dollars from CADIVI within the previous 90 days. In the second quarter of 2011, the Company began using a SITME rate of 5.5 Bolivars per U.S. dollar to translate Revlon Venezuela's financial statements, as this was the rate at which the Company accessed U.S. dollars in the SITME market during this period (the SITME Rate). The Company had previously utilized Venezuela's official exchange rate of 4.3 Bolivars per U.S. dollar to translate Revlon Venezuela's financial statements from January 1, 2010 through March 31, 2011. In the third quarter and first nine months of 2012, the Company continued using the SITME Rate to translate Revlon Venezuela's financial statements.

To reflect the impact of the change in exchange rates from Venezuela's official exchange rate to the SITME Rate, a foreign currency loss of \$1.7 million was recorded in the second quarter of 2011. As Venezuela was designated as a highly inflationary economy effective January 1, 2010, this foreign currency loss was reflected in earnings during the nine months ended September 30, 2011.

Sources and Uses

The Company's principal sources of funds are expected to be operating revenues, cash on hand and funds available for borrowing under the 2011 Revolving Credit Facility and other permitted lines of credit. The 2011 Credit Agreements, the indenture governing Products Corporation's 9³/₄% Senior Secured Notes and the Amended and Restated Senior Subordinated Term Loan Agreement contain certain provisions that by their terms limit Products Corporation and its subsidiaries' ability to, among other things, incur additional debt.

The Company's principal uses of funds are expected to be the payment of operating expenses, including expenses in connection with the continued execution of the Company's business strategy, insurance premiums, purchases of permanent wall displays, capital expenditure requirements, debt service payments and costs, tax payments, pension and post-retirement benefit plan contributions, payments in connection with the Company's restructuring programs, severance not otherwise included in the Company's restructuring programs, debt repurchases and costs related to litigation. The Company's cash contributions to its pension and post-retirement benefit plans in the first nine months of 2012 were \$26.8 million. The Company expects cash contributions to its pension and post-retirement benefit plans to be approximately \$30 million for all of 2012. The Company's cash taxes paid in the first nine months of 2012 were \$13.8 million. The Company expects to pay cash taxes of approximately \$20 million for all of 2012. The Company's purchases of permanent wall displays and capital expenditures in the first nine months of 2012 were \$31.2 million and \$14.8 million, respectively. The Company expects purchases of permanent wall displays and capital expenditures for all of 2012 to be approximately \$45 million and \$25 million, respectively.

The Company has undertaken, and continues to assess, refine and implement, a number of programs to efficiently manage working capital, including, among other things, programs intended to optimize inventory levels over time; centralized procurement to secure discounts and efficiencies; prudent management of accounts receivable and accounts payable; and controls on general and administrative spending. In the ordinary course of business, the Company's source or use of cash from operating activities may vary on a quarterly basis as a result of a number of factors, including the timing of working capital flows.

Continuing to execute the Company's business strategy could include taking advantage of additional opportunities to reposition, repackage or reformulate one or more brands or product lines, launching additional new products, acquiring businesses or brands, further refining the Company's approach to retail merchandising and/or taking further actions to optimize its manufacturing, sourcing and organizational size and structure. Any of these actions, the intended purpose of which would be to create value through profitable growth, could result in the Company making investments and/or recognizing charges related to executing against such opportunities. Any such activities may be funded with cash on hand, funds available under the 2011 Revolving Credit Facility and/or other permitted additional sources of capital, which actions could increase the Company's total debt.

The Company may also, from time to time, seek to retire or purchase its outstanding debt obligations in open market purchases, in privately negotiated transactions or otherwise and may seek to refinance some or all of its indebtedness based upon market conditions. Any retirement or purchase of debt may be funded with operating cash flows of the business or other sources and will depend upon prevailing market conditions, liquidity requirements, contractual restrictions and other factors, and the amounts involved may be material.

OPERATIONS**

(all tabular amounts in millions, except share and per share amounts)

The Company expects that operating revenues, cash on hand and funds available for borrowing under the 2011 Revolving Credit Facility and other permitted lines of credit will be sufficient to enable the Company to cover its operating expenses for 2012, including cash requirements in connection with the payment of operating expenses, including expenses in connection with the execution of the Company's business strategy, insurance premiums, purchases of permanent wall displays, capital expenditure requirements, debt service payments and costs, tax payments, pension and post-retirement plan contributions, payments in connection with the Company's restructuring programs, severance not otherwise included in the Company's restructuring programs, debt repurchases and costs related to litigation.

There can be no assurance that available funds will be sufficient to meet the Company's cash requirements on a consolidated basis. If the Company's anticipated level of revenues is not achieved because of, among other things, decreased consumer spending in response to weak economic conditions or weakness in the cosmetics category in the mass retail channel; adverse changes in currency exchange rates and/or currency controls; decreased sales of the Company's products as a result of increased competitive activities by the Company's competitors; changes in consumer purchasing habits, including with respect to shopping channels; retailer inventory management, retailer space reconfigurations or reductions in retailer display space; changes in retailer pricing or promotional strategies; or less than anticipated results from the Company's existing or new products or from its advertising, promotional and/or marketing plans; or if the Company's expenses, including, without limitation, for pension expense under its benefit plans, insurance premiums and costs related to litigation, advertising, promotional and marketing activities or for sales returns related to any reduction of retail space, product discontinuances or otherwise, exceed the anticipated level of expenses, the Company's current sources of funds may be insufficient to meet the Company's cash requirements.

Any such developments, if significant, could reduce the Company's revenues and could adversely affect Products Corporation's ability to comply with certain financial covenants under the 2011 Credit Agreements and in such event the Company could be required to take measures, including, among other things, reducing discretionary spending. **(See also Item 1A. Risk Factors in Revlon, Inc.'s 2011 Form 10-K for further discussion of certain risks associated with the Company's business and indebtedness.)**

Revlon, Inc. expects that the payment of the quarterly dividends on its Preferred Stock will continue to be funded by cash interest payments to be received by Revlon, Inc. from Products Corporation on the Contributed Loan (the \$48.6 million portion of the Amended and Restated Senior Subordinated Term Loan that was contributed to Revlon, Inc. by MacAndrews & Forbes), subject to Revlon, Inc. having sufficient surplus or net profits in accordance with Delaware law. Additionally, Revlon, Inc. expects to pay the liquidation preference of the Preferred Stock on October 8, 2013 with the cash payment to be received by Revlon, Inc. from Products Corporation in respect of the maturity of the principal amount outstanding under the Contributed Loan, subject to Revlon, Inc. having sufficient surplus in accordance with Delaware law. The payment of such interest and principal under the Contributed Loan to Revlon, Inc. by Products Corporation is permissible under the 2011 Credit Agreements, the Amended and Restated Senior Subordinated Term Loan Agreement and the 9³/₄% Senior Secured Notes indenture.

In accordance with the terms of the certificate of designation of the Preferred Stock, on July 9, 2012, Revlon, Inc. paid to holders of record of the Preferred Stock at the close of business on June 29, 2012 the regular quarterly dividend in the amount of \$0.165161 per share, or \$1.5 million in the aggregate, for the period from April 9, 2012 through July 8, 2012. In addition, on October 8, 2012, Revlon, Inc. paid to holders of record of the Preferred Stock at the close of business on September 28, 2012 the regular quarterly dividend in the amount of \$0.165161 per share, or \$1.5 million in the aggregate, for the period from July 9, 2012 through October 8, 2012.

Products Corporation enters into foreign currency forward exchange contracts and option contracts from time to time to hedge certain net cash flows denominated in currencies other than the local currencies of the Company's foreign and domestic operations. The foreign currency forward exchange contracts are entered into primarily for the purpose of hedging anticipated inventory purchases and certain intercompany payments denominated in currencies other than the local currencies of the Company's foreign and domestic operations and generally have maturities of less than one year. At September 30, 2012, the notional amount and fair value of FX Contracts outstanding was \$47.3 million and \$(0.9) million, respectively.

The Company has exposure to market risk both as a result of changing interest rates and movements in foreign currency exchange rates. The Company's policy is to manage market risk through a combination of fixed and floating rate debt. The Company from time to time makes use of derivative financial instruments to adjust its fixed and floating rate ratio. The Company does not hold or issue financial instruments for trading purposes. The qualitative and quantitative information presented in Item 7A of Revlon, Inc.'s 2011 Form 10-K (Item 7A) describes significant aspects of the Company's financial instrument programs that have material market risk as of December 31, 2011. Forward-Looking Statements

This Quarterly Report on Form 10-Q for the three and nine months ended September 30, 2012, as well as other public documents and statements of the Company, contain forward-looking statements that involve risks and uncertainties, which are based on the beliefs, expectations, estimates, projections, assumptions, forecasts, plans, anticipations, targets, outlooks, initiatives, visions, objectives, strategies, opportunities, drivers, focus and intents of the Company's management. While the Company believes that its estimates and assumptions are reasonable, the Company cautions that it is very difficult to predict the impact of known factors, and, of course, it is impossible for the Company to anticipate all factors that could affect its results. The Company's actual results may differ materially from those discussed in such forward-looking statements. Such statements include, without limitation, the Company's expectations and estimates (whether qualitative or quantitative) as to:

- (i) the Company's future financial performance;
- (ii) the effect on sales of decreased consumer spending in response to weak economic conditions or weakness in the cosmetics category in the mass retail channel; adverse changes in currency exchange rates and/or currency controls; decreased sales of the Company's products as a result of increased competitive activities by the Company's competitors, changes in consumer purchasing habits, including with respect to shopping channels; retailer inventory management; retailer space reconfigurations or reductions

in retailer display space; changes in retailer pricing or promotional strategies; less than anticipated results from the Company's existing or new products or from its advertising, promotional and/or marketing plans; or if the Company's expenses, including, without

- (iii) the Company's belief that the continued execution of its business strategy could include taking advantage of additional opportunities to reposition, repackage or reformulate one or more brands or product lines, launching additional new products, acquiring businesses or brands, further refining its approach to retail merchandising and/or taking further actions to optimize its manufacturing, sourcing and organizational size and structure, any of which, the intended purpose of which would be to create value through profitable growth, could result in the Company making investments and/or recognizing charges related to executing against such opportunities and the Company's expectations that any such activities may be funded with cash on hand, funds available under the 2011 Revolving Credit Facility and/or other permitted additional sources of capital, which actions could increase the Company's total debt;
- (iv) the effect of restructuring activities, restructuring costs and charges, the timing of restructuring payments and the benefits from such activities, including, without limitation, the Company's expectation that annualized cost reductions associated with the September 2012 Program are expected to be approximately \$10 million, \$9 million of which is expected to benefit 2013; the Company's expectation to recognize approximately \$1.0 million in additional charges, for a total of approximately \$25 million in charges related to the September 2012 Program; and the Company's expectation that of the total charge of \$25 million, approximately \$23 million will be cash that is expected to be paid over the next eighteen months;
- (v) the Company's expectations regarding its strategic goal to profitably grow its business and as to the business strategies employed to achieve this goal, which are: (a) continuing to build its strong brands by focusing on innovative, high-quality, consumer-preferred brand offering; effective consumer brand communication; appropriate levels of advertising and promotion; and superb execution with its retail partners; (b) continuing to develop its organizational capability through attracting, retaining and rewarding highly capable people and through performance management, development planning, succession planning and training; (c) continuing to drive common global processes which are designed to provide the most efficient and effective allocation of its resources; (d) continuing to focus on increasing its operating profit and cash flow; and (e) continuing to improve its capital structure by focusing on strengthening its balance sheet and reducing debt;
- (vi) the Company's expectation that operating revenues, cash on hand and funds available for borrowing under Products Corporation's 2011 Revolving Credit Facility and other permitted lines of credit will be sufficient to enable the Company to cover its operating expenses for 2012, including the cash requirements referred to in item (viii) below;
- (vii) the Company's expected principal sources of funds, including operating revenues, cash on hand and funds available for borrowing under Products Corporation's 2011 Revolving Credit Facility and other permitted lines of credit;
- (viii) the Company's expected principal uses of funds, including amounts required for the payment of operating expenses, including expenses in connection with the continued execution of the Company's business strategy, insurance premiums, payments in connection with the Company's purchases of permanent wall displays, capital expenditure requirements, debt service payments and costs, tax payments, pension and post-retirement benefit plan contributions, restructuring programs, severance not otherwise included in the Company's restructuring programs, debt repurchases (including, without limitation, that the Company may also, from time to time, seek to retire or purchase its outstanding debt obligations in open market purchases, in privately negotiated transactions or otherwise and may seek to refinance some or all of its indebtedness based upon

market conditions and that any retirement or purchase of debt may be funded with operating cash flows of the business or other sources and will depend upon prevailing market conditions, liquidity requirements, contractual restrictions and other factors, and the amounts involved may be material) and costs related to litigation; and its estimates of the amount and timing of its operating expenses, insurance premiums, debt service payments (including payments required under Products Corporation's debt instruments), cash contributions to the Company's pension plans and its other post-retirement benefit plans, net periodic benefit costs for the pension and other post-retirement benefit plans, cash tax payments, purchases of permanent wall displays, capital expenditures and costs related to litigation;

- (x) the Company's plan to efficiently manage working capital, including, among other things, programs intended to optimize inventory levels over time; centralized procurement to secure discounts and efficiencies; prudent management of accounts receivable and accounts payable; and controls on general and administrative spending; and the Company's belief that in the ordinary course of business, its source or use of cash from operating activities may vary on a quarterly basis as a result of a number of factors, including the timing of working capital flows;
- (xi) the Company's expectations regarding its future net periodic benefit cost for its U.S. and international defined benefit plans;
- (xii) the Company's expectation that the payment of the quarterly dividends on the Preferred Stock will continue to be funded by cash interest payments to be received by Revlon, Inc. from Products Corporation on the Contributed Loan (the \$48.6 million portion of the Amended and Restated Senior Subordinated Term Loan that was contributed to Revlon, Inc. by MacAndrews & Forbes in connection with consummating the 2009 Exchange Offer), subject to Revlon, Inc. having sufficient surplus or net profits in accordance with Delaware law, and its expectation of paying the liquidation preference of the Preferred Stock on October 8, 2013 with the cash payment to be received by Revlon, Inc. from Products Corporation in respect of the maturity of the principal amount outstanding under the Contributed Loan, subject to Revlon, Inc. having sufficient surplus in accordance with Delaware law;
- (xiii) the Company's belief that it maintains comprehensive property insurance, as well as business interruption insurance; and the Company's belief that the business interruption losses incurred through September 30, 2012 are not indicative of future business interruption losses for insurance purposes or future expected profits for Revlon Venezuela;
- (xiv) the Company's expectation and belief that the increase in the effective tax rate will not affect the Company's cash taxes paid in 2012 and thereafter until the Company has fully used its tax loss carryforwards and other tax attributes in the U.S. and its expectation that its tax provision and effective tax rate in any individual quarter will vary and may not be indicative of the Company's tax provision and effective tax rate for the full year;
- (xv) the Company's belief that while the outcome of all pending legal proceedings in the aggregate is unlikely to have a material adverse effect on the Company's business, financial condition and/or its results of operations, in light of the uncertainties involved in legal proceedings generally, the ultimate outcome of a particular matter could be material to the Company's operating results for a particular period depending on, among other things, the size of the loss or the nature of the liability imposed and the level of the Company's income for that particular period; and

Edgar Filing: REVLON INC /DE/ - Form 10-Q

- (xvi) the Company's belief that the actions arising out of the Exchange Offer are without merit and that it has meritorious defenses to the asserted claims in the actions.

Statements that are not historical facts, including statements about the Company's beliefs and expectations, are forward-looking statements. Forward-looking statements can be identified by, among other things, the use of forward-looking language such as estimates, objectives, visions, projects, forecasts, focus, drive towards, plans, targets, strategies, opportunities, assumptions, drivers, believes, intends, expects, scheduled to, anticipates, seeks, may, will or should or the negative of those terms, or other variations of those terms or compound language, or by discussions of strategies, targets, long-range plans, models or intentions. Investors are advised, however, to consult any additional disclosures the Company made or may make in its 2011 Form 10-K, and in its Quarterly Reports on Form 10-Q and Current Reports on Form 8-K, in each case filed with the SEC in 2012 (which, among other places, can be found on the SEC's website at <http://www.sec.gov>, as well as on the Company's corporate website at www.revloninc.com). Except as expressly set forth in this Form 10-Q, the information available from time to time on such websites shall not be deemed incorporated by reference into this Quarterly Report on Form 10-Q. Risk Factors in Revlon, Inc.'s 2011 Form 10-K for further discussion of risks associated with the Company's business.)** In addition to factors that may be described in the Company's filings with the SEC, including this filing, the following factors, among others, could cause the Company's actual results to differ materially from those expressed in any forward-looking statements made by the Company:

- (i) unanticipated circumstances or results affecting the Company's financial performance, including decreased consumer spending in response to weak economic conditions or weakness in the cosmetics category in the mass retail channel; changes in consumer preferences, such as reduced consumer demand for the Company's color cosmetics and other current products, including new product launches; changes in consumer purchasing habits, including with respect to shopping channels; lower than expected retail customer acceptance or consumer acceptance of, or less than anticipated results from, the Company's existing or new products; higher than expected pension expense and/or cash contributions under its benefit plans, insurance premiums and costs related to litigation, advertising, promotional and/or marketing expenses or lower than expected results from the Company's advertising, promotional and/or marketing plans; higher than expected sales returns or decreased sales of the Company's existing or new products; actions by the Company's customers, such as retailer inventory management and greater than anticipated retailer space reconfigurations or reductions in retail space and/or product discontinuances or a greater than expected impact from retailer pricing or promotional strategies; and changes in the competitive environment and actions by the Company's competitors, including business combinations, technological breakthroughs, new products offerings, increased advertising, promotional and marketing spending and advertising, promotional and/or marketing successes by competitors, including increases in share in the mass retail channel;
- (ii) in addition to the items discussed in (i) above, the effects of and changes in economic conditions (such as continued volatility in the financial markets, inflation, monetary conditions and foreign currency fluctuations and currency controls, as well as in trade, monetary, fiscal and tax policies in international markets) and political conditions (such as military actions and terrorist activities);
- (iii) unanticipated costs or difficulties or delays in completing projects associated with the continued execution of the Company's business strategy or lower than expected revenues or the inability to create value through profitable growth as a result of such strategy, including lower than expected sales, or higher than expected costs, including as may arise from any additional repositioning,

PART II - OTHER INFORMATION

Item 1. Legal Proceedings

The Company is involved in various routine legal proceedings incident to the ordinary course of its business. The Company believes that the outcome of all pending legal proceedings in the aggregate is unlikely to have a material adverse effect on the Company's business, financial condition and/or its results of operations. However, in light of the uncertainties involved in legal proceedings generally, the ultimate outcome of a particular matter could be material to the Company's operating results for a particular period depending on, among other things, the size of the loss or the nature of the liability imposed and the level of the Company's income for that particular period.

As previously announced, on October 8, 2009, the Company consummated its voluntary exchange offer in which, among other things, Revlon, Inc. issued to stockholders who elected to exchange shares (other than MacAndrews & Forbes) 9,336,905 shares of its Preferred Stock in exchange for the same number of shares of Revlon, Inc. Class A Common Stock tendered in the Exchange Offer (the "Exchange Offer"). On April 24, 2009, May 1, 2009, May 5, 2009 and May 12, 2009, respectively, four purported class actions were filed by each of Vern Mercier, Arthur Jurkowitz, Suri Lefkowitz and T. Walter Heiser in the Court of Chancery of the State of Delaware (the "Chancery Court"). On May 4, 2009, a purported class action was filed by Stanley E. Sullivan in the Supreme Court of New York, New York County. Each such lawsuit was brought against Revlon, Inc., Revlon, Inc.'s then directors and MacAndrews & Forbes, and challenged a merger proposal which MacAndrews & Forbes made on April 13, 2009, which would have resulted in MacAndrews & Forbes and certain of its affiliates owning 100% of Revlon, Inc.'s outstanding Common Stock (in lieu of consummating such merger proposal, the Company consummated the aforementioned Exchange Offer). Each action sought, among other things, to enjoin the proposed merger transaction. On June 24, 2009, the Chancery Court consolidated the four Delaware actions (the "Initial Consolidated Action"), and appointed lead counsel for plaintiffs. As announced on August 10, 2009, an agreement in principle was reached to settle the Initial Consolidated Action, as set forth in a Memorandum of Understanding (as amended in September 2009, the "2009 Settlement Agreement").

On December 24, 2009, an amended complaint was filed in the Sullivan action alleging, among other things, that defendants should have disclosed in the Company's Offer to Exchange for the Exchange Offer information regarding the Company's financial results for the fiscal quarter ended September 30, 2009. On January 6, 2010, an amended complaint was filed by plaintiffs in the Initial Consolidated Action making allegations similar to those in the amended Sullivan complaint. Revlon initially believed that by filing the amended complaint, plaintiffs in the Initial Consolidated Action had formally repudiated the 2009 Settlement Agreement, and on January 8, 2010, defendants filed a motion to enforce the 2009 Settlement Agreement.

In addition to the amended complaints in the Initial Consolidated Action and the Sullivan action, on December 21, 2009, certain of Revlon, Inc.'s current directors, a former director and MacAndrews & Forbes were named as defendants in a purported class action filed in the Chancery Court by Edward Gutman. Also on December 21, 2009, a second purported class action was filed in the Chancery Court against certain of Revlon, Inc.'s current directors and a former director by Lawrence Corneck. The Gutman and Corneck actions make allegations similar to those in the amended complaints in the Sullivan action and the Initial Consolidated Action. On January 15, 2010, the Chancery Court consolidated the Gutman and Corneck actions with the Initial Consolidated Action (the "Initial Consolidated Action", as consolidated with the Gutman and Corneck actions, is hereafter referred to as the "Consolidated Action"). A briefing schedule was then set to determine the leadership structure for plaintiffs in the Consolidated Action.

On March 16, 2010, after hearing oral argument on the leadership issue, the Chancery Court changed the leadership structure for plaintiffs in the Consolidated Action. Thereafter, newly appointed counsel for the

plaintiffs in the Consolidated Action and the defendants agreed that the defendants would withdraw their motion to enforce the 2009 Settlement Agreement and that merits discovery would proceed. Defendants agreed not to withdraw any of the concessions that had been provided to the plaintiffs as part of the 2009 Settlement Agreement.

On May 25, 2010, plaintiffs' counsel in the Consolidated Action filed an amended complaint alleging breaches of fiduciary duties arising out of the Exchange Offer and that defendants should have disclosed in the Company's Offer to Exchange information regarding the Company's financial results for the fiscal quarter ended September 30, 2009. On January 10, 2012, plaintiffs' counsel filed a motion for class certification. Briefing on that motion was not completed. Merits discovery proceeded in the Consolidated Action.

On December 31, 2009, a purported class action was filed in the U.S. District Court for the District of Delaware by John Garofalo against Revlon, Inc., certain of Revlon, Inc.'s current directors, a former director and MacAndrews & Forbes alleging federal and state law claims stemming from the alleged failure to disclose in the Offer to Exchange certain information relating to the Company's financial results for the fiscal quarter ended September 30, 2009. On July 29, 2011, the plaintiff in this action filed an amended complaint. On January 31, 2012, defendants filed motions to dismiss the amended complaint in the Garofalo action. On March 2, 2012, the plaintiff in the Garofalo action filed a response opposing defendants' motions to dismiss, and a motion alternatively seeking leave to amend and file a second amended complaint. Briefing is complete on the motions to dismiss and motion to amend and defendants requested oral argument. Defendants previously reached an agreement with the plaintiff in the Garofalo action to permit the plaintiff to participate in merits discovery in the Consolidated Action, and agreed to permit the plaintiff to continue to participate in the merits discovery while the motions to dismiss are pending. An agreement was also reached with the plaintiff in the Sullivan action to stay proceedings in that action, including any response to the amended complaint, until December 21, 2012, so that the plaintiff could participate in the merits discovery in the Consolidated Action.

On May 11, 2010, a purported derivative action was filed in the U.S. District Court for the District of Delaware by Richard Smutek, derivatively and on behalf of Revlon, Inc. against Revlon, Inc.'s then current directors and MacAndrews & Forbes alleging breach of fiduciary duty in allowing the Exchange Offer to proceed and failing to disclose in the Offer to Exchange certain information related to the Company's financial results for the fiscal quarter ended September 30, 2009. On August 16, 2010, defendants moved to dismiss the complaint. Briefing on defendants' motions to dismiss was completed on December 10, 2010. Thereafter, the parties requested oral argument on the motions to dismiss. On September 27, 2010, plaintiff filed a motion to compel discovery. In response, defendants moved to strike plaintiff's motion to compel discovery or, in the alternative, for an extension of time for defendants to respond to plaintiff's motion. On October 17, 2011, the U.S. District Court for the District of Delaware denied plaintiff's motion to compel and granted defendants' motion to strike.

Plaintiffs in each of these actions sought, among other things, an award of damages and the costs and disbursements of such actions, including a reasonable allowance for the fees and expenses of each such plaintiff's attorneys and experts. Because the Smutek action is styled as a derivative action on behalf of the Company, any award of damages, costs and disbursements would be made to and for the benefit of the Company.

Although the Company disputes the allegations in the pending actions and believes them to be without merit, on June 21, 2012, without admitting any liability, Revlon, Inc., Revlon, Inc.'s then directors and MacAndrews & Forbes (collectively, "Defendants") entered into a binding Memorandum of Understanding ("MOU") with Fidelity Management & Research Company ("FMR Co.") and its investment advisory affiliates, all of which are direct or indirect subsidiaries of FMR LLC (collectively, "Fidelity"), which through various funds and management agreements controlled the largest block of shares to participate in the Exchange Offer, to settle potential claims Fidelity could have as a potential member of the classes that plaintiffs seek to certify in the pending actions.

Fidelity executed the MOU on behalf of 6,111,879 shares (the "Fidelity Controlled Shares") out of the 6,933,526 shares (the "Fidelity Shares") of the Company's Class A Common Stock that Fidelity exchanged in the

Table of Contents

REVLON, INC. AND SUBSIDIARIES

Exchange Offer, and pursuant to the terms of the MOU, the remaining 821,647 shares agreed on July 12, 2012, to participate in the settlement. As part of the settlement, Fidelity agreed, among other things, to accept a cash payment from Defendants of \$22.5 million (the Fidelity Settlement Amount), which amount was subsequently paid from insurance proceeds in July 2012, in exchange for Fidelity's opting out with respect to the Fidelity Shares of any purported class action related to the Exchange Offer and Fidelity's release of all related potential claims. On July 20, 2012, Fidelity and the Defendants executed a final Stipulation and Settlement Agreement (the Stipulation) the terms of which are substantively identical to the terms of the MOU. The Stipulation supersedes the MOU. In addition, on July 17, 2012, the Defendants entered into a binding MOU with two additional stockholders who collectively exchanged 310,690 shares in the Exchange Offer, the terms of which are substantively identical to the settlement with Fidelity and call for the payment of \$1 million, in the aggregate, to the two stockholders. In August 2012, Defendants and the two additional stockholders executed a final Stipulation and Settlement Agreement which supersedes, and is substantively identical to, the MOU. The \$1 million payment was subsequently paid from insurance proceeds in August 2012.

In the second quarter of 2012, the Company recorded a charge and corresponding income from insurance proceeds related to the Company's estimated allocable portion of the Fidelity Settlement Amount and the additional \$1 million payment, which resulted in no impact to the Company's Statement of Operations and Comprehensive (Loss) Income for the second quarter of 2012.

The Defendants also agreed with Fidelity and the two additional stockholders (together, the settling stockholders) that, in the event a settlement is reached with the purported class action plaintiffs, or an award of damages is issued following a trial in any of the actions, and that settlement amount or damage award exceeds the settlement amounts on a per share basis received by the settling stockholders, the settling stockholders would each receive additional consideration subject to certain parameters. The agreements with the settling stockholders are not subject to court approval and have no effect on the actions other than to exclude the settling stockholders from any certified class.

Although the Company continues to believe it has meritorious defenses to the asserted claims in the actions, the Defendants and plaintiffs agreed to the terms of a settlement and on October 8, 2012, executed settlement agreements that, if approved by the courts to which they are presented, will resolve all claims in all of the actions (the Settlement).

The Settlement provides that the Defendants will make net cash payments totaling approximately \$9.2 million to settle all of the actions, and full and complete releases will be provided to Defendants from all plaintiffs. If approved by the courts, the Settlement will also result in additional payments to the settling stockholders totaling approximately \$4.2 million, of which approximately \$4 million will be paid to Fidelity.

As previously disclosed in the Q2 2012 Form 10-Q, in the second quarter of 2012, the Company recorded a charge of \$6.7 million with respect to the Company's then-estimated costs of resolving the actions, including the Company's estimate at that time of additional payments to be made to the settling stockholders. In addition to the charge of \$6.7 million it recorded in the second quarter of 2012, the Company has recorded an additional charge of \$2.2 million in the third quarter of 2012 in connection with payments to be made by the Company as a result of the Settlement and the additional payments to be made to the settling stockholders. This additional charge is included within SG&A expenses in the Company's Statements of Operations and Comprehensive (Loss) Income for the three and nine months ended September 30, 2012.

There can be no assurance as to the amount, if any, of additional insurance proceeds that the Company may receive in connection with its resolution of the actions. In any event, at least \$5 million of future payments to be made by the Defendants relating to these matters, including expenses, will not be covered by insurance.

The Settlement is subject to court approval.
