Item 11. Executive Compensation

Compensation Committee Processes and Procedures

The Compensation Committee is comprised of three independent directors: Messrs. Holder (Chairman), Isaac and Healey. Typically, the Compensation Committee meets at least once each quarter and with greater frequency if necessary. The Compensation Committee met seven times during the fiscal year ended June 30, 2012. The agenda for each meeting is usually developed by the Chairman of the Compensation Committee and our outside legal counsel with input from the other Committee members as well. The Compensation Committee meets regularly in executive session. From time to time, various members of management and other employees, as well as outside advisors or consultants, may be invited by the Compensation Committee to make presentations, provide financial or other background information or advice, or otherwise

Edgar Filing: PRO DEX INC - Form 10-K/A

participate in Compensation Committee meetings. The charter of the Compensation Committee grants the Compensation Committee full access to all of our books, records, facilities and personnel, as

- 6 -

well as authority to obtain, at our expense, advice and assistance from internal and external legal, accounting or other advisors and consultants and other external resources that the Compensation Committee considers necessary or appropriate in the performance of its duties. In particular, the Compensation Committee has the sole authority to retain compensation consultants to assist in its evaluation of executive and director compensation, including the authority to approve the consultant's reasonable fees and other retention terms.

The Compensation Committee engaged Radford, a subsidiary of Aon Consulting (Radford), as its independent compensation consultant for the year ended June 30, 2012. Over the course of its engagement, Radford assisted the Compensation Committee in:

evaluating the efficacy of our existing compensation strategy and practices in supporting and reinforcing our long-term strategic goals; and

refining our compensation strategy and developing and implementing an executive compensation program to execute that strategy. As part of its engagement, the Compensation Committee directed Radford to develop and update, as appropriate, a comparative group of companies and to perform analyses of competitive performance and compensation levels for that group. Radford also conducted individual interviews with members of senior management and the Compensation Committee to learn more about our business operations, strategy, key performance metrics and strategic goals, as well as the labor markets in which we compete. Radford ultimately developed recommendations and metrics that were presented to the Compensation Committee for its consideration. We do not have any relationship or arrangement with Radford other than the Compensation Committee's contractual engagement of Radford as its compensation consultant and Radford provides no services to us other than those provided to the Compensation Committee.

The Compensation Committee makes its most significant determinations with respect to annual compensation, bonus awards, and new financial and other corporate performance objectives for executive compensation purposes, at one or more meetings held during the first quarter of the fiscal year for which the targets and compensation levels are applicable. The Compensation Committee generally makes determinations regarding the grant of annual equity incentive awards to our employees at the first meeting held following the Audit Committee's approval of the Form 10-K Annual Report for the fiscal year just ended generally the first quarter of the fiscal year. At various meetings throughout the year, the Compensation Committee also considers matters related to individual compensation, such as compensation for new executive hires, as well as high-level strategic issues, such as the efficacy of, and any risks relating to, our compensation strategies, policies and practices, potential modifications to those strategies, policies and practices, and new trends, plans or approaches to compensation.

Generally, the Compensation Committee's process consists of two related elements: (i) the determination of compensation levels and (ii) the establishment of financial and other corporate performance objectives in connection with our Annual Incentive and Long-Term Incentive Plans. Our Annual Incentive Plan provides for payment of cash bonuses to participants following the completion of a fiscal year subject to the attainment of certain performance goals. Our Long-Term Incentive Plan rewards long-term growth, profitability and total shareholder return by providing a vehicle through which our executive officers may receive stock-based compensation. For executive officers other than our CEO, the Compensation Committee solicits and considers evaluations and recommendations submitted to the Compensation Committee by our CEO. In the case of our CEO, the evaluation of his performance is conducted by the Compensation Committee, which determines any adjustments to his compensation as well as equity awards to be granted. Our CEO may not participate in, or be present during, any deliberations or determinations of the Compensation Committee regarding his compensation. For all executive officers and directors, as part of its deliberations, the Compensation Committee may review and consider, as appropriate, materials such as financial reports and projections, operational data, tax and accounting information, tally sheets that set forth the total compensation that may become payable to executive officers in various hypothetical scenarios, our stock performance data, analyses of historical executive compensation levels and our current compensation levels, and the recommendations of its independent compensation consultants, including analyses of executive and director compensation paid at other companies identified by its independent compensation consultants. Periodically, the Compensation Committee reviews all of our incentive compensation plans in order to evaluate the level of risk that such plans may encourage and, along with management's report concerning such matters and their mitigation, to ensure that each plan is properly monitored and evaluated. The specific determinations of the Compensation Committee with respect to executive compensation for the fiscal year ended June 30, 2012 are described herein.

Compensation Committee Philosophy

Our compensation philosophy is predicated upon the following concepts:

Edgar Filing: PRO DEX INC - Form 10-K/A

We pay competitively. We are committed to providing a pay program that helps attract and retain highly qualified people in the industry. To ensure that pay is competitive, we compare our pay practices with those of other leading companies of similar size and location(s) and set our pay parameters based on this review.

- 7 -

Table of Contents

We pay for sustained performance. Executive officers are rewarded based upon corporate performance and individual performance. Corporate performance is evaluated by our Board by reviewing the extent to which strategic and business plan goals are met, including such factors as revenues, operating profit and cash flow.

We strive for fairness in the administration of pay and to achieve a balance of the compensation paid to a particular individual as compared to the compensation paid to both our executives and executives at comparable companies.

We believe that employees should understand the performance evaluation and pay administration process.

The Compensation Committee believes that it is important that our executives be compensated in a manner that closely links compensation with performance and yet does not incent excessive risk-taking. To that end, the Compensation Committee has developed a comprehensive and balanced compensation plan that includes a base salary; an annual cash incentive based upon our Annual Incentive Plan; a long-term stock incentive based upon our Long-Term Incentive Plan; equity awards; and, a package of benefits similar in scope and nature to those offered to all our other employees. In comparing its compensation plans to a pre-selected peer group, the Compensation Committee has established a target compensation range at the 25th percentile of that peer group. While the Compensation Committee believes that the 25th percentile is likely a lower target than is used by most other companies in the peer group, the Compensation Committee, upon the advice of Radford, determined that our small size relative to the peer group warranted the lower target.

The Compensation Committee believes that there are no risks related to our compensation plans that would result in a material adverse impact on us. This conclusion is based upon management's risk analysis and the Compensation Committee's belief that the following mitigating factors also serve to reduce such risks:

Incentives are capped at a maximum amount regardless of the degree to which objectives may be exceeded.

Payments are based upon audited year end results.

Multiple objectives are used as performance targets.

Computations are reviewed at regular intervals during the year and are subject to multiple levels of review at the management, committee, and full Board level.

All incentives are based upon pre-established objective criteria as approved by our Board.

The following table sets forth certain compensation information for the fiscal years ended June 30, 2012 and 2011, for our principal executive officer, our principal financial officer and one other executive officer, who was the only other executive officer whose total compensation exceeded \$100,000 during fiscal year ended June 30, 2012 (collectively, the Named Executive Officers).

Health, dental, disability and life insurance, qualified retirement plans, and optional employee benefits of ours on the same terms as our other employees, except Mr. Hurwitz will not participate in the Company-wide employee bonus plan.

Fiscal Year 2013 Compensation Reduction

Upon the recommendation of management and as approved by the Compensation Committee and our Board, all our employees, including the Named Executive Officers, became subject to a 5% reduction in base compensation, effective July 1, 2012. This reduction will remain in effect throughout fiscal year 2013 unless a pre-determined threshold of income before interest, depreciation and taxes (EBITDA) is achieved. In the event this threshold EBITDA is achieved, the likelihood of which cannot be assured, we intend to repay the accumulated amount of the reduced base compensation to our employees.

Annual Incentive Awards

On July 14, 2010, our Board approved an Annual Incentive Plan (AIP) to provide annual cash-based incentive opportunities for our key employees. The AIP provides for payment of cash bonuses to participants following the completion of the fiscal year subject to the attainment of certain pre-determined performance goals. Target incentives under the AIP range from 20% to 50% of a participant s base salary with a maximum achievement factor of 200%, capping such awards at 40% to 100% of base salary. Fiscal 2012 performance metrics for our Named Executive Officers included financial performance measures related to revenue growth, profit before tax, net cash flow and other measures directly related to each Named Executive Officer s individual job responsibilities and areas of influence. During fiscal 2012, six individuals participated in the Annual Incentive Plan under which total awards of \$42,772 were made. Our current Chief Executive Officer, Michael J. Berthelot, did not participate in the 2012 AIP. With the exception of the award paid to our former Chief Executive Officer, payment of all AIP awards for 2012 was deferred until such time as our Company-wide 5% reduction in base compensation is repaid to all employees who are not members of senior management (see Fiscal Year 2013 Compensation Reduction above).

Under the fiscal 2012 AIP, our former Chief Executive Officer, Mark Murphy, received a payment at the time of his departure from the Company in accordance with the terms of the AIP. For fiscal 2012, Mr. Murphy s performance objectives were as follows:

Objective	Target	Relative Weighting Factor	Achievement
-----------	--------	---------------------------	-------------

Edgar Filing: PRO DEX INC - Form 10-K/A

Pre-tax profit	\$892,000	30%	Not Achieved
Net cash flow	\$947,403	30%	Not Achieved
Revenue growth from customers other than the Company's then-largest customer	\$2,280,000	20%	Not Achieved
Resolution of the ultimate disposition of the Astromec division	N/A	10%	Achieved
New customer/new product revenues	\$1.5 million	10%	Not Achieved

Under the terms of the AIP, an award of \$12,082 was made to Mr. Murphy based upon his 10% achievement factor and prorated for the nine months and twenty days he was with the Company during fiscal 2012.

Edgar Filing: PRO DEX INC - Form 10-K/A

Mr. Hurwitz's performance objectives for fiscal 2012 were as follows:

Objective	Target	Relative Weighting Factor	Achievement
Pre-tax profit	\$892,000	30%	Not Achieved
Net cash flow	\$947,403	30%	Not Achieved
Accelerate closing process	Within 5 days for non-quarter-end months; within 10 days for quarter-end months	10%	Achieved
Develop management dashboard	N/A	10%	Not Achieved
Reduce days sales in accounts receivable	42 days	10%	Not Achieved
Reduce excess and obsolete inventory	\$300,000	10%	Not Achieved

Under the terms of the AIP a fiscal 2012 award of \$4,625 was made to Mr. Hurwitz based upon his 10% achievement factor, although payment of such award has been deferred as noted above.

For fiscal 2013, the AIP incentive program has been slightly modified so as to recognize both individual performance as well as corporate performance. Awards will be calculated by multiplying (a) the Individual Achievement Factor as determined by each participant's achievement of his individual objectives times (b) the Corporate Achievement Factor. For fiscal 2013 the Corporate Achievement Factor has been established as EBITDA of \$800,000. No incentives will be paid unless a minimum Corporate Achievement Factor is achieved, which minimum Corporate Achievement Factor has been established as EBITDA of \$300,000. To illustrate this calculation, if an individual has a target award of 25% of base salary, an Individual Achievement Factor of 60%, and the Company reports EBITDA (without regard to any such incentives) of \$400,000, the AIP award would equal 25% (target award) x 60% (Individual Achievement) x 50% (Corporate Achievement), or 7.5% of salary.

For fiscal 2013, Mr. Berthelot's AIP performance objectives have been established as follows:

Objective	Target	Relative Weighting Factor
Revenue	\$14 million	33%
Cash flow before financing activities	\$1.4 million	33%
EBITDA	\$500,000	34%

Mr. Berthelot's target award as a percentage of base salary is 50%.

For fiscal 2013, Mr. Hurwitz's AIP performance objectives have been established as follows:

Objective	Target	Relative Weighting Factor
Cash flow before financing activities	\$1.4 million	30%
Improve yield on cash balances	1%	25%
Maintain G&A spending to budget	\$1,900,032	25%
Execute equity distribution plan if approved	N/A	20%

Mr. Hurwitz's target award as a percentage of base salary is 25%.

Long-Term Incentive Awards

On July 14, 2010 our Board approved a Long Term Incentive Plan (LTIP) in order to provide an incentive for executives to focus on the long-term sustainable growth of the Company by rewarding business decisions and actions over a longer term than the AIP, thus avoiding plan designs that could incentivize executives to take actions that would result in short-term gain in order to bolster annual incentive compensation without regard to the long-term best interests of the Company. Six key executives, including our Named Executive Officers, participate in the LTIP.

The LTIP allows for an award to be made to the participants by the Compensation Committee at the beginning of each fiscal year, with the final determination and payment of that award occurring at the end of the third year following the award's grant and after such payment is approved by the Compensation Committee. The Compensation Committee reviews the status and forecasted amount of outstanding LTIP awards for each participant, including the Named Executive Officers, on a quarterly basis. The Compensation Committee may include or exclude the impact of

Edgar Filing: PRO DEX INC - Form 10-K/A

certain items such as expenses related to restructuring or productivity initiatives, non-operating items, acquisition expenses and any other items of gain, loss or expense that may be determined to be extraordinary or unusual in nature or infrequent in occurrence. Unless otherwise provided in the plan, LTIP awards are paid in shares of Company restricted stock. LTIP awards may range from 50% to 150% of the target award depending upon the actual achievement level as measured against certain predetermined performance objectives.

Target awards under the LTIP are set at 50% of base salary. Performance metrics are established for each participant and achievement is measured over a three-year period. One-half of each LTIP award is determined by Total Shareholder Return (TSR) as measured against a comparator group of companies. TSR includes share price change, as well as reinvested dividends. In order to avoid significant swings in TSR caused by anomalous events that might occur at the beginning or end of the measurement period, TSR is measured using the average closing prices of the Company's shares and those of the comparator group during the ninety day periods which precede the first and last days of the measurement period. The minimum achievement level with regard to that portion of the LTIP award measured by TSR is the 40th percentile of the comparator group. The remaining half of the LTIP award is measured against performance objectives which may include revenue growth, net income, EBITDA or similar metrics which are established by the compensation committee within the first 75 days of the measurement period.

The LTIP performance goals established for the all of the participants, including the Named Executive Officers, are as follows:

For LTIP award periods beginning in fiscal 2011 and 2012, the LTIP performance goal consists of three equally weighted strategic objectives related to revenue, pre-tax profit, and cash flow before financing activities.

For the LTIP award period beginning in fiscal 2013, the LTIP performance goals for all participants consist of two equally weighted strategic objectives related to revenue and net income.

Also with respect to the LTIP award period beginning in fiscal 2013, a minimum corporate achievement factor has been included, similar to that used in the determination of awards under the AIP. The target corporate achievement factor for the 2013 LTIP awards has been set at EBITDA of \$1.136 million and no LTIP awards will be made if EBITDA (after considering the LTIP award) in the final year of measurement is less than \$568,000, regardless of achievement of the performance or TSR objectives. To illustrate this calculation, if an individual has a target award of 50% of base salary, a performance objective or TSR objective achievement factor of 60% and the corporation reports EBITDA (after considering the LTIP award) of \$568,000, the LTIP award would equal 50% (target award) x 60% (performance or TSR objective) x 50% (corporate achievement) or 15% of salary.

Final determination of the amounts to be paid under the LTIP award periods beginning in fiscal 2011, 2012 and 2013 will occur following the end of fiscal years 2013, 2014 and 2015, respectively.

The LTIP contains claw back provisions that permit the compensation committee to require the repayment of any LTIP award received by a participant in the event that the financial results that determined the award are subsequently determined to be in error or are required to be restated. Further, the maximum amount that can be paid to any individual participant with respect to any particular award period cannot exceed \$1 million.

Upon his departure from the Company and under the terms of a separation agreement, our former Chief Executive Officer, Mark Murphy, received a payment of \$17,441, representing the portion of our accrual for LTIP awards as of the date of his departure that was allocable to him.

Change of Control Agreements

On July 19, 2011 and April 20, 2012, the Compensation Committee approved change of control agreements (the Change of Control Agreements) for Mr. Hurwitz and Mr. Berthelot, respectively. The Change of Control Agreements provide that if the individual's employment with us involuntarily terminates (as such term is defined in the Change of Control Agreements) within 12 months after a change of control (as such term is defined in the Change of Control Agreements, which includes, among other items, (a) conditions under which a person or group becomes a beneficial owner of 50% or more of the voting power of our outstanding stock, and (b) a change in the composition of our Board occurring within a one-year period of 60% or more), the individual will receive, subject to signing a release of claims in favor of us, (i) a lump sum amount equal to thirty (30) weeks base compensation of the individual at the time of such termination and (ii) one hundred percent (100%) Company-paid health, dental and life insurance coverage as provided to the individual immediately prior to his termination of employment for a period equal to the earlier of (i) twelve (12) months following termination or (ii) until the individual becomes covered under another employer's group health, dental or life insurance plan. In addition, the individual shall be entitled to receive bonus or compensation award payments, if any, in accordance with the terms of our Annual Incentive Plan and Long Term Incentive Plan and we shall pay the individual all of his accrued and unused vacation, if any, through the date of termination. If the individual receives a payment under the terms of the Change of Control Agreement, he will not be eligible to receive a severance payment under our severance policy in existence at the time of

such payment.

The Change of Control Agreements shall terminate upon the earlier of (i) the date that all obligations of the parties under the Change of Control Agreements have been satisfied or (ii) three years after the effective dates of the Change of Control Agreements.

Compensation of Directors

In 2010, the Compensation Committee engaged Remedy Compensation Consulting (Remedy) as its independent compensation consultant to assist the Compensation Committee in evaluating compensation strategies with respect to our employees and the non-employee directors on our Board. As part of its engagement, the Compensation Committee directed Remedy to develop a comparative group of companies and to perform analyses of competitive performance and compensation levels for the group. The analysis with respect to compensation of non-employee Board members resulted in the Board's adoption, in July 2010, of the compensation plan described below. In 2011, the Compensation Committee engaged the independent compensation consulting firm Compensia (who had acquired Remedy during 2011) to perform an updated analysis based on the same comparative group of companies. Among the findings resulting from the updated analysis were that the elements of the non-employee directors' compensation plan described below fell generally at, or below, the targeted 25th percentile of the comparative group of companies. As a result, no changes were made to the plan.

The compensation plan for non-employee members of our Board is as follows:

Annual retainer for each director	\$ 24,000
Additional annual retainer for service as:	
Lead Director/Chairman	\$ 7,000
Committee Chair	\$ 5,000

All retainers are paid in quarterly installments at the end of each calendar quarter. In the event that a director attends more than six board meetings or more than six meetings of any committee upon which that director serves in one fiscal year, an additional per meeting fee of \$1,000 for in person meetings or \$500 for telephone meetings will be paid. If any such excess committee meeting is held on the same date as a board meeting, only the board meeting will be considered compensable.

Effective July 1, 2012, our Board voluntarily reduced the amounts of the retainers described above by 12%. This reduction will remain in effect for a period that is concurrent with the period in which the 5% reduction in our employees' base compensation, described in Fiscal Year 2013 Compensation Reduction above, is in effect.

Upon initial election or appointment to our Board, each director is granted an option for the purchase of 15,000 shares of our Common Stock. Upon re-election to our Board, each director is granted an option for the purchase of 10,000 shares of our Common Stock. All such option grants are made as of the date of such election, appointment or re-election and in accordance with the terms of our Director Option Plan.

The directors' fees earned or paid in the fiscal year ended June 30, 2012 are as follows:

Item 13. Certain Relationships and Related Transactions, and Director Independence

Policies and Procedures for Approval of Related Party Transactions

Our Board has the responsibility to review and discuss with management and approve, and has adopted written policies and procedures relating to approval or ratification of, interested transactions with related parties. During this process, the material facts as to the related party's interest in a transaction are disclosed to all Board members or an applicable committee. Under the policies and procedures, the Board is to review each interested transaction with a related party that requires approval and either approve or disapprove of the entry into the interested transaction. An interested transaction is any transaction in which we are a participant and any related party has or will have a direct or indirect interest. Transactions that are in the ordinary course of business and would not require either disclosure pursuant to Item 404(a) of Regulation S-K under the Securities Act or approval of the Board or an independent committee of the Board pursuant to applicable NASDAQ rules would not be deemed interested transactions. No director may participate in any approval of an interested transaction with respect to which he or she is a related party. Our Board intends to approve only those related party transactions that are in the best interests of Pro-Dex, Inc. and its shareholders.

Since July 1, 2011, the beginning of our fiscal year 2012, there has not been a transaction or series of related transactions to which we were or are a party, or in which any director, executive officer, holder of more than 5% of any class of our voting securities, or any member of the immediate family of any of the foregoing persons, had or will have a direct or indirect material interest.

Certain Relationships and Related Transactions

We have entered into indemnification agreements with each of our directors and executive officers. The indemnification agreements and our certificate of incorporation and bylaws require us to indemnify our directors and officers to the fullest extent permitted by Colorado law.

Director Independence

Our corporate governance guidelines provide that a majority of the Board and all members of the Audit, Compensation and Nominating and Governance Committees of the Board will be independent. On an annual basis, each director and executive officer is obligated to complete a Director and Officer Questionnaire that requires disclosure of any transactions with us in which a director or executive officer, or any member of his or her immediate family, have a direct or indirect material interest. Following completion of these questionnaires, the Board, with the assistance of the Nominating and Governance Committee, makes an annual determination as to the independence of each director using the current standards for independence established by the Securities and Exchange Commission and NASDAQ, additional criteria set forth in our corporate governance guidelines and consideration of any other material relationship a director may have with us.

The Board has determined that all of its directors are independent under these standards, except for Mr. Berthelot, who commenced service as our Chief Executive Officer and President on April 20, 2012.
