Table of Contents

Competition including: continued intense competitive rivalry across all services among established telecommunications companies, advanced wireless services (AWS) entrants, cable-TV providers, other communications companies and emerging over-the-top (OTT) services; active price and brand competition; the Company's ability to offer an enhanced customer service experience; industry growth rates including wireless penetration gain; network access line losses; subscriber additions and subscriber retention experience for wireless, TELUS TV® and TELUS high-speed Internet services; costs of subscriber acquisition and retention; pressures on wireless average revenue per subscriber unit per month (ARPU) such as through flat-rate pricing trends for voice and data, inclusive long distance plans for voice, and increasing availability of Wi-Fi networks for data; levels of smartphone sales and associated subsidy levels; and ability to obtain and offer data content across multiple devices on wireless and TV platforms.

Technological substitution including: reduced utilization and increased commoditization of traditional wireline voice local and long distance services; increasing numbers of households that have only wireless telephone services; continuation of wireless voice ARPU declines such as through substitution to messaging and OTT applications like Skype; and OTT IP services that may cannibalize TV and entertainment services.

Technology including: subscriber demand for data that could challenge wireless network and spectrum capacity, and service levels; reliance on systems and information technology; broadband and wireless technology options, evolution paths and roll-out plans; reliance on wireless network access agreements; choice of suppliers and suppliers' ability to maintain and service their product lines; wireless handset supplier concentration and market power; the expected benefits and performance of long-term evolution (LTE) wireless technology; dependence of rural LTE roll-out strategy on ability to acquire spectrum in the 700 MHz band; successful deployment and operation of new wireless networks and successful introduction of new products, new services and supporting systems; network reliability and change management (including risk of migration to new, more efficient Internet data centres (IDCs) and realizing the expected benefits); timing of future decommissioning of iDEN and CDMA wireless networks to redeploy spectrum and reduce operating costs, and the associated subscriber migration and retention risks; and successful upgrades and evolution of TELUS TV® technology, which depends on third-party suppliers.

Economic growth and fluctuations including: the strength and persistence of economic growth in Canada that may be influenced by economic developments in the United States, Europe, Asia and elsewhere; future interest rates; and pension investment returns and funding.

Capital expenditure and spectrum licence expenditure levels in 2013 and beyond due to the Company's wireless deployment strategy for LTE and future technologies, wireline broadband initiatives, new IDC initiatives, and Industry Canada wireless spectrum auctions, including auction of spectrum in the 700 MHz band expected in the second half of 2013 and the 2,500 2,690 MHz bands expected in 2014.

Financing and debt requirements including the ability to carry out refinancing activities.

Ability to sustain growth objectives through 2013 including: dividend growth of circa 10% per annum and CEO goals of generating low double-digit percentage annualized growth in earnings per share (EPS) and greater growth in free cash flow, excluding spectrum costs. The growth objectives may be affected by factors such as regulatory and government developments and decisions, competitive environment, reasonable economic performance in Canada, and capital expenditure and spectrum auction requirements. The growth objectives are not necessarily indicative of earnings, dividends and free cash flow beyond 2013. There can be no assurance that the Company will initiate a normal course issuer bid in 2013 or that the Company will maintain a dividend growth model after 2013.

Regulatory approvals and developments including: future spectrum auctions and rules for the 700 MHz and 2,500 2,690 MHz bands (including the amount and cost of spectrum acquired) or other spectrum purchases; whether application and ongoing enforcement of new regulatory safeguards regarding vertical integration by competitors into broadcast content ownership prove to be effective; compliance with restrictions on non-Canadian ownership of Common Shares; developments and changes in foreign ownership levels of TELUS; increased foreign control of certain AWS wireless entrants; interpretation and application of tower sharing

and roaming rules; and amendments to consumer protection legislation by several provinces and a new Canadian Radio-television and Telecommunications Commission (CRTC) proceeding to establish a mandatory code and clarity for consumers in respect of terms and conditions of wireless services, where non-harmonized provincial rules create risk of significant compliance costs.

Human resource matters including employee retention and recruitment.

Ability to successfully implement cost reduction initiatives and realize expected savings net of restructuring costs, such as from business integrations, business process outsourcing, internal offshoring and reorganizations, procurement initiatives and administrative office consolidation, without losing customer service focus or negatively impacting client care.

Process risks including: reliance on legacy systems and ability to implement and support new products and services; implementation of large enterprise deals that may be adversely impacted by available resources and degree of co-operation from other service providers; and real estate joint venture development risks.

Tax matters including: a general tendency by tax collection authorities to adopt more aggressive auditing practices; possible higher than currently forecast corporate income tax rates in the future; the Canadian federal government's enacted policy change that eliminates the ability to defer income taxes through the use of different tax year-ends for operating partnerships and corporate partners, which is expected to increase income tax payments commencing in 2014; costs and complexity of complying with the Province of British Columbia's reversal of its harmonized sales tax back to a separate provincial sales tax and federal goods and services tax, as well as the Province of Quebec's sales tax harmonization; and international tax complexity and compliance.

Business continuity events including: human-caused threats such as electronic attacks and human errors; equipment failures; supply chain disruptions; natural disaster threats; and effectiveness of business continuity and disaster recovery plans and responses.

Acquisitions or divestitures including realizing expected strategic benefits.

Health, safety and environmental developments; Litigation and legal matters; and other risk factors discussed herein and listed from time to time in the Company's reports and public disclosure documents including the Company's annual report, annual information form, and other filings with securities commissions or similar regulatory authorities in Canada (on SEDAR at www.sedar.com) and in its filings with the SEC in the United States, including Form 40-F (on EDGAR at www.sec.gov).

For further information, see Section 10: Risks and risk management in the Company's Management's Discussion and Analysis of financial results for the year ended December 31, 2012, which is incorporated by reference in this prospectus supplement.

Table of Contents**USE OF PROCEEDS**

The total net proceeds to be received by the Company from this Offering are estimated to be approximately \$[] after payment of commissions to the Agents but before deduction of the expenses of this Offering. The net proceeds will be used to repay the Company's outstanding Series CB Notes at maturity, to fund the redemption of all of the Company's outstanding Series CF Notes, to repay outstanding commercial paper and the remainder will be used for general working capital purposes. Pending any such use of the net proceeds, the Company will invest the net proceeds in bank deposits and short term marketable securities. The Series CB Notes were originally incurred to repay the Company's outstanding indebtedness under a credit facility and/or to permit the early termination of certain cross-currency swap agreements with certain of the lenders under such credit facility. The Series CF Notes were originally incurred for general corporate purposes including to repay the Company's outstanding indebtedness under a credit facility and outstanding commercial paper. The outstanding commercial paper was originally incurred for general working capital purposes. As of the date of this prospectus supplement, there is approximately \$300 million aggregate principal amount of Series CB Notes and \$700 million aggregate principal amount of Series CF Notes outstanding.

EARNINGS COVERAGE RATIO

For the 12-month period ended December 31, 2012, the Company's consolidated net income attributable to Common Shares and Non-Voting Shares before income taxes and borrowing costs was \$2,130 million. Borrowing costs for this 12-month period, after giving effect to this Offering and to the use of the proceeds of this Offering (being the repayment of the outstanding Series CB Notes at maturity, the redemption of all of the outstanding Series CF Notes and the repayment of outstanding commercial paper) as though they had each occurred at the beginning of such period, would be \$[] million. The earnings coverage ratio refers to the ratio of (i) consolidated net income attributable to Common Shares and Non-Voting Shares before income taxes and borrowing costs, and (ii) borrowing costs. The following earnings coverage ratio, which gives effect to this Offering and to the use of the proceeds of this Offering (being the repayment of the outstanding Series CB Notes at maturity, the redemption of all of the outstanding Series CF Notes and the repayment of outstanding commercial paper) as though they had each occurred at the beginning of such period, was calculated on a consolidated basis for the 12-month period ended December 31, 2012:

The earnings coverage ratio set out above does not purport to be indicative of an earnings coverage ratio for any future periods.

RISK FACTORS

An investment in the Notes of either series offered hereby involves certain risks. In addition to the other information contained in this prospectus supplement and in the section entitled "Risks and risk management" in the Company's Management's Discussion and Analysis of financial results for the year ended December 31, 2012, which section is being incorporated herein by reference, prospective investors should carefully consider the following factors in evaluating TELUS and its business before making an investment in the Notes of either series.

Structural Subordination of Notes

The Notes of each series will be obligations exclusively of the Company. The Company's existing operations are currently conducted through its subsidiaries. The Company's ability to meet its debt service obligations, including payment of principal and interest on the Notes of each series, is dependent upon the cash flow of its subsidiaries and the payment of funds by its subsidiaries to the Company in the form of loans, dividends, fees or otherwise. The Company's subsidiaries are separate and distinct legal entities and will have no obligation, contingent or otherwise, to pay any amounts due pursuant to the Notes of either series or to make any funds available therefor, whether in the form of loans, dividends or otherwise. Because the Company's subsidiaries will not guarantee the payment of principal of or interest on the Notes of either series, any right of the Company to receive assets of the subsidiaries upon their bankruptcy, receivership, liquidation or reorganization (and the consequent right of the holders of the Notes of each series (collectively, the "Noteholders") to participate in the distribution of proceeds from those assets) will be effectively subordinated to the claims of such subsidiaries' creditors (including tax authorities, trade creditors and lenders).

Bankruptcy and Related Laws

The Company is incorporated under the laws of the Province of British Columbia and its principal operating assets are located in Canada.

The rights of the Trustee (as defined herein) to enforce remedies are likely to be significantly impaired by the restructuring, receivership, liquidation and other provisions of applicable Canadian bankruptcy, insolvency, restructuring and other similar legislation if the benefit of such legislation is sought with respect to the Company. For example, both the *Bankruptcy and Insolvency Act* (Canada) and the *Companies Creditors Arrangement Act* (Canada) contain provisions enabling an insolvent person to obtain a stay of proceedings as against its creditors and others and to prepare and file a proposal or plan to restructure and/or compromise obligations for consideration by all or some of its creditors to be voted on by the various classes of its creditors. Such a restructuring proposal or plan, if accepted by the requisite majorities of creditors and if approved by the court, would be binding on persons who might not otherwise be willing to accept it. Moreover, both statutes permit, in certain circumstances, the insolvent debtor to retain possession and administration of its property, even though it may be in default under the applicable debt instrument.

The powers of the court under applicable Canadian bankruptcy, insolvency, restructuring and other similar legislation (including the *Bankruptcy and Insolvency Act* (Canada) and particularly under the *Companies Creditors Arrangement Act* (Canada)) have generally been exercised broadly to protect a debtor entity from actions taken by creditors and other parties. Accordingly, it is impossible to predict if payments under the Notes of either series would be made following commencement of or during such a proceeding, whether or when the Trustee could exercise its rights under the Indenture or whether and to what extent Noteholders would be compensated for any delay, in payments of principal and interest.

No Public Market

There is no established trading market for the Notes of either series. The Company does not intend to have the Notes of either series listed for trading on any securities exchange or quoted on any automated dealer quotation system. The Agents have advised the Company that they presently intend to make a market in the Notes of each

Table of Contents

series, but the Agents are not obligated to do so and any such market-making activities may be discontinued at any time without notice at the sole discretion of the Agents. Accordingly, no assurance can be given as to the prices or liquidity of, or trading markets for, the Notes of each series. The liquidity of any market for the Notes of either series will depend upon the number of holders of such series of Notes, the interest of securities dealers in making a market in the Notes of either series and other factors. The absence of an active market for the Notes of either series could adversely affect their market price and liquidity.

Credit Ratings

There can be no assurance that the credit ratings assigned to the Notes of either series will remain in effect for any given period of time or that the ratings will not be withdrawn or revised at any time. Real or anticipated changes in credit ratings on the Notes of either series may affect the market value of the applicable Notes. In addition, real or anticipated changes in credit ratings can affect the cost at which TELUS can access the capital markets.

Repurchase upon Change of Control Triggering Event

In the event that the Company is required to offer to repurchase the Notes of either series upon the occurrence of a Change of Control Triggering Event, it may not have sufficient funds to repurchase the Notes of either series in cash at such time. In addition, the Company's ability to repurchase the Notes of either series for cash may be limited by applicable law.

Interest Rate Risks

Prevailing interest rates will affect the market price or value of the Notes of either series. The market price or value of the Notes of either series will decline as prevailing interest rates for comparable debt instruments rise, and will increase as prevailing interest rates for comparable debt instruments decline.

DETAILS OF THE OFFERING

The following description of the Notes of each series is a brief summary of their material attributes and characteristics, which does not purport to be complete and is qualified in its entirety by reference to the Indenture. The following summary uses words and terms which have been defined in the Indenture. For full particulars, reference is made to the short form base shelf prospectus and to the Indenture.

General

Each series of Notes will be issued under its own supplemental indenture (each, a Supplemental Indenture) which, for purposes of that series, will supplement the terms and conditions in the trust indenture dated May 22, 2001 (the Trust Indenture) between the Company and Montreal Trust Company of Canada (now Computershare Trust Company of Canada), as trustee (the Trustee). Each Supplemental Indenture will be entered into between the Company and the Trustee, will be dated the issuance date of the applicable series of Notes, and will provide for, among other things, the creation and issuance of the applicable series of Notes. The Trust Indenture is described in the short form base shelf prospectus. References herein to the Indenture refer to the Trust Indenture as supplemented by the applicable Supplemental Indenture. The Company may, from time to time, without the consent of the holders of a particular series of Notes, create and issue additional Notes of that same series under the applicable Supplemental Indenture, having the same terms and conditions as the Notes of that series in all respects, except for such variations to such terms and conditions as may be required, in the reasonable opinion of the Company, to reflect the different issue dates of such additional Notes of such series and the then existing Notes of such series and any intention that all such additional Notes of a series and the then existing Notes of such series be fungible for trading purposes. Additional Notes of a series issued in this manner will be consolidated with and form a single series with the then existing Notes of that series and, if the Company acting reasonably determines that it is advisable or advantageous to do so, the Company may accept such additional Notes of a series and the then existing Notes of the same series in exchange for consolidated and restated replacement Notes reflecting the terms and conditions of such additional Notes and the then existing Notes, in each case, of the same series.

plus any accrued and unpaid interest thereon. Interest will be computed on the basis of a 365-day year. The yearly rate of interest that is equivalent to the rate payable under the Notes of a particular series is the rate payable multiplied by the actual number of days in the year and divided by 365 and is disclosed herein solely for the purpose of providing the disclosure required by the *Interest Act* (Canada).

The Notes of each series will be issued only in fully registered form, without coupons, in denominations of \$1,000 of principal amount and any integral multiple thereof.

Optional Redemption

The Series CK Notes may be redeemed at any time prior to [] at the option of the Company, in whole at any time or in part from time to time, on not fewer than 30 nor more than 60 days prior notice at a redemption price equal to the greater of (a) the Discounted Value of the Series CK Notes, or (b) 100% of the outstanding principal amount of Series CK Notes to be redeemed. The Series CK Notes may be redeemed at any time on or after [] at the option of the Company, in whole but not in part, on not fewer than 30 nor more than 60 days prior notice at a redemption price equal to 100% of the outstanding principal amount of the Series CK Notes. The Series CL Notes may be redeemed at any time prior to [] at the option of the Company, in whole at any time or in part from time to time, on not fewer than 30 nor more than 60 days prior notice at a redemption price equal to the greater of (a) the Discounted Value of the Series CL Notes, or (b) 100% of the outstanding principal amount of Series CL Notes to be redeemed. The Series CL Notes may be redeemed at any time on or after [] at the option of the Company, in whole but not in part, on not fewer than 30 nor more than 60 days prior notice at a redemption price equal to 100% of the outstanding principal amount of the Series CL Notes. In addition, accrued and unpaid interest, if any, will be paid to the date fixed for redemption.

In the case of a redemption for less than all of the Notes of the particular series, the Notes of such series to be redeemed will be selected by the Trustee in such manner as the Trustee deems appropriate.

Discounted Value shall mean an amount equal to the sum of the present values of all remaining scheduled payments of principal and interest (not including any portion of the payment of interest accrued as of the redemption date) from the redemption date of the Notes of a particular series to the respective due dates for such payments until maturity of that series of Notes computed on a semi-annual basis by discounting such payments (assuming a 365-day year) to the redemption date of that particular series of Notes at the Government of Canada Yield plus [] basis points (in the case of the Series CK Notes) and [] basis points (in the case of the Series CL Notes).

Government of Canada Yield shall mean, with respect to any redemption date, the mid market yield to maturity on the third business day (the Determination Date) preceding the redemption date of the particular series of Notes, compounded semi-annually, which a non-callable Government of Canada Bond would carry if issued, in Canadian dollars in Canada, at 100% of its principal amount on such date with a term to maturity which most closely approximates the remaining term to maturity of the particular series of Notes from such redemption date as quoted by a dealer selected from time to time by the Company and approved by the Trustee at noon (Toronto time) on such Determination Date.

Tax Redemption

The Notes of each series may be redeemed, in whole, but not in part, at the option of TELUS at any time, on not fewer than 30 nor more than 60 days prior written notice, at 100% of the outstanding principal amount, together with accrued and unpaid interest thereon to the redemption date, in the event TELUS delivers to the Trustee an opinion of independent Canadian tax counsel experienced in such matters to the effect that TELUS has become or would become obligated to pay, on the next date on which any amount would be payable with respect to the

Table of Contents

applicable series of outstanding Notes any Additional Amounts (as defined herein) as a result of a change in the laws (including any regulations promulgated thereunder) of Canada, or any province or territory thereof or therein or any agency thereof or therein having the power to tax, or any change in any official position regarding the application or interpretation of such laws or regulations, which change is announced or becomes effective on or after the date of the original issuance of the applicable series of Notes; provided that TELUS determines, in its business judgment, that the obligation to pay such Additional Amounts cannot be avoided by the use of reasonable measures available to TELUS (not including substitution of the obligor under the applicable series of Notes).

Repurchase upon Change of Control Triggering Event

If a Change of Control Triggering Event (as defined herein) occurs with respect to a series of Notes, unless the Company has exercised its optional right to redeem all of the Notes of that series as described under **Optional Redemption** or **Tax Redemption** above, the Company will be required to make an offer to repurchase all or, at the option of the holder of that series of Notes, any part (equal to \$1,000 or an integral multiple thereof) of each holder's Notes of that series pursuant to the offer described below (the **Change of Control Offer**) on the terms set forth in the applicable Supplemental Indenture. In the Change of Control Offer, the Company will be required to offer payment in cash equal to 101% of the aggregate outstanding principal amount of Notes of the series to be repurchased together with accrued and unpaid interest on such series of Notes to the date of repurchase.

Within 30 days following any Change of Control Triggering Event, the Company will be required to give written notice to holders of the applicable series of Notes describing the transaction or transactions that constitute the Change of Control Triggering Event and offering to repurchase the Notes of the applicable series on the date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is given (the **Change of Control Payment Date**). The Company must comply with the requirements of applicable securities laws and regulations in connection with the repurchase of the Notes of the particular series as a result of a Change of Control Triggering Event. To the extent that the provisions of any such applicable securities laws and regulations conflict with the Change of Control (as defined herein) provisions, the Company will be required to comply with such laws and regulations and will not be deemed to have breached its obligations to repurchase such series of Notes by virtue of such conflict.

The Company will not be required to make a Change of Control Offer upon a Change of Control Triggering Event if a third party makes such an offer substantially in the manner, at the times and in compliance with the requirements for a Change of Control Offer (and for at least the same purchase price payable in cash) and such third party purchases all Notes of such series properly tendered and not withdrawn under its offer.

Change of Control shall mean the occurrence of any one of the following: (a) the direct or indirect sale, transfer, conveyance, lease or other disposition (other than by way of consolidation, amalgamation or merger), in one or a series of related transactions, of all or substantially all of the property and assets of the Company and its Subsidiaries (as defined in the short form base shelf prospectus), taken as a whole, to any person or group of persons acting jointly or in concert for purposes of such transaction (other than to the Company and its Subsidiaries); or (b) the consummation of any transaction including, without limitation, any consolidation, amalgamation, merger or issue of voting shares the result of which is that any person or group of persons acting jointly or in concert for purposes of such transaction (other than the Company and its Subsidiaries) becomes the beneficial owner, directly or indirectly, of more than 50% of the voting shares of the Company, measured by voting power rather than number of shares (but shall not include the creation of a holding company or similar transaction that does not involve a change in the beneficial ownership of the Company).

Change of Control Triggering Event shall mean the occurrence of both a Change of Control and a Rating Event.

Table of Contents

Investment Grade Rating shall mean a rating equal to or higher than Baa3 (or the equivalent) by Moody's Investors Service Inc. (Moody's), BBB (or the equivalent) by Standard & Poor's Rating Services, a division of The McGraw-Hill Companies Inc. (S&P), or BBB (low) (or the equivalent) by DBRS Limited (DBRS), or the equivalent investment grade credit rating from any other Specified Rating Agency.

Rating Event shall mean the rating of the particular series of Notes is lowered to below an Investment Grade Rating by at least two out of three of the Specified Rating Agencies if there are three Specified Rating Agencies or all of the Specified Rating Agencies if there are less than three Specified Rating Agencies (the Required Threshold) on any day within the 60-day period (which 60-day period will be extended so long as the rating of Notes of such series is under publicly announced consideration for a possible downgrade by such number of the Specified Rating Agencies which, together with Specified Rating Agencies which have already lowered their ratings on the Notes of such series as aforesaid, would aggregate in number the Required Threshold, but only to the extent that, and for so long as, a Change of Control Triggering Event would result if such downgrade were to occur) after the earlier of (a) the occurrence of a Change of Control, and (b) public notice of the occurrence of a Change of Control or of the Company's intention or agreement to effect a Change of Control.

Specified Rating Agencies shall mean each of Moody's, S&P and DBRS as long as, in each case, it has not ceased to rate the Notes of the particular series or failed to make a rating of Notes of the particular series publicly available for reasons outside of the Company's control; provided that if one or more of Moody's, S&P or DBRS ceases to rate the applicable series of Notes or fails to make a rating of the applicable series of Notes publicly available for reasons outside of the Company's control, the Company may select any other approved rating organization within the meaning of National Instrument 41-101 of the Canadian Securities Administrators as a replacement agency for such one or more of them, as the case may be.

Purchase of Notes

The Company may, at any time and from time to time, purchase Notes of either series in the market (which may include purchases from or through an investment dealer or a firm holding membership on a recognized stock exchange) or by tender or private contract, at any price, subject to applicable law.

Defeasance

The provisions described under Description of Debt Securities Defeasance in the short form base shelf prospectus are applicable to the Notes of each series, including the condition that the Company will deliver to the Trustee an opinion of counsel to the effect that the applicable holders of such series of Notes will not recognize income, gain or loss for Canadian or United States federal income tax purposes as a result of such defeasance and will be subject to Canadian and United States federal income tax on the same basis as if such defeasance had not occurred.

Events of Default

Events of Default are described in the short form base shelf prospectus under Description of Debt Securities Events of Default and reference is made to that section for a list of the events which constitute an Event of Default with respect to the Notes of each series.

Negative Pledge

The Indenture contains provisions to the effect that the Company will not, nor will it permit any Restricted Subsidiary (as defined herein) to, create or assume any Lien (as defined in the short form base shelf prospectus) upon any present or future Principal Property (as defined in the short form base shelf prospectus) or any Property (as defined in the short form base shelf prospectus) which, together with any other Property subject to Liens in the same transaction or a series of related transactions, would in the aggregate constitute a Principal Property, of

Table of Contents

the Company or any Restricted Subsidiary, to secure Indebtedness (as defined in the short form base shelf prospectus) of the Company or a Restricted Subsidiary unless the Notes of each series (together with, if the Company shall so determine, any other Indebtedness of the Company or any Restricted Subsidiary ranking equally with the Notes of each series then existing or thereafter created), shall be concurrently secured equally and ratably with (or prior to) such other Indebtedness so long as such Lien is outstanding.

The restrictions set forth above shall not apply to certain permitted Liens (each, a Permitted Lien), including:

- (i) Liens existing on the issuance date for the Notes (namely, on or about April 1, 2013);
- (ii) Liens on any Property of any Person (as defined in the short form base shelf prospectus) existing at the time such Person becomes a Restricted Subsidiary, or at the time such Person amalgamates or merges with the Company or a Restricted Subsidiary, which Liens are not created in contemplation of such Person becoming a Restricted Subsidiary or effecting such amalgamation or merger;
- (iii) Liens on any Property existing at the time such Property is acquired by the Company or a Restricted Subsidiary, or Liens to secure the payment of all or any part of the purchase price of such Property upon the acquisition of such Property by the Company or a Restricted Subsidiary or to secure any Indebtedness incurred prior to, at the time of, or within 270 days after, the later of the date of acquisition of such Property and the date such Property is placed in service, for the purpose of financing all or any part of the purchase price thereof, or Liens to secure any Indebtedness incurred for the purpose of financing the cost to the Company or a Restricted Subsidiary of improvements to such acquired Property or to secure any Indebtedness incurred for the purpose of financing all or any part of the purchase price or the cost of construction of the Property subject to such Liens;
- (iv) Liens securing any Indebtedness of a Restricted Subsidiary owing to the Company or to another Restricted Subsidiary;
- (v) Liens on Property of the Company or a Restricted Subsidiary securing Indebtedness or other obligations issued by Canada or the United States of America or any state or any department, agency or instrumentality or political subdivision of Canada or the United States of America or any state, or by any other country or any political subdivision of any other country, for the purpose of financing all or any part of the purchase price of, or, in the case of real property, the cost of construction on or improvement of, any property or assets subject to the Liens, including Liens incurred in connection with pollution control, industrial revenue or similar financings;
- (vi) Liens securing any extension, renewal or replacement (or successive extensions, renewals or replacements) in whole or in part of any Indebtedness secured by any Permitted Lien, including those referred to in the foregoing clauses (i), (ii), (iii), (iv) and (v); provided, however, that such new Lien is limited to the Property which was subject to the prior Lien immediately before such extension, renewal or replacement, and provided, further, that the principal amount of Indebtedness secured by the prior Lien immediately prior to such extension, renewal or replacement is not increased; and
- (vii) any other Liens not otherwise qualifying as a Permitted Lien provided that, at the applicable time, the sum of (without duplication) (x) the aggregate principal amount of the Indebtedness secured by all such other Liens, plus (y) the Attributable Debt (as defined in the short form base shelf prospectus) determined at such time of the then outstanding Unrestricted Sale and Lease-Back Transactions (as defined herein) to which the Company or a Restricted Subsidiary is a party, plus (z) the then outstanding principal amount of all other Indebtedness of Restricted Subsidiaries incurred in compliance with Limitation on Restricted Subsidiary Indebtedness below (other than any Indebtedness of Restricted Subsidiaries excluded from the calculations of such limitation on Restricted Subsidiary Indebtedness pursuant to the provisos contained therein), does not exceed 15% of the then applicable Consolidated Net Tangible Assets (as defined in the short form base shelf prospectus).

Restricted Subsidiary means (a) TELUS Communications Inc., (b) TELUS Communications Company, and (c) at any time any other Subsidiary (as defined in the short form base shelf prospectus) of the Company if, at the

Table of Contents

end of the most recent fiscal quarter for which the Company has issued its financial statements, the total assets of such Subsidiary exceeds 10% of the consolidated assets of the Company and its Subsidiaries, determined in accordance with Canadian generally accepted accounting principles consistently applied.

Limitation on Restricted Subsidiary Indebtedness

The Indenture contains provisions to the effect that TELUS shall not permit any Restricted Subsidiary to, directly or indirectly, create, incur or assume any Indebtedness, unless after giving effect to the incurrence of such Indebtedness and the application of the proceeds therefrom, the sum of (without duplication) (x) the aggregate principal amount of Indebtedness of all Restricted Subsidiaries, plus (y) the then outstanding principal amount of Indebtedness of TELUS secured by Liens (other than any Lien constituting a Permitted Lien under any of clauses (a) to (cc) inclusive of the definition of Permitted Liens), plus (z) Attributable Debt relating to then outstanding Unrestricted Sale and Lease-Back Transactions of TELUS, would not exceed 15% of Consolidated Net Tangible Assets. This restriction does not affect the Permitted Indebtedness (as defined in the applicable Supplemental Indenture) of Restricted Subsidiaries, which is (1) Indebtedness secured by any Lien constituting a Permitted Lien under any of clauses (a) to (cc) inclusive of the definition of Permitted Liens, (2) Indebtedness (excluding Indebtedness outstanding under commercial paper programs) of any Person existing on the date of the Supplemental Indenture or at the time such Person becomes a Restricted Subsidiary, (3) Indebtedness owing to TELUS or to another Restricted Subsidiary, (4) commercial paper issued by the Restricted Subsidiaries not to exceed in the aggregate \$1 billion, and (5) any extension, renewal or replacement (including successive extensions, renewals or replacements), in whole or in part, of any Indebtedness of the Restricted Subsidiaries referred to in any of the preceding clauses (1), (2), (3) or (4) (provided that the principal amount of such Indebtedness immediately prior to such extension, renewal or replacement is not increased).

Limitation on Sale and Lease-Back Transactions

Neither the Company nor any Restricted Subsidiary may enter into any Sale and Lease-Back Transaction, except for:

- (i) any Sale and Lease-Back Transaction constituting a specified Permitted Lien under the Indenture; or
- (ii) any Sale and Lease-Back Transaction that is not otherwise permitted under clauses (i) above or (iii) below and in respect of which the Company or such Restricted Subsidiary would, at the time it enters into such Sale and Lease-Back Transaction, be entitled to create a Lien on the Principal Property (or the properties, as the case may be) subject to such Sale and Lease-Back Transaction to secure Indebtedness at least equal in amount to the Attributable Debt in respect of such Sale and Lease-Back Transaction without being required to equally and rateably secure the particular series of Notes pursuant to the negative pledge described above (any Sale and Lease-Back Transaction entered into in compliance with this paragraph being an Unrestricted Sale and Lease-Back Transaction); or
- (iii) any Sale and Lease-Back Transaction if the Company or such Restricted Subsidiary shall apply or cause to be applied, in the case of a sale or transfer for cash, an amount equal to the greater of the fair market value of the Principal Property (or the properties, as the case may be) sold or transferred and leased back pursuant to such Sale and Lease-Back Transaction or the net proceeds of such Sale and Lease-Back Transaction and, in the case of a sale or transfer otherwise than for cash, an amount equal to the fair market value of the Principal Property (or the properties, as the case may be) sold or transferred and leased back pursuant to such Sale and Lease-Back Transaction, to (x) the retirement (other than any mandatory retirement), within 180 days after the effective date of such Sale and Lease-Back Transaction, of Indebtedness of the Company (which may but need not include the Debt Securities (as defined in the short form base shelf prospectus) of any series) ranking on a parity with, or prior to, the particular series of Notes and owing to a Person other than the Company or any Affiliate (as defined in the short form base shelf prospectus) of the Company, or (y) the purchase, construction or improvement of real property or personal property used by the Company or the Restricted Subsidiaries in the ordinary course of business.

Other Covenants

In addition to the covenants of the Company described above under **Limitation on Restricted Subsidiary Indebtedness**, under **Negative Pledge**, which supersedes the provisions described under **Description of Debt Securities Negative Pledge** in the accompanying short form base shelf prospectus, and under **Limitation on Sale and Lease-Back Transactions**, which supersedes the provisions described under **Description of Debt Securities Limitation on Sale and Lease-Back Transactions** in the accompanying short form base shelf prospectus, there are certain additional covenants which are applicable to the Notes of each series that are described in the short form base shelf prospectus and reference is made to that document for descriptions of such covenants.

Book-Entry System

The Notes of each series will be issued in the form of one or more fully registered global securities (each, a **Global Note**) to be held by, or on behalf of, CDS Clearing and Depository Services Inc. (**CDS**), as depository and registered in the name of CDS's nominee. Direct and indirect participants in CDS, including The Depository Trust Company (**DTC**), Euroclear Bank S.A./N.V., as operator of the Euroclear System (**Euroclear**) and Clearstream Banking, societe anonyme (**Clearstream, Luxembourg**), on behalf of their respective accountholders, will record beneficial ownership of the applicable Notes on behalf of their respective accountholders.

DTC, Euroclear and Clearstream, Luxembourg

Noteholders may hold their Notes of either series through the accounts maintained by DTC, Euroclear or Clearstream, Luxembourg in CDS only if they are participants of those systems, or indirectly through organizations which are participants of those systems.

DTC, Euroclear and Clearstream, Luxembourg will hold omnibus book-entry positions on behalf of their participants through customers securities accounts in their respective depositories, which in turn will hold such positions in customers securities accounts in the names of the nominees of the depositories on the books of CDS. All securities in DTC, Euroclear or Clearstream, Luxembourg are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts.

Transfers of a particular series of Notes by persons holding through Euroclear or Clearstream, Luxembourg participants will be effected through CDS, in accordance with CDS rules, on behalf of the relevant European international clearing system by its depositories; however, such transactions will require delivery of transfer instructions to the relevant European international clearing system by the participant in such system in accordance with its rules and procedures and within its established deadlines (European time). The relevant European international clearing system will, if the transfer meets its requirements, deliver instructions to its depositories to take action to effect transfer of the particular series of Notes on its behalf by delivering such series of Notes through CDS and receiving payment in accordance with its normal procedures for next-day funds settlement. Payments with respect to a particular series of Notes held through Euroclear or Clearstream, Luxembourg will be credited to the cash accounts of Euroclear participants or Clearstream, Luxembourg participants, as the case may be, in accordance with the relevant system's rules and procedures, to the extent received by its depositories.

Although the Company will make all payments of principal and interest on the Notes in Canadian dollars, holders of Notes held through DTC will receive such payments in U.S. dollars, except as set forth below. Canadian dollar payments received by CDS will be exchanged into U.S. dollars and paid directly to DTC in accordance with procedures established from time to time by CDS and DTC. All costs of conversion will be borne by holders of Notes held through DTC who receive payments in U.S. dollars. Holders of Notes held through DTC may elect, through procedures established from time to time by DTC and its participants, to receive Canadian dollar payments, in which case such Canadian dollar amounts will be transferred directly to Canadian dollar accounts designated by such holders to DTC.

Table of Contents

All information in this prospectus supplement on DTC, Euroclear or Clearstream, Luxembourg reflects the Company's understanding of the policies of such organizations which may change at any time without notice.

Payments

Payments of interest and principal on a Global Note will be made to CDS or its nominee, as the case may be, as registered holder of the particular Global Note. As long as CDS or its nominee is the registered owner of a Global Note, CDS or its nominee, as the case may be, will be considered the sole legal owner of such Global Note for the purposes of receiving payments of interest and principal on the particular series of Notes and for all other purposes under the Indenture and the particular series of Notes. Interest payments on Global Notes will be made by electronic funds transfer on the day interest is payable and delivered to CDS or its nominee, as the case may be.

The Company understands that CDS or its nominee, upon receipt of any payment of interest or principal in respect of a Global Note, will credit participants' accounts, on the date interest or principal is payable, with payments in amounts proportionate to their respective beneficial interest in the principal amount of such Global Note as shown on the records of CDS or its nominee. The Company also understands that payments of interest and principal by participants to the owners of beneficial interests in such Global Note held through such participants will be governed by standing instructions and customary practices and will be the responsibility of such participants. The responsibility and liability of the Company in respect of payments on Notes of either series represented by Global Notes is limited solely and exclusively, while the particular series of Notes are registered in Global Note form, to making payment of any interest and principal due on such Global Note to CDS or its nominee.

If definitive Notes of either series are issued instead of or in place of Global Notes, payments of interest on each definitive Note of each series will be made by electronic funds transfer, if agreed to by the Noteholder of the particular series, or by cheque dated the relevant Interest Payment Date and mailed to the address of such Noteholder appearing in the register maintained by the registrar for the particular series of Notes, at the close of business on the last day of the month immediately preceding the month in which the relevant Interest Payment Date occurs.

The Trustee will act, pursuant to the Indenture, as the registrar and paying agent. Payment of principal at maturity will be made at the principal office of the Trustee in the City of Calgary, Alberta (or in such other city or cities as may from time to time be designated by the Company) against surrender of the Notes of the particular series. If the due date for payment of any amount of principal or interest on any Note is not, at the place of payment, a business day (being a day other than a Saturday, Sunday or a day on which financial institutions at the place of payment are authorized or obligated by law or regulation to close) such payment will be made on the next business day and the applicable Noteholder shall not be entitled to any further interest or other payment in respect of such delay.

Additional Amounts

All payments made by TELUS under or with respect to the Notes of each series will be made free and clear of and without withholding or deduction for or on account of any present or future tax, duty, levy, impost, assessment or other governmental charge imposed or levied by or on behalf of the Government of Canada or of any province or territory thereof or therein or by any authority or agency thereof or therein having power to tax (collectively, "Taxes") unless TELUS is required to withhold or deduct Taxes by law or by the interpretation or administration thereof by the relevant government authority or agency. For each series of Notes, if TELUS is so required to withhold or deduct any amount for or on account of Taxes from any payment made under or with respect to such series of Notes, TELUS will pay such additional amounts ("Additional Amounts") as may be necessary so that the net amount received by each applicable Noteholder or beneficial owner (including Additional Amounts) after such withholding or deduction will not be less than the amount the applicable

Table of Contents

Noteholder or beneficial owner would have received if such Taxes had not been withheld or deducted; provided that no Additional Amounts will be payable with respect to:

any payment to a Noteholder or beneficial owner who is liable for such Taxes in respect of such Note (1) by reason of such Noteholder or beneficial owner being a person with whom TELUS is not dealing at arm's length for the purposes of the *Income Tax Act* (Canada) or (2) by reason of the existence of any present or former connection between such Noteholder or beneficial owner (or between a fiduciary, settlor, beneficiary, member or shareholder of, or possessor of power over, such Noteholder or beneficial owner, if such Noteholder or beneficial owner is an estate, trust, partnership, limited liability company or corporation) and Canada or any province or territory thereof or therein or agency thereof or therein other than the mere holding, use or ownership or deemed holding, use or ownership, or receiving payments or enforcing any rights in respect of such Note as a non-resident or deemed non-resident of Canada or any province or territory thereof or therein or agency thereof or therein; or

any payment to a Noteholder or beneficial owner who is a specified shareholder of TELUS or who does not deal at arm's length with a specified shareholder of TELUS as defined in subsection 18(5) of the *Income Tax Act* (Canada); or

any Note presented for payment more than 30 days after the later of (1) the date on which such payment first becomes due or (2) if the full amount of the monies payable has not been paid to the Noteholders on or prior to such date, the date on which the full amount of such monies has been paid to the Noteholders, except to the extent that the Noteholder thereof would have been entitled to such Additional Amounts on presenting the same for payment on the last day of such period of 30 days; or

any estate, inheritance, gift, sales, transfer, excise or personal property tax or any similar tax; or

any Taxes imposed as a result of the failure of a Noteholder or beneficial owner to comply with certification, identification, declaration or similar reporting requirements concerning the nationality, residence, identity or connection with Canada or any province or territory thereof or therein or agency thereof or therein of the Noteholder or beneficial owner of such Note, if such compliance is required by statute or by regulation, as a precondition to reduction of, or exemption, from such Taxes; or

any Taxes that are imposed or withheld solely by reason of a change in law, regulation, or administrative or judicial interpretation that becomes effective more than 15 days after payment becomes due or is duly provided for, whichever occurs later; or

any Taxes which are payable otherwise than by withholding or deduction from any payment made under or with respect to the Notes; or

any combination of the above items,
nor will such Additional Amounts be paid with respect to any payment on any Note to a Noteholder or beneficial owner who is a fiduciary or partnership or other than the sole beneficial owner of such Note to the extent that a beneficiary or settlor with respect to such fiduciary, or a member of such partnership or a beneficial owner thereof would not have been entitled to receive a payment of such Additional Amounts had such beneficiary, settlor, member or beneficial owner received directly its beneficial or distributive share of such payment.

Whenever in the Indenture or in any Note in either series there is mention, in any context, of the payment of principal of, or premium, interest or any other amount on any Note in either series, such mention shall be deemed to include mention of the payment of Additional Amounts to the extent that, in such context, Additional Amounts are, were or would be payable in respect thereof.

The obligation to pay Additional Amounts will survive any termination or discharge of the Indenture or the redemption, repayment or purchase of the Notes of either series.

Governing Law

Each of the Indenture and the Notes of each series are governed by, and construed in accordance with, the laws of the Province of Ontario.

ELIGIBILITY FOR INVESTMENT

In the opinion of Norton Rose Canada LLP and Osler, Hoskin & Harcourt LLP, the Notes, if issued on the date hereof, would be qualified investments under the *Income Tax Act* (Canada) (the Tax Act) and the regulations thereunder for trusts governed by registered retirement savings plans (RRSPs), registered retirement income funds (RRIFs), registered disability savings plans, registered education savings plans, deferred profit sharing plans (other than trusts governed by deferred profit sharing plans for which any of the employers is the Company or is an employer with whom the Company does not deal at arm's length, within the meaning of the Tax Act) and tax-free savings accounts (TFSAs). The Notes will not be a prohibited investment for an RRSP, an RRIF or a TFSA on such date provided that, for purposes of the Tax Act, the annuitant of the RRSP or RRIF or the holder of the TFSA (as the case may be) (a) deals at arm's length with the Company and (b) does not have a significant interest (i) in the Company or (ii) in a corporation, partnership or trust with which the Company does not deal at arm's length. The Department of Finance (Canada) released proposed amendments to the Tax Act on December 21, 2012 under which (b)(ii) would be eliminated. There can be no assurances that the proposed amendment relating to the prohibited investment rules will be enacted in its current proposed form or at all.

Prospective investors should consult their own tax advisors with respect to the prohibited investment rules, having regard to their particular circumstances (including having regard to the proposed amendments to the Tax Act released by the Department of Finance (Canada) on December 21, 2012).

CERTAIN CANADIAN AND UNITED STATES INCOME TAX CONSIDERATIONS

Certain Canadian Federal Income Tax Considerations

In the opinion of Norton Rose Canada LLP and Osler, Hoskin & Harcourt LLP, the following is a general summary of the principal Canadian federal income tax considerations generally applicable under the Tax Act to a beneficial owner of Notes acquired hereunder who, at all relevant times, for the purposes of the Tax Act, holds such Notes as capital property, deals at arm's length with the Company and is not affiliated with the Company (a Holder). Notes held by financial institutions (as defined in section 142.2 of the Tax Act) will generally not be capital property to such holders and will generally be subject to special rules contained in the Tax Act. This summary does not take into account these special rules and holders to whom these rules may be relevant should consult their own tax advisors.

This summary is based on the current provisions of the Tax Act, the regulations thereunder (the Regulations) and counsel's understanding of the current administrative policies and assessing practices of the Canada Revenue Agency (the CRA) publicly available prior to the date hereof. This summary also takes into account all specific proposals to amend the Tax Act and Regulations publicly announced by or on behalf of the Minister of Finance (Canada) prior to the date hereof (collectively, the Proposed Tax Amendments). No assurances can be given that the Proposed Tax Amendments will be enacted or will be enacted as proposed. Other than the Proposed Tax Amendments, this summary does not take into account or anticipate any changes in law or the administrative policies or assessing practices of the CRA, whether by judicial, legislative, governmental or administrative decision or action, nor does it take into account provincial, territorial or foreign income tax legislation or considerations, which may differ significantly from those discussed herein.

This summary is of a general nature only and is not intended to be, nor should it be construed to be, legal or tax advice to any particular holder and no representations with respect to the income tax consequences to any particular holder are made. This summary is not exhaustive of all Canadian federal income tax considerations. Accordingly, prospective investors in Notes should consult their own tax advisors with respect to their own particular circumstances.

Residents of Canada

The following portion of the summary is generally applicable to a Holder who, at all relevant times, for the purposes of the Tax Act, is or is deemed to be resident in Canada (a Resident Holder). Generally, the Notes will be capital property to a Resident Holder provided the Resident Holder does not acquire or hold the Notes in the course of carrying on a business or as part of an adventure or concern in the nature of trade. Certain Resident Holders whose Notes might not otherwise qualify as capital property may be entitled to obtain such qualification in certain circumstances by making the irrevocable election permitted by subsection 39(4) of the Tax Act to deem the Notes and every other Canadian security, as defined in the Tax Act, owned by such Resident Holder in the taxation year in which the election is made, and in all subsequent taxation years, to be capital property. This summary is not applicable to a holder an interest in which is a tax shelter investment as defined in the Tax Act or a holder that has elected to report its Canadian tax results in a currency other than Canadian currency under the functional currency rules under the Tax Act. Such holders should consult their own tax advisors.

Taxation of Interest on the Notes

A Resident Holder that is a corporation, partnership, unit trust or trust of which a corporation or partnership is a beneficiary will be required to include in computing its income for a taxation year any interest on a Note that accrues or is deemed to accrue to the Resident Holder to the end of that taxation year, or becomes receivable or is received by the Resident Holder before the end of that taxation year, to the extent that such amount was not otherwise included in the Resident Holder's income for a preceding taxation year.

Table of Contents

Any other Resident Holder, including an individual, will be required to include in computing its income for a taxation year any interest on a Note that is received or receivable by such Resident Holder in that year (depending upon the method regularly followed by the Resident Holder in computing income), to the extent that such amount was not otherwise included in the Resident Holder's income for a preceding taxation year.

A Resident Holder that is a Canadian-controlled private corporation (as defined in the Tax Act) may be liable for a refundable tax on investment income. For this purpose, investment income will generally include interest income.

On a disposition or deemed disposition of a Note, including a redemption, a payment on maturity, or a purchase for cancellation, a Resident Holder will generally be required to include in computing its income for the taxation year in which the disposition occurs the amount of interest accrued on the Note from the date of the last interest payment to the date of disposition to the extent that such amount has not otherwise been included in the Resident Holder's income for the taxation year or a preceding taxation year.

In addition, any premium paid by the Company to a Resident Holder as a result of the Company's exercise of its optional redemption right will generally be deemed to be interest received by a Resident Holder at the time of the redemption and will be required to be included in computing the Resident Holder's income as described above to the extent that the premium can reasonably be considered to relate to, and does not exceed the value at the time of the redemption of, the interest that would have been paid or payable by the Company on the Note for a taxation year ending after the redemption.

Disposition of Notes

In general, on a disposition or deemed disposition, including a redemption, payment on maturity or purchase for cancellation, a Resident Holder will realize a capital gain (or capital loss) to the extent that the proceeds of disposition, net of any accrued interest and any amounts included in the Resident Holder's income on such disposition or deemed disposition as interest, exceed (or are less than) the adjusted cost base of the Note to the Resident Holder immediately before the disposition or deemed disposition and any reasonable costs of disposition.

Generally, one half of the amount of any capital gain (a taxable capital gain) realized by a Resident Holder in a taxation year must be included in the Resident Holder's income in that year and, subject to and in accordance with the provisions of the Tax Act, one half of the amount of any capital loss (an allowable capital loss) realized by a Resident Holder in a taxation year must be deducted from taxable capital gains realized by the Resident Holder in that year. Allowable capital losses in excess of taxable capital gains in any particular year may be carried back and deducted in any of the three preceding taxation years or carried forward and deducted in any subsequent taxation year against net taxable capital gains realized in such years to the extent and under the circumstances described in the Tax Act. A capital gain realized by an individual or a trust (other than specified trusts) may give rise to a liability for alternative minimum tax.

As discussed above, a Resident Holder that is a Canadian-controlled private corporation (as defined in the Tax Act) may be liable for an additional refundable tax on investment income. For this purpose, investment income will generally include taxable capital gains.

Non-Residents of Canada

The following portion of the summary is generally applicable to a Holder who, at all relevant times, for purposes of the Tax Act, is not, and is not deemed to be, a resident of Canada, has not and will not use or hold the Notes in or in the course of carrying on business in Canada, deals at arm's length with any person resident in Canada to whom the Holder disposes of a Note and is not a specified shareholder (as defined in subsection 18(5) of the Tax Act) of the Company or a person who does not deal at arm's length with such specified shareholder (a Non-Resident Holder). Special rules, which are not discussed below, may apply to a non-resident of Canada that is an

Table of Contents

insurer which carries on business in Canada and elsewhere. This summary assumes that no interest paid on the Notes will be in respect of a debt or other obligation to pay an amount to a person with whom the Company does not deal at arm's length within the meaning of the Tax Act.

Amounts which are, or are deemed to be, interest for purposes of the Tax Act paid or credited by the Company on the Notes to a Non-Resident Holder that deals at arm's length with the Company at the time such interest is paid or credited will not be subject to non-resident withholding tax and no non-resident withholding tax will apply to the proceeds received by a Non-Resident Holder on a disposition of a Note, including a redemption, payment on maturity or purchase for cancellation. For the purposes of the Tax Act, related persons (as defined in the Tax Act) are deemed not to deal at arm's length and it is a question of fact whether persons not related to each other deal at arm's length.

No other tax on income or gains under the Tax Act will be payable by a Non-Resident Holder on interest, principal, or premium or on the proceeds received by a Non-Resident Holder on the disposition of a Note, including a redemption, payment on maturity or purchase for cancellation.

Certain United States Federal Income Tax Considerations

The following is a summary of certain U.S. federal income tax considerations relating to the purchase, ownership, and disposition of a Note by a U.S. holder (as defined below) who purchases such Note pursuant to, and at the price set forth on the cover of, this prospectus supplement and holds the Note as a capital asset (generally, property held for investment) within the meaning of Section 1221 of the *Internal Revenue Code of 1986*, as amended (the Code). This summary is based upon the Code, administrative pronouncements, judicial decisions and regulations of the Treasury Department thereof, all as currently in effect and all of which are subject to change or different interpretations, possibly with retroactive effect. This summary does not describe all of the U.S. federal income tax considerations that may be relevant to U.S. holders (as defined below) in light of their particular circumstances or to holders subject to special treatment under U.S. federal income tax law, such as financial institutions; insurance companies; traders or dealers in securities or currencies; partnerships and their partners; regulated investment companies; real estate investment trusts; tax-exempt organizations; persons holding a Note as part of a straddle, hedge, conversion, constructive sale, or other integrated security transaction for U.S. federal income tax purposes; or persons having a functional currency other than the U.S. dollar.

For purposes of this summary, a U.S. holder is a beneficial owner of a Note that, for U.S. federal income tax purposes, is (i) an individual who is a citizen or resident of the U.S., (ii) a corporation, or other entity treated as a corporation for U.S. federal income tax purposes, that is created in or organized under the law of the U.S., any State thereof, or the District of Columbia, (iii) an estate the income of which is includible in gross income for U.S. federal income tax purposes regardless of its source, or (iv) a trust (A) the administration of which is subject to the primary supervision of a U.S. court and which has one or more U.S. persons who have the authority to control all substantial decisions of the trust, or (B) that elected to be subject to tax as a United States person under the Code.

If a partnership, or other entity or arrangement treated as a partnership for U.S. federal income tax purposes, owns a Note, the tax treatment of the partner in the partnership will depend upon the status of the partner and the activities of the partnership. Partners in a partnership that own a Note should consult their own tax advisors as to the particular U.S. federal income tax consequences applicable to them.

Prospective investors should consult their own tax advisors with regard to the application of the tax considerations discussed below to their particular situations as well as the application of any state, local, foreign or other tax laws, including gift and estate tax laws.

Table of Contents

Payment of Interest

In general, interest (including any Additional Amounts) paid or payable on a Note to a U.S. holder will be included in the gross income of a U.S. holder as ordinary interest income at the time it is accrued or received, in accordance with such holder's method of accounting for U.S. federal income tax purposes.

A U.S. holder that uses the cash method of tax accounting will be required to include in income the U.S. dollar value of each Canadian dollar interest payment based on the spot rate of exchange on the date such interest payment is received, regardless of whether the payment is converted into U.S. dollars. If the interest payment is converted upon the date of receipt, a U.S. holder generally should not be required to recognize foreign currency gain or loss in respect of the interest income.

A U.S. holder that uses the accrual method of tax accounting will generally be required to include interest income on the Note in Canadian dollars and translate such accrued interest income into U.S. dollars at the average exchange rate for the accrual period (or, with respect to an accrual period that spans two taxable years, at the average exchange rate for the partial period within the relevant taxable year). Such a holder will recognize exchange gain or loss with respect to any accrued interest income on the date that payment in respect of such interest income is received in an amount equal to the difference between (i) the U.S. dollar value of such payment, based on the spot rate of exchange on the date such payment is received, and (ii) the U.S. dollar value of the amount of interest income accrued in respect of such payment. Any such foreign currency gain or loss will generally be treated as U.S. source ordinary income or loss. Notwithstanding the rule regarding the translation of accrued interest income described above, an accrual method U.S. holder may elect to translate accrued interest income using the spot rate in effect on the last day of the accrual period (or, with respect to an accrual period that spans two taxable years, using the spot rate in effect on the last day of the relevant taxable year). If such election is made and the last day of an accrual period is within five business days of the date of receipt of the accrued interest, a U.S. holder may translate such interest using the spot rate in effect on the date of such receipt. This election must be applied consistently to all debt instruments from year to year and cannot be changed without consent of the U.S. Internal Revenue Service.

Sale, Exchange, Redemption or Other Taxable Disposition of a Note

Upon the sale, exchange, redemption or other taxable disposition of a Note, a U.S. holder will generally recognize capital gain or loss equal to the difference between (i) the amount of cash received plus the fair market value of any property received on such disposition (other than (a) amounts attributable to accrued interest not previously included in income, which will be subject to tax as foreign source interest income, as discussed above, and (b) exchange gain or loss with respect to the principal amount of the Note, as discussed below) and (ii) such holder's adjusted tax basis in the Note. A U.S. holder's adjusted tax basis in a Note will generally be the U.S. dollar value of the Canadian dollar purchase price on the date of purchase calculated at the spot rate of exchange on that date. The conversion of U.S. dollars into Canadian dollars and the immediate use of those Canadian dollars to purchase a Note will generally not result in a taxable gain or loss to the U.S. holder. Upon the sale, exchange, redemption, or other taxable disposition of a Note, the amount realized by a U.S. holder will be the U.S. dollar value of the Canadian dollar received calculated at the spot rate of exchange on the date of disposition.

Except as discussed below in connection with foreign currency gain or loss on a sale, exchange, redemption, or other taxable disposition of a Note, such gain or loss attributable to the sale, exchange, redemption, or other taxable disposition of a Note will be long-term gain or loss if the U.S. holder's holding period for the Note exceeds one year. Gain or loss, if any, recognized by a U.S. holder will generally be treated as U.S. source gain or loss, as the case may be, for U.S. foreign tax credit limitation purposes. The deductibility of capital losses is subject to limitations under the Code.

U.S. holders are required to recognize any gain or loss attributable to changes in currency exchange rates upon the sale, exchange, redemption, or other taxable disposition of a Note. Such gain or loss will be subject to tax as

Table of Contents

U.S. source ordinary income or loss. Exchange gain or loss with respect to the principal amount of a Note will generally equal the difference between: (i) the U.S. dollar value of the Canadian dollar purchase price of the Note determined using the spot exchange rate on the date of the sale, exchange, redemption, or other taxable disposition, and (ii) the U.S. dollar value of the Canadian dollar purchase price of the Note, determined using the spot exchange rate on the date the U.S. holder purchased the Note. Such gain or loss will be recognized only to the extent of the total gain or loss realized by the U.S. holder on a sale, exchange, redemption, or other taxable disposition of the Note.

Receipt and Disposition of Canadian Dollars

Canadian dollars received as interest on, or on a disposition of, a Note will have a tax basis equal to their U.S. dollar equivalent determined at the spot rate on the date such interest is received or at the time such proceeds are received. The amount of gain or loss recognized on a sale or other disposition of such Canadian dollars will be equal to the difference between (i) the amount of U.S. dollars, or the fair market value in U.S. dollars of the other property received in such sale or other disposition, and (ii) the U.S. holder's tax basis in such Canadian dollars.

A U.S. holder that purchases a Note with previously owned Canadian dollars will generally recognize gain or loss in an amount equal to the difference, if any, between such holder's tax basis in such Canadian dollars and the U.S. fair market value of such Note on the date of purchase. Any such gain or loss will generally be ordinary income or loss and will not be treated as interest income or expense. The conversion of U.S. dollars to Canadian dollars and the immediate use of such currency to purchase a Note generally will not result in any foreign currency gain or loss for a U.S. holder.

Common Share Conversion Right

The Company shall provide notice to each holder of Common Shares at least 10 days before the record date in respect of each general meeting of shareholders of the Company at which the holders of the Non-Voting Shares will be entitled to vote as a class. In the event that it appears from the central securities register of the Company that, or in the event of a Directors' determination (as provided for in the articles of the Company) that there is a contravention of the *Non-Canadian Share Constraint*: (a) the Company may pursuant to a Directors' determination make a public announcement, whether by press release, newspaper advertisements or otherwise, reasonably expected to inform the markets in which voting shares are traded of the contravention; and (b) the Company may refuse to (i) accept any subscription for voting shares from any non-Canadian, (ii) issue any voting shares to any non-Canadian, (iii) register or otherwise recognize the transfer of any

voting shares from any Canadian to any non-Canadian, or (iv) purchase or otherwise acquire any voting shares, except as provided in the articles of the Company.

In the event of a Directors' determination that there is a contravention of the Non-Canadian Share Constraint and that to do so would be practicable and would not be unfairly prejudicial to, and would not unfairly disregard the interests of, persons beneficially owning or controlling voting shares who are non-Canadians, the Company shall send a disposition notice to the registered holders of such of those voting shares as shall be chosen on the basis of inverse order of registration of all non-Canadians. The Company may, by Directors' determination, suspend all rights of a shareholder to vote that would otherwise be attached to any voting shares beneficially owned, or controlled, by non-Canadians so that the proportion of the voting shares beneficially owned, or controlled, or considered by the Telecommunications Regulations, the Radiocommunication Regulations or the Broadcasting Direction to be beneficially owned, or controlled, by non-Canadians and with respect to which voting rights are not suspended is reduced to not more than the Restricted Percentage of the total issued and outstanding voting shares of the Company. Any disposition notice required to be sent to a registered holder of shares pursuant to the foregoing shall, among other things:

(a) specify a date, which shall not be less than 60 days, after the date of the disposition notice, by which the excess voting shares are to be sold or otherwise disposed of or, if the Directors determine it to be in the interest of the Company to permit a conversion, converted into Non-Voting Shares; and (b) state that unless (i) the registered holder either sells or otherwise disposes of or converts the excess voting shares into Non-Voting Shares by the date specified in the disposition notice on a basis that does not result in any contravention of the Non-Canadian Share Constraint and provides to the Company written evidence satisfactory to the Company of such sale, other disposition or conversion, or (ii) provides written evidence satisfactory to the Company that no such sale, other disposition or conversion of excess voting shares is required, such default shall result in the consequence of suspension of voting rights and may result in a consequence of sale or conversion or repurchase or redemption and the disposition notice shall specify in reasonable detail the nature and timing of those consequences.

TELUS Shareholder Rights Plan

TELUS first adopted a shareholder rights plan in March 2000, which expired on March 20, 2010. The Board of Directors adopted a substantially similar shareholder rights plan (the Rights Plan) on March 12, 2010, which was ratified by shareholders of both classes at the May 2010 annual and special meeting. Under the Rights Plan, TELUS issued one right (a Series A Right) in respect of each Common Share outstanding as at such date and issued one right (a Series B Right) in respect of each Non-Voting Share outstanding as of such date. The Rights Plan has a term of just over nine years, subject to shareholder confirmation every three years. Each Series A Right or Series B Right, other than those held by an Acquiring Person (as defined in the Rights Plan) and certain of its related parties, entitles the holder in certain circumstances following the acquisition by an Acquiring Person of 20% or more of the Common Shares (otherwise than through the Permitted Bid requirements of the Rights Plan) to purchase from TELUS \$320 worth of Common Shares or Non-Voting Shares for \$160 (i.e., at a 50% discount) respectively.

DESCRIPTION OF WARRANTS

This section describes the general terms that will apply to any warrants (the Warrants) for the purchase of Equity Securities (the Equity Warrants) or for the purchase of Debt Securities (the Debt Warrants).

Warrants may be offered separately or together with Equity Securities or Debt Securities, as the case may be. Each series of Warrants will be issued under a separate Warrant agreement to be entered into between the Company and one or more banks or trust companies acting as Warrant agent. The applicable Prospectus Supplement will include details of the Warrant agreements covering the Warrants being offered. The Warrant agent will act solely as the agent of the Company and will not assume a relationship of agency with any holders of Warrant certificates or beneficial owners of Warrants. The specific terms of the Warrants, and the extent to which the general terms described in this section apply to those Warrants, will be set forth in the applicable Prospectus Supplement.

Original purchasers of Equity Warrants or Debt Warrants (if offered separately) will be granted a contractual right of rescission against the Company in respect of the conversion, exchange or exercise of such Equity Warrant or Debt Warrant. The contractual right of rescission will entitle such original purchasers to receive the amount paid upon conversion, exchange or exercise, upon surrender of the underlying securities gained thereby, in the event that this Prospectus (as supplemented or amended) contains a misrepresentation, provided that: (i) the conversion, exchange or exercise takes place within 180 days of the date of the purchase of the convertible, exchangeable or exercisable security

under this Prospectus; and (ii) the right of rescission is exercised within 180 days of the date of the purchase of the convertible, exchangeable or exercisable security under this Prospectus. This contractual right of rescission will be consistent with the statutory right of rescission described under section 131 of the *Securities Act* (British Columbia), and is in addition to any other right or remedy available to original purchasers under section 131 of the *Securities Act* (British Columbia) or otherwise at law.

Original purchasers are further advised that in certain provinces the statutory right of action for damages in connection with a prospectus misrepresentation is limited to the amount paid for the convertible, exchangeable or exercisable security that was purchased under a prospectus, and therefore a further payment at the time of conversion, exchange or exercise may not be recoverable in a statutory action for damages. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province for the particulars of these rights, or consult with a legal advisor.

DESCRIPTION OF SHARE PURCHASE CONTRACTS

AND SHARE PURCHASE OR EQUITY UNITS

The Company may issue share purchase contracts, including contracts obligating holders to purchase from the Company, and the Company to sell to the holders, a specified number of Equity Securities, at a future date or dates, or similar contracts issued on a prepaid basis (in each case, Share Purchase Contracts). The price per Equity Security and the number of Equity Securities may be fixed at the time the Share Purchase Contracts are issued or may be determined by reference to a specific formula set forth in the Share Purchase Contracts. The Share Purchase Contracts will require either the share purchase price be paid at the time the Share Purchase Contracts are issued or that payment be made at a specified future date. The Share Purchase Contracts may be issued separately or as part of units consisting of a Share Purchase Contract and Debt Securities or obligations of third parties (including U.S. treasury securities) (the Share Purchase or Equity Units), and may or may not serve as collateral for a holder's obligations. The Share Purchase Contracts may require holders to secure their obligations thereunder in a specified manner. The Share Purchase Contracts also may require the Company to make periodic payments to the holders of the Share Purchase Contracts or *vice versa*, and such payments may be unsecured or refunded on some basis.

The applicable Prospectus Supplement will describe the terms of the Share Purchase Contracts or Share Purchase or Equity Units. The description in the Prospectus Supplement will not necessarily be complete, and reference will be made to the Share Purchase Contracts, and, if applicable, collateral, depositary or custodial arrangements, relating to the Share Purchase Contracts or Share Purchase or Equity Units. Material United States and Canadian federal income tax considerations applicable to the holders of the Share Purchase or Equity Units and the Share Purchase Contracts will also be discussed in the applicable Prospectus Supplement.

Original purchasers of Share Purchase Contracts or Share Purchase or Equity Units will be granted a contractual right of rescission against the Company in respect of the conversion, exchange or exercise of such Share Purchase Contract or Share Purchase or Equity Unit. The contractual right of rescission will entitle such original purchasers to receive the amount paid upon conversion, exchange or exercise, upon surrender of the underlying securities gained thereby, in the event that this Prospectus (as supplemented or amended) contains a misrepresentation, provided that: (i) the conversion, exchange or exercise takes place within 180 days of the date of the purchase of the convertible, exchangeable or exercisable security under this Prospectus; and (ii) the right of rescission is exercised within 180 days of the date of the purchase of the convertible, exchangeable or exercisable security under this Prospectus. This contractual right of rescission will be consistent with the statutory right of rescission described under section 131 of the *Securities Act* (British Columbia), and is in addition to any other right or remedy available to original purchasers under section 131 of the *Securities Act* (British Columbia) or otherwise at law.

Original purchasers are further advised that in certain provinces the statutory right of action for damages in connection with a prospectus misrepresentation is limited to the amount paid for the convertible, exchangeable or exercisable security that was purchased under a prospectus, and therefore a further payment at the time of conversion, exchange or exercise may not be recoverable in a statutory action for damages. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province for the particulars of these rights, or consult with a legal advisor.

No service charge will be made for any transfer, conversion or exchange of the Securities but the Company may require payment of a sum to cover any transfer tax or other governmental charge payable in connection therewith. Such transfer, conversion or exchange will be effected upon such registrar or transfer agent being satisfied with the documents of title and the identity of the Person making the request. If a Prospectus Supplement refers to any registrar or transfer agent designated by the Company with respect to any issue of Securities, the Company may at any time rescind the designation of any such registrar or transfer agent and appoint another in its place or approve any change in the location through which such registrar or transfer agent acts.

In the case of book-entry only securities, a global certificate or certificates representing the Securities will be held by a designated depository for its participants. The Securities must be purchased or transferred through such participants, which includes securities brokers and dealers, banks and trust companies. The depository will establish and maintain book-entry accounts for its participants acting on behalf of holders of the Securities. The interests of such holders of Securities will be represented by entries in the records maintained by the participants. Holders of Securities issued in book-entry only form will not be entitled to receive a certificate or other instrument evidencing their ownership thereof, except in limited circumstances. Each holder will receive a customer confirmation of purchase from the participants from which the Securities are purchased in accordance with the practices and procedures of that participant.

Such underwriters, dealers and agents may be customers of, engage in transactions with, or perform services for, the Company in the ordinary course of business.

In connection with any offering of Securities, the underwriters or agents may, subject to applicable law, over-allot or effect transactions which stabilize or maintain the market price of the Securities offered at a level above that which might otherwise prevail in the open market. Such transactions, if commenced, may be discontinued at any time.
