PROXY STATEMENT
ANNUAL MEETING OF SHAREHOLDERS
OF
AUBURN NATIONAL BANCORPORATION, INC.
TO BE HELD MAY 12, 2015

General

This Proxy Statement is being furnished to the shareholders of Auburn National Bancorporation, Inc. (the "Company"), a Delaware corporation registered as a bank holding company under the Bank Holding Company Act of 1956, as amended (the "BHC Act"), in connection with the solicitation of proxies by the Company's Board of Directors from holders of the outstanding shares of the Company's \$.01 par value Common Stock ("Common Stock") for the 2015 Annual Meeting of Shareholders of the Company (collectively, with any adjournments or postponements, the "Meeting"). Unless the context otherwise requires, the term "Company" includes the Company's subsidiary, AuburnBank (the "Bank"). The Company's Common Stock is listed on the Nasdaq Global Market under the symbol "AUBN".

The Meeting is being held to consider and vote upon: (i) the election of 10 directors to the Board of Directors; (ii) the compensation of the Company's named executive officers (as defined below), on a non-binding advisory basis, as disclosed in this Proxy Statement (a "say-on-pay proposal"); and (iii) such other matters as may properly come before the Meeting.

The Company's Board of Directors knows of no business that will be presented for consideration at the Meeting other than the matters described in this Proxy Statement.

This Proxy Statement and the Proxy are first being mailed on or about April 10, 2015, to Company shareholders of record as of the close of business on March 13, 2015 (the "Record Date"). The Company's 2014 Annual Report (the "Annual Report"), including financial statements for the fiscal year ended December 31, 2014, accompanies this Proxy Statement.

Each shareholder is entitled to one vote on each proposal for each share of Common Stock held as of the Record Date. In determining whether a quorum exists at the Meeting for purposes of all matters to be voted on, all votes for or against, as well as all abstentions (including votes to withhold authority to vote in certain cases), will be counted as shares present, and a quorum will exist if a majority of the shares outstanding and entitled to vote at the meeting are present. Under Delaware law, the vote required for the election of directors is a plurality of the votes cast by the shares present, in person or by proxy, at the Meeting, provided a quorum is present. Consequently, with respect to the election of directors, abstentions and broker non-votes will not be counted in determining whether the proposal has received the requisite number of votes for approval. Although on the ballot, the say-on-pay proposal is only a non-binding, advisory vote. This means that the Board of Directors will not be required to take any action on this matter regardless of the number of shares voted in favor of or against the proposal. However, the Board of Directors wants to understand the view of the Company's shareholders on the Company's executive compensation program, so your consideration and vote on this matter will be taken seriously by the Board of Directors. The votes that shareholders cast for the say-on-pay proposal must exceed the number of votes cast against the proposal to pass. Abstentions and broker non-votes will not be counted in determining whether the proposal has received the requisite number of votes for approval. Unless otherwise required by the Company's Certificate of Incorporation or Amended and Restated Bylaws ("Bylaws"), or by the Delaware General Corporation Law or other applicable law, any other proposal that is properly brought before the Meeting will require approval by the affirmative vote of a majority of all votes cast at the Meeting with respect to such proposal. With respect to any such proposal, abstentions and broker non-votes will not be counted in determining whether such proposal has received the requisite number of votes for approval.

The Company's principal executive offices are located at 100 N. Gay Street, Auburn, Alabama 36830, and its telephone number is (334) 821-9200. The Company maintains an internet website at www.auburnbank.com.

Record Date, Solicitation and Revocability of Proxies

The Record Date for the Meeting has been set as the close of business on March 13, 2015. Accordingly, only holders of record of shares of Common Stock on the Record Date will be entitled to vote at the Meeting. At the close of business on such date, there were approximately 3,643,378 shares of Common Stock issued and outstanding, which were held by approximately 434 shareholders of record.

Shares of Common Stock represented by a properly executed Proxy, if such Proxy is received in time and is not revoked, will be voted at the Meeting in accordance with the instructions indicated in such Proxy. **If you properly execute and return your Proxy but do not indicate any voting instructions with respect to one or more matters to be voted upon at the Meeting, or if your voting instructions are unclear, your shares will be voted in accordance with the recommendation of the Board of Directors as to all such matters. Specifically, your shares will be voted FOR the election of all director nominees, and FOR the advisory approval of the say-on-pay proposal, as well as in the discretion of the persons named as proxies on all other matters that may properly come before the Meeting.**

A shareholder who has given a Proxy may revoke it at any time prior to its exercise at the Meeting by either (i) giving written notice of revocation to the Company's Secretary, (ii) properly submitting to the Company a duly executed Proxy bearing a later date, or (iii) appearing in person at the Meeting and voting in person by written ballot. All written notices of revocation or other communications with respect to revocation of Proxies should be addressed as follows: Auburn National Bancorporation, Inc., P.O. Box 3110, Auburn, Alabama 36831-3110, Attention: C. Wayne Alderman, Secretary.

Proxy Solicitation Costs

The cost of soliciting Proxies for the Meeting will be paid by the Company. The Company's officers may also solicit proxies by telephone or otherwise, but will not receive additional compensation for these activities. In addition to the solicitation of shareholders of record by mail, telephone, facsimile, or personal contact, the Company may also make arrangements with brokers, dealers, banks, or voting trustees or their nominees who can be identified as record holders of Common Stock to forward this proxy statement and the 2014 Annual Report to beneficial owners of Common Stock. The Company will reimburse them for the reasonable expenses in connection with these services.

PROPOSAL #1 ELECTION OF DIRECTORS

Proxies cannot be voted for a greater number of persons than the number of nominees specified herein. Cumulative voting for directors is not permitted. All shares represented by valid Proxies received and not revoked before they are exercised will be voted in the manner specified therein. CORPORATE GOVERNANCE

Board Leadership Structure

The Board of Directors does not have a policy with respect to the separation of the offices of Chairman and the Chief Executive Officer. The Board believes this issue is part of the succession planning process and that it is in the best interests of the Company and our shareholders to retain the flexibility to combine or separate these functions. At this time, the Board believes there are a number of important advantages of combining the positions of Chairman and Chief Executive Officer, including the following:

Mr. E. L. Spencer, Jr., with 40 years of experience at the Company, including 25 years as Chief Executive Officer, has the knowledge, expertise, and experience to understand the opportunities and challenges facing the Company, as well as the leadership and management skills to promote and execute our values and strategy, particularly during the current difficult economic environment;

Combining the positions allows Mr. E. L. Spencer, Jr., to lead Board discussions regarding our business and strategy, and provides unified leadership for the Company;

Combining the positions creates a firm link between management and the Board and promotes the development and implementation of corporate strategy; and

Combining the positions allows timely communication with the Board on critical business matters given the complexity of our business.

The Board also believes that combining the positions of Chairman and Chief Executive Officer does not undermine the independence of the Board. The Company's Board is comprised of Mr. E. L. Spencer, Jr. and nine other directors, six of whom satisfy the Nasdaq's listing standards regarding independence. The Company has established an independent director committee. Anne M. May is currently the chairperson of the committee and therefore is formally identified as the Lead Independent Director. Our corporate governance guidelines provide that the independent directors will meet at least semi-annually in executive session without management present.

The Company believes the foregoing structure, policies and practices, when combined with the Company's other governance policies and procedures, provide appropriate oversight, discussion and evaluation of decisions and direction from the Board of Directors.

Board's Role in Risk Oversight

The Board of Directors maintains oversight responsibility of the management of the Company's risks. A fundamental part of risk management is not only understanding the risks the Company faces and what steps management is taking to manage those risks, but also understanding what level of risk is appropriate for the Company. The full Board of Directors reviews with management its process for managing enterprise risk.

While the Board of Directors maintains the ultimate oversight responsibility for risk management, certain of the Board's committees have been assigned responsibility for risk management oversight of specific areas. These responsibilities include:

the Compensation Committee evaluating, with our senior officers, risks posed by our compensation programs and seeking to limit any unnecessary or excessive risks these programs may pose to us, in order to avoid programs that might encourage such risks. The Compensation Committee's role and its relationship with the Board are more fully described under Committees of the Board Compensation Committee and Compensation Committee Report ;

the Audit and Compliance Committee overseeing risks related to our financial statements, our compliance with legal and regulatory requirements, our financial reporting process and system of internal controls. The Audit and Compliance Committee also evaluates the performance of our independent auditors and our internal auditing department. The Audit Committee periodically meets privately

Edgar Filing: AUBURN NATIONAL BANCORPORATION, INC - Form DEF 14A

in separate executive sessions with management, our internal audit department, and the independent auditors. The Audit and Compliance Committee's role and its relationship with the Board are more fully described under Committees of the Board - Audit and Compliance Committee ; and

the Strategic Planning Committee reviewing management and adjusting our risk assessment during the Company's annual strategic planning process. The Strategic Planning Committee's role and its relationship with the Board are more fully described under Committees of the Board Strategic Planning Committee .

While each of these committees is responsible for evaluating certain risks and overseeing the management of these risks, the entire Board of Directors is regularly informed through committee reports about such risks. In addition, each of the Company's directors serves on the Bank's Board of Directors. We believe that Board committees that report at the Bank level are critical to the Company's risk management processes. These committees include the Director's Loan Committee, Asset/Liability Committee, Information Technology/Information Security (IT/IS) Steering Committee, Operations and Bank Secrecy Act (BSA) Committee. These committees each play a role in monitoring the following risks to the Bank and Company: credit, liquidity, interest rate, operational, reputational, compliance, and information technology and security risks.

Director Nominating Process

The Nominating and Corporate Governance Committee, in consultation with the Chairman of the Board, monitors existing director qualifications and periodically examines the composition of the Company's Board of Directors and determines whether the Board of Directors would better serve its purposes with the addition of one or more directors. This assessment includes, among other relevant factors, in the context of the perceived needs of the Board at that time, issues of experience, reputation, judgment, diversity and skills.

If the Nominating and Corporate Governance Committee determines that adding a new director is advisable or if a vacancy on the Board arises, the Nominating and Corporate Governance Committee initiates the search, working with other directors, management and, if it deems appropriate or necessary, a search firm retained to assist in the search. The Nominating and Corporate Governance Committee will consider all appropriate candidates proposed by management, directors and shareholders. Information regarding potential candidates is presented to the Nominating and Corporate Governance Committee, which then evaluates the candidates based on the needs of the Board of Directors at that time and the criteria listed above. Potential candidates are evaluated according to the same criteria, regardless of whether the candidate was recommended by the Nominating and Corporate Governance Committee, a shareholder, another director, management or another third party. The Nominating and Corporate Governance Committee then meets to consider the selected candidate(s) and submits the approved candidate(s) to the full Board of Directors for approval and recommendation to the shareholders. Although neither the Board nor the Nominating and Corporate Governance Committee has a formal policy with regard to the consideration of diversity in identifying director nominees, the director nomination process is designed to ensure that the Board considers members with diverse backgrounds, including race, ethnicity, gender, education, skills and experience, with a focus on appropriate financial and other expertise relevant to the company's business, and also considers issues of judgment, conflicts of interest, integrity, ethics and commitment to the goal of maximizing shareholder value. The goal of this process is to assemble a group of directors with deep, varied experience, sound judgment and commitment to the company's success.

Subject to the requirements of the Company's Certificate of Incorporation and Amended and Restated Bylaws, as well as any requirements of law or regulation, any shareholder entitled to vote for the election of directors may recommend a director nominee. Advance notice of such proposed nomination must be received by the Secretary of the Company not less than 21 days nor more than 60 days prior to any meeting of the shareholders called for the election of directors. Nominations should be submitted in writing to the Secretary of the Company specifying the nominee's name and other required information set forth in the Company's Bylaws. In 2014, there were no shareholder recommendations received, and no third party search firms were used to identify director candidates.

Shareholder Communications

Shareholders who wish to communicate with the Board, or any individual director or group of directors, may do so by sending written communications addressed to: Board of Directors of Auburn National Bancorporation, Inc., c/o C. Wayne Alderman, Secretary, Auburn National Bancorporation, Inc., 100 N. Gay Street, P.O. Box 3110, Auburn, Alabama, 36831-3110. All information will be compiled by the Secretary of the Company and submitted to the Board of Directors or each applicable director at the next regular meeting of the Board of Directors.

Meetings of the Board of Directors

The Boards of Directors of the Company and the Bank, as well as the committees of the Company's and Bank's Boards of Directors, generally hold meetings in tandem. The Company's Board of Directors held 12 meetings during 2014. All directors attended at least 75% of all meetings of the Company's Board of Directors and each committee on which they served. All of the Company's directors are encouraged to attend the Company's annual meetings of shareholders. All of the Company's directors attended the 2014 Annual Meeting of Shareholders.

The Audit Committee has the responsibilities set forth in the Audit Committee Charter, including reviewing the Company's financial statements, evaluating internal accounting controls, reviewing reports of regulatory authorities and determining that all audits and examinations required by law are performed. It appoints independent auditors, reviews and approves their audit plan and reviews with the independent auditors the results of the audit and management's response thereto. The Audit Committee also reviews the adequacy of the internal audit budget and personnel, the internal audit plan and schedule, and results of audits performed by the internal audit staff. The Audit Committee is responsible for overseeing the entire audit function and appraising the effectiveness of internal and external audit efforts. This committee held 15 meetings in 2014. The Board of Directors has determined that C. Wayne Alderman and Terry W. Andrus, members of the Audit Committee, are audit committee financial experts, as defined by SEC rules.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee is composed of Anne M. May, J. Tutt Barrett and Terry W. Andrus, all of whom are independent directors as defined in the Nasdaq listing standards. The purpose of the Nominating and Corporate Governance Committee is to identify individuals qualified to become members of the Company's Board of Directors and recommend to the Board the director nominees for the next annual meeting of shareholders. This committee also takes a leadership role in shaping corporate governance policies and practices of the Company. The responsibilities and duties of the Nominating and Corporate Governance Committee are more fully set out in the Nominating and Corporate Governance Committee Charter. The Nominating and Corporate Governance Committee held one meeting in 2014.

Independent Directors Committee. The Independent Directors Committee was formed to meet Nasdaq listing standards, which require that the Company's independent directors meet separately from the other directors in regularly scheduled executive sessions at least twice annually, and at such other times as may be deemed appropriate by the Company's independent directors. Nasdaq listing standards also require that a majority of the Company's directors be independent directors. The Board has affirmatively determined that the following directors, constituting a majority of the Company's Board of Directors, are independent directors: William F. Ham, Jr., C. Wayne Alderman, David E. Housel, J. Tutt Barrett, Anne M. May and Terry W. Andrus. The Company's Board of Directors has appointed Anne M. May to serve as the Board's Lead Independent Director. PROPOSAL #2 ADVISORY VOTE ON EXECUTIVE COMPENSATION

The purpose of the Company's compensation policies and procedures is to attract and retain experienced, highly qualified executives critical to our long-term success and enhancement of shareholder value. The Board believes our compensation policies and procedures achieve this objective, and therefore recommend shareholders vote **FOR** the say-on-pay proposal through approval of the following resolution:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed in the Company's Proxy Statement for the 2015 Annual Meeting of Shareholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables and any related material disclosed in the Proxy Statement, is hereby APPROVED.

This say-on-pay proposal gives you as a shareholder the opportunity to endorse or not endorse the compensation we pay to our named executive officers (identified in Compensation Disclosure and Analysis below) by voting to approve or not approve such compensation as described in this Proxy Statement. This vote is advisory, which means that it is not binding on the Company, the Board or the Compensation Committee. However, the Board and the Compensation Committee will consider the outcome of the vote when considering future executive compensation arrangements.

In last year's Proxy Statement for the 2014 Annual Meeting, a similar advisory vote was requested by the Company. The results of last year's vote were as follows:

	2014 Vote Count	Percent

Against	41,325	2%
Abstain	31,573	2%
	2,036,469	100%

We encourage you to closely review our Compensation Discussion and Analysis included herein and the tabular summary compensation disclosure that follows it. Most of our tabular disclosure is backward-looking. When possible, we have discussed our plans for changes to compensation practices for the current year and beyond.

We have included this proposal in our Proxy Statement pursuant to the requirements of the Dodd-Frank Wall Street Reform and Consumer Protection Act and Section 14A of the Securities Exchange Act of 1934.

The Board recommends you vote FOR the approval of this Resolution related to the compensation of the Company's named executive officers.

COMPENSATION DISCUSSION AND ANALYSIS

Overview

The following discussion and analysis are focused on the compensation of the Company’s executive officers, with additional detail provided for the Company’s named executive officers. The Company’s named executive officers are the Company’s Chief Executive Officer (Mr. E. L. Spencer, Jr.), Chief Financial Officer (Mr. Hedges), and the three other most highly compensated executive officers for 2014 (Messrs. Dumas and Bishop and Ms. Hall). Information regarding the compensation of the named executive officers is provided under Executive Compensation following this section.

Compensation Committee

The Compensation Committee of the Company’s Board of Directors oversees the design and administration of the Company’s compensation program. Because officers are compensated only for service at the Bank (and not separately for services to the Company), this compensation program effectively relates to the needs of the Bank. The Compensation Committee’s members are appointed by the Board of Directors, and the Compensation Committee is composed entirely of non-employee, independent directors.

The Compensation Committee:

- establishes the Bank’s compensation philosophy;

- evaluates the Chief Executive Officer’s performance;

- determines benefits and compensation for the Chief Executive Officer;

- reviews the Chief Executive Officer’s recommendations for and approves benefits and compensation for officers other than the Chief Executive Officer;

- makes recommendations to the Board on matters relating to organization and succession of senior management;

- oversees the administration of the Company’s 401(k) plan, which is a defined contribution plan; and

- makes recommendations to the Board concerning director compensation.

The Compensation Committee’s charter reflects these various responsibilities, and the Compensation Committee and the Board annually review the charter.

The authority of the Compensation Committee may not be delegated to persons who are not on the Compensation Committee. Individuals not on the Compensation Committee, including advisors and executive officers, can make recommendations to the Compensation Committee. The Compensation Committee may consider such recommendations at its discretion and such recommendations are not binding on the Compensation Committee.

The Compensation Committee held ten meetings during 2014, the majority of which were executive sessions with no officers or employees present. Our Human Resource Department provides support to the Compensation Committee. All Compensation Committee members are actively engaged in the review of matters presented, and the members regularly communicate with each other and management before and after meetings about compensation issues.

Compensation Program Review

In 2014, the Compensation Committee completed an internal review of the Company's officer compensation program. This review was requested in order to update the Compensation Committee on current compensation levels and compensation program design features. Current compensation program features at banks comparable in asset size, location and performance to the Bank were reviewed and the reasonableness of the Company's officer compensation and benefits program was considered. The Compensation Committee utilized the results of certain compensation surveys and other resources, including a survey by Balanced Comp LLC that considered the salaries of all Bank employees and officers. The internal report completed in 2014 indicated that the Bank's compensation is comparable to other publicly held banks of comparable asset size, location, and performance within the southeast region of the United States, especially the State of Alabama, and provides competitive qualified benefits.

The Compensation Committee expects to continue to review the objectives and elements of the Company's executive compensation program, as well as the methods the Compensation Committee utilizes to determine both the types and amounts of compensation to award to the Company's executive officers.

Compensation Philosophy and Objectives

In making decisions with respect to compensation for its executive officers, the Compensation Committee is guided by a pay-for-performance philosophy. The Compensation Committee believes that a portion of each executive's total compensation opportunity should vary with achievement of the Company's performance goals. In designing the compensation program for the Company's executive officers, the Compensation Committee seeks to achieve the following key objectives:

Motivate Executives. The compensation program should reward employees for strong individual and Company performance and increased compensation should be earned through an employee's increased contribution to the Company.

Alignment with Stockholders. The compensation program should align the interests of management and shareholders by rewarding service based on Company and individual performance.

Attract and Retain Talented Executives. The compensation program should be competitive with compensation paid by other financial institutions of comparable size and performance in the southeastern United States. This objective is intended to enable the Company to attract and retain key personnel in its highly competitive markets.

Mitigating Risk. The compensation program should link compensation to performance in a way that does not encourage unnecessary or excessive risk, and ensure that the structure of the compensation program is consistent with effective controls and strong corporate governance.

The Compensation Committee monitors the various criteria that make up the program and adjusts them as necessary to continue to meet these objectives.

Consideration of Say-On-Pay Vote and Related Matters

The Company's stockholders have the right to vote, on a non-binding basis, on the approval of the compensation of the Company's named executive officers at specified intervals also determined by stockholder vote. The Company's stockholders most recently voted on this matter at the 2014 Annual Meeting of Stockholders. At the 2013 Annual Meeting of Stockholders the stockholders also approved a proposal providing that the stockholders would vote on such compensation every year. As a result, the Company has scheduled a vote, on a non-binding, advisory basis, on the approval of the compensation of the Company's named executive officers at the 2015 Annual Meeting of Stockholders, and intends to schedule this matter again at the 2016 Annual Meeting of Stockholders. The Company intends to provide the stockholders with another vote on the frequency of the votes on the compensation of the Company's named executive officers before the 2019 annual meeting.

At the 2014 Annual Meeting of Stockholders, approximately 96% of the shares voted in person or by proxy voted for the approval of the compensation paid to our named executive officers. The Company believes that this stockholder vote strongly endorses its compensation philosophy and practices. After considering the result of the 2014 advisory vote on executive compensation, the Company did not believe it was necessary to undertake any material changes in the Company's compensation philosophy and practices. In addition to consideration given to the results of any say-on-pay proposal, the Company considers general developments in executive compensation principles and any appropriate direct or indirect input from shareholders, in the development and implementation of the Company's executive compensation philosophy and practices.

Components of Compensation

Executive officer compensation is currently composed of base salary and annual cash bonuses. These components are established based on individual performance as measured by pre-established goals and Company performance relative to pre-established profitability measures. In addition, the Company offers certain basic benefits as described in more detail below.

The Company does not currently have an equity incentive or long-term incentive plan, and, therefore, does not provide equity incentive or long-term incentive awards to its executive officers. The Company's Long-Term Incentive Plan expired in May 2004, with the last of the stock options outstanding thereunder being exercised in 2006. The Compensation Committee will continue to review its options regarding the implementation of an equity incentive or long-term incentive plan. Any equity incentive plans or other long-term incentive plans will consider the appropriate use of common stock and predictable expense recognition, and will be submitted for shareholder approval when necessary and appropriate.

Base Salary

We believe we provide our named executive officers and other officers with the opportunity to earn a competitive annual base salary. We provide this opportunity to attract and retain appropriate talent for the positions, to recognize that similar base salary rates are provided at other companies that we compete with for talent, and to provide a base salary that is not subject to Company performance risk. We believe this component of compensation is desirable because it helps assure stability for the executives, thereby promoting the Company's goal of retaining executive leadership. Base salary levels are also important because we generally tie the amount of incentive compensation and retirement benefits to an executive's base compensation.

An important aspect of base salary is the Compensation Committee's ability to use annual base salary adjustments to reflect an individual's performance or changed responsibilities, as well as changes in our markets. In addition, base salary is designed to provide competitive levels of compensation to executives based upon their experience, duties, and scope of responsibility. The Compensation Committee reviews base salaries of our executive officers on an annual basis in March. Any adjustments to an executive's base salary generally become effective retroactive to January 1st of that year.

In reviewing and adjusting base salaries for officers, the Compensation Committee considers individual performance as determined by the achievement of goals established at the beginning of each year. These goals are tied to the Company's performance, such as increases in loan origination fees, increases in certain types of loans, decreases in past due amounts, etc. The Chief Executive Officer sets these goals with respect to the other executive officers and officers, and the Department Heads set these goals with respect to other employees. The performance goals with respect to the Chief Executive Officer are approved by the Compensation Committee. In addition, the Compensation Committee considers the relationship of base pay in our markets and the individual's responsibilities and duties.

Changes in base pay for officers are recommended by our Department Heads to the Chief Executive Officer, who then evaluates and recommends the changes to the Compensation Committee for approval. Changes in base pay for named executive officers other than the Chief Executive Officer are recommended by the Chief Executive Officer (after the evaluation of their job performance) to the Compensation Committee for approval. Changes in base pay for the Chief Executive Officer are determined by the Compensation Committee after evaluation of his job performance by the Compensation Committee. The Compensation Committee's determinations are then ratified by the full Board of Directors.

Mr. Dumas' performance goals were tied to various measures, including net earnings performance compared to budgeted amounts, satisfactory ratings for the Bank as a result of regulatory examinations, and progress completed toward achievement of goals under the Company's strategic plan. For 2014, the Compensation Committee determined that Mr. Dumas met his performance goals. After reviewing all relevant factors, his 2014 base salary of \$275,000 was adjusted to \$283,250 effective January 1, 2015. In addition, the Compensation Committee approved a 2015 base salary of \$21,642 for Mr. Spencer. This compares to his 2014 base salary of \$21,012. The Compensation Committee considered Mr. Spencer's continued focus on strategic issues and less involvement with day to day operations in making its recommendation.

Cash Bonuses

The Company utilizes cash bonuses as a short-term incentive to promote achievement of AuburnBank's annual Company performance goals. This component of compensation assists in better control of expenses associated with salary increases by reducing the need for significant annual base salary increases as a reward for past performance, and places more emphasis on annual profitability and the potential rewards associated with future performance.

Cash bonuses are based on overall financial performance and profitability of the Company. Cash bonuses are designed to:

support our strategic business objectives;

promote the attainment of specific financial goals;

reward achievement of specific performance objectives; and

encourage teamwork.

Generally speaking, cash bonuses are payable at the discretion of the Board of Directors, based in part on the performance of the Company and the executive during the year compared to their respective goals. However, in making its recommendation to the Board of Directors regarding payment of the cash incentives, the Compensation Committee may consider other factors. Early each year, generally in March, the Chief Executive Officer and other executive officers establish certain annual goals for the Company, which may include return on assets (ROA), return on equity (ROE), earnings, and other operational metrics, asset quality and results of regulatory examinations, among others. The corporate goals are based largely on management's confidential strategic plan and budget for the coming year, which typically includes planned revenue growth, cost containment, and profit improvement. The Board of Directors reviews and approves the corporate goals. The Compensation Committee reviews quarterly the Company's performance against the corporate goals and, if appropriate, accrues an amount based upon past experience and the excess of the budgeted performance for distribution as cash bonuses. Any amounts accrued for potential bonuses may or may not be paid depending upon the Compensation Committee's judgment.

The ultimate amount of cash bonuses, if any, paid to an executive, other than the Chief Executive Officer, depends on the executive's level of participation, including job responsibilities and duties, in the achievement of the corporate goals, as well as the achievement of the individual's goals set as of the beginning of each year. The performance measures for the Chief Executive Officer are based exclusively on corporate performance measures because he holds an office which has a substantial effect on the achievement of these measures.

The Company's performance objectives are intended to promote a group effort by all officers and employees. Each year, officers must set personal and departmental goals that are tied to the accomplishment of the Bank's overall goals. Department Heads approve those goals at the beginning of each year, and at the end of each year complete an analysis that is given to the Chief Executive Officer as to the accomplishment of these goals. The Chief Executive Officer then reviews the results and recommends awards to the Compensation Committee if the Company performance goals have been met. The Chief Executive Officer's recommendations are based on the performance evaluations of officers and employees conducted by the Departmental Heads regarding the accomplishment of goals and the level of responsibility of the individuals. The Compensation Committee then considers and approves awards, if any, and determines the award, if any, to the Chief Executive Officer, and the full Board of Directors ratifies the awards recommended by the Compensation Committee.

The Compensation Committee generally targets annual bonuses to be competitive in our area, for expected levels of performance. Each of the named executive officers may receive a cash bonus, to the extent the Compensation Committee determines to award an officer a cash bonus. Mr. E.L. Spencer, Jr. may elect not to participate, based on the total amount available for bonuses. Cash awards are contingent upon employment with the Bank through the end of the fiscal year and are determined and paid prior to March 15th of each year.

During 2014, the performance goals applicable to the Chief Executive Officer were the accomplishments of certain net earnings, ROA, ROE, earnings per share, loan growth, asset quality, and regulatory examination measures. The performance goals for 2015 may be expanded to include other financial measures as selected by the Compensation Committee.

In 2014, the corporate goals established by the Compensation Committee were considered achieved, so officers were paid a cash bonus in 2015, for their performance related to 2014. In addition, the Company continued to excel in non-financial performance areas, successfully achieving its policy objectives relating to customers, employees and communities.

Benefits

The Company offers a qualified deferred contribution 401(k) plan to provide a tax-advantaged savings vehicle to all employees. We make matching contributions to the 401(k) plan to encourage employees to save money for their retirement. The plan and the Company's contributions to it, enhance the range of benefits we offer to executives and enhance our ability to attract and retain employees. Under the terms of the qualified 401(k) plan, employees must have completed one year of service and worked at least 1,000 hours during that year to participate, and become 100% vested in our matching contributions after six such years. Employees may make elective deferrals from 2% to 10% of their eligible pay, up to the annually adjusted Internal Revenue Service dollar limit. The 401(k) plan provides for discretionary matching contributions up to 6% of eligible pay on the participant's elective deferrals, in an amount to be determined by the Compensation Committee on an annual basis. Since the plan's inception in 1985, we have matched a minimum amount of 50% of the participants' eligible contributions. Matching contributions are usually made in December of each year, and the amount of such contributions is determined based on the Company's performance with respect to the corporate goals used to determine the availability of cash incentives.

In addition, the Company provides health, life, disability and other insurance benefits to its executive officers on the same basis as its other full-time employees.

Employment Agreements

The Company does not have employment agreements with any of its executive officers.

Policy Relative to Code Section 162(m)

The Omnibus Budget Reconciliation Act of 1993 disallows the deduction for certain annual compensation in excess of \$1 million paid to certain executive officers of the Company, unless the compensation qualifies as performance-based compensation under Section 162(m) of the Internal Revenue Code. It is our intent to maximize the deductibility of executive compensation while retaining the discretion necessary to compensate executive officers in a manner commensurate with performance and the competitive market.

At this time, based upon executive compensation levels, the Company does not appear to be at risk of losing deductions under the \$1 million deduction limit. As a result, we have not yet established a formal policy regarding this limit.

Summary

In summary, we believe this mix of base salary and cash incentives motivates our management team to produce strong returns for shareholders. We further believe this program strikes an appropriate balance between the interests and needs of the Company in operating our business and appropriate employee rewards based on creation of shareholder value. In light of these factors, the Compensation Committee reviewed our compensation programs in 2014 and determined that they do not subject the Company to unnecessary or excessive risk or motivate staff members to manipulate earnings and therefore are not reasonably likely to have a material adverse effect on our Company.

COMPENSATION COMMITTEE REPORT

The Compensation Committee reviewed and discussed the Compensation Discussion and Analysis included in this Proxy Statement with management. Based on such review and discussion, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement for filing with the Securities and Exchange Commission.

CERTAIN TRANSACTIONS AND BUSINESS RELATIONSHIPS

Various Company and Bank directors, officers and their affiliates, including corporations and firms of which they are directors or officers or in which they and/or their families have an ownership interest, are customers of the Company and the Bank. These persons, corporations and firms have had transactions in the ordinary course of business with the Company and the Bank, including borrowings, all of which, in the opinion of management, were on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with unaffiliated persons and did not involve more than the normal risk of collectability or present other unfavorable features. Such transactions are subject to review and approval as and to the extent provided in our Audit Committee Charter. The Company and the Bank expect to have such transactions, under similar conditions, with their directors, officers and affiliates in the future.

Regulation O requires loans made to executive officers and directors to be made on substantially the same terms, including interest rates and collateral, and following credit-underwriting procedures, that are no less stringent than those prevailing at the time for comparable transactions by the Bank with other persons. Such loans also may not involve more than the normal risk of repayment or present other unfavorable features. Additionally, no event of default may have occurred (that is, such loans are not disclosed as non-accrual, past due, restructured or potential problems). Pursuant to Regulation O, the Board of Directors must review any loan to a director or his or her related interests that has become criticized in order to determine the impact that such classification has on the director's independence. In addition, the Audit Committee Charter provides that the Audit Committee will review and approve all related-party transactions. This includes a review of the Company's compliance with applicable banking laws, including, without limitation, those banking laws and regulations concerning loans to insiders.

In 2014 the Bank paid an aggregate of \$60,000 to J & L Contractors for building renovations and entered into a contract with J & L Contractors to build the leasehold improvements in connection with a relocation of a bank branch in 2015. The Bank has made payments of approximately \$153,000 during 2015 pursuant to this contract and \$367,000 for other construction work in 2013. See Note 18 to our financial statements included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2014. Evans Realty, Inc., the majority owner of J & L Contractors, is owned by Mr. Evans, a director of the Company and the Bank. In accordance with the Company's Audit Committee Charter, all these contracts are subject to review and approved by the Audit Committee. The Company expects to engage J & L Contractors in the future for similar work, including a proposed contract for approximately \$1,000,000 to build a new branch office in 2015.

Other than the transactions disclosed above, none of the directors of the Company serves as an executive officer of, or owns, or during 2013 or 2014 owned, of record or beneficially, greater than 5% equity interest in any business or professional entity that has made or received during 2013 or 2014, or proposes to make or receive during 2015, payments to or from the Company or the Bank for property or services in excess of the lesser of \$120,000 or 1% of the Company's average total assets at year end for the last two completed fiscal years.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee is composed of Mr. Andrus, Mr. Barrett, and Ms. May, none of whom is an employee of the Company or is or has been an officer of the Company. Except as follows, no member of the Compensation Committee is an executive officer of another entity on which any of the Company's executives serve on such other entity's compensation committee (or committee performing equivalent functions). Mr. Andrus is the Chief Executive Officer of East Alabama Medical Center (EAMC) and Mr. Dumas serves on the Finance Committee of the board of directors for EAMC. Other than Mr. Dumas, none of the Company's executive officers served as a director for a company that employs as an executive officer any member of the Compensation Committee.

SECTION 16(A) BENEFICIAL OWNERSHIP

REPORTING COMPLIANCE

The Company is subject to Section 16(a) of the Securities Exchange Act of 1934, as amended, which requires the Company's officers and directors, and persons who own more than 10% of a registered class of the Company's equity securities, to file reports of ownership and changes in ownership with the Securities and Exchange Commission. Officers, directors and greater-than-10% shareholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on its review of the copies of Forms 3, 4 and 5 furnished to the Company during and with respect to 2014, or written representations that no Forms 5 were required, the Company believes that all Section 16(a) filing requirements applicable to the Company's and the Bank's officers, directors and greater-than-10% beneficial owners were complied with during 2014.

AUDIT COMMITTEE REPORT

Management is responsible for the Company's internal controls and the financial reporting process. The Company's independent accountants are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (PCAOB) and to issue a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes. In this context, we have met and held discussions with management and the independent accountants. We have reviewed and discussed the Company's audited consolidated financial statements for the fiscal year ended December 31, 2014, with management and the independent accountants. This review included discussions with the Company's independent accountants of matters required to be discussed by PCAOB Auditing Standard No. 16, *Communications with Audit Committees*.

The Company's independent accountants also provided to us the written disclosures and the letter required by Independence Standards Board Standard No. 1, *Independent Discussions with Audit Committees*, and we discussed with the independent accountants that firm's independence.

Based upon our discussions with management and the independent accountants and our review of the representation of management and the report of the independent accountants to the Audit Committee, we recommended that the Board of Directors include the Company's audited consolidated financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2014.

INDEPENDENT PUBLIC ACCOUNTANTS

The Audit Committee of our Board of Directors considers, at least annually, the background, expertise and experience of our independent registered public accountants, the audit team assigned to the Company, and various other relevant matters.

Our Audit Committee determined, after careful consideration, to dismiss KPMG LLP as the Company's independent registered public accounting firm for the year ending December 31, 2015 effective March 30, 2015. At the same meeting, the Audit Committee, effective March 30, 2015, approved the appointment of Elliott Davis Decosimo LLC (Elliott Davis) as the Company's independent registered public accounting firm for the year ended December 31, 2015.

Representatives of both KPMG LLP and Elliott Davis, the Company's former and current independent registered public accounting firms, have been invited and are expected to attend our 2015 annual meeting of the shareholders. Representatives of these firms will be given the opportunity to make a statement if they so desire and will be available to respond to appropriate questions from shareholders.

Change in Independent Registered Public Accounting Firm

As reported on the Company's Current Report on Form 8-K, dated April 2, 2015, the Audit Committee approved the dismissal of KPMG LLP as the Company's independent registered public accounting firm, effective March 30, 2015, for the fiscal year ending December 31, 2015 following KPMG LLP's completion of the audit services for the fiscal year ending December 31, 2014 and the filing of the Company's 2014 Annual Report on Form 10-K.

Effective March 30, 2015, the Audit Committee approved the appointment of Elliott Davis as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2015.

KPMG LLP's reports on the Company's consolidated financial statements for the years ended December 31, 2014 and 2013 did not contain an adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles.

During the Company's two most recent fiscal years ended December 31, 2014 and 2013 and during the subsequent interim period preceding KPMG LLP's dismissal, there were: (i) no disagreements with KPMG LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of the KPMG LLP, would have caused KPMG LLP to make reference to the subject matter of the disagreements in its reports on the consolidated financial statements of the Company; and (ii) no reportable events, as these terms are used in Item 304(a) of SEC Regulation S-K.

During the Company's two most recent fiscal years and the subsequent interim period preceding Elliot Davis's engagement, neither the Company nor anyone on its behalf consulted Elliot Davis regarding either: (i) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's consolidated financial statements, and no written report or oral advice was provided to the Company that Elliott Davis concluded was an important factor considered by the Company in reaching a decision as to the accounting, auditing or financial reporting issue; or (ii) any matter that was subject to a disagreement or reportable event (within the meaning of Item 304(a) of SEC Regulation S-K).

The Company provided KPMG LLP with a copy of the above disclosures and requested that KPMG LLP furnish the Company with a letter addressed to the SEC stating whether or not it agreed with the statements made above. A copy of KPMG LLP's letter dated April 2, 2015 agreeing with the statements made above was attached as Exhibit 16.1 to the Company's Current Report on Form 8-K filed with the SEC on April 2, 2015.

Independent Public Accountants Fees

The following table presents fees for professional audit services rendered by KPMG LLP for the audit of the Company's annual financial statements for the years ended December 31, 2014 and 2013, respectively, and fees billed for other services rendered by KPMG LLP during those periods.

	2014	2013
Audit Fees (1)	\$ 210,000	\$ 200,000
Audit-Related Fees (2)	11,500	19,000
Tax Fees		
All Other Fees		
Total	221,500	219,000

- (1) Includes the aggregate fees billed by KPMG LLP for professional services rendered for the audit of the Company's annual financial statements and review of unaudited financial statements included in the Company's Forms 10-Q filed during fiscal years 2014 and 2013.
- (2) Includes the aggregate fees billed by KPMG LLP for professional services rendered for certain agreed upon procedures and other audit and attestation reports related to compliance matters during fiscal years 2014 and 2013.

Audit Committee Review

The Company's Audit Committee has reviewed the services rendered and the fees billed by KPMG LLP for the fiscal year ended December 31, 2014. The Audit Committee has determined that the services rendered and the fees billed last year that were not related to the audit of the Company's financial statements are compatible with the independence of KPMG LLP as the Company's independent accountants.

Audit Committee Pre-Approval Policy

Under the Audit Committee's Charter and its pre-approval policy, the Audit Committee is required to approve in advance the terms of all audit services provided to the Company as well as all permissible audit related and non-audit services to be provided by the independent public accountants. Unless a service to be provided by the independent public accountants has received approval under the pre-approval policy, it will require specific approval by the Audit Committee. The pre-approval policy is detailed as to the particular services to be provided, and the Audit Committee is to be informed about each service provided. The approval of non-audit services may be performed by the Chairman of the Committee and reported to the full Audit Committee at its next meeting, but may not be performed by the Company's management. The term of any pre-approval is twelve months, unless the Audit Committee specifically provides for a different period.

The Audit Committee will approve the annual audit engagement terms and fees prior to the commencement of any audit work other than that necessary for the independent public accountant to prepare the proposed audit approach, scope and fee estimates. In addition to the annual audit work, the independent public accountants may perform certain other audit related or non-audit services that are pre-approved by the Audit Committee and are not prohibited by regulatory or other professional requirements. Engagements for the annual audit and recurring tax return preparation engagements shall be reviewed and approved annually by the Audit Committee based on the agreed upon engagement terms, conditions and fees. The nature and dollar value of services provided under these engagements shall be reviewed by the Audit Committee to approve changes in terms, conditions and fees resulting from changes in audit scope, Company structure, exchange rates or other items, if any.

In the event audit-related or non-audit services that are pre-approved under the pre-approval policy have an estimated cost in excess of certain dollar thresholds, these services will require specific approval by the Audit Committee or by the Chairman of the Audit Committee. Any proposed engagement must be approved in advance by the Audit Committee or by the Chairman of the Audit Committee applying the principles set forth in the pre-approval policy, prior to the commencement of the engagement. In determining the approval of services by the independent public accountants, the Audit Committee evaluates each service to determine whether the performance of such service would: (a) impair the public accountant's independence; (b) create a mutual or conflicting interest between the public accountant and the Company; (c) place the public accountant in the position of auditing his or her own work; (d) result in the public accountant acting as management or an employee of the Company; or (e) place the public accountant in a position of being an advocate for the Company. In no event are monetary limits the only basis for the pre-approval of services.

All of the services provided by KPMG LLP during 2014 and described above under the caption "Audit Fees" and "Audit-Related Fees" were pre-approved by the Company's Audit Committee pursuant to SEC Regulation S-X, Rule 2-01(c)(7)(i).

In addition, regarding any shareholder proposal that is not submitted for inclusion in the proxy statement and form of proxy relating to the 2016 Annual Meeting of Shareholders, but is instead sought to be presented directly to the shareholders at the 2016 Annual Meeting, management will be able to vote proxies in its discretion if either (i) the Company does not receive notice of the proposal before the close of business on February 25, 2016, or (ii) the Company receives notice of the proposal before the close of business on February 25, 2016, and advises shareholders in the proxy statement for the 2016 Annual Meeting about the nature of the proposal and how management intends to vote on the proposal, unless the shareholder notifies the Company by February 25, 2016, that it intends to deliver a proxy statement with respect to such proposal and thereafter takes the necessary steps to do so.
