Voting

Edgar Filing: IRIDEX CORP - Form DEF 14A

Each stockholder is entitled to one vote for each share of Common Stock held by such stockholder. Holders of Common Stock are the only security holders of the Company entitled to vote at the Annual Meeting. The stockholders may not cumulate votes in the election of directors.

Whether you hold shares directly as the stockholder of record or beneficially in street name, you may direct how your shares are voted without attending the Annual Meeting. If you are a stockholder of record, you may vote by submitting a proxy. If you hold shares beneficially in street name, you may vote by submitting voting instructions to your broker, trustee or nominee. For instructions on how to vote, please refer to the instructions below and those included on your proxy card or Internet Notice or, for shares held beneficially in street name, the voting instructions provided to you by your broker, trustee or nominee.

By mail Stockholders of record of Common Stock may submit proxies by completing, signing and dating their proxy cards and mailing them in the accompanying pre-addressed envelopes. Proxy cards submitted by mail must be received by the time of the meeting in order for your shares to be voted. IRIDEX stockholders who hold shares beneficially in street name may vote by mail by completing, signing and dating the voting instructions provided by their brokers, trustees or nominees and mailing them in the accompanying pre-addressed envelopes.

By Internet Stockholders of record of Common Stock may submit proxies online by following the **Vote by Internet** instructions on their proxy cards or Internet Notice until 1:00 a.m., Central time, on June 17, 2015. Most IRIDEX stockholders who hold shares beneficially in street name may vote by accessing the web site specified in the voting instructions provided by their brokers, trustees or nominees. Please check the voting instructions for Internet voting availability.

By telephone Stockholders of record of Common Stock who live in the United States or Canada may submit proxies by following the **Vote by Telephone** instructions on their proxy cards until 1:00 a.m., Central time, on June 17, 2015. Most IRIDEX stockholders who hold shares beneficially in street name may vote by phone by calling the number specified in the voting instructions provided by their brokers, trustees or nominees. Please check the voting instructions for telephone voting availability.

Revocability of Proxies

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use by (a) delivering to the Company at its principal offices to the attention of the Company's Chief Financial Officer a written notice of revocation or a duly executed proxy bearing a later date or (b) attending the meeting and voting in person.

Solicitation of Proxies

The cost of this solicitation will be borne by the Company. The Company may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to such beneficial owners. Proxies may also be solicited by certain of the Company's directors, officers and regular employees, without additional compensation, personally or by telephone or other electronic means.

Quorum; Abstentions; Broker Non-Votes

Votes cast by a properly submitted proxy card, by telephone, by the Internet or in person at the Annual Meeting will be tabulated by the Inspector of Elections (the **Inspector**). Holders of a majority of shares entitled to vote must be present at the meeting, represented by a properly submitted proxy card, voted by telephone or voted by the Internet in order for a quorum to exist. Except with respect to Proposal One, the Election of Directors, which will be decided by a plurality vote of the votes duly cast at a duly held meeting at which a quorum is present, the affirmative vote of a majority of the votes duly cast at a duly held meeting at which a quorum is present is required under Delaware law and the Company's Bylaws for approval of all Proposals presented to stockholders.

Shares that are timely voted by telephone, the Internet or a properly dated, executed and returned proxy card will be voted at the Annual Meeting in accordance with the instructions of the stockholder. If no specific instructions are given, the shares will be voted (i) FOR the election of the nominees for directors set forth herein;

(ii) FOR the ratification of Burr Pilger Mayer, Inc. as the independent registered public accounting firm of the Company for fiscal year 2015 ending January 2, 2016; (iii) FOR the non-binding stockholder approval of executive compensation; and (iv) in the proxy holder's discretion, upon such other business as may properly come before the Annual Meeting or any adjournment thereof.

Pursuant to Delaware law, the Inspector will treat shares that are voted FOR, AGAINST, WITHHELD or ABSTAIN as being present and entitled to vote for purposes of determining the presence of a quorum and as shares entitled to vote (the Votes Cast) on the subject matter at the Annual Meeting with respect to such matter. With respect to broker non-votes, although broker non-votes will be counted for purposes of determining the presence or absence of a quorum for the transaction of business, broker non-votes will not be counted for purposes of determining the number of Votes Cast with respect to the particular proposal on which the broker has expressly not voted and, accordingly, will not affect the determination as to whether the requisite majority of Votes Cast has been obtained with respect to a particular matter.

If you hold your shares through a broker, bank or other nominee and you do not instruct them how to vote, your broker, bank or other nominee may have authority to vote your shares on your behalf. If you hold your Common Stock through a broker and you do not instruct your broker how to vote on Proposals 1 and 3, it will be considered a broker non-vote and no votes will be cast on your behalf with respect to such Proposal(s). Your broker will continue to have discretion to vote any uninstructed shares on Proposal 2, the ratification of the appointment of the Company's independent registered public accounting firm.

Deadline for Receipt of Stockholder Proposals to be Presented at the Next Annual Meeting

Stockholders of the Company may submit proposals on matters appropriate for stockholder action at meetings of the Company's stockholders, including nominations for the election of directors, in accordance with Rule 14a-8 promulgated under the Securities Exchange Act of 1934, as amended (the Exchange Act). All proposals by any stockholder to be presented at the 2016 Annual Meeting of Stockholders must be received by the Company at its principal executive offices, attention: Secretary, no later than January 9, 2016 and must otherwise be in compliance with applicable laws and regulations in order to be considered for inclusion in the proxy statement and form of proxy relating to that meeting.

In addition, the Company's Bylaws establish an advance notice procedure with regard to certain matters, including stockholder proposals not included in the Company's proxy statement, to be brought before an annual meeting of stockholders. To be properly brought before an annual meeting of stockholders outside the processes of Rule 14a-8, notice of nominations for the election of directors or other business proposals must be delivered in writing to the Secretary of the Company at the principal executive offices of the Company no less than 45 days, nor more than 120 days, prior to the date on which the Company first mailed its proxy materials for the prior year's annual meeting. However, in the event that the date of the 2016 Annual Meeting of Stockholders is advanced by more than 30 days or delayed by more than 30 days (other than as a result of adjournment) after the one year anniversary of the 2015 Annual Meeting of Stockholders, notice by a stockholder to be timely must be delivered in writing not later than the close of business on the later of (i) the 60th day prior to such annual meeting or (ii) the 10th day after the day on which a public announcement of the date of such meeting is first made.

If a stockholder intends to submit a proposal at the Company's 2016 Annual Meeting of Stockholders which is not eligible for inclusion in the proxy statement relating to the meeting, and the stockholder fails to give the Company notice of the proposal on or prior to January 9, 2016 and in accordance with the requirements set forth in the Exchange Act, then the proxy holders will be allowed to use their discretionary authority with regard to proxies delivered in connection with the 2016 Annual Meeting of Stockholders when and if the proposal is raised at the Company's 2016 Annual Meeting.

Required Vote

Directors will be elected by a plurality vote of the shares of Common Stock present or represented and entitled to vote on this matter at the meeting. Accordingly, the five (5) candidates receiving the highest number of affirmative votes of shares represented and voted on this proposal at the meeting will be elected directors of the Company. Votes withheld from a nominee will be counted for purposes of determining the presence or absence of a quorum but, because directors are elected by a plurality vote, will have no impact once a quorum is established. See Information Concerning Solicitation and Voting Quorum; Abstentions; Broker Non-Votes above.

CORPORATE GOVERNANCE MATTERS

Independence of the Board of Directors

The Board has determined that, with the exception of Mr. Moore, who is the President and Chief Executive Officer of the Company, all of its members are independent directors as defined in the listing standards of The Nasdaq Stock Market.

Board Leadership Structure and Oversight of Risk Management

In August 2012, the Board determined that Mr. Moore, the Chairman of the Board, also should serve as our President and Chief Executive Officer. We believe that Mr. Moore's service as both Chairman of the Board and Chief Executive Officer puts him in the best position to execute our business strategy and business plans to maximize stockholder value. Our bylaws and corporate governance guidelines do not require that our chairman and chief executive officer positions be separate and the Board believes that combining the positions is the appropriate leadership structure for the Company at this time. The CEO is responsible for setting the strategic direction for the Company and the day to day leadership and performance of the Company, while the Chairman of the Board leads the Board in its fundamental role of providing advice to and oversight of management, sets the agenda for Board meetings and presides over meetings of the full Board.

Our Board oversees an enterprise-wide approach to risk management, designed to support the achievement of organizational objectives, including strategic objectives, to improve long-term organizational performance and enhance stockholder value. A fundamental part of risk management is not only understanding the risks a company faces and what steps management is taking to manage those risks, but also understanding what level of risk is appropriate for the company. The involvement of the full Board in setting the Company's business strategy is a key part of its assessment of management's appetite for risk and also a determination of what constitutes an appropriate level of risk for the Company.

While the Board has the ultimate oversight responsibility for the risk management process, various committees of the Board also have responsibility for risk management. In particular, the Audit Committee focuses on financial risk, including internal controls. The Compensation Committee strives to create incentives that encourage a level of risk-taking behavior consistent with the Company's business strategy. The Nominating and Governance Committee oversees risks relating to our Board composition.

Board Meetings and Committees

The Board held a total of eight meetings during fiscal year 2014 ended January 3, 2015. Other than as described below, no directors serving during fiscal 2014 attended fewer than 75% of the aggregate of all meetings of the Board and no directors serving during fiscal 2014 attended fewer than 75% of the aggregate of all meetings of the committees of the Board upon which such director served. Mr. Shuda joined the Compensation Committee and Dr. Naumann-Etienne joined the Audit Committee in July, 2014. Dr. Marcellino joined the Board and the Audit Committee in December 2014. None of Mr. Shuda or Drs. Naumann-Etienne or Marcellino attended any Board and committee meetings as a Board or committee member prior to the date that he joined the Board or committee respectively. No director attended fewer than 75% of the Board and Board committee meetings held in the period during which he was a director and committee member.

During fiscal 2014, the Board had three standing committees: the Audit Committee, the Nominating and Governance Committee and the Compensation Committee.

Board Committees

Audit Committee. The Audit Committee of the Board consists of Mr. Fitch and Drs. Naumann-Etienne and Marcellino. Mr. Fitch is the chairman of the Audit Committee. The Audit Committee held five meetings during the last fiscal year. The Board has determined that each member of the Audit Committee is independent as

defined under the listing standards of The Nasdaq Stock Market and that Mr. Fitch is an audit committee financial expert as defined in rules of the Securities and Exchange Commission (the SEC). Among other things, the Audit Committee reviews and advises the Board regarding the Company's accounting matters and is responsible for appointing and overseeing the work of the independent registered public accounting firm, pre-approving audit and non-audit services to be provided by the independent registered public accounting firm, and reviewing and evaluating the accounting principles being applied to the Company's financial reports. Attendance at Annual Stockholder Meetings by the Board of Directors

The Company has adopted a formal policy regarding attendance by members of the Board at the Company's annual meeting of stockholders. The Company's policy is that it encourages, but does not require, directors to attend the Company's annual meeting of stockholders. Mr. Moore attended the Company's 2014 Annual Meeting of Stockholders.

Process for Recommending Candidates for Election to the Board of Directors

The Nominating and Governance Committee is responsible for, among other things, determining the criteria for membership to the Board and recommending candidates for election to the Board. It is the policy of the Nominating and Governance Committee to consider recommendations for candidates to the Board from stockholders. Stockholders may present proper proposals for inclusion in the Company's proxy statement and for consideration at the next annual meeting of its stockholders by timely submitting their proposals in writing to IRIDEX Corporation, Corporate Secretary, 1212 Terra Bella Avenue, Mountain View, CA 94043. In order to be included in the proxy statement for the 2016 Annual Meeting of Stockholders, stockholder proposals must be received by the Company no later than January 9, 2016, must be accompanied by the information required by the Company's Bylaws and must otherwise comply with the requirements of Rule 14a-8 of the Securities Exchange Act of 1934, as amended.

The Company seeks independent directors who represent a mix of backgrounds and experiences that will enhance the quality of the Board's deliberations and decisions. Candidates should have substantial experience with one or more publicly traded national or multinational companies and should have achieved a high level of distinction in their fields. The Nominating and Governance Committee's general criteria and process for evaluating and identifying the candidates that it recommends to the full Board for selection as director nominees are as follows:

In its evaluation of director candidates, including the members of the Board eligible for re-election, the Nominating and Governance Committee seeks to achieve a balance of knowledge, experience and capability on the Board and considers (1) the current size and composition of the Board and the needs of the Board and the respective committees of the Board, (2) such factors as issues of character, judgment, diversity, age, expertise, business experience, length of service, independence, and other commitments, and (3) such other factors as the Nominating and Governance Committee may consider appropriate.

While the Nominating and Governance Committee has not established specific minimum qualifications for director candidates, the Nominating and Governance Committee believes that candidates and nominees must reflect a Board that is comprised of directors who (1) are predominantly independent, (2) are of high integrity, (3) have qualifications that will increase overall Board effectiveness and (4) meet other requirements as may be required by applicable rules, such as financial literacy or financial expertise with respect to audit committee members.

In evaluating and identifying candidates, the Nominating and Governance Committee has the authority to retain and terminate any third-party search firm that is used to identify director candidates, and has the authority to approve the fees and retention terms of any such firm.

With regard to candidates who are properly recommended by stockholders or by other means, the Nominating and Governance Committee will review the qualifications of any such candidate, which review may, in the Nominating and Governance Committee's discretion, include interviewing references for the candidate, direct interviews with the candidate, or other actions that the Nominating and Governance Committee deems necessary or proper.

The Nominating and Governance Committee will apply these same principles when evaluating director candidates who may be elected initially by the full Board to fill vacancies or newly created directorships prior to the next annual meeting of stockholders at which directors are elected.

After such review and consideration, the Nominating and Governance Committee selects, or recommends that the Board select, the slate of director nominees, either at a meeting of the Nominating and Governance Committee at which a quorum is present or by unanimous written consent of the Nominating and Governance Committee.

Consistent with past practice, the Nominating and Governance Committee and the Board will continue to monitor and assess the size and composition of the Board and will consider the appointment of additional directors from time to time as appropriate to serve the best interests of the Company and its stockholders.

PROPOSAL TWO**RATIFICATION OF THE APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM****Introduction**

The Audit Committee has appointed Burr Pilger Mayer, Inc. (**BPM**), an independent registered public accounting firm, to audit the consolidated financial statements of the Company for fiscal year 2015 ending January 2, 2016, and recommends that stockholders vote for ratification of such appointment. **BPM** also served as the Company's independent registered public accounting firm for fiscal year 2014 ended January 3, 2015. Representatives of **BPM** are expected to be present at the meeting with the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

Although action by stockholders is not required by law, the Board has determined that it is desirable to request approval of this selection by the stockholders. Notwithstanding the approval of this selection by the stockholders, the Audit Committee, in its discretion, may direct the appointment of a new independent registered public accounting firm at any time during the year, if the Audit Committee feels that such a change would be in the best interest of the Company and its stockholders. In the event of a negative vote on ratification, the Audit Committee will reconsider its selection.

PROPOSAL THREE

NON-BINDING VOTE TO APPROVE EXECUTIVE COMPENSATION

Introduction

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, enables our stockholders to vote to approve, on an advisory or non-binding basis, the compensation of our named executive officers as disclosed in accordance with the SEC's rules in the Executive Compensation section of this proxy statement. This proposal, commonly known as a say-on-pay proposal, gives our stockholders the opportunity to express their views on our named executive officers' compensation as a whole. This vote is not intended to address any specific item of compensation or any specific named executive officer, but rather the overall compensation of all of our named executive officers and the philosophy, policies and practices described in this proxy statement.

Non-Binding Vote To Approve Executive Compensation

The say-on-pay vote is advisory, and therefore not binding on the Company, the Compensation Committee or our Board. The say-on-pay vote will, however, provide information to us regarding investor sentiment about our executive compensation philosophy, policies and practices. Our Board and our Compensation Committee value the opinions of our stockholders and to the extent there is any significant vote against the named executive officer compensation as disclosed in this proxy statement, we will consider our stockholders' concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

Compensation Program and Philosophy

Following is a summary of some of the key points of our 2014 executive compensation program. See the Executive Compensation section of this proxy statement below for more information.

The Company's compensation philosophy with respect to executive officers is designed to attract, retain, motivate and reward highly qualified executives who contribute to the success of the Company and its stockholders. To achieve these goals, the Company strives to provide a comprehensive compensation package for each executive officer that is competitive with those offered by companies of similar type and size, in the same geographical area and whose executives perform functions similar to those performed by the executives of the Company.

Compensation Committee Oversight

The Company's Compensation Committee is responsible for overseeing and approving the Company's executive compensation programs and policies. The Compensation Committee is comprised solely of independent members of the Board, as defined under the listing standards of the SEC and The Nasdaq Stock Market. The Company's executive compensation practices and programs as a whole are reviewed annually by the Compensation Committee. In addition, each executive officer's individual compensation and eligibility for participation in the Company's annual cash bonus incentive program are reviewed by the Compensation Committee and adjustments are made based upon an assessment of individual performance and potential to enhance long-term stockholder value.

Elements of Executive Compensation

The elements of the Company's compensation package include base salary, annual cash bonus incentives, long-term incentive compensation in the form of equity awards, and various benefits generally available to employees of the Company. We generally strive to set the total compensation opportunity for our executive officers at the mid-point of similar companies based on peer and survey group data.

In addition to competitive base salary amounts, we provide an annual cash bonus incentive program for executive officers and senior employees which is based upon the achievement of corporate performance objectives determined by our Board and individual performance objectives determined by the Compensation Committee. We also use equity awards, which typically vest over a period of four years, to provide long-term incentive compensation.

Required Vote

If a quorum is present, the affirmative vote of the holders of a majority of the shares present and entitled to vote is necessary to approve the non-binding vote to approve the Company's executive compensation. See Information Concerning Solicitation and Voting Quorum; Abstentions; Broker Non-Votes.

We believe that our compensation programs and philosophy for our executive officers, described above and within the Executive Compensation section of this proxy statement, has been appropriately designed and operates to ensure management's interests are aligned with our stockholders interests to support long-term value creation.

EXECUTIVE COMPENSATION

Executive Summary

IRIDEX believes that the skill, talent, judgment and dedication of its executive officers are critical factors affecting the long-term value of our Company. Therefore, the goal for our executive compensation program is to fairly compensate our executives, attract and retain qualified executives who are able to contribute to our long-term success, induce performance consistent with clearly defined corporate goals, and align our executives' long-term interests with those of our stockholders. The Company believes that its executive compensation program satisfies this goal and is strongly aligned with the long-term interests of our stockholders. Moreover, we believe that the structure of our executive compensation program, in rewarding the achievement of annual operating goals and emphasizing long-term stockholder value creation over short-term operating results, has benefited our Company and our stockholders by focusing on growing our core business.

Compensation Philosophy

The Company's compensation philosophy is designed to attract, retain and reward personnel who contribute to the success of the Company. To achieve these goals, the Company strives to provide a comprehensive compensation package for each executive officer that is competitive with those offered by companies of similar type and size, in the same geographical area and whose executives perform functions similar to those performed by the executives of the Company. The Company also incorporates equity-based incentives into its overall compensation strategy to align the financial interests of our executives with those of our stockholders.

Role and Authority of the Compensation Committee

For fiscal year 2014 ended January 3, 2015, the Compensation Committee of the Board established the overall executive compensation strategies of the Company and approved compensation elements for the Company's Chief Executive Officer and other executive officers. Among other things, the Compensation Committee reviews and advises the Board regarding all forms of compensation to be provided to the officers, employees, directors and consultants of the Company. The Compensation Committee consists of Dr. Naumann-Etienne and Messrs. Fitch and Shuda. Mr. Shuda is the chairman of the Compensation Committee. Each member of the Compensation Committee is an independent member of the Board, and no members have interlocking relationships as defined by the SEC.

The Compensation Committee has available to it such external compensation advice and data as the Compensation Committee deems appropriate to obtain. The Compensation Committee may delegate any of its responsibilities to one or more of its members or to the Company's directors or to members of management, to the extent permitted by applicable law and subject to such reporting to or ratification by the Compensation Committee as the Compensation Committee deems necessary or appropriate.

Executive Officer Compensation

The objectives of our executive officer compensation program are to attract, retain, motivate and reward key personnel who possess the necessary leadership and management skills through competitive base salary, annual cash bonus incentives, long-term equity incentive compensation, and various benefits generally available to employees of the Company.

Base Salary

Base salary levels for the Company's executive officers are generally targeted to be competitive with companies in the same stage of development and in the same industry and geographic area. In determining salaries, the Compensation Committee also takes into account the Chief Executive Officer's recommendations, individual experience, contributions to corporate goals and the Company's performance.

Incentive Bonuses

The Compensation Committee believes that a cash incentive bonus plan can serve to motivate the Company's executive officers and management to achieve annual performance goals supporting the creation of stockholder value, using more immediate measures for performance than those reflected in the appreciation in value of stock options. The Compensation Committee approved an incentive bonus plan for fiscal 2015 and fiscal 2014, which are described in further detail below.

2015 Senior Management Bonus Program

The 2015 senior management bonus program (the 2015 Bonus Program) provides cash incentive payouts to all eligible senior staff-level employees based upon Company and individual performance. All vice presidents, corporate officers and other specified senior employees, in good standing, are eligible to participate in the 2015 Bonus Program. Mr. Mackaness and Mr. Steckel are eligible to participate in the Bonus Program. The corporate performance objectives are intended to be rigorous and challenge our executive officers to achieve. The Compensation Committee will approve any bonus distributions under the 2015 Bonus Program.

Awards under the 2015 Bonus Program are based upon the Company's achievement of certain revenue and gross margin goals and the individual participant's achievement of certain individual performance goals in fiscal year 2015.

Revenue-Based Component: The revenue-based component of the 2015 Bonus Program represents 70% of the total available award amount. If the Company achieves less than approximately 88% of the revenue target, participants will earn 0% of the target amount associated with the revenue-based component. If the Company achieves 100% of the revenue target, participants will earn 100% of the target amount associated with the revenue-based component. If the Company achieves approximately 112% of the revenue target, participants will earn 200% of the target amount associated with the revenue-based component. Amounts payable under the revenue-based component of the 2015 Bonus Program scale upward between these achievement levels and are capped at 200%.

Gross Margin-Based Component: The gross margin-based component of the 2015 Bonus Program represents 20% of the total available award amount. If the Company achieves less than approximately 98% of the gross margin target, participants will earn 0% of the target amount associated with the gross margin-based component. If the Company achieves 100% of the gross margin target, participants will earn 100% of the target amount associated with the gross margin-based component. If the Company achieves approximately 102% of the gross margin target, participants will earn 200% of the target amount associated with the gross margin-based component. Amounts payable under the gross margin-based component of the 2015 Bonus Program scale upward between these achievement levels and are capped at 200%.

Individual Component: The individual performance component represents 10% of the total available award amount. In the event a participant does not meet or partially meets his or her individual performance goals, the individual performance component amount would be reduced, as determined by the Committee. Amounts payable under the individual performance component of the 2015 Bonus Program are capped at 100%.

Additional Conditions: No amount will be payable under the revenue-based component if the Company achieves less than approximately 94% of the gross-margin target. Furthermore, no amount will be payable under any component of the 2015 Bonus Program unless the Company achieves a minimum level of operating income in fiscal year 2015. For the purposes of the 2015 Bonus Program, operating income is defined as gross profits less operating expenses and unusual items excluded by the Committee, and therefore does not include other income or expenses or taxes.

2014 Executive Management Bonus Plan

The 2014 executive management bonus plan (the 2014 Bonus Plan) provided cash incentive payouts to all eligible senior staff-level employees based upon Company and individual performance. All vice presidents, corporate officers and other specified senior employees, in good standing, were eligible to participate in the 2014

Bonus Plan. Target payouts for each participant under the 2014 Bonus Plan were based on a specified percentage of annual base salary and were triggered upon the achievement of both corporate performance objectives determined by the Board and individual performance objectives determined by the Compensation Committee. The corporate performance objectives were intended to be rigorous and challenge our executive officers to achieve. The Compensation Committee approved the bonus distributions.

Stock Grants/Awards

Stock options or other stock grants are granted to executive officers and other employees under the Company's option plan. These stock options or other stock grants are intended to focus the recipient on the Company's long-term performance to improve stockholder value and to retain the services of executive officers in a competitive job market by providing significant long-term earning potential. To this end, stock options and stock grants generally vest over a four-year period, based on continued employment. Factors considered in granting stock options and stock grants to executive officers of the Company are the duties and responsibilities of each individual, such individual's contributions to the success of the Company and other relevant factors. The Company views stock options and stock grants as an important component of long-term compensation for executive officers because the Compensation Committee believes that options motivate executive officers to manage the Company in a manner that is consistent with the interests of stockholders. In general, we issue only non-statutory stock options to our executive officers.

2008 Equity Incentive Plan

The 2008 Equity Incentive Plan (the "2008 EIP") was adopted by the Board in February 2008 and was approved by the stockholders in June 2008. In 2014, the stockholders approved an amendment to the 2008 EIP for purposes of complying with Section 162(m) of the Internal Revenue Code of 1986, as amended, to increase the share reserve under the 2008 EIP, and to make certain other amendments to the terms of the 2008 EIP. The 2008 EIP provides for the grant of the following types of incentive awards: (i) stock options; (ii) stock purchase rights; (iii) restricted stock; (iv) restricted stock units; (v) performance shares; (vi) performance units; and (vii) stock appreciation rights. Since the expiration of the 1998 Stock Plan, equity compensation granted to the Company's non-employee directors has been granted under the 2008 EIP. The exercise price of incentive stock options and stock appreciation rights granted under the 2008 EIP must be at least equal to the fair market value of the shares at the time of grant. With respect to any recipient who owns stock possessing more than 10% of the voting power of our outstanding capital stock, the exercise price of any option or stock purchase right granted must be at least equal to 110% of the fair market value at the time of grant. Options granted under the 2008 EIP are exercisable at such times and under such conditions as determined by the administrator of the plan; generally over a four-year period. The maximum term of incentive stock options granted to any recipient must not exceed ten years; provided, however, that the maximum term of an incentive stock option granted to any recipient possessing more than 10% of the voting power of our outstanding capital stock must not exceed five years. In the case of stock purchase rights, unless the administrator of the plan determines otherwise, we have a repurchase option exercisable upon the voluntary or involuntary termination of the purchaser's employment with us for any reason (including death or disability). Such repurchase option lapses at a rate determined by the administrator of the plan. The purchase price for shares repurchased by us is the original price paid by the purchaser. The form of consideration for exercising an option or stock purchase right, including the method of payment, is determined by the administrator. The 2008 EIP expires in June 2018.

In the event of a merger or change in control of the Company, each outstanding award granted under the 2008 EIP will be treated as the administrator of the plan determines, including that each award will be assumed or an equivalent option or right substituted by the successor corporation or a parent or subsidiary of the successor corporation. In the event that the successor corporation, or the parent or subsidiary of the successor corporation, does not assume or substitute for the award, the participant will fully vest in and have the right to exercise all of his or her outstanding options or stock appreciation rights, including shares as to which such awards would not otherwise be vested or exercisable, all restrictions on restricted stock will lapse, and, with respect to restricted

stock units, performance shares and performance units, all performance goals or other vesting criteria will be deemed achieved at target levels and all other terms and conditions met. In addition, if an option or stock appreciation right becomes fully vested and exercisable in lieu of assumption or substitution in the event of a change in control, the administrator will notify the participant in writing or electronically that the option or stock appreciation right will be fully vested and exercisable for a period of time determined by the administrator in its sole discretion, and the option or stock appreciation right will terminate upon the expiration of such period.

Other Benefits

Executive officers are eligible to participate in all of our employee benefit plans, such as medical, dental, vision, group life, disability, and accidental death and dismemberment insurance, and our 401(k) plan, in each case on the same basis as other employees, subject to applicable law. We also provide vacation and other paid holidays to all employees, including our executive officers, which we intend to be comparable to those provided at peer companies.

401(k) Plan

The Company sponsors a 401(k) Plan under which eligible employees may contribute, on a pre-tax basis, up to 15% of the employee's total annual income from the Company, excluding bonuses, subject to certain IRS limitations. Commencing in fiscal 2012, the Company reinstated a Company match in the amount of \$3,000 per year. All full-time employees who have attained age 18 are eligible to participate in the plan. All contributions are allocated to the employee's individual account and, at the employee's election, are invested in one or more investment funds available under the plan. Contributions are fully vested and not forfeitable.

CEO Compensation

Compensation for our Chief Executive Officer during fiscal 2014 was consistent with the philosophies and practices described above for executive officers in general. Upon Mr. Moore's commencement as the Company's Chief Executive Officer in August 2012, Mr. Moore received an annual base salary of \$200,000 along with a one-time restricted stock award of 25,000 shares, which vested on December 31, 2013. In January 2014, the Compensation Committee approved a base salary increase for Mr. Moore, and his annual base salary was set at \$300,000. In January 2015, the Compensation Committee approved a base salary increase for Mr. Moore, and his annual base salary was set at \$425,000.

The Compensation Committee also approved reimbursement for the reasonable cost of international airline travel for Mr. Moore's spouse to accompany Mr. Moore on extended international travel on behalf of the Company.

Fiscal Years 2014-2015 Equity Compensation of our Chief Executive Officer

In each of January 2014 and January 2015, the Compensation Committee granted Mr. Moore a restricted stock unit award for up to 50,000 shares of the Common Stock under the terms of the 2008 EIP. These awards are referred to as the Market Performance Awards. The Market Performance Awards are intended to more directly align Mr. Moore's compensation with the Company's stock performance.

The number of shares issuable pursuant to the Market Performance Awards is based upon the Company's average stock price performance during the two months prior and two months following a vesting event, or the fair market value of the Common Stock in the event vesting is triggered by a change of control of the Company. The Market Performance Award granted in January 2014 vests upon Mr. Moore's continuous service as President and Chief Executive Officer of the Company through December 31, 2014.

Mr. Moore vests in 10,000 shares of the Market Performance Award granted in January 2015 (the 2015 Market Performance Award) 60 days following the fourth anniversary of the grant date if the average closing price of Common Stock during the prior 60 day period equals or exceeds 100% of his target average closing

price. Mr. Moore will vest in an additional 10,000 shares of the 2015 Market Performance Award 60 days following the fourth anniversary of the grant date if the average closing price of the Common Stock during the prior 60 day period equals or exceeds 115% of his target average closing price. Mr. Moore will vest in an additional 10,000 shares of the 2015 Market Performance Award 60 days following the fourth anniversary of the grant date if the average closing price of the Common Stock during the prior 60 day period equals or exceeds 130% of his target average closing price. Finally, Mr. Moore will vest in an additional 20,000 shares of the 2015 Market Performance Award 60 days following the fourth anniversary of the grant date if the average closing price of the Common Stock during the prior 60 day period equals or exceeds 150% of his target average closing price.

The 2014 Market Performance Awards shall vest earlier in the event of Mr. Moore's termination by the Board other than for cause, termination in connection with a change of control of the Company other than for cause, death, disability or resignation in connection with a serious health condition affecting members of Mr. Moore's family.

Any shares that are issued pursuant to the 2014 Market Performance Awards will also be subject to a restriction on transfer for six months following the issuance of such shares other than in the event of a change of control of the Company, Mr. Moore's death or disability, or a serious health condition affecting members of Mr. Moore's family.

Termination and Change of Control Arrangements

The Company is party to a Change of Control and Severance Agreement with each of Messrs. Moore, Mackaness and Steckel (the Change of Control Agreements). The Change of Control Agreements will provide Messrs. Moore, Mackaness and Steckel with certain severance benefits in the event that their respective employment with the Company is terminated under certain circumstances, as described below. Each of Messrs. Moore, Mackaness and Steckel is referred to as the Executive in the context of his respective Change of Control Agreement in the discussion below.

Termination Within the Change of Control Context

If in the event that, within twelve months following a Change in Control (as defined in the 2008 EIP) or at any time prior to a Change in Control if such termination is effected at the request of any successor to the Company (such time period, the Change of Control Period), the Executive terminates his employment with the Company for Good Reason (as defined below), or the Company terminates the Executive's employment for a reason other than Cause (as defined below), death or disability, and, in each case, the Executive signs and does not revoke a standard release of claims with the Company, then the Executive will receive the following severance from the Company:

(i) *Cash Severance Payment.* In the case of Mr. Moore, a lump sum cash payment equal to 150% of his annual base salary. In the case of Mr. Mackaness, payments equal to 100% of his annual base salary, payable in installments over the twelve month period following termination. In the case of Mr. Steckel, a lump sum cash payment equal to 50% of his annual base salary.

(ii) *Vesting Acceleration.* Accelerated vesting as to 100% of the then unvested portion of the Executive's outstanding Company equity awards, assuming, with respect to Company equity awards subject to performance criteria, the performance criteria had been achieved at target levels.

(iii) *Continued Employee Benefits.* Reimbursement from the Company for a period of up to twelve months for the costs and expenses incurred by himself and/or his eligible dependents for coverage under the Company's benefit plans.

Termination Outside of the Change of Control Context

The Change of Control Agreements between the Company and Mr. Mackaness and Mr. Steckel, respectively, also entitle Mr. Mackaness and Mr. Steckel to certain benefits outside of the Change of Control context, as described below.

In the event that, at any time other than during the Change of Control Period, Mr. Mackaness or Mr. Steckel terminates his employment with the Company for Good Reason, or the Company terminates Mr. Mackaness or Mr. Steckel's employment for a reason other than Cause, death or disability, and, in each case, Mr. Mackaness or Mr. Steckel, as applicable, signs and does not revoke a standard release of claims with the Company, then Mr. Mackaness or Mr. Steckel, as applicable, will receive the following severance from the Company:

(i) *Cash Severance Payment*. Cash payments equal to 100% of his annual base salary, payable in installments over the twelve month period following termination.

(ii) *Continued Employee Benefits*. Reimbursement from the Company for a period of up to twelve months for the costs and expenses incurred by himself and/or his eligible dependents for coverage under the Company's benefit plans.

Definitions of Cause and Good Reason

For the purposes of the Change of Control Agreements, the following definitions will apply.

Cause means (i) an act of dishonesty made by Executive in connection with Executive's responsibilities as an employee; (ii) Executive's conviction of, or plea of nolo contendere to, a felony or any crime involving fraud, embezzlement or any other act of moral turpitude, or a material violation of federal or state law by Executive that the Board reasonably believes has had or will have a detrimental effect on the Company's reputation or business; (iii) Executive's gross misconduct; (iv) Executive's unauthorized use or disclosure of any proprietary information or trade secrets of the Company or any other party to whom Executive owes an obligation of nondisclosure as a result of Executive's relationship with the Company; (v) Executive's willful breach of any obligations under any written agreement or covenant with the Company; or (vi) Executive's continued failure to perform his employment duties after Executive has received a written demand of performance from the Company which specifically sets forth the factual basis for the Company's belief that Executive has not substantially performed his duties and has failed to cure such non-performance to the Company's satisfaction within ten business days after receiving such notice.

Good Reason means the occurrence of one or more of the following events effected without Executive's prior consent, provided that Executive's employment terminates within 90 days following the expiration of the Company's Cure Period (defined below): (i) the assignment to Executive of any duties or the reduction of Executive's duties, either of which results in a material diminution in Executive's position or responsibilities with the Company; provided that, it being understood that the continuance of Executive's duties and responsibilities at the subsidiary or divisional level following a Change in Control, rather than at the parent, combined or surviving company level following such Change in Control shall not be deemed Good Reason within the meaning of this clause (i); (ii) a reduction by the Company in the base salary of Executive by 15% or more, unless similar such reductions occur concurrently with and apply to the Company's senior management; (iii) a material change in the geographic location at which Executive must perform services (for purposes of the Change of Control Agreement, the relocation of Executive to a facility or a location less than 25 miles from Executive's then-present location shall not be considered a material change in geographic location); (iv) a material reduction of facilities, perquisites or in the kind or level of employee benefits to which the Executive is entitled, unless similar such reductions occur concurrently and apply to the Company's senior management; or (v) any material breach by the Company of any material provision of the Change of Control Agreement. Executive will not resign for Good Reason without first providing the Company with written notice of the acts or omissions constituting the grounds for Good Reason within 90 days of the initial existence of the grounds for Good Reason and a reasonable cure period of 30 days (Cure Period) following the date of such notice.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Transactions with BlueLine Capital Partners, LLC

On August 31, 2007, the Company entered into a Securities Purchase Agreement with BlueLine Capital Partners, LLC (BlueLine) pursuant to which it sold to BlueLine units (the Units), consisting of one share of the Company s Series A preferred stock and one warrant to purchase 1.2 shares of Common Stock (such sale, the BlueLine Financing). In connection with this transaction the Company issued an aggregate of 500,000 Units at \$10.00 per Unit, resulting in the issuance of 500,000 shares of Series A preferred stock, convertible into 1 million shares of Common Stock pursuant to the provisions of the Certificate of Designation filed by the Company in connection with the sale, and warrants (the Initial Warrants) to purchase an aggregate of 600,000 shares Common Stock at an exercise price of \$0.01 per share. The Initial Warrants were exercisable after August 31, 2007 and were exercised prior to their expiration on December 31, 2007. Pursuant to provisions of the Securities Purchase Agreement, BlueLine has the right to designate one individual for appointment to the Company s Board. Mr. Scott A. Shuda is BlueLine s current designee. BlueLine s right to designate a member of the Company s Board is subject to termination in the event that BlueLine and its affiliates hold fewer than 500,000 shares of Common Stock.

The Company also entered into an Investor Rights Agreement with BlueLine, pursuant to which the Company granted BlueLine certain registration rights, including the right to request that the Company file a Form S-3 registration statement within 90 days of becoming eligible to file a Form S-3 registration statement and the right to request the Company file a Form S-1 registration statement any time after February 29, 2008. The parties subsequently amended the Investor Rights Agreement on March 31, 2009, pursuant to which BlueLine waived the Company s obligation to file a registration statement on Form S-3 until such time, on or after June 30, 2009, as the holders of 60% of the Registrable Securities (as defined in the Investor Rights Agreement) request such registration in writing. In order to induce BlueLine to enter into such amendment, the Company issued to BlueLine warrants to purchase an aggregate of 20,000 shares of Common Stock at an exercise price of \$0.01 per share (the Amendment Warrants and, together with the Initial Warrants, the Warrants). The parties also amended the Investor Rights Agreement so as to include the shares of Common Stock issuable upon exercise of the Amendment Warrants in the shares eligible for registration under the Investor Rights Agreement. The Amendment Warrants were exercised on April 2, 2009.

On June 11, 2013, all outstanding shares of the Series A preferred stock automatically converted into 1,000,000 shares of Common Stock. The Certificate of Designation authorizing the Series A preferred shares provided for their automatic conversion into Common Stock in the event that Common Stock traded above \$5.00 per share for 30 consecutive trading days.

The BlueLine Financing and the issuances of the Warrants were completed through private placements to accredited investors and were exempt from registration pursuant to Section 4(a)(2) of the Securities Act of 1933, as amended (the Securities Act). The shares of the Series A preferred stock, together with the shares of the Common Stock issuable upon the conversion of the Series A preferred stock, and the Warrants, together with the shares of the Common Stock issued or issuable upon the exercise of the Warrants, have not been registered under the Securities Act or any state securities laws. Unless so registered, such securities may not be offered or sold in the United States absent an exemption from, or in a transaction not subject to, the registration requirement of the Securities Act and any applicable state securities laws.

Our Audit Committee has the principal responsibility for reviewing and approving in advance any proposed related party transactions pursuant to written policies and procedures adopted by the Board, subject to specified exceptions and other than those that involve compensation.
