EXECUTIVE COMPENSATION

2016 CEO Total Direct Compensation

2016 performance reflected our sustained efforts over the past several years to position Motorola Solutions for long-term financial success. 2016 performance was improved from 2015 with strong business performance for revenue growth along with record results for operating earnings, free cash flow and backlog. We ended the year only slightly below our operating plan and this resulted in below target funding under our Executive Officer Short Term Incentive Plan. However, the Board recognized Mr. Brown s strong individual performance leading the company through an outstanding year of operational and financial performance and completing a number of strategic acquisitions, by providing him an above target payout.

Our three-year performance that ended December 31, 2016 continued to show increased returns to our stockholders relative to our comparator group driven primarily by strong results in both 2015 and 2016. This three-year performance resulted in an above target payout under the 2014-2016 cycle of our Long Range Incentive Plan. Even with our improved performance in 2016, Mr. Brown s total direct compensation for 2016 was \$1.1 million lower than in 2015 due to the 2015 performance contingent stock option award, which had the effect of increasing compensation last year.

Base Salary	\$1,250,000
Executive Officer Short Term Incentive	\$2,415,000
Total Short-term Cash Compensation	\$3,665,000
Long-term Incentive Cash Payment (2014-2016 Long Range Incentive Plan)	\$3,300,000
Long-term Incentives (POs and MSUs grant date fair value)	\$4,874,964
Total Compensation (excluding perquisites)	\$11,839,964
GOVERNANCE HIGHLIGHTS	

As part of our commitment to high ethical standards, our Board follows sound governance practices. These practices are described in more detail in the Corporate Governance section of our web site.

	Eight out of our nine nominees are independent
Independence	Our CEO is the only management director
	All Board committees that met during 2016 are comprised of independent directors We have a Lead Independent Director, selected by the independent directors
Independent Lead	
Director	The Lead Independent Director serves as liaison between management and the other non-management directors
Executive Sessions	The independent directors regularly meet in private without management

The Lead Independent Director presides at these executive sessions All directors stand for election annually

Accountability

In uncontested elections, directors must be elected by a majority of votes cast

Holders of 20% or more of our common stock have the ability to request a special meeting of stockholders

Our Board reviews the Company s approach to identifying and assessing risks

The Audit Committee reviews the risk exposure of the Company, including our internal audit assessment of risk and our material risk disclosures, and meets periodically with senior management to discuss our risk assessment and risk management policies

Board Oversight of

The Compensation and Leadership Committee reviews the annual compensation risk assessment and retains an independent compensation consultant

Risk Management

The Governance and Nominating Committee reviews all related party transactions

We have a recoupment or clawback policy to recover certain executive pay

We have a policy prohibiting trading in derivative securities of the Company, and no NEOs or Directors have pledged any Company stock

Our independent directors must hold our common stock with a value equal to at least five times the annual retainer, or \$500,000, within five years of joining the Board

Stock Ownership

Directors are required to hold all shares paid or awarded by the Company until their termination of service

Requirements

Our CEO must hold our common stock with a value equal to six times his annual salary within five years of attaining the position

Members of the management executive committee must hold our common stock with a value equal to three times their annual salary within five years of joining the group

ABOUT THE 2017 ANNUAL MEETING

This proxy statement (the Proxy Statement) is being furnished to holders of common stock, \$0.01 par value per share (the Common Stock), of Motorola Solutions, Inc. (we, our, Motorola Solutions, or the Company). Proxies are be solicited on behalf of the Board of Directors of the Company (the Board) to be used at the 2017 Annual Meeting of Stockholders (the Annual Meeting) to be held at the Four Seasons Hotel Washington, DC, 2800 Pennsylvania Avenue NW, Washington, D.C. 20007 on Monday, May 15, 2017 at 5:00 P.M., EDT, for the purposes set forth in the Notice of 2017 Annual Meeting of Stockholders. This Proxy Statement is dated March 27, 2017 and is being distributed to stockholders on or about March 27, 2017.

All stockholders may view and print Motorola Solutions Proxy Statement and the 2016 Annual Report at the Company's website at www.motorolasolutions.com/investors. The information contained on Motorola Solutions website is not a part of this Proxy Statement and is not deemed incorporated by reference into this Proxy Statement or any other public filing made with the Securities and Exchange Commission (the SEC).

Stockholders Entitled to Vote at the Annual Meeting

Only stockholders of record at the close of business on March 17, 2017 (the record date) will be entitled to notice of, and to vote at, the Annual Meeting or any adjournments or postponements thereof. On the record date, there were 163,892,787 shares outstanding of Common Stock. The Common Stock is the only class of voting securities of the Company.

A list of stockholders entitled to vote at the meeting will be available for examination at the Company s corporate offices at 500 West Monroe Street, Chicago, Illinois 60661 for ten days before the Annual Meeting and at the Annual Meeting.

Voting Without Attending the Annual Meeting

There are three convenient methods for registered stockholders to direct their vote by proxy without attending the Annual Meeting. Stockholders can:

<u>Vote by Internet.</u> The website address for Internet voting is provided on your Notice or proxy card. You will need to use the control number appearing on your Notice of Internet Availability of Proxy Materials (Notice) or proxy card to vote via the Internet. You can use the Internet to transmit your voting instructions until 11:59 P.M., EDT on Sunday, May 14, 2017. Internet voting is available 24 hours a day. If you vote via the Internet you do NOT need to vote by telephone or return a proxy card.

<u>Vote by Telephone.</u> You can also vote by telephone by calling the toll-free telephone number provided on your proxy card. You will need to use the control number appearing on your proxy card to vote by telephone. You may transmit your voting instructions from any touch-tone telephone until 11:59 P.M., EDT on Sunday, May 14, 2017. Telephone voting is available 24 hours a day. If you vote by telephone you do NOT need to vote over the Internet or return a proxy card.

<u>Vote by Mail.</u> If you received a printed copy of the proxy card, you can vote by marking, dating, signing, and returning it in the postage-paid envelope provided. Please promptly mail your proxy card to ensure that it is received prior to the closing of the polls at the Annual Meeting.

Your Proxy at the Annual Meeting

If you do not vote in person at the Annual Meeting, but have voted your shares by Internet, telephone, or mail, you have authorized certain members of Motorola Solutions senior management designated by the Board and named in your proxy to represent you and to vote your shares as instructed. All shares that have been properly voted whether by Internet, telephone or mail and not revoked will be voted at the Annual Meeting in accordance with your instructions. If you sign your proxy but do not give voting instructions with respect to one or more items, the shares represented by that proxy will be voted as recommended by the Board with respect to those items:

Holding Shares in the Name of a Bank, Broker or Other Nominee

If you are the beneficial owner of shares held in street name by a broker, the broker, as the record holder of the shares, is required to vote those shares in accordance with your instructions. Please check your voting instruction card or contact your bank, broker or nominee to determine whether you will be able to vote by Internet or telephone. If you do not give instructions to your broker, your broker will be entitled to vote the shares with respect to discretionary items, but will not be permitted to vote the shares with respect to non-discretionary items (resulting in a broker non-vote). The ratification of the appointment of KPMG LLP is the only discretionary item. The election of directors, the advisory approval of the Company is executive compensation, the advisory approval of the frequency of the advisory vote approving the Company is executive compensation and the stockholder proposals are non-discretionary items.

Voting At the Annual Meeting as a Beneficial Owner

If you are a beneficial owner of shares held in street name by a bank, broker or other nominee and want to vote your shares in person at the Annual Meeting, you will need to ask your bank, broker or other nominee to furnish you with a legal proxy. You will need to bring the legal proxy with you to the Annual Meeting and hand it in with a signed ballot that will be provided to you. You will not be able to vote your shares at the Annual Meeting without a legal proxy. If you are provided a legal proxy, any previously executed proxy will be revoked and your vote will not be counted unless you appear at the Annual Meeting and vote in person or legally appoint another proxy to vote on your behalf.

If you do not have a legal proxy, you can still attend the Annual Meeting with evidence of your stock ownership as of the record date; however, you will not be able to vote your shares at the meeting. Accordingly, we encourage you to vote or instruct your broker to vote your shares in advance, even if you plan to attend.

Changing Your Vote

Registered stockholders can revoke their proxy at any time before it is voted at the Annual Meeting by either:

Submitting another timely, later-dated proxy by Internet, telephone or mail;

Delivering timely written notice of revocation to: Secretary, Motorola Solutions, Inc., 500 West Monroe Street, Chicago, IL 60661; or

Attending the Annual Meeting and voting in person.

Notice of Internet Availability

The SEC has adopted rules for the electronic distribution of proxy materials. We have elected to provide our stockholders access to our proxy materials and 2016 Annual Report on the Internet instead of sending a full set of printed proxy materials to all of our stockholders. This enables us to reduce costs and lessen the environmental impact of our Annual Meeting by mailing most of our stockholders a Notice. If you receive a Notice by mail, you will not receive a printed copy of the proxy materials in the mail unless you request them by following the instructions for requesting such materials included in the Notice. The Notice instructs you on how to access and review all of the information contained in the 2017 Proxy Statement and 2016 Annual Report. The Notice also instructs you on how you may submit your proxy over the Internet or by telephone.

The Notice, which contains instructions on how to access this Proxy Statement, the form of proxy and the Company s 2016 Annual Report, is being mailed to stockholders on or about March 27, 2017.

Other Matters at the Annual Meeting

If any other matters are properly presented at the Annual Meeting for consideration, and if you have voted your shares by Internet, telephone or mail, the persons named as proxies in your proxy will have the discretion to vote on those other matters for you. As of the date we filed this Proxy Statement, the Board did not know of any other matter to be raised at the Annual Meeting.

2 Motorola Solutions Notice of 2017 Annual Meeting of Stockholder and Proxy Statement

Votes Required to Conduct Business at the Annual Meeting or Approve Proposals

In order for business to be conducted, a quorum of a majority of the shares entitled to vote must be represented in person or by proxy at the Annual Meeting. Abstentions and broker non-votes are included in determining whether a quorum is present, but will not be included in vote totals and will not affect the outcome of the vote for the election of directors. Abstentions will have the same effect as a vote Against the other proposals.

			Broker
	Proposal	Affirmative Vote Required	Discretionary
			Voting Allowed
Proposal 1	Election of Nine Directors	More For votes than Against votes cast at the Annual Meeting in person or by proxy (for non-contested election)	e No
Proposal 2	Advisory Approval of the Company Executive Compensation	Majority of shares present and entitled to vote; abstentions will count as votes Against	No
Proposal 3	Advisory Approval of the Frequency of the Advisory Vote Approving the Company s Executive Compensation		No
Proposal 4	Ratification of Independent Registered Public Accounting Firm for Fiscal Year 2017	Majority of shares present and entitled to vote; abstentions will count as votes Against	Yes

PROPOSAL NO. 1 ELECTION OF DIRECTORS FOR A ONE-YEAR TERM

The number of directors of the Company to be elected at the Annual Meeting is nine. The directors elected at the Annual Meeting will serve a one-year term ending at the 2018 Annual Meeting, until their respective successors are elected and qualified or until their earlier death, resignation or removal. Each of the nominees has consented to being named in this Proxy Statement and to serve as a director if elected. However, if any nominee named below is not available to serve as a director for any reason at the time of the Annual Meeting, the proxies will be voted for the election of such other person or persons as the Board may designate, unless the Board, in its discretion, reduces the number of directors. The Board is currently comprised of ten directors, including Kenneth C. Dahlberg and General Michael V. Hayden who have reached the age of 72. Mr. Dahlberg and General Hayden will not be standing for election pursuant to the retirement age policy in the Company s Board Governance Guidelines. Samuel C. Scott III has also reached the age of 72, however, given Mr. Scott s extensive knowledge of the Company and position as Lead Independent Director, the Board of Directors has granted a waiver of the retirement age for Mr. Scott. Immediately following the Annual Meeting, if all nominees are elected, the Board will consist of nine directors. The Board has the authority under the Company s Bylaws to increase or decrease the size of the Board and to fill vacancies between Annual Meetings.

2017 DIRECTOR NOMINEES

Each of the nominees named below, other than Mr. Tucci, is currently a director of the Company. Other than Mr. Denman, who was appointed by the Board of Directors by Unanimous Written Consent on February 1, 2017, each of the current directors was elected at the Annual Meeting of Stockholders held on May 16, 2016. The ages shown are current as of the date of this Proxy Statement.

DIRECTORS QUALIFICATIONS

The Board believes it should be comprised of individuals with appropriate skills and experiences to meet its board governance responsibilities and contribute effectively to the Company. Our Governance and Nominating Committee carefully considers the skills and experiences of current directors and new candidates to ensure that they meet the needs of the Company before nominating directors for election to the Board. All of our non-employee directors serve on Board committees, further supporting the Board by providing expertise to those committees. The needs of the committees also are reviewed when considering nominees to the Board. The Board has a deep working knowledge of matters common to large companies and is comprised of a mix of skills and qualifications which includes:

IDENTIFYING AND EVALUATING DIRECTOR CANDIDATES

As stated in our Board Governance Guidelines, when selecting directors, the Board and the Governance and Nominating Committee review and consider many factors, including: experience in the context of the Board's needs; leadership qualities; ability to exercise sound judgment; existing time commitments; years to retirement age; and independence from management. They also consider ethical standards and integrity. While the Company does not have a formal policy regarding diversity, diversity is one of several factors considered by the Board and the Governance and Nominating Committee when selecting director nominees. The Board and the Governance and Nominating Committee strive to nominate directors with a variety of complementary skills, backgrounds and perspectives so that, as a group, the Board will possess the appropriate talent, skills, experience and expertise to oversee the Company's businesses. The Governance and Nominating Committee annually assesses the effectiveness of its director nomination process and the Board Governance Guidelines.

The Governance and Nominating Committee will consider nominees recommended by Motorola Solutions stockholders, provided that the recommendation contains sufficient information (as required by the Company's Bylaws), including the candidate signal qualifications, to assess the suitability of the candidate, and is timely received in accordance with the Company's Bylaws. Stockholder-recommended candidates that comply with these procedures will receive the same consideration that other candidates receive.

The Governance and Nominating Committee considers recommendations from many sources, including members of the Board, management and search firms. From time to time, Motorola Solutions hires search firms to help identify and facilitate the screening and interview process of director candidates. In 2016, we retained Russell Reynolds to assist with this process. Accordingly, they screened candidates based on the Board's criteria, performed reference checks, prepared a biography of each candidate for the Governance and Nominating Committee interviews. The Governance and Nominating Committee and the Chairman of the Board conduct interviews with candidates who meet the Board's criteria. Russell Reynolds compiled a list of candidates, evaluated each candidate and made recommendations to the Governance and Nominating Committee. The Governance and Nominating Committee then interviewed the candidates, including Mr. Denman, additionally the Governance and Nominating Committee identified Mr. Tucci as a potential candidate. After being interviewed by the Governance and Nominating Committee and members of management, the Governance and Nominating Committee nominated Mr. Denman and Mr. Tucci as directors. The Governance and Nominating Committee has full discretion in considering potential candidates and making its nominations to the Board.

EXECUTIVE COMMITTEE

Act for the Board between meetings on matters already approved in principle by the Board.

2016 Meetings: 0

Gregory Q. Brown (Chair)

Kenneth C. Dahlberg

Judy C. Lewent

Samuel C. Scott III (Lead Independent Director) Exercise the authority of the Board on specific matters assigned by the Board from time to time.

Attendance

The Board held five meetings during 2016. Overall attendance at Board and committee meetings was 91%. Each incumbent director attended 80% or more of the combined total meetings of the Board and the committees on which he or she served during 2016. At the Board meetings, independent directors of the Company meet regularly in executive session without management as required by the Motorola Solutions, Inc. Board Governance Guidelines and NYSE listing standards. Generally, executive sessions are held in conjunction with regularly-scheduled meetings of the Board. In 2016, the non-employee independent members of the Board met in executive session four times. In addition, Board members are expected to attend the Annual Meeting as provided in the Board Governance Guidelines. Eight of the nine directors who stood for election at the 2016 Annual Meeting attended that meeting.

Leadership Structure of the Board

At the Annual Board meeting held in May 2011, the Board combined the roles of Chairman and Chief Executive Officer and appointed Gregory Q. Brown to serve as both Chief Executive Officer and Chairman of the Board and also appointed an independent director as Lead Independent Director. The Board reappointed Mr. Brown as Chairman of the Board and an independent director as Lead Independent Director at the Annual Board meetings held in 2012 through 2016. The Board determined that Mr. Brown s thorough knowledge of Motorola Solutions business, strategy, people, operations, competition and financial position coupled with his leadership and vision made him well positioned to chair Board meetings and bring key business and stakeholder issues to the Board s attention. Our Lead Independent Director, currently Mr. Scott, chairs the executive sessions of the Board and acts as a liaison between our Chairman and independent directors.

Communicating with the Board

All communications to the Board of Directors, Chairman of the Board, the non-management directors or any individual director, must be in writing and addressed to them c/o Secretary, Motorola Solutions, Inc., 500 West Monroe Street, Chicago, IL 60661 or by email to boardofdirectors@MotorolaSolutions.com. Our Secretary reviews all written communications and forwards to the Board a summary and/or copies of any such correspondence that, in the opinion of the Secretary, deals with the functions of the Board or Board committees or that she otherwise determines requires the Board s or any Board committee s attention.

^{*} On February 1, 2017, Mr. Denman joined the Governance and Nominating Committee.

The Board s Role in the Oversight of Risks

The Board oversees the business of the Company, including CEO and senior management performance and risk management, to assure that the long-term interests of the stockholders are being served. Each committee of the Board is also responsible for reviewing the risk exposure of the Company related to the committee s areas of responsibility and providing input to management on such risks.

Management and our Board have a robust process embedded throughout the Company to identify, analyze, manage and report all significant risks facing the Company. Our CEO and other senior managers regularly report to the Board on significant risks facing the Company, including financial, operational and strategic risks. Each of the Board committees reviews with management significant risks related to the committee s area of responsibility and reports to the Board on such risks, which includes the Compensation and Leadership Committee s review of Company-wide compensation-related risks. While each committee is responsible for reviewing significant risks in the committee s area of responsibility, the entire Board is regularly informed about such risks through committee reports. The oversight of specific risks by board committees enables the entire Board to oversee risks facing the Company more effectively and develop strategic direction taking into account the effects and magnitude of such risks. The independent Board members also discuss the Company s significant risks when they meet in executive session without management. Our audit services department has a very important role in the risk management program. The role of this department is to provide management and the Audit Committee with an overarching and objective view of the risk management activity of the Company. This department s engagements span financial, operational, strategic and compliance risks and the engagement results assist management in maintaining acceptable risk levels. This department identifies and conducts engagements utilizing an enterprise risk management model. The director of the department reports directly to the Audit Committee as well as the Chief Financial Officer and meets regularly with the committee and the committee chairperson, including in executive session.

Motorola Solutions Notice of 2017 Annual Meeting of Stockholder and Proxy Statement

INDEPENDENT DIRECTORS

On March 9, 2017, the Board made the determination, based on the recommendation of the Governance and Nominating Committee and in accordance with our Director Independence Guidelines, that the former non-employee director, Mr. Singer, and the current non-employee directors, Mr. Dahlberg, Mr. Denman, Mr. Durban, General Hayden, Mr. Jones, Ms. Lewent, Mr. Mondre, Ms. Pramaggiore, and Mr. Scott, were independent during the periods in 2016 and 2017 that they were members of the Board. Mr. Brown does not qualify as an independent director because he is the Chief Executive Officer of the Company. On March 9, 2017, the Board, on the recommendation of the Governance and Nominating Committee, also determined that Mr. Tucci would qualify as an independent director. See Motorola Solutions Relationship with Entities Associated with Independent Directors for further details.

Determining Independence

The Director Independence Guidelines include both the NYSE independence standards and additional independence standards the Board has adopted to determine if a relationship that a Board member has with the Company is material. We have adopted a stricter application of the NYSE independence standards requiring a look-back of four years when assessing independence in connection with a director s (i) status as an employee of the Company, (ii) direct compensation in excess of \$120,000, (iii) relationship with our internal or external auditor, and (iv) employment with a company that has made payments to, or received payments from, the Company for property or services.

A complete copy of the Director Independence Guidelines is available on the Company s website at www.motorolasolutions.com/investors.

Motorola Solutions Relationship with Entities Associated with Independent Directors

When assessing independence, each of Mr. Denman, General Hayden, Mr. Jones, Ms. Pramaggiore, Mr. Scott, and Mr. Singer had relationships with entities that were reviewed by the Board under independence standards covering contributions or payments to charitable or similar not-for-profit organizations. In addition, each of Mr. Dahlberg, Mr. Durban, Mr. Jones, Ms. Lewent, Mr. Mondre, Ms. Pramaggiore, Mr. Scott, Mr. Tucci and Mr. Singer had relationships with entities that were reviewed by the Board under independence standards covering payments to, or received from, other entities. In each case, the payments or contributions were significantly less than the NYSE independence standards or the Director Independence Guidelines adopted by the Board, or did not constitute a disqualifying event under such standards and were determined by the Board to be immaterial.

Independent Members of the Audit, Compensation and Leadership and Governance and Nominating Committees

The Board has determined that all of the current members of the Audit Committee, the Compensation and Leadership Committee and the Governance and Nominating Committee are independent within the meaning of the Director Independence Guidelines, applicable rules of the SEC and the NYSE listing standards for independence.

RELATED PERSON TRANSACTION POLICY AND PROCEDURES

The Company has established a written related person transaction policy and procedures (the RPT Policy) to assist it in reviewing transactions in excess of \$120,000 (Transactions) involving the Company and its subsidiaries and Related Persons (as defined below). The RPT Policy supplements our other conflict of interest policies set forth in the Principles of Conduct for Members of the Motorola Solutions, Inc. Board of Directors and the Code of Business Conduct for employees and our other internal procedures.

For purposes of the RPT Policy, a Related Person includes directors, director nominees and executive officers of the Company since the beginning of the Company s last fiscal year, beneficial owners of 5% or more of any class of voting securities of the Company and members of their respective immediate family. The Governance and Nominating Committee reviews all RPT Policy matters.

The RPT Policy provides that any Transaction since the beginning of the last fiscal year is to be promptly reported to the Company's Secretary. The Secretary will assist with gathering important information about the Transaction and present the information to the Governance and Nominating Committee. The Governance and Nominating Committee will determine whether the Transaction is a Related Person Transaction and, if so, approve, ratify or reject the Related Person Transaction. In approving, ratifying or rejecting a Related Person Transaction, the Governance and Nominating Committee will consider such information as it deems important to conclude if the transaction is fair to the Company and its subsidiaries.

Motorola Solutions had no Related Person Transactions in 2016.

SUCCESSION PLANNING

Succession planning is important at all levels of the Company. In 2016, the Board reviewed short and long-term succession plans for the CEO and other members of management s executive committee. When assessing possible CEO candidates, the Board identified skills and behavioral characteristics they consider a requirement for the Company s CEO. The Board evaluates these succession plans with the overall business strategy in mind. When possible, potential leaders are introduced to the Board through presentations or separate events.

Section 16(a) Beneficial Ownership Reporting Compliance

Each director and certain officers of the Company are required to report to the SEC, by a specified date, his or her transactions related to our Common Stock. Based solely on a review of the copies of reports furnished to the Company or written representations that no other reports were required, the Company believes that, during the 2016 fiscal year, all reports required by Section 16(a) were timely filed by its officers and directors except as follows: In November of 2015, John P. Molloy filed a Form 3 with the SEC on a timely basis reporting, among other things, the amount of securities beneficially held. Due to an administrative error, the number of securities reported was incorrect. Upon being informed of the error, Mr. Molloy filed an amendment to the Form 3 on October 26, 2016 reporting the correct number of securities beneficially owned.

DIRECTOR COMPENSATION

DETERMINING DIRECTOR COMPENSATION

The Governance and Nominating Committee recommends to the Board the compensation for non-employee directors, which is to be consistent with market practices of other similarly situated companies and takes into consideration the impact on non-employee directors independence and objectivity. The Board has asked the Compensation and Leadership Committee to assist the Governance and Nominating Committee in making such recommendations. The charter of the Governance and Nominating Committee does not permit it to delegate director compensation matters to management, and management has no role in recommending the amount or form of director compensation.

HOW THE DIRECTORS ARE COMPENSATED

The non-employee directors are compensated on an annual basis as follows:

Cash Compensation	Annual Compensation (paid quarterly)
Annual Cash Retainer	\$100,000
Lead Independent Director Fee	\$25,000
Audit Committee Chairperson Fee	\$20,000
Compensation and Leadership	
Committee Chairperson Fee Governance and Nominating	\$15,000
Committee Chairperson Fee	\$15,000
Audit Committee Member Fee	\$5,000
Equity Compensation	Annual Compensation (paid annually)
Annual Equity Grant	\$140,000

During 2016, a director could elect to receive all or a portion of his or her annual cash retainer and other cash fees in the form of (i) deferred stock units (DSUs) that settle when the director terminates service, (ii) DSUs that settle after one year (unless service is earlier terminated), or (iii) outright shares. Directors could also elect to receive the annual equity grant in the form of (i) DSUs that settle when the director terminates service, or (ii) DSUs that settle after one year (unless service is earlier terminated). These choices allow directors to engage in tax planning appropriate for their circumstances. Notwithstanding earlier settlement or receipt of shares, directors must hold all shares awarded or paid to them until termination of service from the Board.

On May 16, 2016, each then non-employee director received a DSU award of 1,977 shares of Common Stock. The number of DSUs awarded was determined by dividing \$140,000 by the fair market value of a share of Common Stock on the date of grant (rounded up to the next whole number) based on the closing price on the date of grant. For a non-employee director who becomes a member of the Board of Directors after the annual grant of deferred stock units, the award will be prorated based on the number of full months to be served until the next annual meeting of stockholders (\$11,666.67 per month) divided by the closing price of the Common Stock on the day of election to the Board.

Non-employee directors are not eligible to participate in the Motorola Solutions Management Deferred Compensation Plan. Motorola Solutions does not have a non-equity incentive plan or pension plan for non-employee directors. Non-employee directors do not receive any additional fees for attendance at meetings of the Board or its committees, or for additional work done on behalf of the Board or a committee. The Company also reimburses its directors and, in certain circumstances, spouses who accompany directors, for travel, lodging and related expenses they incur in attending Board and committee meetings or other meetings as requested by Motorola Solutions. Mr. Brown, who was an employee during 2016, received no additional compensation for serving on the Board or its committees.

Director Stock Ownership Guidelines

Our Board stock ownership guidelines provide that non-employee directors are expected to own Common Stock with a value equivalent to at least five times the annual cash retainer fee for directors within five years after the date of joining the Board. In addition, directors are required to hold all shares paid or awarded by the Company until their termination of service, other than shares acquired through the exercise of options awarded to directors. For the purposes of these guidelines, Common Stock includes deferred stock units. As of December 31, 2016, all non-employee directors were in compliance with the stock ownership guidelines.

DIRECTOR RETIREMENT PLAN AND INSURANCE COVERAGE

In 1996, the Board terminated its director retirement plan and no current non-employee directors are entitled to receive retirement benefits. In 1998, Mr. Scott, the only current director with an interest in the plan, converted his accrued benefits in the retirement plan into shares of restricted Common Stock. He may not sell or transfer these shares and these shares are subject to repurchase by Motorola Solutions until he is no longer a member of the Board because: (1) he does not stand for re-election or is not re-elected, or (2) of his disability or death.

Non-employee directors are covered by insurance that provides accidental death and dismemberment coverage of \$500,000 per person. The spouse of each such director is also covered by such insurance when traveling with the director on business trips for the Company. The Company pays the premiums for such insurance. The total premiums for coverage of all such non-employee directors and their spouses during the year ended December 31, 2016 were \$2,020.

PROPOSAL NO. 2 ADVISORY APPROVAL OF THE COMPANY S EXECUTIVE COMPENSATION

In accordance with Section 14A of the Exchange Act we are providing our stockholders with the opportunity to vote to approve, on a non-binding, advisory basis, the compensation of our NEOs as disclosed in this Proxy Statement. The Board has adopted a policy providing for annual say-on-pay advisory votes. Although the vote is non-binding, the Board and Compensation and Leadership Committee will review and consider the outcome of the vote when considering future executive compensation arrangements. In deciding how to vote on this proposal, the Board encourages you to read the Compensation Discussion and Analysis, below, for a detailed description of our executive compensation philosophy and programs. In particular, you should consider the following factors, which are more fully discussed in the Compensation Discussion and Analysis:

We actively engage our stockholders on their views and consider this input when designing our executive compensation programs.

Our programs are designed to pay for performance, so a majority of the NEOs total compensation is based on the performance of the Company and 100% of their long-term incentives are performance-based.

Our executive compensation program incorporates many leading practices to ensure ongoing good governance, including eliminating the excise tax gross-up for our CEO in 2014.

For the reasons discussed above, the Board unanimously recommends that stockholders vote in favor of the following resolution:

Resolved, that the stockholders approve, on an advisory basis, the compensation of the named executive officers, as described in the Compensation Discussion and Analysis, the 2016 Summary Compensation Table and other related tables and disclosures in this Proxy Statement.

RECOMMENDATION OF THE BOARD

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE ADVISORY APPROVAL OF THE COMPANY S EXECUTIVE COMPENSATION. UNLESS OTHERWISE INDICATED ON YOUR PROXY, YOUR SHARES WILL BE VOTED FOR THE ADVISORY APPROVAL OF THE COMPANY S EXECUTIVE COMPENSATION.

PROPOSAL NO. 3 ADVISORY APPROVAL OF THE FREQUENCY OF ADVISORY VOTES TO APPROVE EXECUTIVE COMPENSATION

As part of the Board s commitment to excellence in corporate governance, and as required by the Section 14A of the Exchange Act, the Board is providing the Company s stockholders with an opportunity to provide an advisory vote to determine whether the stockholder advisory vote on executive compensation should occur every one, two or three years.

In accordance with our Board Governance Guidelines, the Board recommends that the advisory vote on executive compensation be presented to stockholders on an annual basis. This frequency is consistent with the practice we adopted in 2008 and 2011 to annually provide stockholders the opportunity to vote on our pay practices. Further, we believe an annual advisory vote on executive compensation will allow us to obtain information on stockholders views of the compensation of our named executive officers on a more consistent basis and will provide our Board and Compensation and Leadership Committee with frequent input from stockholders on our compensation programs. Because your vote is advisory, it will not be binding upon the Board.

RECOMMENDATION OF THE BOARD

THE BOARD OF DIRECTORS RECOMMENDS A VOTE OF 1 YEAR WITH RESPECT TO THE FREQUENCY OF THE ADVISORY VOTE ON THE COMPANY S EXECUTIVE COMPENSATION. UNLESS OTHERWISE INDICATED ON YOUR PROXY, YOUR SHARES WILL BE VOTED 1 YEAR.

COMPENSATION DISCUSSION AND ANALYSIS

NAMED EXECUTIVE OFFICERS

Our Compensation Discussion and Analysis (the CD&A) describes Motorola Solutions executive compensation philosophy and programs, which are governed by the Compensation and Leadership Committee (the Committee). The CD&A includes 2016 total compensation for our named executive officers (NEOs) who are listed below.

Named Executive Officer	Title
Gregory Q. Brown	Chairman and Chief Executive Officer
Gino A. Bonanotte	Executive Vice President and Chief Financial Officer
Bruce W. Brda	Executive Vice President, Products & Services
Mark S. Hacker	Executive Vice President, General Counsel and Chief Administrative Officer
John P. Molloy	Executive Vice President, Worldwide Sales

EXECUTIVE SUMMARY

2016 was a strong year of improvement and execution reflected in our 6% revenue growth, along with record results for operating earnings and backlog. The revenue growth was driven primarily by Airwave, which we acquired in February, in addition to 2% organic revenue growth in the second half of the year. The improved earnings and cash flow were driven by higher revenue, lower expenses and improved operating leverage. Our record backlog position of \$8.4 billion includes \$1.5 billion of Products and \$6.9 billion of Services backlog, with Services comprised primarily of multi-year Managed and Support Services contracts. These long-term, multi-year agreements reflect the confidence our customers have in the durability and longevity of our land mobile radio (LMR) platform for mission-critical communications. Additionally, the Company continues to innovate and invest for future growth in software and services while driving shareholder return. During the year, we invested \$1.3 billion in acquiring four software and services companies, repurchased \$842 million of stock and paid dividends of \$280 million. Since July 2011, the Company has returned over \$13 billion in capital and reduced our share count by 52%. Our three-year total shareholder return is 31.1% compared with 29.0% for the S&P 500.

Our 2016 Performance Was Slightly Below Our Operating Plan;

Our 2014-2016 Performance Delivered Strong Positive Returns To Our Stockholders

Our 2016 business performance was improved over 2015 and was only slightly below our operating plan. Our three-year performance ending in 2016 showed solid returns to our stockholders driven by an improved year in 2015 followed by strong results in 2016. As a result of our performance, and consistent with our pay for performance philosophy, our incentive plans paid out as follows:

Our 2016 Executive Officer Short Term Incentive Plan (STIP) resulted in slightly below target funding for the business performance component (92% of target), reflecting our operating earnings and free cash flow results just below our operating plan; and

Our 2014-2016 Long Range Incentive Plan (LRIP), which is based on Motorola Solutions total shareholder return (TSR) relative to our comparator group for the performance cycle, resulted in an above target payout (110% of target).

Even with our improved incentive payouts in 2016 versus 2015, which were 88% of target for STIP and 75% of target for LRIP, and strong individual performance for our NEOs, 2016 total compensation for NEOs was lower than in 2015 due to the 2015 performance contingent stock option award, which had the effect of increasing compensation last year.

2016 Actions

Our compensation program is critical to our ability to attract, retain and motivate key talent necessary to deliver on our purpose to help people be their best in the moments that matter. As part of our continuous review of our compensation program and consideration of ongoing feedback from investors, we believe we have a balanced program that continues to support our business growth. Therefore, no changes were made to our compensation program for our management executive committee, which includes all NEOs, in 2016.

2016	Com	pensation	Program	Over	view

Our regular, annual compensation program included a mix of the following fixed and variable elements:

22 Motorola Solutions Notice of 2017 Annual Meeting of Stockholder and Proxy Statement

Our Incentive Compensation Program Based On 2016 Performance Resulted In Below Target Funding;

Our Incentive Compensation Program Based On 2014-2016 TSR Resulted In Above Target Payouts

To support our pay for performance philosophy, our 2016 executive compensation program used a mix of fixed and at-risk elements to align with short- and long-term business goals through various incentives.

Our STIP is tied to achieving operating earnings and free cash flow targets to measure what enables the Company to invest in future growth and appropriately return capital to stockholders. These two measures are commonly tracked by investors and we believe that they provide useful information to investors as a measure of the strength and sustainability of our business model, while also driving long-term, sustainable stockholder value.

Our long-term incentive program provides awards that are earned and vest based on stock price appreciation or relative TSR, not only to reward long-term stock price appreciation, but also to ensure that value delivered to our stockholders through TSR exceeds that of our comparator companies.

In 2016, we delivered growth in both operating earnings and operating cash flow and fell just short of achieving our operating plan, which resulted in below target funding for the business performance component of our STIP. Our 2014-2016 TSR (stock price appreciation plus dividends) was 31.1% over the three-year period, which resulted in a #6 out of 14 rank in our comparator group. This performance equated to a payout of 110% of target under our 2014-2016 LRIP. See Long Range Incentive Plan for comparator group details.

Response to 2016 Stockholder Vote and Stockholder Engagement Process

At the 2016 Annual Meeting, our stockholders approved the advisory vote on our executive compensation with 96% support. We believe this is in large part due to program changes over the past several years that have been maintained, have created a fundamentally sound program designed to drive our growth and have aligned with stockholder interests.

In November and December 2016, we contacted stockholders holding approximately 59% of our shares in the aggregate to seek feedback on our governance and compensation programs, some of whom noted that they had no issues with our programs and declined our request for engagement. With the stockholders who accepted our request for feedback, we discussed the 2015 investment by Silver Lake and our unchanged incentive program design, which continued to receive positive feedback. In addition, we asked for our stockholders—input on current governance topics of interest (e.g., Board refreshment and proxy access). The investors with whom we spoke expressed no major concerns about the current executive compensation program, including pay programs, approach and overall governance.

Our stockholder engagement process is not just a one-time event; we have ongoing investor relations efforts in place including monitoring trends, engaging investors and stockholder groups on pay topics and seeking ongoing feedback on pay practices and corporate governance. We actively and periodically engage with our stockholders to request their views of our compensation programs and individual pay actions and take that information into consideration when assessing and evaluating potential changes to our executive compensation programs. In addition, we conduct outreach efforts two times a year that are focused on institutional investors with larger stockholdings, stockholder advocates and proxy advisory firms. Our November/December outreach is designed to gain feedback on the results of the previous Annual Meeting and input on our pay programs and disclosures. Our March/April outreach is designed to answer questions and provide clarifications, if necessary, leading up to the Annual Meeting and ensure stockholders are effectively informed about our programs in advance of the advisory vote on executive compensation.

Motorola Solutions Notice of 2017 Annual Meeting of Stockholder and Proxy Statement

We continue to focus on sustained engagement efforts each year and remain committed to taking into account the results of future stockholder votes and ongoing dialogues with our stockholders when reviewing our compensation program and practices.

Our Executive Compensation Program Is Aligned to Our Business Strategy and Features Many Leading Practices

A significant percentage of target total direct compensation, 89% for the CEO and 79% on average for the other NEOs, is at risk and linked to actual performance.

Performance measures are linked to near-term operating objectives and delivery of long-term value to stockholders through both relative and absolute stock price performance.

The long-term incentive program established in 2015 and unchanged in 2016 is 100% performance-based.

The Committee retains an independent compensation consultant to review the Company s compensation program and practices.

The independent compensation consultant reviews our pay and performance relationship annually with the Committee.

Our performance-based plans (STIP, LRIP, performance options and market stock units) are subject to maximum payout caps.

In the event of a change in control, long-term equity incentives have a double trigger; that is, outstanding equity awards will not vest in the event of a change in control unless also accompanied by a qualifying termination of employment. Accelerated vesting at a change in control is only provided if the acquirer does not assume or replace the outstanding equity awards.

The Company provides limited executive perquisites and no excise tax gross-ups.

Executives are required to hold stock equal to 6x salary for the CEO and 3x salary for each of the other NEOs.

Compensation is subject to claw-back in the event of certain financial restatements.

Hedging of Company securities is prohibited.

Our insider trading policy prohibits pledging, and no NEOs have pledged any Company equity.

We conduct regular risk assessments of our compensation programs and practices. We Continue to Innovate our Talent Programs and Link Talent and Pay Decisions

As our business continues to grow and our talent needs evolve we are enhancing our talent programs to ensure that we can meet the new challenges of attracting, developing, engaging and rewarding the top talent in our global industry. In 2016, we introduced a new framework of development for all employees and acceleration for key talent and critical roles, a new framework of leadership tools and resources and efforts to continue to increase the inclusion and diversity of our workforce. We remain committed to the development of globally diverse leaders and use a multi-faceted approach to development that includes new and expanded job assignments, formal and informal learning and coaching and engagement with management s executive committee, our CEO and the Board. We continue to pay competitively and strive to provide differentiated rewards that recognize outstanding business performance and leadership behaviors.

Independent Experts Guide Program Development

The Committee engages an independent consultant, Compensation Advisory Partners LLC (CAP), to advise on the Company s executive compensation strategy and program design and to provide regulatory and market trend updates. CAP carries out competitive reviews as directed by the Committee and provides input on specific compensation for our CEO and input on specific compensation recommendations for our other executive officers.

In 2016, the Committee continued to engage CAP as its independent compensation consultant. CAP participates in Committee meetings, including regular discussions with the Committee, without management present, to ensure impartiality on certain decisions. During 2016, the Committee also reviewed the independence of CAP using assessment criteria that aligned with the SEC and related NYSE rules adopted in 2012. The Committee concluded that CAP was independent and had no conflicts of interest.

2016 EXECUTIVE COMPENSATION PROGRAM

Compensation Philosophy, Practices and Program Design Inputs

Our philosophy is to provide reward programs that attract, retain and motivate the right people, in the right place, at the right time. We strive to provide a total compensation package that is competitive with the prevailing practices in the industries and countries in which we operate, allowing for above average total compensation when justified by business results and individual performance. Program design is guided by these principles:

Principle	Description
Business	Incentives are aligned with the Company s business goals and avoid excessive risk taking
Driven	
Performance	Programs create an effective link between pay and performance at both the Company and individual level
Differentiated	
Market	Total compensation package is competitive to attract, retain and motivate top talent needed to successfully execute our business strategy
Competitive	
Ownership	Compensation is aligned with stockholder interests by delivering meaningful equity awards and maintaining robust stock ownership guidelines
Oriented	
Simplicity	Employee engagement is driven through simple, cost-efficient plan design

The Committee reviews the executive compensation program design and executive pay levels annually. As part of this annual review, CAP provided executive compensation market data, information on current market practices and trends and alternatives to consider for determining compensation for our Section 16 Officers, including the NEOs. The Committee benchmarked our compensation program design, executive pay and performance against a group of comparator companies that are publicly traded and comparable to Motorola Solutions in market segment, product offerings, revenue and market value. The Committee believes Motorola Solutions competes against these companies, for executive talent and stockholder investment.

The Committee reviews the composition of the comparator group annually with the assistance of CAP. Following the sale of our Enterprise business in late 2014, our comparator group was modified in 2015 to reflect the new size and composition of our Company by removing Danaher, Eaton and NCR and adding ARRIS International, Amphenol, Juniper Networks and Roper Technologies. This same comparator group was used in 2016 to evaluate pay levels and mix and alignment of pay with our performance. This group is no longer used for relative TSR measurement comparisons in the LRIP beginning with the 2015-2017 performance cycle.

2016 Comparator Group

Agilent Technologies,			
Inc.	Harris Corp.	Raytheon Company	Roper Technologies, Inc.

Amphenol Corp.	Ingersoll-Rand plc	Rockwell Automation Inc.	TE Connectivity Ltd.
ARRIS International plc	Juniper Networks,		
	Inc.	Rockwell Collins, Inc.	Tyco International Ltd. ¹
Dover Corp.	Parker-Hannifin		
	Corp		

¹ Tyco International was acquired by Johnson Controls in September 2016.

To supplement our comparator group data, the Committee also considers compensation surveys that include data from companies of similar size and business segments to Motorola Solutions. For 2016, the Committee considered data from the Radford Global Technology Survey and the IPAS Global High Technology Survey.

The Committee uses the 50th percentile of our comparator group as a guideline for establishing target total compensation for our NEOs, however each NEO s target total compensation position relative to market varies due to the Committee s consideration of additional factors such as role, scope of accountabilities, experience, individual performance and market practices when setting total target compensation. In the first quarter of the year, the Committee evaluated each NEO s target compensation relative to market compensation to set 2016 compensation and found as follows:

Position	NEO
Total compensation between the 50th percentile and 75th percentile market	Brown and Bonanotte
Total compensation at the 50 th percentile market	Brda, Hacker and Molloy

Motorola Solutions Notice of 2017 Annual Meeting of Stockholder and Proxy Statement

A significant portion of our NEOs compensation is delivered through both short- and long-term incentives linked to financial and stock price performance, with a large percentage based on relative performance.

Base Salary

Base salaries are set by the Committee with the Board s concurrence for the CEO. When setting base salary for each NEO, the Committee considers many factors, including: the 50th percentile of the market data, external market conditions, individual performance, experience, internal comparisons and succession plans.

Short-term Incentives

The STIP is an annual cash incentive award based on Motorola Solutions achievement of financial performance measures and an executive s individual performance.

Actual awards are based on the executive starget incentive award opportunity, Motorola Solutions achievement of performance results (Business Performance Factor) and assessment of individual performance (Individual Performance Factor). The payout range for both the Business Performance Factor and the Individual Performance Factor is from 0% to 140%, resulting in a total plan maximum payout opportunity of 196% of target. The incentive target opportunity for each NEO was determined based on market data.

For 2016, the Business Performance Factor was based on achievement of operating earnings (weighted 65%) and free cash flow (weighted 35%) goals. Operating earnings measures our profits from sales and free cash flow measures the cash available after capital expenditures. These are common performance measures both inside and outside of our industry and are fundamental inputs we use to measure profitability, business liquidity and rates of return for the business. We believe operating earnings and free cash flow appropriately measure our annual business performance and ultimately drive our long-term stockholder value over time.

Motorola Solutions Notice of 2017 Annual Meeting of Stockholder and Proxy Statement

A rigorous process is used at the start of each year to determine the range of performance for each measure and includes an analysis of factors such as: prior year financial results, market share, projected revenue growth, margins and operating expenditures and other macroeconomic and industry considerations. The operating earnings and free cash flow targets and performance ranges for the 2016 STIP were aligned with the 2016 operating plan that was approved by the Board in the first quarter of 2016. The range of performance and 2016 results are shown in the following table:

Business							
Performance	Minimum	Target	Maximum	2016 Result	Business Performanc Factor		Weighted Result
Measure							
Operating Earnings ¹ (in millions)	\$1,267	\$1,490	\$1,714	\$1,427	0.90	65%	0.58
Free Cash Flow ² (in millions)	\$694	\$925	\$1,110	\$894	0.97	35%	0.34
TOTAL							0.92

¹ Operating Earnings is our reported Non-GAAP operating earnings, which excludes highlighted items, stock-based compensation and intangible amortization.

Long-term Incentives

Our regular, annual Long-term Incentives (LTI) are delivered through a portfolio of three vehicles, all of which are performance-based and designed to achieve a balancing of objectives within the overall program. The objective of our LTI program is to incentivize our NEOs to:

Focus on financial and operational metrics that drive our growth in ways that result in long-term value creation for stockholders.

Outperform the S&P 500 comparator companies.

Achieve the highest, sustainable stock price over time.

The LTI program includes a long range incentive plan (LRIP), performance stock options (POs) and market stock units (MSUs). The LRIP and POs (two-thirds of the total LTI opportunity) are based on relative TSR and the MSUs (one-third of the total LTI opportunity) are based on absolute stock price, making the program 100% performance-based. Inclusion of the MSUs in the portfolio is also critical to provide a vehicle to assist in retaining our executives once performance is achieved. The LTI pays out one-third in cash (the LRIP) and two-thirds in equity (the POs and MSUs).

² Free Cash Flow is defined as net cash provided by operating activities less capital expenditures.

The Individual Performance Factor for each NEO is the Committee s assessment if the NEO s individual performance and accomplishments and is discussed in more detail in Compensation Decisions for 2016.

28 Motorola Solutions Notice of 2017 Annual Meeting of Stockholder and Proxy Statement

For both POs and MSUs, the number earned increases/decreases in relation to performance and unearned POs and MSUs are forfeited at the end of the performance period. The payout scale for the POs is detailed below. For MSUs, each 1% increase/decrease in stock price results in a 1% increase/decrease in the number of MSUs earned at the end of the performance period with a maximum payout at 100% stock price appreciation and a threshold of 40% stock price depreciation, below which no MSUs are earned. To further reinforce the performance nature of the program, the payout scale for the LRIP and POs requires performance to exceed median performance of the group before a target payout is earned. The comparator group used to measure relative performance is the S&P 500, which we believe is the broader industry group with which we compete for stockholder investment.

Motorola Solutions Notice of 2017 Annual Meeting of Stockholder and Proxy Statement

29

Long Range Incentive Plan

The LRIP is a performance-based, multi-year incentive plan for our senior executives, including the NEOs. We maintain overlapping three-year cycles with grants made annually, and we currently have three active cycles (2015-2017, 2016-2018 and 2017-2019). The Committee determines the total LTI value with reference to market levels through benchmarking completed by CAP. The LRIP was designed to deliver one-third of that LTI value. Each cycle prior to the 2015-2017 performance cycle uses a comparator group made up of peer companies for relative TSR measurement that is the same as the group used in our pay and performance analysis at that time. A TSR payout factor is determined by calculating the Company s TSR rank within the comparator group based on the approved payout scale detailed below. Beginning with the 2015-2017 performance cycle, the comparator group used for relative TSR measurement is the S&P 500. A TSR payout factor is determined by calculating the Company s TSR percentile rank within the S&P 500 based on the approved payout scale detailed below. For both methodologies, the TSR calculation uses a three-month average stock price at the beginning (three months preceding performance cycle start) and end (final three months in performance cycle, plus value of reinvested dividends) of the period for measurement purposes. This approach minimizes the impact of a single beginning and ending point stock price for each performance cycle.

If the resulting TSR performance for Motorola Solutions is negative, but would still result in a ranking that would provide a payout, the Committee will have discretion to reduce the calculated payout by up to 25%.

Comparator companies are reviewed annually and are not changed for any established performance cycle once they are approved by the Committee.

30 Motorola Solutions Notice of 2017 Annual Meeting of Stockholder and Proxy Statement

Performance Options and Market Stock Units

In 2016, the Committee granted POs and MSUs to the NEOs under our Omnibus Plan (defined below). The POs are earned and vest based on relative TSR performance at the end of the three-year performance period based on the same payout scale described above for the 2015-2017 and 2016-2018 LRIP. The MSUs are earned and vest based on stock price appreciation/depreciation at the first, second and third anniversaries of the date of grant with respect to one-third of the grant for each of the three time periods.

Timing and Grant Practices of Global Equity Awards

Since 2012, our share usage (equity grants as a percentage of common shares outstanding) has been significantly reduced from our prior granting practices, resulting in a decrease in our stock-based compensation expense. In 2016, the expense from previous grants made to a broader population had been fully recognized, resulting in a level of expense we anticipate will continue for future years, unless and until we further modify our equity granting practices. In 2016, we also issued more equity than in prior years due to multiple, key acquisitions. We grant equity to employees of our acquired companies as a key strategy to retain employees and their enterprise knowledge and align their interests with those of our stockholders. In addition, at the 2015 Annual Meeting, stockholders approved the Motorola Solutions 2015 Omnibus Incentive Plan, which was an amendment and restatement of the Motorola Solutions Omnibus Incentive Plan of 2006 (the Omnibus Plan), which reduced by approximately 7 million shares, to 12 million shares, the total number of shares reserved and approved for issuance. We plan to continue to closely manage our equity granting practices to ensure our share usage and stock-based compensation expense remain in line with competitive levels.

In 2016, our annual equity awards were made in the first quarter of the year to allow the Company to better align the receipt of equity awards with the assessment of prior year performance, achievement of prior year business goals and the prospective incentive objectives for our NEOs. We do not structure the timing of equity awards to precede or coincide with the disclosure of material non-public information. All equity grants made to Section 16 Officers are approved by the Committee, with concurrence by the Board for grants to the CEO.

The Committee has also delegated authority to the most senior human resources executive to make off-cycle equity grants to newly hired or promoted employees, in recognition of outstanding achievement or for retention. These types of grants are made on the first trading day of each month.

COMPENSATION DECISIONS FOR 2016

Gregory Q. Brown, Chairman and Chief Executive Officer

Mr. Brown s 2016 compensation reflects a strong year of operational and financial performance. One- and three-year performance were both improved from 2015 resulting in a higher 1) STIP award based on improved company performance and an IPF of 1.4 reflecting Mr. Brown s outstanding individual performance for the year, and 2) LRIP payout due to improved three-year TSR for the 2014-2016 LRIP cycle. Even with this strong performance, 2016 total actual compensation was lower than in 2015 due to the 2015 PCSO award, which increased last year s compensation.

OTHER COMPENSATION POLICIES AND PRACTICES

Stock Ownership Guidelines

To ensure strong alignment of our senior management with the interests of our stockholders, the Company maintains stock ownership guidelines for our senior executives, including each of our NEOs. Our stock ownership requirements are expressed as a multiple of base salary as shown below:

	Multiple of
Executive Group	
	Base Salary
Chairman and Chief Executive Officer	6x
Executive Vice Presidents and Executive Committee Members	3x
Senior Vice Presidents	2x
Corporate Vice Presidents	1x

Executives subject to the guidelines must meet their ownership requirement within five years from the date they first become subject to their applicable ownership requirement. Executives who do not meet their stock ownership requirement within five years must hold 100% of net shares acquired (net of tax withholding) on the exercise of stock options and the vesting of RSUs or MSUs until compliance with the stock ownership requirement is achieved.

Shares counted toward guideline achievement include directly owned shares, unvested RSUs and target MSUs.

The Committee reviews compliance with the ownership guidelines annually. In the Committee s last review, it was determined that all NEOs had met their stock ownership requirement or are within the five-year grace period.

Change in Control Plan

The Company maintains the Senior Officer Change in Control Severance Plan (the CIC Severance Plan), which the Board has the ability to amend or terminate with at least one year s notice to participants.

The CIC Severance Plan covers our NEOs (except for Mr. Brown, whose employment agreement contains change in control provisions) and our other senior executives. The Board considers the maintenance of an effective and stable management team essential to protecting and enhancing the value of the Company for the benefit of our stockholders. To that end, we recognize that the possibility of a change in control may exist and that this possibility, and the uncertainty and questions it may raise for certain senior executives, may result in the distraction, and potential departure, of senior management employees to the detriment of the Company and our stockholders. The CIC Severance Plan helps to encourage the continued attention and dedication of our senior management to their assigned duties without the distraction that may arise from the possibility of a change in control event.

The CIC Severance Plan employs a double trigger in order for severance benefits to be paid, meaning that both a change in control event must occur and an executive must be involuntarily terminated without cause or must leave for good reason within 24 months following the change in control.

The table below highlights key provisions of the CIC Severance Plan. For a detailed description of the CIC Severance Plan, please refer to the section Change in Control Arrangements.

CIC Provision	CIC Severance Plan
Eligibility	Executive and Senior Vice Presidents
CIC Cash Severance Multiple	Two times base salary plus target bonus
Medical Benefit Continuation	Two years
LRIP and Equity Treatment	Equity and LRIP subject to double trigger unless awards are not assumed or
	replaced by acquirer. If not assumed or replaced, equity and LRIP provide
(Provision in Omnibus Plan)	for accelerated treatment with performance at target
Excise Tax Gross-Up	None. Participants receive best net after-tax position of either participant s
	paying the excise tax or a reduction in severance benefits to a level that
	eliminates the imposition of excise tax

Recoupment of Incentive Compensation Awards Upon Restatement of Financial Results

If, in the opinion of the independent directors of the Board, the Company s financial results require restatement due to the misconduct by one or more of the Company s executive officers (including the NEOs), the independent directors may seek a number of remedies, all of which are subject to a number of conditions including (i) whether the executive officer engaged in the intentional misconduct, (ii) whether the bonus or incentive compensation to be recouped was calculated based upon the financial results that were restated, and (iii) whether the incentive

Motorola Solutions Notice of 2017 Annual Meeting of Stockholder and Proxy Statement

Table of Contents 75

35

compensation calculated under the restated financial results is less than the amount actually paid or awarded. The independent directors review whether to require one or more remedies by directing the Company to recover all or a portion of any incentive compensation received by the executive as a result of the misconduct, as well as cancel all or a portion of the outstanding equity-based awards held by the executive (commonly referred to as a claw-back policy). In addition, the independent directors may also seek to recoup any gains realized by the executive with respect to their equity-based awards, including exercised stock options and vested RSUs, regardless of when they were issued.

Impact of Favorable Accounting and Tax Treatment on Compensation Program Design

Favorable accounting and tax treatment of the various elements of our total compensation program is an important, but not the sole, consideration in its design. Section 162(m) of the Internal Revenue Code limits the deductibility of certain items of compensation paid to the CEO and certain other highly compensated executive officers (together, the covered officers) to \$1,000,000 annually, unless such compensation qualifies as performance-based compensation. Our short-term and long-term incentive programs generally have been designed so that they may qualify as performance-based compensation. In particular, in order to design our STIP so that it may meet certain Section 162(m) qualification requirements, under our Omnibus Plan, each year the Committee allocates an incentive pool equal to 5% of our consolidated operating earnings to the covered officers under our STIP. Once the amount of the pool and the specific allocations are determined at the end of the year, the Committee can apply negative discretion to reduce (but not increase) the amount of any award payable from the incentive pool to the covered officers, as determined by the amount payable to each covered officer based on the STIP performance criteria and actual results. The Committee reserves the right to provide for compensation to executive officers that may not be deductible pursuant to Section 162(m).

Securities Trading Policy

Executives and certain other employees, including our NEOs, may not engage in any transaction in which they may profit from short-term speculative swings in the value of our securities. Our securities trading policy is applicable to all employees and is designed to ensure compliance with all applicable insider trading rules.

Anti-Hedging Policy

Directors, executives and certain other employees, including our NEOs, are not permitted to hold any security tied to the performance of our Common Stock other than equity delivered directly to employees under our equity incentive plans.

(6) The amounts in column (i) for 2016 consist of perquisite costs for personal use of corporate aircraft service, security system monitoring, costs for financial planning, guest attendance at Company events, Company matching contributions to the 401(k) Plan and executive physicals. The incremental cost to the Company for any personal use of corporate aircraft service is calculated by multiplying the number of hours an NEO travels in a particular plane by the direct cost per flight hour per plane. Direct costs include fuel, maintenance, labor, parts, loading and parking fees, catering and crew. Specific perquisites applicable to each NEO are identified below by an X . Where such perquisite exceeded the greater of \$25,000 or 10% of the total amount of perquisites and personal benefits for such officer, the dollar amount is given.

⁽¹⁾ In the aggregate, the MSUs (at target) described in this table represent approximately 0.035% of the total shares of Common Stock outstanding on February 1, 2017. MSUs are not eligible for dividend equivalent rights. Each of these MSU target awards were granted under the Omnibus Plan. The fair value for MSUs is determined using a Monte Carlo simulation model.

(2)

In the aggregate, the options (at target) described in this table are exercisable for approximately 0.137% of the total shares of Common Stock outstanding on February 1, 2017. All option awards were granted under our Omnibus Plan. All options entitle the holder to acquire shares of Common Stock at the exercise price determined on the grant date. The options carry the right to elect to have shares withheld upon exercise and/or to deliver previously-acquired shares of Common Stock to satisfy tax-withholding requirements. Options may be transferred to family members or certain entities in which family members have an interest. All options expire at the end of ten years. However, options could expire or be cancelled earlier in certain situations.

- (3) The exercise price of option awards is based on the fair market value of our Common Stock at the time of grant, which is the closing price for a share of our Common Stock on the date of grant.
- (4) These grants were made pursuant to the STIP for the 2016 plan year and are payable in cash. The STIP is the Company s annual pay-for-performance bonus plan that is based on a formula that combines Company and individual performance. For a detailed discussion of the STIP, including the targets and plan mechanics, see Compensation Discussion and Analysis. Threshold payouts assume the minimum individual performance factor of 0.0. Target payouts assume individual and business performance factors of 1.0. Maximum payouts assume the maximum individual and business performance factors of 1.4. Awards under the STIP for NEOs are determined using their eligible earnings and individual incentive target percentages for the plan year.
- (5) These grants are for the 2016-2018 LRIP. Awards under the 2016-2018 LRIP cycle are determined in dollars but, at the discretion of the Compensation and Leadership Committee, may be paid in cash or Common Stock. For a discussion of the LRIP, including the targets and plan mechanics, see Compensation Discussion and Analysis. The amounts under Threshold assume the minimum performance level necessary to generate an award was achieved. If final cycle performance is below the minimum performance level at the end of the three-year cycle, awards will be \$0. The amounts under Target assume the target level of performance is achieved. The amounts under Maximum will be payable if Motorola Solutions three-year total shareholder return ranks in the top 10 percentile among the S&P 500.
- (6) MSUs are granted at target on the grant date. Actual shares are earned and vest on the first, second and third anniversary of the grant date based on stock price appreciation or depreciation. For every 1% increase or decrease in stock price, MSUs earned on the performance measurement date will increase or decrease by 1%. Maximum opportunity is 200% of the target award for 100% stock price appreciation. Minimum opportunity is 60% of the target award at 40% stock price depreciation. On March 10, 2017, the first anniversary of the grant date, the Company s stock had appreciated by 16%; therefore, one-third of the target award was earned at 116%.
- (7) Performance options are granted at target on the grant date. Actual options are earned and vest on the third anniversary of the grant date based on the payout factor that corresponds with the Company s relative total shareholder return percentile rank amongst the S&P 500. Maximum opportunity is 250% of the target award if percentile rank is at least the 90th percentile. Minimum opportunity is 30% of the target award if percentile rank is at least the 30th percentile.

⁽¹⁾ Market values in columns (h) and (j) are based on the closing price of our Common Stock on December 31, 2016 of \$82.89 per share.

Motorola Solutions Notice of 2017 Annual Meeting of Stockholder and Proxy Statement 41

⁽²⁾ The grant vested in three equal annual installments with the first installment having vested on July 31, 2009.

⁽³⁾ The restrictions lapse in three equal installments, each lapse date to be the later of (a) the date on which the average closing price of our Common Stock over a fifteen-day trading period is 15% greater than the average closing price of our Common Stock over the fifteen-day trading period immediately preceding the date of the grant on March 10, 2014, and (b) the first, second and third anniversary of the March 10, 2014 grant date. The performance measure was met on August 26, 2016; therefore the restrictions for the first and second installments lapsed on August 26, 2016, the third installment lapsed on March 10, 2017.

- (4) The grant of SARs vested in three equal annual installments with the first installment having vested on July 31, 2009.
- (5) These market stock units vest on the first, second and third anniversary of the March 9, 2015 grant date based on stock price appreciation or depreciation. On March 9, 2016, the first anniversary of the grant date, our stock had depreciated by 1%; therefore one-third of the award was earned at 99% of target. On March 9, 2017, the second anniversary of the grant date, our stock had appreciated by 16%; therefore the second one-third of the award was earned at 116% of target.
- (6) The grant vested in three equal installments on the later of: (a) (1) separation into two independent, publicly traded companies, or (2) announcement by the Company to not effect a separation; or (b) each of May 7, 2010, 2011 and 2012, respectively. The first installment vested upon the Separation and the last two tranches vested on May 7, 2011 and May 7, 2012.
- (7) These market stock units vest on the first, second and third anniversary of the March 10, 2016 grant date based on stock price appreciation or depreciation. On March 10, 2017, the first anniversary of the grant date, our stock had appreciated by 16%; therefore one-third of the award was earned at 116% of target.
 - (8) The grant vests in three equal annual installments commencing on the first anniversary of the grant date.
- (9) The grant vested in three equal installments, each vesting date the later of (a) the date on which the average closing price of our Common Stock over a fifteen-day trading period was 10% greater than the average closing price of our Common Stock over the fifteen-day trading period immediately following the Separation, or (b) the first, second and third anniversary of the grant date. The performance measure was met as of March 30, 2011; therefore the installments vested on the first, second and third anniversaries of the grant date.
- (10) The 48,489 options and 471,398 stock-settled SARs vested in three equal installments, each vesting date the later of (a) the date on which the average closing price of our Common Stock over a fifteen-day trading period is 10% greater than the average closing price of our Common Stock over the fifteen-day trading period immediately preceding the date of the grant on February 22, 2011, or (b) the first, second and third anniversary of the grant date. The performance measure was met as of April 5, 2011; therefore the installments vested on the first, second and third anniversaries of the grant date.
- (11) The grant vests in one installment on the later of (a) the date on which the average closing price of our Common Stock over a fifteen-day trading period is 15% greater than the average closing price of our Common Stock over the fifteen-day trading period immediately preceding the date of the grant on May 2, 2012, and (b) the third anniversary of the grant date. The performance measure was met as of January 22, 2013; therefore the options vested on the third anniversary of the grant date.
- (12) The grant vests in three equal installments, each vesting date to be the later of (a) the date on which the average closing price of our Common Stock over a fifteen-day trading period is 15% greater than the average closing price of our Common Stock over the fifteen-day trading period immediately preceding the date of the grant on May 13, 2013, and (b) the first, second and third anniversary of the grant date. The performance measure was met as of December 31, 2013; therefore the first, second and third installments vested on the first, second and third anniversaries of the grant date.
- (13) The grant vests in three equal installments, each vesting date to be the later of (a) the date on which the average closing price of our Common Stock over a fifteen-day trading period is 15% greater than the average closing price of our Common Stock over the fifteen-day trading period immediately preceding the date of the grant on March 10, 2014, and (b) the first, second and third anniversary of the grant date. As of August 26, 2016, the performance measure was met; therefore the first and second installments vested on August 26, 2016 and the third installment vested on March 10, 2017.
- (14) These performance options vest on the third anniversary of the March 9, 2015 grant date based on a payout factor that corresponds with our relative total shareholder return percentile rank among the S&P 500. Maximum opportunity is 250% of target award if percentile rank is at least the 90th percentile. Minimum opportunity is 30% of target award if percentile rank is at least the 30th percentile.

(15)

PCSOs vest upon the attainment of each stock price hurdle as follows: 20% vests when the Company closing stock price is \$85.00 for ten consecutive trading days; 30% vests when the Company closing stock price is \$102.50 for ten consecutive trading days; and 50% vests when the Company closing stock price is \$120.00 for ten consecutive trading days. No PCSOs are exercisable prior to the third anniversary of the date of grant. If any stock price hurdles are not met during the three-year period, the corresponding unvested PCSOs will expire.

- (16) These performance options vest on the third anniversary of the March 10, 2016 grant date based on a payout factor that corresponds with our relative total shareholder return percentile rank among the S&P 500. Maximum opportunity is 250% of target award if percentile rank is at least the 90th percentile. Minimum opportunity is 30% of target award if percentile rank is at least the 30th percentile.
 - (17) The grant vested on April 1, 2016, the third anniversary of the grant date.
 - (18) The grant vested in four equal annual installments commencing on the first anniversary of the grant date.

- (1) The Value Realized on Exercise is computed by determining the difference between the market price of the underlying securities at exercise and the exercise or base price of the options and multiplying such number by the number of options exercised.
- (2) The Value Realized on Vesting is computed by multiplying the number of shares of stock or units by the market closing price of the underlying shares on the vesting date. When an award vests on a non-trading day, the most recent previous market closing price is used for the purpose of this calculation.

NONQUALIFIED DEFERRED COMPENSATION IN 2016

The Motorola Solutions Management Deferred Compensation Plan (the Deferred Compensation Plan) previously allowed eligible executive participants the opportunity to defer portions of their base salary and annual cash incentive compensation and thereby defer taxes. Effective January 1, 2008, due to low participation, the Deferred Compensation Plan was closed to new deferrals. Effective June 1, 2013, the Deferred Compensation Plan was amended and restated to again allow eligible participants, including the NEOs, to defer portions of their base salary and cash incentive compensation otherwise payable in 2016. Motorola Solutions provides 100% matching contributions up to 4% of eligible compensation deferred above IRS qualified plan limits (\$265,000 in 2016), not to exceed \$50,000 in the case of the NEOs. The Deferred Compensation Plan is not intended to provide for the payment of above-market or preferential earnings on compensation deferred thereunder; however, as described below and pursuant to SEC rules, all above-market earnings on nonqualified deferred compensation in 2016 are shown below. Each of the NEOs participated in the Deferred Compensation Plan in 2016.

(1) For above-market earnings on nonqualified deferred compensation, see the Change in Pension Value and Nonqualified Deferred Compensation Earnings column of the 2016 Summary Compensation Table.

The amounts reported in the Aggregate Earnings in Last FY column in the table above represent all earnings on nonqualified deferred compensation in 2016. The portion of earnings reported as above-market earnings in the 2016 Summary Compensation Table in the Change in Pension Value and Nonqualified Deferred Compensation Earnings column represents the amount in excess of 2.68% (120% of the applicable federal rate threshold established for 2016 pursuant to SEC rules).

The Deferred Compensation Plan uses the following funds as the index for calculating investment returns on a participant s deferrals. The investment fund choices mirror the fund choices available in the Motorola Solutions 401(k) Plan. The participant s deferrals into the Deferred Compensation Plan are deemed to be invested in one or more of these funds, as per the participant s election. The participant does not actually own any shares of the investment funds he selects.

Changes to distribution elections must be filed at least 12 months in advance of a previously elected payment start date. Any change will require that the payment start date be at least five years later than the previously elected payment start date. Hardship withdrawals are available, but no other nonscheduled withdrawals are available. Termination payments cannot be earlier than six months after separation from service, except in the event of death or, under certain circumstances, a change in control of the Company.

RETIREMENT PLANS

Our defined benefit pension plans were offered to pension-eligible employees (including NEOs) hired before January 1, 2005. We offered the Motorola Solutions Pension Plan (the Pension Plan), a qualified pension plan with two different benefit formulas. We also offered a nonqualified plan, the Motorola Solutions Supplemental Pension Plan (the MSPP), to highly compensated employees whose qualified pension plan benefits were reduced by annual salary limits imposed by the IRS. No NEOs currently participate in the MSPP. Effective January 1, 2005, newly-hired employees were no longer eligible to participate in the Pension Plan or the MSPP. As of January 1, 2008, employees in the Pension Plan who were not yet vested, became vested after three years of service. Effective March 1, 2009, all future benefit accruals and compensation increases under the Pension Plan and the MSPP automatically ceased for all individuals who were participants in those plans as of February 28, 2009. However, active participants continue to earn vesting credit towards their Pension Plan benefit on and after March 1, 2009, if not already fully vested. In connection with the December 3, 2014 termination of our Pension Plan, a new pension plan was adopted with the same terms and conditions and the benefits for pension-eligible employees have not changed. All references herein to the Pension Plan shall be deemed to refer to the new pension plan.

The Company also maintains a defined contribution 401(k) plan, which permits employee pre-tax deferrals and provides for a discretionary employer matching contribution.

Pension Plan

The Pension Plan contains two benefit formulas, referred to as the Traditional Plan and the Portable Plan. The Traditional Plan formula provides an annual pension annuity benefit based on the participant s average earnings and the participant s benefit service, offset by the participant s estimated Social Security benefit at age 65. The Traditional Plan formula is calculated either based on final average earnings and estimated Social Security benefit as of December 31, 2007, or modified average earnings as of February 28, 2009, whichever produces the higher benefit (both earnings definitions are described below). The Portable Plan formula provides a lump-sum pension benefit based on the participant s average earnings, and a benefit percentage determined by the participant s vesting service and the participant s benefit service. The Portable Plan also calculates a benefit based on final average earnings as of December 31, 2007 or modified average earnings as of February 28, 2009, whichever produces the higher benefit.

A participant s final average earnings are his/her average earnings for the five years of his/her highest pay during the last ten calendar years (including years he/she did not work a complete year) of the participant s employment with the Company. A participant s modified average earnings are: (1) the sum of (a) his/her average earnings for the five (or fewer if hired after 2002) years of his/her highest pay during the ten calendar years before January 1, 2008, plus (b) his/her earnings during all years after 2007 in which he/she participated in the Pension Plan, divided by (2) the sum of (a) the number of years of the participant s benefit service under the Pension Plan prior to January 1, 2008, up to a maximum of five years (or fewer, if less than five); plus (b) the participant s total years of participation in the Pension Plan for all years after 2007. Eligible earnings include regular earnings, commissions, overtime, lump sum merit pay, and incentive pay with respect to the period January 1, 2000 to February 3, 2002. After February 3, 2002, incentive pay was excluded from the definition of eligible compensation.

401(k) Plan

The Motorola Solutions 401(k) Plan provides a dollar-for-dollar matching contribution each pay period on employee pre-tax contributions up to the first 4% of eligible compensation. Employees are permitted to contribute up to 30% of eligible compensation on a pre-tax basis and up to 20% of eligible compensation as after-tax contributions, subject to IRS limits. The 401(k) Plan also offers a discretionary matching contribution, which shall be determined annually by a

group comprised of certain Company officers and/or their designees.

EMPLOYMENT CONTRACTS

Employment Agreement with Gregory Q. Brown

On August 27, 2008, the Company entered into an employment agreement (the original employment agreement) with Gregory Q. Brown, then the Co-Chief Executive Officer of the Company and Chief Executive of the Company s Broadband Mobility Solutions business and a member of the Board. The original employment agreement memorialized Mr. Brown s existing base salary of \$1,200,000, an annual bonus target of not less than 220% of salary, a long-range incentive award target of not less than 350% of base salary for 2008 and 250% thereafter, and a 2008 special bonus target. The original employment agreement had an initial three-year term, with automatic one-year renewals absent a notice of non-renewal. As previously disclosed on December 17, 2008, Mr. Brown voluntarily decided to forego any 2008 annual or special bonus under the Motorola Incentive Plan. The original employment agreement was amended on December 15, 2008, May 28, 2010 and March 10, 2014 (the original employment agreement, together with the amendments, are collectively referred to as the employment agreement).

In the event of Mr. Brown s termination of employment without cause or by Mr. Brown for good reason, Mr. Brown is entitled to: (1) accrued and unpaid obligations (including base salary, vacation pay and undistributed bonuses); (2) a lump sum severance payment equal to two times (prior to a change in control) or three times (on or after a change in control) the sum of his base salary and target annual bonus; (3) a pro rata annual bonus based on actual performance during the year in which termination occurs; (4) two years (prior to a change in control) or three years (following a change in control) of medical insurance continuation; and (5) two years continued vesting of all outstanding equity awards (prior to a change in control) or accelerated vesting of all equity awards (following a change in control). In the event the Company terminates Mr. Brown s employment for cause or Mr. Brown terminates employment without good reason, he is entitled only to accrued and unpaid base salary and vacation pay. In the event of a termination of employment due to death or disability, Mr. Brown is entitled to accrued and unpaid obligations (including base salary, vacation pay and undistributed bonuses) and vesting of all then unvested equity awards that are outstanding at the date of termination.

Good reason for Mr. Brown to terminate his employment and receive the above generally includes: (1) a reduction in salary, bonus targets, or benefits; (2) a failure to continue on the Board of Directors or negative change in reporting structure; (3) a relocation of employment beyond 50 miles of Schaumburg, Illinois; (4) the failure of the successor to what is now Motorola Solutions to assume the employment agreement; or (5) any other breach of the employment agreement.

During his employment term, Mr. Brown is eligible to participate in the health and welfare plan, perquisites, fringe benefits and other arrangements generally available to other senior executives; Mr. Brown is required to use the Company s aircraft, if any, or Company arranged charter aircraft, for business and personal travel pursuant to the Company s security policy. Mr. Brown is not covered by the Company s change in control severance plans. Previously, Mr. Brown was entitled to a gross up for excise taxes on excess parachute payments, subject to a 10% cut-back (in other words, change in control payments will be reduced below the Code Section 280G safe harbor if the total payments are less than 10% in excess of the Code Section 280G safe harbor). However, Mr. Brown s employment agreement was amended on March 10, 2014 to remove the gross-up for excise taxes and to reduce the minimum annual bonus target to 150% effective in 2014.

Mr. Brown s employment agreement contains customary restrictive covenants, including perpetual confidentiality obligations and employee non-solicitation and business non-compete provisions relating to the Company that apply during the employment period and the two-year period following termination of employment.

TERMINATION OF EMPLOYMENT AND CHANGE IN CONTROL ARRANGEMENTS

Change in Control Arrangements

The Company s 2011 Senior Officer Change in Control Severance Plan (the CIC Severance Plan) is applicable to the NEOs, other than Mr. Brown, as well as all officers who are at or above the level of Senior Vice President (Senior Officers).

CIC Provision	CIC Severance Plan
Eligibility	All existing or newly elected or promoted executives with the following titles:
	Executive Vice Presidents
	Senior Vice Presidents
CIC Cash Severance	Two times current base salary and current target annual bonus
Multiple	
Medical Benefit	Two years
Continuation	
Excise Tax Gross-Up	None. In the event change in control benefits are subject to the excise tax under Section 4999 of the Code, either the participant will pay the excise taxes or the benefits will be cut back to an amount that eliminates imposition of the excise taxes, whichever option is more favorable to the participant on an after-tax basis.
Advance Notification	
to Participant of Plan	One year
Amendment	

In particular, under the CIC Severance Plan:

each participant is generally entitled to receive severance benefits if the participant terminates employment with the Company within two years subsequent to a Change in Control of the Company for Good Reason; or if the participant is employment with the Company is involuntarily terminated within two years subsequent to a Change in Control of the Company for any reason other than termination for Cause, Disability or death; or in the event of an anticipatory termination in connection with a Change in Control of the Company;

qualifying participants are entitled to receive a lump sum in cash (with limited exceptions) equal to their unpaid salary for accrued vacation days, accrued salary through the termination date and unpaid annual incentive or sales incentive bonuses for the preceding year;

qualifying participants are also entitled to receive a lump sum in cash equal to two times the participant s base salary in effect on the termination date plus two times the participant s target annual bonus or sales incentive bonus for the year in which termination occurs;

qualifying participants will also receive a pro rata target annual or sales incentive for the performance period (year, quarter or month) in which the termination occurs;

payments may be made at different times or in different formats depending on the application of Section 409A of the Code:

qualifying participants will also receive continued medical, dental and life insurance benefits for up to two years at the active employee premium rate, and two years of age and service credit for retiree medical eligibility; and

in the event a qualifying participant is subject to the excise tax under Section 4999 of the Code, either (a) the participant will pay all applicable Section 4999 excise taxes with respect to severance benefits (if such taxes apply) or (b) the severance benefits will be cut back to an amount that will not be subject to Section 4999 excise taxes, whichever option is more favorable to the participant on an after-tax basis.

If a Change in Control occurs during the term, the CIC Severance Plan continues for at least an additional two years from the Change in Control. The CIC Severance Plan may not be amended or terminated in a manner adverse to participants except upon one year s advance written notice.

In addition to plans covering all of the Company s Senior Officers, there are Change in Control protections for the general employee population under the Motorola Solutions, Inc. Involuntary Severance Plan.

Also, except as otherwise determined by the Compensation and Leadership Committee at the time of the grant of an award, under the Omnibus Plan, upon a Change in Control of the Company and a qualifying termination (known as a double trigger), all equity-based awards granted to employees, including our NEOs, become fully vested and exercisable; all performance goals are deemed achieved at target levels and all other terms and conditions are deemed met; all performance stock would be delivered as promptly as practicable; all performance units, restricted stock units and other units would be paid out as promptly as practicable; all annual short-term incentive awards would be paid out at target levels

Motorola Solutions Notice of 2017 Annual Meeting of Stockholder and Proxy Statement

and all other terms and conditions deemed met; and all other stock or cash awards would be delivered and paid. The value of this potential acceleration of awards is the same as the value disclosed for the LRIP, stock options and SARs, and RSUs under the Involuntary Termination Change in Control columns of the Termination and Change in Control Table for 2016. A qualifying termination includes an NEO who is involuntarily terminated (for a reason other than Cause) or quits for Good Reason within 24 months following the Change in Control. This treatment also applies for any awards that are assumed or replaced by the successor corporation (or parent thereof) if these awards preserve the value of existing awards at the time of the Change in Control and provide for subsequent payout in accordance with the same vesting schedule applicable to the original awards. With respect to any awards that are not assumed or replaced, such awards shall immediately vest.

Executive Severance Plan

The Company has maintained an executive severance plan for all U.S. based elected officers and appointed vice presidents since October 1, 2008. On January 24, 2011, the Compensation and Leadership Committee approved and adopted the Company s 2011 Executive Severance Plan (the Executive Severance Plan). The Executive Severance Plan is applicable to the NEOs, other than Mr. Brown, and is the Company s severance plan for officers of the Company at or above the level of Vice President (Vice Presidents), with additional eligibility for certain participants as set forth therein.

Executive Severance	
Provision	Executive Severance Plan
Eligibility	Existing or newly elected or promoted executives in the United States with the following titles:
	Executive Vice Presidents
	Senior Vice Presidents
	Corporate Vice Presidents
Qualifying Event	Appointed Vice Presidents Executive must have a qualifying termination and such termination of employment constitutes a separation from service within the meaning of Section 409A of the Code, with execution of a general release
Severance Amount	Appointed Vice President 9 months base salary

Definition of Severance	Corporate Vice President and above 12 months base salary Pro rata STIP or AIP, as applicable, award based on actual business results for the year in which separation occurred and with an individual performance factor of 1.0, if
Bonus	applicable.

To Participant of Plan	One year
Amendment	

In particular, under the Executive Severance Plan:

each participant is generally entitled to receive severance benefits if the participant s employment is terminated by the Company other than: (a) for total and permanent disability; (b) for Cause; (c) due to death; (d) if the participant accepts employment with another company in connection with a sale, lease, exchange, outsourcing arrangement or other asset transfer or transfer of any portion of a facility or all or any portion of a discrete organizational unit or

accepts employment with another company in connection with a sale, lease, exchange, outsourcing arrangement or other asset transfer or transfer of any portion of a facility or all or any portion of a discrete organizational unit or business segment of the Company (or is offered employment under such circumstances with certain compensation and benefits that are comparable to those provided by the Company when new employment would become effective); (e) if the termination of employment is followed by immediate or continued employment by the Company or an affiliate or subsidiary; or (f) if the participant terminates voluntarily for any reason;

qualifying participants who execute a prescribed release of claims, are not in breach of any covenants or other agreements with the Company and comply with non-disparagement, confidentiality and other applicable covenants, are entitled to receive, in addition to accrued salary through the separation date, 12 months (or nine months in the case of appointed vice presidents) of base salary continuation and a pro rata annual bonus or pro rata sales incentive, whichever is applicable, for the performance period (year, month or quarter, as applicable) in which separation occurs;

qualifying participants would receive (a) 12 months (nine months in the case of appointed vice presidents) of continued medical plan coverage at the active employee premium rate, (b) up to 12 months of outplacement services, or cash in-lieu thereof not to exceed the cost of such outplacement services, and (c) a minimum of 12 months of financial planning services;

Motorola Solutions Notice of 2017 Annual Meeting of Stockholder and Proxy Statement

47

any severance pay and benefits paid under the Executive Severance Plan are to be offset against any severance pay and benefits payable under the applicable Change in Control plan and/or other individual severance arrangements;

if a qualified participant receives a pro rata annual bonus or pro rata sales incentive under the Executive Severance Plan, the participant is not to receive an annual bonus or sales incentive under any applicable plan for the same performance period; and

the Compensation and Leadership Committee, or in some circumstances its delegate, may, in its sole discretion, reduce, eliminate or otherwise adjust the amount of a qualifying participant s severance pay and benefits, including any bonus or incentive.

If a Change in Control occurs, the Executive Severance Plan continues for at least an additional two years after the Change in Control. The Executive Severance Plan may not be amended or terminated in a manner adverse to participants or potential participants except upon one year s advance written notice or qualifying participants written consent.

Termination and Change in Control Tables for 2016

The tables below outline the potential payments to our NEOs upon the occurrence of certain termination triggering events. Standard definitions for the various types of terminations follow the tables, although exact definitions may vary by agreement and by person.

As required, the amounts included in the following tables reflect theoretical potential payouts based on the assumption that the applicable triggering event occurred on December 31, 2016. For each NEO, the columns included reflect the triggering events that were theoretically possible on December 31, 2016.

- (1) For purposes of this analysis, we assumed the NEOs compensation is as follows: Mr. Brown s base salary is equal to \$1,250,000, his short-term incentive target opportunity under the STIP is equal to 150% of base salary and his long-term incentive target opportunity under the 2016-2018 and 2015-2017 LRIP cycles is equal to 250% of cycle start salary. Mr. Bonanotte s base salary is equal to \$650,000, his short-term incentive target opportunity under the STIP is equal to 95% of actual earnings and his long-term incentive target opportunity under both the 2016-2018 and 2015-2017 LRIP cycles is equal to \$666,666. Mr. Hacker s base salary is equal to \$530,000, his short-term incentive target opportunity under the STIP is equal to 95% of actual earnings and his long-term incentive target opportunity under the 2016-2018 and 2015-2017 LRIP cycles is equal to \$433,334 and \$500,000, respectively. Mr. Brda s base salary is equal to \$560,000, his short-term incentive target opportunity under the STIP is equal to 95% of actual earnings and his long-term incentive target opportunity under the 2016-2018 and 2015-2017 LRIP cycles is equal to \$466,666 and 90.55% of cycle start salary, respectively. Mr. Molloy s base salary is equal to \$505,000, his short-term incentive target opportunity under the STIP is equal to 95% of actual earnings and his long-term incentive target opportunity under the 2016-2018 and 2015-2017 LRIP cycles is equal to \$466,666 and 83.89% of cycle start salary, respectively. Mr. Conrado s base salary is equal to \$485,000, his short-term incentive target opportunity under the STIP is equal to 95% of actual earnings and his long-term incentive target opportunity under the 2016-2018 and 2015-2017 LRIP cycles is equal to \$400,000 and \$397,711, respectively.
- (2) Under Involuntary Termination Not for Cause, severance is generally calculated as 12 months of base salary pursuant to the Executive Severance Plan. For Mr. Brown, severance is calculated as two times base salary plus two times target STIP award, as further discussed in Employment Agreement with Gregory Q. Brown. Under Involuntary Termination Change in Control, severance is calculated as two times base salary plus two times target bonus in the year of termination pursuant to the Senior Officer Change in Control Severance Plan, and pursuant to Mr. Brown s employment agreement is calculated as three times base salary plus three times target bonus in the year of termination. Actual severance payments may vary. See Executive Severance Plan for further details.

Motorola Solutions Notice of 2017 Annual Meeting of Stockholder and Proxy Statement

- (3) Assumes the effective date of termination is December 31, 2016 and that the payment is calculated pursuant to the terms and conditions of the applicable arrangement or plan; the payment under the 2016-2018 LRIP cycle is equal to one-third of the target award and the payment under the 2015-2017 LRIP cycle is equal to two-thirds of the target award for Total and Permanent Disability or Death and the full target award for Involuntary Termination-Change in Control. If the NEO does not meet the rule of retirement under the STIP or under the LRIP on the effective date of termination, zeroes are entered under Voluntary Termination Retirement. If an NEO has not met the applicable rule of retirement, he is not automatically entitled to a pro rata payment under the LRIP in the event of an Involuntary Termination Not for Cause unless the LRIP cycle is in its final year at the time of termination.
- (4) Assumes the effective date of termination is December 31, 2016 and the price per share of Common Stock on the date of termination is \$82.89 per share, the closing price of the Common Stock on December 30, 2016. If the NEO does not meet the rule of retirement, if applicable, under the equity plans on the effective date of termination, zeroes are entered under Voluntary Termination Retirement. For Involuntary Termination Not For Cause, the vesting for unvested equity is pro rata accelerated for full months of service from the grant date to the termination date. For Mr. Brown, under Voluntary Termination Good Reason and Involuntary Termination Not For Cause, equity continues to vest for a period of two years following termination. The value of dividend equivalent shares on Mr. Brown s restricted shares is not included.
- (5) Assumes the effective date of the termination is December 31, 2016 and the price per share of Common Stock on the date of termination is \$82.89 per share, the closing stock price of our Common Stock on December 30, 2016. If the NEO does not meet the rule of retirement, if applicable, under the Omnibus Plan on the effective date of termination, zeroes are entered under Voluntary Termination. Retirement. For Total and Permanent Disability or Death and Involuntary Termination. Not For Cause, the vesting for unvested equity is pro-rate accelerated for full months of service from the grant date to the termination date, but only if the termination occurs in the last year of the three-year performance period and the stock price requirement has been met. For Involuntary Termination. Change in Control, all unvested awards are forfeited. For Mr. Brown, under Voluntary Termination. Good Reason and Involuntary Termination. Not for Cause, equity continues to vest in accordance with the grant terms; under Total and Permanent Disability or Death and Involuntary Termination. Change in Control, equity vests up to 50%; under Voluntary Termination. Retirement, equity pro-rata vests based on actual performance.
- (6) Payments associated with Benefits and Perquisites are limited to the items listed. No other benefits or perquisite continuation occurs under the termination scenarios listed that are not otherwise available to all regular U.S. employees.
- (7) See Nonqualified Deferred Compensation in 2016 for a discussion of nonqualified deferred compensation. There would be no further enhancement or acceleration upon a termination or change in control.
- (8) Health and Welfare Benefits Continuation is calculated as 12 months (except with respect to Mr. Brown, which is calculated as 24 months per his employment agreement) as provided in the Executive Severance Plan under Involuntary Termination Not for Cause and as 24 months (except with respect to Mr. Brown, which is calculated as 36 months per his employment agreement) under Involuntary Termination Change in Control. Mr. Brown s employment agreement also provides for 24 months benefits continuation under Voluntary Termination Good Reason.
- (9) Mr. Brown s employment agreement and our Senior Officer Change in Control Severance Plan use a double trigger. In other words, in order for severance benefits to be triggered, (1) a change in control must occur, and (2) an executive must be involuntarily terminated for a reason other than Cause or must leave for Good Reason within 24 months following the change in control. Mr. Brown s employment agreement has unique definitions of Cause and Good Reason. The total amounts payable to the NEOs in the event of a change in control of the Company may be subject to reduction under Sections 280G and 4999 of the Internal Revenue Code.

51

Definitions:

Voluntary Termination means a termination initiated by the officer.

Voluntary Termination for Good Reason occurs when, other than in connection with a Change in Control, employment is terminated by an officer for Good Reason.

Good Reason means (1) an officer is assigned duties materially inconsistent with his position, duties, responsibilities and status, or his duties are materially diminished, during the 90-day period immediately preceding a Change in Control, (2) his position, authority, duties or responsibilities are materially diminished from those in effect during the 90-day period immediately preceding a Change in Control, (3) his annual base salary or total annual compensation opportunity are materially reduced, (4) the Company requires regular performance of duties beyond a 50-mile radius from the officer s current location, (5) the Company fails to obtain a satisfactory agreement from any successor to assume and perform the relevant plan, or (6) any other material breach of the relevant plan. In the case of Mr. Brown, Good Reason also means (1) a failure to continue on the Board of Directors or a negative change in reporting structure, (2) Mr. Brown is not the sole Chief Executive Officer of Motorola Solutions on and after September 1, 2011, or (3) the failure of the successor to what is now Motorola Solutions to assume his employment agreement.

Voluntary Termination Retirement means, apart from any pension plan or STIP, for purposes of the awards under the Omnibus Plan prior to March 9, 2015 and the awards under the Motorola Solutions Long Range Incentive Plan prior to February 11, 2015, retirement after reaching age 55 with at least 20 years of service, or age 60 with at least 10 years of service, or age 65; for purposes of awards under the Omnibus Plan on or after March 9, 2015 and awards under the Long-Range Incentive Plan, retirement after reaching age 55 with at least 10 years of service, or age 60 with at least 5 years of service, or age 65; for purposes of the STIP, retirement after reaching age 55 with 3 years of service; and for purposes of the Motorola Elected Officer Supplementary Retirement Plan, retirement after reaching age 60 (early retirement age for an unreduced benefit) or age 57 for a reduced benefit retirement, if applicable.

Involuntary Termination Total and Permanent Disability means termination of employment following entitlement to long-term disability benefits under the Motorola Solutions Disability Income Plan, as amended and any successor plan, or a determination of a permanent and total disability under a state workers compensation statute.

Involuntary Termination For Cause means termination of employment following any misconduct identified as a ground for termination in the Motorola Solutions Code of Business Conduct, or the human resources policies, or other written policies or procedures, including among other things, conviction for any criminal violation involving dishonesty, fraud or breach of trust or willful engagement in gross misconduct in the performance of the officer s duties that materially injures the Company.

Involuntary Termination Not for Cause means termination of employment for reasons other than For Cause, Change in Control as defined below, death, Retirement or Total and Permanent Disability as defined above.

Involuntary Termination for Change in Control occurs when, at any time (1) following a Change in Control and, assuming equity awards are not suitably replaced by a successor, prior to the second anniversary of a Change in Control or (2) during the 12 months prior to a Change in Control but after such time as negotiations or discussions that ultimately lead to a Change in Control have commenced, employment is terminated (a) involuntarily for any reason other than Cause, death, Disability or retirement under a mandatory retirement policy of the Company or any of its Subsidiaries or (b) by the officer after the occurrence of an event giving rise to Good Reason. For purposes of this definition, Cause means (1) conviction of any criminal violation involving dishonesty, fraud or breach of trust or (2) willful engagement in gross misconduct in the performance of the officer s duties that materially injures the

Company, and Disability means a condition such that the officer by reason of physical or mental disability becomes unable to perform his normal duties for more than 180 days in the aggregate (excluding infrequent or temporary absence due to ordinary transitory illness) during any 12 month period.

Change in Control (as used in the prior definition of Involuntary Termination for a Change in Control) shall be deemed to have occurred if (1) any person or group (as such terms are used in Section 13(d) and 14(d) of the Exchange Act) is or becomes the beneficial owner (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of securities of the Company representing 20% or more of the combined voting power of the Company s then outstanding securities (other than the Company or any employee benefit plan of the Company, and no Change in Control shall be deemed to have occurred as a result of the beneficial ownership, or changes therein, of the Company s securities by either of the foregoing), (2) there shall be consummated (a) any consolidation or merger of the Company in which the Company is not the surviving or continuing corporation or pursuant to which shares of Common Stock would be converted into or exchanged for cash, securities or other property, other than a merger of the Company in which the holders of Common Stock immediately prior to the merger have, directly or indirectly, at least a 65% ownership interest in the outstanding Common Stock of the surviving corporation immediately after the merger, or (b) any sale, lease, exchange or other transfer (in one transaction or a series of related transactions) of all, or substantially all, of the assets of the Company other than any such transaction with entities in which the holder of Common Stock, directly or indirectly, have at least 65% ownership interest, (3) the stockholders of the Company approve any plan or proposal for the liquidation or dissolution of the Company, or (4) as the result of, or in connection with, any cash tender offer, exchange offer, merger or other business combination, sale of assets, proxy or consent solicitation (other than by the Board), contested election or substantial stock accumulation (a Control Transaction), the members of the Board immediately prior to first public announcement relating to such Control Transaction shall thereafter cease to constitute a majority of the Board.

EQUITY COMPENSATION PLAN INFORMATION

The following table summarizes the Company s equity compensation plan information as of December 31, 2016.

		Weighted-average	Number of securities remaining available for future issuance under
Plan Category	Number of securities to be issued upon exercise of outstanding options and rights (a)	exercise price of outstanding options and rights (b)(1)	equity compensation plans (excluding securities reflected in column (a)) (c)
Equity compensation plans approved by			
Motorola Solutions stockholders	$8,450,925^{(2)(3)(4)}$	\$68.54	19,933,265(5)

- (1) The weighted-average exercise price does not include outstanding restricted or deferred stock units.
- (2) Includes shares subject to outstanding options granted under the Omnibus Plan and prior stock incentive plans no longer in effect for new grants.
- (3) Includes an aggregate of 1,448,371 restricted or deferred stock units that have been granted or accrued pursuant to dividend equivalent rights under the Omnibus Plan and prior stock incentive plans which are no longer in effect for new grants. Each restricted or deferred stock unit is intended to be the economic equivalent of one share of Common Stock.
- (4) Includes 324,081 shares subject to outstanding stock appreciation rights (SARs) granted under the Omnibus Plan (Plan SARs). These SARs enable the recipient to receive, for each SAR granted, a settlement amount equal to the excess of the fair market value of one share of Common Stock on the date the SAR is exercised over the fair market value of one share of Common Stock on the date the SAR was granted. The settlement amount of the Plan SARs is payable in shares of Common Stock. The 324,081 shares subject to the Plan SARs assumes the exercise of 605,695 Plan SARs on December 31, 2016 at \$82.89, the closing price of the Common Stock on December 31, 2016, resulting in 281,677 shares that would not be issued in settlement of the Plan SARs.
- (5)Of these shares: (i) 8,762,900 shares remain available for future issuance under the Motorola Solutions Employee Stock Purchase Plan of 1999, as amended; and (ii) an aggregate of 11,170,365 shares remain available for future issuance under the Omnibus Plan. In addition to stock options, other equity benefits which may be granted under the Omnibus Plan are SARs, restricted stock, restricted stock units, deferred stock units, performance shares and other stock awards. In addition, at the discretion of the Compensation and Leadership Committee, shares of Common Stock may be issued under the Omnibus Plan in payment of awards under the Company s long-range incentive plans.

PROPOSAL NO. 4 RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS THE COMPANY SINDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2017

The Audit Committee of the Board has appointed KPMG LLP (KPMG) as the Company s independent registered public accounting firm for the fiscal year ending December 31, 2017. Services provided to the Company and its subsidiaries by KPMG in fiscal years 2015 and 2016 are described under Audit Committee Matters Independent Registered Public Accounting Firm Fees.

We are asking our stockholders to ratify the appointment of KPMG as our independent registered public accounting firm. Although ratification is not required by our Bylaws or otherwise, the Board is submitting the appointment of KPMG to our stockholders for ratification as a matter of good corporate governance.

Representatives of KPMG are expected to be present at the Annual Meeting and will have the opportunity to make a statement if they desire to do so and will have the opportunity to respond to appropriate questions from stockholders.

In the event stockholders do not ratify the appointment, the appointment will be reconsidered by the Audit Committee and the Board. Even if the appointment is ratified, the Audit Committee in its discretion may select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and our stockholders.

RECOMMENDATION OF THE BOARD

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS THE COMPANY S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2017. UNLESS OTHERWISE INDICATED ON YOUR PROXY, YOUR SHARES WILL BE VOTED FOR THE RATIFICATION OF KPMG LLP.

AUDIT COMMITTEE MATTERS

THE FOLLOWING REPORT OF AUDIT COMMITTEE AND RELATED DISCLOSURE SHALL NOT BE DEEMED INCORPORATED BY REFERENCE BY ANY GENERAL STATEMENT INCORPORATING THIS PROXY STATEMENT INTO ANY FILING UNDER THE SECURITIES ACT OR UNDER THE EXCHANGE ACT, EXCEPT TO THE EXTENT THAT THE COMPANY SPECIFICALLY INCORPORATES THIS INFORMATION BY REFERENCE, AND SHALL NOT OTHERWISE BE DEEMED FILED UNDER SUCH ACTS.

REPORT OF AUDIT COMMITTEE

The Audit Committee (the Committee) operates pursuant to a written charter that was amended and restated by the Board as of October 17, 2013. A copy of the Committee s current charter is available at www.motorolasolutions.com/investors. The responsibilities of the Committee include assisting the Board of Directors in fulfilling its oversight responsibilities as they relate to the Company s accounting policies, internal controls, financial reporting practices and legal and regulatory compliance. The Committee also appoints and retains the independent registered public accounting firm.

On March 9, 2017, the Board determined that each member of the Committee was independent within the meaning of relevant NYSE listing standards, SEC rules and the Motorola Solutions, Inc. Director Independence Guidelines. The Board also determined that (1) Mr. Jones, and Ms. Lewent are each an audit committee financial expert as defined by SEC rules, whose expertise has been attained through relevant experience as discussed in 2017 Director Nominees, and (2) each member of the Committee is financially literate.

The Committee fulfills its responsibilities through periodic meetings with the Company s independent registered public accounting firm, internal auditors and management. During 2016, the Committee met 8 times. The Committee schedules its meetings with a view toward ensuring that it devotes appropriate attention to all of its tasks. During certain of these meetings, the Committee meets privately with the independent registered public accounting firm, the chief financial officer, the director of internal audit, the chief ethics officer, the chief legal counsel and, from time-to-time, other members of management. Outside of formal meetings, Committee members had telephone calls to discuss important matters with management and the independent registered public accounting firm. The Committee also engages the independent registered public accounting firm to perform a review of the interim financial statements in accordance with Statement on Auditing Standards (SAS) No. 100 and discusses the results of each review with the independent registered public accounting firm.

Throughout the year, the Committee monitors matters related to the independence of KPMG LLP (KPMG), the Company s independent registered public accounting firm. As part of its monitoring activities, the Committee reviews the relationships between the independent registered public accounting firm and the Company. After reviewing the relationships and discussing them with management, the Committee discussed KPMG s overall relationship with the Company, as well as KPMG s objectivity and independence. Based on its review, the Committee is satisfied with the auditors independence.

KPMG also has confirmed to the Committee in writing, as required by applicable requirements of the Public Company Accounting Oversight Board (the PCAOB) regarding KPMG s communications with the Committee concerning independence, that, in its professional judgment, it is independent of the Company under all relevant professional and regulatory standards.

The Committee also discussed with management, the internal auditors and the independent registered public accounting firm, the quality and adequacy of the Company s internal controls and the internal audit function s management, organization, responsibilities, budget and staffing. The Committee reviewed with both the independent registered public accounting firm and the internal auditors their audit plans, audit scope and identification of audit risks.

The Committee discussed and reviewed with the independent registered public accounting firm all matters required by the standards of the PCAOB, including those described in Auditing Standard No. 16, Communications with Audit Committees. With and without management present, the Committee discussed and reviewed the results of the independent registered public accounting firm s examination of the consolidated financial statements. The Committee also discussed the results of the internal audit examinations. The Committee reviewed the audited consolidated financial statements of the Company as of and for the year ended December 31, 2016 with management and the independent registered public accounting firm. Management has the responsibility for the preparation and integrity of the Company s consolidated financial statements and the independent registered public accounting firm has the responsibility for the examination of those statements. Based on the above-mentioned review and discussions with management and the independent registered public accounting firm, the Committee recommended to the Board that the Company s audited consolidated financial statements be included in its Annual Report on Form 10-K for the year ended December 31, 2016, for filing with the SEC.

Motorola Solutions Notice of 2017 Annual Meeting of Stockholder and Proxy Statement

55

The Committee also reviewed management s report on its assessment of the effectiveness of internal control over financial reporting as of December 31, 2016 and the report of the Company s independent registered public accounting firm on the effectiveness of internal control over financial reporting as of December 31, 2016. Management is responsible for maintaining adequate internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting. The Company s independent registered public accounting firm has the responsibility for auditing the effectiveness of internal control over financial reporting and expressing an opinion thereon based on its audit. Based on the above-mentioned review and discussions with management and the Company s independent registered public accounting firm, the Committee recommended to the Board that management s report on its assessment of the effectiveness of internal control over financial reporting as of December 31, 2016 and the report of our independent registered public accounting firm be included in the Company s Annual Report on Form 10-K for the year ended December 31, 2016, for filing with the SEC.

As specified in the Audit Committee Charter, it is not the duty of the Committee to plan or conduct audits or to determine that the Company s consolidated financial statements are complete and accurate and in accordance with U.S. generally accepted accounting principles. That is the responsibility of management and the Company s independent registered public accounting firm. In giving its recommendation to the Board of Directors, the Committee has relied on: (1) management s representation that such consolidated financial statements have been prepared with integrity and objectivity and in conformity with U.S. generally accepted accounting principles, and (2) the reports of the Company s independent registered public accounting firm with respect to such consolidated financial statements.

Respectfully submitted,

Judy C. Lewent, Chair

Kenneth C. Dahlberg

Clayton M. Jones

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FEES

KPMG served as the Company s independent registered public accounting firm for the fiscal years ended December 31, 2016 and December 31, 2015 and is serving in such capacity for the current fiscal year. The Audit Committee appoints and engages the independent registered public accounting firm annually. The decision of the Audit Committee is based on auditor qualifications and performance on audit engagements.

Representatives of KPMG are expected to be present at the Annual Meeting and will have the opportunity to make a statement if they desire to do so and to respond to appropriate questions from stockholders.

Fees Billed by KPMG

The aggregate fees billed by KPMG for professional services to the Company were \$6.4 million in 2016 and \$6.8 million in 2015. The fees in connection with the audit of the Company s annual financial statements, the audit of internal control over financial reporting, the review of the Company s quarterly financial statements, and services that are normally provided in connection with statutory and regulatory filings or engagements are listed below under Audit Fees. The fees for assurance and related services reasonably related to the performance of the audit of the Company s financial statements, but not included under Audit Fees, are listed below under Audit-Related Fees. Audit-Related Fees also include due diligence procedures performed in connection with merger and acquisition procedures. Finally, the fees billed by KPMG for tax services, which primarily related to multi-national transfer pricing and tax services,

are listed below under Tax Fees.

The following table further summarizes fees billed to the Company by KPMG during 2016 and 2015.

(In millions)	2016	2015

AUDIT COMMITTEE PRE-APPROVAL POLICIES

In addition to retaining KPMG to audit the Company's consolidated financial statements and internal control over financial reporting for 2016, KPMG and other accounting firms were retained to provide auditing and advisory services in 2016. The Audit Committee has historically engaged KPMG to provide divestiture and acquisition-related due diligence and audit services, audit-related assurance services, and certain tax services. The Audit Committee has further determined that the Company will obtain non-audit services from KPMG only when the services offered by KPMG are competitive with other service providers and do not impair the independence of KPMG.

The Audit Committee Auditor Fee Policy requires the pre-approval of all professional services provided to the Company by KPMG. Below is a summary of the policy and procedures.

The Audit Committee pre-approves the annual audit plan and the annual audit fee. The Audit Committee policy includes an approved list of non-audit services that KPMG can provide, including audit-related services, tax services, and other services. The Audit Committee pre-approves the annual non-audit related services and budget. The Audit Committee allows the Company s Chief Accounting Officer to authorize payment for any audit and non-audit service in the approved budget. The Audit Committee also provides the Company s Chief Accounting Officer with the authority to pre-approve fees less than \$100,000 that were not in the annual budget, but that are in the list of services approved by the Audit Committee. This approval is limited to a cumulative cap of \$200,000 between Audit Committee meetings. This authority excludes approval over the annual integrated audit, internal control over financial reporting services, and tax services. The Audit Committee Chair has the authority to pre-approve fees on the list of approved services, outside of the Chief Accounting Officer s allowable authorization, in advance of the Audit Committee meeting. The Chief Accounting Officer is responsible to report any approval decisions to the Audit Committee at its next scheduled meeting. The Audit Committee reviews, and if necessary, approves updated audit and non-audit services and fees in comparison to the previously approved budget at each regular Audit Committee meeting.

In 2016, management did not approve any services that were not on the list of services pre-approved by the Audit Committee.

PROPOSAL NO. 5 STOCKHOLDER PROPOSAL RE: LOBBYING DISCLOSURE

The Company has been advised that Mercy Investment Services, Inc., beneficial owner of 48 shares, intends to submit the following proposal for consideration at the Annual Meeting. We have not modified the language of the stockholder s proposal.

Whereas, we believe in full disclosure of Motorola Solutions (MSI) direct and indirect lobbying activities and expenditures to assess whether MSI s lobbying is consistent with its expressed goals and in the best interests of stockholders.

Resolved, stockholders of MSI request preparation of a report, updated annually, disclosing:

- 1. Company policy and procedures governing lobbying, both direct and indirect, and grassroots lobbying communications.
- 2. Payments by MSI used for (a) direct or indirect lobbying or (b) grassroots lobbying communications, in each case including amount of payment and recipient.
- 3. MSI s membership in and payments to any tax-exempt organization that writes and endorses model legislation.
- 4. Description of management s and Board s decision making process and oversight for making payments described in sections 2 and 3 above.

For purposes of this proposal, a grassroots lobbying communication is communication directed to the general public that (a) refers to specific legislation or regulation, (b) reflects a view on the legislation or regulation and (c) encourages the recipient of the communication to take action with respect to legislation or regulation. Indirect lobbying is lobbying engaged in by a trade association or other organization of which it is a member.

Both direct and indirect lobbying and grassroots lobbying communications include efforts at local, state and federal levels.

The report shall be presented to the Audit Committee or other relevant oversight committees and posted on MSI s website.

Supporting Statement

As stockholders, we encourage transparency and accountability in use of corporate funds to influence legislation and regulation. MSI spent \$3.38 million in 2014 and 2015 on federal lobbying (opensecrets.org). These figures do not include lobbying expenditures to influence legislation in states, where MSI also lobbies but disclosure is uneven or absent. For example, MSI had 160 lobbyists in 26 states in 2015 (http://www.followthemoney.org/), and MSI s lobbying in Florida has attracted media attention (Special Interests Flood Florida Legislative Campaigns with \$28 Million in 6 months, *Miami Herald*, January 17, 2016). MSI s lobbying over police contracts has also drawn scrutiny (Why Police and Firefighters Struggle to Communicate in Crises, *The Atlantic*, September 19, 2015).

MSI belongs to the Chamber of Commerce, which has spent over \$1.2 billion on lobbying since 1998, and the Business Roundtable, which spent \$34.09 million on lobbying in 2014 and 2015. MSI does not comprehensively disclose its trade association memberships, nor payments and amounts used for lobbying on its website. Further, MSI does not disclose memberships in tax-exempt organizations that write and endorse model legislation, such as the American Legislative Exchange Council.

Absent a system of accountability and disclosure, corporate assets may be used for objectives that pose risks to MSI. For example, MSI is an EPA Green Power Partner, yet the Chamber has sued to block the EPA Clean Power Plan to address climate change (Move to Fight Obama s Climate Plan Started Early, New York Times, Aug. 3, 2015). We are concerned that MSI s current lack of trade association lobbying disclosure presents reputational risks.

RECOMMENDATION OF THE BOARD

THE BOARD OF DIRECTORS RECOMMENDS A VOTE AGAINST ADOPTION OF THIS STOCKHOLDER PROPOSAL FOR THE REASONS SET FORTH BELOW. UNLESS OTHERWISE INDICATED ON YOUR PROXY, YOUR SHARES WILL BE VOTED AGAINST THE ADOPTION OF THIS PROPOSAL.

Motorola Solutions Notice of 2017 Annual Meeting of Stockholder and Proxy Statement

BOARD OF DIRECTORS STATEMENT IN OPPOSITION

The Board has considered the above proposal and believes that full implementation is not in the best interests of the Company or its stockholders. The Company already discloses information about its lobbying, as required by existing law and regulations. In addition, in 2015, the Company added disclosure to its website as part of its Corporate Responsibility Report describing its policies relating to lobbying activity as noted below.

The Company is subject to extensive regulation at the federal, state and local levels. The Company engages with public policymakers at all levels of government when it believes doing so will serve the best interests of the Company and its stockholders. The Company is committed to participating in the political process as a good corporate citizen. In this regard, the Company has developed effective policies for the appropriate disclosure and oversight of its lobbying activities and is fully committed to complying with all laws governing lobbying activities, including laws requiring registration and reporting.

The Company requires any employee who engages in lobbying in support of the Company s objectives to first obtain written approval from the Government Affairs organization (GA), who reviews the scope of proposed lobbying activities, justification and applicable laws. Any employee who retains an independent contractor as a lobbyist must consult with GA to identify a suitable contractor and obtain prior written approval. Subcontracting by lobbyists is also subject to pre-approval. Payments to lobbyists must be commensurate with the value of the services provided by the lobbyist to the Company. All lobbyists must enter into a signed consultant services agreement using a pre-approved form. Special lobbying rules may apply when the Company is seeking to do business with a government. GA conducts training on applicable laws and the Company s lobbying policies and processes for independent contractors and employees who engage in lobbying. GA is also responsible for ensuring that individual lobbyists acting on behalf of the Company file all of their required reports, registrations, filings and disclosures.

Under the Lobbying Disclosure Act of 1995, as amended, the Company submits quarterly reports to Congress which outline the Company s federal lobbying activities, including lobbying expenditures for the quarter and the specific legislative items that were the topics of communications, and identifying the individuals who lobbied on behalf of the Company. These reports are available at: http://lobbyingdisclosure.house.gov/ and http://lobbyingdisclosure.house.gov/ and http://lobbyingdisclosure.house.gov/ and http://www.senate.gov/legislative/Public Disclosure/LDA reports.htm. The Company files similar periodic reports with state agencies reflecting state lobbying activities which are also publicly available.

Like most major corporations, the Company is a member of trade associations that represent its business priorities and that it believes can assist it in achieving its long-term strategic objectives. The primary purpose of membership in these trade associations is the policy, technical, and industry expertise these organizations provide. The Company periodically reviews its memberships in these associations, which may sometimes take positions on legislation or communicate with government officials on public policy issues. Although lobbying is not the primary purpose of many of these associations, the membership dues paid by the Company and other members may be part of the funds they use to engage in lobbying activities. In addition, given the diverse membership in many of these associations, the Company may not agree with every public policy position and/or lobbying action taken by such associations. The Company already discloses, as part of its Corporate Responsibility Report

(http://responsibility.motorolasolutions.com/) the names of associations in the U.S. where annual dues are \$50,000 or more. The Board believes that additional disclosure would not necessarily present an accurate reflection of the Company s positions on certain public policy issues.

The Company is involved in a number of legislative initiatives that could affect its business and operations. The additional disclosures of proprietary and confidential information required by this proposal could place the Company at a competitive disadvantage by revealing its corporate strategies and priorities. Because parties with adverse

interests also lobby for their own business reasons, any unilaterally expanded disclosure by the Company regarding its lobbying activities could benefit these parties to the detriment of the Company and its stockholders.

By requiring expanded disclosure of lobbying activity, this proposal disregards the Company s existing policies and practices with regard to disclosure and compliance with the law. The Board believes the Company has robust policies and procedures in place relating to its lobbying activities, and therefore, this proposal is unnecessary. Furthermore, the Board believes this proposal is not in the best long-term interests of the Company and its stockholders. Accordingly, the Board recommends that you vote AGAINST this proposal.

PROPOSAL NO. 6 STOCKHOLDER PROPOSAL RE: ETHICAL RECRUITMENT IN GLOBAL SUPPI CHAINS

The Company has been advised that Domini Social Equity Fund, beneficial owner of 201 shares, intends to submit the following proposal for consideration at the Annual Meeting. We have not modified the language of the stockholder s proposal.

WHEREAS, the 2016 Global Slavery Index estimates that 45.8 million people are in some form of modern slavery in 167 countries (http://www.globalslaveryindex.org/findings/). According to the *UN Guiding Principles on Business and Human Rights*, companies have the corporate responsibility to respect human rights within their operations and supply chains. As a multinational company dependent upon extended supply chains in many countries, Motorola Solutions must assess if workers are being recruited into debt bondage, forced labor and, ultimately, slavery.

There is growing awareness of the role of unscrupulous labor recruiters in exploiting workers and job seekers through charging fees, withholding personal papers/passports and failing to provide written contracts spelling out the terms of employment. Failure to put proactive policies and procedures in place exposes a company to significant risks, including legal action and media reports that negatively impact reputation.

The electronics industry has come under increased scrutiny for labor abuses in factories including the exploitation of migrant workers who have paid fees to obtain employment. According to a US Department of Labor-funded study, 92 percent of the migrant workers in Malaysia s electronics industry had paid recruitment fees and that 92% of that group had paid fees that exceeded legal or industry standards. (Report Cites Forced Labor in Malaysia s Electronics Industry, New York Times, September 17, 2014)

In its June 2016 *ICT Benchmark Findings Report*, KnowTheChain found that only four of 20 publicly traded companies reviewed demonstrated awareness of the risks when recruitment agencies are used to hire workers. Based on this finding, unethical recruitment of migrant labor is a serious risk for the entire sector. Motorola Solutions was not included in the report.

The State of California and the United Kingdom have passed laws requiring companies to report on what they are doing to eradicate human trafficking and slavery. U.S. federal contractors are currently required to put in place compliance programs for their extended supply chains to assess and address any abuses associated with charging workers recruitment fees.

Motorola Solutions is a government contractor, has ethical recruitment policies, and describes its process for implementing its forced labor and human trafficking policies. However, out of its entire global supply chain, Motorola Solutions only audited fourteen sites in 2015. It reports that 21 freely chosen employment issues were identified, but provides no further information. Investors have insufficient information to gauge how well the company is addressing this serious risk to workers and to the company.

RESOLVED, Shareholders request that by December, 2017 the Company begin publishing, at reasonable cost and excluding proprietary information, an annual report disclosing specific remedial efforts taken to ensure that its global supply chain is free of forced or bonded labor, including any efforts to reimburse workers for recruitment fees that we paid in violation of the Company s policies.

Motorola Solutions Notice of 2017 Annual Meeting of Stockholder and Proxy Statement

Anti-discrimination

BOARD OF DIRECTORS STATEMENT IN OPPOSITION

The Company agrees with the principles on which this proposal is based and already addresses the concerns it raises, making this proposal unnecessary. In fact, the Company already has in place a comprehensive set of policies and procedures that address human rights in the workplace, which are designed to ensure that its operations worldwide are conducted using high standards of integrity and ethical business conduct applied uniformly and consistently.

The Company s policies include: the Motorola Solutions Code of Business Conduct, the Motorola Solutions Human Rights Policy, the Motorola Solutions Supplier Code of Conduct, the Anti-Human Trafficking Statement, the Anti-Human Trafficking Compliance Plan and the Motorola Solutions Environment, Health & Safety Policy. These specific policies are based upon internationally recognized human rights standards, such as the Universal Declaration of Human Rights, the core labor standards of the International Labour Organization, the United Nation s Global Compact, Social Accountability 8000 (SA 8000) standard, and the Organization for Economic Co-operation and Development (OECD) Guidelines for Multinational Enterprises, to name a few.

The Company s policies reflect a comprehensive understanding of human rights and support the following important areas:

No forced labor
No child labor
Anti-human trafficking
No harsh or inhumane treatment
Freedom of association and collective bargaining
Fair working hours and wages
Safe and healthy working conditions
Anti-corruption
No unfair business practices

Compliance

Environmental sustainability

As part of the Company s management practices, we periodically perform thorough reviews of the aforementioned policies and update them taking into account internationally recognized human rights standards. Such a review was undertaken in 2008 and again in 2013 and was informed by the international conventions, declarations and treaties cited in this proposal. Our Human Rights Policy was amended effective December 1, 2013 and is posted to our website. Among other changes, our policy makes it clear that our Company is committed to continuous improvement of our human rights program through self-assessments, industry collaboration and shareholder engagement. Further, we added (i) an express prohibition of retaliation against anyone reporting in good faith actual or suspected violations of our Human Rights Policy, (ii) an express prohibition against discrimination or retaliation against workers for engaging in union organizing, collective bargaining activities, or any other form of collective representation, and (iii) an express bar against the use of deceptive, misleading or fraudulent recruitment practices.

The Company is a full and active member of the Electronic Industry Citizenship Coalition (EICC) and the Information Technology Industry Council (ITI), which both proactively work to combat human rights concerns in our industry. Additionally, the Company adheres to a long-standing Supply Chain Corporate Responsibility program that includes risk assessments, audits and follow-up through a corrective and preventive action program to ensure our Company policies are being followed by our employees and third parties.

The Board of Directors believes that the Company s policies effectively articulate our long-standing support for, and continued commitment to, human rights in the workplace rendering the proposal duplicative and unnecessary. For these reasons and the others stated above, the Board of Directors recommends that you vote *AGAINST* the adoption of this shareholder-submitted proposal.

IMPORTANT DATES FOR THE 2018 ANNUAL MEETING

Recommending a Director Candidate to the Governance and Nominating Committee

The Governance and Nominating Committee will consider a candidate for director proposed by a stockholder. A candidate must be highly qualified and be both willing and expressly interested in serving on the Board. A stockholder wishing to propose a candidate for consideration should forward the candidate s name and information about the candidate s qualifications and the information required by the Company s Bylaws, including a completed and signed questionnaire, in writing to: Governance and Nominating Committee, c/o Secretary, Motorola Solutions, Inc., 500 West Monroe Street, Chicago, IL 60661.

The Governance and Nominating Committee will consider nominees recommended by Motorola Solutions stockholders provided that the recommendation contains sufficient information for the Governance and Nominating Committee to assess the suitability of the candidate, including the candidate s qualifications, and is timely received in accordance with the Company s Bylaws. Candidates recommended by stockholders that comply with these procedures will receive the same consideration that candidates recommended by the Governance and Nominating Committee and management receive.

Submitting Nominations to the Board

A stockholder wishing to nominate a candidate for election to the Board at the 2018 Annual Meeting of Stockholders is required to give written notice addressed to the Secretary, Motorola Solutions, Inc., 500 West Monroe Street, Chicago, IL 60661 of his or her intention to make such a nomination. The notice of nomination must be received by the Company s Secretary at the address above no later than 5:00 pm Central Time on January 26, 2018.

The notice of nomination is required to contain certain information about both the nominee and the stockholder making the nomination as set forth in the Company s Bylaws. The notice must include information regarding the recommended candidate relevant to a determination of whether the recommended candidate would be barred from being considered independent under NYSE Rule 303A.02(b), or, alternatively, a statement that the recommended candidate would not be so barred. In addition, to be eligible as a nominee for election, a nominee must submit a completed and signed questionnaire, a written representation and agreement regarding compliance with fiduciary duties and the Company s Bylaws, among other items as set forth in the Company s Bylaws. A nomination that does not comply with the above requirements will not be considered.

Submitting Proposals for the 2018 Annual Meeting

Any stockholder who intends to present a proposal at the Company s 2018 Annual Meeting of Stockholders must send the proposal to: Secretary, Motorola Solutions, Inc., 500 West Monroe Street, Chicago, IL 60661.

If the stockholder intends to present the proposal at the Company s 2018 Annual Meeting of Stockholders and have it included in the Company s proxy materials for that meeting, the proposal must be received by the Company no later than 5:00 pm Central Time on November 27, 2017, and must comply with the requirements of Rule 14a-8 under the Exchange Act. The Company is not obligated to include any stockholder proposal in its proxy materials for the 2018 Annual Meeting of Stockholders if the proposal is received after that time.

If a stockholder wishes to present a proposal at the 2018 Annual Meeting of Stockholders but not have it included in the Company s proxy materials for that meeting, the proposal: (1) must be received by the Company no later than 5:00

pm Central Time on January 26, 2018, (2) must present a proper matter for stockholder action under Delaware General Corporation Law, (3) must present a proper matter for consideration at such meeting under the Company s Amended and Restated Certificate of Incorporation and Bylaws, (4) must be submitted in a manner that is consistent with the submission requirements provided in the Company s Bylaws, and (5) must relate to subject matter which could not be excluded from a proxy statement under any rule promulgated by the SEC.

OTHER MATTERS

The Board knows of no other business to be transacted at the Annual Meeting, but if any other matters do come before the Annual Meeting, it is the intention of the persons named in the accompanying proxy to vote or act with respect to them in accordance with their best judgment.

Manner and Cost of Proxy Solicitation

The Company pays the cost of soliciting proxies. In addition to mailing proxies, officers, directors and regular employees of the Company, acting on its behalf, may solicit proxies by telephone, personal interview or other electronic means. You may also be solicited by means of press releases issued by the Company and advertisements in periodicals. Also, the Company has retained Alliance Advisors, LLC to aid in soliciting proxies for a fee estimated not to exceed \$30,000 plus expenses. The Company will, at its expense, request banks, brokers and other custodians, nominees and fiduciaries to forward proxy soliciting material to the beneficial owners of shares held of record by such persons.

Householding of Proxy Materials

The SEC has adopted rules that permit companies and intermediaries (*e.g.*, brokers) to satisfy the delivery requirements for proxy statements with respect to two or more security holders sharing the same address by delivering a single proxy statement addressed to those security holders. This process, which is commonly referred to as householding, potentially provides extra convenience for security holders and cost savings for companies.

As in the past few years, a number of brokers with accountholders who are Motorola Solutions stockholders will be householding our proxy materials. As indicated in the notice previously provided by these brokers to Motorola Solutions stockholders, a single proxy statement will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from an affected stockholder. Once you have received notice from your broker that it will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement, please notify your broker or call 1-800-579-1639, email: sendmaterial@proxyvote.com, or write us at Secretary, Motorola Solutions, Inc., 500 West Monroe Street, Chicago, IL 60661.

Stockholders who currently receive multiple copies of the proxy statement at their address and would like to request householding of their communications should contact their broker.

By order of the Board of Directors,

Kristin L. Kruska

Secretary
