**Item 7.01. Regulation FD.**

From time to time, we conduct meetings with third parties in which we utilize a corporate slide presentation. The slide presentation that we expect to utilize in our January 11, 2018 presentation, and related meetings, at the Annual J.P. Morgan Healthcare Conference is attached as Exhibit 99.1 to this Current Report on Form 8-K and is incorporated herein by reference.

The presentation includes an update to our estimated timeline for reporting topline results from the TIVO-3 trial of tivozanib in third-line refractory renal cell carcinoma. We expect to report TIVO-3 topline data, including progression free survival and the trend in overall survival, in the second quarter of 2018.

The presentation also includes other clinical, development, collaboration and financial updates, including the previously reported cash flow impact of the refinancing of our existing debt facility with Hercules Capital, Inc. and its affiliates. The terms of the refinancing enable approximately an additional \$12.1 million in cash flow over 2018 and 2019, when compared with the prior loan, and are expected to extend our cash runway into 2019. For the complete terms of the Amended and Restated Loan and Security Agreement, dated December 28, 2017, by and among the Company and the parties thereto, see our Current Report on Form 8-K filed with the Securities and Exchange Commission on January 2, 2018.

We may amend or update this information at any time and from time to time through another Current Report on Form 8-K, a later company filing, or other means.

The information in this Item 7.01 and in Exhibit 99.1 shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the Exchange Act ) or otherwise subject to the liabilities of that section, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Exchange Act, except as expressly set forth by specific reference in such a filing.
