Item 1.01 Entry into a Material Definitive Agreement

On April 5, 2019, Fidelity National Information Services, Inc. (FIS) entered into a Second Amendment Agreement (the Second Amendment) with the financial institutions party thereto as lenders, and JPMorgan Chase Bank, N.A., as administrative agent (in such capacity, the Administrative Agent), which Second Amendment amends FIS 's existing credit agreement (as so amended, the Amended Credit Agreement) to permit FIS to exclude any indebtedness issued or incurred for the purpose of financing any acquisition (including the previously-announced acquisition (the Acquisition) of Worldpay, Inc. and its subsidiaries (collectively, Worldpay)) that utilizes at least \$1.5 billion of debt financing from the calculation of the maximum leverage ratio permitted thereunder prior to the consummation of such acquisition or the termination of the acquisition agreement with respect thereto; provided that such acquisition financing includes provisions requiring its repayment if the acquisition is not completed.

The foregoing description of the Second Amendment does not purport to be complete and is qualified in its entirety by reference to the full text of the Second Amendment, a copy of which is filed as Exhibit 10.1 and is hereby incorporated into this report by reference.

Item 8.01 Other Events

On March 29, 2019, FIS entered into an Amendment Agreement (the First Amendment) with the financial institutions party thereto as lenders and the Administrative Agent, which First Amendment amends the Amended Credit Agreement to, among other things, permit the borrowing of up to \$2.0 billion of revolving loans thereunder on a limited conditionality basis consistent with the conditions precedent to funding of the 364-day senior unsecured bridge term loan facility (the Bridge Facility) obtained by FIS in connection with the Acquisition. The proceeds of any such revolving loans made to FIS may be used by FIS to finance a portion of the consideration for the Acquisition, to refinance certain indebtedness of Worldpay and/or to pay costs and expenses in connection with the Acquisition, the refinancing and the related transactions. In connection with the First Amendment, the commitments under the Bridge Facility were reduced from \$9.5 billion to \$7.5 billion.

The foregoing description of the First Amendment does not purport to be complete and is qualified in its entirety by reference to the full text of the First Amendment, a copy of which is filed as Exhibit 99.1 and is hereby incorporated into this report by reference.

FIS intends to replace the Bridge Facility prior to closing of the Acquisition with permanent financing, which it currently expects to include debt securities, commercial paper and/or revolving credit borrowings. FIS currently intends to borrow approximately \$11.1 billion of permanent financing to provide funds for the cash portion of the Acquisition consideration, the repayment of certain Worldpay indebtedness and costs and expenses of the Acquisition, although the amount of the permanent financing could change. In addition, depending on market conditions, FIS might choose to leave outstanding some or all of Worldpay 's existing notes, in an aggregate principal amount of up to approximately \$1.7 billion, which would reduce the amount of permanent financing that FIS would seek to raise. In the event that new FIS unsecured notes are not issued and sold prior to the closing of the Acquisition, then FIS intends to use the proceeds of the Bridge Facility, together with commercial paper and/or revolving credit borrowings, to pay the cash portion of the purchase price and fees and expenses and repay the outstanding Worldpay bank debt at closing, and leave the Worldpay notes outstanding. In such event, it would be FIS 's intention to refinance the Bridge Facility following the closing.

the risk of customer loss or other business disruption in connection with the transaction, or of the loss of key employees;

the possible occurrence of an event, change or other circumstance that would give rise to the termination of the merger agreement;

the fact that unforeseen liabilities of FIS or Worldpay may exist;

competitive pressures on pricing related to the decreasing number of community banks in the U.S., the development of new disruptive technologies competing with one or more of our solutions, increasing presence of international competitors in the U.S. market and the entry into the market by global banks and global companies with respect to certain competitive solutions, each of which may have the impact of unbundling individual solutions from a comprehensive suite of solutions we provide to many of our customers;

the failure to innovate in order to keep up with new emerging technologies, which could impact the merged companies' solutions and ability to attract new, or retain existing, customers;

the failure to meet financial goals to grow business in Brazil after the unwinding of FIS' Brazilian Venture;

the risks of reduction in revenue from the loss of existing and/or potential customers in Brazil after the unwinding of FIS' Brazilian Venture;
