## Equity Incentive Plans

Our 2002 Equity Incentive Plan, which we refer to as the 2002 Plan, provides for accelerated vesting of options and restricted stock awarded to employees, including the NEOs, if there is a change of control in which the plan is not continued by a successor corporation or substantially equivalent options or restricted shares, as the case may be, in a successor corporation are not provided to participants. In addition, the 2002 Plan provides for accelerated vesting with respect to options or restricted shares held by a participant who is an employee of the Company or who is providing service to the Company in the event there is a change of control if the participant is not offered substantially equivalent employment or service with the successor corporation or the participant's employment or service with the successor corporation is terminated during the six month period following the change of control. Under our 2006 Stock Incentive Plan (which we refer to as the 2006 Plan), the Board of Directors, in its sole discretion, may cause all previously unvested options and/or restricted stock awards to become vested and/or exercisable or unrestricted, as the case may be, upon a change of control.

Generally under our equity incentive plans, when a participant's service with the Company is terminated his or her stock options are terminated immediately, except that the options may be exercised for a period after termination (not to exceed the original option termination date) to the extent then exercisable in the following circumstances:

- Disability—within one year after termination
