Item 8.01. Other Events.

On September 30, 2011, First Solar, Inc. ("First Solar") issued a press release announcing its sale to Exelon Corporation of Antelope Valley Solar Ranch One ("AVSR"), a 230-megawatt solar photovoltaic project under development in northern Los Angeles County, California, which First Solar developed and will build, operate and maintain. A copy of the press release is furnished as Exhibit 99.1 to this Form 8-K. The U.S. Department of Energy ("DOE") announced on September 30 that it finalized a federal loan and loan guarantee of up to \$646 million to support project financing for AVSR. Advances under the loan are contingent on the satisfaction of various conditions, such as delivery of various certificates, lien waivers, and legal opinions, delivery of an equity letter of credit, bring-down of various plans, budgets, and reports, and DOE's continuing right of due diligence. The parties have agreed that First Solar will repurchase AVSR if initial funding of the loan does not occur within approximately four months. First Solar is expected to begin recognizing revenue for AVSR following initial funding of the loan.
