On May 6, 2004 Fresenius Medical Care AG (the Company) announced its first quarter 2004 earnings results. A copy of the earnings results is furnished as Exhibit 99.1.

The attached results contain non-GAAP financial measures. For purposes of Regulation G, a non-GAAP financial measure is a numerical measure of a company's performance, financial position, or cash flows that either excludes or includes amounts that are not normally excluded or included in the most directly comparable measure calculated and presented in accordance with generally accepted accounting principles. To supplement our first quarter 2004 consolidated financial results presented in accordance with Generally Accepted Accounting Principles in the United States, or GAAP, we have used non-GAAP financial measure of (a) operating income excluding depreciation, amortization, and minority interests, (b) free cash flow, and (c) dialysis product sales to the available external market, as non-GAAP financial measures. These non-GAAP measures are provided to enhance the user's overall understanding of our current financial performance and our prospects for the future. In addition, because we have historically reported certain non-GAAP financial measures in our financial results, we believe the inclusion of these non-GAAP financial measures provides consistency and comparability in our financial reporting to prior periods for which these non-GAAP financial measures were previously reported. These non-GAAP financial measures should not be used as a substitute for or be considered superior to GAAP financial measures. Reconciliation of the non-GAAP financial measures to the most comparable GAAP financial measures are included in the attached press release.

The Exhibit attached hereto, shall not be deemed filed for purposes of Section 18 of the Securities and Exchange Act of 1934 (the Exchange Act) or otherwise subject to the liabilities of that section, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933 or the Exchange Act, regardless of any general incorporation language in such filing.

Exhibit 99.1Earning results dated May 6, 2004.
