Benjamin Steinbruch
Chairman of the Board of Directors

To the Shareholders of

Companhia Siderúrgica Nacional

The management of Companhia Siderúrgica Nacional (Company) presents to approval of the Shareholders proposal for the acquisition of the control of Companhia Metalúrgica Prada (Prada), as per described below, since it considers that this is a strategic acquisition for the interests of the Company, considering the importance of the tin plates in our portfolio of products, the relevant role of Prada in the Brazilian market of steel packages, the economic situation of Prada, which does not have capacity to face its debts and the obligation of the Company before its shareholders of preserving its profitability and its credits.

The proposal is for the capitalization of the totality of the credits held by the Company against Prada, in the amount on this date of R\$ 175,087,416.96, and the acquisition of the totality of the shares of Prada owned by its current controlling shareholder, for a symbolic value of R\$1.00, with the consequent assumption of the effective management of Prada and all of its assets and liabilities, registered in the Financial Statements as of February 28, 2006 in the negative equity of R\$ (67,927,954.87), authorizing, therefore, the Officers to negotiate agreements, execute documents and take all measures to effect the proposal above mentioned, being the conclusion of the transaction subject to the confirmation of the assets and liabilities set forth in the Financial Statement as of December 31, 2005 by means of a "due diligence" review by the auditors and lawyers of the Company.

Rio de Janeiro, April 12, 2006.
