Introduction

On December 1, 2014, Spansion Inc., a Delaware corporation (“Spansion”), Cypress Semiconductor Corporation, a Delaware corporation (“Cypress”), and Mustang Acquisition Corporation, a Delaware corporation and a wholly owned subsidiary of Cypress (“Merger Sub”), entered into an Agreement and Plan of Merger and Reorganization (the “Merger Agreement”), pursuant to which Merger Sub will merge with and into Spansion (the “Merger”), with Spansion surviving the Merger as a wholly owned subsidiary of Cypress.

On February 6, 2015 Cypress filed, and on February 10, 2015 Spansion filed, with the Securities and Exchange Commission (the “SEC”) a definitive joint proxy statement/prospectus (the “Definitive Joint Proxy Statement/Prospectus”) in connection with the Merger, which was mailed to the stockholders of each of Spansion and Cypress on or about February 10, 2015. Spansion is making this filing in connection with the execution of a memorandum of understanding, effective February 20, 2015, (the “MOU”) regarding the settlement of certain litigation arising out of the announcement of the Merger Agreement.

As disclosed in, among other places, the Definitive Joint Proxy Statement/Prospectus, Walter Jeter filed a class action complaint on December 17, 2014 in the Superior Court of the State of California, County of Santa Clara (No. 114CV274635) against Spansion Inc., its directors, Cypress Semiconductor Corporation, and Mustang Acquisition Corporation (“Jeter Action”). On December 24, 2014, Shiva Y. Stein filed a similar class action complaint in the Superior Court of the State of California, County of Santa Clara (No. 114CV274924) against the same defendants (“Stein Action”). On January 12, 2015, each of the plaintiffs filed substantially identical amended complaints. Both cases allege that the proposed merger was the result of a flawed process and provides insufficient value to Spansion’s shareholders, and further allege that the disclosures in the Form S-4 Registration Statement filed with the Securities and Exchange Commission on December 19, 2014 are materially incomplete and misleading. Plaintiffs in both cases assert claims against Spansion’s directors for a breach of fiduciary duty and, as to Cypress and Merger Sub, aiding and abetting a breach of fiduciary duty. The plaintiffs seek to enjoin the Merger Agreement between Spansion and Cypress which was announced on December 1, 2014, or alternatively, to rescind the transaction in the event the defendants are able to consummate it, along with damages, attorney fees and costs. On January 30, 2015, the court consolidated the two lawsuits into a single action, captioned *Walter Jeter v. Spansion Inc., et al.*, Case No. 1-14-CV-274635 (the “Consolidated Action”).

Pursuant to the MOU, Spansion has agreed to make the disclosures concerning the Merger set forth below. The MOU will be replaced by a Stipulation of Settlement to be negotiated and prepared by the parties, and submitted for court approval. The Stipulation of Settlement will include terms proposing the certification of a conditional non-opt out

class for settlement purposes only. In addition, the MOU provides that, subject to approval by the court after notice to the members of the Class (the “Class Members”), the parties agree to the entry of a Final Order and Judgment in the Consolidated Action that shall provide that the *Jeter* Action, the *Stein* Action and the Consolidated Action are dismissed with prejudice and that all claims that the Class Members may possess with regard to the Merger will be released. In connection with the settlement, the Plaintiff’s counsel has expressed its intention to seek an award by the court of attorneys’ fees and expenses. The amount of the award to the Plaintiff’s counsel will ultimately be determined by the court. This payment will not affect the amount of merger consideration to be received by any Spansion stockholder in the Merger. There can be no assurance that the parties will ultimately enter into a definitive settlement agreement or that the court will approve the settlement. The MOU and the settlement are contingent upon conditional class certification for the purpose of the settlement and final approval of the settlement by the court.

The Defendants each have denied, and continue to deny, that they have committed or aided and abetted in the commission of any violation of law or breaches of duty or engaged in any of the alleged wrongful acts and the Defendants expressly maintain that they diligently and fully complied with their fiduciary, disclosure and other legal duties. Nothing in the MOU, any settlement agreement or any public filing, including this Current Report on Form 8-K (this “Current Report”), is or shall be deemed to be an admission of the legal necessity of filing or the materiality under applicable laws of any of the additional information contained herein or in any public filing associated with the proposed settlement of the *Jeter*, *Stein* and Consolidated Actions.

Supplemental Disclosures

Solely in connection with the contemplated settlement of the consolidated action, Spansion agreed to make the following supplemental disclosures to the Definitive Joint Proxy Statement/Prospectus. The following information should be read in conjunction with the Definitive Joint Proxy Statement/Prospectus, which should be read in its entirety. All page references in the information below are to pages in the Definitive Joint Proxy Statement/Prospectus, and capitalized terms used in this Current Report shall have the meanings set forth in the Definitive Joint Proxy Statement/Prospectus, unless otherwise defined herein.

(1) Supplement to “Background of the Merger”

The following disclosure supplements and restates the third paragraph under the heading “Background of the Merger” on page 60 of the Definitive Joint Proxy Statement/Prospectus.

On May 7, 2014, Party D informed Spansion that it was not comfortable agreeing to a standstill provision in the mutual nondisclosure agreement that Party D and Spansion were negotiating, as it believed that such a provision could restrict the circumstances in which it could make a proposal for Spansion.

The following disclosure supplements and restates the fourth paragraph under the heading “Background of the Merger” on page 60 of the Definitive Joint Proxy Statement/Prospectus.

On May 16, 2014, Spansion indicated to Party D that it would not be able to provide all of the information that Party D was requesting without a standstill provision (since otherwise Party D could use such confidential information in making or participating in a hostile bid for Spansion which was not in the best interests of Spansion’s stockholders), but offered to meet with Party D during the week of May 19, 2014 to provide limited due diligence information.

The following disclosure supplements and restates the seventh paragraph under the heading “Background of the Merger” on page 60 of the Definitive Joint Proxy Statement/Prospectus.

On June 9, 2014, Spansion entered into a Standstill Agreement and an amended mutual nondisclosure agreement with Party C to clarify the parties’ respective obligations concerning the disclosure of certain confidential information.

The following disclosure supplements and restates the last sentence of the 10th paragraph under the heading “Background of the Merger” on page 60 of the Definitive Joint Proxy Statement/Prospectus.

Although Spansion’s board and management had concerns with respect to Party E’s ability to fund an acquisition of Spansion independently or obtain access to sufficient financing resources as would be required to complete such a transaction, on July 28, 2014, Spansion entered into a mutual nondisclosure agreement with Party E (which contained a standstill provision) for the purpose of further exploring strategic options with Party E.

The following disclosure supplements and restates the fourth paragraph under the heading “Background of the Merger” on page 61 of the Definitive Joint Proxy Statement/Prospectus.

On September 9, 2014, Spansion entered into a mutual nondisclosure agreement with Party B (which contained a standstill provision) for the purpose of allowing Party B to evaluate a potential acquisition of Spansion.

The following disclosure supplements and restates the sixth sentence of the last paragraph under the heading “Background of the Merger” beginning on page 61 of the Definitive Joint Proxy Statement/Prospectus.

As part of a market check process the M&A committee directed management to follow up with Party C, Cypress and Party E and to engage with Party B to seek a higher valuation (based in part on the resulting potential financial synergies) and test the level of Party B’s board support for its proposal.

The following disclosure supplements and restates the second full paragraph under the heading “Background of the Merger” on page 62 of the Definitive Joint Proxy Statement/Prospectus.

On September 25, 2014, Spansion and Cypress executed a mutual nondisclosure agreement (which contained a standstill provision) in order to facilitate their consideration of a potential business combination.

The following disclosure supplements and restates the first paragraph under the heading “Background of the Merger” on page 63 of the Definitive Joint Proxy Statement/Prospectus.

Also on October 6, 2014, Spansion entered into a mutual nondisclosure agreement with Party H (which contained a standstill provision).

The following disclosure supplements and restates the last sentence of the sixth paragraph under the heading “Background of the Merger” on page 64 of the Definitive Joint Proxy Statement/Prospectus.

Later on October 22, 2014, representatives of Spansion delivered a draft nondisclosure agreement to the representatives of Party J and Party K (which contained a standstill provision).

(2) Supplement to “Opinion of Spansion’s Financial Advisor”

Discounted Cash Flow Analysis.

Morgan Stanley performed a discounted cash flow analysis, which is designed to provide an implied value of a company by calculating the present value of the estimated future cash flows and terminal value of such company. Morgan Stanley calculated a range of equity values for Spansion and Cypress common stock independently and for the combined pro-forma synergies. Morgan Stanley utilized management estimates prepared by both companies for the purposes of its discounted cash flow analysis. Morgan Stanley first calculated, for each company, the estimated free cash flow which is defined as adjusted earnings before interest, taxes, depreciation and amortization, less (1) stock based compensation expense, (2) taxes, (3) capital expenditures, and (4) changes in working capital. Morgan Stanley also calculated the value of the synergies in the same manner.

Morgan Stanley then calculated the net present value of the free cash flows for Spansion and Cypress for the years 2015 through 2017 and calculated terminal values in the year 2017 based on a terminal perpetual growth rate ranging from 2.0% to 4.0% and utilizing a 35% tax rate. Morgan Stanley selected these terminal perpetual growth rates based on the application of its professional judgment and experience. These values were discounted to present values as of December 31, 2014 at 10.1% for Spansion and 9.5% for Cypress, discount rates selected, upon the application of Morgan Stanley's professional judgment and experience, to reflect each company's weighted average cost of capital.

Morgan Stanley performed the discounted cash flow analysis taking into account the impact of the companies' existing NOLs. For Spansion, Morgan Stanley assumed \$806 million of NOLs, with \$446 million subject to a \$27.2 million annual use limitation, implying a present value of \$179 million at a 10.1% discount rate. For Cypress, Morgan Stanley assumed \$1,006 million of NOLs, with \$50 million subject to a \$1.5 million annual use limitation, implying a present value of \$209 million at a 9.5% discount rate.

The following table summarizes Morgan Stanley's analysis:

	Implied Present Equity Value (\$ million)	Implied Value per Share of Common Stock (\$)
Spansion	1,502 – 1,885	\$22.18 – \$27.60
Cypress	1,615 – 2,054	\$9.30 – \$11.75
Combined Pro-forma Synergies	1,410 – 1,804	NA

For purposes of its Discounted Cash Flow Analysis for Spansion, Morgan Stanley utilized estimated unlevered free cash flows as follows: Calendar Year 2015: \$80 million; Calendar Year 2016: \$118 million; and Calendar Year 2017: \$107 million.

The following disclosure supplements and restates the second to last sentence under the heading “Opinion of Spansion’s Financial Advisor” on page 94 of the Definitive Joint Proxy Statement/Prospectus.

In the two years prior to the date of its opinion, Morgan Stanley and its affiliates have provided financing services to Spansion and Cypress and have received aggregate fees of approximately \$2.8 million from Spansion in connection with its role as lead left arranger, joint bookrunner, and lead left arranger on its revolving credit facility, exchangeable note, and Term Loan B, respectively, and approximately \$1.3 million from Cypress in connection with its role as lead left arranger on its revolving credit facility.
