(1) Granted under the Company's Non-Qualified Employee Stock Purchase Plan.

The option was granted on the first day of the option term and previously reported as a right to purchase shares of the Company's common stock at an exercise price equal to the market value on the date of grant. In accordance with the Non-Qualified Employee Stock Purchase Plan, the option is ultimately exercisable for an exercise price which is the lower of 100% of the market value on the grant date or 85% of the market value on the day prior to the exercise date. The number of shares exercised is based on the option amount divided by the lower of 100% of the market value on the grant date or 85% of the market value on the day prior to the exercise date.

- (3) The option will be exercisable for that number of shares equal to the option amount (25% of the optionee's quarterly salary less \$6,250) divided by the lesser of the market value of the common stock on the grant date or 85% of the market value on the day prior to the exercise date.
