SECURITIES AND EXCHANGE COMMISSION
Washington, D.C. 20549

FORM 10-Q

(Mark One)

☒ QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(D) OF THE SECURITIES EXCHANGE ACT
OF 1934 For the Quarter Ended April 28, 2012

☐ TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(D) OF THE SECURITIES EXCHANGE ACT
OF 1934 for the transition period from to
Commission File No. 1-3083

Genesco Inc.
(Exact name of registrant as specified in its charter)

Tennessee	62-0211340
(State or other jurisdiction of incorporation or organization)	(I.R.S. Employer Identification No.)

Genesco Park, 1415 Murfreesboro Road	37217-2895
Nashville, Tennessee	
(Address of principal executive offices)	(Zip Code)

Registrant's telephone number, including area code: (615) 367-7000

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months and (2) has been subject to such filing requirements for the past 90 days. Yes ☒ No ☐

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate website, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232-405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes ☒ No ☐

Indicate by check mark whether the registrant is a large accelerated filer; an accelerated filer; a non-accelerated filer; or a smaller reporting company. See definitions of "large accelerated filer," "accelerated filer" and "smaller reporting company" in Rule 12b-2 of the Exchange Act (check one):

Large accelerated filer	<input checked="" type="checkbox"/>	Accelerated filer	<input type="checkbox"/>
Non-accelerated filer	<input type="checkbox"/>	Smaller reporting company	<input type="checkbox"/>
(Do not check if smaller reporting company.)			

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Act.) Yes ☐ No ☒

As of May 25, 2012, 24,493,630 shares of the registrant's common stock were outstanding.

Note 1
Summary of Significant Accounting Policies

Interim Statements

The condensed consolidated financial statements contained in this report are unaudited but reflect all adjustments, consisting of only normal recurring adjustments, necessary for a fair presentation of the results for the interim periods of the fiscal year ending February 2, 2013 ("Fiscal 2013") and of the fiscal year ended January 28, 2012 ("Fiscal 2012"). The results of operations for any interim period are not necessarily indicative of results for the full year. The interim financial statements should be read in conjunction with the financial statements and notes thereto included in the Company's Annual Report on Form 10-K.

Nature of Operations

The Company's business includes the design and sourcing, marketing and distribution of footwear and accessories through retail stores in the U.S., Puerto Rico and Canada primarily under the Journeys, Journeys Kidz, Shi by Journeys, Underground by Journeys and Johnston & Murphy banners and under the newly acquired Schuh banner in the United Kingdom and the Republic of Ireland; through e-commerce websites including journeys.com, journeyskidz.com, shibyjournneys.com, undergroundbyjourneys.com, schuh.co.uk and johnstonmurphy.com, and at wholesale, primarily under the Company's Johnston & Murphy brand and the Dockers brand, which the Company licenses for men's footwear. The Company's business also includes Lids Sports, which operates headwear and accessory stores in the U.S. and Canada primarily under the Lids, Hat World and Hat Shack banners; the Lids Locker Room business, consisting of sports-oriented fan shops featuring a broad array of licensed merchandise such as apparel, hats and accessories, sports decor and novelty products, operating primarily under the Lids Locker Room, Sports Fan-Attic and Sports Avenue banners; certain e-commerce operations and an athletic team dealer business operating as Lids Team Sports. Including both the footwear businesses and the Lids Sports business, at April 28, 2012, the Company operated 2,386 retail stores in the U.S., Puerto Rico, Canada, United Kingdom and the Republic of Ireland.

Principles of Consolidation

All subsidiaries are consolidated in the condensed consolidated financial statements. All significant intercompany transactions and accounts have been eliminated.

Financial Statement Reclassifications

Certain reclassifications have been made to conform prior years' data to the current year presentation.

The Company integrated the Underground Station operations into the Journeys Group in the first quarter of Fiscal 2013. The former Underground Station stores will be a subset of Journeys Group under the brand "Underground by Journeys." Journeys Group segment net sales, operating income, total assets and depreciation and amortization have been restated by \$25.8 million, \$1.1 million, \$28.0 million and \$0.5 million, respectively, for the three months ended April 30, 2011 as a result of combining Underground Station Group with the Journeys Group segment to conform to current year presentation (See Note 9).

Note 1
Summary of Significant Accounting Policies, Continued

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Significant areas requiring management estimates or judgments include the following key financial areas:

Inventory Valuation

The Company values its inventories at the lower of cost or market.

In its footwear wholesale operations, its Schuh Group segment and its Lids Sports Group wholesale operations, except for the Anaconda Sports wholesale division, cost is determined using the first-in, first-out ("FIFO") method. Market value is determined using a system of analysis which evaluates inventory at the stock number level based on factors such as inventory turn, average selling price, inventory level, and selling prices reflected in future orders. The Company provides reserves when the inventory has not been marked down to market value based on current selling prices or when the inventory is not turning and is not expected to turn at levels satisfactory to the Company.

The Lids Sports Group retail segment and its Anaconda Sports wholesale division employ the moving average cost method for valuing inventories and apply freight using an allocation method. The Company provides a valuation allowance for slow-moving inventory based on negative margins and estimated shrink based on historical experience and specific analysis, where appropriate.

In its retail operations, other than the Schuh Group and Lids Sports Group retail segments, the Company employs the retail inventory method, applying average cost-to-retail ratios to the retail value of inventories. Under the retail inventory method, valuing inventory at the lower of cost or market is achieved as markdowns are taken or accrued as a reduction of the retail value of inventories.

Inherent in the retail inventory method are subjective judgments and estimates, including merchandise mark-on, markups, markdowns, and shrinkage. These judgments and estimates, coupled with the fact that the retail inventory method is an averaging process, could produce a range of cost figures. To reduce the risk of inaccuracy and to ensure consistent presentation, the Company employs the retail inventory method in multiple subclasses of inventory with similar gross margins, and analyzes markdown requirements at the stock number level based on factors such as inventory turn, average selling price, and inventory age. In addition, the Company accrues markdowns as necessary. These additional markdown accruals reflect all of the above factors as well as current agreements to return products to vendors and vendor agreements to provide markdown support. In addition to markdown provisions, the Company maintains provisions for shrinkage and damaged goods based on historical rates.

Genesco Inc.
and Consolidated Subsidiaries
Notes to Condensed Consolidated Financial Statements

Note 1
Summary of Significant Accounting Policies, Continued

Inherent in the analysis of both wholesale and retail inventory valuation are subjective judgments about current market conditions, fashion trends, and overall economic conditions. Failure to make appropriate conclusions regarding these factors may result in an overstatement or understatement of inventory value.

Impairment of Long-Lived Assets

The Company periodically assesses the realizability of its long-lived assets and evaluates such assets for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Asset impairment is determined to exist if estimated future cash flows, undiscounted and without interest charges, are less than the carrying amount. Inherent in the analysis of impairment are subjective judgments about future cash flows. Failure to make appropriate conclusions regarding these judgments may result in an overstatement or understatement of the value of long-lived assets. See also Notes 3 and 5.

The goodwill impairment test involves a two-step process. The first step is a comparison of the fair value and carrying value of the reporting unit with which the goodwill is associated. The Company estimates fair value using the best information available, and computes the fair value by an equal weighting of the results arrived by a market approach and an income approach utilizing discounted cash flow projections. The income approach uses a projection of a business unit's estimated operating results and cash flows that is discounted using a weighted-average cost of capital that reflects current market conditions. The projection uses management's best estimates of economic and market conditions over the projected period including growth rates in sales, costs, estimates of future expected changes in operating margins and cash expenditures. Other significant estimates and assumptions include terminal value growth rates, future estimates of capital expenditures and changes in future working capital requirements.

If the carrying value of the reporting unit is higher than its fair value, there is an indication that impairment may exist and the second step must be performed to measure the amount of impairment loss. The amount of impairment is determined by comparing the implied fair value of reporting unit goodwill to the carrying value of the goodwill in the same manner as if the reporting unit was being acquired in a business combination. Specifically, the Company would allocate the fair value to all of the assets and liabilities of the reporting unit, including any unrecognized intangible assets, in a hypothetical analysis that would calculate the implied fair value of goodwill. If the implied fair value of goodwill is less than the recorded goodwill, the Company would record an impairment charge for the difference.

A key assumption in the Company's fair value estimate is the weighted average cost of capital utilized for discounting its cash flow projections in its income approach. The Company believes the rate it used in its annual test, which is completed in the fourth quarter each year, was consistent with the risks inherent in its business and with industry discount rates.

Genesco Inc.
and Consolidated Subsidiaries
Notes to Condensed Consolidated Financial Statements

Note 1
Summary of Significant Accounting Policies, Continued

Environmental and Other Contingencies

The Company is subject to certain loss contingencies related to environmental proceedings and other legal matters, including those disclosed in Note 8. The Company has made pretax accruals for certain of these contingencies, including approximately \$0.3 million and \$0.4 million in the first quarter of Fiscal 2013 and Fiscal 2012, respectively. These charges are included in provision for discontinued operations, net in the Condensed Consolidated Statements of Operations because they relate to former facilities operated by the Company. The Company monitors these matters on an ongoing basis and, on a quarterly basis, management reviews the Company's reserves and accruals in relation to each of them, adjusting provisions as management deems necessary in view of changes in available information. Changes in estimates of liability are reported in the periods when they occur. Consequently, management believes that its reserve in relation to each proceeding is a best estimate of probable loss connected to the proceeding, or in cases in which no best estimate is possible, the minimum amount in the range of estimated losses, based upon its analysis of the facts and circumstances as of the close of the most recent fiscal quarter. However, because of uncertainties and risks inherent in litigation generally and in environmental proceedings in particular, there can be no assurance that future developments will not require additional reserves to be set aside, that some or all reserves will be adequate or that the amounts of any such additional reserves or any such inadequacy will not have a material adverse effect upon the Company's financial condition or results of operations. See also Notes 3 and 8.

Revenue Recognition

Retail sales are recorded at the point of sale and are net of estimated returns and exclude sales and value added taxes. Catalog and internet sales are recorded at estimated time of delivery to the customer and are net of estimated returns and exclude sales taxes. Wholesale revenue is recorded net of estimated returns and allowances for markdowns, damages and miscellaneous claims when the related goods have been shipped and legal title has passed to the customer. Shipping and handling costs charged to customers are included in net sales. Estimated returns are based on historical returns and claims. Actual amounts of markdowns have not differed materially from estimates. Actual returns and claims in any future period may differ from historical experience.

Genesco Inc.
and Consolidated Subsidiaries
Notes to Condensed Consolidated Financial Statements

Note 1
Summary of Significant Accounting Policies, Continued

Income Taxes

As part of the process of preparing Condensed Consolidated Financial Statements, the Company is required to estimate its income taxes in each of the tax jurisdictions in which it operates. This process involves estimating actual current tax obligations together with assessing temporary differences resulting from differing treatment of certain items for tax and accounting purposes, such as depreciation of property and equipment and valuation of inventories. These temporary differences result in deferred tax assets and liabilities, which are included within the Condensed Consolidated Balance Sheets. The Company then assesses the likelihood that its deferred tax assets will be recovered from future taxable income. Actual results could differ from this assessment if adequate taxable income is not generated in future periods. To the extent the Company believes that recovery of an asset is at risk, valuation allowances are established. To the extent valuation allowances are established or increased in a period, the Company includes an expense within the tax provision in the Condensed Consolidated Statements of Operations. These deferred tax valuation allowances may be released in future years when management considers that it is more likely than not that some portion or all of the deferred tax assets will be realized. In making such a determination, management will need to periodically evaluate whether or not all available evidence, such as future taxable income and reversal of temporary differences, tax planning strategies, and recent results of operations, provides sufficient positive evidence to offset any potential negative evidence that may exist at such time. In the event the deferred tax valuation allowance is released, the Company would record an income tax benefit for the portion or all of the deferred tax valuation allowance released. At April 28, 2012, the Company had a deferred tax valuation allowance of \$3.9 million. The Company recorded an effective income tax rate of 40.4% in the first quarter this year compared to 40.1% for the same period last year.

Income tax reserves are determined using the methodology required by the Income Tax Topic of the Accounting Standards Codification ("Codification"). This methodology requires companies to assess each income tax position taken using a two step process. A determination is first made as to whether it is more likely than not that the position will be sustained, based upon the technical merits, upon examination by the taxing authorities. If the tax position is expected to meet the more likely than not criteria, the benefit recorded for the tax position equals the largest amount that is greater than 50% likely to be realized upon ultimate settlement of the respective tax position. Uncertain tax positions require determinations and estimated liabilities to be made based on provisions of the tax law which may be subject to change or varying interpretation. If the Company's determinations and estimates prove to be inaccurate, the resulting adjustments could be material to its future financial results. The Company believes it is reasonably possible that there will be an \$8.0 million decrease in the gross tax liability for uncertain tax positions within the next 12 months based upon the expiration of statutes of limitation in various tax jurisdictions and potential settlements.

Note 1
Summary of Significant Accounting Policies, Continued

Postretirement Benefits Plan Accounting

Full-time employees who had at least 1,000 hours of service in calendar year 2004, except employees in the Lids Sports Group and Schuh Group segments, are covered by a defined benefit pension plan. The Company froze the defined benefit pension plan effective January 1, 2005. The Company also provides certain former employees with limited medical and life insurance benefits. The Company funds at least the minimum amount required by the Employee Retirement Income Security Act.

As required by the Compensation – Retirement Benefits Topic of the Codification, the Company is required to recognize the overfunded or underfunded status of postretirement benefit plans as an asset or liability in their Condensed Consolidated Balance Sheets and to recognize changes in that funded status in accumulated other comprehensive loss, net of tax, in the year in which the changes occur.

The Company accounts for the defined benefit pension plans using the Compensation-Retirement Benefits Topic of the Codification. As permitted under this topic, pension expense is recognized on an accrual basis over employees' approximate service periods. The calculation of pension expense and the corresponding liability requires the use of a number of critical assumptions, including the expected long-term rate of return on plan assets and the assumed discount rate, as well as the recognition of actuarial gains and losses. Changes in these assumptions can result in different expense and liability amounts, and future actual experience can differ from these assumptions.

Share-Based Compensation

The Company has share-based compensation plans covering certain members of management and non-employee directors. The Company recognizes compensation expense for share-based payments based on the fair value of the awards as required by the Compensation – Stock Compensation Topic of the Codification. For the first quarter of Fiscal 2013 and 2012, share-based compensation expense related to stock options was zero and less than \$1,000, respectively. The Company has not issued any new stock option awards since the first quarter of Fiscal 2008. For the first quarter of Fiscal 2013 and 2012, restricted stock expense was \$2.2 million and \$1.6 million, respectively. The fair value of employee restricted stock is determined based on the closing price of the Company's stock on the date of the grant. The benefits of tax deductions in excess of recognized compensation expense are reported as a financing cash flow. The Company issued 336 and zero shares of director restricted stock for the three months ended April 28, 2012 and April 30, 2011, respectively.

Genesco Inc.
and Consolidated Subsidiaries
Notes to Condensed Consolidated Financial Statements

Note 1
Summary of Significant Accounting Policies, Continued

Cash and Cash Equivalents

Included in cash and cash equivalents at April 28, 2012, January 28, 2012 and April 30, 2011 are cash equivalents of \$0.2 million, \$0.2 million and \$0.3 million, respectively. Cash equivalents are highly-liquid financial instruments having an original maturity of three months or less. At April 28, 2012, substantially all of the Company's domestic cash was invested in deposit accounts at FDIC-insured banks. All of the Company's domestic deposit account balances are currently FDIC insured as a result of the Dodd-Frank Wall Street Reform and Consumer Protection Act. The majority of payments due from banks for domestic customer credit card transactions process within 24 - 48 hours and are accordingly classified as cash and cash equivalents.

At April 28, 2012, January 28, 2012 and April 30, 2011 outstanding checks drawn on zero-balance accounts at certain domestic banks exceeded book cash balances at those banks by approximately \$44.6 million, \$39.0 million and \$32.8 million, respectively. These amounts are included in accounts payable.

Concentration of Credit Risk and Allowances on Accounts Receivable

The Company's footwear wholesale businesses sell primarily to independent retailers and department stores across the United States. Receivables arising from these sales are not collateralized. Customer credit risk is affected by conditions or occurrences within the economy and the retail industry as well as by customer specific factors. The Company's Lids Team Sports wholesale business sells primarily to colleges and high school athletic teams and their fan bases. Including both footwear wholesale and Lids Team Sports wholesale business receivables, one customer accounted for 7% of the Company's total trade receivables balance, while no other customer accounted for more than 6% of the Company's total trade receivables balance as of April 28, 2012.

The Company establishes an allowance for doubtful accounts based upon factors surrounding the credit risk of specific customers, historical trends and other information, as well as customer specific factors. The Company also establishes allowances for sales returns, customer deductions and co-op advertising based on specific circumstances, historical trends and projected probable outcomes.

Genesco Inc.
and Consolidated Subsidiaries
Notes to Condensed Consolidated Financial Statements

Note 1
Summary of Significant Accounting Policies, Continued

Property and Equipment

Property and equipment are recorded at cost and depreciated or amortized over the estimated useful life of related assets. Depreciation and amortization expense are computed principally by the straight-line method over the following estimated useful lives:

Buildings and building equipment	20-45 years
Computer hardware, software and equipment	3-10 years
Furniture and fixtures	10 years

Leases

Leasehold improvements and properties under capital leases are amortized on the straight-line method over the shorter of their useful lives or their related lease terms and the charge to earnings is included in selling and administrative expenses in the Condensed Consolidated Statements of Operations.

Certain leases include rent increases during the initial lease term. For these leases, the Company recognizes the related rental expense on a straight-line basis over the term of the lease (which includes any rent holidays and the pre-opening period of construction, renovation, fixturing and merchandise placement) and records the difference between the amounts charged to operations and amounts paid as deferred rent.

The Company occasionally receives reimbursements from landlords to be used towards construction of the store the Company intends to lease. Leasehold improvements are recorded at their gross costs including items reimbursed by landlords. The reimbursements are amortized as a reduction of rent expense over the initial lease term. Tenant allowances of \$18.0 million, \$17.6 million and \$17.7 million at April 28, 2012, January 28, 2012 and April 30, 2011, respectively, and deferred rent of \$36.2 million, \$35.2 million and \$33.5 million at April 28, 2012, January 28, 2012 and April 30, 2011, respectively, are included in deferred rent and other long-term liabilities on the Condensed Consolidated Balance Sheets.

Goodwill and Other Intangibles

Under the provisions of the Intangibles – Goodwill and Other Topic of the Codification, goodwill and intangible assets with indefinite lives are not amortized, but are tested at least annually, during the fourth quarter, for impairment. The Company will update the tests between annual tests if events or circumstances occur that would more likely than not reduce the fair value of the business unit with which the goodwill is associated below its carrying amount. It is also required that intangible assets with finite lives be amortized over their respective lives to their estimated residual values, and reviewed for impairment in accordance with the Property, Plant and Equipment Topic of the Codification.

Genesco Inc.
and Consolidated Subsidiaries
Notes to Condensed Consolidated Financial Statements

Note 1
Summary of Significant Accounting Policies, Continued

Intangible assets of the Company with indefinite lives are primarily goodwill and identifiable trademarks acquired in connection with the acquisition of Schuh Group Ltd. in June 2011 and Hat World Corporation in April 2004. The Condensed Consolidated Balance Sheets include goodwill of \$159.1 million for the Lids Sports Group, \$103.2 million for the Schuh Group and \$0.8 million for Licensed Brands at April 28, 2012 and \$152.5 million for the Lids Sports Group and \$0.8 million for Licensed Brands at April 30, 2011. The Company tests for impairment of intangible assets with an indefinite life, at a minimum on an annual basis, relying on a number of factors including operating results, business plans, projected future cash flows and observable market data. The impairment test for identifiable assets not subject to amortization consists of a comparison of the fair value of the intangible asset with its carrying amount. The Company has not had an impairment charge for intangible assets.

Identifiable intangible assets of the Company with finite lives are primarily trademarks acquired in connection with the acquisition of Hat Shack, Inc. in January 2007, Impact Sports in November 2008, Great Plains Sports in September 2009, Sports Fan-Attic in November 2009, Brand Innovators in May 2010, Anaconda Sports in August 2010, Keuka Footwear in August 2010 and Sports Avenue in October 2010, customer lists, in-place leases, non-compete agreements and a vendor contract. They are subject to amortization based upon their estimated useful lives. Finite-lived intangible assets are evaluated for impairment using a process similar to that used to evaluate other definite-lived long-lived assets, a comparison of the fair value of the intangible asset with its carrying amount. An impairment loss is recognized for the amount by which the carrying value exceeds the fair value of the asset.

Fair Value of Financial Instruments

The carrying amounts and fair values of the Company's financial instruments at April 28, 2012 and January 28, 2012 are:

Fair Values

In thousands	April 28, 2012		January 28, 2012	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value
Revolver Borrowings	\$—	\$—	\$5,000	\$5,021
UK Term Loans	35,662	35,823	35,704	35,387

Debt fair values were determined using the income approach which is generally measured using a discounted cash flow analysis based on current market interest rates for similar types of financial instruments and would be classified in Level 2.

Carrying amounts reported on the Condensed Consolidated Balance Sheets for cash, cash equivalents, receivables and accounts payable approximate fair value due to the short-term maturity of these instruments.

Genesco Inc.
and Consolidated Subsidiaries
Notes to Condensed Consolidated Financial Statements

Note 1
Summary of Significant Accounting Policies, Continued

Cost of Sales

For the Company's retail operations, the cost of sales includes actual product cost, the cost of transportation to the Company's warehouses from suppliers and the cost of transportation from the Company's warehouses to the stores. Additionally, the cost of its distribution facilities allocated to its retail operations is included in cost of sales.

For the Company's wholesale operations, the cost of sales includes the actual product cost and the cost of transportation to the Company's warehouses from suppliers.

Selling and Administrative Expenses

Selling and administrative expenses include all operating costs of the Company excluding (i) those related to the transportation of products from the supplier to the warehouse, (ii) for its retail operations, those related to the transportation of products from the warehouse to the store and (iii) costs of its distribution facilities which are allocated to its retail operations. Wholesale and unallocated retail costs of distribution are included in selling and administrative expenses in the amounts of \$2.0 million and \$2.4 million for the first quarter of Fiscal 2013 and 2012, respectively.

Gift Cards

The Company has a gift card program that began in calendar 1999 for its Lids Sports operations and calendar 2000 for its footwear operations. The gift cards issued to date do not expire. As such, the Company recognizes income when: (i) the gift card is redeemed by the customer; or (ii) the likelihood of the gift card being redeemed by the customer for the purchase of goods in the future is remote and there are no related escheat laws (referred to as "breakage"). The gift card breakage rate is based upon historical redemption patterns and income is recognized for unredeemed gift cards in proportion to those historical redemption patterns.

Gift card breakage is recognized in revenues each period. Gift card breakage recognized as revenue was \$0.1 million for each of the first quarters of Fiscal 2013 and 2012. The Condensed Consolidated Balance Sheets include an accrued liability for gift cards of \$9.2 million, \$10.4 million and \$7.8 million at April 28, 2012, January 28, 2012 and April 30, 2011, respectively.

Buying, Merchandising and Occupancy Costs

The Company records buying, merchandising and occupancy costs in selling and administrative expense. Because the Company does not include these costs in cost of sales, the Company's gross margin may not be comparable to other retailers that include these costs in the calculation of gross margin.

Genesco Inc.
and Consolidated Subsidiaries
Notes to Condensed Consolidated Financial Statements

Note 1
Summary of Significant Accounting Policies, Continued

Shipping and Handling Costs

Shipping and handling costs related to inventory purchased from suppliers are included in the cost of inventory and are charged to cost of sales in the period that the inventory is sold. All other shipping and handling costs are charged to cost of sales in the period incurred except for wholesale and unallocated retail costs of distribution, which are included in selling and administrative expenses.

Preopening Costs

Costs associated with the opening of new stores are expensed as incurred, and are included in selling and administrative expenses on the accompanying Condensed Consolidated Statements of Operations.

Store Closings and Exit Costs

From time to time, the Company makes strategic decisions to close stores or exit locations or activities. If stores or operating activities to be closed or exited constitute components, as defined by the Property, Plant and Equipment Topic of the Codification, and will not result in a migration of customers and cash flows, these closures will be considered discontinued operations when the related assets meet the criteria to be classified as held for sale, or at the cease-use date, whichever occurs first. The results of operations of discontinued operations are presented retroactively, net of tax, as a separate component on the Condensed Consolidated Statements of Operations, if material individually or cumulatively. To date, no store closings meeting the discontinued operations criteria have been material individually or cumulatively.

Assets related to planned store closures or other exit activities are reflected as assets held for sale and recorded at the lower of carrying value or fair value less costs to sell when the required criteria, as defined by the Property, Plant and Equipment Topic of the Codification, are satisfied. Depreciation ceases on the date that the held for sale criteria are met.

Assets related to planned store closures or other exit activities that do not meet the criteria to be classified as held for sale are evaluated for impairment in accordance with the Company's normal impairment policy, but with consideration given to revised estimates of future cash flows. In any event, the remaining depreciable useful lives are evaluated and adjusted as necessary.

Exit costs related to anticipated lease termination costs, severance benefits and other expected charges are accrued for and recognized in accordance with the Exit or Disposal Cost Obligations Topic of the Codification.

Genesco Inc.
and Consolidated Subsidiaries
Notes to Condensed Consolidated Financial Statements

Note 1
Summary of Significant Accounting Policies, Continued

Advertising Costs

Advertising costs are predominantly expensed as incurred. Advertising costs were \$10.7 million and \$9.7 million for the first quarter of Fiscal 2013 and 2012, respectively. Direct response advertising costs for catalogs are capitalized in accordance with the Other Assets and Deferred Costs Topic for Capitalized Advertising Costs of the Codification. Such costs are amortized over the estimated future period as revenues are realized from such advertising, not to exceed six months. The Condensed Consolidated Balance Sheets include prepaid assets for direct response advertising costs of \$1.6 million, \$1.1 million and \$1.1 million at April 28, 2012, January 28, 2012 and April 30, 2011.

Consideration to Resellers

The Company does not have any written buy-down programs with retailers, but the Company has provided certain retailers with markdown allowances for obsolete and slow moving products that are in the retailer's inventory. The Company estimates these allowances and provides for them as reductions to revenues at the time revenues are recorded. Markdowns are negotiated with retailers and changes are made to the estimates as agreements are reached. Actual amounts for markdowns have not differed materially from estimates.

Cooperative Advertising

Cooperative advertising funds are made available to all of the Company's wholesale customers. In order for retailers to receive reimbursement under such programs, the retailer must meet specified advertising guidelines and provide appropriate documentation of expenses to be reimbursed. The Company's cooperative advertising agreements require that wholesale customers present documentation or other evidence of specific advertisements or display materials used for the Company's products by submitting the actual print advertisements presented in catalogs, newspaper inserts or other advertising circulars, or by permitting physical inspection of displays. Additionally, the Company's cooperative advertising agreements require that the amount of reimbursement requested for such advertising or materials be supported by invoices or other evidence of the actual costs incurred by the retailer. The Company accounts for these cooperative advertising costs as selling and administrative expenses, in accordance with the Revenue Recognition Topic for Customer Payments and Incentives of the Codification.

Cooperative advertising costs recognized in selling and administrative expenses were \$1.0 million and \$0.9 million for the first quarter of Fiscal 2013 and 2012, respectively. During the first quarter of Fiscal of 2013 and 2012, the Company's cooperative advertising reimbursements paid did not exceed the fair value of the benefits received under those agreements.

Genesco Inc.
and Consolidated Subsidiaries
Notes to Condensed Consolidated Financial Statements

Note 1
Summary of Significant Accounting Policies, Continued

Vendor Allowances

From time to time, the Company negotiates allowances from its vendors for markdowns taken or expected to be taken. These markdowns are typically negotiated on specific merchandise and for specific amounts. These specific allowances are recognized as a reduction in cost of sales in the period in which the markdowns are taken. Markdown allowances not attached to specific inventory on hand or already sold are applied to concurrent or future purchases from each respective vendor.

The Company receives support from some of its vendors in the form of reimbursements for cooperative advertising and catalog costs for the launch and promotion of certain products. The reimbursements are agreed upon with vendors and represent specific, incremental, identifiable costs incurred by the Company in selling the vendor's specific products. Such costs and the related reimbursements are accumulated and monitored on an individual vendor basis, pursuant to the respective cooperative advertising agreements with vendors. Such cooperative advertising reimbursements are recorded as a reduction of selling and administrative expenses in the same period in which the associated expense is incurred. If the amount of cash consideration received exceeds the costs being reimbursed, such excess amount would be recorded as a reduction of cost of sales.

Vendor reimbursements of cooperative advertising costs recognized as a reduction of selling and administrative expenses were \$0.9 million for each of the first quarters of Fiscal 2013 and 2012. During the first quarter of Fiscal 2013 and 2012, the Company's cooperative advertising reimbursements received were not in excess of the costs incurred.

Environmental Costs

Environmental expenditures relating to current operations are expensed or capitalized as appropriate. Expenditures relating to an existing condition caused by past operations, and which do not contribute to current or future revenue generation, are expensed. Liabilities are recorded when environmental assessments and/or remedial efforts are probable and the costs can be reasonably estimated and are evaluated independently of any future claims for recovery. Generally, the timing of these accruals coincides with completion of a feasibility study or the Company's commitment to a formal plan of action. Costs of future expenditures for environmental remediation obligations are not discounted to their present value.

Earnings Per Common Share

Basic earnings per share excludes dilution and is computed by dividing income available to common shareholders by the weighted average number of common shares outstanding for the period. Diluted earnings per share reflects the potential dilution that could occur if securities to issue common stock were exercised or converted to common stock (see Note 7).

Genesco Inc.
and Consolidated Subsidiaries
Notes to Condensed Consolidated Financial Statements

Note 1
Summary of Significant Accounting Policies, Continued

Other Comprehensive Income

The Comprehensive Income Topic of the Codification requires, among other things, the Company's pension liability adjustment, postretirement liability adjustment, unrealized gains or losses on foreign currency forward contracts and foreign currency translation adjustments to be included in other comprehensive income net of tax. Accumulated other comprehensive loss at April 28, 2012 consisted of \$29.6 million of cumulative pension liability adjustments, net of tax, and a cumulative post retirement liability adjustment of \$0.3 million, net of tax, offset by a foreign currency translation adjustment of \$1.3 million.

Business Segments

The Segment Reporting Topic of the Codification requires that companies disclose "operating segments" based on the way management disaggregates the Company's operations for making internal operating decisions (see Note 9).

Derivative Instruments and Hedging Activities

The Derivatives and Hedging Topic of the Codification requires an entity to recognize all derivatives as either assets or liabilities in the Condensed Consolidated Balance Sheet and to measure those instruments at fair value. Under certain conditions, a derivative may be specifically designated as a fair value hedge or a cash flow hedge. The accounting for changes in the fair value of a derivative are recorded each period in current earnings or in other comprehensive income depending on the intended use of the derivative and the resulting designation. In prior periods, the Company entered into a small amount of foreign currency forward exchange contracts in order to reduce exposure to foreign currency exchange rate fluctuations in connection with inventory purchase commitments for its Johnston & Murphy Group.

There were no such contracts outstanding at April 28, 2012. The notional amount of such contracts outstanding at April 30, 2011 was \$0.6 million. For the three months ended April 28, 2012, the Company recorded an unrealized loss on foreign currency forward contracts of less than \$0.1 million in accumulated other comprehensive loss, before taxes. The Company monitors the credit quality of the major international, national and regional financial institutions with which it enters into such contracts.

The Company estimates that the majority of net hedging losses related to forward exchange contracts will be reclassified from accumulated other comprehensive loss into earnings through higher cost of sales over the succeeding year.

and Consolidated Subsidiaries
Notes to Condensed Consolidated Financial Statements

Note 1
Summary of Significant Accounting Policies, Continued

New Accounting Principles

In June 2011, FASB issued Accounting Standards Update No. 2011-05, an update to the FASB Codification Comprehensive Income Topic, which amends the existing accounting standards related to the presentation of comprehensive income in a company's financial statements. This update requires that all non-owner changes in shareholders' equity be presented in either a single continuous statement of comprehensive income or in two separate but consecutive statements. In the two statement approach, the first statement would present total net earnings and its components followed consecutively by a second statement that should present total other comprehensive income, the components of other comprehensive income and the total of comprehensive income. Under either presentation alternative, reclassification adjustments and the effect of those adjustments on net earnings and other comprehensive income must be presented in the respective statement or statements, as applicable. The Company adopted this update for the first quarter of Fiscal 2013 and has included a separate statement of comprehensive income in its Condensed Consolidated Financial Statements. The adoption did not have a significant impact on the Company's results of operations or financial position.

Genesco Inc.
and Consolidated Subsidiaries
Notes to Condensed Consolidated Financial Statements

Note 2
Acquisitions and Intangible Assets

Schuh Acquisition

On June 23, 2011, the Company, through its newly-formed, wholly-owned subsidiary Genesco (UK) Limited (“Genesco UK”), completed the acquisition of all the outstanding shares of Schuh Group Ltd. (“Schuh”) for a total purchase price of approximately £100.0 million, less £29.5 million outstanding under existing Schuh credit facilities, which remain in place, less a £1.9 million working capital adjustment and plus £6.2 million net cash acquired, with £5.0 million withheld until satisfaction of certain closing conditions. The Company financed the acquisition with borrowings under its existing credit facility and the balance from cash on hand. The purchase agreement also provides for deferred purchase price payments totaling £25 million, payable £15 million and £10 million on the third and fourth anniversaries of the closing, respectively, subject to the payees’ not having terminated their employment with Schuh under certain specified circumstances. This amount will be recorded as compensation expense and not reported as a component of the cost of the acquisition.

Headquartered in Scotland, Schuh is a specialty retailer of casual and athletic footwear sold through 65 retail stores in the United Kingdom and the Republic of Ireland and 14 concessions in Republic apparel stores as of April 28, 2012. The Company believes the acquisition will enhance its strategic development and prospects for growth and provide the Company with an established retail presence in the United Kingdom and improved insight into global fashion trends. The results of Schuh’s operations for the three months ended April 28, 2012, including net sales of \$70.3 million and an operating loss of \$(3.0) million, have been included in the Company’s Condensed Consolidated Financial Statements for the three months ended April 28, 2012. During the three months ended April 28, 2012, compensation expense related to the Schuh acquisition deferred purchase price obligation was \$3.0 million. This expense is included in the operating loss for the Schuh Group segment.

Genesco Inc.
and Consolidated Subsidiaries
Notes to Condensed Consolidated Financial Statements

Note 2

Acquisitions and Intangible Assets, Continued

The acquisition has been accounted for using the purchase method in accordance with the amended Business Combinations Topic of the Codification. Accordingly, the total purchase price has been allocated to the assets acquired and liabilities assumed based on their estimated fair values at acquisition as follows (amounts in thousands):

At June 23, 2011

Cash	\$24,836	
Accounts Receivable	4,673	
Inventories	32,179	
Other current assets	7,565	
Property and equipment	30,314	
Other non-current assets	6,977	
Deferred taxes	4,197	
Trademarks	27,224	
Other intangibles	4,995	
Goodwill	102,907	
Accounts payable	(16,196))
Other current liabilities	(24,718))
Long-term debt (includes current portion)	(62,562))
Other non-current liabilities	(26,637))
Net Assets Acquired	\$115,754	

The trademarks acquired include the concept names and are deemed to have an indefinite life. Other intangibles include a \$1.7 million customer list, a \$2.5 million asset to reflect the adjustment of acquired leases to market and a vendor contract of \$0.8 million. The weighted average amortization period for the asset to adjust acquired leases to market is 2.7 years. The weighted average amortization period for customer lists is 4.6 years.

The recorded amounts above are provisional and subject to change. Specifically, amounts for income tax assets, receivables and liabilities pending further review of Schuh's pre-acquisition tax information, which may change certain estimates and assumptions used, are subject to change.

Goodwill is calculated as the excess of the consideration transferred over the net assets recognized and represents the future economic benefits arising from other assets acquired that could not be individually identified and separately recognized. Specifically, the goodwill recorded as part of the acquisition of Schuh includes the expected purchasing synergies and other benefits that result from combining the Schuh business with the Company, improved insight into global fashion trends, any intangible assets that do not qualify for separate recognition and an acquired assembled workforce. The goodwill related to the Schuh acquisition is not deductible for tax purposes.

Note 2

Acquisitions and Intangible Assets, Continued

The following pro forma information presents the results of operations of the Company as if the Schuh acquisition had taken place at the beginning of Fiscal 2011 or January 31, 2010. Pro forma adjustments have been made to reflect additional interest expense from the \$89.0 million in debt associated with the acquisition, interest expense on the acquired debt, amortization of intangible assets and the related income tax effects.

	Three Months Ended - Pro forma April 30, 2011
In thousands, except per share data	
Net sales	\$533,290
Earnings from continuing operations	11,477
Earnings per share:	
Basic	\$0.50
Diluted	\$0.49

The pro forma results have been prepared for comparative purposes only and do not purport to be indicative of the results of operations that would have occurred had the Schuh acquisition occurred at the beginning of Fiscal 2011.

Intangible Assets

Other intangibles by major classes were as follows:

	Leases		Customer Lists		Other*		Total	
(In Thousands)	Apr. 28, 2012	Jan. 28, 2012	Apr. 28, 2012	Jan. 28, 2012	Apr. 28, 2012	Jan. 28, 2012	Apr. 28, 2012	Jan. 28, 2012
Gross other intangibles	\$12,445	\$12,390	\$14,116	\$14,062	\$2,027	\$2,001	\$28,588	\$28,453
Accumulated amortization	(9,827)	(9,477)	(3,798)	(3,292)	(934)	(876)	(14,559)	(13,645)
Net Other Intangibles	\$2,618	\$2,913	\$10,318	\$10,770	\$1,093	\$1,125	\$14,029	\$14,808

*Includes non-compete agreements, vendor contract and backlog.

The amortization of intangibles was \$0.8 million and \$0.7 million for the first quarter of Fiscal 2013 and 2012, respectively. The amortization of intangibles will be \$4.6 million, \$4.1 million, \$3.1 million, \$2.1 million and \$1.6 million for Fiscal 2013, 2014, 2015, 2016 and 2017, respectively.

Notes to Condensed Consolidated Financial Statements

Note 3

Asset Impairments and Other Charges and Discontinued Operations

Asset Impairments and Other Charges

In accordance with Company policy, assets are determined to be impaired when the revised estimated future cash flows are insufficient to recover the carrying costs. Impairment charges represent the excess of the carrying value over the fair value of those assets.

Asset impairment charges are reflected as a reduction of the net carrying value of property and equipment, and in asset impairments and other, net in the accompanying Condensed Consolidated Statements of Operations.

The Company recorded a pretax charge to earnings of \$0.1 million in the first quarter of Fiscal 2013, primarily associated with the network intrusion. The Company recorded a pretax charge to earnings of \$1.2 million in the first quarter of Fiscal 2012, including \$0.7 million for retail store asset impairments, \$0.4 million associated with the network intrusion and \$0.1 million for other legal matters.

Discontinued Operations

Accrued Provision for Discontinued Operations

Note 5
Fair Value

The Fair Value Measurements and Disclosures Topic of the Codification defines fair value, establishes a framework for measuring fair value in accordance with generally accepted accounting principles and expands disclosures about fair value measurements. This Topic defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. It also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1 - Quoted prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

A financial asset or liability's classification within the hierarchy is determined based on the lowest level input that is significant to the fair value measurement.

Genesco Inc.
and Consolidated Subsidiaries
Notes to Condensed Consolidated Financial Statements

Note 5
Fair Value, Continued

The following table presents the Company's assets and liabilities measured at fair value on a nonrecurring basis as of April 28, 2012 aggregated by the level in the fair value hierarchy within which those measurements fall (in thousands):

	Long-Lived Assets Held and Used	Level 1	Level 2	Level 3	Total Losses
Measured as of April 28, 2012	\$47	\$—	\$—	\$47	\$46

In accordance with the Property, Plant and Equipment Topic of the Codification, the Company recorded less than \$0.1 million of impairment charges as a result of the fair value measurement of its long-lived assets held and used on a nonrecurring basis during the three months ended April 28, 2012. These charges are reflected in asset impairments and other, net on the Condensed Consolidated Statements of Operations.

The Company used a discounted cash flow model to estimate the fair value of these long-lived assets at April 28, 2012. Discount rate and growth rate assumptions are derived from current economic conditions, expectations of management and projected trends of current operating results. As a result, the Company has determined that the majority of the inputs used to value its long-lived assets held and used are unobservable inputs that fall within Level 3 of the fair value hierarchy.

Note 6
Defined Benefit Pension Plans and Other Benefit Plans

Components of Net Periodic Benefit Cost

In thousands	Pension Benefits Three Months Ended		Other Benefits Three Months Ended	
	April 28, 2012	April 30, 2011	April 28, 2012	April 30, 2011
Service cost	\$88	\$63	\$89	\$42
Interest cost	1,244	1,398	39	43
Expected return on plan assets	(1,754) (1,952) —	—
Amortization:				
Prior service cost	1	1	—	—
Losses	1,598	1,241	21	20
Net amortization	1,599	1,242	21	20

Notes to Condensed Consolidated Financial Statements

Note 7
Earnings Per Share

(In thousands, except per share amounts)	For the Three Months Ended April 28, 2012			For the Three Months Ended April 30, 2011		
	Income (Numerator)	Shares (Denominator)	Per Share Amount	Income (Numerator)	Shares (Denominator)	Per Share Amount
Earnings from continuing operations	\$20,791			\$14,975		
Less: Preferred stock dividends	(46))		(49))	
Basic EPS from continuing operations						
Income available to common shareholders	20,745	23,597	\$0.88	14,926	22,940	\$.65
Effect of Dilutive Securities from continuing operations						
Options		532			549	
Convertible preferred stock ⁽¹⁾	35	54		14	26	
Employees' preferred stock ⁽²⁾		48			49	
Diluted EPS						
Income available to common shareholders plus assumed conversions	\$20,780	24,231	\$0.86	\$14,940	23,564	\$.63

The amount of the dividend on the convertible preferred stock per common share obtainable on conversion of the convertible preferred stock was less than basic earnings per share for Series 1, 3 and 4 preferred stock for the three months ended April 28, 2012 and for Series 3 preferred stock for the three months ended April 30, 2011.

Therefore, conversion of Series 1, 3 and 4 preferred shares was included in diluted earnings per share for the three months ended April 28, 2012 and conversion of Series 3 preferred shares was included in diluted earnings per share for the three months ended April 30, 2011. The amount of the dividend on the convertible preferred stock per common share obtainable on conversion of the convertible preferred stock was higher than basic earnings per share for Series 1 and 4 preferred stock for the three months ended April 30, 2011. Therefore, conversion of the convertible preferred stock was not reflected in diluted earnings per share for the three months ended April 30, 2011, because it would have been antidilutive. The shares convertible to common stock for Series 1, 3 and 4 preferred stock would have been 24,389, 24,512 and 5,147, respectively, as of April 28, 2012.

The Company's Employees' Subordinated Convertible Preferred Stock is convertible one for one to the Company's (2) common stock. Because there are no dividends paid on this stock, these shares are assumed to be converted for the first quarter ended April 28, 2012 and April 30, 2011.

The Company did not repurchase any shares during the first quarter ended April 28, 2012 or April 30, 2011.

Note 8
Legal Proceedings

Environmental Matters

New York State Environmental Matters

In August 1997, the New York State Department of Environmental Conservation (“NYSDEC”) and the Company entered into a consent order whereby the Company assumed responsibility for conducting a remedial investigation and feasibility study (“RIFS”) and implementing an interim remedial measure (“IRM”) with regard to the site of a knitting mill operated by a former subsidiary of the Company from 1965 to 1969. The Company undertook the IRM and RIFS voluntarily, without admitting liability or accepting responsibility for any future remediation of the site. The Company has completed the IRM and the RIFS. In the course of preparing the RIFS, the Company identified remedial alternatives with estimated undiscounted costs ranging from \$0 million to \$24.0 million, excluding amounts previously expended or provided for by the Company. The United States Environmental Protection Agency (“EPA”), which has assumed primary regulatory responsibility for the site from NYSDEC, issued a Record of Decision in September 2007. The Record of Decision requires a remedy of a combination of groundwater extraction and treatment and in-site chemical oxidation at an estimated present worth of approximately \$10.7 million.

In July 2009, the Company agreed to a Consent Order with the EPA requiring the Company to perform certain remediation actions, operations, maintenance and monitoring at the site. In September 2009, a Consent Judgment embodying the Consent Order was filed in the U.S. District Court for the Eastern District of New York.

Genesco Inc.
and Consolidated Subsidiaries
Notes to Condensed Consolidated Financial Statements

Note 8
Legal Proceedings, Continued

The Village of Garden City, New York, has asserted that the Company is liable for the costs associated with enhanced treatment required by the impact of the groundwater plume from the site on two public water supply wells, including historical costs ranging from approximately \$1.8 million to in excess of \$2.5 million, and future operation and maintenance costs which the Village estimates at \$126,400 annually while the enhanced treatment continues. On December 14, 2007, the Village filed a complaint against the Company and the owner of the property under the Resource Conservation and Recovery Act ("RCRA"), the Safe Drinking Water Act, and the Comprehensive Environmental Response, Compensation and Liability Act ("CERCLA") as well as a number of state law theories in the U.S. District Court for the Eastern District of New York, seeking an injunction requiring the defendants to remediate contamination from the site and to establish their liability for future costs that may be incurred in connection with it, which the complaint alleges could exceed \$41 million, undiscounted, over a 70-year period. The Company has not verified the estimates of either historic or future costs asserted by the Village, but believes that an estimate of future costs based on a 70-year remediation period is unreasonable given the expected remedial period reflected in the EPA's Record of Decision. On May 23, 2008, the Company filed a motion to dismiss the Village's complaint on grounds including applicable statutes of limitation and preemption of certain claims by the NYSDEC's and the EPA's diligent prosecution of remediation. On January 27, 2009, the Court granted the motion to dismiss all counts of the plaintiff's complaint except for the CERCLA claim and a state law claim for indemnity for costs incurred after November 27, 2000. On September 23, 2009, on a motion for reconsideration by the Village, the Court reinstated the claims for injunctive relief under RCRA and for equitable relief under certain of the state law theories. The Company intends to continue to defend the action.

In December 2005, the EPA notified the Company that it considers the Company a potentially responsible party ("PRP") with respect to contamination at two Superfund sites in upstate New York. The sites were used as landfills for process wastes generated by a glue manufacturer, which acquired tannery wastes from several tanners, allegedly including the Company's Whitehall tannery, for use as raw materials in the gluemaking process. The Company has no records indicating that it ever provided raw materials to the gluemaking operation and has not been able to establish whether the EPA's substantive allegations are accurate. The Company, together with other tannery PRPs, has entered into cost sharing agreements and Consent Decrees with the EPA with respect to both sites. Based upon the current estimates of the cost of remediation, the Company's share is expected to be less than \$250,000 in total for the two sites. While there is no assurance that the Company's share of the actual cost of remediation will not exceed the estimate, the Company does not presently expect that its aggregate exposure with respect to these two landfill sites will have a material adverse effect on its financial condition or results of operations.

Whitehall Environmental Matters

The Company has performed sampling and analysis of soil, sediments, surface water, groundwater and waste management areas at the Company's former Volunteer Leather Company facility in Whitehall, Michigan.

Genesco Inc.
and Consolidated Subsidiaries
Notes to Condensed Consolidated Financial Statements

Note 8

Legal Proceedings, Continued

In October 2010, the Company and the Michigan Department of Natural Resources and Environment entered into a Consent Decree providing for implementation of a remedial Work Plan for the facility site designed to bring the site into compliance with applicable regulatory standards. The Work Plan's implementation is substantially complete and the Company expects, based on its present understanding of the condition of the site, that its future obligations with respect to the site will be limited to periodic monitoring and that future costs related to the site should not have a material effect on its financial condition or results of operations.

Accrual for Environmental Contingencies

Related to all outstanding environmental contingencies, the Company had accrued \$12.5 million as of April 28, 2012, \$13.0 million as of January 28, 2012 and \$15.2 million as of April 30, 2011. All such provisions reflect the Company's estimates of the most likely cost (undiscounted, including both current and noncurrent portions) of resolving the contingencies, based on facts and circumstances as of the time they were made. There is no assurance that relevant facts and circumstances will not change, necessitating future changes to the provisions. Such contingent liabilities are included in the liability arising from provision for discontinued operations on the accompanying Condensed Consolidated Balance Sheets because it relates to former facilities operated by the Company. The Company has made pretax accruals for certain of these contingencies, including approximately \$0.3 million and \$0.4 million reflected in the first quarter of Fiscal 2013 and 2012, respectively. These charges are included in provision for discontinued operations, net in the Condensed Consolidated Statements of Operations and represent changes in estimates.

California Actions

On March 3, 2011, there was filed in the U.S. District Court for the Eastern District of California a putative class action styled Fraser v. Genesco Inc. On March 4, 2011, there was filed in the Superior Court of California for the County of San Francisco a putative class action styled Pabst v. Genesco Inc. et al. The Pabst action was removed to the U.S. District Court for the Northern District of California on April 1, 2011. Both complaints allege that the Company's retail stores in California violated the California Song-Beverly Credit Card Act of 1971 and other California law through customer information collection practices, and both seek civil penalties, damages, restitution, injunctive and declaratory relief, attorneys' fees, and other relief. The Company and plaintiffs' counsel have reached an agreement in principle to settle both actions, subject to documentation and court approval. The Company expects that the proposed settlement will not have a material effect on its financial condition or results of operations.

On June 22, 2011, the Company removed to the U.S. District Court for the Eastern District of California Overton v. Hat World, Inc., a putative class action against its subsidiary, Hat World, Inc., alleging various violations of the California Labor Code, including failure to comply with certain itemized wage statement requirements, failure to reimburse expenses, forced patronization, and failure to provide adequate seats to employees. The parties have agreed to settle the action and, on April 25, 2012, the court granted preliminary approval of the settlement. The settlement will not have a material adverse effect on the Company's financial condition or results of operations.

Genesco Inc.
and Consolidated Subsidiaries
Notes to Condensed Consolidated Financial Statements

Note 8
Legal Proceedings, Continued

Other Matters

On December 10, 2010, the Company announced that it had suffered a criminal intrusion into the portion of its computer network that processes payments for transactions in certain of its retail stores. Visa, Inc. and MasterCard Worldwide have asserted claims against the Company's acquiring banks totaling approximately \$15.4 million in connection with the intrusion, which amounts may be indemnifiable by the Company. The Company disputes the validity of these claims and intends to contest them vigorously and thus have nothing accrued. There can be no assurance that additional claims related to the intrusion will not be asserted by these or other parties in the future, but the Company does not currently expect the existing claim and any potential additional claims to have a material effect on its financial condition or results of operations.

On January 5, 2012, a patent infringement action against the Company and numerous other defendants was filed in the U.S. District Court for the Eastern District of Texas, GeoTag, Inc. v. Circle K Store, Inc., et al., alleging that features of certain of the Company's e-commerce websites infringe U.S. Patent No. 5,930,474, entitled "Internet Organizer for Accessing Geographically and Topically Based Information." The plaintiff seeks relief including damages for the alleged infringement, costs, expenses and pre- and post-judgment interest and injunctive relief. The Company intends to defend the matter.

On May 14, 2012, a putative class and collective action, Maro v. Hat World, Inc., was filed in the U.S. District Court for the Northern District of Illinois. The action alleges that the Company failed to pay the plaintiff and other, similarly situated retail store employees of Hat World, Inc., for time spent making bank deposits of store collections, and seeks to recover unpaid wages, liquidated damages, statutory penalties, attorneys fees, and costs pursuant to the federal Fair Labor Standards Act, the Illinois Minimum Wage Law and the Illinois Wage Payment and Collection Act. The Company disputes the material allegations in the complaint and intends to defend the matter.

In addition to the matters specifically described in this Note, the Company is a party to other legal and regulatory proceedings and claims arising in the ordinary course of its business. While management does not believe that the Company's liability with respect to any of these other matters is likely to have a material effect on its financial position or results of operations, legal proceedings are subject to inherent uncertainties and unfavorable rulings could have a material adverse impact on the Company's business and results of operations.

Genesco Inc.
and Consolidated Subsidiaries
Notes to Condensed Consolidated Financial Statements

Note 9
Business Segment Information

During the three months ended April 28, 2012, the Company operated five reportable business segments (not including corporate): (i) Journeys Group, comprised of the Journeys, Journeys Kidz, Shi by Journeys and Underground by Journeys retail footwear chains, catalog and e-commerce operations; (ii) Schuh Group, acquired in June 2011, comprised of the Schuh retail footwear chain and e-commerce operations; (iii) Lids Sports Group, comprised primarily of the Lids, Hat World and Hat Shack retail headwear stores, the Lids Locker Room and Lids Clubhouse fan shops (operated under various trade names), the Lids Team Sports business and certain e-commerce operations; (iv) Johnston & Murphy Group, comprised of Johnston & Murphy retail operations, catalog and e-commerce operations and wholesale distribution; and (v) Licensed Brands, comprised of Dockers® Footwear, sourced and marketed under a license from Levi Strauss & Company, SureGrip® Footwear and other brands.

The accounting policies of the segments are the same as those described in the summary of significant accounting policies.

The Company's reportable segments are based on the way management organizes the segments in order to make operating decisions and assess performance along types of products sold. Journeys Group, Schuh Group and Lids Sports Group sell primarily branded products from other companies while Johnston & Murphy Group and Licensed Brands sell primarily the Company's owned and licensed brands. As a result of combining the Underground Station Group with Journeys Group in the first quarter of Fiscal 2013, Journeys Group segment sales, operating income, total assets, depreciation and amortization and capital expenditures have been restated for the three months end April 30, 2011 to conform to the current year presentation.

Corporate assets include cash, prepaid rent expense, prepaid income taxes, deferred income taxes, deferred note expense and corporate fixed assets. The Company charges allocated retail costs of distribution to each segment. The Company does not allocate certain costs to each segment in order to make decisions and assess performance. These costs include corporate overhead, interest expense, interest income, asset impairment charges and other, including major litigation.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Forward Looking Statements

This discussion and the notes to the Condensed Consolidated Financial Statements include certain forward-looking statements, including those regarding the performance outlook for the Company and its individual businesses and all other statements not addressing solely historical facts or present conditions. Actual results could differ materially from those reflected by the forward-looking statements in this discussion, in the notes to the Condensed Consolidated Financial Statements, and in other disclosures, including those regarding the Company's performance outlook for Fiscal 2013 and beyond.

A number of factors may adversely affect the outlook reflected in forward looking statements and the Company's future results, liquidity, capital resources or prospects. These factors (some of which are beyond the Company's control) include:

Adjustments to estimates reflected in forward-looking statements, including the amount of required accruals related to the contingent bonus potentially payable to Schuh management in four years based on the achievement of certain performance objectives.

The costs of responding to and liability in connection with the network intrusion described under "Significant Developments-Network Intrusion" including any claims or litigation resulting therefrom.

The timing and amount of non-cash asset impairments.

Weakness in the consumer economy.

Competition in the Company's markets.

Inability of customers to obtain credit.

Fashion trends that affect the sales or product margins of the Company's retail product offerings.

Changes in buying patterns by significant wholesale customers.

- Bankruptcies or deterioration in the financial condition of significant wholesale customers, limiting their ability to buy or pay for merchandise offered by the Company.

Disruptions in product supply or distribution.

Unfavorable trends in fuel costs, foreign exchange rates, foreign labor and material costs and other factors affecting the cost of products and operating results.

The Company's ability to continue to complete and integrate acquisitions, expand its business and diversify its product base.

Changes in the timing of holidays or in the onset of seasonal weather affecting period-to-period sales comparisons.

The Company's ability to build, open, staff and support additional retail stores and to renew leases in existing stores and maintain reductions in occupancy costs achieved in recent lease negotiations, and to conduct required remodeling or refurbishment on schedule and at expected expense levels.

Deterioration in the performance of individual businesses or of the Company's market value relative to its book value, resulting in impairments of fixed assets or intangible assets or other adverse financial consequences.

Unexpected changes to the market for the Company's shares.

Variations from expected pension-related charges caused by conditions in the financial markets.

The outcome of litigation, investigations and environmental matters involving the Company, including but not limited to the matters discussed in Note 8 to the Condensed Consolidated Financial Statements.

Table of Contents

Overview

Description of Business

The Company's business includes the design and sourcing, marketing and distribution of footwear and accessories through retail stores, including Journeys®, Journeys Kidz®, Shi by Journeys®, Underground by Journeys® and Johnston & Murphy® in the U.S., Puerto Rico and Canada and through the newly acquired Schuh® stores in the United Kingdom and the Republic of Ireland, and through e-commerce websites, and at wholesale, primarily under the Company's Johnston & Murphy® brand, Dockers® brand, SureGrip® brand and other brands that the Company licenses for men's footwear. The Company's wholesale footwear brands are distributed to more than 1,075 retail accounts in the United States, including a number of leading department, discount, and specialty stores. The Company's business also includes Lids Sports, which operates (i) headwear and accessory stores under the Lids® name and other names in the U.S., Puerto Rico and Canada, (ii) the Lids Locker Room business, consisting of sports-oriented fan shops featuring a broad array of licensed merchandise such as apparel, hats and accessories, sports decor and novelty products, (iii) the Lids Clubhouse business, consisting of single team fan shops, (iv) e-commerce business and (v) an athletic team dealer business operating as Lids Team Sports. Including both the footwear businesses and the Lids Sports business, at April 28, 2012, the Company operated 2,386 retail stores in the U.S., Puerto Rico, Canada, the United Kingdom and the Republic of Ireland.

During the three months ended April 28, 2012, the Company operated five reportable business segments (not including corporate): (i) Journeys Group, comprised of the Journeys, Journeys Kidz, Shi by Journeys and Underground by Journeys retail footwear chains, catalog and e-commerce operations; (ii) Schuh Group, acquired in June 2011, comprised of the Schuh retail footwear chain and e-commerce operations; (iii) Lids Sports Group, comprised as described in the preceding paragraph; (iv) Johnston & Murphy Group, comprised of Johnston & Murphy retail operations, catalog and e-commerce operations and wholesale distribution; and (v) Licensed Brands, comprised of Dockers® Footwear, sourced and marketed under a license from Levi Strauss & Company, SureGrip® Footwear and other brands.

The Journeys retail footwear stores sell footwear and accessories primarily for 13 to 22 year old men and women. The stores average approximately 1,950 square feet. The Journeys Kidz retail footwear stores sell footwear primarily for younger children, ages five to 12. These stores average approximately 1,425 square feet. Shi by Journeys retail footwear stores sell footwear and accessories to fashion-conscious women in their early 20's to mid 30's. These stores average approximately 2,150 square feet. The Underground by Journeys retail footwear stores sell footwear and accessories primarily for men and women in the 20 to 35 age group. These stores average approximately 1,825 square feet. The Journeys Group stores are primarily in malls and factory outlet centers throughout the United States, Puerto Rico and Canada. Journeys also sells footwear and accessories through direct-to-consumer catalog and e-commerce operations.

The Schuh retail footwear stores sell a broad range of branded casual and athletic footwear along with a meaningful private label offering primarily for 15 to 30 year old men and women. The stores, which average approximately 4,575 square feet, include both street-level and mall locations in the United Kingdom and the Republic of Ireland. The Schuh Group also operates 14 footwear concessions in Republic apparel stores in the United Kingdom averaging approximately 1,200 square feet, and sells footwear through e-commerce operations.

The Lids Sports Group includes stores and kiosks, primarily under the Lids banner, that sell licensed and branded headwear to men and women primarily in the early-teens to mid-20's age group. The Lids store locations average approximately 850 square feet and are primarily in malls, airports, street-level stores and

Table of Contents

factory outlet centers throughout the United States, Puerto Rico and Canada. The Group also operates Lids Locker Room and Lids Clubhouse stores under a number of trade names, selling licensed sports headwear, apparel and accessories to sports fans of all ages in locations averaging approximately 2,975 square feet in malls and other locations primarily in the United States. The Lids Sports Group also sells headwear and accessories through e-commerce operations. In addition, the Lids Sports Group operates Lids Team Sports, an athletic team dealer business.

Johnston & Murphy retail shops sell a broad range of men's footwear, luggage and accessories. Women's footwear and accessories are sold in select Johnston & Murphy retail locations. Johnston & Murphy shops average approximately 1,500 square feet and are located primarily in better malls and in airports throughout the United States. Johnston & Murphy opened its first store in Canada during the fourth quarter of Fiscal 2012. The Company also sells Johnston & Murphy footwear and accessories in factory stores, averaging approximately 2,350 square feet, located in factory outlet malls, and through a direct-to-consumer catalog and e-commerce operation. In addition, Johnston & Murphy shoes are also distributed through the Company's wholesale operations to better department and independent specialty stores.

The Licensed Brands segment markets casual and dress casual footwear under the licensed Dockers® brand to men aged 30 to 55 through many of the same national retail chains that carry Dockers slacks and sportswear and in department and specialty stores across the country. The Company entered into an exclusive license with Levi Strauss & Co. to market men's footwear in the United States under the Dockers brand name in 1991. Levi Strauss & Co. and the Company have subsequently added additional territories, including Canada and Mexico and in certain other Latin American countries. The Dockers license agreement was renewed May 15, 2009. The Dockers license agreement, as amended, expires on December 31, 2012. The Company acquired SureGrip® Footwear with its Keuka Footwear acquisition in the third quarter of Fiscal 2011. The Company sources and distributes this slip-resistant, occupational footwear to employees in the hospitality, healthcare, and other industries.

Strategy

The Company's long-term strategy has been to seek organic growth by: 1) increasing the Company's store base, 2) increasing retail square footage, 3) improving comparable store sales, 4) increasing operating margin and 5) enhancing the value of its brands. In Fiscal 2010, the Company slowed the pace of new store openings and focused on inventory management and cash flow in response to economic conditions. The Company also focused on opportunities provided by the economic climate to negotiate occupancy cost reductions, especially where lease provisions triggered by sales shortfalls or declining occupancy of malls would permit the Company to terminate leases. The pace of the Company's organic growth may be limited by saturation of its markets and by economic conditions. To address potential saturation of the U.S. market, certain of the Company's retail businesses, other than the Lids Sports Group, have opened retail stores in Canada, beginning in Fiscal 2011.

To further supplement its organic growth potential, the Company has made acquisitions and expects to consider acquisition opportunities, either to augment its existing businesses or to enter new businesses that it considers compatible with its existing businesses, core expertise and strategic profile. Acquisitions involve a number of risks, including, among others, inaccurate valuation of the acquired business, the assumption of undisclosed liabilities, the failure to integrate the acquired business appropriately, and distraction of management from existing businesses. The Company seeks to mitigate these risks by applying appropriate financial metrics in its valuation analysis and developing and executing plans for due diligence and integration that are appropriate to each acquisition.

More generally, the Company attempts to develop strategies to mitigate the risks it views as material,

Table of Contents

including those discussed under the caption “Forward Looking Statements,” above, and those discussed in Item 1A, Risk Factors. Among the most important of these factors are those related to consumer demand. Conditions in the external economy can affect demand, resulting in changes in sales and, as prices are adjusted to drive sales and manage inventories, in gross margins. Because fashion trends influencing many of the Company's target customers can change rapidly, the Company believes that its ability to react quickly to those changes has been important to its success. Even when the Company succeeds in aligning its merchandise offerings with consumer preferences, those preferences may affect results by, for example, driving sales of products with lower average selling prices. Moreover, economic factors, such as the relatively high level of current unemployment and any future economic contraction, may reduce the consumer's disposable income or his or her willingness to purchase discretionary items, and thus may reduce demand for the Company's merchandise, regardless of the Company's skill in detecting and responding to fashion trends. The Company believes its experience and discipline in merchandising and the buying power associated with its relative size and importance in the industry segments in which it competes are important to its ability to mitigate risks associated with changing customer preferences and other changes in consumer demand.

Summary of Results of Operations

The Company's net sales increased 24.6% during the first quarter of Fiscal 2013 compared to same quarter of Fiscal 2012. The increase reflected (i) the acquisition of the Schuh Group in the second quarter last year, which contributed \$70.3 million in sales during the three months ended April 28, 2012, (ii) a 13% increase in Journeys Group sales, (iii) an 8% increase in Lids Sports Group sales, (iv) a 7% increase in Johnston & Murphy Group sales, and (v) an 8% increase in Licensed Brands sales. Gross margin as a percentage of sales was up slightly at 51.5% during the first quarter of Fiscal 2013, compared to 51.4% for the same period last year. Selling and administrative expenses decreased as a percentage of net sales during the first quarter of Fiscal 2013, reflecting expense decreases as a percentage of net sales in all of the Company's business segments. Earnings from operations increased as a percentage of net sales during the first quarter of Fiscal 2013, reflecting improved earnings from operations as a percentage of net sales in all the Company's business segments operated, except Licensed Brands.

Significant Developments

Schuh Acquisition

On June 23, 2011, the Company, through its newly-formed, wholly-owned subsidiary Genesco (UK) Limited (“Genesco UK”), completed the acquisition of all the outstanding shares of Schuh Group Ltd. (“Schuh”) for a total purchase price of approximately £100 million, less £29.5 million outstanding under existing Schuh credit facilities, which remain in place, less a £1.9 million working capital adjustment and plus £6.2 million net cash acquired, with £5.0 million withheld until satisfaction of certain closing conditions. The Company financed the acquisition with borrowings under its existing credit facility and the balance from cash on hand. The purchase agreement also provides for deferred purchase price payments totaling £25 million, payable £15 million and £10 million on the third and fourth anniversaries of the closing, respectively, subject to the payees’ not having terminated their employment with Schuh under certain specified circumstances. This amount will be recorded as compensation expense and not reported as a component of the cost of the acquisition.

Headquartered in Scotland, Schuh is a specialty retailer of casual and athletic footwear sold through 65 retail stores in the United Kingdom and the Republic of Ireland and 14 concessions in Republic apparel stores as of April 28, 2012. The Company believes the acquisition will enhance its strategic development and prospects for growth and provide the Company with an established retail presence in the United Kingdom and improved insight into global fashion trends. The results of Schuh’s operations for the three months ended April 28, 2012, including net sales of \$70.3 million and an

Table of Contents

operating loss of \$(3.0) million, have been included in the Company's Condensed Consolidated Financial Statements for the three months ended April 28, 2012. During the three months ended April 28, 2012, compensation expense related to the Schuh acquisition deferred purchase price obligation was \$3.0 million. This expense is included in the operating loss for the Schuh Group segment.

Network Intrusion

On December 10, 2010, the Company announced that it had suffered a criminal intrusion into the portion of its computer network that processes payments for transactions in certain of its retail stores. Visa, Inc. and MasterCard Worldwide have asserted claims against the Company's acquiring banks totaling approximately \$15.4 million in connection with the intrusion, which amounts may be indemnifiable by the Company. The Company disputes the validity of these claims and intends to contest them vigorously and thus have nothing accrued. There can be no assurance that additional claims related to the intrusion will not be asserted by these or other parties in the future, but the Company does not currently expect the existing claim and any potential additional claims to have a material effect on its financial condition or results of operations.

Asset Impairment and Other Charges

The Company recorded a pretax charge to earnings of \$0.1 million in the first quarter of Fiscal 2013, primarily associated with the network intrusion. The Company recorded a pretax charge to earnings of \$1.2 million in the first quarter of Fiscal 2012, including \$0.7 million for retail store asset impairments, \$0.4 million associated with the network intrusion and \$0.1 million for other legal matters.

Comparable Store Sales

Comparable store sales begin in the fifty-third week of a store's operation. Temporarily closed stores are excluded from the comparable store sales calculation for every full week of the store closing. Expanded stores are excluded from the comparable store sales calculation until the fifty-third week of operation in the expanded format. Unless otherwise specified, e-commerce and catalog sales are excluded from comparable store sales calculations.

Results of Operations - First Quarter Fiscal 2013 Compared to Fiscal 2012

The Company's net sales in the first quarter ended April 28, 2012 increased 24.6% to \$600.1 million from \$481.5 million in the first quarter ended April 30, 2011. Gross margin increased 24.9% to \$309.3 million in the first quarter this year from \$247.5 million in the same period last year and increased as a percentage of net sales from 51.4% to 51.5%. Selling and administrative expenses in the first quarter this year increased 23.7% from the first quarter last year but decreased as a percentage of net sales from 45.9% to 45.5%. The Company records buying and merchandising and occupancy costs in selling and administrative expense. Because the Company does not include these costs in cost of sales, the Company's gross margin may not be comparable to other retailers that include these costs in the calculation of gross margin. Explanations of the changes in results of operations are provided by business segment in discussions following these introductory paragraphs.

Earnings from continuing operations before income taxes ("pretax earnings") for the first quarter ended April 28, 2012 were \$34.9 million compared to \$25.0 million for the first quarter ended April 30, 2011. Pretax earnings for the first quarter ended April 28, 2012 included asset impairment and other charges of \$0.1 million primarily associated with the network intrusion. Pretax earnings for the first quarter ended April 30, 2011 included asset impairment and other charges of \$1.2 million, primarily for retail store asset impairments, network intrusion costs and other legal matters.

Table of Contents

Net earnings for the first quarter ended April 28, 2012 were \$20.6 million (\$0.85 diluted earnings per share) compared to \$14.8 million (\$0.63 diluted earnings per share) for the first quarter ended April 30, 2011. The Company recorded an effective income tax rate of 40.4% in the first quarter this year compared to 40.1% in the same period last year.

Journeys Group

	Three Months Ended			
	April 28, 2012	April 30, 2011	% Change	
	(dollars in thousands)			
Net sales	\$ 263,840	\$ 234,517	12.5	%
Earnings from operations	\$ 25,282	\$ 17,458	44.8	%
Operating margin	9.6	% 7.4	%	

Net sales from Journeys Group increased 12.5% to \$263.8 million for the first quarter ended April 28, 2012 compared to \$234.5 million for the same period last year. The increase reflects primarily a 12% increase in comparable store sales. The comparable store sales increase reflected a 3% increase in footwear unit comparable sales and an 8% increase in average price per pair of shoes, reflecting changes in pricing, product mix and lower markdowns. Unit sales increased 3% during the same period. Journeys Group operated 1,154 stores at the end of the first quarter of Fiscal 2013, including 152 Journeys Kidz stores, 53 Shi by Journeys stores, 135 Underground by Journeys stores and 18 Journeys stores in Canada, compared to 1,156 stores at the end of the first quarter last year, including 149 Journeys Kidz stores, 54 Shi by Journeys stores, 145 Underground by Journeys stores and three Journeys stores in Canada.

Journeys Group earnings from operations for the first quarter ended April 28, 2012 increased 44.8% to \$25.3 million compared to \$17.5 million for the first quarter ended April 30, 2011. The increase was due to increased net sales, increased gross margin as a percentage of sales, reflecting lower markdowns, and to decreased expenses as a percentage of net sales, reflecting leveraging of occupancy costs and depreciation.

Schuh Group

	Three Months Ended			
	April 28, 2012	April 30, 2011	% Change	
	(dollars in thousands)			
Net sales	\$ 70,312	\$ —	NM	
Loss from operations	\$ (2,951)	\$ —	NM	
Operating margin	(4.2)	% —	%	

Net sales from the Schuh Group were \$70.3 million for the first quarter ended April 28, 2012. Schuh Group operated 65 stores and 14 concessions at the end of the first quarter of Fiscal 2013.

Schuh Group loss from operations was \$(3.0) million for the first quarter ended April 28, 2012. The loss included \$3.0 million in compensation expense related to a deferred purchase price obligation in connection with the acquisition. The loss also includes \$2.5 million related to accruals for a contingent bonus payment for Schuh employees provided for in the Schuh acquisition. See Note 2 to the Condensed Consolidated Financial Statements for additional information related to the Schuh acquisition.

Table of Contents

Lids Sports Group

	Three Months Ended			
	April 28, 2012	April 30, 2011	% Change	
	(dollars in thousands)			
Net sales	\$ 183,136	\$ 169,676	7.9	%
Earnings from operations	\$ 19,168	\$ 14,004	36.9	%
Operating margin	10.5	% 8.3	%	

Net sales from Lids Sports Group increased 7.9% to \$183.1 million for the first quarter ended April 28, 2012 compared to \$169.7 million for the same period last year, reflecting primarily a 4% increase in comparable store sales and a 2% increase in average Lids stores operated (i.e., the sum of the number of stores open on the first day of the fiscal quarter and the last day of each fiscal month during the quarter divided by four). The comparable store sales increase reflected a 3% increase in comparable store units sold, primarily reflecting demand which management believes is driven by style trends. The average price per hat was flat for the first quarter this year. Lids Sports Group operated 1,001 stores at the end of the first quarter of Fiscal 2013, including 84 Lids stores in Canada and 110 Lids Locker Room and Clubhouse stores, compared to 980 stores at the end of the first quarter last year, including 74 Lids stores in Canada and 102 Lids Locker Room and Clubhouse stores.

Lids Sports Group earnings from operations for the first quarter ended April 28, 2012 increased 36.9% to \$19.2 million compared to \$14.0 million for the first quarter ended April 30, 2011. The increase was due to increased headwear sales, increased gross margin as a percentage of sales and to decreased expenses as a percentage of net sales, primarily reflecting leverage from positive comparable store sales in rent and selling salaries.

Johnston & Murphy Group

	Three Months Ended			
	April 28, 2012	April 30, 2011	% Change	
	(dollars in thousands)			
Net sales	\$ 51,413	\$ 48,051	7.0	%
Earnings from operations	\$ 4,009	\$ 2,895	38.5	%
Operating margin	7.8	% 6.0	%	

Johnston & Murphy Group net sales increased 7.0% to \$51.4 million for the first quarter ended April 28, 2012 from \$48.1 million for the first quarter ended April 30, 2011, reflecting primarily a 4% increase in comparable store sales and a 14% increase in Johnston & Murphy wholesale sales offset by a 2% decrease in average stores operated for Johnston & Murphy retail operations. Unit sales for the Johnston & Murphy wholesale business increased 18% in the first quarter of Fiscal 2013 while the average price per pair of shoes decreased 3% for the same period. Retail operations accounted for 70.3% of Johnston & Murphy Group segment sales in the first quarter this year, down from 72.1% in the first quarter last year. The comparable store sales increase in the first quarter ended April 28, 2012 reflects a 6% increase in average price per pair of shoes for Johnston & Murphy retail operations offset by a 1% decrease in footwear unit

Table of Contents

comparable sales. The store count for Johnston & Murphy retail operations at the end of the first quarter of Fiscal 2013 included 152 Johnston & Murphy shops and factory stores compared to 155 Johnston & Murphy shops and factory stores at the end of the first quarter of Fiscal 2012.

Johnston & Murphy Group earnings from operations for the first quarter ended April 28, 2012 increased 38.5% to \$4.0 million compared to \$2.9 million for the same period last year, primarily due to increased net sales and decreased expenses as a percentage of net sales. Expenses reflected positive leverage from the increase in comparable store sales and increased wholesale sales.

Licensed Brands

	Three Months Ended			
	April 28, 2012	April 30, 2011	% Change	
	(dollars in thousands)			
Net sales	\$ 31,266	\$ 28,950	8.0	%
Earnings from operations	\$ 3,365	\$ 3,304	1.8	%
Operating margin	10.8	% 11.4	%	

Licensed Brands' net sales increased 8.0% to \$31.3 million for the first quarter ended April 28, 2012, from \$29.0 million for the first quarter ended April 30, 2011. The sales increase reflects primarily \$2.2 million of increased sales from Dockers Footwear. Unit sales for Dockers Footwear increased 5% for the first quarter this year and the average price per pair of Dockers shoes increased 4% compared to the same period last year.

Licensed Brands' earnings from operations for the first quarter ended April 28, 2011 increased 1.8% to \$3.4 million compared to \$3.3 million for the same period last year. The increase in earnings from operations was due to increased net sales and decreased expenses as a percentage of net sales.

Corporate, Interest Expenses and Other Charges

Corporate and other expense for the first quarter ended April 28, 2012 was \$12.9 million compared to \$12.1 million for the first quarter ended April 30, 2011. Corporate expense in the first quarter this year included \$0.1 million in asset impairment and other charges, primarily associated with the network intrusion. Last year's expense in the first quarter included \$1.2 million in asset impairment and other charges, primarily for retail store asset impairments, network intrusion costs and other legal matters. Excluding the charges listed above, corporate and other expense increased primarily due to increased bonus accruals as a result of increased earnings in the first quarter this year compared to the first quarter last year.

Interest expense increased from \$0.5 million in the first quarter ended April 30, 2011 to \$1.1 million for the first quarter ended April 28, 2012, reflecting primarily interest on the additional debt assumed in connection with the Schuh acquisition.

Table of Contents

Liquidity and Capital Resources

The following table sets forth certain financial data at the dates indicated.

	April 28, 2012	January 28, 2012	April 30, 2011
	(dollars in millions)		
Cash and cash equivalents	\$54.8	\$53.8	\$56.8
Working capital	\$314.3	\$290.9	\$299.5
Long-term debt	\$35.7	\$40.7	\$—

Working Capital

The Company's business is somewhat seasonal, with the Company's investment in inventory and accounts receivable normally reaching peaks in the spring and fall of each year. Historically, cash flows from operations have been generated principally in the fourth quarter of each fiscal year.

Cash provided by operating activities was \$7.6 million in the first three months of Fiscal 2013 compared to \$12.0 million in the first three months of Fiscal 2012. The \$4.4 million decrease in cash flow from operating activities from last year reflects decreases in cash flow from changes in accounts receivable payable and accounts payable of \$5.8 million and \$5.3 million, respectively, offset by increased earnings. The \$5.8 million decrease in cash flow from accounts receivable reflects increased sales in the footwear wholesale businesses. The \$5.3 million decrease in cash flow from accounts payable reflected changes in buying patterns and payment terms negotiated with individual vendors.

The \$8.9 million increase in inventories at April 28, 2012 from January 28, 2012 levels reflected increased purchases in the Journeys Group, Lids Sports Group and Johnston & Murphy retail, offset by decreased inventory in the footwear wholesale businesses.

Accounts receivable at April 28, 2012 increased \$5.3 million compared to January 28, 2012 reflecting increased sales in the footwear wholesale businesses.

Sources of Liquidity

The Company has three principal sources of liquidity: cash from operations, cash and cash equivalents on hand and the Credit Facility and UK Credit Facility discussed below. The Company believes that cash and cash equivalents on hand, cash from operations and availability under its Credit Facility and UK Credit Facility will be sufficient to cover its working capital and capital expenditures for the foreseeable future.

On June 23, 2011, the Company entered into a First Amendment (the "Amendment") to the Second Amended and Restated Credit Agreement (the "Credit Facility") dated January 21, 2011, in the aggregate principal amount of \$375.0 million, with a \$40.0 million swingline loan sublimit, a \$70.0 million sublimit for the issuance of standby letters of credit and a Canadian sub-facility of up to \$8.0 million, and had a five-year term, expiring in January 2016. The Amendment raised the aggregate principal amount on the Credit Facility to \$375.0 million from \$300.0 million. Any swingline loans and any letters of credit and borrowings under the Canadian facility will reduce the availability under the Credit Facility on a dollar-for-dollar basis. In addition, the Company has an option to increase the availability under the Credit Facility by up to \$75.0 million subject to, among other things, the receipt of commitments for the increased amount. The aggregate amount of the loans made and letters of credit issued under the Credit Facility shall at no time exceed the lesser of the facility amount (\$375.0 million or, if increased at the Company's option, subject to the receipt of commitments for the increased amount, up to \$450.0 million) or the "Borrowing Base", which generally is based on 90% of eligible inventory plus 85% of eligible wholesale receivables (50% of eligible wholesale

Table of Contents

receivables of the Lids Team Sports business) plus 90% of eligible credit card and debit card receivables less applicable reserves.

In connection with the Schuh acquisition, Schuh entered into an amended and restated Senior Term Facilities Agreement and Working Capital Facility Letter (collectively, the "UK Credit Facility") which provides for term loans of up to £29.5 million (a £15.5 million A term loan and £14.0 million B term loan) and a working capital facility of £5.0 million. The A term loan bears interest at LIBOR plus 2.50% per annum. The B term loan bears interest at LIBOR plus 3.75% per annum. The Company is not required to make any payments on the B term loan until it expires October 31, 2015, unless the Company's Schuh Group segment has excess cash flow. The Company paid £4.5 million on the B term loan in the fourth quarter of Fiscal 2012. The working capital facility bears interest at the Base Rate (as defined) plus 2.25% per annum.

The UK Credit Facility contains certain covenants at the Schuh level including a minimum interest coverage covenant initially set at 4.25x and increasing to 4.50x in January 2012 and thereafter, a maximum leverage covenant initially set at 2.75x declining over time at various rates to 2.25x beginning in July 2012 and a minimum cash flow coverage of 1.10x. The Company was in compliance with all the covenants at April 28, 2012.

The UK Credit Facility is secured by a pledge of all the assets of Schuh and its subsidiaries.

Revolving credit borrowings averaged \$2.3 million during the three months ended April 28, 2012 and there were no revolver borrowings during the three months ended April 30, 2011, as cash on hand and cash generated from operations primarily funded seasonal working capital requirements and capital expenditures for the first quarter of each year.

There were \$11.3 million of letters of credit outstanding, \$35.7 million in U.K. term loans outstanding and no revolver borrowings outstanding under the Credit Facility at April 28, 2012. The Company is not required to comply with any financial covenants under the Credit Facility unless Excess Availability (as defined in the First Amendment to the Second Amended and Restated Credit Agreement) is less than the greater of \$27.5 million or 12.5% of the Loan Cap. If and during such time as Excess Availability is less than the greater of \$27.5 million or 12.5% of the Loan Cap, the Credit Facility requires the Company to meet a minimum fixed charge coverage ratio of (a) an amount equal to consolidated EBITDA less capital expenditures and taxes paid in cash, in each case for such period, to (b) fixed charges for such period, of not less than 1.0:1.0. Excess Availability was \$291.5 million at April 28, 2012. Because Excess Availability exceeded \$27.5 million or 12.5% of the Loan Cap, the Company was not required to comply with this financial covenant at April 28, 2012.

The Company's Credit Facility prohibits the payment of dividends and other restricted payments unless as of the date of the making of any Restricted Payment or consummation of any Acquisition, (a) no Default or Event of Default exists or would arise after giving effect to such Restricted Payment or Acquisition, and (b) either (i) the Borrowers have pro forma projected Excess Availability for the following six month period equal to or greater than 50% of the Loan Cap, after giving pro forma effect to such Restricted Payment or Acquisition, or (ii) (A) the Borrowers have pro forma projected Excess Availability for the following six month period of less than 50% of the Loan Cap but equal to or greater than 20% of the Loan Cap, after giving pro forma effect to the Restricted Payment or Acquisition, and (B) the Fixed Charge Coverage Ratio, on a pro-forma basis for the twelve months preceding such Restricted Payment or Acquisition, will be equal to or greater than 1.0:1.0 and (c) after giving effect to such Restricted Payment or Acquisition, the Borrowers are Solvent. The Company's management does not expect availability under the Credit Facility to fall below the requirements listed above during Fiscal 2013. The Company's UK Credit Facility prohibits the payment of any dividends by Schuh or its subsidiaries to the Company.

Table of Contents

The aggregate of annual dividend requirements on the Company's Subordinated Serial Preferred Stock, \$2.30 Series 1, \$4.75 Series 3 and \$4.75 Series 4, and on its \$1.50 Subordinated Cumulative Preferred Stock is \$0.2 million.

The Company's contractual obligations at April 28, 2012 increased from January 28, 2012. Purchase obligations increased \$166 million due to seasonal increases in purchases of retail inventory.

Capital Expenditures

Total capital expenditures in Fiscal 2013 are expected to be approximately \$92.5 million. These include retail capital expenditures of approximately \$83.2 million to open approximately 27 Journeys stores, including 12 in Canada, nine Journeys Kidz stores, three Shi by Journeys stores, 16 Schuh stores, 13 Johnston & Murphy shops and factory stores, including three in Canada, and 48 Lids Sports Group stores including 30 Lids stores, with 14 stores in Canada, and 18 Lids Locker Room and Clubhouse stores, with one Lids Locker Room store in Canada, and to complete approximately 148 major store renovations. The planned amount of capital expenditures in Fiscal 2013 for wholesale operations and other purposes is approximately \$9.3 million, including approximately \$4.5 million for new systems to improve customer service and support the Company's growth.

Common Stock Repurchases

The Company did not repurchase any shares during the three months ended April 28, 2012 or April 30, 2011.

Environmental and Other Contingencies

The Company is subject to certain loss contingencies related to environmental proceedings and other legal matters, including those disclosed in Note 8 to the Company's Condensed Consolidated Financial Statements. The Company has made pretax accruals for certain of these contingencies, including approximately \$0.3 million and \$0.4 million in the first quarter of Fiscal 2013 and Fiscal 2012, respectively. These charges are included in provision for discontinued operations, net in the Condensed Consolidated Statements of Operations because they relate to former facilities operated by the Company. The Company monitors these matters on an ongoing basis and, on a quarterly basis, management reviews the Company's reserves and accruals in relation to each of them, adjusting provisions as management deems necessary in view of changes in available information. Changes in estimates of liability are reported in the periods when they occur. Consequently, management believes that its reserve in relation to each proceeding is a reasonable estimate of the probable loss connected to the proceeding, or in cases in which no reasonable estimate is possible, the minimum amount in the range of estimated losses, based upon its analysis of the facts and circumstances as of the close of the most recent fiscal quarter. However, because of uncertainties and risks inherent in litigation generally and in environmental proceedings in particular, there can be no assurance that future developments will not require additional reserves to be set aside, that some or all reserves may not be adequate or that the amounts of any such additional reserves or any such inadequacy will not have a material adverse effect upon the Company's financial condition or results of operations.

Financial Market Risk

The following discusses the Company's exposure to financial market risk related to changes in interest rates and foreign currency exchange rates.

Outstanding Debt of the Company - The Company has \$35.7 million of outstanding U.K. term loans at a weighted average interest rate of 4.07% as of April 28, 2012. A 100 basis point adverse change in interest rates would increase annual interest expense by \$0.4 million on the \$35.7 million term loans.

Table of Contents

Cash and Cash Equivalents - The Company's cash and cash equivalent balances are invested in financial instruments with original maturities of three months or less. The Company did not have significant exposure to changing interest rates on invested cash at April 28, 2012. As a result, the Company considers the interest rate market risk implicit in these investments at April 28, 2012 to be low.

Foreign Currency Exchange Rate Risk - Most purchases by the Company from foreign sources are denominated in U.S. dollars. To the extent that import transactions are denominated in other currencies, it was the Company's practice to hedge its risks through the purchase of forward foreign exchange contracts when the purchases were material. At April 28, 2012, the Company did not have any forward foreign exchange contracts for Euro outstanding.

Accounts Receivable - The Company's accounts receivable balance at April 28, 2012 is concentrated in two of its footwear wholesale businesses, which sell primarily to department stores and independent retailers across the United States and its Lids Team Sports wholesale business, which sells primarily to colleges and high school athletic teams and their fan bases. Including both footwear wholesale and Lids Team Sports wholesale business receivables, one customer accounted for 7% and no other customer accounted for more than 6% of the Company's total trade receivables balance as of April 28, 2012. The Company monitors the credit quality of its customers and establishes an allowance for doubtful accounts based upon factors surrounding credit risk of specific customers, historical trends and other information, as well as customer specific factors; however, credit risk is affected by conditions or occurrences within the economy and the retail industry, as well as company-specific information.

Summary - Based on the Company's overall market interest rate and foreign currency rate exposure at April 28, 2012, the Company believes that the effect, if any, of reasonably possible near-term changes in interest rates or foreign currency exchange rates on the Company's consolidated financial position, results of operations or cash flows for Fiscal 2013 would not be material.

New Accounting Principles

Descriptions of the recently issued accounting principles, if any, and the accounting principles adopted by the Company during the three months ended April 28, 2012 are included in Note 1 to the Condensed Consolidated Financial statements.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

The Company incorporates by reference the information regarding market risk appearing under the heading "Financial Market Risk" in Item 2, Management's Discussion and Analysis of Financial Condition and Results of Operations.

Item 4. Controls and Procedures

Evaluation of disclosure controls and procedures.

We have established disclosure controls and procedures to ensure that material information relating to the Company, including its consolidated subsidiaries, is made known to the officers who certify the Company's financial reports and to other members of senior management and the Board of Directors.

Based on their evaluation as of April 28, 2012, the principal executive officer and principal financial officer of the Company have concluded that the Company's disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934) were effective to ensure that the information required to be disclosed by the Company in the reports that it files or submits under the Securities Exchange Act of 1934 is (i) recorded, processed, summarized and reported within time periods specified in

Table of Contents

SEC rules and forms and (ii) accumulated and communicated to the Company's management, including the Company's principal executive officer and principal financial officer, to allow timely decisions regarding required disclosure.

Changes in internal control over financial reporting.

There were no changes in the Company's internal control over financial reporting that occurred during the Company's first fiscal quarter that have materially affected or are reasonably likely to materially affect the Company's internal control over financial reporting.
