

Fresh Market, Inc.  
Form 10-Q  
September 06, 2012

UNITED STATES  
SECURITIES AND EXCHANGE COMMISSION  
Washington, D.C. 20549

FORM 10-Q

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT  
OF 1934

For the quarterly period ended July 29, 2012

OR  
 TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT  
OF 1934

For the transition period from \_\_\_\_\_ to \_\_\_\_\_  
Commission File Number: 1-34940

THE FRESH MARKET, INC.  
(Exact name of registrant as specified in its charter)

Delaware  
(State or other jurisdiction  
of incorporation or organization)

56-1311233  
(I.R.S. Employer  
identification number)

628 Green Valley Road, Suite 500  
Greensboro, North Carolina 27408  
(Address of principal executive offices)

(336) 272-1338  
(Registrant's telephone number, including area code)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes  No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes  No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of "large accelerated filer," "accelerated filer" and "smaller reporting company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer  Accelerated filer  Non-accelerated filer  Smaller reporting company

Edgar Filing: Fresh Market, Inc. - Form 10-Q

Non-accelerated filer  (Do not check if a smaller reporting company)  Smaller reporting company

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act.) Yes  No

The number of shares of the registrant's common stock, \$0.01 par value, outstanding as of August 31, 2012 was 48,107,015 shares.

## Forward Looking Statements

This Quarterly Report on Form 10-Q includes forward-looking statements in addition to historical information. The forward-looking statements relate to matters such as our industry, business strategy, goals and expectations concerning our market position, future operations, future performance or results, margins, profitability, capital expenditures, liquidity and capital resources and other financial and operating information. We use words such as “anticipate,” “believe,” “could,” “estimate,” “expect,” “forecast,” “intend,” “looking forward,” “may,” “plan,” “potential,” “project,” “target,” “will” and “would” or any variations of these words or other words with similar meanings. All statements that address activities, events or developments that we intend, expect or believe may occur in the future are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. These “forward looking statements” may relate to such matters as our industry, business strategy, goals and expectations concerning our market position, future operations, future performance or results, margins, profitability, capital expenditures, liquidity and capital resources, interest rates and other financial and operating information and the outcome of contingencies such as legal and administrative proceedings.

Our forward-looking statements contained in this Form 10-Q are based on management’s current expectations and are subject to uncertainty and changes in circumstances. We cannot guarantee that the results and other expectations expressed, anticipated or implied in any forward-looking statement will be realized. Actual results may differ materially from these expectations due to unexpected expenses and risks associated with our business; our ability to remain competitive in the areas of merchandise quality, price, breadth of selection, customer service and convenience; the effective management of our merchandise buying and inventory levels; the quality and safety of food products and other items that we may sell; our ability to anticipate and/or react to changes in customer demand; changes in consumer confidence and spending; unexpected consumer responses to promotional programs; unusual, unpredictable and/or severe weather conditions; the effectiveness of our logistics and supply chain model, including the ability of our third-party logistics providers to meet our product demands and restocking needs on a cost competitive basis; the execution and management of our store growth including the availability and cost of acceptable real estate locations for new store openings, the capital that we utilize in connection with new store development and the time between lease execution and store opening; the mix of our new store openings as between build to suit sites and second-generation, as-is sites; the actions of third parties involved in our store growth activities, including property owners, landlords, property managers, contractors, subcontractors, government agencies, and current tenants who occupy one or more of our proposed new store locations, all of whom may be impacted by their financial condition, their lenders, their activities outside of those focused on our new store growth and other tenants, customers and business partners of theirs; global economies and credit and financial markets; our ability to maintain the security of electronic and other confidential information; serious disruptions and catastrophic events; competition; personnel recruitment and retention; acquisitions and divestitures including the ability to integrate successfully any such acquisitions; information systems and technology; commodity, energy and fuel cost increases; compliance with laws, regulations and orders; changes in laws and regulations; outcomes of litigation and proceedings and the availability of insurance, indemnification and other third-party coverage of any losses suffered in connection therewith; tax matters and other factors, many of which are beyond our control. Should one or more of these risks or uncertainties materialize, or should any of our assumptions prove incorrect, our actual results may vary in material respects from those projected in these forward-looking statements. You should bear this in mind as you consider forward-looking statements.

Any forward-looking statement made by us in this Form 10-Q speaks only as of the date on which we make it. Factors or events that could cause our actual results to differ may emerge from time to time, and it is not possible for us to predict all of them. We undertake no obligation to publicly update any forward-looking statement, whether as a result of new information, future developments or otherwise, except as may be required by any applicable securities laws.

You are advised, however, to consult any further disclosures we may make in our future reports to the Securities and Exchange Commission, on our website, or otherwise.

The Fresh Market, Inc.  
 Notes to Consolidated Financial Statements  
 July 29, 2012  
 (In thousands, except share and per share data)  
 (unaudited)  
 1. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying unaudited consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“GAAP”) for interim financial statements and are in the form prescribed by the Securities and Exchange Commission in instructions to the Quarterly Report on Form 10-Q and Rule 10-01 of Regulation S-X. These unaudited consolidated financial statements should be read in conjunction with the audited consolidated financial statements and the accompanying notes thereto in the Company’s annual report on Form 10-K for the fiscal year ended January 29, 2012. In the opinion of management, these unaudited consolidated financial statements include all adjustments, consisting of normal recurring adjustments, considered necessary for a fair presentation. Interim results are not necessarily indicative of results that may be expected for any other interim period or for a full fiscal year.

Certain prior year amounts have been reclassified to conform with the current year's presentation. None of the reclassifications or changes in presentation are considered material.

The Company’s wholly-owned subsidiaries are consolidated and all intercompany accounts and transactions are eliminated upon consolidation.

The Company reports its results of operations on a 52 or 53 week fiscal year ending on the last Sunday in January. Fiscal years 2012 and 2011 are 52 week fiscal years and each fiscal quarter consists of 13 weeks.

The Company has determined that it has only one reportable segment. All of the Company’s revenues come from the sale of items at its specialty food stores. The Company’s primary focus is on perishable food categories, which include meat, seafood, produce, deli, bakery, floral, sushi and prepared foods. Non-perishable categories consist of traditional grocery and dairy products as well as specialty foods, including bulk, coffee, candy, beer and wine. The following is a summary of the percentage for the sales of perishable and non-perishable items:

	For the Thirteen Weeks Ended		For the Twenty-Six Weeks Ended	
	July 29, 2012	July 31, 2011	July 29, 2012	July 31, 2011
Perishable	67.4%	68.3%	66.7%	67.4%
Non-perishable	32.6%	31.7%	33.3%	32.6%

2. Long-Term Debt

Long-term debt is as follows:

	July 29, 2012	January 29, 2012
Unsecured revolving credit note, with maximum available borrowings of \$175,000, interest payable monthly at one-month LIBOR plus a margin, weighted-average annual interest rate of 3.0% and 3.1% for the twenty-six weeks ended July 29, 2012 and the	\$46,300	\$64,000

fifty-two weeks ended January 29, 2012, respectively

The Company is party to a revolving credit facility with Bank of America, N.A. as Administrative Agent, Swing Line Lender, and Letter of Credit Issuer, and several other lending institutions (the "2011 Credit Facility"). The 2011 Credit Facility matures February 22, 2016, and is available to provide support for working capital, capital expenditures and other general corporate purposes, including permitted acquisitions, issuance of letters of credit, refinancing and payment of fees. While the Company currently has no material domestic subsidiaries, other entities will guarantee the Company's obligations under the 2011 Credit Facility if and when they become material domestic subsidiaries of the Company during the term of the 2011 Credit Facility.

The Fresh Market, Inc.  
Notes to Consolidated Financial Statements - (continued)  
(unaudited)

## 2. Long-Term Debt (continued)

The 2011 Credit Facility provides for total borrowings of up to \$175,000. Under the terms of the 2011 Credit Facility, the Company is entitled to request an increase in the size of the facility by an amount not exceeding \$75,000 in the aggregate. If the existing lenders elect not to provide the full amount of a requested increase, or in lieu of accepting offers from existing lenders to increase their commitments, the Company may designate one or more other lender(s) to become a party to the 2011 Credit Facility, subject to the approval of the Administrative Agent. The 2011 Credit Facility includes a letter of credit sublimit of \$25,000 and a swing line sublimit of \$10,000.

At the Company's option, outstanding borrowings bear interest at (i) the London Interbank Offered Rate plus an applicable margin that ranges from 1.00% to 2.25%, (ii) the Eurodollar rate plus an applicable margin that ranges from 1.00% to 2.25%, or (iii) the base rate plus an applicable margin that ranges from 0% to 1.25%, where the base rate is defined as the greatest of: (a) the federal funds rate plus 0.50%, (b) Bank of America's prime rate, and (c) the Eurodollar rate plus 1.00%. The commitment fee calculated on unused portions of the credit facility ranges from 0.30% to 0.45% per annum. As of July 29, 2012 and January 29, 2012, all outstanding borrowings bear interest at LIBOR plus an applicable margin.

The loan agreement also provides the Company with standby letter of credit facilities up to \$25,000, of which \$11,481 was outstanding at July 29, 2012 and January 29, 2012. The beneficiaries of these letters of credit are the Company's workers' compensation insurance carriers.

## 3. Fair Value Measurements

Effective January 30, 2012, the Company adopted Accounting Standards Update (ASU) 2011-04, Fair Value Measurement (Topic 820): Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP ("ASU 2011-04"), which establishes common requirements for measuring fair value and related disclosures in accordance with GAAP. The adoption of ASU No. 2011-04, which primarily consists of clarification and wording changes to existing fair value measurement and disclosure requirements, did not have an impact on the Company's consolidated financial statements.

The carrying amounts, including cash and cash equivalents, accounts receivable, accounts payable, accrued liabilities and other accrued expenses approximate fair value because of the short maturity of those instruments. The carrying amount of long-term debt approximates fair value because the advances under this instrument bear variable interest rates which reflect market changes to interest rates and contain variable risk premiums based on certain financial ratios achieved by the Company. The Company did not elect to report any of its nonfinancial assets or nonfinancial liabilities at fair value.

## 4. Employee Benefits

### Long-Term Cash Incentive Program

In March 2012, the Company adopted The Fresh Market, Inc. Long-Term Cash Incentive Program for Select Employees (the "Program"), in which the Company's executive officers do not participate. The purpose of the Program is to provide incentives and reward employees for achieving specified performance goals over a performance period.

The Program awards cash bonuses to participants based upon the Company's achievement of specified performance goals encompassing a three year fiscal performance period. At each reporting period, the Company assesses the probability of achieving the performance goals required for payment of the target amounts for the performance period. These awards are expensed over the respective vesting period on a straight-line basis. Cumulative adjustments, if any, are recorded quarterly to reflect subsequent changes in the estimated outcome of performance-related conditions.

Each participant receives a percentage of the applicable target amount for the performance period based on achievement of the performance goals and formulas. The Program's award payouts will vary based on the achievement of the pre-established target and can range from 33% to 150% of the target award. Each participant is entitled to a minimum of one-third the total grant amount, which will be paid in three annual payments over the three year vesting period. At the end of the three year

The Fresh Market, Inc.  
Notes to Consolidated Financial Statements - (continued)  
(unaudited)

#### 4. Employee Benefits (continued)

period, the participant is eligible for a final payout based upon the Company's specific measurement criteria. There will be no additional payout unless the threshold for the applicable performance goal is reached, and the participant must be employed by the Company at the end of the performance period to be eligible for payment of an award.

The Company has determined that the achievement of the performance goal for the Program is probable as of the end of the thirteen and twenty-six weeks ended July 29, 2012 and, accordingly, recorded expense of \$206 and \$264, respectively.

#### 5. Share-based Compensation

The Company grants share-based awards under The Fresh Market, Inc. 2010 Omnibus Incentive Compensation Plan. At July 29, 2012 approximately 2,400,000 shares of the Company's common stock were available for share-based awards.

##### Stock Options - 2010 Omnibus Incentive Compensation Plan

For the twenty-six weeks ended July 29, 2012, the Company awarded non-qualifying stock options representing approximately 198,000 shares of common stock to employees. The Company uses the Black-Scholes option pricing model to estimate the fair value of stock options at grant date. Options vest ratably over a four-year period beginning on the grant date and expire ten years from the date of grant.

As of July 29, 2012 and January 29, 2012, respectively, there were approximately 870,000 and 702,000 nonvested stock options outstanding and approximately \$7,900 and \$6,200 of unrecognized share-based compensation expense. The Company anticipates this expense to be recognized over a weighted-average remaining service period of approximately 3.1 years.

Share-based compensation expense related to stock options recognized during the thirteen weeks ended July 29, 2012 and July 31, 2011 totaled \$726 and \$358, respectively. Share-based compensation expense related to stock options recognized during the twenty-six weeks ended July 29, 2012 and July 31, 2011 totaled \$1,399 and \$726, respectively. Share-based compensation expense is included in the "Selling, general and administrative expenses" line item on the Consolidated Statements of Comprehensive Income.

##### Restricted Stock Units - 2010 Omnibus Incentive Compensation Plan

For the twenty-six weeks ended July 29, 2012, the Company awarded approximately 19,000 shares of restricted stock units (RSUs) to employees. The RSUs vest in 25% annual increments on each of the first four anniversaries of the date of the grant and the fair value is based on the fair market value of the Company's common stock on the date of grant.

As of July 29, 2012 and January 29, 2012, total remaining unearned compensation cost related to nonvested RSUs was approximately \$1,800 and \$1,700, respectively, which will be amortized over the weighted-average remaining service period of approximately 2.8 years.

The Company recorded \$160 and \$144 of share-based compensation expense related to all the outstanding RSUs for the thirteen weeks ended July 29, 2012 and July 31, 2011, respectively. Share-based compensation expense related to all the outstanding RSUs during the twenty-six weeks ended July 29, 2012 and July 31, 2011 totaled \$386 and \$299, respectively. Share-based compensation expense is included in the "Selling, general and administrative expenses" line item on the Consolidated Statements of Comprehensive Income.

#### Restricted Stock Awards - 2010 Omnibus Incentive Compensation Plan

For the twenty-six weeks ended July 29, 2012, the Company granted approximately 7,000 restricted stock awards (RSAs) to non-employee directors. RSAs vest at the earlier of one year from the date of grant or the next annual meeting of the stockholders. The fair value of the RSAs is based on the fair market value of the Company's common stock on the date of grant.

The Fresh Market, Inc.  
Notes to Consolidated Financial Statements - (continued)  
(unaudited)

#### 5. Share-based Compensation (continued)

##### Restricted Stock Awards - 2010 Omnibus Incentive Compensation Plan (continued)

As of July 29, 2012 and January 29, 2012, total remaining unearned compensation cost related to nonvested RSAs was \$359 and \$100, respectively, which will be amortized over the weighted-average remaining service period of approximately 0.9 years.

The Company recorded \$99 and \$46 of share-based compensation expense related to all RSAs outstanding for the thirteen weeks ended July 29, 2012 and July 31, 2011, respectively. The Company also recorded \$174 and \$74 of share-based compensation expense related to all RSAs outstanding for the twenty-six weeks ended July 29, 2012 and July 31, 2011, respectively. Share-based compensation expense is included in the "Selling, general and administrative expenses" line item on the Consolidated Statements of Comprehensive Income.

##### Performance Share Awards - 2010 Omnibus Incentive Compensation Plan

In March 2012, the Compensation Committee (the "Committee") of the Board of Directors of the Company approved a Performance Share Award Agreement under the 2010 Omnibus Incentive Compensation Plan. At that time, the Company awarded approximately 38,000 performance share awards to certain employees.

The Performance Share Award Agreement provides for the award of performance-vesting restricted shares of the Company's common stock based on the attainment of defined performance goals. At the end of the defined performance period, the extent to which the performance goals have been attained determines the number of shares that vest, except as otherwise determined by the Committee, and subject to conditions including the employment of the recipient with the Company or its affiliates throughout the performance period, except to the extent provided in cases of retirement, death, disability, or change of control, or as otherwise determined by the Committee.

The Company recognizes the estimated fair value of performance-based awards as share-based compensation expense over the performance period based upon its determination of whether it is probable that the performance targets will be achieved. At each reporting period, the Company assesses the probability of achieving the performance targets. Cumulative adjustments, if any, are recorded quarterly to reflect subsequent changes in the estimated outcome of performance-related conditions. The fair value of the performance-based awards is based on the fair market value of the Company's common stock on the date of grant.

The Company recorded share-based compensation expense related to the performance-based awards of approximately \$98 and \$140 for the thirteen and twenty-six weeks ended July 29, 2012, which is included in the "Selling, general and administrative expenses" line item on the Consolidated Statements of Comprehensive Income.

##### Employee Stock Purchase Plan

In November 2010, the Employee Stock Purchase Plan ("ESPP") was adopted and approved by the Company's Board of Directors and stockholders. As of July 1, 2011, eligible employees may purchase shares of the Company's common stock at a 5% discount from the market price through a payroll deduction. The number of shares of common stock that are available for issuance under the ESPP is approximately 997,000 at July 29, 2012.

During the thirteen and twenty-six weeks ended July 29, 2012, 830 and 1,837 shares of the Company's common stock were purchased under the ESPP, which resulted in proceeds of \$42 and \$88, respectively.

#### 6. Earnings per Share

The computation of basic earnings per share is based on the number of weighted-average common shares outstanding during the period. The computation of diluted earnings per share for the thirteen and twenty-six weeks ended July 29, 2012 and July 31, 2011, respectively, includes the dilutive effect of common stock equivalents consisting of incremental common shares deemed outstanding from the assumed exercise of stock options, RSUs and RSAs.

The Fresh Market, Inc.  
Notes to Consolidated Financial Statements - (continued)  
(unaudited)

## 6. Earnings per Share (continued)

A reconciliation of the numerators and denominators of the basic and diluted earnings per share calculations follows (in thousands, except share and per share amounts):

	For the Thirteen Weeks Ended		For the Twenty-Six Weeks Ended	
	July 29, 2012	July 31, 2011	July 29, 2012	July 31, 2011
Net income available to common stockholders (numerator for basic and diluted earnings per share)	\$ 13,329	\$ 10,507	\$ 32,599	\$ 23,987
Weighted average common shares outstanding (denominator for basic earnings per share)	48,057,232	47,993,336	48,051,741	47,992,190
Potential common shares outstanding:				
Incremental shares from share-based awards	226,171	128,501	208,666	129,532
Weighted average common shares outstanding and potential additional common shares outstanding (denominator for diluted earnings per share)	48,283,403	48,121,837	48,260,407	48,121,722
Basic and diluted earnings per share	\$ 0.28	\$ 0.22	\$ 0.68	\$ 0.50

The diluted net income per common share computations exclude share-based awards which are antidilutive and the performance share awards, which were excluded since the target has yet to be achieved. The weighted average shares outstanding for the thirteen and twenty-six weeks ended July 29, 2012 exclude the effect of approximately 282,000 and 232,000 share-based awards because such share-based awards are considered antidilutive. There were no antidilutive shares for the thirteen and twenty-six weeks ended July 31, 2011.

## 7. Commitments and Contingencies

### Litigation

From time to time, the Company is involved in various legal proceedings encountered in the normal course of business, including claims related to commercial and leasing matters, as well as labor and employment, premises, personal injury, product liability and general liability claims. In the opinion of management, the resolution of these matters will not have a material adverse effect on the Company's financial condition or results of operations. The Company reviews the status of its legal proceedings and records a provision for a liability when it is considered probable that both a liability has been incurred and the amount of the loss can be reasonably estimated. This review is updated periodically as additional information becomes available. If either or both of the criteria are not met, the Company reassesses whether there is at least a reasonable possibility that a loss, or additional losses, may be incurred. If there is a reasonable possibility that a loss may be incurred, the Company discloses the estimate of the amount of

the loss or range of losses, discloses that the amount is not material, if true, or discloses that an estimate of loss cannot be made. The Company expenses its legal fees as incurred.

In assessing potential loss contingencies, the Company considers a number of factors, including those listed in the Financial Accounting Standards Board's Accounting Standards Codification ("ASC") 450-20, Contingencies – Loss Contingencies, regarding assessing the probability of a loss and assessing whether a loss is reasonably estimable. Litigation can be expensive and disruptive to normal business operations. Moreover, the results of litigation are difficult to predict and the Company's view of these matters may change as the litigation and events unfold over time. An unfavorable outcome in any

The Fresh Market, Inc.  
Notes to Consolidated Financial Statements - (continued)  
(unaudited)

7. Commitments and Contingencies (continued)

legal matter, if material, could have a material adverse effect on the Company's results of operations in the period in which the unfavorable outcome occurs and potentially in future periods.

In July 2012, the Company entered into a confidential settlement agreement and mutual releases with a former landlord to resolve ongoing litigation regarding the condition in which leased premises were returned to the former landlord at the end of the lease term. The Company settled the matter to avoid the costs and uncertainty of litigation, with no admission of liability or wrongdoing by any party. Pursuant to the settlement agreement, the remaining claims of all parties were dismissed with prejudice.

The Company is currently party to two lawsuits that were filed against it and other parties in the state of South Carolina in connection with certain outdoor candle products that were sold at certain of the Company's stores and alleged to have caused personal injury. The lawsuits seek damages from the Company, as well as from one or more manufacturers and the packager. The Company believes it has defenses against these claims and is vigorously defending itself and pursuing recovery from insurers and other third parties. The Company maintains insurance policies (subject to customary deductibles) for its defense costs and any liability resulting from these lawsuits, but one of the Company's umbrella carriers that sits above its primary general liability insurer has reserved its rights as to coverage. The manufacturers of the candle product and the fuel gel used in the candle have each filed for bankruptcy. Because these lawsuits are at an early stage, and because of the uncertain status of the liability of third parties and potential recovery from third parties, the Company is unable to predict the outcome of these lawsuits or to estimate the amount of damages, if any, that may be awarded. If the Company is ultimately found liable in these lawsuits and if insurance is not available, liability resulting from these lawsuits could have a material adverse effect on the Company's results of operations for the period or periods in which it is incurred.

## Item 2 – Management’s Discussion and Analysis of Financial Condition and Results of Operations

### Overview

The Fresh Market is a high-growth specialty retailer focused on creating an extraordinary food shopping experience for our customers. Since opening our first store in 1982, we have offered high-quality food products, with an emphasis on fresh, premium perishables and an uncompromising commitment to customer service. We seek to provide an attractive, convenient shopping environment while offering our customers a compelling price-value combination. As of July 29, 2012, we operated 121 stores in 24 states, primarily in the Southeast, Midwest, Mid-Atlantic, and Northeast United States.

We believe several key differentiating elements of our business have enabled us to execute our strategy consistently and profitably across our expanding store base. We believe the differentiated shopping experience we provide has helped us to expand our business primarily through favorable word-of-mouth publicity. Within our smaller-box format, we focus on higher-margin food categories and strive to deliver a more personal level of service and a more enjoyable shopping experience. Further, our smaller-box format is adaptable to different retail sites and configurations and has facilitated our successful growth. Additionally, we believe our disciplined, comprehensive approach to planning and merchandising and the support we provide our stores allow us to deliver a consistent shopping experience and financial performance across our growing store base.

### How We Assess the Performance of Our Business

In assessing our performance, we consider a variety of performance and financial measures. The key measures that we assess to evaluate the performance of our business are set forth below:

#### Sales

Our sales comprise gross sales net of coupons, commissions and discounts. Sales include sales from all of our stores.

The food retail industry and our sales are affected by general economic conditions and seasonality, as well as the other factors, discussed below, that affect our comparable store sales. Consumer purchases of specialty food products are particularly sensitive to a number of factors that influence the levels of consumer spending, including economic conditions, the level of disposable consumer income, consumer debt, interest rates and consumer confidence. In addition, our business is seasonal and, as a result, our average weekly sales fluctuate during the year and are usually highest in the fourth quarter when customers make holiday purchases.

#### Comparable Store Sales

Our practice is to include sales from a store in comparable store sales beginning on the first day of the sixteenth full month following the store’s opening. We believe that comparability is achieved approximately fifteen months after opening. When a store that is included in comparable store sales is remodeled or relocated, we continue to consider sales from that store to be comparable store sales. There may be variations in the way that our competitors calculate comparable or “same store” sales. As a result, data in this Form 10-Q regarding our comparable store sales may not be comparable to similar data made available by our competitors.

Various factors may affect comparable store sales, including:

- overall economic trends and conditions, including general price levels in the economy;
- consumer preferences and buying trends;

- our competition, including competitor store openings or closings near our stores;
- our competitors expanding their offerings of premium/perishable products;
- the pricing of our products, including the effects of inflation or deflation;
- the number of customer transactions at our stores;
- our ability to provide an assortment of distinctive, high-quality product offerings to generate new and repeat visits to our stores;

- the level of customer service that we provide in our stores;
- our in-store merchandising-related activities;
- our ability to source products efficiently;
- our opening of new stores in the vicinity of our existing stores;
- and
- the number of stores we open, remodel or relocate in any period.

As we continue to pursue our growth strategy, we expect that a significant percentage of our sales growth will continue to come from new stores not included in comparable store sales. Accordingly, comparable store sales is only one measure we use to assess our performance.

### Gross Profit

Gross profit is equal to our sales minus our cost of goods sold. Gross margin rate measures gross profit as a percentage of our sales. Cost of goods sold is directly correlated with sales and includes the direct costs of purchased merchandise, distribution and supply chain costs, buying costs, store supplies and store occupancy costs. Store occupancy costs include rent, common area maintenance, real estate taxes, personal property taxes, insurance, licenses and utilities. The components of our cost of goods sold may not be identical to those of our competitors. As a result, data in this Form 10-Q regarding our gross profit and gross margin rate may not be comparable to similar data made available by our competitors.

Gross margin rate enhancements are driven by:

- economies of scale resulting from expanding our store base;
  - leverage achieved from increased comparable store sales;
  - reduced shrinkage as a percentage of sales; and
  - productivity gains through process and program improvements.
- Changes in the mix of products sold may also impact our gross margin rate.

### Selling, General and Administrative Expenses

Selling, general and administrative expenses include certain retail store and corporate costs, including compensation (both cash and share-based), pre-opening expenses, and other corporate administrative costs. Pre-opening expenses are costs associated with the opening of new stores, including costs associated with recruiting, relocating and training personnel and other miscellaneous costs. Pre-opening costs are expensed as incurred.

Labor and corporate administrative costs generally decrease as a percentage of sales as a result of an increase in our sales. Accordingly, selling, general and administrative expenses as a percentage of sales are usually higher in lower-volume quarters and lower in higher-volume quarters. Store-level labor costs are the largest component of our selling, general and administrative expenses. The components of our selling, general and administrative expenses may not be identical to those of our competitors. As a result, data in this Form 10-Q regarding our selling, general and administrative expenses may not be comparable to similar data made available by our competitors. We expect that our selling, general and administrative expenses will increase in future periods due to our continuing store growth and increased corporate general and administrative expenses to support that growth.

### Income from Operations

Income from operations consists of gross profit minus selling, general and administrative expenses, store closure and exit costs and depreciation.

## Taxes

We account for income taxes under the asset and liability method. Under this method, the amount of taxes currently payable or refundable is accrued, and deferred tax assets and liabilities are recognized for the estimated future tax consequences attributable to differences between the financial statement carrying amount of existing assets and liabilities and their respective tax bases. Deferred tax assets are also recognized for realizable loss and tax credit carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates in effect for the year in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in income tax rates is recognized in our Consolidated Statements of Comprehensive Income in the period that includes the enactment date.

## Results of Operations

The following tables summarize key components of our results of operations for the periods indicated, both in dollars and as a percentage of sales.

	For the Thirteen Weeks Ended				For the Twenty-Six Weeks Ended			
	July 29, 2012		July 31, 2011		July 29, 2012		July 31, 2011	

(dollars in thousands, except share and per share amounts)

## Statement of Income

## Data:

Sales	\$312,997	100.0	%	\$259,543	100.0	%	\$637,781	100.0	%	\$524,003	100.0	%
Cost of goods sold	206,255	65.9	%	174,578	67.3	%	418,348	65.6	%	349,464	66.7	%
Gross profit	106,742	34.1	%	84,965	32.7	%	219,433	34.4	%	174,539	33.3	%
Selling, general and administrative expenses	74,032	23.7	%	58,830	22.7	%	144,497	22.7	%	117,805	22.5	%
Store closure and exit costs	152	—	%	109	—	%	725	0.1	%	239	—	%
Depreciation	10,846	3.5	%	9,032	3.5	%	21,415	3.4	%	17,372	3.3	%
Income from operations	21,712	6.9	%	16,994	6.5	%	52,796	8.3	%	39,123	7.5	%
Interest expense	227	0.1	%	486	0.2	%	583	0.1	%	969	0.2	%
Income before provision for income taxes	21,485	6.9	%	16,508	6.4	%	52,213	8.2	%	38,154	7.3	%
Tax provision	8,156	2.6	%	6,001	2.3	%	19,614	3.1	%	14,167	2.7	%
Net income	\$13,329	4.3	%	\$10,507	4.0	%	\$32,599	5.1	%	\$23,987	4.6	%

## Net income per share

Basic and diluted	\$0.28		\$0.22		\$0.68		\$0.50
-------------------	--------	--	--------	--	--------	--	--------

## Shares used in computation of net income per share,

Basic	48,057,232		47,993,336		48,051,741		47,992,190
Diluted	48,283,403		48,121,837		48,260,407		48,121,722

Percentage totals in the above table may not equal the sum of the components due to rounding.

	For the Thirteen Weeks Ended		For the Twenty-Six Weeks Ended		
	July 29, 2012	July 31, 2011	July 29, 2012	July 31, 2011	
Other Operating Data:					
Number of stores at end of period	121	106	121	106	
Comparable store sales growth (1)	8.0	% 4.6	% 8.1	% 4.3	%
Gross square footage at end of period (in thousands)	2,551	2,242	2,551	2,242	
Average comparable store size (gross square feet) (2)	21,212	21,221	21,217	21,262	
Comparable store sales per gross square foot during period (2)	\$ 127	\$ 119	\$ 261	\$ 244	

Our practice is to include sales from a store in comparable store sales beginning on the first day of the sixteenth full month following the store's opening. When a store that is included in comparable store sales is remodeled or (1)relocated, we continue to consider sales from that store to be comparable store sales. There may be variations in the way that our competitors calculate comparable or "same store" sales. As a result, data in this Form 10-Q regarding our comparable store sales may not be comparable to similar data made available by our competitors.

Average comparable store size and comparable store sales per gross square foot are calculated using the gross (2)square footage and sales for stores included within our comparable store base for each month during the given period.

#### Public Offering of Common Stock by Certain Selling Stockholders

On June 12, 2012, the Company, certain stockholders of the Company who owned shares of our common stock prior to our initial public offering (the "selling stockholders") and an underwriter entered into an Underwriting Agreement pursuant to which the selling stockholders offered and sold 11,538,112 shares of our common stock at \$50.50 per share in an underwritten public offering. The public offering of the 11,538,112 shares closed on June 18, 2012. We did not receive proceeds from the sale of the shares of common stock by the selling stockholders, and we expensed approximately \$0.5 million of the costs associated with the offering in the thirteen week period ended July 29, 2012, which is included in the "Selling, general and administrative expenses" line item on the Consolidated Statements of Comprehensive Income.

#### Items Impacting Comparability

Thirteen weeks ended July 29, 2012

Items impacting comparability between the thirteen weeks ended July 29, 2012 and the thirteen weeks ended July 31, 2011 include the following:

Approximately \$0.5 million, or \$0.01 per share on a diluted basis, for the thirteen weeks ended July 29, 2012, in issuance costs incurred in conjunction with our public offering of common stock. As agreed upon by and among us and certain stockholders, we were obligated to bear the expenses and fees, except for underwriting discounts and commissions. We received no proceeds in connection with the public offering, and all fees and expenses incurred during the thirteen weeks ended July 29, 2012 were expensed and included in the "Selling, general and administrative expenses" line item on the Consolidated Statements of Comprehensive Income.

We resolved two legal matters during the thirteen weeks ended July 29, 2012. The net amount of the settlement payments made and received related to these matters are included in the "Selling, general and administrative expenses" line item on the Consolidated Statements of Comprehensive Income and totaled approximately \$0.6 million

on a pre-tax basis, which resulted in an after-tax reduction in earnings per share of approximately \$0.01 per share on a diluted basis. Legal fees and related expenses in connection with these matters have been expensed as incurred during the thirteen weeks ended July 29, 2012.

Twenty-six weeks ended July 29, 2012

Items impacting comparability between the twenty-six weeks ended July 29, 2012 and the twenty-six weeks ended July 31, 2011 include the following:

18

---

Approximately \$1.1 million, or \$0.02 per share on a diluted basis, for the twenty-six weeks ended July 31, 2011, in issuance costs incurred in conjunction with our public offering of common stock. As agreed upon by and among us and certain stockholders, we were obligated to bear the expenses and fees, except for underwriting discounts and commissions. We received no proceeds in connection with the public offering, and all fees and expenses incurred during the twenty-six weeks ended July 31, 2011 were expensed and included in the "Selling, general and administrative expenses" line item on the Consolidated Statements of Comprehensive Income.

#### Period to Period Comparisons

##### Thirteen Weeks Ended July 29, 2012 Compared to the Thirteen Weeks Ended July 31, 2011

#### Sales

Sales increased 20.6%, or \$53.5 million, to \$313.0 million for the thirteen weeks ended July 29, 2012, resulting from a \$20.0 million increase in comparable store sales and a \$33.5 million increase in non-comparable store sales. There were 101 comparable stores and 20 non-comparable stores open at July 29, 2012.

Comparable store sales increased 8.0% for the thirteen weeks ended July 29, 2012, compared to the thirteen weeks ended July 31, 2011, driven by a 5.3% increase in the number of transactions and a 2.7% increase in the average transaction size at our comparable stores. Average customer transaction size for comparable stores increased to \$31.06 for the thirteen weeks ended July 29, 2012, compared to \$30.28 for the thirteen weeks ended July 31, 2011.

#### Gross Profit

Gross profit increased 25.6%, or \$21.8 million, to \$106.7 million for the thirteen weeks ended July 29, 2012, compared to the thirteen weeks ended July 31, 2011. The amount of the increase in gross profit attributable to increased sales was \$17.5 million and the amount attributable to increased gross margin rate was \$4.3 million. Our cost of goods sold increased by \$31.7 million for the thirteen weeks ended July 29, 2012, compared to the thirteen weeks ended July 31, 2011. Gross margin rate increased 140 basis points to 34.1% for the thirteen weeks ended July 29, 2012, from 32.7% for the thirteen weeks ended July 31, 2011. The increase in our gross margin rate was attributable to an increase in merchandise margin rate, primarily as a result of improved supply chain expense and a reduction in merchandise shrink expense.

#### Selling, General and Administrative Expenses

Selling, general and administrative expenses increased 25.8%, or \$15.2 million, to \$74.0 million for the thirteen weeks ended July 29, 2012, compared to the thirteen weeks ended July 31, 2011. Additionally, selling, general and administrative expenses increased by 100 basis points as a percentage of sales to 23.7% for the thirteen weeks ended July 29, 2012, compared to 22.7% for the thirteen weeks ended July 31, 2011. The increase in selling, general and administrative expenses was primarily attributable to an increase in the number of stores in operation during the thirteen weeks ended July 29, 2012, compared to the thirteen weeks ended July 31, 2011, which led to higher overall store-level labor expenses and other costs to operate our stores. With more stores in operation during the thirteen weeks ended July 29, 2012, store-level compensation expenses increased \$8.6 million, other store operating expenses increased \$2.1 million and corporate administrative expenses increased \$4.5 million, compared to the thirteen weeks ended July 31, 2011.

The increase in corporate administrative expenses included approximately \$0.5 million of transaction expenses incurred in connection with our public offering of common stock, \$0.6 million of incremental public company

expenses mostly attributable to our share-based compensation programs, and \$0.6 million representing the net amount of settlement payments made and received in connection with the resolution of two legal matters. These additional expenses increased selling, general and administrative expenses as a percentage of sales by approximately 50 basis points. Higher incentive compensation accruals as well as inventory losses due to strong storms and wide-spread power outages also had an adverse impact on our selling, general and administrative expenses as a percentage of sales for the thirteen weeks ended July 29, 2012, compared to the thirteen weeks ended July 31, 2011.

#### Income from Operations

Income from operations increased 27.8%, or \$4.7 million, to \$21.7 million for the thirteen weeks ended July 29, 2012, compared to the thirteen weeks ended July 31, 2011. Income from operations as a percentage of sales for the thirteen weeks ended July 29, 2012 increased 40 basis points to 6.9% from 6.5% for the thirteen weeks ended July 31, 2011, which included

approximately a 50 basis point negative impact due to our public offering of common stock, incremental public company costs primarily related to share-based compensation programs and net settlement payments made and received in connection with two legal matters. Depreciation increased 20.1%, or \$1.8 million, to \$10.8 million for the thirteen weeks ended July 29, 2012, compared to the thirteen weeks ended July 31, 2011, principally due to store unit growth.

#### Interest Expense

Interest expense decreased 53.3%, or \$0.3 million, to \$0.2 million for the thirteen weeks ended July 29, 2012, compared to the thirteen weeks ended July 31, 2011, primarily due to reduced weighted-average borrowings under our revolving credit facility. We also benefited from the expiration of an interest rate swap in the latter part of fiscal 2011 for which we paid a fixed rate of 4.91% on the notional amount of \$15.0 million. We did not enter into any new swap arrangements during fiscal 2012.

#### Income Tax Expense

Income taxes for the thirteen weeks ended July 29, 2012 resulted in an effective tax rate of approximately 38.0%, compared to approximately 36.4% for the thirteen weeks ended July 31, 2011. The increase in the effective tax rate was primarily the result of the non-deductibility of \$0.5 million in issuance costs related to our public offering of common stock during the thirteen weeks ended July 29, 2012.

#### Net Income

As a result of the foregoing, net income increased 26.9%, or \$2.8 million, to \$13.3 million for the thirteen weeks ended July 29, 2012, compared to the thirteen weeks ended July 31, 2011. Net income as a percentage of sales for the thirteen weeks ended July 29, 2012 increased to 4.3% from 4.0% for the thirteen weeks ended July 31, 2011.

#### Twenty-Six Weeks Ended July 29, 2012 Compared to the Twenty-Six Weeks Ended July 31, 2011

##### Sales

Sales increased 21.7%, or \$113.8 million, to \$637.8 million for the twenty-six weeks ended July 29, 2012, which resulted from a \$41.5 million increase in comparable store sales and a \$72.3 million increase in non-comparable store sales. There were 101 comparable stores and 20 non-comparable stores open at July 29, 2012.

Comparable store sales increased 8.1% for the twenty-six weeks ended July 29, 2012, compared to the twenty-six weeks ended July 31, 2011, due to a 5.5% increase in the number of transactions and a 2.6% increase in the average transaction size at our comparable stores. Average customer transaction size for comparable stores increased to \$31.14 for the twenty-six weeks ended July 29, 2012, compared to \$30.40 for the twenty-six weeks ended July 31, 2011.

##### Gross Profit

Gross profit increased 25.7%, or \$44.9 million, to \$219.4 million for the twenty-six weeks ended July 29, 2012, compared to the twenty-six weeks ended July 31, 2011. The amount of the increase in gross profit attributable to increased sales was \$37.9 million and the amount of the increase in gross profit attributable to increased gross margin rate was \$7.0 million. Our cost of goods sold increased by \$68.9 million for the twenty-six weeks ended July 29, 2012, compared to the twenty-six weeks ended July 31, 2011. Gross margin rate increased 110 basis points to 34.4%

for the twenty-six weeks ended July 29, 2012, from 33.3% for the twenty-six weeks ended July 31, 2011. The increase in our gross margin rate was mostly attributable to increased merchandise margin, as well as a slight improvement in occupancy costs as a percentage of sales, off-set by a slight increase in supplies expense as a percentage of sales. For the twenty-six weeks ended July 29, 2012, estimated LIFO expense did not change materially as a percentage of sales, compared to the twenty-six weeks ended July 31, 2011.

#### Selling, General and Administrative Expenses

Selling, general and administrative expenses increased 22.7%, or \$26.7 million, to \$144.5 million for the twenty-six weeks ended July 29, 2012, compared to the twenty-six weeks ended July 31, 2011. Additionally, selling, general and administrative expenses as a percentage of sales for the twenty-six weeks ended July 29, 2012 increased by 20 basis points to 22.7% from 22.5% for the twenty-six weeks ended July 31, 2011. The increase in selling, general and administrative expenses was primarily attributable to an increase in the number of stores in operation during the twenty-six weeks ended July 29, 2012,

compared to the twenty-six weeks ended July 31, 2011, which led to higher overall store-level labor expenses and other costs to operate our stores. With more stores in operation during the twenty-six weeks ended July 29, 2012, store-level compensation expenses increased \$17.3 million, other store operating expenses increased \$4.3 million and corporate administrative expenses increased \$5.1 million, compared to the twenty-six weeks ended July 31, 2011.

The increase in selling, general and administrative expenses as a percentage of sales was primarily attributable to higher corporate expenses, due to approximately \$1.3 million of incremental public company expenses primarily attributable to our share-based compensation programs and approximately \$0.6 million related to the net amount of settlement payments made and received in connection with the resolution of two legal matters. The effect of these costs adversely impacted selling, general and administrative expenses as a percentage of sales by approximately 30 basis points during the twenty-six weeks ended July 29, 2012, compared to the twenty-six weeks ended July 31, 2011.

#### Income from Operations

Income from operations increased 35.0%, or \$13.7 million, to \$52.8 million for the twenty-six weeks ended July 29, 2012, compared to the twenty-six weeks ended July 31, 2011. Income from operations as a percentage of sales for the twenty-six weeks ended July 29, 2012 increased 80 basis points to 8.3% from 7.5% for the twenty-six weeks ended July 31, 2011. The increase in operating margin for the twenty-six weeks ended July 29, 2012, compared to the twenty-six weeks ended July 31, 2011, was due to the growth in gross margin rate and a year-over-year decrease in issuance costs incurred in connection with our public offerings of common stock, which was off-set by higher corporate expenses. Depreciation expense increased 23.3% or \$4.0 million, to \$21.4 million for the twenty-six weeks ended July 29, 2012, compared to the twenty-six weeks ended July 31, 2011, which was principally attributable to store unit growth over that time.

#### Interest Expense

Interest expense decreased 39.8%, or \$0.4 million, to \$0.6 million for the twenty-six weeks ended July 29, 2012, compared to the twenty-six weeks ended July 31, 2011, which was primarily due to reduced weighted-average borrowings under our revolving credit facility. We also benefited from the expiration of an interest rate swap in the latter part of fiscal 2011 for which we paid a fixed rate of 4.91% on the notional amount of \$15.0 million. We did not enter into any new swap arrangements during fiscal 2012.

#### Income Tax Expense

Income taxes for the twenty-six weeks ended July 29, 2012 resulted in an effective tax rate of approximately 37.6%, compared to approximately 37.1% for the twenty-six weeks ended July 31, 2011.

#### Net Income

As a result of the foregoing, net income increased 35.9%, or \$8.6 million, to \$32.6 million for the twenty-six weeks ended July 29, 2012, compared to the twenty-six weeks ended July 31, 2011. Net income as a percentage of sales for the twenty-six weeks ended July 29, 2012 increased to 5.1% from 4.6% for the twenty-six weeks ended July 31, 2011.

#### Liquidity and Capital Resources

Our primary sources of liquidity are cash generated from operations and borrowings under our revolving credit facility. Our primary uses of cash are purchases of inventory, operating expenses, capital expenditures primarily for

opening new stores and relocating and remodeling existing stores, debt service and corporate taxes. We believe that the cash generated from operations, together with the borrowing availability under our revolving credit facility, will be sufficient to meet our working capital needs for at least the next twelve months, including investments made, and expenses incurred, in connection with opening new stores and relocating and remodeling existing stores and other strategic initiatives. These strategic initiatives include the replacement of store equipment and product display fixtures, and investments in information technology and merchandising enhancements. Our working capital position benefits from the fact that we generally collect cash from sales to customers the same day or, in the case of credit or debit card transactions, within a few days of the related sale.

At July 29, 2012, we had \$11.1 million in cash and cash equivalents and \$117.2 million in borrowing availability under our revolving credit facility.

While we believe we have sufficient liquidity and capital resources to meet our current operating requirements and

expansion plans, we may elect to pursue additional expansion opportunities within the next year which could require additional debt or equity financing. If we are unable to secure additional financing at favorable terms in order to pursue such additional expansion opportunities, our ability to pursue such opportunities could be materially adversely affected.

A summary of our operating, investing and financing activities is shown in the following table:

	For the Twenty-Six Weeks Ended	
	July 29, 2012	July 31, 2011
Net cash provided by operating activities	\$52,890	\$50,793
Net cash used in investing activities	(35,214	) (43,973
Net cash used in financing activities	(17,218	) (6,206
Net increase in cash and cash equivalents	\$458	\$614

#### Operating Activities

Cash provided by operating activities consists primarily of net income adjusted for non-cash items, including depreciation, realized loss on disposal of property and equipment, share-based compensation, changes in deferred taxes, and the effect of working capital changes.

	For the Twenty-Six Weeks Ended	
	July 29, 2012	July 31, 2011
Net income	\$32,599	\$23,987
Adjustments to reconcile net income to net cash provided by operating activities:		
Depreciation and amortization	21,526	17,470
Loss on disposal of property and equipment	61	187
Share-based compensation	2,099	1,099
Excess tax benefits from share-based compensation	(74	) —
Deferred income taxes	(1,429	) 8,159
Change in working capital	(1,892	) (109
Net cash provided by operating activities	\$52,890	\$50,793

Net cash provided by operating activities increased 4.1%, or \$2.1 million, to \$52.9 million for the twenty-six weeks ended July 29, 2012, compared to the twenty-six weeks ended July 31, 2011. The increase in net cash provided by operating activities was primarily due to an increase in net income adjusted for non-cash items.

#### Investing Activities

Cash used in investing activities consists primarily of capital expenditures for opening new stores and relocating and remodeling existing stores, as well as investments in information technology and merchandising enhancements.

	For the Twenty-Six Weeks Ended	
	July 29, 2012	July 31, 2011
Purchases of property and equipment	\$(41,892	) \$(44,086

Edgar Filing: Fresh Market, Inc. - Form 10-Q

Proceeds from sale of property and equipment	6,678	113	
Net cash used in investing activities	\$(35,214	) \$(43,973	)

Capital expenditures decreased 5.0%, or \$2.2 million, to \$41.9 million for the twenty-six weeks ended July 29, 2012, compared to the twenty-six weeks ended July 31, 2011. The decrease in capital expenditures for the twenty-six weeks ended

22

---

July 29, 2012 was primarily due to a decrease in expenditures for stores to be relocated and remodeled as well as a decrease in marketing initiatives as compared to the twenty-six weeks ended July 31, 2011. In April 2012, we received proceeds of \$6.6 million from a land and building sale-leaseback transaction.

We plan to spend approximately \$95.0 million to \$105.0 million on capital expenditures during fiscal 2012, primarily related to real estate investments.

We plan to open 14 to 16 new stores during fiscal 2012, eight of which were open as of July 29, 2012.

#### Financing Activities

Cash used in financing activities consists principally of borrowings and payments under our revolving credit facility. We currently do not intend to pay cash dividends on our common stock.

	For the Twenty-Six Weeks Ended	
	July 29, 2012	July 31, 2011
Borrowings on revolving credit note	\$233,193	\$258,890
Payments made on revolving credit note	(250,893	) (264,040
Debt issuance costs	—	(1,056
Proceeds from issuance of common stock pursuant to employee stock purchase plan	88	—
Excess tax benefits from share-based compensation	74	—
Proceeds from exercise of share-based compensation awards	320	—
Net cash used in financing activities	\$ (17,218	) \$ (6,206

Net cash used in financing activities during the twenty-six weeks ended July 29, 2012 increased \$11.0 million to \$17.2 million mostly due to a net paydown of our debt compared to the twenty-six weeks ended July 31, 2011. We reduced the debt balance by \$17.7 million or 27.7% for the twenty-six weeks ended July 29, 2012, compared to a net paydown of \$5.2 million during the twenty-six weeks ended July 31, 2011.

As of February 22, 2011, we terminated our existing Credit Facility (the "2007 Credit Facility") and entered into the 2011 Credit Facility. At closing, approximately \$74.7 million was drawn under the 2011 Credit Facility to repay borrowings under the 2007 Credit Facility, which is included in both borrowings and payments on the revolving credit note during the twenty-six weeks ended July 31, 2011. We incurred approximately \$1.1 million in debt issuance costs in connection with the 2011 Credit Facility.

#### Revolving Credit Facility

We are party to a revolving credit facility with Bank of America, N.A. as Administrative Agent, Swing Line Lender, and Letter of Credit Issuer, and several other lending institutions (the "2011 Credit Facility"). The 2011 Credit Facility matures February 22, 2016, and is available to provide support for working capital, capital expenditures and other general corporate purposes, including permitted acquisitions, issuance of letters of credit, refinancing and payment of fees. While we currently have no material domestic subsidiaries, other entities will guarantee our obligations under the 2011 Credit Facility if and when they become material domestic subsidiaries during the term of the 2011 Credit Facility.

The 2011 Credit Facility provides for total borrowings of up to \$175 million. Under the terms of the 2011 Credit Facility, we are entitled to request an increase in the size of the facility by an amount not exceeding \$75 million in the aggregate. If the existing lenders elect not to provide the full amount of a requested increase, or in lieu of accepting offers from existing lenders to increase their commitments, we may designate one or more other lender(s) to become a party to the 2011 Credit Facility, subject to the approval of the Administrative Agent. The 2011 Credit Facility includes a letter of credit sublimit of \$25 million and a swing line sublimit of \$10 million.

At our option, outstanding borrowings bear interest at (i) the London Interbank Offered Rate plus an applicable margin that ranges from 1.00% to 2.25%, (ii) the Eurodollar rate plus an applicable margin that ranges from 1.00% to 2.25%, or (iii) the base rate plus an applicable margin that ranges from 0% to 1.25%, where the base rate is defined as the greatest of: (a) the federal funds rate plus 0.50%, (b) Bank of America's prime rate, and (c) the Eurodollar rate plus 1.00%. The

commitment fee calculated on unused portions of the credit facility ranges from 0.30% to 0.45% per annum.

The 2011 Credit Facility contains a number of affirmative and restrictive covenants, including limitations on our ability to grant liens, incur additional debt, pay dividends, redeem our common stock, make certain investments and engage in certain merger, consolidation or asset sale transactions.

In addition, the 2011 Credit Facility provides that we will be required to maintain the following financial ratios as of the last day of each fiscal quarter:

a consolidated maximum leverage ratio as of the end of any quarter of not more than 4.25 to 1.00, based upon the ratio of (i) adjusted funded debt (as defined in the 2011 Credit Facility) to (ii) EBITDAR (as defined in the 2011 Credit Facility) over the period consisting of the four fiscal quarters ending on the determination date, and a consolidated fixed charge coverage ratio of not less than 1.70 to 1.00, based upon the ratio of (i) EBITDAR (as defined in the 2011 Credit Facility) less cash taxes paid by the company and certain discretionary distributions over the period consisting of the four fiscal quarters ending on the determination date to (ii) the sum of interest expense, lease expense, rent expense and the current portion of capitalized lease obligations for such period and the current portion of long-term liabilities for the four fiscal quarters ending on the determination date.

We were in compliance with all debt covenants under our revolving credit facility as of July 29, 2012.

#### Off-Balance Sheet Arrangements

Our off-balance sheet arrangements at July 29, 2012 consist of operating leases and outstanding letters of credit discussed in Note 2 to the consolidated financial statements, "Long-Term Debt." We have no other off-balance sheet arrangements that have had, or are reasonably likely to have, a material current or future effect on our consolidated financial statements or changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources.

#### Critical Accounting Policies

Our financial statements and accompanying notes are prepared in accordance with U.S. generally accepted accounting principles, or GAAP, as we are required to make estimates and assumptions that affect the reported amounts of assets, liabilities, sales, costs and expenses and related disclosures. Preparing financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of sales and expenses during the reporting period. These estimates and assumptions are affected by management's application of accounting policies. On an on-going basis, management evaluates its estimates and judgments. Critical accounting policies that affect our more significant judgment and estimates used in the preparation of our financial statements include, accounting for inventories, accounting for impairment of long-lived assets, accounting for closed store reserves, accounting for insurance reserves, accounting for income taxes and accounting for share-based compensation, which are discussed in more detail under the caption "Critical Accounting Policies" in Management's Discussion and Analysis of Financial Condition and Results of Operations, set forth in Part II Item 7, of our Annual Report on Form 10-K, as amended by our Form 10-K/A, for the year ended January 29, 2012.

#### Seasonality

The food retail industry and our sales are affected by seasonality. Our average weekly sales fluctuate during the year and are usually highest in the fourth quarter when customers make holiday purchases.

## Inflation

While inflation may impact our sales and cost of goods sold, we believe the effects of inflation on our results of operations and financial condition were not significant for the thirteen and twenty-six weeks ended July 29, 2012. We cannot assure you, however, that our results of operations and financial condition will not be materially impacted by inflation in the future.

## Item 3 – Quantitative and Qualitative Disclosures About Market Risk

We do not utilize financial instruments for trading or other speculative purposes, nor do we utilize leveraged financial instruments. Our exposure to market risks results primarily from changes in interest rates and there have been no material

24

---

changes regarding our market risk position from the information provided under Item 7A, "Quantitative and Qualitative Disclosures about Market Risk" in our Form 10-K, as amended by our Form 10-K/A, for the year ended January 29, 2012.

#### Item 4 – Controls and Procedures

##### Evaluation of Disclosure Controls and Procedures

Our management, with the participation of our chief executive officer and chief financial officer, evaluated the effectiveness of our disclosure controls and procedures pursuant to Rule 13a-15 under the Securities Exchange Act of 1934, as amended (the "Exchange Act") as of the end of the period covered by this Form 10-Q. In designing and evaluating the disclosure controls and procedures, management recognized that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives. In addition, the design of disclosure controls and procedures must reflect the fact that there are resource constraints and that management is required to apply its judgment in evaluating the benefits of possible controls and procedures relative to their costs.

Based on that evaluation, our chief executive officer and chief financial officer concluded that our disclosure controls and procedures are effective to provide reasonable assurance that information we are required to disclose in reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in Securities and Exchange Commission rules and forms, and that such information is accumulated and communicated to our management, including our chief executive officer and chief financial officer, as appropriate, to allow timely decisions regarding required disclosure.

##### Changes in Internal Control over Financial Reporting

There were no changes in our internal control over financial reporting during the most recent fiscal quarter period that may have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Part 2. Other Information

Item 1 – Legal Proceedings

In the ordinary course of our business, we are subject to periodic lawsuits, investigations and claims, including, but not limited to, intellectual property disputes, contractual disputes, premises claims and employment, environmental, health, product liability and safety matters. Although we cannot predict with certainty the ultimate resolution of any lawsuits, investigations and claims asserted against us, we do not believe any currently pending legal proceeding to which we are a party will have a material adverse effect on our business, prospects, financial condition, cash flows or results of operations, except for the proceedings described in the immediately succeeding paragraph, which could have a material adverse effect on us.

We are currently party to two lawsuits that were filed against us and other parties in the state of South Carolina in connection with certain outdoor candle products that were sold at certain of our stores and alleged to have caused personal injury. The lawsuits seek damages from us, as well as from one or more manufacturers and the packager. We believe that we have defenses against these claims and we will vigorously defend ourselves and pursue recovery from insurers and other third parties. We maintain insurance policies (subject to customary deductibles) for our defense costs and any liability resulting from these lawsuits, but one of our umbrella carriers that sits above its primary general liability insurer has reserved its rights as to coverage. The manufacturers of the candle product and the fuel gel used in the candle have each filed for bankruptcy. Because these lawsuits are at an early stage, and because of the uncertain status of the liability of third parties and potential recovery from third parties, we are unable to predict the outcome of these lawsuits or to estimate the amount of damages, if any, that may be awarded. If we are ultimately found liable in these lawsuits and if insurance is not available, liability resulting from these lawsuits could have a material adverse effect on our results of operations for the period or periods in which it is incurred.

On May 25, 2012, we entered into a settlement agreement with Roth I.G.A. Foodliner, Incorporated (“Roth”), pursuant to which Roth abandoned its federal trademark application for “Fresh Market at Roth's” and dismissed without prejudice its counterclaim for cancellation of our registered The Fresh Market trademark and related The Fresh Market and Design mark.

Item 6 – Exhibits

- Exhibit 10.1+ Letter Agreement dated May 4, 2012 between The Fresh Market, Inc. and Burris Logistics, incorporated by reference to Exhibit 10.1 to Form 10-Q filed June 7, 2012.
- Exhibit 31.1 Certification of Chief Executive Officer pursuant to Rule 13a-14(a)/15d-14(a) of the Securities Exchange Act of 1934, as adopted pursuant to Section 302 of the Sarbanes-Oxley Act of 2002
- Exhibit 31.2 Certification of Chief Financial Officer pursuant to Rule 13a-14(a)/15d-14(a) of the Securities Exchange Act of 1934, as adopted pursuant to Section 302 of the Sarbanes-Oxley Act of 2002
- Exhibit 32.1 Certification of Chief Executive Officer pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002
- Exhibit 32.2 Certification of Chief Financial Officer pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002
- Exhibit 101 The following financial information from the Company’s Quarterly Report of Form 10-Q, for the period ended July 29, 2012, formatted in eXtensible Business Reporting Language: (i) Consolidated Balance Sheets, (ii) Consolidated Statements of Comprehensive Income, (iii) Consolidated Statements of Stockholders’ Equity, (iv) Consolidated Statements of Cash Flows, (v) Notes to Consolidated Financial Statements (1)
