Executive Compensation

This Compensation Discussion and Analysis (“CD&A”) and the executive compensation disclosures below are provided for the individuals who were our NEOs for 2017, who we refer to collectively as the “NEOs”²

Name	Title
Ellen M. Cotter	President and Chief Executive Officer
Robert F. Smerling	President, US Cinemas
Dev Ghose	EVP, Chief Financial Officer and Treasurer
Margaret Cotter	EVP-Real Estate Management and Development-NYC
Andrzej J. Matyczynski	EVP-Global Operations

In the first quarter of 2017, our Compensation Committee, following consultation with its independent compensation consultant, Willis Towers Watson, our Chief Executive Officer, and our legal counsel, reviewed the Company’s compensation levels, programs and practices. Willis Towers Watson prepared materials that measured our executive and management compensation against compensation paid by peer group companies based on the 25th, 50th and 75th percentile of such peer group. The 50th percentile was the median compensation paid by such peer group and surveyed companies to executives performing similar responsibilities and duties. The summary included base salary, short term incentive (cash bonus) and long term incentive (equity awards) of the peer and surveyed companies to the base salary, short term incentive and long term incentive provided to our executives and management.

For 2017, our Compensation Committee, generally compared the compensation levels of our NEO’s with the compensation levels of executives at the following entities which we refer to as “our peer group:” Acadia Realty Trust, Cedar Realty Trust Inc., Charter Hall Retail REIT, Global Eagle Entertainment Inc., IMAX Corporation, Kite Realty Group Trust, The Marcus Corporation, National CineMedia, Inc., Pennsylvania Real Estate Investment Trust, Ramco-Gershenson Properties Trust, Red Lion Hotels Corporation, Retail Opportunity Investments Corp., Saul Centers Inc., Urstadt Biddle Properties Inc., and Village Roadshow Ltd. Our Compensation Committee established (i) 2017 annual base salaries at levels that it believed were generally competitive with executives in our peer group as described in the executive pay summary assessment prepared by Willis Towers Watson, except for the base salary of our CEO, which remains below the 25th percentile of our peer group, (ii) short term incentives in the form of discretionary annual cash bonuses based on the achievement of identified goals and benchmarks, and (iii) long-term incentives in the form of employee stock options and restricted stock units (“RSUs”) that are used as a retention tool and as a means to further align an executive’s long-term interests with those of our stockholders, with the ultimate objective of affording our executives an appropriate incentive to help drive increases in stockholder value.

In the future, it is anticipated that our Compensation Committee will continue to evaluate both executive performance and compensation to maintain our ability to attract and retain highly-qualified executives in key positions and to assure that compensation provided to executives remains competitive when compared to the compensation paid to similarly situated executives of companies with whom we compete for executive talent or that we consider comparable to our company.

² While this CD&A is focused on our NEO’s, the same process described for our NEO’s is followed in setting compensation for all our “Executive Officers.”

Role of Chief Executive Officer in Compensation Decisions

At our Compensation Committee's direction, our Chief Executive Officer prepared an executive compensation review for 2017 for each of the NEO's (other than the Chief Executive Officer), which included recommendations for:

- 2017 Base Salary;
- a proposed year-end short-term incentive in the form of a target cash bonus based on the achievement of certain objectives; and
- a long-term incentive in the form of stock options and restricted stock units for the year under review.

Our Compensation Committee performed an annual review of 2017 NEO compensation in the first quarter of 2018, with a presentation by our Chief Executive Officer regarding each element of NEO compensation arrangements. Our Compensation Committee reviewed the performance goals of our NEO's and the extent to which the NEO achieved such goals. Our Compensation Committee, in determining final incentive compensation for services rendered in 2017, also considered, among other things, the recommendations of our Chief Executive Officer, the overall operating results of our Company and the challenges met in achieving those operating results.

As part of the NEO compensation review, our Chief Executive Officer recommended, in certain cases, other changes to an NEO's compensation arrangements such as to effect a change in the executive's responsibilities. Our Compensation Committee evaluated the Chief Executive Officer's recommendations and, in its discretion, accepted or rejected the recommendations, subject to the terms of any written employment agreements.

In the first quarter of 2018, our Compensation Committee met separately and with our Chief Executive Officer to review the performance goals of our various officers and to determine the extent to which the officer achieved such goals. Our Compensation Committee, in determining final incentive compensation for services rendered in 2017, also considered, among other things, the recommendations of our Chief Executive Officer, the overall operating results of our Company and the challenges met in achieving those operating results.

The Compensation Committee noted the following with respect to 2017:

- On March 2, 2017, our Board approved a multi-year strategic plan (the "Three Year Strategy"), which focused on our two business segments: Cinema and Property.
- During 2017, the first year of the Three-Year Strategy, our Management focused on:
- Upgrading our US cinemas to best-in-class standing, with special emphasis on the installation of luxury recliner seating, state-of-the-art presentation through our premium branded auditoriums and the enhancement of our Food and Beverage ("F&B") offer;
- Upgrading our cinemas in Australia ("AU") by installing luxury recliner seating and premium branded auditoriums;
- Expanding a stream of revenue through the further improvement of our online ticketing capabilities;
- Continuing to expand our AU circuit by securing leases for two new theatres (13 screens) in AU, and a Heads of Agreement for two new theatres (12 screens) and the expansion of one existing theater in AU;
- With respect to our Property division, moving forward on our major Value Creation Property Project at 44 Union Square in New York;
- With respect to our Property division, completing a major expansion of our Value Creation Property Project at Newmarket Village in AU and addressing the redevelopment of our Courtenay Central shopping center in light of the earthquake that occurred near Wellington in November 2016;
- With respect to our Property division, moving forward Value Creation Property Projects at RedYard and Belmont in AU;
- Continuing to enhance our internal controls and corporate governance policies and procedures; and

- Continuing to strengthen our relationships with our Australian, New Zealand and US lenders with a view to enhancing our potential to secure additional debt, as well as aggressively perform cash management to reduce borrowing costs.

These efforts were undertaken against certain unanticipated material challenges, including the following:

- the unanticipated challenges posed by the November 2016 earthquake in Wellington, New Zealand (the “Earthquake”), including relocating our Wellington office to temporary space, overseeing the car park demolition and the Q2 2017 re-opening of our cinema and retail center, and aggressively pursuing the payment of Earthquake and business interruption insurance claims.

the material time spent by certain executives and staff in 2017 (i) in preparation for the Cotter, Jr., Derivative Case, which was anticipated to start trial in Nevada on January 8, 2018, but which was continued by the Nevada District Court at the request of Mr. Cotter, Jr. and (ii) dealing with efforts by James J. Cotter, Jr., in the Cotter Trust Litigation to convince the California Superior Court to market and potentially sell a controlling interest in our Company.

These and other factors were considered by our Compensation Committee.

CEO Compensation

For 2017, our Compensation Committee met in executive sessions without our Chief Executive Officer to consider the Chief Executive Officer's compensation, including base salary, cash bonus and equity award, if any. Prior to such executive sessions, our Compensation Committee interviewed our Chief Executive Officer to obtain a better understanding of factors contributing to the Chief Executive Officer's compensation. With the exception of these executive sessions of our Compensation Committee, as a rule, our Chief Executive Officer participated in all deliberations of the Compensation Committee relating to NEO compensation. However, our Compensation Committee also asked our Chief Executive Officer to be excused for certain deliberations with respect to the compensation recommended for Margaret Cotter, the sister of our Chief Executive Officer.

The Base Salary set for our Chief Executive Officer for 2017, or \$463,800, remains substantially below the market base salary median for our peer group. By comparison, the Willis Towers Watson report showed that the 25th, 50th and 75th percentiles in the peer group of CEO base salaries were \$529,000, \$627,000 and \$717,000, respectively. Because Ms. Cotter's potential short term incentive payment was based on a percentage (95%) of her base salary, which was below the 25th percentile of market peers, Ms. Cotter's potential short term incentive payment was also set to be in a lower range than market peers.

2017 Base Salaries

Our Compensation Committee reviewed the executive pay summary prepared by Willis Towers Watson and other factors and engaged in extensive deliberation and then recommended the following 2017 base salaries for the following NEOs.

Name	Title	2017 Base Salary(1)
Ellen Cotter	President and Chief Executive Officer	\$463,800
Dev Ghose	EVP, Chief Financial Officer, and Treasurer	412,000
Robert F. Smerling	President, US Cinemas	393,000
Margaret Cotter	EVP-Real Estate Management and Development-NYC	365,000
Andrzej J. Matyczynski	EVP-Global Operations	348,000

(1) Base salary in 2017 includes car allowances which were previously referenced separately.

2017 Short Term Incentives

The Short Term Incentives authorized by our Compensation Committee provide our NEOs with an opportunity to earn an annual cash bonus based upon the achievement of certain of our Company's financial goals, division goals and individual goals, established by our Chief Executive Officer and approved by our Compensation Committee during the first quarter of 2017. Under our Compensation Committee Charter, the compensation payable to our Chief Executive Officer, Ellen Cotter, and Margaret Cotter must also be approved by our Board. Participants in the short-term incentive plan are advised of his or her annual potential target bonus expressed as a percentage of the

participant's base salary and by dollar amount.

For 2017, the performance goals for our NEOs included (i) a target for a Company-wide Performance Goal Operational Metric based upon Company-wide "Compensation Adjusted EBITDA" (a non-GAAP measure defined below); and (ii) Company-wide Performance Goal Development Metrics, (iii) Division Performance Goal Operational Metrics³, and (iv) Division Performance Goal Development Metrics. In addition, each of our NEOs was provided individually tailored goals based on the NEO's respective areas of responsibility, which goals were approved by our Compensation Committee.

³ Our Chief Executive Officer and Chief Financial Officer did not have "divisional" based goal metrics.

Management and the Compensation Committee use “Earnings before Interest, Taxes, Depreciation and Amortization, or “EBITDA,” a non-GAAP financial measure, for a number of purposes in assessing the performance of the Company. See Item 6 – Selected Financial Data for a discussion and reconciliation of EBITDA. “Compensation Adjusted EBITDA” is one of the two principal Company-wide performance metrics used by the Compensation Committee and for assessing the performance of executives of the Company. Compensation Adjusted EBITDA is not otherwise used by management and is calculated in a manner intended to adjust out of EBITDA those elements not generally within the control of our executives, considering the precision of the annual operating and capital expenditure budgets and the circumstances during the year.

In the first quarter of 2017, our Compensation Committee set the following Company-wide Adjusted EBITDA targets:

- (i) Threshold – \$40,050,000
- (ii) Target – \$44,500,000
- (iii) Maximum – \$49,000,000

The Compensation Adjusted EBITDA approved by our Compensation Committee for determining our Company-wide Performance Goal Operational Metric was determined by our Compensation Committee to be \$43,829,000. It was determined as follows:

	(\$ in thousands)
Net Income (Comparable GAAP financial measure)	30,999
EBITDA (Non GAAP measure, see Item 6 – Selected Financial Data for reconciliation to net income)	\$57,472
Compensation Committee adjustments to EBITDA:	
(i) Adjustment for certain extraordinary legal expenses	3,920
(ii) Elimination of gain on sale of land (Burwood)	(9,360)
(iii) Elimination of gain on insurance recoveries (Courtenay Central, NZ)	(9,217)
(iv) Adjustment for 2017 estimated impact of screen closures	1,144
(v) Elimination of unbudgeted impairment charges or gains	—
(vi) Elimination of 2017 deferred compensation	978
(vii) Elimination of exchange rate adjustments	(1,108)
(viii) Box office/attendance industry adjustments to account for industry	—
(ix) Compensation Adjusted EBITDA	43,829

For each of our NEO’s Company-wide, division-wide and individual objectives were approved, together with the respective weighting of each element. Our Compensation Committee concluded that 92.46% of the Company-wide Performance Goal Operational Metric had been met and that 67.5% of the Company-wide Performance Goal Development Metric had been met.

The following table shows which portion of each NEO’s potential bonus was dependent on which respective goal or objective:

NEO	Company-Wide Goals	Division Goals	Individual Objectives
Ellen Cotter	50%	n/a	50%
Robert F. Smerling	25%	45%	30%
Dev Ghose	50%	n/a	50%
Margaret Cotter	40%	30%	30%

Andrzej J. Matyczynski 20%

50%

30%

Ellen M. Cotter is our President and Chief Executive Officer. Her target bonus opportunity was 95% of Base Salary. In addition to the Company-wide goals, our Compensation Committee concluded that 90% of her Annual Performance Goals had been met. Her individual Annual Performance Goals included developing a stronger human resources function; achieving substantial progress on future value creation opportunities; achieving certain goals for the Cinemas 1,2,3 Project; achieving certain investor relations objectives, succession planning and construction management enhancements. Further, our Compensation Committee considered other subjective factors including her roles on behalf of the Company with respect to the Cotter, Jr. Derivative Litigation, and the Courtenay Central, NZ Earthquake. Based on our Compensation Committee's review, Ms. Cotter was awarded a bonus of \$374,474, which was also approved by our Board.

Robert Smerling is President of US Cinemas. His target bonus opportunity was 30% of Base Salary. In addition to the Company-wide goals, our Compensation Committee concluded that certain of his Division Goals and certain of his Annual Performance Goals had been met. His divisional and individual goals related to achieving certain milestones in our US cinema circuit (i) capex program, (ii) operational strategies and (iii) lease negotiations with respect to certain cinema locations. Based on our Compensation Committee's review, Mr. Smerling was awarded a bonus of \$70,439.

Dev Ghose is our EVP, Chief Financial Officer, and Treasurer. His target bonus opportunity was 50% of Base Salary. In addition to the Company-wide goals, our Compensation Committee concluded that certain of his Annual Performance Goals had been met. His individual Annual Performance Goals included extending the duration of or obtaining new long-term borrowings; executing the 2017 tax strategy and audit; the review of controllable costs across global operations; completion of certain information technology goals; work on the material insurance claim from the Courtenay Central Earthquake; and execute and improve the investor relations program. Based on our Compensation Committee’s review, Mr. Ghose was awarded a bonus of \$154,479.

In addition to the Company-wide goals, our Compensation Committee concluded that certain of his Division Goals and certain of his Annual Performance Goals had been met. His individual goals related to his areas of responsibility, including investor relations and certain corporate growth and cinema division goals. Based on our Compensation Committee’s review, Mr. Matyczynski was awarded a bonus of \$86,993.

In addition to the Company-wide goals and her division goals, she had certain individual goals related to her areas of responsibility, including certain New York City real estate and live theater matters. Based on our Compensation Committee’s review, Ms. Cotter was awarded a bonus of \$81,569. Ms. Cotter’s bonus was also approved by our Board.

Long-Term Incentives

Long-Term incentives utilize the equity-based plan under our 2010 Incentive Stock Plan, as amended (the “2010 Plan”). For 2017, executive and management team participants received awards in the following forms: 50% time-based restricted stock units and 50% non-statutory stock options. The grants of restricted stock units and options will vest ratably over a four (4) year period with 1/4th vesting on each anniversary date of the grant date.

The following grants were made for 2017 on March 23, 2017:

2017

Name	Title	Dollar Amount of Restricted Stock Units	Dollar Amount of Non-Statutory Stock Options (1)
Ellen M. Cotter	President and Chief Executive Officer	\$180,000	\$180,000
Devasis Ghose (2)	EVP, Chief Financial Officer and Treasurer	0	0
Robert F. Smerling	President, US Cinemas	60,000	60,000
Andrzej J. Matyczynski	EVP-Global Operations	45,000	45,000
Margaret Cotter	EVP-Real Estate Management and Development-NYC	60,000	60,000

- (1) The number of shares of stock to be issued will be calculated using the Black Scholes pricing model as of the date of grant of the award.
- (2) Mr. Dev Ghose was awarded 100,000 non-statutory stock options vesting over a 4-year period commencing on Mr. Ghose’s first day of employment on May 11, 2015.

All long-term incentive awards are subject to other terms and conditions set forth in the 2010 Stock Incentive Plan and award grant. In addition, individual grants include certain accelerated vesting provisions. In the case of employees,

the accelerated vesting will be triggered upon (i) the award recipient's death or disability, (ii) certain corporate transactions in which the awards are not replaced with substantially equivalent awards, or (iii) upon termination without cause or resignation for "good reason" within twenty-four months of a change of control, or a corporate transaction where equivalent awards have been substituted. In the case of awards to non-executive directors, the accelerated vesting will be triggered upon a change of control or certain corporate transactions in which awards are not replaced with substantially equivalent awards.

Our Compensation Committee has generally discussed, but has not yet seriously evaluated, future consideration of adding a performance condition to the long-term incentive awards.

Other Elements of Compensation

Retirement Plans

We maintain a 401(k) retirement savings plan that allows eligible employees to defer a portion of their compensation, within limits prescribed by the Internal Revenue Code, on a pre-tax basis through contributions to the plan. Our NEOs are eligible to participate in the 401(k) plan on the same terms as other full-time employees generally. Currently, we match contributions made by participants in the 401(k) plan up to a specified percentage, and these matching contributions are fully vested as of the date on which the contribution is made. We believe that providing a vehicle for tax-deferred retirement savings through our 401(k) plan, and making fully vested matching contributions, adds to the overall desirability of our executive compensation package and further incentivizes our employees, including our NEOs, in accordance with our compensation policies.

Other Retirement Plans

During 2012, Mr. Matyczynski was granted an unfunded, nonqualified deferred compensation plan (“DCP”) that was partially vested and was to vest further so long as he remained in our continuous employ. The DCP allowed Mr. Matyczynski to defer part of the cash portion of his compensation, subject to annual limits set forth in the DCP. The funds held pursuant to the DCP are not segregated and do not accrue interest or other earnings. If Mr. Matyczynski were to be terminated for cause, then the total vested amount would be reduced to zero. The incremental amount vested each year was made subject to review and approval by our Board. Please see the “Nonqualified Deferred Compensation” table for additional information. In addition, Mr. Matyczynski is entitled to a lump-sum severance payment of \$50,000, provided there has been no termination for cause and subject to certain offsets, upon his retirement.

Upon the termination of Mr. Matyczynski’s employment, he will also be entitled under the DCP agreement to payment of the vested benefits under his DCP in annual installments following the later of (a) 30 days following Mr. Matyczynski’s 65th birthday or (b) six months after his separation from service for reasons other than his death or termination for cause. The DCP was to vest over 7 years and with full vesting to occur in 2019 at \$1,000,000 in deferred compensation. However, in connection with his changed employment to EVP - Global Operations, the Company and Mr. Matyczynski agreed that the Company would cease making contributions to the DCP on April 15, 2016 and that the final contributions by the Company to the DCP would be \$150,000 for 2015, and \$21,875 for 2016, satisfying the Company’s total contribution obligations under the DCP at an amount of \$621,875.

The DCP is an unfunded contractual obligation of the Company. DCP benefits are paid from the general assets of the Company. However, the Company reserves the right to establish a grantor trust from which DCP benefits may be paid.

In March 2016, the Compensation Committee approved a one-time retirement benefit for Robert Smerling, President, US Cinemas, due to his significant long term service to the Company. The retirement benefit is a single year benefit in an amount equal to the average of the two highest total cash compensation (base salary plus cash bonus) years paid to Mr. Smerling in the then most recently completed five year period.

We currently maintain no other retirement plan for our NEOs.

Key Person Insurance

We maintain life insurance on certain individuals who we believe to be key to our management, including certain NEOs. If such individual ceases to be our employee or independent contractor, as the case may be, she or he is permitted, by assuming responsibility for all future premium payments, to replace our Company as the beneficiary under such policy. These policies allow each such individual to purchase up to an equal amount of insurance for such individual’s own benefit. In the case of our employees, the premium for both the insurance as to which we are the beneficiary and the insurance as to which our employee is the beneficiary, is paid by us. In the case of NEOs, the premium paid by us for the benefit of such individual is reflected in the Compensation Table in the column captioned “All Other Compensation.”

Employee Benefits and Perquisites

Our NEOs are eligible to participate in our health and welfare plans to the same extent as all full-time employees generally. We do not generally provide our NEOs with perquisites or other personal benefits. Historically, certain of our other NEOs also received an automobile allowance.

Tax and Accounting Considerations

Deductibility of Executive Compensation

Subject to an exception for “performance-based compensation,” Section 162(m) of the Internal Revenue Code generally prohibits publicly held corporations from deducting for federal income tax purposes annual compensation paid to any senior executive officer to the extent that such annual compensation exceeds \$1.0 million. Our Compensation Committee and our Board consider the limits on deductibility under Section 162(m) in establishing executive compensation, but retain the discretion to authorize the payment of compensation that exceeds the limit on deductibility under this Section.

Nonqualified Deferred Compensation

We believe we are operating, where applicable, in compliance with the tax rules applicable to nonqualified deferred compensation arrangements.

Say on Pay

At our Annual Meeting of Stockholders held on November 7, 2017, we held an advisory vote on executive compensation. Our stockholders voted in favor of our Company's executive compensation, as well as in favor to change the "say on pay" vote to an annual vote. The Compensation Committee reviewed the results of the advisory vote on executive compensation in 2017 and did not make any changes to our compensation based on the results of the vote. Our next advisory vote of our stockholders on executive compensation will be at our 2018 Annual Meeting of Stockholders.

Policy on Stock Ownership

At its meeting held on March 23, 2017, our Board determined that, as a matter of policy, directors should hold shares of the Company's common stock having a fair market value equal to not less than three times (3X) their annual cash retainer, that the chief executive officer should hold shares of the Company's common stock having a fair market value equal to not less than six times (6X) her base salary, and that all other executive officers (as defined in the Compensation Committee Charter) should hold shares of the Company's common stock having a fair market value equal to not less than one times (1X) their respective base salaries. In each case, fair market value would be determined by reference to the trading price of such securities on the NASDAQ, as measured at the end of each calendar year. The Board further determined that for purposes of determining requisite stock ownership, there should be included all shares owned of record or beneficially, all vested and unvested stock options and all vested and unvested restricted stock units held by such individual and that the individuals covered by the policy should have a period of five years in which to achieve such levels of ownership.

This section discusses the material components of the compensation program for our executive officers named in the Summary Compensation Table below.

2010 Equity Incentive Plan

On May 13, 2010, our stockholders approved the 2010 Stock Incentive Plan at the annual meeting of stockholders in accordance with the recommendation of our Board. The Plan provides for awards of stock options, restricted stock, bonus stock, and stock appreciation rights to eligible employees, Directors, and consultants. On March 10, 2016, our Board approved a First Amendment to the Plan to permit the award of restricted stock units. On March 2, 2017 and on April 26, 2017, our Board approved a further amendment to the Plan (the Second Amendment to the Plan) (i) to allow net exercises of stock options to be made at the Participant’s election; (ii) to incorporate the substance of the resolutions of the Compensation Committee on May 16, 2013 authorizing certain cashless transactions and automatic exercise of expiring in the money options; (iii) to broaden the permissible tax withholding by surrender of shares and (iv) to change the definition of Fair Market Value for purposes of the calculation of share value for purposes of net exercises and cashless exercises from the closing price to the average of the price of the highest sale price and the lowest sale price on the applicable measured day. On November 7, 2017, our stockholders approved an amendment to increase the number of shares issuable under the Plan by 947,460 shares. The Plan, as amended, permits issuance of a maximum of 2,197,460 shares of which, 932,300 has been used to date. The Plan expires automatically on March 11, 2020.

Equity awards under our Plan are intended by us to attract and retain qualified management, directors and consultants, to bind the interests of eligible recipients more closely to our own interests by offering them opportunities to acquire our common stock and/or cash and to afford eligible recipients stock-based compensation opportunities that are competitive with those afforded by similar businesses. Equity awards may include stock options, restricted stock, restricted stock units, bonus stock, or stock appreciation rights.

If awarded, it is generally our policy to value stock options and restricted stock at the average of the high and low sales price of our common stock as reported on the NASDAQ Stock Market on the date the award is approved or on the date of hire, if the stock is granted as a recruitment incentive. When stock is granted as bonus compensation for a particular transaction, the award may be based on the market price on a date calculated from the closing date of the relevant transaction. Awards may also be subject to vesting and limitations on voting or other rights.

Potential Payments upon Termination of Employment or Change in Control

The following paragraphs provide information regarding potential payments to each of our NEOs in connection with certain termination events, including a termination related to a change of control of the Company, as of December 31, 2017:

Mr. Dev Ghose – Separation Payment Benefit. Mr. Ghose's employment contract with our Company expires on May 10, 2018. It is currently anticipated that Mr. Ghose will continue with our Company as an employee under terms currently being negotiated. Mr. Ghose will have upon the expiration of his existing employment contract, a vested right to receive a payment of twelve months salary and benefits (determined as of May 10, 2018) upon termination or non-renewal of his employment agreement.

Mr. Andrzej J. Matyczynski – Deferred Compensation Benefits. During 2012, Mr. Matyczynski was granted an unfunded, nonqualified DCP that was partially vested and was to vest further so long as he remained in our continuous employ. If Mr. Matyczynski were to be terminated for cause, then the total vested amount would be reduced to

zero. The incremental amount vested each year was made subject to review and approval by our Board. Please see the “Nonqualified Deferred Compensation” table for additional information.

Upon the termination of Mr. Matyczynski’s employment, he will be entitled under the DCP agreement to payment of the vested benefits under his DCP in annual installments following the later of (a) 30 days following Mr. Matyczynski’s 65th birthday or (b) six months after his separation from service for reasons other than his death or termination for cause. The DCP was to vest over 7 years and with full vesting to occur in 2019 at \$1,000,000 in deferred compensation. However, in connection with his employment as EVP Global Operations, the Company and Mr. Matyczynski agreed that the Company would cease making contributions to the DCP on April 15, 2016 and that the final contributions by the Company to the DCP would be \$150,000 for 2015 and \$21,875 for 2016, satisfying the Company’s obligations under the DCP. Mr. Matyczynski’s agreement contains nonsolicitation provisions that extend for one year after his retirement.

Under Mr. Matyczynski's agreement, on his retirement date and provided there has not been a termination for cause, Mr. Matyczynski will be entitled to a lump sum severance payment in an amount equal to \$50,000, less certain offsets.

Robert F. Smerling – Retirement Benefit. In March 2016, the Compensation Committee approved a one-time retirement benefit for Robert Smerling, President, Cinema Operations, due to his significant long-term service to the Company. The retirement benefit is a single year payment based on the average of the two highest total cash compensation (base salary plus cash bonus) years paid to Mr. Smerling in the then most recently completed five year period.

Option and RSU Grants. All long-term incentive awards are subject to other terms and conditions set forth in the 2010 Plan and award grant. In addition, individual grants include certain accelerated vesting provisions. In the case of employees, the accelerated vesting will be triggered upon (i) the award recipient's death or disability, (ii) certain corporate transactions in which the awards are not replaced with substantially equivalent awards, or (iii) upon termination without cause or resignation for "good reason" within twenty-four months of a change of control, or a corporate transaction where equivalent awards have been substituted. RSUs issued to our Directors provide for acceleration immediately upon a change of control.

No other NEOs currently have employment agreements or other arrangements providing benefits upon termination or a change of control. The table below shows the maximum benefits that would be payable to each person listed above in the event of such person's termination without cause or termination in connection with a change in control, if such events occurred on December 31, 2017, assuming the transaction took place on December 31, 2017 at price equal to the closing price of the Class A stock, which was of \$16.70.

Accelerated vesting is triggered upon (i) the award recipient's death or disability, (ii) certain corporate transactions in which the awards are not replaced with substantially equivalent awards, or (iii) upon termination without cause or resignation for "good reason" within twenty-four months of a change of control, or a corporate transaction where equivalent awards have been substituted.

(2) Represents vested benefit under his DCP and the payment will be made in accordance with the terms of the DCP. For a discussion regarding the Mr. Matyczynski's DCP, see "Compensation Discussion and Analysis – Other Elements of Compensation – Other Retirement Plans."

(3) Mr. Smerling's one-time retirement benefit is a single year payment based on the average of the two highest total cash compensation (base salary plus cash bonus) years paid to Mr. Smerling in the most recently completed

five-year period. The figure quoted in the table represents the average of total compensation paid for years 2017 and 2016.

Employment Agreements

As of December 31, 2017, our NEOs had the following employment agreements in place.

Dev Ghose. On April 20, 2015, we entered into an employment agreement with Mr. Dev Ghose, pursuant to which he agreed to serve as our Chief Financial Officer for one-year terms, renewable annually, commencing on May 11, 2015. The employment agreement provides that Mr. Ghose is to receive an annual base salary of \$412,000, with an annual target bonus of \$206,000, and employee benefits in line with those received by our other senior executives. Mr. Ghose was also granted stock options to purchase 100,000 shares of Class A Stock at an exercise price equal to the closing price of our Class A Stock on the date of grant and which will vest in equal annual increments over a four-year period, subject to his remaining in our continuous employ through each annual vesting date.

Under his employment agreement, we may terminate Mr. Ghose's employment with or without cause (as defined) at any time. If we terminate his employment without cause or fail to renew his employment agreement upon expiration without cause, Mr. Ghose will be entitled to receive severance in an amount equal to the salary and benefits he was receiving for a period of 12 months following such termination or non-renewal. If the termination is in connection with a "change of control" (as defined), Mr. Ghose would be entitled to severance in an amount equal to the compensation he would have received for a period two years from such termination.

Mr. Ghose's employment contract with our Company expires on May 10, 2018. It is currently anticipated that Mr. Ghose will continue with our Company as an employee under terms currently being negotiated. Mr. Ghose will have upon the expiration of his existing employment contract, a vested right to receive a payment of twelve months salary and benefits (determined as of May 10, 2018) upon termination or non-renewal of is employment agreement.

Andrzej J. Matyczynski. Mr. Matyczynski, our former Chief Financial Officer, Treasurer and Corporate Secretary, has a written agreement with our Company that provides for a lump-sum severance payment of \$50,000, provided there has been no termination for cause and subject to certain offsets, and to the payment of his vested benefit under his deferred compensation plan discussed below in the section entitled “Other Elements of Compensation.” Mr. Matyczynski resigned as our Corporate Secretary on October 20, 2014 and as our Chief Financial Officer and Treasurer effective May 11, 2015, but continued as an employee in order to assist in the transition of our new Chief Financial Officer. He was appointed EVP-Global Operations in March 2016.

Compensation Committee Interlocks and Insider Participation

Our Compensation Committee is currently composed of Mr. Kane, who serves as Chair, Dr. Coddling and Mr. Wrotniak. Mr. McEachern served on our Compensation Committee until November 2017. None of the members of the Compensation Committee was an officer or employee of the Company at any time during 2017. Chief Executive Pay Ratio

As of December 31, 2017, we employed approximately 2,500 persons, with more than 85% of such persons being seasonal, part-time employees. Generally, we have experienced comparatively higher turnover rates with our seasonal, part-time employees, as compared to our full-time employees. Accordingly, the median total compensation we estimate below, as well as the resulting ratio of Ms. Ellen Cotter's compensation to such estimated median total compensation is reflective of both the seasonal, part-time nature of the majority of our employees, as well as the fact that we experience a high turnover rate with such employees each fiscal year.

Ms. Ellen Cotter's, our President and Chief Executive Officer, for the fiscal year 2017 received total compensation of \$1,210,334. We estimate that the median W-2 (or equivalent) for all Company employees, excluding our Chief Executive Officer, was \$7,465 as of December 31, 2017. As a result, Ms. Ellen Cotter's fiscal 2017 total compensation was approximately 162 times greater than that of the median total compensation for all of our employees.

We identified the median employee by examining the 2017 W-2 (or equivalent) for all individuals, excluding our Chief Executive Officer, who were employed by us on December 31, 2017, the last day of our payroll year (whether employed on a full-time, part-time, or seasonal basis). For such employees, we did not make any assumptions, adjustments, or estimates with respect to total compensation, and we did not annualize the compensation for any employees that were not employed by us for all of 2017. For employees based and paid overseas, we converted their earnings to US dollars using the average exchange rates between local currency and US dollars. After identifying the median employee, we calculated the above total compensation for such employee using the same methodology we use for our NEO's as set forth in the Summary Compensation Table.

Item 13 – Certain Relationships and Related Transactions, and Director Independence

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

The members of our Audit Committee are Douglas McEachern, who serves as Chair, Edward Kane and Michael Wrotniak. Management presents all potential related party transactions to the Audit Committee for review. Our Audit Committee reviews whether a given related party transaction is beneficial to our Company, and approves or bars the transaction after a thorough analysis. Only Committee members disinterested in the transaction in question participate in the determination of whether the transaction may proceed. See the discussion entitled “Review, Approval or Ratification of Transactions with Related Persons” for additional information regarding the review process.

Sutton Hill Capital

In 2001, we entered into a transaction with Sutton Hill Capital, LLC (“SHC”) regarding the master leasing, with an option to purchase, of certain cinemas located in Manhattan including our Village East and Cinemas 1, 2, 3 theaters. In connection with that transaction, we also agreed (i) to lend certain amounts to SHC, to provide liquidity in its investment, pending our determination whether or not to exercise our option to purchase and (ii) to manage the 86th Street Cinema on a fee basis. SHC is a limited liability company owned in equal shares by the Cotter Estate or the Cotter Living Trust and a third party.

As previously reported, over the years, two of the cinemas subject to the master leasing agreement have been redeveloped and one (the Cinemas 1, 2, 3 discussed below) has been acquired. The Village East is the only cinema that remains subject to this master lease. We paid an annual rent of \$590,000 for this cinema to SHC in each of 2017, 2016 and 2015. During this same period, we received management fees from the 86th Street Cinema of \$141,000, \$150,000 and \$151,000, respectively.

In 2005, we acquired (i) from a third party the fee interest underlying the Cinemas 1, 2, 3 and (ii) from SHC its interest in the ground lease estate underlying and the improvements constituting the Cinemas 1, 2, 3. The ground lease estate and the improvements acquired from SHC were originally a part of the master lease transaction, discussed above. In connection with that transaction, we granted to SHC an option to acquire at cost a 25% interest in the special purpose entity (Sutton Hill Properties, LLC (“SHP”) formed to acquire these fee, leasehold and improvements interests. On June 28, 2007, SHC exercised this option, paying \$3.0 million and assuming a proportionate share of SHP’s liabilities. At the time of the option exercise and the closing of the acquisition of the 25% interest, SHP had debt of \$26.9 million, including a \$2.9 million, non-interest bearing intercompany loan from the Company. As of December 31, 2015, SHP had debt of \$19.4 million (again, including the intercompany loan). Since the acquisition by SHC of its 25% interest, SHP has covered its operating costs and debt service through cash flow from the Cinemas 1, 2, 3, (ii) borrowings from third parties, and (iii) pro-rata contributions from the members.

On June 29, 2010, we agreed to extend our existing lease from SHC of the Village East Cinema by 10 years, with a new termination date of June 30, 2020. This amendment was reviewed and approved by our Audit Committee. The Village East lease includes a sub-lease of the ground underlying the cinema that is subject to a longer-term ground lease between SHC and an unrelated third party that expires in June 2031 (the “cinema ground lease”). The extended lease provides for a call option pursuant to which Reading may purchase the cinema ground lease for \$5.9 million at the end of the lease term. Additionally, the lease has a put option pursuant to which SHC may require Reading to purchase all or a portion of SHC’s interest in the existing cinema lease and the cinema ground lease at any time between July 1, 2013 and December 4, 2019. SHC’s put option may be exercised on one or more occasions in increments of not less than \$100,000 each. We recorded the Village East Cinema building as a property asset of \$4.7 million on our balance sheet based on the cost carry-over basis from an entity under common control with a corresponding capital lease liability of \$5.9 million presented under other liabilities (see our disclosure in our Annual

Report on Form 10-K filed on March 16, 2018, under Part II – Item 8 (Financial Statements and Supplementary Data) Note 11 – Pension and Other Liabilities).

In February 2015, we entered into an amendment of our management agreement with SHP with respect to the Cinemas 1, 2, 3, increasing our historic management fee (5% of gross income) to include a return on \$750,000 (the “Renovation Funding Amount”) used principally to purchase and install certain furniture, fixtures and equipment at the Cinemas 1, 2, 3. Under the amendment our management fee was increased to include an amount equivalent to 100% of any incremental positive cash flow over the average annual positive cash flow over the three-year period ended December 31, 2014 (not to exceed a cumulative aggregate amount equal to the Renovation Funding Amount) plus a 15% annual cash-on-cash return on the balance outstanding from time to time of the Renovation Funding Amount. We retain ownership of the furniture, fixtures and equipment and have the right but not the obligation to remove such furniture, fixtures and equipment (at our own cost and expense) upon the termination of the management agreement.

Our management fees for 2017, 2016 and 2015 were \$158,000, \$177,000 and \$153,000.

On August 31, 2016, SHP secured a new three-year mortgage loan (\$20.0 million) with Valley National Bank, the proceeds of which were used to repay the mortgage on the property with the Bank of Santander (\$15.0 million), to repay our Company for its \$2.9 million loan to SHP, and for working capital purposes.

OBI Management Agreement

Pursuant to a Theater Management Agreement (the “Management Agreement”), our live theater operations were, until 2016, managed by Off-Broadway Investments, LLC (“OBI Management”), which is wholly owned by Ms. Margaret Cotter who is the daughter of the late Mr. James J. Cotter, Sr., the sister of Ellen Cotter and James Cotter, Jr., and a member of our Board of Directors. That Management Agreement was terminated effective March 10, 2016 in connection with the retention by our Company of Margaret Cotter as a full time employee.

The Theater Management Agreement generally provided for the payment of a combination of fixed and incentive fees for the management of our four live theaters. Historically, these fees have equated to approximately 21% of the net cash flow generated by these properties. The fees to be paid to OBI for 2016 and 2015 were \$79,000 and \$589,000, respectively. We also reimbursed OBI for certain travel expenses, shared the cost of an administrative assistant and provided office space at our New York offices. The increase in the payment to OBI for 2015 was attributable to work done by Margaret Cotter, working through OBI, with respect to the development of our Union Square and Cinemas 1, 2, 3 properties.

OBI Management historically conducted its operations from our office facilities on a rent-free basis, and we shared the cost of one administrative employee of OBI Management. We reimbursed travel related expenses for OBI Management personnel with respect to travel between New York City and Chicago in connection with the management of the Royal George complex. Other than these expenses, OBI Management was responsible for all of its costs and expenses related to the performance of its management functions. The Management Agreement renewed automatically each year unless either party gives at least six months’ prior notice of its determination to allow the Management Agreement to expire. In addition, we could terminate the Management Agreement at any time for cause.

Effective March 10, 2016, Margaret Cotter became a full time employee of the Company and the Management Agreement was terminated. As Executive Vice-President Real Estate Management and Development - NYC, Ms. Cotter continues to be responsible for the management of our live theater assets, continues her role heading up the pre-redevelopment of our New York properties and is our senior executive responsible for the redevelopment of our New York properties. Pursuant to the termination agreement, Ms. Cotter gave up any right she might otherwise have, through OBI, to income from STOMP.

Ms. Cotter's compensation as Executive Vice-President was recommended by the Compensation Committee as part of an extensive review of our Company’s overall executive compensation and approved by the Board. For 2016, Ms. Cotter's base salary was \$350,000 (\$285,343 being paid in 2016, reflecting her March 10, 2016 start date), and bonus was \$95,000, she was granted a long term incentive of a stock option for 19,921 shares of Class A common stock and 4,184 restricted stock units under the Company's 2010 Stock Incentive Plan, as amended, which long term incentives vest over a four year period.

Live Theater Play Investment

From time to time, our officers and Directors may invest in plays that lease our live theaters. The play STOMP has been playing in our Orpheum Theatre since prior to the time we acquired the theater in 2001. The Cotter Estate and Mr. Michael Forman own an approximately 5% interest in that play, an interest that they have held since prior to our acquisition of the theater. Refer to our Annual Report on Form 10-K filed on March 16, 2018, Item 3 – Legal Proceedings for more information about the show STOMP.

Shadow View Land and Farming, LLC

During 2012, Mr. Cotter, Sr., our former Chair, Chief Executive Officer and controlling stockholder, contributed \$2.5 million of cash and \$255,000 of his 2011 bonus as his 50% share of the purchase price of an approximately 202 acre parcel of undeveloped land in Coachella, California and to cover his 50% share of certain costs associated with that acquisition. This land is held in Shadow View Land and Farming, LLC ("Shadow View"), which is owned 50% by our Company, and which is accounted for as a consolidated subsidiary of our Company. The other 50% interest in Shadow View is owned by the the Cotter Estate. We are the managing member of Shadow View, with oversight provided by our Audit and Conflicts Committee. These services are provided without compensation.

As managing member we have from time to time made capital contributions to Shadow View and have funded on an interim basis certain operating and other costs. Our capital contributions have been matched by the Cotter Estate, and the Cotter Estate has, upon billing, paid its 50% share of all such interim costs.

We are advised that Director Guy Adams historically has performed certain consulting services for Mr. Cotter, Sr., with respect to Mr. Cotter's investment in Shadow View, for which he received a 5% carried interest in any profits realized by the Cotter Estate calculated after recovery of the Cotter Estate's investment in Shadow View plus a 100% return thereon. To date, no profits have been realized by Shadow View and, we are advised, no consulting fees have been paid by the Cotter Estate with respect to Mr. Adam's historic consulting services.

Review, Approval or Ratification of Transactions with Related Persons

The Audit Committee has adopted a written charter, which includes responsibility for approval of “Related Party Transactions.” Under its charter, the Audit Committee performs the functions of the “Conflicts Committee” of the Board and is delegated responsibility and authority by the Board to review, consider and negotiate, and to approve or disapprove on behalf of the Company the terms and conditions of any and all Related Party Transactions (defined below) with the same effect as though such actions had been taken by the full Board. Any such matter requires no further action by the Board in order to be binding upon the Company, except in the case of matters that, under applicable Nevada law, cannot be delegated to a committee of the Board and must be determined by the full Board. In those cases where the authority of the Board cannot be delegated, the Audit Committee nevertheless provides its recommendation to the full Board.

As used in the Audit Committee’s Charter, the term “Related Party Transaction” means any transaction or arrangement between the Company on one hand, and on the other hand (i) any one or more directors, executive officers or stockholders holding more than 10% of the voting power of the Company (or any spouse, parent, sibling or heir of any such individual), or (ii) any one or more entities under common control with any one of such persons, or (iii) any entity in which one or more such persons holds more than a 10% interest. Related Party Transactions do not include matters related to employment or employee compensation related issues.

The charter provides that the Audit Committee reviews transactions subject to the policy and determines whether or not to approve or ratify those transactions. In doing so, the Audit Committee takes into account, among other factors it deems appropriate:

- the approximate dollar value of the amount involved in the transaction and whether the transaction is material to us;
 - whether the terms are fair to us, have resulted from arm’s length negotiations and are on terms at least as favorable as would apply if the transaction did not involve a Related Person;
- the purpose of, and the potential benefits to us of, the transaction;
- whether the transaction was undertaken in our ordinary course of business;
- the Related Person’s interest in the transaction, including the approximate dollar value of the amount of the Related Person’s interest in the transaction without regard to the amount of any profit or loss;
- required public disclosure, if any; and
- any other information regarding the transaction or the Related Person in the context of the proposed transaction that would be material to investors in light of the circumstances of the particular transaction.

Director Independence

Our Company common stock is traded on NASDAQ, and we comply with applicable listing rules of the NASDAQ Stock Market (the “NASDAQ Listing Rules”). In determining who is an “independent director”, we follow the definition in section 5605(a)(2) of the NASDAQ Listing Rules.

Under such rules, our Board has determined that the following directors are independent: Guy Adams, Dr. Judy Coddington, William Gould, Edward Kane, Douglas McEachern and Michael Wrotniak.

We are not aware of any applicable transactions, relationships or arrangements not disclosed above that were considered by our Board of Directors under the applicable independence definitions in determining that any of our directors is independent.

Because we are a “controlled company” under NASDAQ rules, we are not required to and do not maintain a standing Nominating Committee.

Under the independent director definition under section 5605(a)(2) of the NASDAQ Listing Rules, we do not currently consider the following directors to be independent: Ellen Cotter, Margaret Cotter and James Cotter, Jr.
